

Kick Ass Wife 45

Chapter 45 Jason Lang

Madame Rivera did not hide her thoughts. She glanced at Samantha Lang indifferently.

Then she said, "Don't blame me for being blunt. That video that is trending online is authentic. That nanny swapped the two children with clear malicious intentions back then. The Rivera family refuses to be associated with people of such disgusting nature."

Samantha's eyes widened. "So That's the reason," she thought. As she expected, the Thompson couple had implicated her.

Samantha sobbed, "Auntie Rivera... They're them and I'm me. I... I'll stay away from them from now onwards!"

Madame Rivera looked at her with a complicated expression and said, "Child, they are still your biological parents."

Samantha's body stiffened.

No matter how evil the couple was, they were still very protective of Samantha Lang.

Samantha shook her head in panic. For a moment, she did not know what to say. It was as if everything she said was wrong.

Madame Rivera said, "No matter what misdeeds they have done, they are still your biological parents. Haven't you already acknowledged them five years ago? Can kinship be severed just like that?"

Samantha felt her body become weak. She would rather fall into hell than endure this excruciating pain. She could not take it anymore. Her vision darkened, and she fainted.

Mrs. Lang felt something weighing on her arms. It was Samantha. Her face was pale, and she had lost consciousness.

Jason Lang, who had been paying attention to Samantha, walked over. He took Samantha from his mother's arms and said, "Mom, I'll send her back to her room."

Mrs. Lang watched as Jason carried Samantha upstairs. Then, he looked at the Rivera couple and complained, "Stella, why would you say that in front of Sammy?"

Madame Rivera said, "Didn't you tell her to go to her room? She refused to leave."

Mrs. Lang opened her mouth, not knowing what to say.

Then Mr. Rivera and Madame Rivera stood up.

Mr. Rivera was the first to speak. "Ethan, Rowena, I'm sure you know why we're here. We'll make an announcement soon that we're canceling Cristian Rivera's engagement with Samantha Lang.

"The Rivera family will never welcome Samantha Lang into the family. As for whether to acknowledge Samantha Lang as the daughter of the Lang family, that is for you to decide."

A trace of anger appeared on Mrs. Lang's face.

"Is the reason you're acting like this because of Isabella Thompson? Did she say anything?"

"She must have said or done something. She was jealous of Sammy. She must have come back to take revenge on Sammy.

"Didn't you hear Sammy say that she already has a child? Don't tell me that the Rivera family has taken a fancy to such a girl?"

The Rivera couple looked at Mrs. Lang in shock.

After a short pause, they took a deep breath and continued, "Rowena, we haven't even seen that child.

"I really didn't expect you to say that about your own child to stand up for someone else's. She's your flesh and blood.

"It's fine if you don't accept her, but how can you misunderstand her like this?"

Madame Rivera shook her head and said, "Forget it. We're not in the position to say anymore. You guys should take care of this yourselves."

With that, she walked out of the door.

At the door, Mr. Rivera turned around and looked at the couple.

"Ethan, Rowena, our families have maintained a close relationship for years. Let me give you some advice: your adoptive daughter is definitely not innocent.

If the video wasn't exposed, you probably wouldn't have been able to discover that the Thompson couple were such hideous people, right?

They swapped the two children back then. If you hadn't found out five years ago that Samantha Lang isn't your biological child, they would have brought this secret to their graves.

Samantha Lang has been in close contact with them for the past five years. Do you really believe that she has no second thoughts?

"I'm sure you understand what I'm saying. Don't be blinded by love. In my opinion, your adopted daughter is quite similar to her biological parents to a certain extent.

"At this point, you should be more careful, lest you get hurt."

After saying that, Mr. Rivera took a deep look at the hesitant couple before leaving.

Jason returned downstairs and saw his parents standing there in a daze. They were motionless, just like statues.
