

# Not Rejected Just Unwanted

## Chapter 22

### Epilogue

After two years since I took over the role of Luna and Jonathon and I couldn't be happier. Rose was able to convince her mate to give her a second chance and moved to his pack to start over, Elijah met a wonderful girl from our pack and they've been dating for 8 months, but she has yet to meet her mate and Elijah hasn't been able to give his heart to her completely. Dad still poured his life into his work to avoid being home for as long as he can.

I was standing in front of the window in the room I now share with Jonathon watching the little pups playing in the pack houses backyard. I couldn't help but feel guilty over the fact that I can't give Jonathon pups, and I wanted nothing more than to be able to start a family with him like any other couple. I was so lost in thought that I didn't hear Jonathon coming in until he wrapped his arms around my waist and rested his head on my shoulder.

"Penny for your thoughts?" he asked.

"Just wishing there was a way to give you a family." I said letting out a sad sigh.

"About that, I have some news for you."

I turned around to face him, with curiosity written all over my face.

"I spoke with the pack elders along with all the surrounding packs..." he stared before trailing off.

"And...?"

"And I found some pups available for us to adopt." he finished.

The feeling of hope washed over me "Really?!" I asked unable to keep a smile from forming.

"Really. But only if you want to."

"Yes, yes, yes, yes!" I said before jumping into his arms.

After that we went to our neighboring pack and met the pups we could adopt, they were six year old twins, a boy named Lucas, and a girl named Lily. We loved them instantly and brought them home that day. The pack welcomed them with open arms and even though Jonathon had told me over and over again that he was fine with not having kids I knew he wanted a family and now that we had Lucas and Lily, his dream of being a loving father had come true.

Over the years Lucas and Lily grew to be wonderful leaders and Jonathan and I both knew that when the time comes for us to step down the pack will be in great hands. I only wish that whoever their mates may be, will love and accept them like Jonathon did me. And even though Jonathon wasn't my mate and I wasn't his I can't deny the feeling that we were meant to be together, and I don't plan on letting anything take him and our children away from me.
