Chapter 1041: Inform Miss

Little Golden Dragon snorted coldly. He still put up a stern face, but he somewhat softened his attitude, "You guys should be alert to me, this old man is a master of Nascent Soul stage. I also saw that pervert Feng Yunjing also came. We aren't their opponents when they join forces. If some of us are injured, how should we explain to boss when we go back!"

Xiao Li frowned immediately upon hearing this. She said anxiously, "Miss can't find us. She must be worried about us now."

Little Egg heard that Hexi would be worried, and he immediately said with a flat mouth, "Will mom be angry? She is most unhappy that we risked wildly and put ourselves in danger. Mom will definitely ignore us when we go back!"

Little Golden Dragon also said with a bitter face, "The point is that we didn't leave any message to boss before disappearing. It's strange if boss is not worried!"

It turned out that when these 4 little ones went to Yongan City to buy things in the morning, but they were ambushed by Li Zhenyu and Yunlan Sect's people in a remote alley.

No matter how small the enmity was, they would revenge no matter how. Li Zhenyu wanted to harm Hexi numerous times, and now he even wanted to rob them. How could these little ones let them go easily?

So, when Li Zhenyu and the others spilled the medicinal powder, Little Golden Dragon and the others pretended to faint and were carried back to Yunlan Sect by them.

But in fact, this kind of knockout drug was not a problem for Little Egg who had countless kinds of antidote in his body.

Although the poison was detoxified, Little Golden Dragon and the others pretended to be unconscious and went to Yunlan Sect along the way.

When everyone in Yunlan Sect relaxed their vigilance, they suddenly rushed out and relied on their agile movements to fool those Yunlan Sect's disciples and elders around.

Yunlan Sect clearly had more than a dozen Gold Core Stage masters, but they were all flustered. When they nearly caught the little ones, they escaped from their hands.

The entire Yunlan Sect was in chaos. During the period, they stole a lot of treasures. Fan Guangxuan was infuriated.

It was a pity that happiness breeds sorrow.

Just when the little ones were done fooling them and were about to leave Yunlan Sect, an old man riding an aircraft descended from the sky.

This old man turned out to be a master at the Nascent Soul stage. Although Little Egg had good skills, they were already overwhelmed to deal with the dozen of Gold Core Stage martial artists with their endless strange techniques.

Facing the Nascent Soul stage master, how could they fight back. The old man even sprinkled a more advanced knockout drug on them.

Even Little Egg and Xiao Li almost fainted when they inhaled it.

If Little Egg didn't let the others take the antidote quickly, they would really fall asleep now.

However, because they did not have the power to resist, all of them were stuffed into a special cage by the old man. Little Egg originally wanted to let Little Dumb Cow use teleport to escape, but he couldn't do it.

Just when the little guys were at a loss, there was a chattering voice from the window.

As soon as Xiao Li looked up, she saw a colorful hummingbird resting on the window edge, chirping at her.

Xiao Li's eyes suddenly lit up, and she was overjoyed and said, "It's Little Hummingbird! Great, I have a way to notify miss."

After listening to Xiao Li's instructions, the humming bird flew out of the window and disappeared into the sky.

Chapter 1042: Long Admiration

Xiao Li's face blushed slightly, and she whispered: "I hope Little Hummingbird can inform Miss."

"Aiya!" Little Egg suddenly thought of something, and he said anxiously, "But that pervert is here too, how? If mom comes, she will be bullied by that pervert again?"

Xiao Li couldn't help but curiously asked, "What is pervert?"

"Pervert means... very very bad! Very wretched and annoying!" Little Egg clenched his small fists and said angrily, "Every time that pervert sees mom, he wants to take advantage of mom. He is really bad!"

Xiao Li let out a cry and covered her face. Her clear eyes were full of confusion and worry, "What should we do then?"

Little Golden Dragon sneered, "Don't worry, have you forgotten that boss still has your daddy with her? Nangong Yu is amazing! He can definitely teach that pervert Feng Yunjing a lesson, I'm afraid he will leave now!"

===

Hexi knew from the very beginning that Xiao Li had the ability to communicate with animals, so when she saw the -stop spiritual hummingbird chirping around her nonstop, she immediately followed the spiritual hummingbird.

The speed of the spiritual hummingbird was extremely fast, and the speed of Hexi's flying sword had reached its limit. However, within the time of an incense, they caught with the aircraft flying ahead.

When Hexi and the others approached the aircraft, Elder Cheng and Feng Yunjing immediately sensed it.

Feng Yunjing's eyes looking at Hexi were full of possessiveness.

After knowing the true identity of Xi Yue, he wanted to get this woman even more. He wanted to own her body and the secret on her.

Elder Cheng looked up and down this beautiful young man with unkind eyes. It was this man who let his talented disciple Zhu Que lose power in the King of Hell Mansion and even died. It was also the Shengde Hall ran by this man that caused the Doctors Association to fall into an unprecedented crisis.

If he brought this person back to the Doctors Association, the president and other elders would be very happy.

Thinking of this, he took a step forward and slowly smiled, "Mr. Xi, I really admire your name for a long time!"

Hexi and said solemnly with a cold face, "Where are my spiritual pets?"

"Your spiritual pets are naturally well received in the cabin." Feng Yunjing intercepted the elder words and said in a low tone, "Xi Yue, if you want to see the spiritual pets, come on in this aircraft now."

Hexi chuckled, but her eyes were full of murderousness, "Good! Very good! You better not let me see my spiritual pets being hurt."

As soon as she finished, she flew into the sky. Instead of rushing toward the aircraft, she pointed the Li Shui Sword in the sky and slashed down abruptly.

Feng Yunjing had seen Hexi's Flying Flower Sword Rain, but he didn't take it seriously.

However, when the sword rain fell from the sky, the entire flying boat shook violently.

The protective shield that originally covered the flying boat shattered, and the doctors who served Elder Cheng on the flying boat screamed and fell onto the deck.

Everything on the flying boat was swaying, and even the things in the cabin slipped out because of the shock.

"Ahh—! I'm going to fall!!!"

"Wahh! Stupid cow, move away!"

"Stupid pig head and dumb cow, be careful not to hurt Xiao Li!"

Because of this violent shaking, a huge cage rolled out of the cabin and hit the ship's side heavily.

A few familiar voices came out from the cage.

Chapter 1043: Really Bold

When her eyes fell on Little Egg and other little guys, she finally breathed a sigh of relief.

Little Egg, who was thrown dizzy, grabbed the cage and stood up. Seeing Hexi not far away, he suddenly cried out in surprise, "Moom, you are finally here!"

Little Golden Dragon and Xiao Li also straightened up happily, looked at Hexi, and shouted, "Miss/Boss!"

Elder Cheng and Feng Yunjing, who had finally stabilized the swaying flying boat on the deck, looked ugly, and they looked at Hexi with scrupulous.

Feng Yunjing's gaze became more scorching. His figure suddenly flashed and appeared before Hexi.

His presumptuous eyes were full of lust and domineering. He looked up and down Hexi's beautiful face, then he said hoarsely, "I didn't expect your cultivation to improve by a lot after we parted for a few months. Should I be surprised by your amazing talents or should I be curious about what kind of adventure you have gotten? Within just half a year, how did you turn from a useless person without cultivation into a genius that can rival the Gold Core Stage martial artists?"

Hexi squinted slightly, and a hint of shock flashed past his eyes.

The meaning of Feng Yunjing's words doesn't seem simple. What does he know?

Feng Yunjing laughed and said, "Or, I shouldn't call you Xi Yue, but... Nalan Hexi?"

When he said this, Feng Yunjing's eyes were fixed on Hexi's face, wanting to see panic from her face.

However, he was disappointed. Hexi slowly sneered, "Feng Yunjing, your news is really good. Since you have found out that my name is Nalan Hexi, do you see who razed Nalan Family to the ground?"

When Hexi said this, Feng Yunjing shivered instinctively.

The man in red clothes that made him surrender and feel fear and despair seemed to appear before him again; the speech prohibition art that made him feel threatened all the time also got into his mind.

His face turned gloomy, and he said coldly, "Xi Yue, you escaped from my hands in Breaking Spirit Mountain last time, but this time, you are not so lucky. No matter how much your cultivation has improved, you aren't my opponent. This time, I will let you be my woman immediately..."

Before Feng Yunjing finished his words, he hurriedly back away in shock.

But it was too late. He only felt a sharp pain in his shoulder. A piece of meat and bone was sliced off by a sword aura.

The white bones and gushing blood made Feng Yunjing's face distorted. He stared at the figure behind Hexi.

A tall man appeared behind Hexi from nowhere, then he hugged Hexi into his arms with his long arm.

"Nangong Yu——!!!" Feng Yunjing gritted his teeth and spit out these 3 words. Pain, hatred and fear intertwined and surged into his heart, causing his face to turn hideous.

The person was naturally Nangong Yu who had eliminated Yunlan Sect and caught up with Hexi.

Nangong Yu hugged Hexi lightly, but his eyes with a hint of smile fell on Feng Yunjing.

That smile obviously looked gentle, but it always gave a sense of creepy horror.

His slender finger gently stroked Hexi's temple hair as he said slowly, "Feng Yunjing, you are so bold. Ever since the incident in Breaking Spirit Mountain, I didn't settle the account with you, but you come to me yourself. It seems that you really can't wait to die immediately!"

Chapter 1044: You Even Have the Face to Say it

But today's Nangong Yu made him feel a sense of terror from the bottom of his heart.

"Nangong Yu, what do you mean? Do you really want to have a fallout with the Feng Family?"

Feng Yunjing said so, but he quickly retreated back into the flying boat.

After standing next to Elder Cheng and confirming that there were 2 masters of the Nascent Soul stage on his side, Feng Yunjing breathed a sigh of relief. No matter how strong Nangong Yu was, he couldn't take advantage of it. His tone sounded a little tough.

"Nangong Yu, you better think about it carefully. Is it worth it to go against the Feng Family for a woman? Isn't our Feng Family good enough for you? In the early stage, we Feng Family supported you in many ways for developing Iron Kirin. You took over the Yanjing City, but we Feng Family didn't condemn you at all. Now I just want a woman from you, hehe, then you should just give her to me. Why are you so obsessed with her? You can get so many women in this world, and I can even get hundreds of them to you!"

Nangong Yu sighed lightly, released Hexi, took a step forward, and slowly said, "Feng Yunjing, don't force me to kill you now. I have thought of a hundred ways to torture you and the Feng Family. If I kill you out of anger now, wouldn't it be too boring?"

Having said that, the "Sealed Dragon Sword" appeared in his hand. He launched a sword aura toward the flying boat.

The flying boat that was staggered by Hexi was slashed in half like tofu.

Many of the people on the flying boat were just martial artists from the Foundation Establishment stage and Meridians Stage. They cut in half by the sword aura before they managed to escape.

At the same time, the giant cage that locked the little ones was also slashed apart.

The little ones felt the cold sword aura brushed past their fur. As the flying boat collapsed, they even fell out while screaming nonstop.

Hexi moved almost the moment the cage was slashed open, and she quickly appeared where the little ones fell out and kept them back into the void.

Both Elder Cheng and Feng Yunjing were caught off guard. They hurriedly released their flying swords to maintain their figures in the air.

Elder Cheng furiously said, "Nangong Yu, what do you want to do? You killed my disciple. I haven't questioned you yet. Now you dare to destroy my flying boat and rob my spiritual pets? You really want to fight the Doctors Association?"

Nangong Yu sneered, "Your spiritual pets? You even have the face to say it!"

Feng Yunjing had a deep fear of Nangong Yu in his heart at this time; he even couldn't face him head-on.

Hearing this, he immediately approached the elder and said, "Nangong Yu and Xi Yue have a very close friendship, so he must be here to take back Xi Yue's spiritual pets."

Elder Cheng was furious hearing that. He didn't feel the guilt of stealing someone else's spiritual pets at all. Instead, he said righteously, "Nangong Yu, these little things are things that the Miracle Healer Academy wants. You'd better be smart and let Xi Yue summon all her spiritual pets. By the time, the Miracle Healer Academy will naturally benefit her, otherwise... you know what is the consequence of offending the Miracle Healer Academy."

Chapter 1045: Ignorant

"You... you nonsense!" Elder Cheng's face turned pale as if his sore spot was being poked. He furiously said, "You brat, what are you to talk to me like this? I will kill you right now."

As soon as the voice fell, he flew into the air and launched an ice arrow at Bai Hu.

He used all his power in this shot. Not to mention a martial artist of the Gold Core Stage, even a Nascent Soul Stage martial artist might not be able to escape.

Bai Hu looked solemn. He was about to defend with a magic weapon.

In a blink of an eye, Nangong Yu's figure appeared in front of him. He stretched out his slender jade hand gently and easily caught the flying arrow.

Elder Cheng's eyes widened suddenly, and he watched the ice arrow launched by him with most of his power turning into dust in Nangong Yu's fingers. The ice arrow could even shock the Nascent Soul stage martial artists.

Nangong Yu, hasn't he advanced to the Nascent Soul stage in just a few years? How could it be possible? How could he be so powerful?

Elder Cheng swallowed, and he said in a deep voice, "Nangong Yu, if you really want to protect Xi Yue, I can also give you face. As long as Xi Yue calls out the little demonic dragon and the little girl, I can don't want the other spiritual pets. We each take a step back, what do you think?"

When Elder Cheng caught a few pets, he discovered that the little magical dragon should have been transformed from a golden flying dragon, and the little girl was the avatar of the nine-tailed silver fox. Both of these were legendary magical beasts that were sought after by countless martial artists.

He had to get them no matter how.

As for the pink pig and the ugly cow, he had not figured out what species they were, so he didn't care too much about them.

Nangong Yu smiled lightly, and a thunderball popped out in his palm. Following the movement of his fingers, the thunderball made a crackling sound as it kept thumping.

He fiddled with the thunderball for a while before he shook his head and sighed, "People say that people are knife and chopping board, I'm the fish. Fish should of course be more obedient. However, you 2 are obviously the fish, but why are you still so ignorant?"

"Presumptuous!" Elder Cheng was finally fully triggered by Nangong Yu's arrogant attitude. "Nangong Yu, don't choose the hard way! We have 2 Nascent Soul Stage martial artists here. Do you think you stand a chance against the 2 of us?"

"Who is choosing the hard way, make a move and you know. What's the point of so much nonsense?"

Nangong Yu sneered, and he rose up and threw the thunderball toward them.

Of course, Feng Yunjing and Elder Cheng didn't take a mere thunderball seriously.

Feng Yunjing cast a magic shield and charged toward the thunderball.

Hearing the crashing sound, Feng Yunjing only felt a heartbreaking pain in his hand, then the magic shield disappeared without a trace before him.

Pala———!

The rumbling thunder struck Feng Yunjing, making him twitch all over. All his hair stood up one by one; his clothes and skin were scorched; his eyes were rolling and trembling.

Chapter 1046: Too Easy on Him

At the moment of his death, Elder Cheng lowered his magic weapon to hold him and stuffed a few medicinal pills into his mouth.

Feng Yunjing's scorched body twitched, and he finally opened his eyes again.

He opened his mouth and said with a hoarse voice; his eyes were full of fear, "Why... why I can't... stop his thunderball..."

Elder Cheng also had a solemn expression, and he said bitterly, "He must have some powerful magic weapon in his hand. The sword in his hand seems to exude a breath of dragon pressure. It must be a powerful magic weapon. It seems that Nangong Yu really wants to kill us, we can only survive by working together. Hmph, when I survive, I will definitely let him suffer!"

Feng Yunjing endured the pain in his body, stood up, gritted his teeth and said, "Well, I don't believe he can beat us if we join hands!"

At this time, Nangong Yu had leisurely released the "Sealed Dragon Sword" and formed a gesture. The "Sealed Dragon Sword" made a terrifying dragon chant before flying straight at Elder Cheng and Feng Yunjing.

As soon as the dragon roar came out, the lower creatures advanced and surrendered.

Although Feng Yunjing and Elder Cheng were already masters of Nascent Soul Stage and the "Sealed Dragon Sword" in Nangong Yu's hands was a counterfeit, they still felt frightening hearing this dragon roar and seeing the oncoming "Sealed Dragon Sword".

Elder Cheng's hand holding the magic weapon even kept shaking. He somehow felt that Nangong Yu's sword was so devastating that he couldn't defend at all.

However, apart from defending, he had no other way at all.

"Nephew Feng, quickly use your strongest defensive magic weapon, otherwise we..."

Before Elder Cheng finished speaking, he suddenly felt a strong force coming from behind, then he involuntarily went in the direction of Sealed Dragon Sword.

"Psh-", Sealed Dragon Sword penetrated his chest, but it still flew toward Feng Yunjing without stopping.

Elder Cheng opened a pair of bloodshot eyes and looked back in disbelief.

What he saw was Feng Yunjing activating a life-saving inscribed teleportation jade slip and his crazy red eyes.

The last thing that remained in Elder Cheng's ears was Feng Yunjing's vicious laughter, "Elder Cheng, you're old and won't survive for a few years, so please block this sword for me. Don't worry, when I escape, I will revenge for you! You... just die with peace of mind!"

"Ahh—!! Feng Yunjing—!!" Elder Cheng let out an unwilling and heartbreaking scream as he watched Feng Yunjing disappeared in the light.

His internal organs and dantian, that had been severely damaged, finally couldn't bear the power of "Sealed Dragon Sword" and suddenly exploded.

Qing Luan's figure flickered, avoiding the splashing flesh and bones of Elder Cheng. With a wave of her green smoke fan, she obtained all Elder Cheng's magic weapons and storage devices.

Qing Luan took the thing back to Hexi, glanced at the direction where Feng Yunjing disappeared, and couldn't help but say in depression, "I didn't expect to let Feng Yunjing run away again! This is too easy for him!"

Nangong Yu retrieved the "Sealed Dragon Sword" and sneered, "It's true that he ran away, but it may not be too easy for him."

Hexi raised her eyebrows and asked in curious, "When the inscribed teleportation jade slip was activated just now, you seemed to have launched a few spiritual power in his direction. What are those for?"

Chapter 1047: Separation

"Change the location?"

Nangong Yu nodded with a smile, but his face was full of cold evil intentions, "Feng Yunjing is now covered with wounds and blood, so if he falls into the magical beast forest like this, how will he end up?"

"Magical beast forest?" Hexi was taken aback for a moment, then she couldn't help laughing.

It's not just because Feng Yunjing is covered with wounds right? And his scorched skin, en, he will definitely become the delicious food that magical beasts are vying for.

Nangong Yu lowered his head and kissed her laughing mouth, but his eyes were slightly dull. "However, the magical beast forest can't block message transmission. Feng Yunjing may not be able to die. Moreover, once he reports my strength and the news of Elder Cheng's death to the Feng Family and the Doctors Association, I'm afraid the Feng Family will start to act."

Qing Long also stepped forward and said, "Master, I want to report to you that there is news from Xuan Wu and Wu Yu that the Feng Family seems to have begun to take action in various kingdoms. Especially the edge of the magical beast forest that Iron Kirin, the Feng Family's people began to increase."

Nangong Yu's eyes were dim, and he sneered, "I'm still afraid that they won't make a move."

But... he looked down at Hexi, "Xi'er, the Feng Family has started to act, I must go back to preside over the overall situation, you go back with me, en?"

Hexi was hesitating, but Xiao Li's whisper came from the void. She was taken aback, then she shook her head and said, "Nangong Yu, I have some things to deal with here. I may need to go to Miracle Healer Academy first. What's more, my current status is quite special. Staying by your side will restrict your actions instead."

Nangong Yu's shining eyes suddenly dimmed, and he put his arm around Hexi and said with a slightly aggrieved voice, "Xi'er, I haven't seen you for a long time, are you willing to separate from me?"

Hexi was naturally a little bit reluctant, but the only feeling of parting was dispelled by Nangong Yu's tone and attitude.

She took out a large stack of talisman papers from her arm, handed them to Nangong Yu's hand, and whispered, "These talismans were given to me by a remarkable man in crafting talisman. They contain a voice message talisman, item transfer talisman, and the recording talisman. Even if we are thousands of miles away, it can be delivered, unlike inscribed jade slip that can only convey simple messages."

As she said, her face was a little hot, and she lowered her voice, "If you miss me, send me a voice message talisman, I... I will reply to it; if you want to see me or eat my food, I can also send you video recording talisman and item transfer talisman. In short, we won't be not seeing each other for a long time."

Nangong Yu looked down at the girl in his arms.

Hexi was always cold and arrogant, but occasionally facing him, she would have the shyness of a little girl.

And he really loved Hexi like this.

Just thinking that he couldn't be with his loved one, even if he can send a voice message and see a recording talisman, he felt an indescribable depression for not being to hold her in his arms.

He couldn't wait to tie her around him so that she couldn't leave even one step.

Chapter 1048: Something Happened?

Nangong Yu lowered his head and stabilized the soft pink lips.

He didn't bother about the presence of Bai Hu and the others and kissed her passionately, sucking the sweet nectar from her mouth.

After a long time, Hexi panted and pushed away the man who was almost out of control, and she looked around. When found that Bai Hu and others had already disappeared, she was relieved.

But thinking that the scene just now fell into everyone's eyes, she felt so embarrassed that she wanted to peel off the man's face again.

Such a shameless rascal, his face must be thicker than the city wall!

Nangong Yu smiled and grabbed the girl's fist to his chest, then he said hoarsely, "As soon as there is danger, activate my avatar inscribed jade slip. No matter what I'm doing, I will come as soon as possible. Do you hear me?"

Hexi nodded and whispered, "So do you, don't let yourself be in danger. If you need any medicinal pill or magic weapon, tell me. I will deliver them to you."

Nangong Yu squeezed her small jaw with burning eyes. His voice was even more hoarse, "Xi'er is really empathetic. But if I really miss you, can you send yourself to me?"

Hexi kicked him away and cursed, "Get lost—!"

This guy is really getting more and more arrogant!

Nangong Yu let out a low laugh. After the 2 spoke for a while, they finally had to say goodbye.

Nangong Yu left Bai Hu and Qing Luan, and even God Speed to Hexi. He just brought Qing Long away.

As soon as Nangong Yu left, the little guys in the void immediately jumped out.

Xiao Li stood in front of Hexi with a face full of guilt and said in a sobbing tone, "Miss, did Xiao Li trouble you that you can't follow the handsome brother back?"

Hexi rubbed the little girl's head and smiled loudly, "Nothing, I didn't want to meddle the matter between the Feng Family and Nangong Yu. What he wants is to confront the Feng Family openly, that's what I'm good at. I like to do things secretly. So even if I go back with him, I will just go back to Yanjing instead of the magical beast forest. We are still on different ways."

Xiao Li breathed a sigh of relief, then she realized her crying face, blushed and wiped her nose.

Little Egg jumped to Xiao Li's side and said with concern, "Sister Xiao Li, you just kept crying in the void and you even called brother, what happened?"

Xiao Li's tears that had just stopped suddenly seemed to surge again. She grabbed Hexi's sleeve and said, "Miss, can you show me the relic of that elder Cheng?"

Hexi certainly wouldn't refuse, and she quickly took out all of Elder Cheng's things.

As soon as Xiao Li saw one of the jade pendants, she immediately rushed over, grabbed the jade pendant, and then couldn't help crying, "Miss, it's this... this is... this is Brother Wu Qi's! Miss, did something happen to Brother Wu Qi? Wuuuu..."

Hexi's face suddenly became serious. She took the jade pendant and took a closer look, but she didn't see anything special, "Are you sure you didn't recognize the wrong thing?"

Xiao Li nodded with tears and said, "I won't. Miss, this jade pendant is not special, but the decoration on the jade pendant is made of my own tail hair. It can confuse people at critical moments. I also bought this jade pendant for Brother Wu Qi. Miss, what should I do? Something must have happened to brother. Wuuuu..."

Chapter 1049: Miracle Healer Academy

Xiao Li's eyes widened immediately. She clutched Hexi's sleeve, and asked hopefully, "Miss, is it true? Is Brother Wu Qi still alive? Can we really find Brother Wu Qi?"

Hexi smiled gently, rubbed her little head and said, "En, when did I lie to you?"

"Yes! Xiao Li, don't cry anymore!"

The few little ones also ran over and gathered around Xiao Li, eloquently comforting, "With us here, we will definitely be able to help you rescue your brother."

Xiao Li felt everyone's sincere concern, and the sadness on her face was gradually replaced by a warm smile.

But she still couldn't help worrying, "But miss, where are we going to find brother?"

"Isn't it obvious?" Hexi smiled and said, "The place that Elder Cheng wanted to send you guys to. Wu Qi is most likely be there. Where should we find the clue?"

The little ones looked at each other, then their eyes lit up as they said in unison, "Miracle Healer Academy!"

===

The Miracle Healer Academy was no stranger to every martial artists in the Miluo Continent.

It was located at the junction of Tian Gang Kingdom and Cang Ming Kingdom, surrounded by mountains and green water, forming a city of its own called Miracle Healer City.

Miracle Healer did not belong to any country. No one had jurisdiction over it and no one dared to.

But this was different from the [Shura City], which was also under no jurisdiction. The [Shura City] was an underworld full of criminals while the [Miracle Healer City] was a prosperous place where geniuses and high-level doctors gathered. It was also known as the most desirable sacred place in the entire Miluo Continent.

Compared with Miracle Healer City, Miracle Healer Academy was a paradise that everyone dreamed of entering.

However, it was almost impossible for 90% of the physicians and martial artists of the Miluo Continent to enter the Miracle Healer Academy.

Although Miracle Healer Academy organized an admissions assessment every year, there were few people who could stand out in that abnormally difficult admissions assessment. Even that ratio was less than one in ten million.

As an academy completely independent of all families and influences, Miracle Healer Academy had all its codes of conduct very fair and just, and it was respected and admired by everyone.

No matter how powerful one was, even the sons and daughters of the President of the Doctors Association, if he wasn't capable, he would never be selected.

Moreover, although it was called Miracle Healer Academy, it recruits not only doctors, but also talented martial artists and some individuals with special talents.

In short, as long as everyone was recommended, they had the opportunity to enter Miracle Healer Academy. Once they were selected into the Miracle Healer Academy, no matter what kind of background they were originally from, even the lowest peasant could rise to the top.

As for the family of the students in Miracle Healer Academy, they could obtain supreme glory.

Even more than 90% of the 8th rank doctors and grandmaster pill refiners of the Miluo Continent were from the Miracle Healer Academy, including those elders from the Doctors Association.

Chapter 1050: Might as Well Rob?

There was a legend in Miracle Healer Academy that every 10 years, a very small number of excellent students would be sent to the Siam Continent to study.

Once they had outstanding results of learning and were valued by Siam Continent's sects or forces, they could stay in Siam Continent exceptionally.

Siam Continent was a paradise far higher than Miluo Continent. For the people of the Miluo Continent, there was an out-of-reach existence like a dream.

For most martial artists in Miluo Continent, there was only one way to enter Siam Continent.

That was to advance to the Soul Splitting Stage, accept the thunder tribulation, and finally soar to the upper realm. However, was the thunder tribulation so easy to pass? Was Soul Splitting Stage so easy to reach?

Was there a single Soul Splitting Stage martial artist for nearly a thousand years?

However, the Miracle Healer Academy had provided the people of Miluo Continent with another way to ascend to the upper realm, that was, to become the well-deserved king of the Miracle Healer Academy.

With this opportunity alone, people from Miluo Continent rushed to apply for admission to Miracle Healer Academy.

Even Hexi, who had always been calm, couldn't help sighing after hearing Qing Luan and Bai Hu's detailed description of the origin and power of Miracle Healer Academy.

They soon came to the Miracle Healer City.

But Hexi did not expect that entering the Miracle Healer City actually required a pass.

Only doctors above 4th rank and pill refiner above quasi-master level could enter and exit Miracle Healer City freely. All others need to pay crystal stone to enter.

“100 crystal stones per person per day?” Hexi could not help but frown; Bai Hu even exclaimed, “They might as well rob!”

Qing Luan glared at Bai Hu before explaining to Hexi, “Because there are too many people who want to apply for Miracle Healer Academy or go to Miracle Healer City for treatment every year. If they don’t set such rules and regulations, Miracle Healer City will definitely be overcrowded.”

Qing Luan was the new Zhu Que, who was mainly responsible for support. Although she was not a high rank doctor like the previous Zhu Que, she knew more about this aspect.

Hexi nodded. As soon as she heard this rule, she even wanted to get a doctor’s rank to save money.

However, after understanding the promotion of doctor ranks, she realized that this was impossible. Because the first doctor rank assessment could only be awarded to 3rd rank doctor at most, then the promotion of each rank had a time limit. She had to at least wait for a year.

Although the fee was expensive, it was really nothing for Hexi who had just won a huge sum of money.

Hexi paid the crystal stones for a month for all of them at once. The city guards couldn’t help look at them a few more times.

After the few people left, the guards were still talking quietly.

“These people must have come to participate in the assessment of Miracle Healer Academy right? Otherwise, they won’t pay so many crystal stones.”

“Tsk tsk, they don’t even have a doctor rank, and the youngest one is only at the Foundation Establishment stage. If they come here to apply for the Miracle Healer Academy’s entry assessment, isn’t it self-defeating and a waste of crystal stones?”

“Hey, who cares! We only need to have to collect the crystal stones!”

===

As soon as Hexi and others entered the door, they felt a strong spiritual power rushing toward them.

Gu Liufeng looked at the 4 corners of the city and found that there was a shining light. He couldn’t help but sigh, “Miracle Healer City is really rich. In such a huge city, there is even a spirit gathering array. No wonder the entrance fee is so expensive.”
