Chapter 1051: Guide

But now Miracle Healer City had set up the spirit gathering array in the whole city. It was conceivable that the crystal stones cost every day was so expensive.

No wonder many people were eager for Miracle Healer City and Miracle Healer Academy.

As soon as they entered the city, they saw a few boys and girls with plain clothes rushed toward them excitedly.

“Several seniors, are you new to Miracle Healer City? You must need a guide right? I have lived in Miracle Healer City for more than a year, so I’m very proficient in all the news here.”

“Senior, I only need 500 crystal stones a day to take you for a tour in the Miracle Healer City, especially the Miracle Healer Academy. I have acquaintances there, and I promise to let you know the important matters of the entrance examination.”

The babbling voice kept coming in their ears.

These boys and girls just watched Hexi came in with a large amount of crystal stone at the city gate, and they noticed their costumes and cultivation (a few Gold Core Stage), so they must be huge customers. That was why they were particularly eager.

Hexi glanced at them, then she looked at a young man with a refreshing face.

The clothes on this boy were more worn than the others, and his face was full of tiredness. Hexi would notice him because the spiritual power fluctuations on his body were very soft and pure.

Moreover, it was a very pure water attribute spiritual power. He had at least a dual spiritual root qualification. Judging from his spiritual power fluctuations, this person was very suitable to be a doctor.

Hexi pointed and said lightly, “It’s him!”

“Eh... how could you choose Tong Bing? We are much better than him!”

“Yeah, he has only been here in Miracle Healer City for less than 3 months. How can he be compared to us.”

Hexi’s choice puzzled them, making them complain unwillingly.

However, as soon as Hexi released her aura, they quickly shut up and ran away as if they were shocked.

Only the shabby boy stood there nervously with a flushed face. He said after a long a while, “My... my name is Tong Bing, thank you senior for choosing me.”

Next, Tong Bing took Hexi and others around the Miracle Healer City.

Miracle Healer City covered a large area, even larger than Yongan City and Yanjing City.

And at this time, the streets were full of hustle and bustle, but the shops on both sides didn't mean to do business. The staffs and bosses were sitting on their seats, waiting for others to inquire about the price.

In this Miracle Healer City, the most were medical halls. Almost 1 out of 10 people on the street was a doctor, which would be unimaginable if it was another city.

But what made Hexi feel strange was that although there were many people in Miracle Healer City, they all come and go in a hurry. There was a strong sense of contradiction with this Miracle Healer City.

She couldn't help but ask Tong Bing, "Are there so many people here every day?"

Tong Bing shook his head and said, "No, no... it's not. Only this month is special because in a few days it will be the selection and assessment of Miracle Healer Academy. Many people here are here to participate in the assessment. Usually, because of the expensive entrance fees, there are mostly doctors and high rank martial artists around, and few ordinary people came in."

Chapter 1052: Enchantment

He originally thought that these people paid the sky-high entrance fee to take the selection examination of Miracle Healer Academy, but he didn't expect that they didn't even know the selection examination.

Qing Luan sighed with emotion, "That's no wonder, every time the Miracle Healer Academy is selected, almost all the martial artists that are expected to be selected from the whole mainland will come to participate in the registration. Son, it would be a coincidence that we were in time."

Hexi smiled and did not speak.

Tong Bing finally couldn't help but ask in a low voice, "Senior, are you not here to participate in the selection?"

Hexi shook her head, "No."

But after speaking again, she suddenly smiled slightly, "Not for the time being, but maybe it's not a bad thing to participate."

She said very lightly in the last sentence, but Tong Bing still heard it.

This young man, who was elegant and lofty that made him feel a little embarrassed, seemed younger than him, but the self-confidence in the words and the aura of the superior made Tong Bing feel that he was too far away from him.

Tong Bing soon took Hexi and others to the location of Miracle Healer Academy.

Even if Hexi was mentally prepared, she couldn't help being stunned when she saw the vast endless buildings of the academy and the fluctuation of spiritual power that was almost visible to the naked eye.

Moreover, seeing see the roof of the college building and the misty mountain from the outside, one could imagine how wonderland inside that was carved and painted.

This Miracle Healer City was very big, but the real city only occupied half of the Miracle Healer City, and the remaining half of the area was entirely owned by the Miracle Healer Academy.

Hexi still wanted to go forward. Tong Bing quickly stopped her and said with a red face, "Senior, there is a very powerful barrier set up outside the Miracle Healer Academy. If there is no inscribed jade slip, ordinary people can't get in."

As he said, he felt embarrassed. He lowered his head and said, "I'm sorry, senior. I'm useless. Unlike the other guides, they... they have acquaintances in the school, and they can take you to the outside of the academy. I... I can't..."

Tong Bing had been very responsible all the way, and the most important thing was that he didn't speak too much along the way.

Hexi was still very satisfied with his attitude as she hated strangers babbling in her ears the most.

Hearing that, she was not disappointed and angry, but she said in a calm tone, "Enchantment? How powerful is it?"

From this point of view, this Miracle Healer Academy was really not an ordinary wealthy.

Ordinary sects, such as Yunlan Sect, did not have the financial and material resources to open enchantments anytime and anywhere.

The entire Miluo president, and only the 4 major sects, were willing to spend a huge amount of crystal stone to open the Mountain Guard Array at all times.

In Miracle Healer City, there was a spirit gathering array in the city, and the entire Miracle Healer Academy had also set up such a powerful enchantment, which clearly showed their wealth.

Tong Bing showed a look of awe on his face, and he said in a low voice, "So far, no one has broken into the Miracle Healer Academy."

Gu Liufeng frowned and interjected, "Is there a way to get that inscribed jade slip?"

Tong Bing nodded, "As long as the martial artists work in the college, they will get a uniform inscribed jade slips. However, most of these inscribed jade slips can only enter specific places in the academy; some can only move around outside. Only the teachers and formal students can really enter the academy."

Chapter 1053: The Easiest Way

The Miracle Healer Academy was so big, there must be a lot of servants and students working in it. It was certainly not a problem to bribe someone to borrow the inscribed jade slip for a day.

If it didn't work, they could just steal from someone.

Tong Bing was taken aback, shaking his head like a rattle, "Of course not, every inscribed jade slip is engraved with the only spiritual power mark, so only the owner can use it. If you use someone else's

inscribed jade slip to enter the academy, you will soon be sensed by the enchantment. You will definitely be punished if you are caught by the academy guards!”

It seemed that shortcuts really couldn't work.

Hexi also just cast her Divine Sense to test this enchantment, and she found that it was indeed powerful.

She stood a little farther and did not feel the presence of the barrier at all, but her Divine Sense disappeared into the enchantment without a trace.

Presumably, with their cultivation, wanting to break through the barrier forcibly was simply impossible.

Bai Hu couldn't help frowning and said, “Master, what should we do now? Should I ask master to come over? He must have a way...”

“No need!” Hexi shook her head, “No need to trouble Nangong Yu, isn't there the easiest way?”

Bai Hu was taken aback, blurted out and asked, “What is the solution?”

But as soon as Bai Hu asked, he reacted immediately, staring at Hexi with slightly widened eyes.

Hexi smiled leisurely with shining phoenix eyes, “It is of course participating in the entrance examination of the Miracle Healer Academy!”

In fact, Hexi also remembered at this time. In Yongan City, Master Yuehua had mentioned to her about the Miracle Healer Academy and gave her a letter of recommendation.

Although the Miracle Healer Academy did not restrict the identity and strength of the martial artists who signed up for the entrance examination, it also needed to verify the identity and origin of the martial artists. Therefore, every martial artist who participated in the entrance examination needed to obtain the recommendation letter of a doctor or high-rank martial artist.

Hexi had already forgotten the letter from Master Yuehua, but now it just happened to come in handy.

When Bai Hu and Gu Liufeng heard it, they looked at each other and nodded again and again.

Qing Luan smiled even more, “Mister, with your strength, it is definitely easy to pass the assessment.”

Hexi didn't say anything yet, but Tong Bing's eyes widened in shock.

Easy to pass the assessment?

This... Who is this young man? Are they dreaming or talking big?

===

No matter what Tong Bing thought, since Hexi decided to participate in the entrance examination, she didn't hesitate anymore. she quickly asked Gu Liufeng to take Master Yuehua's recommendation letter to help her register for the examination.

Then, they went to find an inn to settle down first, but there wasn't any available room in the several inns they went to.

No way. After all, this is the peak period for the examination of the Miracle Healer Academy. The entire Miracle Healer City was full of martial artists taking the examination, and the inn had long been in short supply.

Bai Hu looked around and pointed to a luxuriously decorated building not far away and said, "This is also an inn right? Why don't we go there to have a look?"

Tong Bing hurriedly said nervously, "Then...there is Wangyue Pavilion, it is indeed an inn. But, but, it is also the most expensive place in Miracle Healer City. The fee for a room is 10,000 crystal stones per day!"

[The King of Hell's Genius Pampered Wife](#)

Chapter 1054: No. 1 Room

Generally, people who were not from a family of wealthy families or didn't have a doctor grade above 6th rank which could get a discount, they would not go to Wangyue Pavilion at all. Otherwise, wouldn't they bankrupt for just staying a few days?

Unexpectedly, Bai Hu didn't care when he heard it, "Isn't it just 10,000 crystal stones? Let's go! Find a place to stay first!"

Tong Bing's little heart suddenly twitched, and he hurriedly followed up without saying anything.

As soon as he arrived at the Wangyue Pavilion, Bai Hu couldn't help snapping his fingers.

This Wangyue Pavilion was indeed the most expensive restaurant in Miracle Healer City. It was really luxurious.

Not to mention the counter and pillars carved out of crystal stone, the manservants of the chapel outside the door were martial artists above the Foundation Establishment stage.

And everyone who enters and exits the Wangyue Pavilion was rich or noble, and many people had the jade pendants of 6th or 7th rank doctors.

There were very few ordinary martial artists here. There were occasionally a few martial artists, which turned out to be at the peak of the Gold Core Stage. There were even 1 or 2 Nascent Soul Stage martial artists.

If Hexi came in alone, she would probably be driven out by the staff immediately.

After all, a martial artist, who looked no more than the Foundation Establishment stage and didn't have a doctor rank, wasn't qualified to work for Wangyue Pavilion. Who would believe that she had the money to live.

However, Bai Hu and Qing Luan both had the Gold Core Stage cultivation base, and they both were chosen from the thousands of elites in King of Hell Mansion. Bai Hu had been with Nangong Yu for a long time, so he already had the demeanor of a superior cultivator.

So seeing them coming in, the shopkeeper didn't dare to neglect, and he hurriedly stepped forward to greet, "Do you want to stay in our pavilion? Unfortunately, there is only the No. 1 room left."

Tong Bing's face twitched, and he leaned close to Hexi and said in a low voice, "Senior, the No. 1 is the best room in Wangyue Pavilion. The daily price is 20,000 crystal stones."

Tong Bing stared at Hexi with a face full of struggle. The subtext was, if you can't afford it, let's run quickly!

Hexi smiled slightly without speaking. Bai Hu had already made a decision indifferently, "I want 2 No. 1 rooms. We are not sure how many days are we going to stay, so these will be used as advance deposits."

The shopkeeper of Wangyue Pavilion saw the storage bag that Bai Hu had thrown out and peeked into it, when he raised his head again, his face was full of respect and enthusiasm; his face was even wrinkled with a smile.

Although Wangyue Pavilion had never lacked martial artists with generous payments, people like them who threw a million crystal stones in 1 goal were really very rare.

For residents like this, they either had a huge force or an unfathomable strength, so shopkeepers dared not to offend them.

After the check-in procedure was completed, there was a runner who brought them to their rooms.

In fact, it was still early at this time, so Hexi planned to go shopping in Miracle Healer City again to learn about prices and various forces here. After all, she might stay in Miracle Healer City for a long time.

Therefore, they asked Tong Bing to wait here for a while, then went to the room to get familiar with the environment.

However, when Hexi and the others came out, they unexpectedly didn't see Tong Bing in the lobby.

Bai Hu frowned and said, "Does this little guy greedy run away with our crystal stones?"

Qing Luan shook her head and said, "Tong Bing looks quite honest. He doesn't seem like such a person..."

Chapter 1055: Not Worth It

Hexi, Bai Hu and Qing Luan glanced at each other, and they were about to check it out, but the shopkeeper stepped forward and stopped in front of them.

Meeting Hexi's gaze, the shopkeeper's gaze flickered, but he lowered his voice and said with sincere concern, "Mister, you come from outside right? Don't blame me for talking too much. I advise you not to offend someone you can't afford to offend for just a lowly person! It's not worth it!"

Hexi raised his eyebrows without saying anything, then she walked out of the Wangyue Pavilion, bypassing the shopkeeper.

As soon as she stepped out of the door, she heard a loud "bang" not far away.

A small figure fell on the steps hard and groaned in pain.

Both Hexi and Bai Hu showed surprised expressions, it turned out to be Tong Bing.

At this time, his tattered clothes were even stained with mud, his face was bruised, and blood came out from his mouth. He looked really miserable.

In front of Tong Bing, a young man in luxury clothes laughed at Tong Bing's miserable appearance.

Tong Bing endured the pain, struggling to get up from the steps, but the young man stepped on his chest.

Immediately afterward, he stepped on him violently, making Tong Bing's face turn pale for a while, then he laughed wildly, "I have been looking for you for so long, but I didn't expect to meet you here. Why, you want to participate in the selection assessment of the Miracle Healer Academy? Hahaha, you are really ignorant. Why don't you look into the mirror? Even you have the delusion of getting into the Miracle Healer Academy? Stop dreaming!"

As soon as the young man finished speaking, everyone behind him burst into laughter.

The people coming and going on the street also stopped and looked at the excitement here. Some sympathized, some disdained and some hurriedly walked away to avoid getting into trouble when they saw Tong Bing's miserable look.

But no one would kindly stand up for Tong Bing because that young man looked like someone who shouldn't be offended easily.

Tong Bing's painful body trembled slightly, but he still gritted his teeth stubbornly, "Miracle Healer Academy stipulates that anyone can participate in the assessment as long as they have a recommendation letter. I... Of course I can too!"

"Hahaha... recommendation letter? Just your useless master who died last year without a complete corpse? A 2nd rank doctor's recommendation letter? Don't you feel ashamed to show it!?" The young man laughed again, and his voice was full of contempt and disdain.

Tong Bing pushed away the feet that the young man and said angrily, "You're not allowed to say that to my master, my master is not useless! My master is not dead, he... he just disappeared!"

"Pui! You dare to resist me!"

The young man was furious after being pushed away by Tong Bing. He condensed spiritual power on his feet and kicked Tong Bing ruthlessly.

Tong Bing spat out a mouthful of blood; his pale face looked even more dreadful.

The young man was at the Meridians Stage, and Tong Bing was just at the Foundation Establishment stage. Tong Bing had no resistance at all.

The young man kicked him to the ground again. When he met Tong Bing's resentful eyes, he suddenly became more angry. He pointed at Tong Bing's forehead and sneered, "Huh, you dare to glare at me?! Who are you dare to glare at me! I will ruin your eyes right now!"

As he said, the flying sword pierced toward Tong Bing's eye.

The onlookers turned their heads unbearably and did not dare to watch this scene.

Chapter 1056: Kowtow and Apologize

“Clang -” , that was the sound of the flying sword falling to the ground.

The expected pain did not come, Tong Bing opened his eyes and saw that the young man in luxury clothes had stepped away from him, staring fiercely at the surrounding crowd.

“Who, who ~ fucking~ dare to disturb my business? Stand out now!”

Bai Hu walked down the steps of the Wangyue Pavilion step by step, holding his chest with both hands. He said with a half-smile, “Your grandpa, me!”

The young man was startled. Bai Hu’s face was very strange to him, so he didn’t even know who he was.

Soon a subordinate stood up and whispered a few words in the young man’s ear.

The young man quickly showed a clear look on his face. He said with disdain, “So it’s you guys! You guys are really blind to find this animal to be your guide. Forget it, I’m in a good mood today, so I can forgive you guys. Get out of here now!”

Bai Hu sneered, “Who are you to judge which guide we can hire?”

“You-! You are really tired of living!” The young man raised his eyebrows and stared at Bai Hu and the others fiercely.

Seeing that Bai Hu’s cultivation level was not low, his servant hurriedly stepped forward, raised his chin and sneered, “Hehe, are you guys new here? I think you still don’t know who our young master is right?”

“Oh?” Bai Hu picked his ear and said nonchalantly, “Who is your young master? Tell me.”

“Don’t be scared to death!” The servant smiled at the young man with a flattering face before looking up and said, “This is our Young Master Hu Minghui. Our Young Master’s father is the butler of the Miracle Healer Academy. You guys must be here to participate in the selection examination of the Miracle Healer Academy right? I can tell you that if you offend our young master, you don’t even think about participating in the selection examination of the Miracle Healer Academy!”

Bai Hu rolled his eyes secretly. Just a butler? With this kind of position, he can only get into the peripheral of the academy; he can’t even get into the inner courtyard. They are actually so arrogant... Tsk tsk, this is really annoying.

Seeing that Bai Hu hadn’t spoken for a long time, the young man thought he was afraid. He smiled proudly, “Why? Are you afraid now? Based on the fact that you guys don’t know anything, I won’t make it difficult for you. Just kowtow and apologize to me, otherwise.....”

Bai Hu seemed to come back to his senses, and he slowly said, “Oh, kowtow and apologize...”

The young man thought that Bai Hu was about to kneel to him. He said smugly, “This is just a little lesson for you so that you guys won’t get close to that lowly person and don’t offend the one you shouldn’t...”

Before he finished speaking, the young man suddenly felt his knees numb, then he made an “ouch” sound and knelt down.

Bai Hu touched his chin and smiled with satisfaction, "Yes, yes, really obedient. You just kowtowed to apologize right away. Since you are so sensible, I won't trouble you anymore. You can go!"

There were bursts of pain in his knees. The young man was completely astounded. He only managed to get up from the ground after a long while.

His entire face was distorted because of anger; his lips opened and closed tremblingly. He sternly said after a while, "You... what are you doing in a daze? Go and beat him up!"

Chapter 1057: I Don't Care

But the highest level of cultivation among these people was only at the Meridians Stage, how could they be Bai Hu's opponent. They were all defeated in just a few moves.

The servant quickly helped his bruised young master to get up, then he shouted at Bai Hu, "You're done, you don't even know who you have offended! You... just wait and see!"

After speaking, seeing Bai Hu looked over with a sneer, he suddenly felt pain in his chest. How could he say more? He quickly left with his young master.

Bai Hu was satisfied beating them up this time, but the onlookers looked at him as if they were looking at a fool. Some martial artists were full of sympathy.

Wangyue Pavilion's shopkeeper even sighed and said to Hexi, "Mr. Xi, haiz... you, you guys are getting into big trouble this time. If you are here to participate in the admission selection of Miracle Healer Academy, I advise you to not participate."

Hexi raised her eyebrows and said, "Why?"

The shopkeeper shook his head and said, "Butler Hu is the father of Hu Minghui, who happens to be responsible for registration and examination room arrangements this time. Butler Hu is now in his 80s, and he finally has this son, so he pampers him very much. You hit Hu Minghui this time, he will definitely not let you go easily. If you participate in the selection, he will not only make it difficult for you, but he will also target you. You may not be able to get out of Miracle Healer City by that time. It's better to run away now..."

Bai Hu, who had just walked back, curled his lips and said nonchalantly, "Cheh, isn't it just a butler? I don't care."

The shopkeeper shook his head and didn't say much when he saw that they didn't know what trouble they were in now.

Hexi and others didn't take this matter seriously at all.

According to what Qing Luan said, Miracle Healer Academy's reputation had always been fair. They would never bully candidates just because of a butler. At most, the butler would only make things difficult for Hexi using his position.

Hexi wouldn't pay attention to this kind of trick at all.

Tong Bing also got up from the ground at this time. He walked in front of Hexi with flushed eyes and said hoarsely, "Sorry, senior, I'm the one who put you into trouble."

Hexi didn't say much. She just handed him a bottle of medicinal pills and crystal stones, "This is your reward today."

Tong Bing was taken aback, and he shook his head again and again, "You have paid me in the morning, and I am only your tour guide for half a day. I even caused you so much trouble."

Bai Hu frowned and said impatiently, "Just take it, why are you talking so much? Aren't you going to participate in the selection examination of the Miracle Healer Academy? The examination is only 2 days later, so you should go back and take a rest! Like! How do you take the examination like this?"

After speaking, the few people didn't bother Tong Bing and left.

They were already familiar with the Miracle Healer City, so they could still walk around by themselves without a guide.

Tong Bing stood on the spot, holding the crystal stones and medicinal pills in his hands and staring blankly at the direction where Hexi and others left. He only murmured after a while, "Thank you!"

This is the first time in my life I have received goodwill from the outside world. I will certainly repay it if I have the opportunity in the future!

2 days passed in a blink of an eye, and soon it was time for the selection examination of the Miracle Healer Academy.

The first day had no test. It was mainly for the formal registration of the martial artists participating in the examination.

[The King of Hell's Genius Pampered Wife](#)

Chapter 1058: A Dumb Look

The entire square occupied a very large area, but now it was still full of people who came to register.

Bai Hu couldn't help being surprised, "Although I knew that the people who participated in the examination of the Miracle Healer Academy every year are young boys and girls with excellent talents, I didn't expect that there would be so many!"

The admission requirement of the Miracle Healer Academy was that the age must be under 30. This was because martial artists under 30 had many potentials and talents that could be tapped and shaped.

In the Miluo Continent, a world where most people cultivated, the average age of martial artists was more than 70 or 80 years old. It was conceivable that 30 years old was still a youthful age.

However, the boys and girls who had come to apply for Miracle Healer Academy looked only 20 years old, but most of them had reached the Meridians Stage. Some had even reached the Gold Core Stage early stage.

According to Little Egg's investigation results, among them, there were only about 4 people with dual spiritual roots, which was enough to see how talented these people were.

The way to register for the entrance exam was very simple. As long as the person had a recommendation letter and his spiritual root had been verified in the small room on the left side, the registration was considered successful.

Hexi bid farewell to Bai Hu and others, then she walked directly to the small room, waiting in line to receive the inscribed jade slip.

The long line was full of men and women. Many people couldn't help but cast their eyes on Hexi.

Among these martial artists who participated in the assessment, there were also very few at the Foundation Establishment Stage.

However, it was really rare for the Foundation Establishment stage martial artists to look good like Hexi.

Although most people still cast contemptuous glances at her, there were also many young girls being moved by her outstanding face.

"Look, that young man looks really handsome. Even the most beautiful man, Mister Jiang, in our Linyue City can't be compared with him!"

"What's the use of handsome? He is just at the Foundation Establishment Stage. He actually dares to come to receive the inscribed jade slip. Does he really think he can win?"

"Hehe, he is probably inexperienced who wants to open his eyes!"

"Open his eyes? Is he stupid? Miracle Healer Academy's assessment is very dangerous. Isn't he afraid of dying here?"

Hexi naturally heard these people's comments, but she had long been used to it, so she would take these words to her heart.

Suddenly, she felt a scrutinizing gaze on her body, which made her slightly stunned.

When she looked back, she saw a young man was looking at her from a distance of 3 people.

The man seemed to be in his early twenties, but he had a baby face and 2 deep dimples when he laughed. The pair of eyes seemed to be half-open which exuded a mysterious and unfathomable vibe.

What surprised Hexi was that this man's cultivation level had actually reached the Gold Core Stage intermediate stage. Among all the martial artists who came to the assessment, he was considered to be the top.

Seeing Hexi looking over, the man couldn't help but smile at her. In a moment, the original mysterious vibe disappeared. He showed a dumb look.

Hexi twitched her mouth and turned her head.

Chapter 1059: Bend the Law for Personal Gain

Hexi frowned and got rid of his palm without doing any obvious move.

The man looked at his empty palm with surprise, then his eyes flashed as if he didn't sense Hexi's rejection at all. He smiled and said, "Our meeting is a fate, don't be so aloof! I'm Wei Chengyuan. May I know your name, brother?"

Hexi said indifferently, "Compared believing that our meeting is a fate, I rather believe that only someone with ill-intention will show kindness for no reason!"

After speaking, before waiting for Wei Chengyuan to react, she turned around and ignored him.

Wei Chengyuan was first startled after hitting a wall, but he wasn't annoyed as he just smiled.

Tsk tsk, interesting! The more this little guy doesn't care about me, the more I want to provoke him.

The queue was moving forward bit by bit. It was mainly to verify the identity information and recommendation letters of the applicants, so it took a little time.

Suddenly, an angry voice came from the front of the queue, "I... I also have a letter of recommendation. Why don't you let me sign up?"

This sound was familiar! Hexi looked up and saw Tong Bing's figure as expected.

He was arguing with the people at the registration post, but he was ruthlessly kicked to the ground.

The people who originally lined up behind Tong Bing burst into commotion and scattered like scared birds.

Because the crowd dispersed, Hexi, who was already close to the registration post, naturally stood in the front row.

She just happened to see Tong Bing's bruised nose and swollen face with tears.

Hexi put her arms around her chest, then she saw a middle-aged man walking out of the registration post, exuding strong spirit pressure. His cultivation base had at least the early stage of the Gold Core Stage, and he looked familiar.

Behind this middle-aged man, there was also an arrogant teenager who Hexi recognized at a glance.

It was Hu Minghui who bullied Tong Bing at the entrance of Wangyue Pavilion that day.

The bruise on Hu Minghui's face still didn't recover. At this time, his face was full of pride and arrogance, and with a vicious resentment. He looked at Tong Bing condescendingly and said, "I said earlier, you're not eligible to apply for the Miracle Healer Academy at all. If you are smart, go back now!"

Butler Hu glared at his son and said to Tong Bing with a majestic expression, "We have already said that you are not eligible to apply for Miracle Healer Academy, but you still want to cause trouble. We can only teach you a lesson."

Tong Bing gritted his teeth and said, "Why am I not eligible to apply for Miracle Healer Academy?"

"You don't have a recommendation letter!" Hu Minghui sneered. "Miracle Healer Academy has regulations that you must have a doctor's recommendation letter before you can apply. So, how can you register?"

“You bullsh*t! I... I obviously gave the recommendation letter! You must have use your power to avenge your personal grievance and destroyed my recommendation letter! Miracle Healer Academy’s assessment is obviously the most fair and strict, how can you behave like this?!”

Tong Bing’s remarks were extremely serious, attracting the eyes of all the candidates. They all pointed at Hu Minghui and his father.

Butler Hu said with a solemn face, “Miracle Healer Academy has regulations that people who make trouble can be dealt with any means. Even if a person is killed, it is not our responsibility. I wanted to let you go just because you are young and ignorant, but you actually step on my face! Don’t blame me for being rude”

Chapter 1060: Seek Justice

“Ahh-!” The crowd didn’t expect Butler Hu to attack suddenly.

The thunderball was about to envelop Tong Bing. He had no way to resist with his cultivation.

But suddenly, an ice wall appeared in front of Tong Bing, completely blocking the thunderball.

After the crackling sound, the ice wall shattered, but the thunderball disappeared without a trace.

Hu Minghui was still delighted to see the person who displeased him was about to be killed by his father, but someone disrupted it. He said furiously, “Who?! Who dares to obstruct the academy’s affairs? Do you still want to participate in the assessment?”

In the crowd, a beautiful young man walked out slowly.

His eyebrows were picturesque, his skin was like snow, and the slender figure looked like a work of art carved from ice jade in the sun. It was enchanting by just taking a look.

The young man’s cultivation was obviously only at the Foundation Establishment stage, but under the gaze of Hu Minghui and Butler Hu, he seemed to be completely fearless. He said faintly, “When does seeking justice for himself become causing troubles? You even dare to threaten the candidates not being able to participate in the assessment? Is Miracle Healer Academy run by your Hu Family?”

As soon as this remark came out, everyone present cast contemptuous glances at Hu Minghui and his father.

After all, Hu Minghui and Butler Hu were just two servants of the outer courtyard of Miracle Healer Academy. The people who signed up for the assessment on the spot were the talented children of various families. They were all pampered in their families.

When did their future be in the hands of only 2 servants? Wasn’t this funny?

Butler Hu’s face changed slightly, and he glared at his nonsense son, then he calmed down and said, “This mister, you can’t simply talk nonsense. I just act according to the rules of the academy. How can it be considered a threat? This student does not have a letter of recommendation. How can we make break the rule for him?”

Before Hexi had time to speak, Hu Minghui suddenly said angrily, "I know you, you and the others helped the bastard back at the Wangyue Pavilion!"

With that, he said hatefully toward Butler Hu, "Father, they beat me seriously a few days ago! You must seek justice for me!"

Butler Hu's face was cold when he heard the words. He really wanted to split his brain to see if his brain was made of tofu.

If Hu Minghui didn't mention, he could still use his power to say that there was a problem with his recommendation letter. Now that he shouted out loud in the public, if he still dared to play trick, wouldn't it prove his crime of using his authority on personal grievances?

Butler Hu took a deep breath, smiled at Hexi and said without a smile, "Mister, you are just at the Foundation Establishment stage, but your temper is really something. However, mister may not be aware of Miracle Healer Academy's assessment, although there is no threshold for the level of cultivation, people with poor strength entering the final assessment field will not just suffer some minor external injuries. You and Student Tong Bing student should come again next time."

Hexi raised her eyebrows and sneered, "Butler Hu, as the butler of Miracle Healer Academy's outer courtyard, you really have huge power. Why? Does Miracle Healer Academy have regulations saying that the Foundation Establishment stage cannot register?"
