

## Kick Ass Wife 19

### Chapter 19 The Happy Family

Up to this point, Draxton, for the first time in his life, really felt that he had become a father.

Ricky, who looked like a mini version of him, was his child.

If nothing went wrong, Ricky would be his heir too.

“Good boy.”

His smile broadened, and he reached out to ruffle Ricky’s curly hair.

He did it gently, but Ricky felt that Draxton’s big hand was powerful and warm.

With a bemused look in Ricky’s eyes, he quietly gazed at Draxton and wondered if every father was like t his.

His eyes lit up.

The atmosphere was perfect.

Cooper stood in the corner, quietly looking at the cozy scene on the terrace.

Up to that point, he had never known that Draxton could be that tender.

He took a picture with the phone and sent the image to a chat group called The Happy Family.

Messages flooded the chat group immediately.

At the same time, the cell phone inside Draxton’s pocket rang non–stop, indicating that he had received a lot of new messages.

Sir Graham Lockwood sent a message. [So this is my great–grandson and granddaughter–in–law?]

Madame Emma Lockwood sent a message. [That girl is so pretty, like me when I was younger.]

Draxton and Olivia’s Dad sent a message. [Hey, Draxton, remember, this is your dad! Just because you’re the chieftain now does not mean you can ignore your family! How come you never take my grandson to my place? You didn’t even tell us! You’re so ungrateful!]

Draxton and Olivia’s Mom sent a message. [Draxton’s wife is sure pretty, and that little boy, oh gosh! I have to steal him home! Oh, how I hate Draxton! How dare he not let me see my grandson! I want to punch him!]

I’m Olivia sent a message. [Boy, is this for real? Does my big brother have a wife and son? Since when? Don’t tell me he stole them!]
