Chapter 1121 – Liu Qinyin’s Decision

“You killed my master!” Liu Qinyin was in a daze as her eyes became watery, and she was filled with sadness and helplessness.

As far back as she could remember, she had always been with her master. To her, her master was her only family; Sacred King Samsara was like a father to her. Although the Emperor of Death said that Sacred King Samsara sent him to kill her, Liu Qinyin didn’t believe it. She didn’t understand why her master would do that.

“He wanted to kill both you and me, so I had to kill him!” Zhao Feng didn’t know where to start, so he just gave a simple explanation.

Liu Qinyin stood in a daze and didn’t speak. Hearing Zhao Feng say that Sacred King Samsara wanted to kill her somehow made her want to believe. She hoped that the male in front of her wasn’t lying to her. However, if this was real, that meant she didn’t have any family in this world anymore. Sadness and helplessness washed over her heart.

“All of this is real. I won’t lie to you ever again!” Zhao Feng said. He thought that Liu Qinyin didn’t believe him. No normal person would believe him if they were in this situation.

“You lied to me in the past?” Liu Qinyin looked at Zhao Feng with slight resentment.

Zhao Feng stood there and looked at Liu Qinyin. At this moment, Liu Qinyin’s image combined with the image of Liu Qinxin in Zhao Feng’s memories. The two were extremely similar, whether it be their appearance, aura, or the emotion in their eyes.

At this instant, Zhao Feng’s heart was deeply touched.

“I lied to you in your previous life!” Zhao Feng said decisively. It didn’t matter whether or not Liu Qinyin believed him, he would respond with the truth. Zhao Feng didn’t want to and wouldn’t lie to her.

Zhao Feng could feel how shitty Liu Qinyin’s current life was, and he could almost feel what she was feeling right now. Zhao Feng’s heart hurt. He wanted to heal Liu Qinyin’s heart and protect her. It didn’t matter whether or not she remembered what had happened, he just didn’t want Liu Qinyin to be injured.

“Previous life?” Liu Qinyin’s body shook.

“This is your next life. At that time, you were called Liu Qinxin!” Zhao Feng felt that his words didn’t make much sense, so he waved his hand and took out some of his memories.

Hua! Hua! Hua!

Screens of purple-and-gold light appeared around Liu Qinyin, and they contained countless images. Every image contained a female in white that was extremely similar to her. At this moment in time, even Zhao Feng was completely immersed in the past.

“These are my memories. They can’t be forged!” Zhao Feng said.

“These are your memories?” Liu Qinyin’s eyes started to become teary as she looked at the images. These images were Zhao Feng’s memories, but they were the same images in her dreams!

Liu Qinyin suddenly understood that Zhao Feng was the youth whose name she couldn’t remember in her dreams.

“So, all of that is real, and it was my previous life....” Liu Qinyin murmured. In reality, she had already foreseen this result.

Zhao Feng’s expression changed. It seemed as if Liu Qinyin already knew a little bit about her previous life.

“Liu Qinyin, come with me!” Zhao Feng said in a solemn tone. From this moment onward, Zhao Feng wanted to protect Liu Qinyin and not let her experience any pain.

“I can’t go with you!” Liu Qinyin’s eyes suddenly became clear.

“Why? You don’t believe that this is real?” Zhao Feng’s heart faintly shook.

“I do, but I’m not Liu Qinxin anymore. You don’t need to fulfill the promise from back then!” Liu Qinyin said in a certain tone. Liu Qinyin didn’t know how to face Zhao Feng either – whether to use her current identity or the identity of her previous life.

After saying that, Liu Qinyin walked past Zhao Feng.

“Where are you going?” Zhao Feng immediately asked. Where would Liu Qinyin go now that she had no one to rely on?

“To find the end of my dreams!” Liu Qinyin said with a decisive gaze. The moment her memories had completely awakened, she seemed to have seen something. She had to understand it no matter what.

Zhao Feng stood motionless. He didn’t know what Liu Qinyin was talking about, and he had no right to stop her.

Just like that, Zhao Feng watched as Liu Qinyin slowly left.

“Bi Qingyue, make sure every intel agent in the continent zone pays attention to this person!” Zhao Feng communicated with Bi Qingyue through the Dark Heart Seal and sent Liu Qinyin’s appearance and current location to Bi Qingyue.

“This still isn’t enough...!” Zhao Feng murmured to himself.

“Old Monster Xu, I’m giving you a mission to protect someone right now!” Zhao Feng immediately communicated with Old Monster Xu, who was further away.

Now that his Soul Intent had reached the level of a Sacred King, his senses through the Dark Heart Seal were even greater. Amongst his subordinates, Bi Qingyue and Supreme Emperor Dark Night both had important tasks, and Zhao Feng couldn’t protect Liu Qinyin in secret himself, so he chose Old Monster Xu.

Zhao Feng then returned to the Hall of Gods. If there wasn’t Nine Darkness Palace and some other enemies in hiding, Zhao Feng would have followed Liu Qinyin in secret by himself.

Whoosh!

Zhao Feng used the Misty Spatial World, and his figure disappeared amongst a flash of silver. He soon arrived at the Hall of Gods.

“Since most of the forces from both lord dynasties are gathered at the God Tribulation barren grounds on the battlefield, news of me killing Sacred King Samsara will probably take some time to spread!” Zhao Feng analyzed.

Killing Sacred King Samsara was actually a bad thing in that sense. All the forces of both lord dynasties would think that Zhao Feng killed Sacred King Samsara for the secret technique that could gather the power of the God Eye descendants. This meant that both lord dynasties would be suspicious about whether Zhao Feng had that secret technique or not.

This secret technique was too important; even the Grand Imperial Hall wouldn't sit still. This would push Zhao Feng to the peak of everyone's attention, but at the same time, they wouldn't dare to offend Zhao Feng easily!

“Strength is everything. If my strength was high enough to make both lord dynasties worry, then I wouldn't have any worries!”

Zhao Feng's will to become strong was further toughened. However, it was too hard to reach a level that both lord dynasties would be wary of, so Zhao Feng needed to expand the power of his organization.

Whoosh!

Zhao Feng put the last bottle of Hundred Origin Sacred Honey into the dimension of his left eye so he could replicate it.

After the small evolution of his God Eye, Zhao Feng's duplication ability became stronger.

Five days later:

“Take these resources and raise a group of Sacred Lords with potential in the shortest amount of time possible!” Zhao Feng handed an interspatial ring to Bi Qingyue.

Apart from the Hundred Origin Sacred Honey that could increase one's chance of breaking through to the Mystic Light Realm, it also contained some resources that he had obtained in the Ancient Dream Realm and the God corpse. Almost all of these resources were useless to Zhao Feng, but they were very useful to peak Emperors and normal Sacred Lords.

Zhao Feng believed that Bi Qingyue would sort all this out well. After giving out the orders, Zhao Feng immediately entered seclusion.

“I obtained a lot in the God corpse. If I manage to digest all of this, my overall strength will increase dramatically!” Zhao Feng said with a tough gaze.

He then used the Ten Thousand Divine Thoughts Technique to multitask.

The first of his thoughts cultivated the Divine Forming Technique. Zhao Feng had already managed to learn its first steps, and he would be able to refine Divine Power into his own soon. After obtaining

Divine Power, Zhao Feng's physical attacks would become much stronger, and he would be able to use the power of the Ancient God Seal. Zhao Feng was looking forward to seeing the power of his first divine weapon.

Zhao Feng used the second of his thoughts to analyze the technique to create his second clone. Bi Qingyue had messaged Zhao Feng with many books and theories regarding clones. Zhao Feng believed that he would be able to form his second clone before long, and the battle-power of this clone would come in handy very quickly.

Zhao Feng used the third of his thoughts to absorb the power of God Tribulation Lightning. Zhao Feng first completely absorbed the power of God Tribulation Lightning from the Demigod head.

"Lightning Tribulation Crystal...!" Zhao Feng took out a golden-white crystal pearl that flashed with lightning. The instant this Lightning God Crystal pearl appeared, a Destructive force of God Tribulation Lightning spread.

At this instant, everyone within the Hall of Gods felt their souls and bodies shake.

Whoosh!

Zhao Feng instantly put this God Crystal into the dimension of his left eye.

"Xin Wuheng, thank you!" Zhao Feng smiled and said. He felt like Xin Wuheng had purposely prepared this Lightning God Crystal specifically for him. A Lightning God Crystal that contained the power of God Tribulation Lightning wasn't something that normal Lightning God Crystals could be compared to. Furthermore, the quantity and quality of the God Tribulation Lightning within this Lightning God Crystal exceeded Zhao Feng's imaginations. It would definitely be enough for Zhao Feng to use.

...

While Zhao Feng was in seclusion, the power of the God Tribulation in the God Tribulation barren grounds was starting to fade away.

Almost the entire God corpse had been blasted into smithereens, so no precious treasures were left behind. There were only a few not-too-bad God Tribulation Lightning storage items, and they were taken away by the experts of both lord dynasties.

The peak experts of the two lord dynasties then returned to their strongholds to recover their injuries or attempt a breakthrough.

However, at this moment, a shocking piece of news started to spread. Sacred King Samsara, the person who had done the most against the True God expert, had been slain by Zhao Feng. This news shocked the peak forces of both lord dynasties.

At the same time, Bi Qingyue picked out a group of members from the Hall of Gods that had contributed a lot and had potential. She then gave them resources that could allow them to break through to the Mystic Light Realm.

At this moment, all the members and disciples of the Hall of Gods were filled with hot blood, and they were filled with admiration and respect for their Grand Elder Zhao Feng.

The success rate of them breaking through to the Mystic Light Realm reached over 80% with the help of the Hundred Origin Sacred honey and the protection of draconic providence. The overall strength of the Hall of Gods increased once more.

Several dozen days later, Zhao Feng opened his eyes.

Weng~~

A holy golden-white light gave off a supreme power as it appeared in Zhao Feng's hand. This was the first surge of Divine Power he had refined from a normal God crystal and the Divine Forming Technique.

Weng~~

A triangular black piece of metal appeared in Zhao Feng's hand. He was looking forward to testing out his divine weapon.

Chapter 1122 – Attacking the Earth Crystal Race

In order to test the power of the divine weapon, Zhao Feng entered the Ancient Dream Realm. He then poured the first surge of Divine Power that he had refined into the Ancient God Seal.

Zhao Feng's consciousness seemed to enter the inner region of the ancient God weapon and arrive in a black metallic world. Countless bits of information regarding this divine weapon then entered Zhao Feng's mind.

“Several dozen forms with the characteristics of close combat, long-distance combat, defense, and support!”

Zhao Feng's heart shook. He didn't expect to obtain an all-round divine weapon.

Ding! Ding!

The triangular piece of metal in Zhao Feng's hand split in the middle and extended into a long black sword.

“Sword form!”

Zhao Feng gripped the black metallic sword, but he felt that it was extremely heavy and was unable to control it.

Shua~~

Zhao Feng slashed out, and a wave of darkness radiated a powerful and fierce Divine Power as it shot out. The wave of darkness slashed through an entire patch of forest and landed on a small mountain before exploding.

“Such power...!” Zhao Feng could not help but sigh and exclaim. One had to know that the dimension of the Ancient Dream Realm was different from the continent zone. All powers here would be heavily suppressed by this dimension, but Zhao Feng's attack swept past an entire forest and exploded on a small mountain several miles away.

Wu~~

Deafening roars started to sound one after another from the small mountain range. Earth started to shake as giant gray crystal rock giants jumped out from mountains and the earth and released deafening roars.

Wu~~

Several blasts of powerful air shot toward Zhao Feng.

“I’ll take care of you all next time!” Zhao Feng looked at the Earth Crystal Race and left the Ancient Dream Realm right away.

Although he had many resources and could duplicate them endlessly, it was hard to increase the overall battle-power of the Hall of Gods dramatically within a short amount of time like that. Therefore, Zhao Feng needed to plunder resources from the Ancient Dream Realm, and the Earth Crystal Race was, without a doubt, the best target.

Ding! Ding!

The Ancient God Seal in Zhao Feng’s hand turned back into a triangular piece of metal.

“There seems to be a seal in the depths of this divine weapon!” Zhao Feng realized, but he put this aside for now. It wouldn’t be too late to explore this divine weapon more after his strength reached a certain level.

Zhao Feng continued his seclusion even after testing out and understanding the Ancient God Seal. Since Divine Power that was refined through the Divine Forming Technique couldn’t recover automatically, Zhao Feng needed to store as much Divine Power as he could beforehand. Zhao Feng also needed to practice how to properly use Divine Power. Divine power was an extremely strong hidden card for him

“With this divine weapon, even normal Demigods won’t be my match!” Zhao Feng was extremely excited. The journey through the God corpse had increased his strength dramatically, but because he killed Sacred King Samsara, both lord dynasties had now set their sights on him, so it was best not to reveal that he had a divine weapon.

Zhao Feng was currently inside the dimension of his God Eye, comprehending and crafting God Tribulation Lightning symbols. He didn’t need to worry about not having enough God Tribulation Lightning power anymore after receiving the Lightning God Crystal, so he could absorb as much as he wished.

The power of God Tribulation Lightning was also one of his biggest hidden cards. Furthermore, comprehending the power of God Tribulation Lightning was extremely useful for when he needed to pass the God Tribulation in the future.

Zhao Feng opened his eyes after several dozen days.

“I’ve managed to analyze the clone secret technique!”

Zhao Feng was looking forward to it. He started to craft the body of his clone, and he would split his soul after the body of the clone was created.

Shua! Shua!

A Blood Crystal Yao Spirit that hadn't fully grown yet appeared before Zhao Feng, and it was covered in blood-red liquid.

"I first need to wipe out the faint consciousness of this Blood Crystal Yao Spirit!"

Zhao Feng started to act with the method that he analyzed.

Six days later, a completely crystalline red body that radiated a powerful bloodline of the Ten Thousand Ancient Races appeared within the Misty Spatial World. The core of this body was the Blood God Crystal that he had obtained within the God corpse.

"Not bad. It's state of existence is far stronger than normal Sacred Lords!"

Zhao Feng was extremely satisfied with this body. The cost of creating this clone was countless times more expensive than creating his first clone, but it was all worth it.

Zhao Feng also felt that the appearances of himself and his clones shouldn't be completely the same, so Zhao Feng changed the appearance of this body into a muscular male.

"The clone is created. Now, I just need to split my soul!"

Zhao Feng had a solemn expression. Although splitting his soul would weaken his Soul Intent, once the second clone was formed, Zhao Feng would have a helper whose battle-power was much stronger than normal Sacred Lords. Furthermore, the body of the second clone was unique; as long as he kept on replenishing it with bloodline-essence resources, it would be able to become stronger very quickly.

After confirming what he was doing, Zhao Feng started to circulate the Soul Splitting Technique to split his soul. With the experience of last time, he managed to split his soul in twenty days.

The Soul Intent of the split-off soul was at the level of a Sacred Lord, but it was nothing in comparison to Zhao Feng's Sacred King Soul Intent.

"My Soul Intent hasn't become too much weaker!" Zhao Feng said after close inspection. This time, splitting his soul didn't weaken Zhao Feng's Soul Intent by too much. With the help of the vine fruits that he obtained in the God corpse, he would be able to quickly recover.

Whoosh!

A dark purple soul entered the body that Zhao Feng created.

"Become an early-stage Sacred Lord as soon as possible!" Zhao Feng organized his resources and gave some to his second clone.

Sacred Lord Myriad Forms was at the early stages of the Mystic Light Realm, so the success rate of merging with the Eyes of Myriad Forms would be higher when the second clone reached the level of an early-stage Sacred Lord as well.

Zhao Feng started to heal his Soul Intent after giving the order.

Shua!

Three transparent red leaves appeared in Zhao Feng's hand. Zhao Feng had obtained these leaves from the giant vine within the God corpse. They contained a very strong Intent and an aura of bloodline Divine Power.

"Although these leaves aren't as effective as the fruits, they suit me better right now!"

Zhao Feng put one of the leaves into the dimension of his left eye and started to duplicate it while he absorbed and comprehended the other two leaves.

Hu~

A condensed Intent of Earth and Wood entered Zhao Feng's mind. At the same time, a clear and cool bloodline sensation washed over him, taking away all his fatigue.

Two months later, Zhao Feng expended more than a dozen red leaves and managed to recover his Soul Intent back to its peak state. At the same time, understanding the power of these crystal red leaves increased his level of comprehension.

At this time, Nan Gongsheng, Zhao Yufei, Kun Yun, and some people from the Tie Family came to the Hall of Gods.

"Zhao Feng, you won't try to lie to me, right?" Kun Yun rushed toward Zhao Feng, but he suppressed his anger after thinking about Zhao Feng's performance in the God corpse. On the way, he also heard that Zhao Feng had killed Sacred King Samsara, which Kun Yun even more scared of Zhao Feng.

"There was an important matter, so I had to rush back!" Zhao Feng handed over an interspatial ring that he had prepared a while ago to Kun Yun.

Kun Yun's expression changed slightly. Zhao Feng's important matter was most likely killing Sacred King Samsara and obtaining that secret technique.

Kun Yun's consciousness then entered the interspatial dimension, and his expression turned to joy as he prepared to leave.

"Kun Yun, do you want even better resources?" Zhao Feng messaged Kun Yun directly. The current situation wasn't looking very good for the Hall of Gods, mainly because they lacked peak battle-powers, and Kun Yun was a good option.

"Who have I ever been scared of? As long as you can pay me, I'll do anything!" Kun Yun's expression became even more joyful as he started to boast about his strength.

Zhao Feng gave a helpless smile. Back when Zhao Feng first negotiated with Kun Yun, Kun Yun declined Zhao Feng right away when he heard that the enemy was Nine Darkness Palace. However, Kun Yun was now very strong and probably had the strength of a normal Demigod.

Nan Gongsheng's expression was grim, and he stared at Zhao Feng with unwillingness. He had given up his personality for the power of the Evil God but was still unable to chase after Zhao Feng's footsteps.

"Brother Feng, did you encounter any problems?" Zhao Yufei went forward. She felt that there was some other reason Zhao Feng killed Sacred King Samsara.

Zhao Feng hesitated for a while. He didn't know where to start when talking about Liu Qinyin.

Amongst the group from the Tie Family, Tie Hongling's heart shook slightly when she looked at Zhao Yufei. No wonder Zhao Feng remained unmoved by her; he already had such an elegant and stunning goddess next to him.

Right at this moment, an Elder of the Tie Family took a step forward.

"I am Tie Kun from the Tie Family, and we have come with five very talented disciples of the Tie Family as promised. I hope that Brother Zhao will help the Tie Family raise them!"

The five geniuses of the Tie Family then went forward and bowed to Zhao Feng. Of the five, Zhao Feng already knew Tie Lingyun and Tie Hongling. The cultivations of the other three disciples were relatively low, but their bloodline potential wasn't any weaker.

Tie Lingyun had complicated emotions when looking at Zhao Feng. After his first fight with Zhao Feng, he made the decision that he would fight Zhao Feng again until a victor was decided, but in just a few years, Zhao Feng had reached a level that he could only look up to. Apparently, even Sacred King Samsara was killed by Zhao Feng.

The other three younger members of the Tie Family knew why they had come to the Hall of Gods. They were excited and nervous.

"Of course!" Zhao Feng nodded his head. Now that both lord dynasties had their eyes on the Hall of Gods, it was definitely worth building a connection with the Tie Family.

Zhao Feng had the members of the Hall of Gods accommodate Kun Yun, Zhao Yufei, and the group from the Tie Family. Zhao Feng still needed to think carefully about how to help awaken the perfect Blood Devil Sun bloodline of the Tie Family, so he didn't take any action just yet.

Whoosh!

Zhao Feng entered the Ancient Dream Realm. The Golden Winged Scarlet Tigers, the Earth Shattering Raging Bulls, the Five Poison Distinct Bees, and the Sky Fire Lightning Ape all sensed Zhao Feng's arrival and hurried to his side.

While plundering resources from these ancient races, he didn't forget about raising them. At this point in time, the strength of Zhao Feng's pets had all increased dramatically.

"Attack the Earth Crystal Race!" Zhao Feng ordered as he led a large group and charged into the forest.

Chapter 1123 – The Second Clone

Several Earth Crystal Giants had already appeared in the forests and mountains ahead, as if Zhao Feng's actions had offended them. The Earth Crystal Race paid a lot of attention to the forest; when they sensed something, they would immediately gather and head out together.

"Twelve Earth Crystal Giants!" Zhao Feng knew the information of his opponents. The average strength of the Earth Crystal Race members was at the Sacred King level. One of them was even a peak Sacred King.

Zhao Feng wasn't scared of any Earth Crystal Giants, but since it was a group fight, Zhao Feng couldn't block all the Earth Crystal Giants by himself.

"All of you are courting death!" An extra muscular and bulky Earth Crystal Giant amongst the Earth Crystal Race roared.

"Destroy them!" Zhao Feng ordered. The Five Poison Distinct Bees, Sky Fire Lightning Ape, Golden Winged Scarlet Tigers, and Earth Shattering Raging Bulls charged out.

"Your opponent is me!" Zhao Feng charged toward the strongest member of the Earth Crystal Race. Normal Sacred Kings couldn't excite his battle-intent anymore.

"How dare a lowly human offend the Earth Crystal Race!?" The Earth Crystal Giant looked down at Zhao Feng's cultivation and bloodline in disdain.

"Sky Destroying Sacred Lightning Palm!" Zhao Feng activated his Sacred Lightning Body and used his Sacred Power of Wind Lightning as he thrust out a scarlet-golden palm of lightning.

Boom! Peng!

Countless bolts of scarlet-golden lightning flashed as the Sacred Lightning Palm landed on the Earth Crystal Giant's large body.

"Arghh...! Human!" The Earth Crystal Giant was stunned. The strength of this human in front of him was far stronger than he expected.

Wu~~

The Earth Crystal Giant roared in the direction of Zhao Feng, sending out a blast of condensed air. At the same time, the Earth Crystal Giant waved his arm, and condensed dark yellow axe slashed toward Zhao Feng.

Whoosh! Whoosh!

Zhao Feng used his advantage in speed to dodge the attacks of the Earth Crystal Giant.

"Sacred Lightning Dominating Punch! Sky Destroying Sacred Lightning Palm!"

Zhao Feng continuously switched between these two techniques of the Sacred Lightning Body and kept on attacking the Earth Crystal Giant in front of him.

The Earth Crystal Giant was much slower than Zhao Feng, so it activated its bloodline right away in anger.

Weng~~

Its body grew several yards taller, and its power and defense both increased dramatically, forming a terrifying domain of gravity.

Boom!

After activating its bloodline, the Earth Crystal Giant waved its giant axe and summoned the laws of Earth as it slashed toward Zhao Feng.

Zhao Feng felt a powerful gravity restrict him before the giant axe even arrived.

The Earth Crystal Race had natural talent in terms of gravity. Their gravity domains were even stronger than Zhao Feng's.

Shua!

A triangular piece of metal appeared in Zhao Feng's hand.

Ding! Ding!

Divine Power merged into it, and the triangular piece of metal in Zhao Feng's hand turned into a metallic black shield. Zhao Feng instantly felt the pressure of Heaven and Earth disappear when he held the shield-shaped Ancient God Seal.

Weng~ Boom!

The Earth Crystal Giant's attack landed on Zhao Feng's shield, and a noise sounded.

Bam! Crack!

The giant dark yellow axe in the Earth Crystal Giant's hand immediately shattered into a pile of dust.

"How is this possible? You have a divine weapon!?" The Earth Crystal Giant's expression changed dramatically. Only divine weapons had such power.

Ding! Ding!

After blocking the attack from the Earth Crystal Giant, the black shield in Zhao Feng's hand turned into a black spear.

Shu!

Zhao Feng swept out, and a powerful gust of black wind swirled, covering the Earth Crystal Giant within it. Countless gashes appeared around the Earth Crystal Giant's body.

"I'll use you as a test!" Zhao Feng smiled faintly. He didn't need to worry about news of him having a divine weapon spreading in the Ancient Dream Realm, so he could test out the power of the divine weapon without worry.

Zhao Feng didn't even use his full power. The defense of the Earth Crystal Race was very strong, so it wouldn't be killed by Zhao Feng's divine weapon in one move.

Ding! Ding!

The Ancient God Seal in Zhao Feng's hand turned into a large blade.

Boom! Peng!

A black light that could slash through Heaven and Earth headed toward the Earth Crystal Giant.

"Shameless human!" The strongest Earth Crystal Giant of the Earth Crystal Race could only defend against Zhao Feng's divine weapon, but even the Earth Crystal Race that specialized in defense wasn't able to block the power of a divine weapon.

At last, Zhao Feng managed to leave a Dark Heart Seal in the soul of the Earth Crystal Giant when it was very weak. Zhao Feng then looked at his surroundings. Although he had the advantage in numbers, the bloodline of the Earth Crystal Race was stronger, and they had higher cultivations. The two sides were on par, but with Zhao Feng and the enslaved Earth Crystal Giant joining in, the tide instantly changed.

Zhao Feng successfully conquered the territory of the Earth Crystal Race without much effort. The attack resulted in heavy losses, but Zhao Feng did this on purpose. The strongest survived while the weaker ones with less potential died, which saved him unnecessary resources.

Zhao Feng then started to scavenge the resources of the Earth Crystal Race after conquering their territory.

“Master, here is all my wealth!” All the Earth Crystal Giants handed over their wealth to Zhao Feng.

The ancient Earth Crystal Race could create Primal Crystal Stones or substandard God crystals. They would usually store these cultivation resources and trade them with other races. There were also plentiful mines in the area where the Earth Crystal Race lived.

“Master, we have a crystal mine in our territory,” the strongest expert of the Earth Crystal Race said to Zhao Feng.

“Crystal mine?” Zhao Feng’s expression changed slightly. Crystal mines either produced Primal Crystal Stones or God Crystals. Since the Heaven Earth Yuan Qi in the continent zone was very faint, it was hard for crystal mines to form. Even if one did form, it would be a very low-grade one.

Zhao Feng used his Earth Escape and burrowed underground alongside the Earth Crystal Giants.

“Substandard God Crystal mine!”

Zhao Feng’s eyes twinkled. Substandard God Crystal mines obviously formed substandard God Crystals, and if the mine was of a high enough grade, it could even create God Crystals.

One had to know that Mystic Light Realm Sacred Lords weren’t even willing to use substandard God Crystals to cultivate, but now Zhao Feng had obtained an entire mine. The benefits of attacking the Earth Crystal Race had surpassed Zhao Feng’s imagination. With these resources, he could quickly increase his strength and the strength of the Hall of Gods.

Whoosh!

Zhao Feng left the Ancient Dream Realm with a large amount of resources.

“These resources will be used to reward the Sacred Lords of the Hall of Gods that have contributed a lot!”

Zhao Feng organized a pile of resources and handed them to Bi Qingyue to take care of.

Many Mystic Light Realm experts had appeared in the Hall of Gods, but they were still too weak. In addition, the founding Sacred Lords like Bi Qingyue, Supreme Emperor Dark Night, the black-armored Sacred Lord, and company also needed a large amount of resources to become stronger.

“Master, Liu Qinyin has reached the coast and seems to be planning to leave the continent zone!” Bi Qingyue reported Liu Qinyin’s whereabouts to Zhao Feng.

“Leaving the continent zone? Does she want to go back to the Azure Flower Continent?” Zhao Feng guessed in his heart. This was a good thing though; with Liu Qinyin’s current cultivation, she wouldn’t meet much danger if she left the continent zone.

Zhao Feng then allocated a specific set of resources in order to prepare for the perfect Blood Devil Sun bloodline awakening plan.

Eventually, Zhao Feng arrived at Sacred Doctor Jade Spirit’s house.

“Sacred Doctor Jade Spirit, I’ll be troubling you....” Zhao Feng handed over the chosen resources to Sacred Doctor Jade Spirit.

“Zhao Feng, I’m also considered a member of the Hall of Gods, right?” Sacred Doctor Jade Spirit revealed a half-hearted expression. Zhao Feng had recently been rewarding the Hall of Gods members, and even Sacred Doctor Jade Spirit wanted some of these resources. At this moment, Sacred Doctor Jade Spirit very much regretted coming to the Hall of Gods for such a small amount of resources.

“This is an extra reward for Senior helping the Hall of Gods!” Zhao Feng gave Sacred Doctor Jade Spirit some precious ancient resources.

The originally dissatisfied Sacred Doctor Jade Spirit was instantly filled with smiles and started to refine pills right away. Zhao Feng then gave these pills to the members of the Tie Family several days later and paid attention to the situation of their bloodlines.

“Master, according to the information from the intel agents around the continent zone, the forces of the Great Gan Lord Dynasty have been very active recently. Their actions are very secretive, especially Nine Darkness Palace....” One day, Bi Qingyue reported some intel and her own guesses to Zhao Feng.

“Okay!” Zhao Feng said before entering seclusion.

Within the Misty Spatial World:

“State of existence has reached the level of an early-stage Sacred Lord, and its cultivation is almost there too!”

Zhao Feng glanced at the second clone.

Whoosh! Whoosh!

Several dozen substandard God Crystals and many precious resources appeared before Zhao Feng.

Zhao Feng then started to multitask and cultivated the Golden Kun Sacred Lightning Body, the Five Elemental Wind Lightning Technique, the Divine Forming Technique, and more. Zhao Feng was very wealthy after conquering the Earth Crystal Race.

A current was secretly flowing in the Great Gan Lord Dynasty, and an invisible pressure was descending on Zhao Feng. He needed to use every minute and every second to increase his own power and the strength of his force.

Dark yellow lightning symbols jumped across Zhao Feng's body a month later and suddenly released a strong surge of light.

"My Sacred Lightning Body has reached the final stages of the 6th level!"

Zhao Feng used his resources and broke through a small bottleneck of the 6th level. After breaking through to the final stages of the Sacred Lightning Body's 6th level, even normal Sacred Kings wouldn't be able to do much damage to Zhao Feng.

"Very good, you have also become an early-stage Sacred Lord. I'll merge the Eyes of Myriad Forms into you right now!"

Zhao Feng and his second clone both revealed an excited smile.

Although Zhao Feng also had the Eye of Samsara, he currently needed strong battle-power. The Eye of Samsara he possessed contained the Samsara of Life, which wasn't as useful as the Eye of Myriad Forms for combat.

Sacred Lord Myriad Forms was a non-human and wouldn't be able to move freely around the Great Gan Lord Dynasty, so Zhao Feng killed him without hesitation and took the Eyes of Myriad Forms.

"Your strength will increase dramatically after merging with the Eyes of Myriad Forms!" Zhao Feng said.

The battle-power of his second clone would be on par with a late-stage Sacred Lord after merging with the Eyes of Myriad Forms. Furthermore, the Eyes of Myriad Forms would increase the defense of his soul and his cultivation speed.

With the experience of last time, Zhao Feng merged the Eyes of Myriad Forms into his second clone's soul within one day.

"My second clone, Zhao Wan!" Zhao Feng named the clone.

After successfully helping Zhao Wan merge with the Eyes of Myriad Forms, Zhao Feng chose some unique eye-bloodline techniques and other skills for Zhao Wan to cultivate. Only powerful eye-bloodline techniques would be able to release the complete power of his eye-bloodline.

One day, Bi Qingyue sent Zhao Feng another message.

"Master, Nine Darkness Palace has been getting very close to many other forces of the lord dynasty, including the Eight Big Families. The Grand Imperial Hall also seems to have taken action...." Bi Qingyue spoke in a solemn tone.

Chapter 1124 – Heading for Nine Darkness Palace

"Master, Nine Darkness Palace has been getting very close to many other forces of the lord dynasty, including the Eight Big Families. The Grand Imperial Hall also seems to have taken action...." Bi Qingyue spoke in a solemn tone.

From Bi Qingyue's point of view, the current situation was extremely urgent. If the Hall of Gods didn't do anything, they would be unable to face the upcoming dangers.

"Okay!" Zhao Feng said before continuing his seclusion.

“The cultivation speed of the Five Elemental Wind Lightning Technique has increased recently!” Zhao Feng said with joy.

The cultivation technique that Zhao Wan trained in was also the Five Elemental Wind Lightning Technique, so the experience and understanding gained from Zhao Wan would also naturally enter Zhao Feng’s consciousness. Zhao Wan’s current cultivation was relatively low, so the effect wasn’t very strong for Zhao Feng, but Zhao Wan could also obtain experience for the Five Elemental Wind Lightning Technique from Zhao Feng. Adding on the fact that there were boundless resources, and his cultivation speed was extremely fast.

When their cultivations reached the same level in the future, the experience and comprehension gained by both sides would help each other equally. This meant that their cultivation speed would be about two times faster.

Although the first clone, Zhao Wang, cultivated the Dao of Ghosts and was unable to increase Zhao Feng’s cultivation speed, the comprehension that Zhao Wang gained from the Dao of Ghosts could still increase Zhao Feng’s knowledge.

At this moment, Zhao Feng finally felt how powerful the Soul Splitting Technique was.

Zhao Feng then started to multitask.

Cultivating the Five Elemental Wind Lightning Technique would also increase Zhao Wan’s cultivation speed.

Zhao Feng also thought about how to use the remaining power of the God blood that was sealed within his right index finger. This drop of God blood had been sealed in Zhao Feng’s index finger for a while now, and part of its power was used up by Zhao Feng while another part had been feeding Zhao Feng’s state of existence. Zhao Feng also found that a small amount of the God blood’s power had merged with the flesh of his right index finger.

“I wonder what will happen if I’m able to completely merge the power of this drop of God blood into my finger!” Zhao Feng was very excited. Now that he had plenty of cultivation resources, it would be extremely good for him if he could turn this drop of God blood into a powerful offensive method.

Now that he had a plan, Zhao Feng started to take action. Zhao Feng first released a small part of the Ice Imperial Spear’s seal to release a wisp of the God blood’s power. At the same time, Zhao Feng controlled the flesh of his finger to absorb the power of the God blood.

Although this process took some time, he managed to succeed in the end.

Zhao Feng then repeated this two more times.

“This is the limit that my current state of existence can withstand!” Zhao Feng finally stopped. If he forcefully absorbed any more power of the God blood, the bloodline Divine Power would seep out.

At this point, his finger was completely different from the other parts of his body.

Whoosh!

A piece of normal Heaven-grade armor appeared before Zhao Feng.

Whoosh!

Zhao Feng circulated the power of his finger and stabbed forward.

Hu~~

Zhao Feng's finger pierced directly through the defense of this armor, and countless spiderweb-looking cracks started to extend through it.

Boom! Peng!

The armor shattered into countless pieces.

"It's this strong!?" Zhao Feng's expression turned to surprise. The power of his finger after merging with the God blood exceeded Zhao Feng's imaginations. At the moment, Zhao Feng's finger had only merged with one tenth of the God blood's power.

As Zhao Feng's state of existence increased in the future and became more compatible with the God blood, he would be able to merge more of it into his index finger. Zhao Feng was looking forward to the power he would have when he completely merged the God blood into his finger.

"The power should become even greater if I cultivate a finger technique!"

Zhao Feng then picked out a suitable finger technique from looking at his memories and the battle techniques of the Hall of Gods.

"Wind Lightning Raging Finger."

Zhao Feng finally picked this finger technique.

The Wind Lightning Raging Finger contained wide-range finger attacks as well as focused finger attacks. It fitted Zhao Feng's requirements perfectly.

With Zhao Feng's understanding of Wind Lightning, he spent only several dozen days to completely familiarize himself with the Wind Lightning Raging Finger, and he cultivated it to the 5th level.

Zhao Feng restrained the true power of his index finger inside the Misty Spatial World as he practiced the Wind Lightning Raging Finger. Countless different-sized finger phantoms of Wind Lightning filled the air around Zhao Feng.

At a certain moment, the power of Wind Lightning around Zhao Feng released a dark golden light.

"The Five Elemental Wind Lightning Technique has reached the late stages of the 9th level!"

Zhao Feng was overjoyed as he looked at Zhao Wan in the distance. Time was tight, so Zhao Feng was focusing on practicing his battle technique and not much else, while Zhao Wan was completely focusing on the Five Elemental Wind Lightning Technique. In a month's time, Zhao Feng only circulated his Sacred Power of Wind Lightning a little, but he broke through a small bottleneck. This was all due to Zhao Wan.

"It's time to take action now!"

On this day, Zhao Feng silently exited seclusion.

Whoosh! Whoosh! Whoosh!

Four human figures gathered together on a certain mountain behind the Hall of Gods at night.

“Zhao Feng, let’s go!” Nan Gongsheng was already getting impatient, and killing intent covered his face.

“Zhao Feng, you’re confident that you can do it?” Kun Yun was slightly hesitant after learning their task.

“Are you scared?” Zhao Feng asked with a slight mocking tone.

“Who have I ever been scared of!?” Kun Yun puffed out his chest.

Shua!

The group disappeared amongst a flash of silver.

...

In the depths of the continent zone, within the Nine Darkness Mountain Range, many experts of the Great Gan Lord Dynasty gathered within a secret hall. Each of these experts had at least a three-star force behind them, and there were many ancient three-star superpowers.

“The Hall of Gods has been expanding very fast recently, and they have many new Mystic Light Realm experts!”

“If it wasn’t for the fact that their Grand Elder Zhao Feng was only a late-stage Sacred Lord, they would almost be a peak three-star power given their current magnitude!”

“However, the most important thing is that Zhao Feng might have that secret technique that can gather the power of the Eight Great God Eyes!”

The upper echelons of these forces spoke their thoughts. They were all very interested in a piece of fat meat like the Hall of Gods.

“According to the intel of Nine Darkness Palace, the amount of wealth the Hall of Gods has is at least comparable to an ancient three-star superpower!” a Sacred King from Nine Darkness Palace said.

The Earth Demon Cult was also a three-star superpower, but it wasn’t considered ancient. From this, one could see how wealthy the Hall of Gods was.

“This old man agrees with Sacred King Wicked Sky!” an Elder from the Black Evil Cult nearby said.

A figure shrouded in darkness floated at the very front of the secret hall.

“This is our opportunity to rise again!” Demigod Dark Ocean spoke in a solemn tone.

“The Black Evil Cult will help Nine Darkness Palace to the best of their ability!”

“The Jiang Family will also participate!”

“The Earth Demon Cult will stand on the same side as Nine Darkness Palace!”

The forces present all displayed their views. Would any of them possibly be scared that several dozen three-star powers led by Nine Darkness Palace wouldn’t be able to deal with the Hall of Gods?

“Nine Darkness Palace won’t treat you badly after this!” Demigod Dark Ocean laughed.

The feud between Nine Darkness Palace and the Hall of Gods was irresolvable, and Demigod Dark Ocean wasn’t completely confident in himself given Zhao Feng’s current strength. This was why he paid a big price to gather many forces to help.

“Just wait a while. Those from the Grand Imperial Hall will arrive shortly!” Demigod Dark Ocean continued, and the forces present became silent.

Nine Darkness Palace’s actions were about to start a war between two top forces in the lord dynasty. Several hundred forces, whether they were big or small, might be affected. Under normal circumstances, the Grand Imperial Hall would stop this situation from happening, but the Grand Imperial Hall very much wanted the secret technique in Zhao Feng’s hands. Therefore, the Grand Imperial Hall allowed this happen, but their requirement was that, if Zhao Feng did have the secret technique, Nine Darkness Palace would hand it to them after the Hall of Gods was destroyed.

Right at this moment, a tremor shook the outer edges of Nine Darkness Palace as a terrifying pressure of Heaven and Earth crushed over.

Since the secret hall blocked out everything, the experts present could only sense a faint disturbance.

“The Grand Imperial Hall is here?” a Sacred Lord asked in surprise, but the expressions of the Nine Darkness Palace members kept on changing.

Whoosh! Whoosh!

An Elder from Nine Darkness Palace opened the barrier covering the secret hall.

Peng! Bam! Boom!

A terrifying intent and the sound of explosions instantly entered the secret hall.

“Demigod Dark Ocean, come out and die!” a deafening enraged roar immediately sounded.

“How is this possible? The Hall of Gods is already here?” A certain force’s Elder was shocked.

“Impossible, the scouts of Nine Darkness Palace are keeping an eye on the Hall of Gods. If they charged over, we would know instantly!” Sacred King Wicked Sky had a grim expression.

Hu~

Demigod Dark Ocean and all the members of Nine Darkness Palace charged out.

Boom! Peng! Bam!

At this point, the majority of Nine Darkness Palace had been destroyed, and countless disciples of the Demonic Dao were buried in ruins.

“Very good, you have come to find death on your own. Now I don’t have to leave!” Demigod Dark Ocean’s eyes burned with anger as he looked at the four people in front of him.

Demigod Dark Ocean didn’t expect the Hall of Gods to attack them first, and with only four people.

At this moment, the Elders of the other forces charged out from the secret hall.

“Help Nine Darkness Palace handle these arrogant bastards!” Sacred King Wicked Sky roared.

“A measly four people dare to come here!?” a Sacred Lord from a Demonic Dao force couldn’t help but mock.

“Everyone, attack! The Hall of Gods will be completely finished if we kill these four!”

The forces present were surprised but overjoyed at the same time. From their point of view, it was impossible for the Hall of Gods to stop their combined power. The upper echelon of the Hall of Gods had charged out to their deaths on their own, which is exactly what they wanted.

“How is this possible? Zhao Feng...” Sacred King Earth Ghost had an extremely grim expression. According to what he knew, Zhao Feng had already used his last God Slaying Arrow, so what was Zhao Feng relying on that allowed him to charge into the headquarters of Nine Darkness Palace?

“Could he really have obtained that secret technique from Sacred King Samsara?” Sacred King Earth Ghost murmured in his heart, but soon ruled out this possibility. If Zhao Feng really had three or more God Eye descendants and the secret technique, he could topple the Grand Imperial Hall and rule over the Great Gan Lord Dynasty.

Whoosh! Whoosh! Whoosh!

All of the experts in the secret hall charged out.

“I didn’t think there would be so many forces teaming up with Nine Darkness Palace. I can get rid of them as well at the same time!” Zhao Feng floated in midair and looked down as he spoke in a playful tone.

Chapter 1125 – Fighting Against a Demigod

“I didn’t think there would be so many forces teaming up with Nine Darkness Palace. I can get rid of them as well at the same time!” Zhao Feng floated in midair and looked down as he spoke in a playful tone.

Hearing this, everybody’s expressions froze, but then they started to roar with laughter after scanning around with their Divine Sense and finding no weird disturbances.

“Hahahaha, you really don’t know what life is and what death is, do you!?”

“Did you even do any research before you came here? Now that we have teamed up with Nine Darkness Palace, you’re just coming here to die!”

The Sacred Lords and Sacred Kings present laughed and mocked. They took Zhao Feng’s words as a joke.

However, Demigod Dark Ocean had a solemn gaze as he scanned over Zhao Feng and company. He couldn’t estimate Zhao Feng’s strength, but Kun Yun at least had the strength of a normal Demigod. Nan Gongsheng’s and Zhao Yufei’s strength was about the same level as an high-tier Sacred King.

“Take them down!” Demigod Dark Ocean ordered with a cold expression. Zhao Feng’s calm expression made him feel extremely uneasy, but now that they were here, Nine Darkness Palace couldn’t just do nothing. Nine Darkness Palace had to take them down, and they couldn’t allow failure.

“Hmph, Demigod Dark Ocean, you’re already at the end of your life. There’s no point struggling!” Zhao Feng smiled as a pair of scarlet wings of lightning spread behind his back. Lightning and wind flashed as he immediately charged toward Demigod Dark Ocean.

Whoosh! Whoosh! Whoosh!

Kun Yun, Zhao Yufei, and Nan Gongsheng all received Zhao Feng’s order and took action.

“Zhao Feng, since you want to die, I’ll let you die!” Demigod Dark Ocean was originally going to stop Kun Yun, but Zhao Feng charged at him instead. This was what Demigod Dark Ocean wanted as well; as long as Demigod Dark Ocean managed to kill Zhao Feng, everything would be over.

“Attack Kun Yun!” Seeing their Grand Elder clash with Zhao Feng, the other Elders of Nine Darkness Palace could only go fight Kun Yun.

Nine Darkness Palace was one of the strongest three-star forces in the Great Gan Lord Dynasty. Apart from Demigod Dark Ocean, they had two Sacred King experts and four late-stage Sacred Lords.

“All of you are my prey!” Nan Gongsheng left behind silver-purple afterimages as he charged toward a group of Elders from Nine Darkness Palace. Some of these Sacred Lords had pursued him before and tried to kill him. Nan Gongsheng’s main targets were these Sacred Lords.

“Nan Gongsheng, you will die today!” Sacred Lord Wicked Truth’s expression turned to surprise as he roared in anger. Sacred Lord Wicked Truth was one of the Sacred Lords of Nine Darkness Palace that had chased Nan Gongsheng all the way to the True Martial Sacred Lord.

“Black Wicked Cult, go support Nine Darkness Palace!” the Grand Elder of the Black Wicked Cult immediately roared.

“Charge!” Sacred King Earth Ghost had a low tone as he charged out with several members of the Earth Demon Cult.

The upper echelon of the other three-star forces, including the Jiang Family and the Dong Family, also joined the fight.

“Golden Kun Sacred Body!” Kun Yun circulated the Golden Kun Sacred Body, and talismans of lightning flashed around him as a terrifying pressure descended onto Heaven and Earth. The nearby Sacred Lords of Nine Darkness Palace and the experts of different forces nearby were instantly suppressed by this physical force of lightning.

“Purple Jade Sacred Technique!” Zhao Yufei used a technique, and golden lights flashed across her body as she summoned Heaven Earth Yuan Qi.

Hu~~ Weng! Weng!

The nearby Heaven Earth Yuan Qi gathered toward Zhao Yufei and turned into a purple mist that surrounded her. Zhao Yufei then controlled this mist and clashed with some of the experts.

“Sky Destroying Sacred Lightning Palm!” Zhao Feng activated his Sacred Lightning Body and Blood Devil Sun bloodline as he fought with full power, unleashing a blazing scarlet-golden palm of Wind Lightning.

“Nine Darkness Demonic Light!” Demigod Dark Ocean harrumphed coldly as he circulated a pitch-black Sacred Power and thrust out with his palm. An enormous black beam of light with a terrifying demonic force passed through the air and landed against Zhao Feng’s palm.

Boom!

After the clash, the pitch-black light shot out and continued toward Zhao Feng.

“As expected of a Demigod. Without using any hidden cards, I’m not his match at all!” Zhao Feng’s expression became solemn. He originally wanted to test his strength after his improvements, but the instant they exchanged blows, Zhao Feng understood that there was still a difference between himself and a Demigod.

Demigod Dark Ocean was a bit stronger than Demigod Ferocity.

“Earth Lightning Sacred Armor!” Zhao Feng immediately circulated the Earth of Wind Lightning and used a defensive secret technique to block the remaining power of Demigod Dark Ocean’s attack.

“This brat...” Demigod Dark Ocean’s expression was grim as his eyes locked onto Zhao Feng.

Zhao Feng was only at the late stages of the Mystic Light Realm, but he was able to fight against a Demigod. If it wasn’t for the fact that Zhao Feng’s performance in the God corpse was already too shocking, Demigod Dark Ocean would be completely stunned.

However, he was simply filled with wariness now. It was impossible for Zhao Feng and company to not have thought things through before daring to charge into the headquarters of Nine Darkness Palace. They definitely had something that they could rely on.

On the other hand, Nine Darkness Palace had gathered many experts from various three-star powers. Even if Zhao Feng and company had some hidden cards, it was useless.

“Demonic Mark!” Demigod Dark Ocean hated Zhao Feng to the bone and immediately took out a substandard God weapon without caring about the cultivation difference between him and this junior. A black skeletal arm appeared in Demigod Dark Ocean’s hand, and a heart-moving Demonic Dao aura surrounded the five fingers of the skeletal arm.

“Substandard God weapon!” Zhao Feng’s eyes focused. He didn’t expect Demigod Dark Ocean to place so much importance on him that he would take out a substandard God weapon so quickly.

Zhao Feng didn’t dare to overestimate himself against a Demigod that had taken out a substandard God weapon.

“Illusion Soul Charge!” Zhao Feng’s left eye glowed with purple and gold as a powerful Soul Intent landed against Demigod Dark Ocean’s soul. The wings on Zhao Feng’s back released a brilliant glow of light the instant Demigod Dark Ocean was dazed, and he appeared directly behind Demigod Dark Ocean.

“Sky Destroying Sacred Lightning Palm!” Zhao Feng unleashed the projection of his Little World of Wind Lightning and the Physical Force Lightning Domain. He merged their power together into his palm and thrust out.

“What a strong eye-bloodline technique!” Demigod Dark Ocean was secretly stunned. He didn’t think that a junior’s eye-bloodline technique would be able to affect him. At this moment, he found that Zhao Feng’s Soul Intent had reached the level of a Sacred King.

“Nine Darkness Demonic Claw!” Demigod Dark Ocean gripped the skeletal arm and released the power of the Demonic Dao as he slashed out.

Shu~~~

Five pitch-black claws ripped through space and landed on Zhao Feng’s palm of light.

Boom! Peng!

Zhao Feng’s Sacred Lightning Palm was immediately shattered, but Zhao Feng had already expected this long ago. He already started to move when Demigod Dark Ocean unleashed this attack and started to circulate his left eye.

“Tribulation Lightning Eye Flame!” A purple-and-gold lightning-fire exploded in Demigod Dark Ocean’s face and radiated the Destructive aura of God Tribulation Lightning.

“Arghhhhh...!” Demigod Dark Ocean screamed out as lightning-fire burned across his soul and body.

Demigod Dark Ocean’s expression contorted, and he was enraged. The difference in power between Zhao Feng’s eye-bloodline technique this time and last time was extremely big, causing Demigod Dark Ocean to underestimate Zhao Feng. He was tricked.

“Sky Penetrating Finger!” Zhao Feng’s right index finger radiated a powerful ancient bloodline aura. At the same time, a surge of Sacred Power of Wind Lightning merged into it.

Whoosh!

A scarlet-golden light with the terrifying power of Wind Lightning shot toward Demigod Dark Ocean’s chest.

“Not good!” Demigod Dark Ocean was still amidst the burning flames of God Tribulation Lightning when he felt a critical sense of danger.

Whoosh!

Demigod Dark Ocean circulated his Demonic Dao Sacred Power and a wisp of Divine Power to form a blazing black barrier in front of himself.

Shu!

Zhao Feng’s finger clashed against the blazing black barrier and penetrated through it.

Whoosh!

Zhao Feng’s finger continued forward and landed on Demigod Dark Ocean’s chest.

“The penetration ability is strong, but the damage caused is limited!” Zhao Feng concluded after using one of the techniques from the Wind Lightning Raging Finger for the first time.

“Grand Elder!” The Elders of Nine Darkness Palace fighting against Nan Gongsheng and Kun Yun were stunned as they looked at Zhao Feng in disbelief.

Their Grand Elder, Demigod Dark Ocean, had been injured by Zhao Feng! One had to know that, of the two people fighting, one was a Demigod while the other was just a late-stage Sacred Lord, but the result was something none of them would have ever expected!

“His strength is already enough to fight against Demigods!” Sacred King Earth Ghost was in shock and was thinking about whether he had made the correct decision or not. Although Zhao Feng had already slain a Demigod before in the God corpse, he had to use the God Slaying Arrow, which was completely different from the current situation.

“How is this possible? Demigod Dark Ocean still hasn’t managed to finish off that brat?” The experts of the other forces finally saw what was happening to Demigod Dark Ocean and were stunned. They couldn’t believe what they were seeing.

The originally thought that Demigod Dark Ocean would be able to easily kill Zhao Feng and end the battle quickly, but in just a short while, Demigod Dark Ocean was the one injured by Zhao Feng instead.

At this moment, they finally understood that Nine Darkness Palace asked others for help because they weren’t confident that they could deal with the Hall of Gods by themselves! However, they knew this too late. The only thing they could now do was kill the four in front of them.

“Zhao Feng...!” Kun Yun and Nan Gongsheng both froze in the air for a moment. Neither of them expected Zhao Feng to have such strength. No wonder he dared to lead them and charge toward Nine Darkness Palace.

Zhao Feng looked around and inspected the situation after injuring Demigod Dark Ocean. Even though Kun Yun, Nan Gongsheng, and Zhao Yufei were very strong, it was hard for them to fight against so many experts at once.

“Go!” Zhao Feng waved his hand, and a human figure appeared.

“More helpers?” A member of Nine Darkness Palace nearby was surprised, but some of the other experts completely ignored Zhao Wan after seeing that he was only at the early stages of the Mystic Light Realm.

“Myriad Forms World of Wind Lightning!” Zhao Wan’s left eye changed the elements of nature. Endless elements of Wind and Lightning filled Heaven and Earth.

“This is the ability of the Eyes of Myriad Forms!” The Grand Elder of the Black Wicked Cult shook as he looked at Zhao Wan’s eyes.

“How is this possible? Who is this person? I’ve never seen him before!” The Elders of Nine Darkness Palace and the other forces were stunned.

However, right at this moment, another surge of majestic Demonic Dao power appeared from the other side.

“Zhao Feng, I will cut your body into ten thousand pieces and burn your soul!” Demigod Dark Ocean felt humiliated and enraged, and he roared toward the sky as limitless Demonic Dao Sacred Power appeared from his body. This power contained small amounts of Divine Power as well.

Wu~~ Hu!

Heaven and Earth started to dim as if the world had become a hell of darkness!

Hu~ Boom!

Endless demonic power gathered around Demigod Dark Ocean. The Elders of Nine Darkness Palace and the other forces all shook. They felt an endless pressure on their bodies, and they quickly avoided Demigod Dark Ocean.

When a Demigod expert used all their power, it was enough to destroy Heaven and Earth. Normal Sacred Lords didn't even dare to approach them.

Demigod Dark Ocean unleashed the projection of his Little World and circulated the Nine Darkness Secret Technique as he waved the substandard God weapon in his hand.

Weng~~

Five black vine-like flames slashed toward Zhao Feng with lightning-quick speed.

“Let me see if you even have the ability to do it!” Zhao Feng's expression was cold as he faced the enraged Demigod Dark Ocean with no fear.

Chapter 1126 – Nine Darkness Palace's Plan

Five black vine-like flames slashed toward Zhao Feng with lightning-quick speed.

Demigod Dark Ocean used this attack with the buff of his Little World and the help of his substandard God weapon. No one weaker than a Demigod could survive.

“Demigod Dark Ocean is completely enraged!”

“Zhao Feng will die against such a powerful move even if he has a defensive substandard God item!”

“At the end of the day, a Sacred Lord is still a Sacred Lord. It's impossible for them to fight back against a Demigod!”

The other experts relaxed after seeing Demigod Dark Ocean release such a terrifying attack. From the looks of it, Demigod Dark Ocean had only been injured by Zhao Feng because he underestimated the opponent. How could a late-stage Sacred Lord truly stop a Demigod when they used their full strength!?

“Hmph, you still have time to look elsewhere?” Zhao Wan snickered coldly. He obviously knew Zhao Feng's strength, so he wasn't worried.

“Wind Lightning Explosion!” Zhao Wan controlled the power of Wind Lightning in Heaven and Earth and condensed it into his hand, then released a tornado of Wind Lightning toward the enemies.

“What terrifying power!”

“Don’t underestimate this early-stage Sacred Lord!”

The experts only realized that the owner of the Eyes of Myriad Forms wasn’t a simple opponent when Zhao Wan took action.

Although Kun Yun, Nan Gongsheng, and Zhao Yufei were worried for Zhao Feng, they started to relax after seeing that Zhao Wan didn’t show any signs of being impatient.

Zhao Feng’s expression was cold as he faced Demigod Dark Ocean’s powerful attack and circulated the power of the God blood in his index finger. This time, he completely released the bloodline power in his finger.

Hu~~

A terrifying ancient bloodline Divine Power radiated from Zhao Feng’s finger. At the same time, Zhao Feng’s Little World of Wind Lightning and the Physical Force Lightning Domain merged into his move.

“Earth Destroying Finger!”

Zhao Feng’s finger released an extremely powerful surge of Wind Lightning that shot forward with absolute power.

Boom! Weng~ Weng~

A storm of limitless scarlet-golden lightning shot out like a pole of heaven.

Boom! Peng!

The color of Heaven and Earth changed. It was as if the entire world was about to be destroyed as a storm of destruction swept out.

“This aura... it’s the aura of an ancient bloodline and Divine Power!” Demigod Dark Ocean’s expression changed dramatically as he felt the power of the explosion.

Whoosh!

Right at this moment, a scarlet-golden light flashed in the center of the explosion.

Shu~~

In just an instant, the scarlet-golden light pierced through Demigod Dark Ocean’s chest. Another small hole appeared in Demigod Dark Ocean’s chest, and black blood started to ooze out.

“It’s that move again!” Demigod Dark Ocean’s expression was ugly. While Nine Darkness Palace had the advantage right now and would definitely be able to obtain victory in the end, there was one uncontrollable aspect present, and that was Zhao Feng. If Zhao Feng had another hidden card, then the tide could be turned.

“Sacred King Wicked Sky, attract one of them away and kill them!” Demigod Dark Ocean’s expression remained the same as he messaged Sacred King Wicked Sky.

“Understood, Grand Elder!” Sacred King Wicked Sky’s expression turned to surprise. He knew what the Grand Elder was truly thinking and became nervous.

“Hmph, so Nine Darkness Palace only has such little skill!” a voice of mockery sounded in Sacred King Wicked Sky’s soul, but Sacred King Wicked Sky didn’t dare to retort.

Slowly but steadily, a group of upper echelon of Nine Darkness Palace started to move away.

“Where do you think you’re running to!?” Purple light flashed around Zhao Yufei. She was like a goddess of ice and crystal as she chased after them with a strong surge of Heaven Earth Yuan Qi.

“Looks like the Duanmu Family has felt too relaxed recently. Was the lesson that Nine Darkness Palace gave them not enough!?” Sacred King Wicked Sky mocked coldly as he secretly interacted with the other members of Nine Darkness Palace to set up their plan.

“Nine Darkness Palace will be removed from the continent today!” Zhao Yufei’s expression was cold as she released several purple-and-gold beams of light.

Zhao Feng had already told them the final aim of this mission: to finish off Nine Darkness Palace. Zhao Yufei decided to participate because she wouldn’t be scared of dragging the Duanmu Family down with her if Nine Darkness Palace was completely destroyed.

The five battles around the Nine Darkness Mountain Range shook Heaven and Earth. Kun Yun, Nan Gongsheng, and Zhao Wan were all busy trying to handle the enemies in front of them and didn’t realize that Zhao Yufei was getting further away from them.

“Wind Lightning Eye Flame! Sky Penetrating Finger!” Zhao Feng was very serious and used his various Soul eye-bloodline techniques and offensive skills. He was able to suppress Demigod Dark Ocean at this moment.

“Dammit, this brat’s eye-bloodline techniques are too strong!” Demigod Dark Ocean had an ugly expression as he cursed in his heart. Zhao Feng kept on using eye-bloodline technique to disrupt him and then using the Sky Penetrating Finger. The Sky Penetrating Finger was very fast, and he would be hit if he wasn’t careful.

At this moment, there were about ten small holes in Demigod Dark Ocean’s body. On top of that, even Demigod Dark Ocean wasn’t able to recover from the damage caused by the Sky Penetrating Finger within a short amount of time.

Zhao Feng had also activated the perfect Blood Devil Sun bloodline and would occasionally close in on Demigod Dark Ocean to suck away his energy and essence.

“Something’s wrong. Demigod Dark Ocean doesn’t seem to have any intention of defeating me, and he’s switched from attacking to defending!” Zhao Feng felt that something was amiss. Even though the battle-power he was currently displaying was very strong, the opponent was a Demigod. Why would the latter drag out a fight with him?

“Not good... Yufei!” Zhao Feng’s expression turned to shock. At this moment, Zhao Yufei and several members of Nine Darkness Palace had left Nine Darkness Palace’s territory.

Even though Zhao Feng realized that something was wrong, he couldn’t rush over immediately. Once he went to save Zhao Yufei, Demigod Dark Ocean would definitely defeat Nan Gongsheng, Kun Yun, and Zhao Wan. At that point, Zhao Feng would definitely lose.

“Hehehe, it’s too late now!” Demigod Dark Ocean laughed coldly. From his point of view, Zhao Yufei was already dead, and Zhao Feng and company wouldn’t be able to escape.

“If that’s the case, then I’ll just kill you first!” Zhao Feng’s momentum changed dramatically as he released a piercing killing intent.

Zhao Yufei’s Spiritual Race bloodline allowed her to have strong offense and defense. Even if the upper echelon members of Nine Darkness Palace had special techniques, Zhao Yufei should be able to last a while, so Zhao Feng needed to kill Demigod Dark Ocean before then.

“Tribulation Lightning Eye Flame!” Countless white lightning bolts flashed in Zhao Feng’s left eye as a Destructive Soul Intent started to flow.

Boom! Whoosh!

A ball of blazing God Tribulation Lightning symbols that contained a terrifying Soul aura landed on Demigod Dark Ocean’s soul.

“Arghh...!” Demigod Dark Ocean screamed. He felt as if his soul was about to be ripped apart.

Whoosh! Weng~~~

The wings behind Zhao Feng’s back flashed as he quickly approached Demigod Dark Ocean.

“Earth Destroying Finger!”

At such a close range, Zhao Feng circulated the bloodline Divine Power within his index finger without hesitation.

Boom! Peng!

Limitless Wind Lightning shot out from his finger and engulfed Demigod Dark Ocean. Demigod Dark Ocean, who was still in pain from the Tribulation Lightning Eye Flame, was bombarded by Fire of Wind Lightning and a supreme bloodline Divine Power.

“God Eye Disintegration!” Zhao Feng then used his ultimate eye-bloodline technique. Zhao Feng’s left eye flashed with a unique purple-and-gold light as layers of transparent golden light spread through the air. This light instantly passed through Demigod Dark Ocean thousands of times as it analyzed the structure of his body.

Hu~

Everything in Zhao Feng’s sight started disappearing. When Demigod Dark Ocean regained his consciousness, he realized that his body, soul, Sacred Power, and even his Divine Power were slowly fading away. His strength was also decreasing. The area around him had become completely empty. Everything was fading away!

Demigod Dark Ocean’s expression changed, and he prepared to take action to stop Zhao Feng’s eye-bloodline technique, but a silver-gray light suddenly flashed behind him.

Ding! Bam!

The little thieving cat slammed a spade against Demigod Dark Ocean's head. At the same time, the Cloud Silkworm Saint Butterfly flew out of the little thieving cat's mouth and quickly released some silk and some Dream Pollen.

Demigod Dark Ocean felt his head become dizzy, and he momentarily lost control of his body. Zhao Feng continued to use the God Eye Disintegration at full force to weaken Demigod Dark Ocean.

"Not good!" Demigod Dark Ocean felt a danger that he had never felt before and finally realized that something was amiss. He had overestimated himself; it was very likely that Zhao Feng might kill him.

In the battle before, Zhao Feng had continuously injured him and sucked away part of his energy and essence. With the use of the God Eye Disintegration, Demigod Dark Ocean's overall strength dropped by another 20%.

"Go die!" Seeing that Demigod Dark Ocean had completely awakened now, Zhao Feng stopped the God Eye Disintegration.

"Wind Lightning Eye Flame!" A ball of purple-and-gold fire landed in Demigod Dark Ocean's face. At this moment, his resistance to Zhao Feng's Soul eye-bloodline techniques was even weaker now that his soul had been weakened.

"Tribulation Lightning Eye Flame!" Zhao Feng didn't give Demigod Dark Ocean any chance to breathe as he used the last of his God Tribulation Lightning.

Voom!

A ball of twisting and burning God Tribulation Lightning symbols exploded against Demigod Dark Ocean's soul.

"Arghh...!" Demigod Dark Ocean's soul was bombarded by such a terrifying technique once more.

Demigod Dark Ocean had been continuously damaged by Zhao Feng ever since the last Tribulation Lightning Eye Flame and hadn't been able to fight back at all.

"Zhao Feng, the person you love will soon die!" Demigod Dark Ocean's face was pale-white, and his aura was extremely weak, but he revealed a cold smile as he looked into the distance.

At this moment, Demigod Dark Ocean wasn't Zhao Feng's match, and it would be difficult for him to even escape from Zhao Feng, so Demigod Dark Ocean tried to use other topics to distract Zhao Feng.

"Nine Darkness Palace dares to work together with the non-humans!?"

Zhao Feng's gaze saw through ten thousand miles and landed on Sacred King Wicked Sky, who was fighting against Zhao Yufei.

Sacred King Wicked Sky's body glittered with a demonic light and radiated a terrifying divine pressure. No one else knew how Sacred King Wicked Sky's battle-power suddenly became so much stronger. Only Zhao Feng's left eye was able to see through Sacred King Wicked Sky's body and notice a non-human figure within his Little World.

“Hehehe, die!” Sacred King Wicked Sky grabbed forward, and a wisp of Divine Power and black demonic light turned into a black spear.

At the critical moment, Zhao Yufei had to use her bloodline. Her skin started to flash as she looked like a goddess made out of jade and ice.

Ding! Bam!

The black spear stabbed through Zhao Yufei’s body, and sparks flew in the air.

Weng~~

The gap in Zhao Yufei’s flawless crystal body started to recover.

Boom!

The color on Zhao Yufei’s face drained as she pressed a hand on her chest and spat out a mouthful of purple-and-gold blood. Even though the bloodline of the Spiritual Race was very strong, it couldn’t stop the attack from a Demigod!

“Hahaha, the owner of ancient Spiritual Race Bloodline will be killed by me!” Sacred King Wicked Sky was surprised before revealing a crazy and excited expression.

Hu~

He waved his hand, and the power of the Demonic Dao gathered once more into several more blazing black spears.

Chapter 1127: No more Nine Darkness Palace

“Demigod Dark Ocean, I didn’t think that you would collaborate with non-humans!” Zhao Feng’s expression changed dramatically. He didn’t expect that a non-human Demigod would appear here.

“Hehehe, anything can be done for the final victory!”

Seeing that Zhao Feng’s gaze was attracted by the other fight, Demigod Dark Ocean laughed coldly and quickly retreated.

“You want to run?” Zhao Feng’s expression was cold as he locked onto Demigod Dark Ocean and released an icy killing intent across the air.

Hu!

A dark purple mist suddenly spread across Zhao Feng’s back and swept out in every direction, covering Demigod Dark Ocean.

“What!?” Demigod Dark Ocean paused for a moment. At this time, Zhao Feng managed to stay calm enough to attack him without worrying about Zhao Yufei?

However, Demigod Dark Ocean became completely dazed after looking toward Sacred King Wicked Sky. A golden Eye of Heaven appeared above Sacred King Wicked Sky, and it seemed ingrained within Heaven and Earth as it gazed down coldly with profound golden light.

Sacred King Wicked Sky was about to attack when he felt a pressure bear down on him, and his soul started to tremble. Sacred King Wicked Sky swept his Divine Sense around, then turned toward the Eye of Heaven looking down at him.

“What’s going on? This is...!” Sacred King Wicked Sky’s body shook as his soul was completely suppressed.

The non-human Demigod within Sacred King Wicked Sky’s body had only loaned his power to Sacred King Wicked Sky. The main ruler of this body was still Sacred King Wicked Sky.

Sacred King Wicked Sky’s soul was completely suppressed by Zhao Feng’s Eye of Heaven, and he was unable to even think about fighting back.

“Yufei, go!” Zhao Feng tried to win some time for Zhao Yufei, but she just stood completely still as if she had no reaction at all.

“Hmph, useless idiot!” The non-human Demigod within Sacred King Wicked Sky’s Little World snickered coldly as he released a powerful surge of Soul Intent.

Boom!

A Demigod-level Soul Intent instantly spread. The non-human Demigod suppressed Sacred King Wicked Sky’s soul, who momentarily lost control of his body.

Hu~

The black spears in the air were instantly controlled by the non-human Demigod.

“Owner of the Spiritual Race bloodline, die!” An evil and wicked voice sounded from within Sacred King Wicked Sky’s body.

However, right at this instant, the Eye of Heaven gazing down at Sacred King Wicked Sky released a strong surge of Eye Intent that shook the earth. An endless purple-and-gold whirlpool that was connected to an endless purple maze of illusions instantly extended from the Eye of Heaven.

A forbidden power covered Sacred King Wicked Sky’s soul and started absorbing it. This forbidden power seemed to be the power of a God; no one could stop it.

The non-human Demigod who was about to take action was completely stopped by this forbidden power and became unable to move.

“How is this possible? This brat’s eye technique...” The non-human Demigod’s expression turned to shock as his heart started to tremble. The Eye of Heaven in the sky was restricting his soul and Sacred King Wicked Sky’s soul at the same time. How could a measly late-stage Sacred Lord be able to restrict the souls of two people at their level simultaneously!?

However, what he didn’t know was that, when Zhao Feng used his eye-bloodline techniques through the Eye of Heaven, they were even stronger. Furthermore, Zhao Feng was currently utilizing the power of his Little World of Illusions, so his Soul eye-bloodline techniques were buffed by his Little World as well.

At this moment, Zhao Feng wasn't using his Gaze of the God Eye to suck away both of their souls; he was only restraining their souls, so the power was more focused.

The experts of Nine Darkness Palace and the various other forces currently in the Nine Darkness Mountain Range were completely stunned as they looked at this scene in shock. They obviously understood that Sacred King Wicked Sky was hiding a Demigod expert in his body, but what they couldn't comprehend was that Zhao Feng was stalling two Demigods by himself.

Demigod Dark Ocean was currently very weak, and his soul was being confused by Zhao Feng's Little World of Illusions. Adding on the little thieving cat and the Cloud Silkworm Saint Butterfly disrupting him as well, and Demigod Dark Ocean couldn't break through the power of the Little World of Illusions.

Meanwhile, ten thousand miles away, the unknown Demigod expert within Sacred King Wicked Sky's body was restrained by one of Zhao Feng's incredulous eye-bloodline techniques.

At this moment, the experts present were unable to calm the waves raging through their hearts as they stared at Zhao Feng.

"Dammit, why did it turn out like this?" The non-human Demigod within Sacred King Wicked Sky's body struggled, but he was unable to break out of the restricting force.

However, right at this moment, another unexpected thing happened; Zhao Yufei suddenly released a strong surge of Divine Power.

Weng~ Weng~

The faint outline of a diamond-shaped crystal could be faintly seen on Zhao Yufei's forehead. Zhao Yufei had obtained this diamond-shaped crystal in the head of the God corpse. She didn't know how to use its power before, but in the critical stages of life and death just now, this diamond-shaped crystal connected to her bloodline.

Hua!

A dazzling purple-and-gold light radiated from Zhao Yufei's body. All the Yuan Qi within several dozen thousand miles gathered toward Zhao Yufei as if it was bowing to a God.

This scene stunned everyone once more.

"Could her Spiritual Race bloodline have awakened even more?" The non-human Demigod's heart shook as he felt the strong bloodline aura coming from Zhao Yufei's body.

Zhao Yufei suddenly opened her eyes, and a terrifying Divine Power crushed toward Sacred King Wicked Sky in front of her.

Hu~~

Zhao Yufei waved her hand, and an invisible surge of power shot toward Sacred King Wicked Sky.

Crack! Weng~~

The Mystic Light Sacred Power within Sacred King Wicked Sky's body immediately stopped circulating and started to freeze. Sacred King Wicked Sky's body then started to become frozen in Yuan Qi.

“Yufei’s bloodline power has awakened even further....” Zhao Feng felt this stunning surge of ancient bloodline power and was overjoyed. He had inspected Zhao Yufei and found out what was happening to her, so he used his full power to restrict the enemies to stop them from affecting Zhao Yufei.

Boom! Peng!

As a layer of crystalline Yuan Qi covered Sacred King Wicked Sky, a figure suddenly jumped out from his body.

Whoosh!

The dark gray figure turned into a dark streak of light and instantly flashed forward by several thousand miles, disappearing into the sky.

“That was a non-human Demigod!” the members of the various three-star powers around Nine Darkness Palace said in shock.

“Nine Darkness Palace dared to collaborate with the non-humans!?” Sacred King Earth Ghost’s expression was extremely grim. It would have been fine if that non-human Demigod hadn’t been exposed, but because of Zhao Feng, he was. This meant that it was basically over for Nine Darkness Palace.

“Hmph, Demigod Dark Ocean, Nine Darkness Palace shall be removed from the Great Gan Lord Dynasty today!” Zhao Feng looked at Demigod Dark Ocean, who was still in the purple-and-gold maze, and snickered coldly after Yufei’s dangerous situation was resolved.

Demigod Dark Ocean’s heart shook. When Zhao Feng used the Eye of Heaven, Demigod Dark Ocean felt that something bad was going to happen. Now that the non-human Demigod had been exposed, Nine Darkness Palace would be unable to escape the consequences.

If Nine Darkness Palace had managed to kill Zhao Feng, they could use Sacred King Wicked Sky as a scapegoat and give the secret technique in Zhao Feng’s hands to the Grand Imperial Hall in order to escape. However, Nine Darkness Palace had lost all momentum, and none of the other forces would dare to help Nine Darkness Palace after realizing that they had collaborated with the non-humans.

It was completely over for Nine Darkness Palace!

“Then let us die together, Zhao Feng!” Demigod Dark Ocean revealed a deadly look as he locked his eyes onto Zhao Feng with limitless hatred.

A critical sense of danger started to radiate from Demigod Dark Ocean’s body.

“Not good, I’m too close to him!” Zhao Feng felt that something was amiss. Due to the proximity to Demigod Dark Ocean, he probably wouldn’t be able to avoid the power of Demigod Dark Ocean’s self-destruction.

Shua!

A black triangular piece of metal appeared in Zhao Feng’s hand. Green-and-gold lights suddenly started to flash around it.

Weng~~ Boom!

All the power within Demigod Dark Ocean's body instantly exploded. A terrifying destructive power of Heaven and Earth swept out. All of Nine Darkness Palace was completely destroyed by the blast of power from Demigod Dark Ocean.

Many upper echelon members of Nine Darkness Palace and the other three-star forces were unable to run away and were killed by this destructive force.

"A Demigod of Nine Darkness Palace actually ended up like this!?"

"You can only blame that he worked with the non-humans!"

The other three-star forces immediately distanced themselves from Nine Darkness Palace.

"Unfortunately, Zhao Feng was too close to Demigod Dark Ocean. It's impossible for him to dodge a Demigod's self-destruction...." The Elder of a three-star power sighed in a fake tone, but his expression froze the next instant and turned completely white as he looked toward the center of the explosion.

As the dust started to fall, Zhao Feng was revealed in the center of the explosion. There were no injuries on him.

"How is this possible? He's still perfectly fine!?"

"That was the self-destruction of a Demigod...!"

Everyone, including Kun Yun and Nan Gongsheng, looked at Zhao Feng in disbelief. It was as if they were looking at a monster.

Zhao Feng had a casual expression. If it wasn't for the fact that he had a divine weapon, he would've been injured even if he tried to retreat at full speed.

"From today onward, the Great Gan Lord Dynasty shall have a Nine Darkness Palace no more!" Zhao Feng floated in the air like a god as his voice resounded across Heaven and Earth. Those still alive were stunned and looked at Zhao Feng in a daze. They didn't even dare to breathe loudly.

"If those from Nine Darkness Palace don't surrender, they shall be killed!" Zhao Feng then looked down and scanned over the people present with sharp eyes.

Plop!

Some of the surviving members of Nine Darkness Palace immediately knelt to the ground!

Nan Gongsheng, Kun Yun, and Zhao Yufei looked at Zhao Feng and revealed a faint smile

The other three-star powers stood completely still. It seemed like, if Zhao Feng didn't speak, they wouldn't dare to move.

Right at this moment, several golden beams of light appeared in the sky far away. At the very front was Sacred King Feather Spirit. He focused and scanned his Divine Sense across the Nine Darkness Mountain Range.

They were here to attend Demigod Dark Ocean's secret gathering, but from the looks of it, the battle between the Hall of Gods and Nine Darkness Palace had already started. On top of that, there were only a few members of Nine Darkness Palace present, and Demigod Dark Ocean was nowhere to be found.

Sacred King Feather Spirit's brain shook. Could Nine Darkness Palace have been defeated by the Hall of Gods? How was this possible? Nine Darkness Palace was a peak three-star power of the Great Gan Lord Dynasty, and they had an extremely deep foundation. Even if they somehow weren't a match for the Hall of Gods, they shouldn't have been defeated so quickly. Furthermore, there were many other three-star powers that had teamed up with Nine Darkness Palace present.

Now that Nine Darkness Palace had been defeated, the deal between them and the Grand Imperial Hall was useless.

"Zhao Feng, you dare to attack Nine Darkness Palace?" Sacred King Feather Spirit looked at Zhao Feng and questioned in a cold tone.

Chapter 1128: The situation of the Lord Dynasty

"Zhao Feng, you dare to attack Nine Darkness Palace?" Sacred King Feather Spirit looked at Zhao Feng and questioned in a cold tone.

"And so what if I do?" Zhao Feng coldly replied with a calm expression.

Sacred King Feather Spirit paused. Zhao Feng's cold and disdainful attitude scared him a little bit. However, although Sacred King Feather Spirit knew that he wasn't Zhao Feng's match, the Grand Imperial Hall was behind him. With a background like this, he didn't need to be scared of Zhao Feng.

"Now that the two lord dynasties are continuously fighting and might start a war again at any moment, the Hall of Gods destroyed a peak three-star power of the Great Gan Lord Dynasty. Do you have some hidden intentions?" Sacred King Feather Spirit's expression was cold as he questioned.

Now that Nine Darkness Palace had been destroyed, the Grand Imperial Hall had to put some blame on the Hall of Gods in order to obtain the secret technique in Zhao Feng's hands. If Zhao Feng dared to fight back, the Grand Imperial Hall would be able to rightfully take action.

"It seems Sacred King Feather Spirit doesn't know what's happening. The one with hidden intentions was Nine Darkness Palace!" A faint smile appeared on Zhao Feng's face.

"What do you mean?" Sacred King Feather Spirit revealed a puzzled look.

"When we attacked Nine Darkness Palace, we found that there was a non-human Demigod hiding inside the Little World of a Nine Darkness Palace Elder. Everyone present can prove this!" Zhao Feng said with a faint smile.

"Sacred King Feather Spirit, I can vouch for this!"

"I didn't think that Nine Darkness Palace would collaborate with the non-humans. Our eyes were blind to not see Nine Darkness Palace clearly!"

Some of the forces immediately distanced themselves from Nine Darkness Palace and spoke righteously. A non-human Demigod infiltrating the Great Gan Lord Dynasty wasn't a small matter. Besides, too many people had witnessed this; they had to admit it even if they didn't want to.

"This..." Sacred King Feather Spirit was dazed for a moment. He never would have imagined that Nine Darkness Palace would collaborate with the non-humans. This meant that Nine Darkness Palace should indeed have been destroyed. Instead of blaming the Hall of Gods for destroying such a force, the Grand Imperial Hall needed to reward them instead.

"Why is Sacred King Feather Spirit here anyway?" Zhao Feng asked with a playful smile.

"I was coincidentally passing through..." Sacred King Feather Spirit was instantly scared.

"I need to report this to the Grand Imperial Hall as quickly as possible!" Sacred King Feather Spirit said before leading the other members of the Grand Imperial Hall and immediately leaving.

"The Grand Imperial Hall needs to catch the Demigod that has infiltrated the Great Gan Lord Dynasty!" Zhao Feng's voice entered Sacred King Feather Spirit's ear before he left.

"Zhao Feng...!" Sacred King Feather Spirit gritted his teeth. He had to return with nothing this time as well.

The atmosphere tensed once more after the members of the Grand Imperial Hall left. The members of the various forces looked at Zhao Feng and tried to please him.

"All of you collaborated with Nine Darkness Palace, but Nine Darkness Palace was working together with the non-humans! In order to wash away your own suspicions, the only path you have left is to become a subordinate force of the Hall of Gods!" Zhao Feng gazed down with a serious expression and spoke in a decisive tone. There was no room for disagreement.

The three-star powers became silent. They didn't think that Zhao Feng would be so forceful even after destroying Nine Darkness Palace. He was threatening almost twenty three-star powers at once, including super three-star forces such as the Jiang Family and the Dong Family of the Eight Major Families.

There was nothing wrong with becoming a subordinate force of such a strong three-star power. The problem was that there was quite a big feud between the Hall of Gods and the Grand Imperial Hall.

"If you don't agree, then the Hall of Gods will just have to visit you one by one!" Zhao Feng's cold voice sounded once more, and everyone's heart jumped.

Even Demigod Dark Ocean had to self-destruct after four people from the Hall of Gods came to visit Nine Darkness Palace. Small forces like theirs wouldn't be able to withstand a visit from Zhao Feng and company.

"The Mountain Ocean Clan is willing to be the Hall of God's subordinate force!" At this moment, the Grand Elder of a normal three-star force spoke.

"The Earth Fire Sect is willing to become the Hall of God's subordinate force!" another voice sounded.

The forces that first bowed to the Hall of Gods were normal three-star powers. After witnessing Zhao Feng's strength and the outcome of Nine Darkness Palace, they didn't dare to disagree.

"The Earth Demon Cult is willing to work with the Hall of Gods!" Sacred King Earth Ghost's voice sounded at this moment.

The other big forces were stunned. They didn't expect Sacred King Earth Ghost to bow to Zhao Feng so easily. However, the reason was very simple – Sacred King Earth Ghost was terrified of Zhao Feng.

In the God corpse, Sacred King Earth Ghost had teamed up with Sacred King Feather Spirit and company to chase after Zhao Feng, and he helped Nine Darkness Palace deal with Zhao Feng as well. At this time, Sacred King Earth Ghost's heart was still suspended in midair, scared that Zhao Feng would trouble him.

Seeing that Sacred King Earth Ghost bowed to Zhao Feng as well, the other forces all consented to Zhao Feng's suggestion.

"Let's go!" Zhao Feng flew toward Nan Gongsheng, Zhao Yufei, Kun Yun, and Zhao Wan, then waved the Misty Spatial World and disappeared.

A little more than a dozen days later, the members of the Hall of Gods near Nine Darkness Palace took over the Nine Darkness Mountain Range and built a sub-division of the Hall of Gods there. The ruler of this sub-division was the Darkness Ghost Clan, who used to be one of the biggest subordinate forces of Nine Darkness Palace.

The news of Nine Darkness Palace being destroyed also spread across the Great Gan Lord Dynasty. A total of five people had crushed Nine Darkness Palace and more than a dozen three-star forces. Demigod Dark Ocean of Nine Darkness Palace wasn't a match for Zhao Feng and had to self-destruct but still wasn't able to kill Zhao Feng.

This shocked the entire Great Gan Lord Dynasty and became another hot topic of discussion alongside the war and the God corpse. The strength of the Hall of Gods' upper echelon shocked the world.

After taking over Nine Darkness Palace and more than a dozen three-star powers, the Hall of Gods expanded rapidly. More and more forces of the Great Gan Lord Dynasty, such as the Tie Family, the Ji Family, and Black Screen Corner offered to team up with the Hall of Gods.

The Hall of Gods was now the number one power below four-star forces. It was an enormous power that could be compared to the Grand Imperial Hall and Sky Suspension Palace.

Three months later, the Demigod that had infiltrated the Great Gan Lord Dynasty was killed by many experts led by the Grand Imperial Hall.

In Gan Province, in the Grand Imperial Hall, the atmosphere was very tense within a large green-and-gold hall.

"The momentum of the Hall of Gods is set. If Zhao Feng becomes a Demigod in the next several millennia, another four-star power will be born!" an old Sacred King sighed.

In reality, the current magnitude of the Hall of Gods was already comparable to the Grand Imperial Hall and Sky Suspension Palace, they just didn't have any Demigod experts.

“Zhao Feng definitely has the secret technique that Sacred King Samsara had. The Hall of Gods will definitely fight against the Grand Imperial Hall in the future for control over the Great Gan Lord Dynasty!” Demigod Taichi’s expression was very grim as he spoke.

After saying this, the hall became silent once more.

The upper echelon of the Grand Imperial Hall had been severely injured in the fight against the True God, and the Demigods of the Grand Imperial Hall had to personally go out because of the non-human Demigod infiltrator. This caused them to waste time. No Demigod of the Grand Imperial Hall was at their peak right now.

Apparently, in the fight between the Hall of Gods and Nine Darkness Palace, Zhao Feng had suppressed Demigod Dark Ocean and a non-human Demigod by himself. Even if Demigod Dark Ocean and the non-human Demigod hadn’t fully recovered from the God corpse battle, Zhao Feng’s display was incredulous.

This meant that, even if the Grand Imperial Hall found an excuse to take the technique, they would need to send out at least three Demigod experts. This would weaken the Great Gan Lord Dynasty’s power even more. If the Dark Moon Lord Dynasty used that chance to attack, the Great Gan Lord Dynasty would be in critical danger.

“The Grand Imperial Hall needs some time to rest. When the time is ripe, I will personally head out!”

At this moment, Demigod Dragon Emperor spoke. He was at the very front of the hall, and he was covered in golden dragons made of light. Demigod Dragon Emperor had originally been planning to attempt a breakthrough to the Heavenly Divine Realm after recovering from his injuries, but now he had to delay that plan.

Demigod Dragon Emperor would take action personally! The upper echelon members’ expressions turned to shock, and they had nothing to say.

...

Back in the Hall of Gods, Zhao Feng had gained a lot of comprehension after fighting against two Demigod experts head-on.

Zhao Feng circulated the Ten Thousand Divine Thoughts Technique to multitask. The first two of his thoughts cultivated the Five Elemental Wind Lightning Technique and the Wind Lightning Raging Finger.

If Zhao Feng hadn’t had the help of Divine Power in the fight against Demigod Dark Ocean, his attacks would have found it difficult to damage Demigod Dark Ocean so much. The power of the Wind Lightning Raging Finger when used with his index finger was also very stunning. This proved that Zhao Feng’s path was correct.

The third of his thoughts analyzed the Soul Splitting Technique. Zhao Feng had successfully cultivated the second level of the Soul Splitting Technique, but he still had an Eye of Samsara on him, so he needed to create the third level as quickly as possible and create the third clone when the time was ripe.

Zhao Feng then entered the dimension of his left eye and replayed the fight against Demigod Dark Ocean. There was a lot to learn from Demigod Dark Ocean.

Zhao Yufei entered seclusion as well. The diamond-shaped crystal that Zhao Yufei had obtained in the God corpse was extremely mysterious and allowed her Spiritual Race bloodline to awaken a step further. She also seemed to have obtained other benefits that needed time to digest.

Nan Gongsheng and Kun Yun both seemed to be preparing to break through to the Heavenly Divine Realm. From the beginning of time, countless Mystic Light Realm experts had been stopped by this barrier and weren't even able to touch the border of Godhood. Countless Demigods had made no progress for dozens of millennia and were unable to break through.

Even though Kun Yun had experience of trying to break through to the Heavenly Divine Realm, he needed to make preparations and give it his all.

A year later, a strong surge of ancient aura appeared in the Misty Spatial World that woke up Zhao Feng from seclusion. A rainbow-colored Mystic Light Sacred Power surrounded Zhao Wan and changed the power of nature within the Misty Spatial World.

"His cultivation and Soul Intent have both reached the late stages of the Mystic Light Realm!" Zhao Feng revealed a stunned expression. He didn't expect Zhao Wan to progress so quickly that he would catch up to himself already.

"From the looks of it, I underestimated this body!" Zhao Feng gave a faint smile.

Zhao Wan's body was created by the Blood God Crystal and many rare materials from within the God corpse. Zhao Feng had even merged some of the power from the God blood into it.

Although Zhao Wan didn't have the bloodline of the Giant God Race, his bloodline could be considered slightly related to it.

At the same time, Zhao Feng's thoughts turned toward Zhao Wang. Zhao Wang had taken control of the remaining forces of Nine Darkness Palace, and he had used the resources of Nine Darkness Palace and some unique secret realms to become a Sacred Lord.

"Both clones have completely matured now!" Zhao Feng was overjoyed.

Right at this moment, Bi Qingyue's voice sounded through the Dark Heart Seal.

"Master, there's some intel on the traces of the Black Destruction Serpent Dragon...."

Chapter 1129: Liu Qinyin's Danger

"Master, there's some intel on the traces of the Black Destruction Serpent Dragon...." Bi Qingyue sent a message through the Dark Heart Seal.

Zhao Feng's expression turned to shock. There was finally news of the Black Destruction Serpent Dragon after such a long time. However, Zhao Feng didn't insist on the intel being reliable for this matter or else the Grand Imperial Hall's information agency would have already known this as well. It was impossible for the Grand Imperial Hall to leave the Black Destruction Serpent Dragon alone. If they found traces of it, they would try to kill it.

"The Black Destruction Serpent Dragon seems to have passed through the coast," Bi Qingyue said.

The Hall of Gods originated from the coastal region, so almost every inch of land around there was under the control of the Hall of Gods. The information agencies of Black Screen Corner and the Imperial Sky Net would find it hard to enter.

“The coast!” Zhao Feng’s heart jumped as his eyes focused.

“Master, we’re not very sure of this intel. After all, the cultivation of the Black Destruction Serpent Dragon is too high, and normal people can’t even sense its existence....” Bi Qingyue continued. There were strict requirements on the truthfulness of intel. Bi Qingyue didn’t dare to report anything that was fake to Zhao Feng, but Zhao Feng had told her many times about this issue, so Bi Qingyue told this unconfirmed intel to Zhao Feng.

“Near the coast, could it be...!?” Zhao Feng’s expression changed dramatically. The Black Destruction Serpent Dragon had teamed up with Bai Lin for one reason – Zhao Feng. However, since Zhao Feng’s name in the Great Gan Lord Dynasty recently had been too bright and he always stayed in the Hall of Gods, the Black Destruction Serpent Dragon would definitely not dare to come trouble Zhao Feng. However, with Bai Lin’s help, they would definitely try to find a breakthrough point where he could be killed. It wasn’t hard for the Eye of Destiny to find Liu Qinyin. Therefore, the Black Destruction Serpent Dragon would definitely want to capture Liu Qinyin and use her to threaten Zhao Feng.

“If Liu Qinyin returned to her hometown, doesn’t that mean that the Azure Flower Continent is facing disaster...?” Zhao Feng’s heart shook, and he was unable to calm down.

According to Zhao Feng’s guesses, it was very likely that Liu Qinyin had returned to the Azure Flower Continent. This meant that the Black Destruction Serpent Dragon would also head there with Bai Lin’s guidance.

“Black Destruction Serpent Dragon! Bai Lin!” Deadliness flashed through Zhao Feng’s eyes. Zhao Feng had never mentioned his birthplace after leaving the Azure Flower Continent because the Azure Flower Continent was too low-leveled. Any random Emperor from the Cang Ocean or the continent zone could completely destroy it.

“Bi Qingyue, when was this reported!?” Zhao Feng immediately asked.

“Ten days ago!” Bi Qingyue replied.

“I might still be able to stop the Black Destruction Serpent Dragon!” Zhao Feng started to think. If the Black Destruction Serpent Dragon had only passed the edge of the coast half a month ago, it wouldn’t be hard for Zhao Feng to catch up. The only issue was that he didn’t know which route the Black Destruction Serpent Dragon would take to head back to the Cang Ocean.

“It will be okay as long as I reach the Azure Flower Continent before the Black Destruction Serpent Dragon!” Zhao Feng suddenly stood up as a fierce light shot out from his eyes.

“It’s time to go back to the Azure Flower Continent!” Zhao Feng murmured. If he reached the Heavenly Divine Realm in the future and entered the Ancient Desolate Realm of Gods, he might not be able to return to the Azure Flower Continent ever again.

Zhao Feng then gave some orders to Bi Qingyue.

“I’ll leave the five disciples of the Tie Family to you as well!” Zhao Feng had prepared some pills and gave them to Bi Qingyue.

“I wonder if Yufei wants to return to the Azure Flower Continent.”

After all, that was also Zhao Yufei’s hometown.

Zhao Feng’s Divine Sense scanned over where Zhao Yufei was in seclusion, but she seemed to be at a critical stage and had no response to what was happening in the outside world. Since that was the case, Zhao Feng decided to go alone.

Whoosh!

Zhao Feng waved his left arm and disappeared amongst a flash of silver light. The next instant, Zhao Feng had already left Yu Province where the Hall of Gods was located.

However, even with the Misty Spatial World, Zhao Feng could only reach the Ocean Smoke Pavilion at most. Eventually, Zhao Feng spread his scarlet wings of lightning and flew across the limitless ocean.

Zhao Feng soon reached the Nanlin Sea. With Zhao Feng’s current speed, he was able to travel ten thousand miles in a flash in the limitless ocean.

Of course, Zhao Feng mainly relied on the Void Ocean Spiritual Palaces spread out across the limitless ocean and used their teleportation arrays. With Zhao Feng’s current cultivation, just a wisp of his aura would scare the Palace Lords of the Void Ocean Spiritual Palaces witless, and they would personally greet Zhao Feng and help him use their teleportation array.

Zhao Feng also left behind a bunch of spatial markings with the Misty Spatial World on the way so he could return more quickly.

Several dozen days later, Zhao Feng appeared at one of the Void Ocean Spiritual Palaces on the edge of the Floating Dream Spiritual Zone.

“Hmm?” Zhao Feng’s God’s Spiritual Eye suddenly sensed something.

“Master, you’re here?” Old Monster Xu’s joyful voice sounded. Zhao Feng sensed that Old Monster Xu was close to the Floating Dream Spiritual Zone.

“Liu Qinyin didn’t return to the Azure Flower Continent?” Zhao Feng asked.

“She arrived here half a year ago, entered the inheritance of Sky Qin Sacred Palace, and never came back out!” Old Monster Xu told everything to Zhao Feng.

“What!?” Zhao Feng was surprised.

Liu Qinxin died on the 49th floor of the Fan Lun Ancient Sound Palace in her past life. Liu Qinyin had entered the Fan Lun Ancient Sound Palace as well?

Zhao Feng finally understood what Liu Qinyin meant by the end of her dreams. It was the end of her memories – in the memories of her past life, she had died in the Fan Lun Ancient Sound Palace.

Zhao Feng was truly worried about whether or not Liu Qinyin could successfully pass the 49th floor. Zhao Feng had entered the Fan Lun Ancient Sound Palace himself, so he knew how difficult it was.

“Dammit!” Zhao Feng’s expression changed dramatically as he suddenly remembered something. If the Black Destruction Serpent Dragon’s final target was the Azure Flower Continent, then Zhao Feng would definitely be able to arrive before the Black Destruction Serpent Dragon, but that might not be the case if the Black Destruction Serpent Dragon’s target was Sky Qin Sacred Palace!

“Old Monster Xu, conceal your aura, and at the critical moment...” Zhao Feng immediately messaged Old Monster Xu.

Whoosh! Weng~~

Thinking up to there, the Wings of Wind and Lightning behind Zhao Feng released a dazzling beam of light.

“Lightning Wings Spatial Flash!”

Shua!

Zhao Feng’s figure merged into the air and disappeared.

...

In the Sky Qin Zone, a male covered in black dragon scales floated in the air.

“The person I want to find is here?” The Black Destruction Serpent Dragon revealed a deadly smile on its cold face.

“There seems to be a unique power blocking the place where the person is located!” Bai Lin’s voice sounded from within the Black Destruction Serpent Dragon’s body.

“What!? You’re saying that you can’t locate the position of that person!?” The Black Destruction Serpent Dragon was enraged.

“Hmm? The aura of the ancient era...?” The Black Destruction Serpent Dragon suddenly sensed something and scanned over with its Divine Sense. Its Divine Sense passed through Sky Qin Sacred Palace and swept toward a deep abyss. The image of an ancient mysterious palace then surfaced in its mind.

The palace was extremely magnificent and had a total of forty-nine floors. It was surrounded in a dreamy rainbow-colored light and radiated a thick ancient aura. Even the Black Destruction Serpent Dragon was unable to see through the structure of this building.

“That should be the place!” The Black Destruction Serpent Dragon sent the image of this building to Bai Lin. The only place that the Black Destruction Serpent Dragon didn’t understand in the Sky Qin Zone was the Fan Lun Ancient Sound Palace.

“That might be the place!” Bai Lin said in a low tone.

Sky Qin Sacred Palace was calm, and the peaceful sound of qins could be heard. However, a terrifying Intent suddenly descended. Every living being within ten thousand miles of Sky Qin Sacred Palace felt

their bodies turn cold, and they knelt to the ground as this majestic force that seemed to rule over Heaven and Earth covered them. Even the Palace Master of Sky Qin Sacred Palace, a Void God Realm Emperor, knelt to the ground and was unable to move.

“Master!” Li Xueyi next to the Palace Master shook.

Whoosh!

The next instant, a figure appeared above Sky Qin Sacred Palace.

“May I know why Senior has come to Sky Qin Sacred Palace?” the Sky Qin Palace Master croaked out. She could feel that this person only needed one thought to destroy the entire Sky Qin Sacred Palace. She couldn’t imagine what kind of powerful being this male was.

The Black Destruction Serpent Dragon didn’t bother with the Sky Qin Palace Master and arrived before the Fan Lun Ancient Sound Palace in a flash.

“Could this person be related to the female from before?” The Sky Qin Palace Master revealed a bitter and helpless expression.

Half a year ago, a peerless beauty had come to Sky Qin Sacred Palace, defeated everyone, and managed to enter the Fan Lun Ancient Sound Palace without the use of a token. This non-human male had definitely come to find her.

“Hmm? I can’t open it?” The Black Destruction Serpent Dragon’s expression changed slightly as it stood before the Fan Lun Ancient Sound Palace. The power of its Intent could destroy the entire Sky Qin Sacred Palace in an instant, but it was unable to open the doors to this palace?

“Senior, the Fan Lun Ancient Sound Palace requires this token to open!” The Sky Qin Sacred Palace Master handed over an ancient silver token.

Whoosh!

The token instantly appeared before the Black Destruction Serpent Dragon.

Weng~~

The power of the Black Destruction Serpent Dragon’s Intent directly entered this token, and the ancient silver token released a brilliant beam of light.

Boom! Boom! Boom!

The doors of the Fan Lun Ancient Sound Palace opened, but the Black Destruction Serpent Dragon’s expression fell when it put his Divine Sense inside.

“I need to pass through trials?” The Black Destruction Serpent Dragon was full of anger.

Weng~~ Boom!

All of Heaven and Earth shook as all the experts within ten thousand miles felt an explosion ring in their heads, and they immediately spat out blood. With the Black Destruction Serpent Dragon’s current cultivation, it could obviously tell that this palace tested the Dao of Entertainment, but the Black

Destruction Serpent Dragon knew nothing about it. It was obviously impossible for it to pass through any trials.

“If that’s the case, then I’ll just dig it away!” The Black Destruction Serpent Dragon moved its Intent.

Weng~~ Boom! Boom!

The entire Fan Lun Ancient Sound Palace instantly started to be pulled out by the Black Destruction Serpent Dragon.

“Don’t...!” The Sky Qin Palace Master was about to speak, but then she stopped. Even if she dared to, she couldn’t offend this senior for the sake of the clan.

Right at this moment, another surge of Intent appeared at the edge of Sky Qin Sacred Palace.

“Hmm? There’s a Sacred Lord here?” The Black Destruction Serpent Dragon revealed a puzzled look as it swept over with its Divine Sense. How could there be a Sacred Lord in such a low-ranked place? There was definitely something fishy.

At this moment, Old Monster Xu turned into a beam of white light and flew out.

Whoosh!

The Black Destruction Serpent Dragon took the Fan Lun Ancient Sound Palace and turned into a streak of black light that instantly caught up to Old Monster Xu.

“What’s the point of a Sacred Lord hiding here!?” the Black Destruction Serpent Dragon roared as limitless Intent bound Old Monster Xu in midair.

The upper echelon members of Sky Qin Sacred Palace revealed stunned expressions as they looked at the scene in the distance.

“A Mystic Light Realm expert!”

“They are peerless experts that only three-star forces have!”

The Elders of Sky Qin Sacred Palace exclaimed. Why was there a Sacred Lord hiding so close to Sky Qin Sacred Palace?

“But that Mystic Light Realm Sacred Lord couldn’t even fight back against that non-human male!” The Sky Qin Palace Master trembled as she took in a cold breath. Li Xueyi looked at this scene with a trembling heart as well.

Several dozen miles away from Sky Qin Sacred Palace:

“Black Destruction Serpent Dragon, you really don’t want to live, do you? How dare you even think of dealing with my master?” Old Monster Xu, who was completely restricted by the Black Destruction Serpent Dragon, suddenly started to laugh.

“What? Your master...? Zhao Feng!” The Black Destruction Serpent Dragon’s expression turned to shock.

At this moment, a golden Eye of Heaven appeared in the sky. It seemed to be ingrained into Heaven and Earth, and it flashed with profound golden light as it gazed down coldly.

Chapter 1130: Dragon Breath of Destruction

A golden Eye of Heaven appeared in the sky. It seemed to be ingrained into Heaven and Earth, and it flashed with profound golden light as it gazed down coldly.

Even the Black Destruction Serpent Dragon's body shook slightly, and it felt a great pressure when it looked at this Eye of Heaven.

"Oh my god! That's...!?" All the experts in Sky Qin Sacred Palace seemed to petrify, and their voices started to tremble.

More and more experts in the Sky Qin Zone saw the golden Eye of Heaven, and they were completely shocked and dazed.

"What kind of existence is that eye...?" The Sky Qin Palace Master and Li Xueyi shook.

Apart from the Black Destruction Serpent Dragon, everyone that saw this Eye of Heaven felt unable to breathe, and their souls started to shake.

"Master, that non-human expert said Zhao Feng just now!" Li Xueyi's heart moved. Back when Zhao Feng came to the Sky Qin Zone, he suppressed all the geniuses of the Sky Qin Province in the gathering and forcefully took her away. The memories were still fresh in Li Xueyi's mind.

"Impossible. That person is a Mystic Light Realm Sacred Lord; how can Zhao Feng be his master!?" the Sky Qin Sacred Palace Master immediately said.

Although the Sky Qin Sacred Palace Master thought well of Zhao Feng's strength and potential, it hadn't even been a dozen years since Zhao Feng left Sky Qin Sacred Palace. How could Zhao Feng have become a Sacred Lord so quickly, let alone one so powerful that he had another Sacred Lord as a servant?

The Black Destruction Serpent Dragon's expression became grim, and it started to message Bai Lin.

"Why didn't you tell me that Zhao Feng arrived?" the Black Destruction Serpent Dragon asked.

The legend of Zhao Feng in the Great Gan Lord Dynasty recently was too terrifying. The Black Destruction Serpent Dragon only just recovered its cultivation as a Demigod and didn't have much hope of killing Zhao Feng directly.

"I told you that I can't detect Zhao Feng directly. However, I didn't sense any signs of danger, which means that you can successfully kill Zhao Feng!" Bai Lin said after thinking for a while.

Under normal situations, if there was danger approaching, her Eye of Destiny would be able to sense it, but there was no such feeling this time.

Weng!

However, Bai Lin didn't sense that the Fan Lun Ancient Sound Palace released a mystic power that passed through everything and merged into Heaven and Earth.

"Are you sure it's like that?" The Black Destruction Serpent Dragon paused. It was in half-doubt and half-belief. If what Bai Lin said was true, then the Black Destruction Serpent Dragon might be able to kill Zhao Feng this time.

“Hmph. Zhao Feng, you finally left the Hall of Gods, so you will die!” the Black Destruction Serpent Dragon roared as it looked at the Eye of Heaven in the sky with a cold expression.

It was originally planning to get rid of Zhao Feng after the battle of the God corpse, but Zhao Feng just stayed in the Hall of Gods alongside Kun Yun, Nan Gongsheng, and Zhao Yufei, so there was nothing the Black Destruction Serpent Dragon could do.

“Black Destruction Serpent Dragon, you’re courting death!” The golden Eye of Heaven in the sky released a wisp of mental energy and a cold killing intent.

“Ridiculous! Back then, even Xie Yang couldn’t kill me. Many people from both lord dynasties want to kill me as well, but I’m still alive!” The Black Destruction Serpent Dragon couldn’t help but snicker. Even if it wasn’t a match for Zhao Feng, it would at least be able to escape.

“I shall kill your servant first!” The Black Destruction Serpent Dragon’s expression focused and looked fiercely at Old Monster Xu. It could tell that there was still some time before Zhao Feng actually arrived. He was just using an eye-bloodline technique to appear here with the help of some sort of mark left behind on Old Monster Xu.

Weng~~ Hu!

Heaven and Earth shook as Destructive black flames surged from the Black Destruction Serpent Dragon’s hands.

However, right at this moment, Eye Intent surged out from the Eye of Heaven in the sky and flashed with purple-and-gold flames.

“I forgot that this eye can attack as well!” The Black Destruction Serpent Dragon’s expression was grim as he circulated his Soul Intent and Divine Power to defend.

The next instant, a giant ball of purple-and-gold lightning-fire landed on the Black Destruction Serpent Dragon’s body.

Boom! Peng!

A terrifying Soul power exploded in the souls of all experts within ten thousand miles and caused their hearts to tremble.

Whoosh!

Old Monster Xu escaped the Black Destruction Serpent Dragon’s control and ran in a different direction.

“Fuck this eye!”

The Black Destruction Serpent Dragon had a deadly expression as it quickly extinguished the lightning-fire on his body and soul. However, some of the damage caused by the power of God Tribulation Lightning couldn’t be completely cured.

Whoosh!

The Black Destruction Serpent Dragon turned into a burst of dark black fire and sped through the air after Old Monster Xu.

Right at this moment, a terrifying surge of Wind Lightning appeared in the distance, and it caused the sky nearby to darken as it shattered mountains and rivers alike.

Boom! Bam!

The two figures clashed heavily before they both jumped back. The Black Destruction Serpent Dragon's left shoulder was slightly bent, but it soon recovered to its original shape in just a moment.

On the other side, Zhao Feng also got rid of the black flames of Destruction on his body. After one year of seclusion, Zhao Feng's Sacred Lightning Body had improved even more; he had successfully cultivated an Immortal Sacred Lightning Body. As long as the injuries didn't reach his foundation, he would be able to quickly recover due to his Immortal Sacred Lightning Body's immortal characteristic, similar to the Black Destruction Serpent Dragon's Destruction Dragon Body.

"His body...!" The Black Destruction Serpent Dragon was surprised. In the clash just now, the Black Destruction Serpent Dragon could tell that Zhao Feng's body was unusual in its defense, resistance, and recovery speed. All three aspects had reached a terrifying level.

"Hand over the Fan Lun Ancient Sound Palace!" Zhao Feng said with a cold expression.

He understood what happened through Old Monster Xu. The Black Destruction Serpent Dragon had the Fan Lun Ancient Sound Palace, and Zhao Feng needed to take it away or else the Black Destruction Serpent Dragon would eventually capture Liu Qinyin.

"Are you joking?" The Black Destruction Serpent Dragon laughed.

It originally wanted to capture someone that it could use to threaten Zhao Feng, but they had hidden themselves in this unique palace. However, what made the Black Destruction Serpent Dragon particularly surprised was that even it, a Demigod, couldn't destroy this palace. This meant that the Black Destruction Serpent Dragon was unable to drag out the person within the palace to threaten Zhao Feng. However, even if that was the case, the Black Destruction Serpent Dragon wouldn't give the palace to Zhao Feng.

Boom!

Scarlet-black flames surged from the Black Destruction Serpent Dragon's body as it unleashed a dark and cold dragon breath of Destruction.

Zhao Feng felt his bloodline tremble slightly as it became suppressed. After all, the Black Destruction Serpent Dragon had a wisp of the Destruction Dragon Race bloodline.

Hu!

The black-scaled non-human waved its claws, and a ball of black flames turned into a black dragon that leapt toward Zhao Feng.

Boom!

Scarlet flames of Wind Lightning surged from Zhao Feng's body.

“Sky Destroying Sacred Lightning Palm!” Zhao Feng merged his physical force and Sacred Power together into a palm technique and unleashed its power.

Boom! Peng!

The two Destructive powers of fire exploded across Heaven and Earth. The hearts of all experts in the Sky Qin Zone shook as they felt explosions that caused tremors in Heaven and Earth. If the battle between these two was just a bit closer to the Sky Qin Zone, it would probably destroy the entire island.

“What kind of experts are they?”

“They can probably destroy the entire Sky Qin Zone with a flick of their fingers!”

Some of the peak Emperors in the Sky Qin Zone didn’t dare to approach and were only able to see some blurry images.

“Sky Penetrating Finger!” Zhao Feng’s right index finger released an ancient bloodline aura. At the same time, he merged his Sacred Power of Wind Lightning into it.

Whoosh!

A beam of scarlet-golden light shot forward with the terrifying power of Wind Lightning. The Black Destruction Serpent Dragon was unable to dodge at such close range, and a hole appeared in its chest.

“This bloodline aura...” The Black Destruction Serpent Dragon’s expression changed slightly. It had ambushed Zhao Feng in the God corpse before, and Zhao Feng used this terrifying bloodline Divine Power to push it back. However, it seemed that Zhao Feng had now merged this power into his body and could use it better. Even its Destruction Dragon Body needed time to recover from the damage caused by this power.

“Bai Lin, you tricked me!” The Black Destruction Serpent Dragon had an ugly expression as it messaged in anger. The strength that Zhao Feng was currently displaying was completely comparable to a Demigod, and he had an eye-bloodline that even the Black Destruction Serpent Dragon was scared of. Even if the situation was good, the Black Destruction Serpent Dragon would only be able to fight Zhao Feng to a draw.

“I’m not sure what’s going on. My Eye of Destiny still hasn’t sensed any danger!”

Bai Lin didn’t really understand what was going on either.

Boom!

The Black Destruction Serpent Dragon had a gruesome expression as the scarlet-black flames around it rose to another level.

“Dragon Breath of Destruction!” A forbidden Destructive aura started to brew within the Black Destruction Serpent Dragon’s body.

“Not good; the laws of Destruction!” Zhao Feng’s expression turned to shock.

The laws of Destruction were the nemesis of all immortal and undying bodies. The power of God Tribulation Lightning also contained the laws of Destruction, but they weren’t the pure laws of

Destruction. Even with Zhao Feng's newly-improved body, he would be severely injured if he took this attack head-on.

"Hmph. Since I'm in the Nanlin Sea right now, there's no need for me to hide it!" Zhao Feng's expression changed as a triangular piece of metal appeared in his hand. At the same time, countless white bolts of lightning flashed in Zhao Feng's left eye as a Destructive Intent started to appear.

Boom! Voom!

A ball of burning God Tribulation Lightning Symbols thudded against the Black Destruction Serpent Dragon's soul.

However, at the same time, the Black Destruction Serpent Dragon also spat out a ball of forbidden scarlet-black divine flames.

Weng~ Boom!

A giant scarlet-black fireball appeared in Heaven and Earth like a scarlet-black sun. It radiated a forbidden aura that could destroy everything in the world.

"Arghhh...!" The Black Destruction Serpent Dragon started to scream after being attacked by Zhao Feng.

After the pain faded away though, the Black Destruction Serpent Dragon revealed a smile of mockery. "Hehehe, this brat is a retard. He's not even dodging!"

Although it had taken a Destructive eye-bloodline technique from Zhao Feng, his Dragon Breath of Destruction contained even more laws of Destruction.

However, the next instant, a figure jumped out of the scarlet-black fireball.

Whoosh!

Zhao Feng immediately approached the Black Destruction Serpent Dragon.

"Sky Penetrating Finger!"

Zhao Feng pointed at the Black Destruction Serpent Dragon's head.

Shua~~ Whoosh!

A scarlet-golden light radiating an ancient bloodline Divine Power shot through the Black Destruction Serpent Dragon's head alongside a terrifying power of Wind Lightning.

"Arghhh...! How is this possible!?" The Black Destruction Serpent Dragon screamed in pain as it looked at the unharmed Zhao Feng. Zhao Feng withstood an attack that contained the Origin Power of Destruction – this was impossible! The laws of Destruction could destroy everything!

"That is... a divine weapon!?"

The next instant, the Black Destruction Serpent Dragon's eyes locked onto the black shield covered in green lines in Zhao Feng's hand.
