

KAL Profile 101

Chapter 101 It Was Just a Convenience

The Lorenzo group was the major shareholder of their hospital, and it could not be offended.

The director listened carefully to Keith. Although he was surprised, he nodded repeatedly, "Understood, understood! Don't worry, I will do it immediately."

As soon as the phone was hung up, the director immediately rushed to the inpatient department. Then, Qi Xinglang was forced to be discharged from the hospital. "How can you treat my son like this! He is a VIP customer of your hospital, and his body has not recovered yet!" Mrs. Qi was anxious.

But no matter how she shouted, the hospital's attitude was very tough.

"Sorry, you can't continue to stay in our hospital."

Qi Xinglang had just changed out of his hospital gown when he was pushed out of the hospital gate with a cold face.

Mrs. Qi wanted to go in and argue with them, but she was stopped by Qi Xinglang. "Mom, don't you understand? Someone must have instructed them to do this."

"Who? Who dares to make trouble with our family! I'll call your father now and ask him to find someone to deal with that little bitch Galilea." Mrs. Qi was exasperated. That day at Lubi family's birthday banquet, Mrs. Qi saw that Galilea and Nore were close. But Lubi family's business was similar to their family's.

How could Nore treat them like this?

Mrs. Qi was very angry and complained to her husband.

Because Qi Xinglang was the only son, Mr. Qi was also furious.

"I know. Take Xinglang home first and I will deal with it. I want to see who is so blind and stupid!"

Mr. Qi was preparing to find trouble with that hospital.

"Mr. Qi, bad news." The manager of the marketing department ran in in a hurry. "The Lorenzo group made an exception and raised the price. Several partners have jumped to their side, and they even sent us the liquidated damages."

"What?"

"They would even pay for the breach of contract just to draw a clear line between us!"

"Micah, are you crazy? Can the Lorenzo group eat so many goods?" President Qi slammed the table angrily

"I heard that the Lorenzo group cleared two batches of cargo warehouses yesterday and now they need the supply. Moreover, they seem to be deliberately targeting us because the manager of the partnership revealed to me that the Lorenzo group wants the goods of the Qi family."

President Qi was so angry that his chest felt stuffy.

He was old and could not withstand such stimulation.

“What’s the reason?”

Although their company and the Lorenzo group had always been in a competitive relationship, there was no need to be so ruthless.

“I asked the Lorenzo group’s people and found out that it was a special order from their president.” The manager wiped the cold sweat from his forehead. “Mr. Qi, I’m afraid we have to think of a way.”

President Qi sat on the chair and calculated in his mind.

Chapter 101 x Was Just a Convenience He suddenly thought of what his wife had just said. “No way...”

Why would Micah go through so much trouble for that woman?

“Quick, contact the people from the Lorenzo group. I want to see Micah.”

In less than a day, the news that the young master of the Qi Family had been beaten up by Galilea spread throughout the circle.

Many people were waiting to see Galilea make a fool of herself, but they did not get what they wanted. Instead, the Qi Family silently swallowed the anger. It was said that Qi Xinglang had taken a long vacation and was ill at home.

For a time, no one dared to talk about Galilea in person.

Both Wendy and Dayana knew about this from Lachlan. Both of them had different expressions, but they were both very surprised.

“The Qi family doesn’t dare to touch Galilea? What a good-for-nothing,” Dayana snorted angrily. “You can also ask Micah. Their company has been doing a lot recently, and they took advantage of the situation to pressure the Qi family. I don’t know if it is a coincidence or not.” Lachlan reminded while eating.

“It must be a coincidence! Could it really be that Micah stood up for Galilea?” There was anger in Dayana’s charming eyes.

After dinner, she hurried out of the door. She had to go to Lubi family. Why was Lucy so slow? Wendy served Lachlan into the bathroom, and then she received a call from Galilea. As soon as she saw the caller ID, she closed the door in a panic. On the other side of the line, Galilea’s voice was clear and cold. “The money is wrong.”

Five million was the number she should get but there was missing a zero! She only sent five hundred thousand to the card.

“Galilea, you have to give me some time. I really don’t have that much money. You should know about Quincy family’s situation. My days are not good either.” Wendy quickly explained.

“Really? Didn’t you go shopping with Dayana yesterday?” Galilea played with the photo in her hand.

She bought it from the paparazzi at a low price.

After all, Dayana was not very famous. The paparazzi were too lazy to chase after her. It was only when she was by Micah's side that she still had some relevance.

It was easy for Galilea to get these things. "I was forced. Galilea, give me some more time." The more Wendy spoke, the softer her voice became, afraid that it would disturb Lachlan inside.

However, she did not dare to not pick up Galilea's call.

She was afraid that Galilea would expose her past scandal to Quincy family.

After thinking about it, Wendy had an idea. "One month, one month at most. I will definitely give you the money, okay? Galilea, please!"

These words were really ridiculous.

Galilea's eyes were curved. "No, Auntie Zoe, I understand you, but those people who are in debt will not understand me. Three days, I will give you three more days."

After that, she directly pressed the call button.

How anxious was Wendy on the other side of the line now? She would most likely be in a hurry to **sell**

Chapter 101 It Was Just a Convenience some jewelry or gifts that Lachlan had given her. Galilea smoothed out the thoughts in her mind and waited. The next day, she went to the shooting site early in the morning. It was a private villa in the suburbs. It had been rented to Evelyn magazine for a two-month shoot.

According to He Xiao, she was going to move the props over. But when she arrived at the scene, she found that it was a row of large containers. Not to mention Galilea alone, even four or five men would have to put in a lot of effort. "Did you come alone? Didn't I tell your company long ago that there are a lot of things? We don't have time to move them in for you, so we can only put them here." "Think of a way yourself." They also had their own work to do.

Galilea sighed silently. She had solved Qi Xinglang, but she was still restrained by the trap he had dug for her. Before Galilea could think of a solution, He Xiao called. As soon as the call was connected, she urged Galilea, "The shooting will begin soon. You should move the props over as soon as possible." "But..."

Dudu... Dudu...

Galilea took a deep breath. People nowadays really are cruel.

What was she going to do? Galilea looked around and saw the construction site not far away. She quickly ran over.

At this time, in the shooting studio.

Several male models were already prepared. Elisa brought Dayana to the door and pleaded with Assistant Director Liu Feng. "Director Liu, let Dayana go in and take a few photos. Even if we don't use them in the end!" Elisa took out the card she had prepared and stuffed it into the director's hand.

“This... It’s not that I don’t want to help, but Director Qiu is the one in charge. Have you heard of his temper? I really can’t help you.” Liu Feng shook his head. “If it really doesn’t work, you can let Dayana be a model next to you. Is this okay? Later, I will arrange a few new artists for you to get to know. They are all very beautiful. Moreover, Mr. Lorenzo will probably come in a while. You don’t want him to be angry because of this small thing, right?” Elisa lowered her voice.

Chapter 102

Although Micah’s company had not entered the entertainment industry yet...

Everyone in the circle knew his relationship with Dayana. There was no need to provoke the big boss because of such a small matter.

Liu Feng did not hesitate. After accepting the card, he let Dayana in. “Dayana, you have to seize this opportunity to see if you can stimulate Micah. As a man, as long as he is jealous, he will definitely care about you,” Elisa said through gritted teeth. Dayana agreed.

The moment she entered, she saw so many half-naked male models. She gulped.

She could not help but imagine how good it would be if Micah stood in front of her like this.

Elisa called her a few times, but she did not respond.

“Dayana! Go change your clothes quickly. Don’t just stand there. I will try to get you a bracelet later. As long as you look good, there will definitely be a camera.”

Elisa urged. She also wanted to take advantage of the fact that Dayana was not pregnant for too long and could still pose for pictures. With the Lorenzo group as the backer, maybe she could become famous.

Dayana nodded and hurried to the locker room behind.

However, a few seconds later.

“Ah, there is perfect!” Several workers came in with the background board. They were not staff here. They were hired by Galilea to move things. They did not know that the locker room was behind them.

Dayana screamed and ran out in panic, looking very embarrassed.

“What’s going on?” Director Qiu looked up and saw that it was an unknown little actor. He frowned and asked, “Can we still shoot?” “Hurry up and deal with it. Who is in charge of this?” He Xiao’s face was cold. She immediately saw Galilea behind him. “Why did you let them move in?”

“Why not? Should I move them myself? Can I?” Galilea was not idle either. She was also carrying a prop box in her hand.

He Xiao snorted, “That’s the job assigned to you by the company. If you can’t do it, you can say it in advance. Now that it’s a mess and the filming progress is delayed, you can bear the responsibility yourself.”

“I only knew five minutes ago that you wanted me to move thousands of kilograms of things by myself.” Galilea retorted bluntly.

After that, she glanced at Dayana who was crying. It was really bad luck.

“Galilea! Are you messing with me? You deliberately found so many people to see me naked. You are evil.” Dayana gritted her teeth and trembled with anger.

Elisa rolled her eyes and immediately hugged Dayana. She comforted her loudly, “Dayana, don’t cry. This kind of person is cruel and unscrupulous. You ignored the past and let her join MON. But she repaid kindness with ingratitude and even found someone to plot against you.”

Galilea didn’t even have a chance to say a word before she was labeled as such.

Dayana did not react as quickly as Elisa did.

Chapter 102 This Was Really a Coincidence She looked up blankly and saw Elisa giving her a look.

Dayana looked over and saw Micah walking in with Keith. She ran over in a hurry and threw herself under the man’s coat. “What’s wrong?”

Micah frowned. There was a bit of coldness on his face.

The rest of the people in the audience gasped.

Great, the situation escalated.

DUS

All of them looked at Galilea sympathetically. After all, they did not understand the truth. They only thought that Galilea was taking revenge on Dayana. However, because the timing was wrong, she was caught red-handed by her ex-husband. At this time, He Xiao did not make a sound and just quietly watched the play from the side. Anyway, no one cared about the truth anymore.

Liu Feng knew that Dayana was released by him. If they pursued the matter, he would not be able to escape the blame. Therefore, he immediately stepped forward and smiled fawningly. “Mr. Lorenzo, I’m really sorry. It was our management’s negligence that caused such a misunderstanding. We will clear the scene now. Don’t worry, this news will not be leaked out.”

Dayana firmly grabbed Micah’s shirt and cried non-stop.

She looked like she had suffered a great grievance.

Then a few workers were thrown out.

Galilea watched as Micah covered Dayana with his coat. She felt a bitter taste in her throat. She calmly met Micah’s gaze.

They had already treated her as the mastermind.

She didn’t care.

It was unknown if her reaction had influenced the man’s thoughts.

Micah raised his hand, and soon, only he and Galilea were left in the entire studio. “Micah, you must avenge me. Otherwise, my reputation will be ruined in the future.” When Dayana left, she held Micah’s

hand delicately. "I didn't expect you to become like this." His cold voice was filled with disgust. The entire shed was empty, and this sentence was deeply embedded in Galilea's heart.

She thought that her heart, which had long since stopped hurting, seemed to have been torn apart.

"If you want to retaliate against me and plot against the Lorenzo group, I can play with you. But she is pregnant, you should not touch her."

After saying this, Micah stared at the woman in front of her. "The good daughter taught by Onyx Frankie is even more despicable than him."

Galilea only felt her blood rushing to her heart. She rushed over and raised her wrist. Regardless of whether she could hit him or not, she just wanted to use all her strength to slap him.

But there was a huge difference in height between them.

Micah was also an extremely shrewd person. He saw through Galilea's actions at a glance.

In the next second, he held her wrist in his palm.

The disgust in his eyes grew even stronger as he shook Galilea off. "You overestimate yourself." Galilea took a few steps back and her elbow hit the nail on the background board. The pain pierced her skin and made her gasp.

Chapter 102 This Was Really a Coincidence But no matter how painful it was, it was not as painful as Micah.

Her eyes were filled with hatred.

"Back then, when I had a miscarriage, did you care about it?"

Knowing that there would be no response when she asked this, Galilea sneered, "Micah, you better hold Dayana in your palm every day and watch her. Otherwise, I will definitely let her have a miscarriage and taste the pain I have suffered!"

"Don't you dare!"

Micah's face was full of anger.

"We'll see!"

There was not a single tear on Galilea's cold face. She just looked at the man in front of her. Hatred surpassed all emotions, and her mind had never been clearer than it was now. She looked at Micah and raised her other hand. "I have been recording."

"The matter of Dayana being seen naked will soon spread throughout the entire Cloud Town. Aren't you very powerful? Then go and spend a lot of money to cover up the news. Otherwise, everyone will know about this scandal."

"People will know that Micah's wife has been seen naked." Galilea gritted her teeth. She really disdained to use such methods. She was not so despicable. Even if she wanted to destroy the Lorenzo group, she would win beautifully. But now, it was Dayana and Micah who forced her to this step. "Do you think I

will give you a chance to send out the recording?” Micah stepped forward and directly reached out to grab it.

Just as his palm was about to touch Galilea, a smile suddenly bloomed on her face. Then, her hand actually hooked onto Micah’s neck.

“Micah, you’ve been tricked.”

Chapter 103 Playing Tricks

A few seconds later.

The door outside the studio was pulled open.

Everyone witnessed Micah holding Galilea, and the scene of Galilea leaning against his arms, they were so intimate.

Was this reason why Micah had just cleared the room?

Galilea hid the smile in her eyes and took back her phone. She didn’t want to record it at all. She just sent a message to He Xiao, saying that the matter had been solved.

In this way, everyone would come back to work, and they would see this scene,

She just smiled and watched Micah let go of her with a cold face.

“Micah?” Dayana almost fell down. Fortunately, Elisa was supporting her.

She could not understand the scene in front of her. Why did Micah hug Galilea?

The people behind Dayana were also stunned.

Who should they help?

Which one did Micah like?

In front of everyone, he was actually so close to Galilea. Obviously, he did not care so much about Dayana.

“You are really crazy.” Micah stared at her fiercely.

Galilea smiled indifferently, “Even if I have to be spurned by everyone, I will pull you along. Eh? She can’t stand it anymore and ran away.”

Dayana’s face was ruined, she was angry, crying as she ran out.

Micah pursed his thin lips into a line and left in anger.

Galilea looked at his back as he left. Her heart was as still as water. She did not care about the gazes of the staff and walked towards He Xiao. “The things have been moved. Let’s start filming.”

He Xiao was stunned. She did not expect that Galilea’s mental strength was so strong that she could adjust to working in an instant.

The people of the director team gathered together to gossip, and then Director Qiu shouted, "Are we still going to shoot?"

"Shoot, shoot immediately!"

Everyone returned to their posts, but after such a small episode, the filming progress was obviously delayed and everyone was forced to work overtime.

However, everyone only quietly discussed Galilea and did not say a word in front of her.

They were afraid that they would provoke the Lorenzo group instead.

On the other side, Galilea finished organizing the props and stood quietly to the side, watching the models shoot.

Director Qiu frowned and stared at the monitor. He was always dissatisfied. Suddenly, he saw a beautiful side profile. He took off his headphones and shouted at Galilea, "You, come and try."

Galilea was stunned.

"Me?"

Liu Feng immediately went over, "Director Qiu feels that there is a need for an accompanying model. You don't need any experience. Just stand there and watch them."

Chapter 103 Playing Tricks "I am MON's designer. I am not a model." Galilea shook her head.

Liu Feng scratched his head and wanted to continue persuading her.

Liu Yuanyuan, who came to deliver food, whispered to Galilea, "There's a reward."

Money?

"I'll do it." Galilea immediately agreed.

Liu Feng was stunned. Mr. Lorenzo's taste was really special. The difference between the girls he liked was really big.

After Galilea changed her clothes, she completely crushed those online celebrities and models. A beautiful and delicate face appeared on the monitor. It was both generous and dignified.

"Is this okay?" She asked, and her eyes were particularly attractive.

"Okay, let's start filming." Director Qiu was quite satisfied. After all, as a model, it didn't matter whether she looked good or not. What was important was that she had to be recognizable.

Liu Yuanyuan and Lin Kai held their lunch boxes and looked at Galilea standing in front of the camera. They wanted to applaud her on the spot.

As soon as they arrived, they heard the staff talk about what had just happened. Liu Yuanyuan almost quarreled with them.

Galilea seduce Micah?

She harmed Dayana's reputation?

How was that possible!

"It must be a misunderstanding," Liu Yuanyuan whispered. She was 100% supportive of Galilea. Moreover, she felt that Micah really had no taste. He actually gave up on Galilea and chose a minor celebrity like Dayana.

"If Galilea changes professions, she will definitely become a supermodel!"

Lin Kai nodded slowly. "I agree."

However, she didn't tell anyone about the injury to Galilea's elbow. She endured the pain throughout the shoot and didn't reveal any emotions.

As the work in the shooting shed was going on, He Xiao called Yun Xi outside and told the truth about the situation here. "Teacher Yun Xi, Galilea indeed has a backer. Her relationship with Micah is not as bad as the rumors say." He Xiao thought that it was also Micah's idea that Galilea could be admitted to MON.

"You don't need to pay attention to this. Remember what I told you." Yun Xi's voice was still steady.

"Understood."

He Xiao put down his phone and turned to look in the direction of the studio. He sighed.

Galilea, don't blame me. If you want to blame someone, blame yourself for provoking a madman.

The filming continued for almost five hours.

When Director Qiu finally finished, Galilea was so tired that her legs were numb. She rubbed her sore neck and asked, "Is it over?"

"Alright, it's done. It's six o'clock tomorrow morning. Everyone should come earlier."

Galilea helplessly went to the locker room to change her clothes.

Liu Yuanyuan and Lin Kai had already left. She carried her bag on her back and walked towards the bus

Chapter 103 Playing Tricks **stop** with the lunch box that Liu Yuanyuan had brought.

Behind her were many speeding cars.

They were all the staff who came to shoot today, but none of the cars stopped beside Galilea and asked her if she wanted a ride.

Galilea also did not open her mouth to ask them.

As the night grew darker, the moonlight and street lights dragged her figure out. It had been a long time since she had been this tired. The annoying face of Micah flashed through her mind.

Galilea frowned.

Tears suddenly welled up in her eyes.

Dad, I won't embarrass the Frankie family and you.

That night, as soon as Dayana returned to Quincy family, she locked herself in her room and cried for a long time. "What's going on? Why did it become like this?" Lachlan was annoyed.

Wendy quickly tried to care for her.

But as soon as she entered, she was chased out by Dayana.

"I don't want to see anyone related to Galilea. Get out of here!" When Lachlan heard this in the living room, he roared, "How can you talk to your mother like this?"

"She is not my mother. She is not worthy."

"Look!" Dayana shouted at Lachlan, flustered and exasperated.

She threw her phone to Lachlan. There was an anonymous message on it, which was full of Wendy and Onyx's intimate photos.

"You better explain it to me." Lachlan threw her phone down angrily and glared at Wendy.

"I, I..."

"It's all in the past, You didn't ask, so I didn't tell you." Wendy panicked and rushed up to beg Lachlan to forgive her.

She played the tricks that women usually used and pretended to be pitiful in front of Lachlan.

"I was forced by him."

"After the incident of the Frankie family, he wanted to push those debts onto me. Fortunately, I left early, or I would have been implicated by him. His daughter, Galilea, also came to find trouble with me. Dayana knows this."

Wendy sniffed and cried.

She thought that she could take the opportunity to get away with it, and the next message was sent.

It was the receipt from the pawnshop.

Lachlan was so angry that his face turned green. He slammed the door and left Quincy family. "Dayana, help me plead with your father. I really love him wholeheartedly."

Dayana was so angry with Galilea and Micah's intimate actions today that she felt disgusted when she saw Wendy. "You should move out of my house first so that I won't feel disgusted when I see you."

Chapter 104 Keep an Eye on Her

Dayana locked the door of the room again.

The entire living room of Quincy family was empty. Only Wendy was left.

She was furious. She took out her phone and called Galilea directly. She scolded, "I've already raised the money according to what you said. Why are you going back on your word? Is it good for you to harm me like this?"

After a long time, Galilea said casually.

"There are no benefits, but I am in a good mood."

"You mad woman! No wonder Micah doesn't want you." Wendy's chest heaved violently, and she gritted her teeth.

"It doesn't matter. Anyway, I don't want him. Oh, right, I have a gift for you. It should be there soon. Don't thank me."

"What? What did you do this time?"

Wendy shouted at her phone, but Galilea had already hung up.

That night, Wendy almost did not close her eyes.

She thought about the gift that Galilea had mentioned and tossed and turned on the bed.

"What exactly is it? That little slut is even harder to deal with than her father. Does she know something?" The more Wendy thought about it, the more frightened she became. She felt thirsty in the middle of the night, so she got up and went to the kitchen to pour a glass of water.

Unexpectedly, just as she went out, she saw Lachlan bring a woman back. She was beautiful and had a good figure. Most importantly, she was very young and looked about the same age as Dayana. "Lachlan, I should go first. Your wife has been staring at me all the time. It's so scary."

"Don't worry about her. She cheated on me, but I can't cheat on her?"

With a wave of his hand, Lachlan entered the room with the woman in his arms.

He slammed the door, and Wendy became the one who was chased out.

The glass she held fell to the ground and shattered into pieces. Was this present that Galilea mentioned?

Wendy almost fainted from anger.

The next morning, Lachlan acted as if nothing had happened.

Wendy wanted to explain to him. She had already accepted the fact. After all, not many could be like Onyx, guarding his dead wife for so many years.

Even if Lachlan had a woman outside, it was nothing.

As long as he did not bring her home, she could endure it.

But before she could open her mouth, she saw Lachlan's phone light up. She had looked at it before, so she picked it up today as well. After looking at it, she found that it was all credit card records.

In just a short while, the woman had maxed out the quota of the credit card!

“Lachlan, you gave her your card? How can you do this to me?” Wendy was shocked.

She couldn't think of any complaints, and her tears flowed down.

Lachlan looked at the morning news and didn't mind Wendy at all. “I won't come back today.”

After he finished speaking, he left Quincy family directly.

Chapter 104 Keep an Eye on Her Wendy was completely stunned. She never dreamed that the good days would become like this after only a few months.

On the other side of the table, Dayana glanced at her. “You don't have to be sad. My dad knew that woman before you. Speaking of which, that makes you the third party.”

Wendy didn't know how to describe the father and daughter.

When Dayana also left the door, Wendy immediately called Galilea to warn her, “The agreed deadline has not yet arrived, but you actually went back on your word. You can't get a single cent of that money. Anyway, I don't care anymore.”

“Is that so?”

Just as Wendy was about to speak, Galilea's voice tore apart all of her trump cards.

“Even if I send Lachlan all the photos of you and those men in bed, it doesn't matter?”

“No!”

Wendy's throat seemed to be choked by someone, and her face was pale with anxiety.

She had no idea how much evidence Galilea still had in her hands. She could only grit her teeth and say, “Don't you just want money? I'll give it to you.”

“Ten million, you still have two days.”

After Galilea finished speaking, she could imagine how ugly Wendy's expression was at this time.

She hung up the phone and was in a good mood.

Even if Wendy did not have that much money, she would still desperately go around to borrow money. Galilea opened the contact list on her phone and found Qin Xue.

She was Lachlan's lover.

She was also a friend that Galilea had met in prison. She had also coincidentally found out about the relationship between Qin Xue and Lachlan. At that time, she did not expect such a dispute to occur.

Qin Xue had long wanted to get rid of Lachlan. It was Galilea who had troubled her to maintain a relationship with Lachlan for a period of time.

Galilea transferred 100,000 yuan to Qin Xue.

Soon, she received a reply, “Happy cooperation.”

At the same time, Galilea also received a few photos. It was taken by Qin Xue who had sneaked into Lachlan's study last night. It was a bidding document.

Several companies were bidding for a piece of land on the west side of Cloud Town.

Coincidentally, the Lorenzo group was also going to enter the real estate market.

Galilea looked at those photos, the corners of her mouth curved up, and she sent another message to Qin Xue. Then she put down her phone and looked out the window.

"Winter is coming."

The Lorenzo group's winter was coming.

Micah walked along the corridor of the building with Keith. The employees who came and went would look at him differently from usual.

Although they were equally respectful, Micah could sense that there was something else in their eyes.

"Mr. Lorenzo, all the reports that the reporters wrote have been dealt with," Keith said truthfully.

From early in the morning, some anonymous alt accounts began to post some comments about Micah's private life on the Internet. Most of them said that he had rekindled his old love with Galilea and ignored his current pregnant wife.

Chapter 104 Keep an Eye on Her He had completely become a scumbag. Although Keith only needed to make a few phone calls to make the media reporters shut up and nip this matter in the bud.

But he could not block the ears of those partners.

They had more or less heard some rumors. Although it was not necessarily true, they would not distinguish between true and false.

Therefore, in a short night, the Lorenzo group's reputation was greatly damaged. The employees were also very curious. Who did Micah like? Or did he want both of them? "We have already sent someone to explain to our partners." Keith lowered his voice. Based on his many years of experience, Micah was already on the verge of losing her temper. Not only was his face terrifyingly gloomy, but his eyes were also scary. The elevator door slowly closed, and Micah clenched his right fist, making a sizzling sound. "Keep an eye on Galilea. Don't let her make any more trouble." So you wanna ruin my life?

Micah's eyes darkened. If he wanted to deal with Galilea, it would be as easy as turning his hand over.

But why hadn't he made a move yet?

This reason was something that even Micah could not dig out from the depths of his heart.

Chapter 105 Seduce

When Galilea returned home, she used the gauze bought from the pharmacy downstairs to simply bandage the wound on her elbow.

However, she could only barely reach it with one hand.

During this period, she kept tearing the wound, which made her gasp.

The wound was not big, but it was deep and painful!

It was not easy to bandage her wound, but her head was already full of sweat.

Just as she was about to wash up and rest, she heard a few knocks on the door. It was not rushed, but it was very steady.

Galilea frowned and picked up the broom next to her. "Who is it?"

The security nearby was not good, and there were often thieves entering the house, but she was poor here, so there was nothing to steal.

"It's me."

Galilea heard Nore's voice and opened the door.

"Why are you..."

Before she could finish, he had already pulled her into his arms.

There was a faint smell of wine on his body, and he was wearing a gray suit. His usually sunny and handsome face had a few lingering shadows.

Galilea had never seen such a Nore before.

"Let go of me." Galilea's wound was pressed down by him. She gritted her teeth and patted him on the back.

It wasn't that they hadn't hugged each other before, but it was just a polite greeting between friends, but this time, Galilea just wanted to push him away as soon as possible.

on

She didn't have romantic feelings towards him.

"Galilea, I'm drunk. After I get drunk, if... if I do something, can you forgive me?" His head was pressed against her neck, and his voice was filled with endless exhaustion.

"If you're drunk, go home and sober up." Galilea frowned.

The next second, she pushed him away forcefully. Nore lost his balance and fell on the wall behind him with a thud.

His breathing was a little rapid, especially when he saw that Galilea was wearing only a vest at this time, and that he could not help but hug her just now, the alcohol in his mind was urging him.

"Galilea, I..."

Nore wanted to tell her everything that had happened at the wine party tonight.

Tomorrow, news might spread from the Williams family. He hoped that Galilea would understand that his heart had not changed. He had agreed to get engaged to Xu Ya because of the pressure from his family.

In order to protect the team.

Nore took a deep breath, but as soon as the words left his mouth, his eyes fixed on Galilea's injured arm.

"How did you get injured?" He was anxious and threw everything he had just said to the back of his mind.

Chapter 105 Seduce

It's okay. I got it when I moved the things." Galilea re-glued the gauze and looked at Nore. "What did **you want to** say just now?" As she spoke, she poured a glass of water for Nore. Nore pinched the space between his eyebrows and shook his head. "It's fine."

He couldn't open his mouth. The courage he had wanted to explain just now disappeared in that instant. He was the one who knew best how tired Galilea was. He shouldn't have given her more pressure. Perhaps, she didn't care about the matter between him and the Williams family.

Anyway, it would be solved in a few days.

With this thought in mind, the sloppy smile appeared on Nore's face again, "I can't go home tonight. I can't drive. Can I spend a night here with you?"

"If you can't drive, how did you come here?" Galilea looked at him and gritted her teeth.

"... found a substitute driver."

"Then find a substitute to drive you back." Galilea turned around and went into the bedroom.

"It's too late. The substitute driver is off work." Nore smiled and lay on the sofa.

Bang.

A quilt fell on Nore's head.

"I'm going out at five tomorrow. If you dare to snore, I'll kill you." Galilea shouted from inside and went to wash up.

By the time she finished cleaning up and came out, there was no movement in the living room.

Galilea yawned and directly lay down to sleep.

The man on the sofa kept his eyes open. He smiled bitterly, not knowing whether to be happy or disappointed. She really trusted him too much. She trusted him so much that she did not regard him as a man at all.

At this time, watching the upstairs lights go out, Micah sat in the car, his eyes cold.

After he finished his meeting at the company, he heard Keith talk about what happened after the shooting.

There was blood on the background board.

He passed by the place where Galilea lived and asked the driver to come in to have a look. He saw Nore's car parked here.

Micah frowned and an inexplicable feeling of irritability hit his heart.

"Drive."

Early in the morning, when Galilea woke up, Nore was already nowhere to be seen. She was too tired yesterday and slept soundly. She did not hear the sound of him leaving at all.

After washing up, Galilea went to the film studio.

As soon as she entered, she heard the whispers around her. All the staff passing by were looking at her and pointing at her. –

There was no need to listen, and she did not know if it was anything good.

Galilea shook her head helplessly and waited for today's work arrangements.

"Teacher Yun Xi!" Someone shouted.

Chapter 106 Is This How You Treat Him?

This degree of importance and honor was unprecedented! Galilea herself was stunned. She had become a designer for MON. It had only been a little more than a month and she already had the right to sign her name?

The next second, she felt countless jealous gazes.

At that moment, she looked at Yun Xi’s smile again and suddenly understood something.

His few words lifted her to the clouds, but he was doing it with ill intentions.

MON’s internal competition mechanism was already very intense. In addition to the continuous rumors around Galilea, even the always fair chief designer, Yun Xi, gave her a chance.

Undoubtedly, Galilea became a thorn in the flesh.

Galilea frowned. She felt that Yun Xi was intentional.

But, why? Before she could figure it out, Yun Xi had already taken He Xiao and the others inside, and she had been left in the shooting shed.

“Make way.”

Someone shouted, and then holding the box, walked in front of Galilea with a blank expression.

They were all designers who had entered the office earlier than Galilea, but they had not had the chance to stand out. Right now, it was as if they wanted to kill Galilea.

Bang.

It was unknown who walked past Galilea and bumped into her.

It was very forceful, obviously intentional.

Moreover, it just happened to hit Galilea’s injured arm.

“Oh, I’m sorry. If you want to rest, go to the side. Don’t affect our work. If you get hurt, we can’t afford to compensate you.”

The person who hurt Galilea didn’t apologize at all. Instead, she spoke in a strange tone.

Galilea pursed her lips. She couldn’t stay any longer.

She wanted to walk out to get some fresh air, but she heard a series of mocking comments, “How did she get in? Don’t tell me she also relied on men?”

“How unlucky. Why are we in the same company as this kind of person? Disgusting.” Galilea turned around and stared at those people.

Only then did they shut their mouths and leave, muttering.

Galilea withdrew her gaze and walked out alone.

In any case, this was personally announced by Yun Xi to give her a break, so why should she wait inside to be mocked.

There was only one problem now, she could not leave MON.

She needed this opportunity, otherwise, there was no room for retaliation. She wanted to retaliate against Micah, but she had to live.

She also wanted to live a beautiful life, a life that made everyone envious.

Then, what should she do?

When Mirah's car stopped in front of her. Galilea was still immersed in her own thoughts. She only

Chapter 106 Is This How You Treat Him? came back to her senses when Keith had called out to her.

When she looked up, it was Micah's cold face.

Galilea frowned. When she did not want to see him the most, he appeared?

"Am I in the way? Then I'll go." Galilea was in no mood to respond to Micah.

The man glanced at her and said coldly, "Get in the car and I'll take you to a place."

"Not going."

Galilea directly refused.

"Going to the Frankie Group."

Because of these words, her footsteps abruptly stopped.

Galilea turned back and sat in the car obediently. As the car started, her hand tightly gripped the seat belt.

After she was released from prison, Galilea had inquired about the current situation of the Frankie Group, but she couldn't find out. Some said that the Frankie Group had gone bankrupt, while others said that the Frankie Group had changed its name.

The original building had long been rented.

However, Galilea did not find any clues about the official bankruptcy of the Frankie Group.

In other words, the Frankie Group still existed, but was hidden by Micah in a certain way.

He hated the Frankie family so much, but he kept her in Cloud Town. Why? Of course, he had to slowly torture her.

Galilea pursed her lips. This day had finally come.

As she expected, Micah brought her to a *very* remote old factory area. Looking at it, it was a scene of decline. This was Cloud Town's most dilapidated place.

There were flies flying everywhere outside, and the smell was very unpleasant.

After the car stopped, Galilea saw the sign hanging, the crumbling wooden plaque, Cosmos Group. Such a name really did not match this place.

"What do you mean?" Galilea frowned.

"This is the Frankie Group, but now it has become a company that collects waste. All of Cloud Town's rubbish will be sent here." He said casually and glanced at Galilea.

However, there was no reaction that he expected.

Galilea was so calm.

She turned her head and asked, "Is that it?"

Then, she sneered, "Then I really have to thank Mr. Lorenzo. During the time I was in prison, you still took so much effort to help our Frankie family manage the business. There's nothing wrong with a company that collects trash. It's just trash. Now, isn't Mr. Lorenzo's car parked in this garbage dump?"

She provoked him without fear of death.

The next second, her chin was tightly pinched by the man.

The intense pain made the smile on Galilea's face become furious. After a long time, she curled her lips. "You've been divorced for more than a year, and you still hit women?"

"Do you think I don't dare?"

Micah asked

"Of course you dare. You are Micah. You are treacherous and ungrateful. What can't you do?" Her tone wastelaxed and her eyes were full of contempt and sarcasm. They met and Micah was filled with frustration in just a few minutes Galilea's reaction was imprinted in his heart. He was very unsettled with her reaction. Did she get confidence after getting close to Nora? She dared to mock him like this. Staring at her face for a long time, Micah suddenly loosened her hand Galilea's chin was swollen and painful. She subconsciously retreated with her back against the car door. She only heard Micah say, 'Drive back. Let her go so easily?'

No, this was not Micah's style.

He never gave anyone a chance to live. Galilea turned around and saw the wooden plaque fall down. It seemed to hit her heart shaking up the hatred in her heart that was stained with lust. Half an hour later Micah's car stopped at the entrance of the shooting shed again. Galilea did not say anything and just looked at him. "Take off your clothes."

"What?" Galilea did not react.

Then, Micah rolled down the window and took off his coat. Looking at her surprised expression, his eyes were cold. Or, let me help you.”

He directly pulled Galilea over. There was a piercing sound. His entire body pressed over. “Micah, you’re crazy!” Galilea’s eyes widened.

The driver and Keith immediately got out of the car and walked away a little.

At this time, Micah grabbed her wrists with one hand and smiled coldly. The scene yesterday was not exciting enough. Don’t you want to ruin the Lorenzo group’s reputation? Then you should do it for real.”

He was a man, and he did not suffer losses.

But what about Galilea?

He lowered his head and kissed her on the neck.

“You madman...”

Galilea felt humiliated.

Her hand trembled and she grabbed the man’s shoulder. “Bastard!”

Micah’s breathing became rapid. The faint smell of her body entered his nose, and he lost his mind “Last night, you also treated Nore like this?” His eyes surged with anger

Chapter 107 **Unexpected Harvest**

Galilea did not know what he meant at all.

She just wanted to escape from his arms, but it was too late.

The clothes on her body were messy and torn. Although only her shoulders were exposed, anyone who saw this scene would think that something might have happened.

And they would not think that Micah was trying to force her.

It was her who was shameless and offered herself to him.

He didn’t really do anything to her. He just left some marks on her face and neck. With a wave of his hand, he threw her aside.

Micah’s heart beat violently.

He had to stop in time, otherwise, he really couldn’t help but...

Galilea took a deep breath. At this time, there were already people outside watching.

Galilea looked down and saw Micah’s coat next to her. She put it on directly, then pushed open the car door without looking back and left.

Micah stared at her back, and his palm unconsciously tightened.

He felt a little upset. What was he doing?

What Micah did not expect was that after Galilea went in, she calmly faced the gazes of those people. She went to the prop group to borrow a half sleeve and threw Micah's high-end suit into the trash can.

"That suit must cost tens of thousands, right?" "What is the relationship between her and Mr. Lorenzo? It seems that because of her, Micah stopped marrying Dayana twice."

"Maybe she will now be Mrs. Lorenzo?"

Mrs. Lorenzo?

Galilea felt that this name was the greatest insult to her.

But in her heart, she had already scolded Micah a million times.

Just as Galilea was thinking about how to get back at him this time, a figure appeared in front of her. It was Dayana's agent, Elisa.

"Dayana wants to see you. Come out with me." She shouted at Galilea arrogantly.

Her voice echoed in the shooting studio, even disturbing the normal shooting there.

Dayana used a connection and became a shooting model of Evelyn. Although she was not the heroine, she came early in the morning.

She unexpectedly witnessed the scene just now.

In the van, she was so angry that she was about to kill someone. She directly ordered Elisa to bring Galilea over.

Galilea glanced at her and did not move.

Elisa gritted her teeth and asked Dayana's bodyguards to come over and carry Galilea out.

This caused many people to discuss.

"Look, karma is here."

"In my opinion, Dayana's temper is really good. To be able to suffer such grievances, if it were me, I would definitely make Galilea unable to stay in Cloud Town."

Chapter 107 Unexpected Harvest "I don't think Galilea will be bullied by Dayana. Have you forgotten what happened before? Go to work."

He Xiao followed Yun Xi and saw that Galilea was taken away.

He Xiao could clearly see that Yun Xi was smiling, but there was a deep scheming look in her eyes.

"Are you going to bring Galilea back?" she asked in a low voice.

After all, she was now MON's person. If the matter was really blown up, it would be difficult to end it.

"There's no hurry. The show has just begun. I didn't expect her to be so capable that even Micah was seduced. If I had known earlier, I would have taken action two years ago." Yun Xi clicked his tongue. He

Xiao did not understand the meaning of these words, but he could feel the ruthlessness emanating from him.

For a moment, she did not dare to speak. In the company, Yun Xi had always given people the impression of a high and mighty design master. However, it was commendable that he was very gentle to everyone. In addition, his works would always definitely cause a stir in the industry and the international design circles. Therefore, everyone in MON was supporting him. However, only a few people who had really been Yun Xi's assistant knew how terrifying this person was!

He was completely a lunatic in the design industry.

He Xiao was one of the few insiders. Some things that Yun Xi had asked her to do before, she did not dare to tell anyone.

Because she still had to make a living in this circle and could not provoke Yun Xi.

Moreover, she did not know what the power behind Yun Xi was, but she knew that it was definitely not simple. Otherwise, why would a jewelry designer dare to stare at the big boss of the business world, Micah?

He Xiao retracted her gaze. A small character like her could not help Galilea.

At this time, in the van.

Galilea was pressed down by the bodyguards and was slapped several times by Dayana.

She gritted her teeth and stared at Galilea. "Micah doesn't want you anymore, but you still seduce him in broad daylight. Did you do it in the car? You..."

Before she could finish, she slapped her again.

This time, she used a lot of force, causing Galilea's head to hurt and her ears to ring.

A trace of blood flowed from the corner of her mouth. "You lack men, don't you? Alright, I'll find someone to accompany you." "Find me a few horny men. Take them here immediately." Dayana took out her phone and dialed Terry's number.

On the other side, Terry was waiting for a meeting at the company.

Hearing Dayana's words, he thought that she was acting coquettishly with him and said with a smile, "So impatient? Then I'll find you tonight."

"I'm not looking for you. Hurry up and arrange someone for me."

Galilea lowered her head. When he heard these two words, her eyes narrowed.

The other party was not Micah.

Unexpectedly, she had discovered such a secret.

Davana was so angry that she did not know that she had been carelacc for a moment She **throw the**

Chapter 107 Unexpected Harvest phone and ordered Elisa, "Find me a few mobile phones. I want to record them."

Elisa thought that she was going to scare Galilea, but she did not expect it to be true. She suddenly panicked and advised, "Dayana, you have to shoot later. Leave her here first."

"No!"

"You two, strip her clothes!" Dayana shouted arrogantly.

Her words were directed at the two bodyguards.

Although the bodyguards were her personal bodyguards, they were sent to her by the management company. It was okay to help her get Galilea here, but to strip her? The two bodyguards hesitated. This was not their job duty. If word got out and they lost their job, Dayana would not care about them. Seeing that they did not move, Dayana became anxious and shouted, "Do it, are you deaf?"

"Dayana, your lover called you." Galilea was lowering her head and suddenly said.

Dayana did not directly refute but looked in the direction of the phone. When she reacted in the next second, she saw Galilea's cold face full of ridicule.

"If Micah knew that you have someone else, his expression would definitely be very interesting."

Her words confirmed her guess.

Dayana was really stupid.

Chapter 108 The Patient's Family

All of a sudden, Dayana panicked.

"Don't talk nonsense. I am wholeheartedly devoted to Micah. There is no such thing at all. Instead, it is you who repeatedly tempted him." Dayana pointed at the tip of her nose and scolded angrily.

Galilea's smile deepened.

She was thinking about how she should play to make Micah jump in anger.

"You are not allowed to laugh!"

Dayana rushed up again, wanting to hit Galilea.

But this time, Galilea dodged. "You b*tch..."

Dayana ignored her and rushed up to pull at Galilea's hair. But just as she was shouting, Elisa hurriedly stopped her. "Dayana, stop fighting. The director called you over."

"It wasn't easy for you to get this opportunity. Don't ruin your business because of her." Elisa persuaded her a few times before pulling Dayana out.

The two bodyguards looked at each other, locked Galilea in the car, and left.

Galilea sat down paralyzed, took a few deep breaths, and calmed her breathing.

When Dayana left, no one came to drive Galilea until night, and she was left in the car.

Galilea also wanted to call for help during this period, but her mobile phone was taken away by Dayana, and the car was in the parking lot. Even if someone heard her voice, they would care about Dayana's identity and ignore her.

After thinking about it, she still decided to save her strength.

Until...

The parking lot at night was so quiet.

Dayana leaned against Micah's arm. The two of them walked over. She stepped on her high heels and acted like a spoiled child. "I took photos all day today. I'm so tired. I want to go to your place to rest."

W

con

"I still have filming tomorrow morning. If I go home, it's too far. It's more convenient to go to your place." Galilea really didn't want to hear it.

But the parking lot was too empty. Dayana's ear-piercing voice couldn't be dispersed no matter what.

Through the glass, she looked out.

Micah had his back to her and was actually helping Dayana carry her bag.

At that moment, Galilea only felt that the two of them were really compatible. One was a bastard and the other was a whore.

"Okay, okay?" Dayana deliberately leaned forward.

She thought about it. Even if Micah really did something to Galilea, it must be Galilea who took the initiative. How could Micah like Galilea's dull body?

She was pregnant now and could not go too far.

But as long as Micah wanted it, she could still help him.

With this thought in mind Davansated oven more muottichis almost atinking his entire unor body

"Okay Micah haid her with one hand and did not let her continue to move His eyes were coid and there was no trace of desire

"Micah

you are so good" Although Dayana had achieved her goal, Micah did not touch her

She forced a smile and glanced in the direction of the van

Micah also noticed it and asked in a low voice, "Your caris parked here?"

"Yeah' Dayana quickly nodded and circled his arm, not allowing him to look over "Tomorrow, the driver will come to get the car. It's too late. Let's go."

Micah did not ask more He nodded and the two of them left in his car

As the sound of the car faded away, Galilea bit the corner of her lips tightly

“Heh..”

He would rather have a woman who cheated on him.

Galilea was a little sleepy. The surging memories in her mind made her very uncomfortable. She leaned to the side and planned to sleep first.

But just as she closed her eyes, someone opened the door.

It was a few very strong men looking at her together. Galilea stared at them vigilantly. Obviously, they were arranged by Dayana’s lover. The man in the lead had black hair and was wearing sunglasses.

The light was dim and Galilea could not see his appearance clearly, but strangely, she felt like she had seen this person before.

“Move gently. Take off her clothes and take photos.”

As soon as he said this, the men immediately reached out to Galilea.

“No! Get lost!”

Galilea kept shouting, struggling with her hands and feet.

Unable to break free from their imprisonment, she directly bit a person’s arm.

“Bitch.”

The man swung his hand, and the strength of his hand was much greater than Dayana’s. Galilea was directly pulled to the other side, just in time, and her neck hit the iron pole by the car.

Sizzle

Blood flowed down Galilea lost all her strength, and she was so in pain that she could not shout out.

“Brother Yu, what should we do?”

The man spat on the ground. Just as he was about to speak, a few cars drove over from afar.

It was the sound of sports cars.

Galilea’s consciousness gradually became clear. She struggled to open her eyes and saw someone walking over in a blur. She forced a smile. “Nore.”

She wanted to lift her hand, but she really had no strength.

Her dry lips lowered as she said, “It hurts a little...”

After saying this, she fainted.

Nore immediately carried her into the car and rushed to the hospital.

Chapter 108 The Patients Family

Galilea opened her eyes and saw a white curtain and a wall.

She heard the sound of the medical instrument. "Nurse, why is she still not awake? Didn't you say that she will wake up after the anesthetic? Nore asked the nurse over and over again.

"Every patient has a different constitution and the degree of absorption of anesthetics is different. There is no problem with the patient's current physical condition. Don't worry, she will wake up soon."

"But..."

"Nore, I am hungry," Galilea said in a hoarse voice.

Upon hearing her voice, Nore rushed over in a hurry. "You're awake? Do you feel uncomfortable anywhere?"

He frowned, his eyes full of worry.

The corners of Galilea's lips slowly moved, probably showing the ugliest smile she had ever had in her life. "I'm hungry," she said.

"Alright, I'll go find you something to eat now. Wait for me!" Nore said. He picked up his coat and ran out quickly.

The nurse saw him run away anxiously and chased after him, shouting, "The patient needs to eat light food!"

"Your boyfriend is really good to you. He has been guarding you all the time and even brought our director here."

"He isn't." Galilea was speechless.

"Oh, he's your husband." The nurse was stunned.

Galilea was a little speechless and did not explain further

Outside the corridor, Micah asked the nurse with a cold face, "Is there a patient named Galilea?"

He was at home and received a report from Keith.

The person sent to keep an eye on Galilea found that she had been sent to the hospital by Nore overnight. Moreover, Galilea was in a terrible condition and had been unconscious the whole time.

He had not let her taste his revenge yet, how could something happen to her?

His slender figure blocked the lights in the corridor, and his usual shrewd eyes were cold.

"Galilea is in room 306. She just woke up and needs to rest. The patient's family has gone to buy food. You can wait for a while," the nurse said.

The patient's family?

Micah's face suddenly darkened. He pushed open the door and rushed in.

Galilea had just sat up and wanted to change her underwear.

She pulled the curtain next to the bed. If someone came in, they would definitely ask first.

But... Micah lifted the curtain.

There was a crash.

Galilea was shocked. She used the quilt to cover herself. When she saw who it was, she was even angrier. "Get out."

Chapter 109 Struggle

:

Micah looked at her. A complicated emotion flashed past his eyes. A few seconds later, he said disdainfully, "Is there anything on your body that I haven't seen before?"

"Shameless!"

Galilea put on her clothes as fast as she could and stared at the man in front of her vigilantly.

US

"Don't disturb the patient's rest," the nurse chased after him. Micah ignored the nurse and fixed his eyes on Galilea. There was only one thing hovering in his mind. She was fine, still alive, and had the strength to scold him.

Realizing this, his eyes became colder and colder.

His cold pupils reflected Galilea's annoyed face. Even though she was angry, her face was still stunning and beautiful.

"Miss Frankie, do you know this person? If necessary, I can call the security department of the hospital over." The nurse was very responsible and asked directly.

"I know him," Galilea took a deep breath.

The nurse looked at Micah a few more times before closing the door and leaving.

Galilea frowned and stared at him. "You didn't humiliate me on the street enough. Now you want to chase me to the hospital? The Lorenzo group is really going to close down. You are so idle."

There was a voice in her heart telling her that maybe Micah didn't really want to hurt her.

He didn't really do it at that time.

But as soon as this thought came out, it was buried by Galilea's hatred. At this moment, she almost lost half her life. It was all thanks to this man. If Nore had not come in time, what kind of situation would she be in now!

In a flash, Galilea's face was full of hatred.

“The Lorenzo group will not fall.” Micah slowly walked to the window and stared at the night scene outside with a pair of cold eyes.

He had enough confidence to say this. Now that he looked down from here, the tallest buildings of Cloud Town were all the Lorenzo group’s property.

Galilea clutched the sheets, guarding against him all the time.

“Who did this to you?”

From his tone, Galilea could not tell his intentions.

She frowned and did not speak.

“Dayana?”

The man spat out the name with no emotion.

Galilea’s heart jumped. She understood.

He was here to test herself. Did she know that the person behind the scenes was Dayana? If she revealed her trump card, wouldn’t she be silenced on the spot?

Micah, in order to protect your girlfriend and child, you really put in a lot of effort.

“I don’t know.” Galilea chuckled.

Chapter 109 Struggle hatred had disappeared.

“You don’t know?” Obviously, he didn’t believe her words.

“Don’t worry, Mr. Lorenzo. I won’t die for a while. A scum like you lives in the world. How can I die?” Galilea gnashed her teeth in hatred.

“You...”

Micah clenched his fists tightly, and his eyes shone with a cold light.

Galilea was not afraid at all. She raised her neck and met his gaze. “Moreover, so what if Dayana did it? Do you feel sad that the person she found did not kill me? Do you want to personally come over and kill me?”

“Galilea, can you speak properly?” Micah was a little angry.

He had come all the way here not to quarrel with her.

Looking at the guardedness and alienation on her face, he felt a sense of defeat that he had never felt before.

When he met Galilea's gaze, his throat was choked up again, and he could not say anything.

But at this moment, his expression that was different from usual was no longer meaningful in Galilea's eyes.

She took a deep breath and suppressed her previous emotions.

"Now, can I invite you out? Mr. Lorenzo." She stared straight at Micah.

Her words were as cold as ice.

Micah's eyes were full of anger. For the last time, he patiently said, "If it's her, then I..."

However, before he could finish speaking, the door opened from outside.

"Galilea, your favorite steamed fish. Eat." Nore held the food in his hands.

Then, he saw Micah standing beside the hospital bed. He put down his things and rushed over. He grabbed Micah's collar and said, "You still have the face to come? Let me tell you, let Dayana kneel down and apologize to Galilea! Otherwise, this is not over."

Micah did not show weakness.

He raised her hand to block his arm and now he knew who the patient's family member was. Anger rushed to the top of her head. Micah gritted his teeth and said, "Mr. Lubi is about to get engaged. Do you still have time to accompany her in bed?"

"It has nothing to do with you!" Nore's eyes turned cold.

"What? Do you plan to secretly keep in touch after you get married?" Micah smiled even wider.

"You!"

Nore could not control himself and punched him.

The two of them were going to fight again.

Galilea felt that her head was going to be knocked out by their argument. She directly pressed the bell and let the nurse and security guard pull them away and drag them out.

A few minutes later, they were all locked outside the ward.

"The patient doesn't want to see anyone. Please leave," the nurse said, blocking Nore who was about to rush in.

"Galilea, let me in. I can explain." Nore slammed the door anxiously.

And behind him, a person came.

Chapter 109 Struggle "Brother Nore, is Sister Galilea in this ward? I heard that she was injured and hospitalized, so I came to see her," Xu Ya said softly, holding a fruit basket in her hand. As soon as he heard her voice, Nore frowned.

"I am also concerned about her," Xu Ya smiled gently and put the fruit basket at the door, pretending to be considerate. It seems that Sister Galilea is really tired. Why don't we go back first? I will accompany you here later?" She seemed to not care about Nore accompanying Galilea in the hospital. This understanding pressured Nore to the point that he could not breathe. *Don't harass her again. Otherwise, I won't let you off," he warned, turning to stare at Micah. After saying that, he stepped out. Things were already chaotic enough, he had to take Xu Ya away as soon as possible.

"Brother Nore, wait for me." Xu Ya naturally followed him with a smile.

Micah stood at the door and wiped the blood from the corner of his mouth. This was not the first time he had a conflict with Nore because of Galilea, but he could not suppress the anger in his heart.

When he received a call from his good friend, Jasper, his attitude was also very cold.

"What's wrong? Did you quarrel with Dayana?" Jasper joked casually "It's not her, Micah replied as he slammed the car door.

On the other side, Jasper thought of something and hesitated for a moment. "Micah, come to my place. There's something I want to show you," he said.

It was rare for him to speak in such a tone. At first, Micah did not notice it. When he arrived at Jasper's apartment and saw the things he said, he immediately frowned.

Why are you showing me these?

The photos of the Frankie family were on the table. The villa that was auctioned, the factory, and some accounts reports.

"Don't worry. I know how you feel about the Frankie family. Of course, I stand on your side. But don't you think it's too fast for the Frankie family to go bankrupt?"

Chapter 110 Trap

Micah frowned and said with a cold face.

"Other than you, there are other people targeting the Frankie family." Jasper sighed, "I also found this by chance. After that, I looked at your company's accounts and found that some of the changes were very similar to the Frankie family's accounts."

Micah instantly realized something.

"Are you saying that someone dealing with me the same way?" "Yes. Moreover, it is very likely that this person witnessed the entire process of what you did to the Frankie family and then copied it."

He added, "If it is just business competition, there is nothing to be afraid of. But now, there is an unknown factor."

"You mean Galilea?" Micah chuckled. What could that woman do?

"After she was released from prison, she was always right under my nose. She couldn't cause any trouble," he said in an unruly tone.

“Is that so?” Jasper sighed, “But you have been showing mercy all this time, and she has made you lose face several times, but you are not willing to deal with her.”

The word “not willing” ignited the emotions in Micah’s heart.

“Jasper, enough.”

Jasper shook his head. He knew that Micah would deny this matter. As one of his few friends, he could only say this.

“Then think about it. Who did this to the Lorenzo group? Find out as soon as possible so as to avoid raising a tiger.”

All these years, the Lorenzo group had developed too quickly, and Micah had made many enemies.

In fact, before Jasper said these words, Micah had also sensed it in his heart, but there was no solid evidence.

On the way back, his mind had been hovering about this matter.

Dayana called him twice, but he didn’t pick up.

When he went downstairs, he found that Dayana was waiting for him. When she saw him, she cried and rushed over. “Micah, why didn’t you pick up my calls? My apartment was attacked by anti-fans. I could only come to you.”

The man reached out to pull her away and looked carefully. “Why didn’t you return to the Quincy family?”

It should be safer there.

“I... I don’t dare! If my dad finds out, he will definitely cause trouble for the management company because he is worried about me. I don’t want to make it big.” Dayana muttered.

She looked up and begged Micah, “Let me stay here for a night?”

It was already late.

“Stay in the guest room.” Micah nodded.

Dayana subconsciously wanted to refute, but thinking about what Terry had taught her, she could not be too anxious in front of Micah.

Under 110 Trap She quickly put on a smile and responded, “Thank you, Micah.”

Then, she went into the room to change her shoes. She took off her coat and put it aside. She did not stick to Micah anymore and went directly to the kitchen to get a cup of warm water and held it in her hand.

When she came out, she was wearing a velvet sweater and loose velvet pants. Her hair was not as wavy as usual, but black straight hair with a simple ponytail.

Her appearance suddenly hit Micah in the heart.

In the past, in his disgusting marriage, Galilea was like this, with a calm and peaceful appearance. When she saw him, she would never take the initiative, but everything she did was to maintain their relationship.

No matter how cold he was, she never expressed any unwillingness or grievances.

At that time, Micah had ignored her for two years, but she was still so firm.

At this moment, Micah suddenly understood. It was not that Galilea did not care. It was because she cared too much.

Therefore, she had been waiting in pain and suppressing herself.

The man's eyes flickered, and he stood there silently for a long time.

He did not respond, and Dayana could not continue acting. She coughed lightly, "Micah?"

The man withdrew his gaze and walked over. He removed the cup of water from her hand and held her hand as he sat down on the sofa.

"If the entertainment industry is too tiring, then let's rest for the time being and take good care of the baby."

This was not the first time he had made Dayana quit the entertainment industry. But Dayana clearly felt that his attitude had changed! He wasn't forcing her, but was discussing with her?

Dayana was overjoyed. She suppressed the excitement in her heart and smiled. "Micah, I still want to have my own career."

If it were the previous Dayana, she would definitely not say that. However, Terry asked her to imitate Galilea. Although she was unwilling, this method seemed to be very effective.

"Tomorrow, I will send someone to deal with the matter of those anti-fans. You can stay with me for the time being. We will discuss it after things settle down for a period of time."

He got up and patted Dayana on the shoulder.

The warmth on his fingertips was something that Dayana had never felt before.

"The guest room is on the second floor. Rest early." After he finished speaking, he went to work in the study.

The smile that Dayana had been holding back for a long time suddenly bloomed.

This move was too effective!

In the study room, the man hesitated for a long time before dialing Keith's number. "Help me check something."

However, after he gave the order, he put down his phone. His heart was still unable to calm down for a long time.

Back then, in order to get married to him, Galilea had given up on designing. He slowly closed his eyes, his mind filled with Galilea's angry appearance in the hospital.

Micah fiercely suppressed the strangeness in his heart.

"Compared to what I lost, what you gave up is far from enough."

The next day, Dayana swaggered into the film studio.

She looked like a heroine.

She was in a particularly good mood today because Micah not only helped her deal with the anti-fans, but also asked the driver to send her over.

This was a treatment she had not enjoyed for a long time.

However, not long after she was happy, her eyes were fixed on a certain figure. She gritted her teeth and said, "How did they manage to be so bad at their job? Why is Galilea still..."

"Be quiet," Elisa hurriedly reminded her from the side.

Dayana gritted her teeth and her beautiful eyes widened in anger. At the same time, Galilea, who was being stared at by her, also noticed her gaze. A pair of cold eyes faintly glanced over. In that instant, Dayana panicked. She quickly turned her face away, her heart panicking. She tugged at Elisa, "Can those people keep this a secret? They won't expose me, will they?"

Her relationship with Micah had just eased up. If this matter was exposed, it would be troublesome. "Everything is settled. Don't worry, no one will know." In this circle, if one had money, they could do many things.

Galilea was saved at that time, otherwise, she would definitely be crying somewhere now. Now that there was that kind of photo, as long as she threatened her a little, Galilea would definitely run away from the town.

"Today, the director changed. The one in charge of shooting is not Director Qiu, that old man, but Director Forrest. Do you remember? Last year, you met at the dinner. He has always had a good impression of you."

Of course, Dayana remembered it, but she was a little hesitant.

"Isn't that director a shady character?" "So what? You are now Micah's man. He won't dare to do anything to you. And the jewelry shot today is very beautiful. If you have a good relationship with him, you can get the spotlight." *Then I'll try."

The two of them were planning, but little did they know that all of this had fallen into Galilea's eyes.
