

King of Hell 101

The King of Hell's Genius Pampered Wife

Chapter 101

His cultivation base is so high, yet he unexpectedly couldn't tell at all that this person is a woman disguised as a man.

Hexi didn't panic, because for her, Bai Hu knowing her true gender was simply an insignificant matter. However, just thinking about Nalan Manor, and also Nalan Feixue, who caused the death of Nalan Hexi, the corner of her mouth raised slightly, revealing a cold expression.

Her hand gently moved, like the flutter of a thin cicada wing, and suddenly a human skin mask appeared in her hand. After lightly wiping her face, she then applied the mask.

In the next moment, her youthful delicate skin, with an elegant and beautiful appearance, had now transformed into that of an ugly girl. Her complexion was now malnourished and sickly, with her skin dried up and swollen around her eyes.

Bai Hu look stunned as he pointed at Hexi's face, speechless for half a day.

At this moment, a rough and fierce roar burst forth from the door, "Get off! Don't you know who I am? How dare you block me, you all must be really impatient to die!"

The backyard's gate was savagely pushed open, and an unusually tall and sturdy man dressed in blue walked in with large strides.

From his appearance, he looked to be around forty years old. With a fierce looking face and the tip of his eyes slightly squinting, he emitted a ruthless aura.

This man's name is Qin Lu, he's a slave from Nalan Manor and was one of Zhang Dezhong's men. Due to the disappearance of Zhang Dezhong some time ago, Qin Lu had filled the gap of his absence and was promoted to Head Butler. He was currently very proud of his success.

However, once Bai Hu saw him, his face revealed nothing but disdain. This man was merely trash on the third rank of the Qi Refining stage. If he were to be assigned a place in Hell King Manor, he wouldn't even be able to find work sweeping the floor at the most remote courtyard.

Wet Nurse Chen was terrified, yet still quickly walked forwards and blocked him, saying, "Butler Qin, we are honoured by your presence, but whatever is the matter? It's better to tell this old slave, this old slave will then pass it on to Miss."

"Get out of the way, damned old woman!" Qin Lu raised his foot and kicked Wet Nurse Chen, then said with disdain, "Who do you think you are! What sort of qualifications do you have to speak to me! Quickly call Nalan Hexi out here, I came here with orders from Madam."

Finished speaking, he no longer looked at Wet Nurse Chen and taking big strides, he walked into the backyard.

Yet just as he entered the backyard, Qin Lu's footsteps halted, his face showing a surprised expression.

Not only was Hexi sitting in the yard, casually drinking tea from a cup she held, but standing beside her there was a little girl who was arranging refreshments for her, while several tall and strong men were guarding her.

Close by her side, there stood a graceful and outstanding man who was unfamiliar to Qin Lu, yet he had a sinister looking smile upon his face as he looked at him.

Qin Lu couldn't believe his eyes. Is she really that Third Miss, Nalan Hexi, who would only keep her head down while shrinking her shoulders and crying?

He looked carefully at her again. If it's not Third Miss, then who else could it be? Who else had that same pale complexion, with the same ordinary physical body without spiritual power?

Humph, she's only trash! Did she think she could threaten me just by gathering some ordinary people to fill this yard?

She's dreaming!

Thinking till here, Qin Lu's anger increased, so walking forwards in large strides he arrogantly faced Nalan Hexi and sneered, "Third Miss really has great style! I haven't see you in a few months, yet from where did Third Miss manage to hook these wild men? Clearly you aren't afraid that your reputation as a fickle woman would spread to the public, damaging Nalan Manor's good reputation."

[The King of Hell's Genius Pampered Wife](#)

Chapter 102

Hexi hadn't yet responded when Bai Hu suddenly burst into laughter, "Nalan Manor's good reputation? I'm really sorry, but how come I didn't know about Nalan Manor's good reputation? Didn't the Second Miss from your Nalan Manor, Nalan Feixue, seduce Young Master Zhu Zhongba from the Zhu family? The news that she stripped him using violent means has already spread everywhere. Still using her strength against him, even though you can tell with one look that Zhu Zhongba is trash...*tsk tsk*, the people from Nalan Manor are really well educated!"

Once Qin Lu heard Bai Hu's words, his face turned red. With his eyes expressing how humiliated and angry he was, his body slightly trembled with his rage.

Even Hexi wore a surprised expression on her face.

Oh? It was unexpected that the rumour had spread to such a wild degree that it has already reached Yan Jing city!

This news really pleased her because if it wasn't thanks to Bai Hu, she never would have heard such amusing news as she had been busy lately with sorting out her space, and helping Xi Jia and the others with their training.

Thinking of this, she raised her head and glanced at Bai Hu with appreciation.

Bai Hu straightened his posture, immediately beaming with joy. Aiya! Young Master Xi Yue...wrong, it should be Miss Nalan! She's finally not angry anymore, there'll be no problem with the food in the future now.

Qin Lu finally recovered his wits and wanted to rush over to give Bai Hu a lesson right away.

However, the atmosphere focused around Bai Hu couldn't help but cause him to shudder. Although Bai Hu had restrained the power in his cultivation base, due to his rank, it was impossible for it not to make an impact, resulting in Qin Lu instinctively feeling fear.

He was used to being the one who took unfair advantage of a situation to bully others, so in the face of Bai Hu's aura, he had no courage, immediately choosing to rush towards Hexi instead, "Little slut, isn't it you who incited your pretty boy to slander our Second Miss and Nalan Manor? Nalan Manor raised you for so many years, yet you're a slut who kicks their benefactor! Not only do you not know how to be grateful, you even let your lover slander Nalan Manor. On behalf of Madam and Second Miss, I will now give you a proper lesson!"

Previously, when Qin Lu had followed Zhang Dezhong to this courtyard to deliver food, he had also used the opportunity to torture this Third Miss. Because although Nalan Hexi had the noble title as the Third Miss of the Nalan family, her nature was one of an incompetent coward, and when facing a beating and getting scolded, she could only weep.

Whenever he thought of himself beating the Third Miss, seeing her shivering pitiful body, his tyrannical heart would become excited.

Therefore, when he thought he would get to beat her again, with this Third Miss curled at his feet and begging for mercy, his face flushed while his body trembled due to excitement.

Bai Hu noticed the evil glint in Qin Lu's eyes, which made his own eyes turn cold.

She is the person Master cares about and cherishes, yet unexpectedly this guy dares to be so arrogant and humiliate her! He should just die a thousand times!

However, before Bai Hu could make a move, Zhangsan, who had been standing on the side, suddenly rushed forward. With his hands as fast as lightning, he pressed down on Qin Lu's shoulder, buckling it as he forcefully poured in his spiritual power. Qin Lu felt a sharp pain in his meridians, making him unable to move even a single step.

Then, Zhangsan lifted his foot, ruthlessly kicking Qin Lu's knee. With a heavy sounding *'thump'*, Qin Lu was forced to kneel on the ground, while his head was also pushed down, resulting in him kowtowing to Hexi.

A piercing pain came from his knee, and following that pain, his meridians being invaded by spiritual power caused him to release a pained howl.

Hexi, who was still sitting beside a stone table, was acting like she didn't hear or see any of it. Leisurely, she reached across, and grabbing a piece of sugar steamed cheese that Xiao Li had prepared, she gracefully placed it into her mouth.

[The King of Hell's Genius Pampered Wife](#)

Chapter 103

This sugar steamed cheese made use of the spiritual fruit and spiritual flowers from her space. Specially mixed with water from the Ninth Secluded Spirit Spring, its flavour was fresher and more delicate

compared to the famous desserts from her previous world. Most important of all, was that it also helped in nursing the spiritual energy to circulate in the body, and stabilising the endurance of the meridians. Recently this has become the favourite dessert of Xiao Li and Hexi.

Bai Hu watched helplessly on the side as Hexi and Xiao Li were eating. As the fragrance of the food reached his nose and distracted him, his stomach began to rumble.

Finally, Xiao Li couldn't stand his pitiful expression any longer, and after obtaining permission from Hexi, she then carried a few desserts over to him while beaming.

At this time, Qin Lu who had been howling due to the sharp pain he felt, slowly came to his senses. Struggling with all his might, he twisted around to see who the person was that had pressed him into the ground. His face was distorted from his anger, but suddenly, shock was visible in every feature instead.

Zhangsan...unexpectedly, it was Zhangsan! However, his cultivation base was only at rank two of the Qi Refining stage, how could he beat him?

With a sneak attack, right?! This must be because he was momentarily unguarded, so Zhangsan used that opportunity to smoothly attack him, that's all!

Thinking till here, Qin Lu shouted loudly in anger, "Zhangsan you dog, don't you know who I am? I'm currently the External Manager for Nalan Manor! Did you dare touch me because you've eaten leopard guts?! Release me immediately, did you hear me?! Otherwise I will make it so that you die in an extremely ugly way!"

Qin Lu's duty as an External Manager is to manage this outside courtyard, so it can be said that every slave belonging to Nalan Manor staying in this courtyard, including Zhangsan and the others, were all his subordinates. It was up to him how he wished to handle them, therefore he was furious.

Zhangsan's eyes showed a carefree smile, and with a deep voice he said, "Qin Lu, who do you think you are? I now only recognise Young Miss as my Master."

The moment that Zhangsan became controlled by Hexi, his state of mind was completely lost. At first, he had been filled with despair at the thought of spending his lifetime as an ignorant and unfeeling puppet.

However with the passage of time, his consciousness had become clearer, and apart from not being able to go against Hexi's commands or hurting her, himself and the others were gradually no different from ordinary people.

Furthermore, once they drank Miss's special herbal drink, Zhangsan and the others were pleasantly surprised as their cultivation bases started to rise after being stagnant for a long time. Zhangsan, who had had the highest cultivation base amongst them, finally managed to break through to rank three of the Qi Refining stage.

Afterwards, Zhangsan and the others were fiercely dedicated to serving Hexi as their Master. Not just an insignificant manager from Nalan Manor, but even if the Madam from Nalan Manor personally came, they were only willing to obey Miss's commands.

After hearing Zhangsan speak, Qin Lu just stared blankly. Then, due to his anger, he started trembling all over, his spiritual power even began to sharply increase.

No matter how much he thought about it, he just couldn't understand. Zhangsan is a slave from Nalan Manor, and previously he was respectful towards him! How can he now be such a traitor, acting like a dog that kneeled and licked that useless Third Miss?!

So the next moment, the spiritual power in Qin Lu's body suddenly burst forth, and fiercely shaking off Zhangsan's suppression, he sent him flying with a kick.

Although Zhangsan had broken through to rank three of the Qi Refining stage, he still couldn't compare with Qin Lu who had already been on rank three of the Qi Refining stage for many years, resulting in his strength only being able to last for a short length of time.

After kicking Zhangsan away, without the slightest hesitation, Qin Lu rushed towards Hexi. He wanted to tear her to pieces, his eyes red with rage.

Hexi stopped Bai Hu and Xi Jia, as well as the others, as they all moved to take action. Withdrawing the Bone Whip from the Storage Ring on her finger, she lightly waved her wrist, casually sending the whip in the direction of Qin Lu as he rushed closer towards her.

It was like the white whip had eyes as it flew like a spirit snake straight towards Qin Lu's body. Obviously it looked like not much strength had been used and would be weak, yet when the whip thrashed Qin Lu's body, its strength abruptly increased.

"AH AHH--!"

Qin Lu issued continuous shrill screams as he once again he fell into a kneeling position on the ground with a thump.

[The King of Hell's Genius Pampered Wife](#)

Chapter 104

The whip landed accurately on Qin Lu's body like rain, and no matter how much he used his spiritual power to dodge, he was unable to avoid the whip that made him feel like his flesh was being torn.

This kind of torture continued for half an incense stick length of time before it ended, and by now, Qin Lu was lying in severe pain on the ground, tears and mucus running down his face.

Bai Hu looked at Hexi playing with the whip as it flashed through the air like a dance, and his admiration towards her increased.

Obviously she is an ordinary person who lacked a cultivation base, yet by just relying on a Bone Whip, she was able to beat up a martial artist on the Qi Refining stage until he was scared witless!

"Young...Miss Nalan, your method of disciplining slaves is extremely brilliant."

Hexi raised her head and noticed Bai Hu's fawning smile, so she faintly said, "Then how about I teach this method to your Master too!"

Bai Hu's expression abruptly froze, and quickly lowering his head, he no longer dared to speak.

If this method was taught to Master, then who would be the people he would discipline? Wouldn't it be them, his subordinates?

Miss Nalan was really too sinister!

At this moment, Qin Lu gradually returned to his senses, and stubbornly supporting his sore body, he slowly got up from the ground, fiercely saying, "Third Miss, for what reason do you beat me? I was personally appointed by Madam to manage the external Manor's affairs, and Madam ordered me to come here to find you. You've so arrogantly humiliated me, do you want to disgrace Madam's face by stepping on her with your foot?!"

Hexi sneered, her face not showing the least bit of fear like Qin Lu had anticipated, instead, there was only coldness and contempt, "Who do you think you are to be able to stand on behalf of Madam's face?"

Seeing the displeasure revealed in Qin Lu's expression, the contempt in Hexi's eyes increased, "I'll tell you now, you're merely just a dog from Nalan Manor, and I, even if not favoured, is still Nalan Manor's Third Miss. You, as a dog, has dared to run in front of your owner to bark. I'm simply teaching you what is right and proper, so even if you were to complain in front of Madam, what do you think what she can do for you?"

"Hehe! Wouldn't it be better if I ordered people to make this matter public? I can tell them that the Madam of Nalan Manor incited Butler Qin Lu to come to my courtyard to behave atrociously, even threatening to beat me up. We'll see at that time if the people of Yan Jing city feel that I am arrogant, or comment that the kind and virtuous Madam Nalan is in fact actually a black hearted and vicious wife who treats the concubine's daughter severely!"

Bai Hu standing on the side excitedly volunteered himself, "I'm an expert in spreading gossip for this kind of matter! Miss Nalan, you just give this matter to me to handle. I promise that in less than half a day, Madam Nalan's new reputation will be known by everyone, even the people in Imperial city won't be left out."

Hexi almost choked on the tea she was drinking when she heard what was said. She really hadn't expected that the Hell King's personal bodyguard would have a hobby of gossiping like a meddling old woman!

Whereas for Qin Lu, once he heard these words his complexion became extremely ugly, his heart filling with panic.

Madam Nalan maintained a noble and benevolent appearance in Yan Jing city, if her reputation was ruined because of him, he didn't dare imagine the consequences.

Moreover, this time the Madam had purposely ordered him to ask Third Miss to return. This Third Miss currently still had value as a commodity, so Madam would absolutely not dispose of her yet. Ultimately, the only one with bad luck is him.

Thinking of this, Qin Lu felt cold sweat drip down his forehead, his eyes flashed, and finally he lowered his head, unwillingly saying, "Third Miss please don't talk nonsense! Madam is most fair and benevolent when handling affairs, she absolutely wouldn't treat a concubine's daughter severely. Just a moment ago, I was the one who was too rude and impetuous, offending Third Miss. I ask Third Miss to please forgive me."

The King of Hell's Genius Pampered Wife

Chapter 105

After saying all this he straightened back up again, and with an aloof manner said, "I came today to present to you Madam's order. Madam said that during childhood Third Miss made a mistake, so she assigned you to live in this remote courtyard as a punishment. Now that you've lived in this courtyard for many years already, it can be considered that you've learned your lesson. Therefore, Madam and Master have kindly sent me to come take Third Miss back to Nalan Manor."

Qin Lu finished speaking, his face proud as he waited for Hexi to shed tears of gratitude and kneel as she thanked him.

One must know that returning to Nalan Manor, or remaining in this courtyard, the treatment she would receive is like heaven and earth. Nalan Hexi was abandoned from an early age and lived a life worse than the servants. Now that she was finally able to return, she would definitely be insane if she wasn't happy.

Wet Nurse Chen who was standing nearby gently exclaimed in joy, her eyes tearful as she murmured, "Miss, Miss, did you hear that? Master is finally taking you back, Master is finally acknowledging you!"

The expression in Qin Lu's eyes became more arrogant, it faintly carried contempt over her misfortune.

Nalan Hexi and this old woman didn't know, but how could she live comfortably after returning to Nalan Manor. It would be like dying without a burial place instead. At that time, his suffering and humiliation from today could be repaid.

Qin Lu grew excited as he thought of this, but after waiting for a long time, the anticipated gratitude didn't come. As he raised his lowered head, he came into contact with the sarcastic expression in Hexi's eyes.

Obviously that was the same thin and shallow face as a moment ago, yet unknown when, those eyes had become as sharp as a cold blade, radiating a chill capable of absorbing a person's soul.

Qin Lu's whole body felt like ice as he shuddered, and before he had a chance to speak, Hexi had already started to unhurriedly talk, "Oh, receive me back at Nalan Manor? This is Madam Nalan's order, right?"

"Yes...yes, that's how it is, so?" Qin Lu's heart felt frozen as he was watched by those sharp eyes, causing him to stutter, "Madam has kindly graced you a favour, you should just obediently accept it."

"Not too early, not too late, yet it's only now that she shows her kindness? Does she regard I, Hexi, as a three year old child?" Hexi laughed coldly, "I'm unsure though, is this act done out of kindness, or maliciousness?"

The next moment her voice was filled with killing intent, "Unfortunately, it's merely an insignificant Nalan Manor, yet now they want me to return. That all depends on whether I'm willing to return or not!"

Qin Lu's complexion changed as he bellowed, "Third Miss, you've been given face by Madam allowing you to return, but you have no shame. You're just an illegitimate child from a lowly and shameless woman! You're one who still kneels at our feet asking for food, or have you forgotten that? You still

think of yourself as a Miss from Nalan Manor? Pu! Wait for a bit and Nalan Manor will remove you from the family registry, we'll see how long it will take for you to die then..."

Qin Lu's voice was cut off with a grunt, his body forcefully lifted off the ground by a single hand at his throat.

He opened his mouth wide and issued a 'ka ka' sound, his whole face turning a mottled purple and red. Staring at the thin and weak little girl's hand which held him suspended, his eyes showed his shock and fear.

Hexi smiled slightly at Qin Lu and asked with a gentle voice, "Bai Hu, your Master, how does he deal with insubordinate slaves who bully their Master?"

Bai Hu gazed coldly at Qin Lu whose throat was still gripped by Hexi, and sinisterly said, "It's execution by a thousand cuts of course, then crushing the bones and scattering the ashes. This kind of filthy guy, don't tell me he will have to remain and keep dirtying my eyes?"

Qin Lu suddenly opened his eyes wide. They were filled with fear as he struggled with all his might and shouted with a hoarse voice, "You wouldn't dare! Madam...Madam will not let you off!"

"We still don't know who's willing to let who off!" Invisible Needles appeared like magic in Hexi's hand, then suddenly, she jabbed them directly into his brain.

[The King of Hell's Genius Pampered Wife](#)

Chapter 106

Qin Lu desperately struggled, however his eyes soon became expressionless, his consciousness disappearing.

Hexi coldly asked, "Tell me, why did Madam Nalan order me to return?"

Qin Lu opened his expressionless eyes wide while answering, "Madam didn't want to let the Second Miss marry the Young Master of the Zhu family, but Second Miss's reputation has already been ruined and the Zhu family is refusing to let the matter go. So Madam thought of letting the plum tree wither in place of the peach tree, by getting the Third Miss to replace the Second Miss in marrying the Young Master of the Zhu family. They would then tell everyone that the Young Master of the Zhu family had made a mistake, that the person who admired Young Master Zhu and stripped him was actually the Third Miss from Nalan Manor. If this were to happen, then the Nalan family and the Zhu family would still be related by marriage, and the Second Miss's reputation also wouldn't be damaged."

So it's like this!

The corner of Hexi's mouth raised into a sneer, "Zhu Zhongba is a cruel yet stupid fatty, moreover, he's also a womaniser...how was Madam Nalan going to ensure that I agreed to be married off as Nalan Feixue's replacement?"

Qin Lu responded, "I don't know. All Si Lu said was that Madam already had an absolutely sure method so that the Third Miss would get married, even if she wasn't willing."

After Hexi heard all the information Qin Lu had to give, she withdrew her Invisible Needles, then threw him off to the side.

Xi Jia bowed before Hexi, “Young Master, do you need me to clean this up?”

Hexi nodded, and watching Xi Jia drag the disabled Qin Lu away like a dead dog, her eyes didn't show the slightest trace of emotion.

Once she turned her head, she came into contact with Bai Hu's shocked gaze.

“Miss Nalan, you...aren't you without a cultivation base? How are you able to control a person's consciousness?”

Hexi returned to her seat, and picking up the tea once more, she drank a mouthful before faintly saying, “Have you forgotten what my job is? As long as you're familiar with the human body structure, you'll naturally be able to control other people as you wish.”

Bai Hu's heart trembled with fear. His whole body was taut, and the admiration and fear in his eyes became more pronounced.

Right! Miss Nalan is the Genius Doctor that cured the meridian fractures of the Ouyang family's Young Master. Of course an insignificant person like Qin Lu wouldn't enter her eyes.

But as an ordinary person who lacked a cultivation base, just relying on knowledge of the human body to control a martial artist's mind...Miss Nalan is really too shocking. Mustn't say it out loud though, it would shock everyone under heaven.

Ahh, really a person worthy of Master taking a fancy to them.

Thinking of this, Bai Hu stared at Hexi with a gaze brimming with passion, and eagerly said, “Nalan Manor's people actually dared to bully Miss, and now they even want to deceive Miss into marrying that nuisance, that Young Master from the Zhu family. For that crime they ought to die ten thousand times. It would be better to let me go to properly give them a lesson, letting them know that they shouldn't overestimate their capabilities again.”

Hexi smiled a chilling smile as she glanced at him, causing the watching Bai Hu to become scared. Shaking her head, she said, “It's not necessary, I've already decided to go back to Nalan Manor. Doesn't Madam Nalan want me marry to Zhu Zhongba? I can do as she wishes, moreover, I'll properly repay her kindness.”

“How can that be possible?!” Bai Hu roared, his face anxious as he said, “Master definitely won't allow you to marry another person, you are Master's...”

Under Hexi's cold gaze he automatically fell silent, even retreating back two steps due to fear.

Bai Hu's heart was full of grief. Obviously he is an expert on Gold Core stage, yet why when he confronts Miss Nalan who lacks a cultivation base, does he always feel that his imposing manner means nothing to her. Instead, he would even be filled with a slight trace of fear!

Hexi ordered Xiao Li to pack the food for Bai Hu, then coldly snorted as she said, “Whoever I marry, it's up to me to choose. People who disappear without a trace, neglecting to inform me beforehand, what qualifications do they have to control my decisions?”

The King of Hell's Genius Pampered Wife

Chapter 107

As soon as she finished speaking, instead of letting Bai Hu continue stammering as he thought of what he could say, he was ruthlessly driven out of the courtyard.

After dealing with Qin Lu and sending Bai Hu away, Hexi didn't immediately return to her room. Rather, she chose to continue sitting in the yard, calmly waiting.

An hour later, as expected, someone came to visit this remote courtyard. It was Nalan Manor's Butler, Wang Zhong.

From his appearance, it seemed that Wang Zhong was no more than a simple and honest middle aged man, possibly somewhere between thirty to forty years old. With thick eyebrows framing big eyes, it would be easy to think that he was unsophisticated judging by what he was wearing. In reality though, his cultivation base is the highest amongst the slaves in Nalan Manor. He had already reached the peak of the Foundation Establishment stage, and soon, he would be able to breakthrough to the Meridians stage.

As he walked over, his gaze swept over the pool of blood on the ground, his eyebrows wrinkling slightly.

In the courtyard there still remained the aura of an expert, an expert far higher than himself, causing fear to rise within Wang Zhong.

While he was looking around, his gaze finally landed on Hexi who was still leisurely drinking tea, and the suspicion in his eyes became more pronounced.

This is that legendary incompetent and cowardly Third Miss of Nalan Manor who was judged as trash and driven away? Yet seeing her appearance now, although she was malnourished and sickly, without a trace of spiritual power, the expression in her eyes was radiant. Where does she resemble a weak and cowardly person?

Could it be said that because there's an expert who's supporting this Third Miss from behind the scenes, that she was able to be so arrogant? Even Qin Lu had suffered under her evil scheme.

Humph! She really has an exaggerated opinion of her abilities for a young girl. Did she think that just because she had managed to find a patron that she would be able to confront Nalan Manor? This being said, it's only an ordinary person who would be taken advantage of!

Wang Zhong's heart was full of disdain, but on the surface he acted respectful, "This old slave has come carrying Madam's order. Third Miss, please return back to the Manor."

Hexi placed the cup of tea down, lightly laughing, "If I don't return?"

Wang Zhong's eyes narrowed, and without any warning, severe power was suddenly flowing from his body.

The power pressure belonged to a high level martial artist, causing the complexions of Zhangsan, Xi Jia, and the others who were originally guarding Hexi, to change. Some of them with a relatively weak cultivation base even felt their knees turn soft as they fell to the ground with a thump.

Even Hexi's complexion somewhat paled, her body sitting beside the table stone slightly trembling.

Wang Zhong became pleased as he looked at these weak people, they were like ants as they trembled in front of him. Slowly, he withdrew his spiritual power.

A respectful smile was still plastered across his face, but his eyes showed his contempt and a promise for violence, "This old slave came with Madam's order, I must bring Third Miss back. If Third Miss insists on being disagreeable, then this old slave will have no choice but to tie Third Miss up and return with you bound like that."

Hexi slightly lowered her eyes, the expression on her small shallow face unreadable. Yet, as if she was intimidated and fearful, you could see her hair slightly trembling.

After a long while, Wang Zhong finally heard her quiet voice, "Okay, I'll go back with you."

Wang Zhong nodded his head in satisfaction, his opinion of Hexi had lowered even more, and he now firmly believed that she was still just a coward and incompetent trash. At most, she only hugged a thigh that wasn't thick enough, it was simply too weak to be feared.

As for Qin Lu, who knew whether he was killed or injured. He was trash with no strength that only knew how to flatter people, no one in the Manor was worried about his life or death.

Hexi was just about to jump into the carriage that Wang Zhong had arranged, when from behind, Wet Nurse Chen anxiously called out to her, "Miss, Miss, let this old slave and Xiao Li accompany you back! In the future, you shall stand in Nalan Manor, becoming a genuine Young Miss. What will you do if you don't have a Wet Nurse and servant girl beside you!"

Wet Nurse Chen's eyes were full of hope, as if longing for Hexi to become a Miss of Nalan Manor so that she could have a promising future.

The corner of Hexi's mouth revealed the trace of a cold smile as she slowly said, "Since Wet Nurse wants to go with me, then I'll bring you. Xiao Li, you stay here to continue monitoring the training of Xi Jia and the other's, wait here until I come back."

[The King of Hell's Genius Pampered Wife](#)

Chapter 108

Xiao Li promptly answered yes, not doubting Hexi's orders at all.

Without waiting for Wet Nurse Chen to respond, Hexi quickly pulled her into the carriage. Since Wet Nurse still had delusions about Nalan Manor and her cheap Father, then this time she'll give Wet Nurse's naive hopes the opportunity to vanish.

In Yan Jing city, as one of the four great families, Nalan Manor's reputation could be described as outstanding.

When you add to this that Nalan Zhengze is the highest ranking doctor in all of Jin Ling kingdom, and that he's a Junior member of the Doctor's Association, many people would beseech Nalan Zhengze for treatment.

Therefore since Murong Yaru, now Madam Nalan, had married into the Nalan family, she had been enjoying the admiration and envy of others as part of a noble family. Wherever she went people would fawn upon her, giving her respect.

However, Madam Nalan had recently been worried about the rumours surrounding Nalan Feixue, giving her white hair. Spending all day inside Nalan Manor, she didn't dare go out to attend any parties.

This is because the rumours about Nalan Feixue had now spread throughout all of Yan Jing city, causing the Nalan family to look like a joke.

What "Nalan Feixue took a fancy to the Young Master of the Zhu family, and failing to seduce him, she used force". What "Nalan Feixue's innocence was taken by the Young Master of the Zhu family, so due to rage out of humiliation, she whipped the Young Master of the Zhu family to vent her anger". The rumours continued like this and they were now known by everyone!

Madam Nalan had educated Nalan Feixue herself as she grew up, so if Nalan Feixue's reputation was ruined, wouldn't it be said that she, Murong Yaru, had failed to teach her daughter well? Wouldn't this affect the future of her son and older daughter later on? This is what Madam Nalan couldn't bear about the whole situation.

However, the Zhu family insisted that the one who stripped Zhu Zhongba was Nalan Feixue. They even produced Nalan Feixue's personal token, and that personal token's design had made an uproar in Yan Jing city, so Nalan Manor was unable to deny it.

Unfortunately, as it happened her daughter, Nalan Feixue, was currently on a journey to train and wasn't at home. So even if she wanted her daughter to personally explain what had happened, there was no way it was achievable. Not to mention, with Madam Nalan's understanding of her daughter, it's possible that she really might have done such a thing.

Finally, after being reminded by Wet Nurse Hu, who is always beside her, Madam Nalan thought of using the concubine's daughter, Nalan Hexi. That girl who had been abandoned at the outside courtyard for over ten years.

Thinking of Nalan Hexi, Madam Nalan also unavoidably recalled that woman.

With a stunning appearance that could overturn the world, a noble and cold temperament, and arrogant eyes that overlooked anyone who came near. She was obviously only a concubine, yet her manner was like that of a flower growing on a high mountain, even her own husband wasn't in her sight.

Until today, every time Madam Nalan thought of that woman's indifferent expression when looking at her, she would become so angry that she trembled all over. Yet Madam Nalan's husband had loved that woman so much and was extremely respectful towards her, even more, he hadn't allowed anyone to get close to her or harm her.

She was a shameless slut who seduced men! Why, why should she have had to treat her well? Keep dreaming!

Fortunately, after that woman had given birth to a daughter she had died. Moreover, that daughter is an ugly person that is unable to cultivate, completely not inheriting even a little bit of her character and beauty.

This lowly kind of daughter, before she could hinder her path, it's better to get rid of her now.

Thinking of this pleased her, causing a carefree and vicious smile to appear on Madam Nalan's face. It was just at this moment though that a servant came in to report, "Madam, Third Miss has arrived."

Soon after, wearing a rough coat made for a man and without any sort of hairpin in her hair, a little girl accompanied by an old wet nurse unhurriedly entered the room.

Chapter 109

The girl looked to be about sixteen to seventeen years old, yet unlike the soft and fresh visage of a girl of that age, her skin was dry and sallow. Her gaze was turned down, clearly displaying her swollen eyelids and the obvious bags under her eyes.

With these kinds of looks, even the servants in the Manor were looked after better than her. If anyone were to say that she was the Third Miss from Nalan Manor, who would believe them?

Just thinking about how much pain that woman in the underworld would feel if she knew this, if she could see her own daughter's miserable and petty appearance now, caused Madam Nalan's heart to surge with intense joy.

But contrary to these emotions, the expression on Madam Nalan's face was one of distress, and in a noble manner she beckoned the girl closer. After examining Hexi up and down for a long while, she finally sighed, "You are Hexi? Poor child, how can you be so thin?"

Saying so, her sharp eyes swept over the people present and landed on Wang Zhong, "Butler Wang, how have I instructed you all? Although Third Miss was sent to the other courtyard by Old Master, she's still a Young Miss of the Nalan family. All food and clothing expenses must be according to Young Miss's specifications. Yet look at her now! Why has Hexi become so thin? In the end, did you send people who would serve Third Miss properly?"

Wang Zhong, who was somewhat terrified as he was being scolded, lowered his head and said, "Madam, your words really wrong this old slave. We have always picked the best foods and materials to send to the other courtyard. There's never been a shortage of crystal stones or silver tael, but..."

Madam Nalan's long shapely eyebrows raised, "But? You're not going to quickly say it?"

Wang Zhong answered while glancing slyly at Wet Nurse Chen, "But, this is the first time this old slave personally went to visit the other courtyard, so it is only now that I've learnt that the slaves in that courtyard are all outrageous. They're not only not looking after Third Miss properly, they're also taking advantage of her and secretly deducting a lot of the food and clothing expenses. This is the reason why Third Miss has fallen to such a degree."

Madam Nalan's eyes flashed, her gaze falling on Wet Nurse Chen as she stood behind Hexi. Suddenly, she shouted loudly, "Such a daring old slave, still not kneeling down quickly!"

Wet Nurse Chen was so scared by the shout that she was trembling, her face completely terrified.

Two servants quickly approached, and standing on her left and right, they forced her to kneel.

The corner of Madam Nalan's mouth raised slightly before quickly vanishing into a grief filled expression, and she said in a disgusted tone, "Wet Nurse Chen, in the past when you harmed my Xuan Er, I only punished you by letting people disable your cultivation base. You were sent to the other courtyard to atone for your crimes by properly serving Third Miss. Yet, you actually haven't changed and neglected your care of Third Miss."

"At that time I tolerated you, but this time, for my pitiful Hexi, I definitely won't spare you. Servants, drag this wicked slave away and flog her one hundred times, regardless of whether she lives or dies!"

Wet Nurse Chen was currently an ordinary person without spiritual power, if she were to be flogged one hundred times, she wouldn't be able to protect herself.

"Yes—!" The two servants that were holding Wet Nurse Chen down replied loudly, and started to drag her out of the room.

Wet Nurse Chen suddenly returned to her senses and fiercely struggled, "Madam, I didn't do it! I didn't harm Young Master Xuan! I didn't betray Young Miss! Don't believe these vicious lies attacking me!"

Wang Zhong coldly snorted from the side, "When I went to the courtyard, I personally saw you ordering people about while acting all arrogant and bossy towards Third Miss. You simply have no respect for Third Miss, and now you still dare to lie in front of Madam! Quickly drag her away!"

Wet Nurse Chen struggled with all her might while shouting, but she was no match compared to the strength of the two servants'. Her eyes slowly showed despair.

Chapter 110

"Wait." A clear and beautiful woman's voice suddenly sounded.

That voice wasn't heavy and the tone was calm, but it echoed in everyone's ears, causing the two servants' movements to halt.

Hexi lifted her head, her tranquil and deep eyes looked at Madam Nalan's surprised expression, and the corner of her mouth lifted into a faint smile, "It's said that Madam Nalan is benevolent and noble, so why must Hexi see a bloody scene on arrival? Hexi's courage is small, if Nalan Manor is so terrible, I think I'll go back to my small courtyard and stay there."

Madam Nalan's eyes opened wide. She couldn't believe that Nalan Hexi actually had the guts to speak to her like this.

This...is this really Nalan Hexi?

Hexi wasn't concerned with what Madam Nalan thought, and directly walking forward, she grabbed Wet Nurse Chen from the two servants and helped her to stand.

The two servants' felt their hands that were gripping Wet Nurse Chen tightly loosen. They didn't know how, but they suddenly felt pain in their elbows, and following that, their whole bodies became numb. Finding themselves unable to move even a single step, Wet Nurse Chen was easily taken from their hands.

Wet Nurse Chen's face was covered in tears, her expression full of remorse and guilt as she looked at Hexi.

It was at this moment that she finally realised, these people didn't receive her Miss back to let her live comfortably, rather, it was because they wanted to push her into a pit of fire. She was so stupid, always pressuring Miss to return to Nalan Manor, and now she had actually put her Miss in danger.

"Miss, I..."

Hexi patted her arm, and using her internal energy, her voice entered Wet Nurse Chen's ears. *"These demons, I simply don't care about them, I only needed Wet Nurse to understand this. Now, listen to my instructions, don't believe any of the people in this Manor. This includes Nalan Zhengze...you must not believe him. Wet Nurse, can you do that?"*

Wet Nurse Chen nodded repeatedly. How could she still believe the people in this Manor after all of this?

Hexi nodded her head in satisfaction, she didn't blame Wet Nurse Chen for wanting her to return to Nalan Manor.

Because on the surface, it indeed seemed that Nalan Manor always gave material assistance these past years to Nalan Hexi. As for being sent to the other courtyard where there was a lack of spiritual energy, since her meridians were broken, it would have no effect on her.

In addition, Nalan Zhengze had passed down an order that no one was allowed to harm Nalan Hexi's life. This had led to Wet Nurse Chen and the original Nalan Hexi to have delusions about this Father, believing that his decision was because he cared about their father-daughter bond.

However, Hexi snorted at this way of thinking. If he really cared about their father-daughter bond, would he have thrown away his own daughter to a remote area, never meeting her for many years, unconcerned about her welfare? Hehe, then the feelings of this Father for his daughter were too cheap.

As for not allowing anyone to harm Nalan Hexi's life, that was most likely because she still had some value. Nalan Zhengze, this doctor, it seemed that he was very different from the kind and upright doctor that he portrayed.

Hexi turned around, and coming into contact with Madam Nalan's shocked expression, she couldn't help but lightly lift the corners of her mouth, revealing a faint smile.

Madam Nalan's face twisted, yet in the next moment and with great difficulty, she managed to plaster a concerned and blame filled expression back onto her face, "Hexi, you're still young, you don't understand how hateful that group of wicked slaves are, you were deceived by them. This Wet Nurse Chen is really too hateful, I can't feel assured if I were to let her stay beside you. If you want servants, this Manor has many, I can even give you the servant I'm proudest of, Si Lu."
