Chapter 1061: Recommendation Letter

Then he sneered and said, "Since you insist, do as you please! But in any case, this Tong Bing does not have a letter of recommendation. He definitely can't participate in this assessment!"

"You nonsense! I obviously have a recommendation letter!" Tong Bing looked at Hexi with tears, and he said in a trembling voice, "Mister, I really have a recommendation letter. I handed it to Butler Hu. They are clearing slandering me..."

Hexi frowned, before she could speak, a smile came from the man beside her, "Recommendation letter is just a formality. It is easy to get. Don't cry young man, brother can give you one!"

As soon as the man said this, all eyes immediately fell on him.

By hearing the teasing tone, Hexi knew that it was Wei Chengyuan who just talked to her.

Seeing Hexi looking over, Wei Chengyuan blinked at her like he was her acquaintance, making Hexi twitch his mouth.

Wei Chengyuan took 2 steps forward and threw out a piece of paper, "Here, this is the recommendation letter. Just fill in your name on it by yourself. Let Butler Hu verify this letter. This time, he can't really say that you don't have a recommendation letter right!"

Tong Bing took the recommendation letter in a daze. He glanced at it, then his eyes suddenly widened in horror.

He kept looking up at Wei Chengyuan, then looked down at the recommendation letter in his hand. His body trembled slightly.

Butler Hu looked at Wei Chengyuan with surprise and uncertainty on his face.

This man looked very strange, but his manner showed like he was someone important. More importantly, Butler Hu couldn't see through this person's cultivation level.

Tong Bing tremblingly wrote his name on the recommendation letter, then he handed it to Butler Hu.

Hu Minghui's angry eyes burst into flames, and he wished he could tear Tong Bing apart now. Seeing him handing over the recommendation letter, he immediately rushed over and grabbed it in his hand. He sneered, "Hmph! You really think the doctor's recommendation letter is so easy to get? I want to see if it's authentic..."

Suddenly, his voice stopped abruptly; his eyes almost popped out.

Seeing that his son's expression, Butler Hu hurriedly took the recommendation letter in shock, "9th rank doctor! This is... the recommendation letter of the 9th rank doctor, Master Mo Xingchen?! How is this possible?!"

Wei Chengyuan put his arms around his chest and chuckled softly, "What? Miracle Healer Academy has regulations that we can't take the recommendation letter of the 9th rank doctor to participate in the entrance examination?"

"No-! No! No!" Butler Hu shook his head quickly and nodded toward Wei Chengyuan, "I didn't expect you to be a disciple of Master Mo. Sorry for being disrespectful."

Wei Chengyuan smiled and looked at Butler Hu quietly.

Butler Hu didn't dare to say more. He hurried back to take the inscribed jade slip and handed it to Tong Bing, Hexi and Wei Chengyuan.

The farce was over completely, but everyone looked at Wei Chengyuan with suspicion.

This time, there was no shortage of disciples and children of the major families and sect, but no one recognized this Wei Chengyuan.

Chapter 1062: Ignore after Receiving Help

Butler Hu glared at him with regret, then he sneered, "Why are you in a hurry? Let's not talk about whether they can participate in the first test with their spiritual root qualifications. Even if they pass this test, with just the cultivation of the Foundation Establishment stage, aren't they just looking for death?"

Hu Minghui was taken aback, then he was a little excited: "Father, do you mean to do tricks in the assessment?"

"Hmph, is that necessary? The assessment is originally a competition between the weak and the strong. Even if we don't do anything, they will just be bullied by others. Isn't that better?"

When Hu Minghui heard the words, the gloom on his face disappeared. He said excitedly, "Father is really smart! Hmph, now I'm still afraid that Tong Bing will not be able to participate in the assessment. When he enters the assessment, without the help of those Gold Core Stage friends, let's see what can he do!"

===

Hexi was playing with the inscribed jade slip at hand. This inscribed jade slip was now just a blank inscribed jade slip with the ranking order, but as the assessment progresses, all the information will be recorded in it.

After passing the spiritual root inspection, the student's information would be recorded in the inscribed jade slip. After recording, the information in it could no longer be changed. In the end, 60% of the students' scores were judged based on the information recorded in this inscribed jade slip.

Hexi was planning to perform spiritual root verification, then Wei Chengyuan and Tong Bing followed suit.

Wei Chengyuan wanted to put his arm around Hexi's shoulder like a buddy, then he said, "Hey, little brother, why do you ignore me after receiving my help? I just helped your friend. Can't you say a 'thank you'? Aiya, it's fine if you don't thank me, but at least tell me your name."

Hexi squinted and glared at Wei Chengyuan's hand.

Wei Chengyuan's action became stiff. He coughed twice and obediently retracted his hand.

Tong Bing, who was following Wei Chengyuan, blushed and whispered, "No... no! I'm not senior's friend... no! I'm not worthy to be a senior's friend. I was just hired by senior as his guide 2 days ago. When Hu Minghui attacked me, it was... senior who saved me!"

Seeing that he was about to cry, Hexi's eyes trembled. She couldn't help shaking her head before taking out a bottle of medicinal pills and giving it to him. "How are your injuries? "

This 17 years old boy looked so immature, making her think of Xiao Chi, so she naturally showed him a little more care.

Tong Bing was grateful. He took the medicinal pills with a shaking hand, and he kept saying thank you.

Only when he poured out medicinal pills to swallow, Wei Chengyuan suddenly reached out, snatched the bottle from his hand, put it on the tip of his nose and smelled it.

The next moment, he yelled, "Damn, the best meridian cleansing pill, you just a bottle to him!? Brother, how can you be so generous! I can only buy 3 after queuing up at the Qingxia Sect shop for half a month!"

Tong Bing's face was flushed. He didn't whether he should swallow the medicinal pills.

Chapter 1063: Passed The Inspection

Before Hexi received it, Wei Chengyuan had already kept the medicine bottle away shamelessly and said with a smile, "Since you guys don't want this best quality pills, then give them to me! I'm welcome to take them!"

Hexi glared at him and didn't bother him.

At this moment, it was Hexi's turn to inspect the spiritual root, so she hurriedly walked into the hut.

Testing the spiritual root was only the first step in the assessment of Miracle Healer Academy. It was just a wide-spread screening process.

Hexi originally thought that Miracle Healer Academy would not take it seriously, but when she walked into the cabin and saw an old man with a gray beard sitting on the side, she couldn't help but be surprised.

This old man turned out to be at the Nascent Soul Stage, and it was even the intermediate stage.

The aura around him was neat, and his clothes were normal. If Hexi didn't have Little Egg, she wouldn't be able to see the old man's true cultivation.

When the old man saw Hexi, he looked at her from her toes to her head, then he pointed to the side and said, "Go in for the test!"

The old man pointed to a very small array, which could only accommodate 3 to 5 people standing.

The rune of this formation was very peculiar, even though Hexi had some understanding of arrays, she still couldn't understand it at all.

What surprised Hexi was that the energy crystal stone placed in every corner of the formation was the extremely rare 6th grade crystal stones.

Is this Miracle Healer Academy too rich? Or is this spiritual root verification very important to Miracle Healer Academy?

Logically, Miracle Healer Academy is different from the normal clans and big families. There are various martial artists who cultivate different techniques, so the spiritual root qualification shouldn't be the most important for them. Why is it necessary to do such a test?

Could it be that this array could identify some secrets that martial artists can't see through?

At this moment, Hexi finally felt a sense of tension in her heart.

She had too many secrets in her body like the Sumeru Void Ring and Little Egg.

Various thoughts flashed in her mind, but Hexi's face did not show any emotion. She quickly entered the array.

Under the cover of Little Egg, the 2 spiritual powers of water and fire in her body were running. Soon, pure blue and red light appeared on the array.

The old man glanced at her in surprise, and his eyes turned a little solemn. He said solemnly, "The dual spiritual roots of fire and water. You have passed the verification!"

Hexi breathed a sigh of relief. Just as she was about to leave, she heard the old man sigh in a low voice, "Such a good qualification, you are just too eager for quick success and short gains. If you come here in a few years, you will at least have some self-protection in the assessment."

Hexi paused slightly, then she walked out of the hut with a smile.

Wei Chengyuan and Tong Bing tested their spiritual roots after Hexi. All 3 of them finished the test and waited for the results of the assessment.

Wei Chengyuan held a weed in his mouth and asked Hexi with a grin, "Hey, brother, how is your result? Let me tell you, I have the dual mutated sky spiritual root of wind and thunder! You don't have to be worried because you have me protecting you in the academy!"

Tong Bing covered his mouth and exclaimed; he looked at Wei Chengyuan with admiration, "Brother Wei, you are so amazing! You actually have dual sky spiritual root! This is really one in a million!"

Chapter 1064: Really Interesting

Hexi was so annoyed by this guy until she heard the discussion from a few martial artists not far away.

"Hey, haven't you heard that the girl who just entered, her spiritual root test result is the dual sky spiritual root of gold and earth. This is the sky spiritual root of pure 5 elements. It hasn't appeared in the assessment of Miracle Healer Academy for many years!"

“I know that girl, she is the eldest lady of Shui Yue Sect. I heard that she is only 19 years old this year, but she has already broken through the Gold Core Stage. Her talent is even close to Feng Lianying? I remember Feng Lianying also has the dual sky spiritual root of water and fire right?”

“Pui, Feng Lianying, that shameless woman, did such a shameful thing. The entire Miluo Continent has known about it. How can she be compared with the miss of the Shui Yue Sect?”

“That’s right, such a disgusting woman, she is lucky for not being expelled from academy. What’s more, I heard that her so-called sky spiritual root of the 5 elements is actually changed forcibly by her master’s medicine. It can’t be compared with the real dual sky spiritual root of the 5 elements!”

“Hehe, see that woman wearing Feng Family costumes over there? It is Feng Yunqing, I heard that Feng Family sent her to the Miracle Healer Academy to replace Feng Lianying. Otherwise, if the Feng Family doesn’t have a place in the Miracle Healer Academy, the family will just suffer in Miluo Continent.”

“Really?” Someone couldn’t help but exclaimed, “Miracle Healer Academy is just an academy after all, do these major families still have to give face to the academy?”

“You don’t even know this? Miracle Healer City and Miracle Healer Academy have the most scared status in Miluo Continent. Let alone these family sects, even the Doctors Association dare not say that they have a say in Miracle Healer Academy.”

The strength of Miracle Healer Academy made those who signed up even more excited. As long as they could pass the assessment and enter the academy, their classmates all had huge family backgrounds and strength, they couldn’t help but yearn for it.

When Wei Chengyuan saw Hexi listening to other people’s discussions in a daze, he couldn’t help but approach her with a smile, “As far as I know, there isn’t a single martial artist of the Foundation Establishment Stage being admitted to the Miracle Healer Academy in hundreds of years. Although I hope to see you 2 in the academy, the chances of you 2 passing the assessment are unlikely to be great!”

Tong Bing immediately said dejectedly. He said in a low voice, “My spiritual root test result is the dual spiritual root of wind and water, and my spiritual root is also a little impure. Maybe I can’t even pass the first assessment. It would be nice if I have the talent like you, Brother Wei!”

Wei Chengyuan smiled and did not speak, but his deep gaze stared at Hexi imperceptibly.

Hexi hadn’t spoken yet, then there was a clamour in the distance.

“The results of the first round of screening have been announced!”

As soon as this word came out, everyone swarmed in the direction where the sound came from.

Just after Hexi took 1 step, she stopped, turned around and said faintly, “There hasn’t been one in hundreds of years? But soon, you will see one.”

Wei Chengyuan was taken aback. When he realized what Hexi’s words meant, he burst into laughter. His eyes were full of interest, “Interesting! Really interesting! I want to see why he is so confident.”

Chapter 1065: Cheating

Before the 3 of them walked into the bulletin board, they heard a wailing sound from the crowd.

“How come?! So many people signed up, and in the end less than a hundred people were admitted?! This is only the first round! Isn't it too harsh?”

“I... I'm a single mutated spiritual root of earth, how could I be screened out?!”

“Cheh, the first round of screening does not only look at spiritual root qualifications, but also your muscles, bones, cultivation, and potential. No matter how good your qualifications are, if your cultivation base is not enough and your potential is too bad, of course you will be screened out.”

“Eh, I heard that last year's assessment, only 8 people were admitted at the end. There were nearly a thousand people who applied for the assessment at that time! How many of these 96 people will be able to stay in the end!”

When the trio squeezed into the crowd and glanced, not surprisingly, Hexi saw her name - Xi Yue at the end of the list.

Wei Chengyuan's name was 6th from the top.

As soon as he saw it, he bit the weed and smiled, “I actually only ranked 6th in the spiritual root qualification test. Tsk tsk, who is in front of me!”

Suddenly, someone exclaimed, “How come there are people of the Foundation Establishment Stage on the list!”

“That's right! Didn't it mean that it's not just about the assessment of spiritual root? If you count the cultivation base, how can the people of the Foundation Establishment stage be on the list?”

“I remember that there hasn't been a Foundation Establishment Stage martial artist in the first round of screening for decades right?”

“Is this person a relative of the academy master? Is he cheating?”

The crowd suddenly burst commotion, especially many people who failed were filled with outrage. They wanted an explanation from the academy.

Because there was too much noise, a boy in green clothes slowly walked out of the hut, glanced around with a fierce gaze and said coldly, “Xi Yue, dual sky spiritual root of water and fire. His bone and meridians are 17 years old. The peak of the Foundation Establishment Stage. Her selection is beyond doubt. If you have any objections, I don't mind reporting it to the upper level of the academy...”

The boy in green clothes paused and continued, “Since you are so dissatisfied with the academy's verdict, then you should not participate in the academy's assessment anymore.”

As soon as this remark came out, the audience fell into a weird silence; no one dared to say more.

Seeing that there was no objection, the boy in green clothes said indifferently, “All the candidates who fail the screening, please return your inscribed jade slip into the spiritual root inspection hut. We will

register your information. If you want to participate again in the assessment next year, you don't need to provide a recommendation letter."

After speaking, the boy in green clothes just walked into the hut.

After the crowd was silent for a while, someone suddenly murmured to break the calm, "Xi Yue... Xi Yue? Why is this name so familiar? Could... could it be the young master of the Shengde Hall?"

"Shengde Hall? Is the Shengde Hall that sells the best quality pills? If it is him, then it's no wonder he can be so powerful!"

"I heard that some of the best quality pills sold by Shengde Hall can increase one's cultivation in a short period of time, and even improve their aptitude! He must have taken those medicinal pills, that's why he is so powerful right?"

"Hmph, so what if he took the medicinal pills, with the Foundation Establishment Stage, he will definitely die miserably when he enters the second or third rounds of assessment!"

At this time, Wei Chengyuan's surprised gaze fell on Hexi. He said after a long while, "So you are Xi Yue?"

Chapter 1066: Already Left

Wei Chengyuan was stunned for a moment, then his baby face collapsed as he said depressingly, "Well, I even boast of my mutated dual sky spiritual root in front of you. I didn't expect that you actually have a dual five elements sky spiritual root. You're really too bad! When I was bragging just now, you must be laughing behind my back!"

Hexi was amused by this guy. As she was about to speak, she saw Tong Bing's tearful appearance, and she suddenly reacted.

Only 1 Foundation Establishment stage passed the screening, which naturally meant that Tong Bing had failed.

Realizing that Hexi was watching him, Tong Bing smiled reluctantly and said, "Mr. Xi, you... you are so amazing. I didn't expect you to be a dual sky spiritual root. No wonder you can pass the screening. I... I actually know that I can't pass the assessment, but I just want to try it. But, sure enough, it is impossible for someone like me to enter Miracle Healer Academy."

What Hexi was not good at comforting people. She just said indifferently, "Your spiritual power fluctuations are full of peaceful vitality, so you are a very suitable person to become a doctor. You failed this year, but you can wait next year or the year after. As long as you break through to the Meridians Stage, your chances of passing the assessment will increase a lot. There is no need to rush for quick success!"

Tong Bing's eyes were red, and he nodded quickly. He said softly, "Then... Then I will return the inscribed jade slip first. Sorry Brother Wei, I wasted your recommendation letter..."

Wei Chengyuan interrupted him nonchalantly, "It's just a piece of torn paper. It's nothing. What's more, now that you registered once, you can participate directly in the future, which is not a waste. Xi Yue, are I right??"

Tong Bing bit his lip, bowed to Hexi and Wei Chengyuan again, said "thank you" in a low voice, then he turned and ran toward the hut.

===

The end of the spiritual root test meant that the first day of assessment was also over.

Hexi originally planned to wait for Tong Bing to leave the examination room together. After all, Hu Minghui and his son were still nearby.

The mysterious Wei Chengyuan, whose intention was unclear, stayed with Hexi.

However, half an hour passed, the martial artists who returned the inscribed jade slips all came out one after another and left, but Tong Bing never showed up.

Even in the end, the people on the square were almost gone, and the academy was preparing to cover the square with enchantment again, but Hexi never saw Tong Bing.

The boy in green clothes came out from the hut. Seeing that Hexi and Wei Chengyuan had not left, he came over in surprise, "The first day of assessment is over, you can leave."

Hexi frowned, but she still asked about Tong Bing's whereabouts.

The boy in green clothes said, "It turns out that you are the friends of that little guy. A teacher in the college asked him to help with some chores. He has already left after he finished them. He actually asked a manservant to notify you, but I guess that manservant has forgotten it."

With that, the boy in green clothes frowned and complained, "These people are really getting less and less focused. Sorry, for letting you wait for so long."

Hexi shook her head, smiled faintly, and bowed to the boy in green clothes before leaving.

Wei Chengyuan raised his eyebrows, glanced at the boy in green clothes meaningfully, and left as well.

He kept up with Hexi's pace and yelled, "Xi Yue, don't go so fast! Where do you live? How about I move to stay in the same inn as you for these few days?"

Chapter 1067: Not Human

In the hut, the old man in charge of testing the spiritual root raised his head, and his sleepy eyes flickered at this moment, "How? Did those people have any doubt?"

The boy in green clothes thought for a moment before he said, "Shouldn't be. I can see that they are just getting acquainted with that Tong Bing, and they don't have a deep friendship. They are just asking out of friendship. As for that Wei Chengyuan, I don't know who is this person, but I always feel that he is not simple."

The old man shook his head and said, "Don't worry about him, as long as they don't doubt it. You can take those people in the hut back first."

As he said, he smiled, showing the deep wrinkles on his face, "This year's harvest seems to be pretty good. This is already the third one. Now, the above should be satisfied."

Hexi, who walked out of the square, suddenly turned his head, looking deep into the direction of the square.

There was gradually being enveloped by a barrier, and the air was like a layer of mist, making people no longer able to see the scene inside.

Bai Hu, Qing Luan and Gu Liufeng who were waiting outside all ran over at this time, and they asked about Hexi's assessment results.

After asking for a long time and seeing Hexi didn't speak, Bai Hu couldn't help but nervously say, "Young master, what's the matter? Didn't you pass the first round of assessment? Ahem... that's fine, let's think of another way."

Wei Chengyuan on the side was looking up at the martial artists of the 3 Gold Core Stages. It was clear that Xi Yue's cultivation base was so much lower than them, but they were so submissive to her. Tsk tsk, Xi Yue really isn't simple!

Hearing Bai Hu's words, Wei Chengyuan couldn't help but sigh, "Don't worry about it, Xi Yue is the only Foundation Establishment stage martial artist who passed the first round of assessment!"

Bai Hu breathed a sigh of relief when he heard the words. Yeah, make impossible possible, this is the style of princess!

However, Bai Hu turned his eyes on Wei Chengyuan with hostility, "Who are you?"

Who is this? Why is he so close to princess?

Wei Chengyuan laughed, did not answer Bai Hu's words, but looked at Hexi, "Xi Yue, then we will see you in the second assessment? Hope there is a chance to become your classmate."

After speaking, Wei Chengyuan left without waiting for Bai Hu to speak.

Bai Hu let out a "tsk". Looking at his handsome back, he couldn't help but roast: Flower Peacock!

Gu Liufeng asked Hexi in a low voice, "Xi Yue, what's wrong?"

"Nothing." Hexi shook her head, then she said something that didn't make sense, "Tong Bing was not selected."

After that, she stopped looking in the direction of the square before walking toward the Wangyue Pavilion.

Gu Liufeng, who was left behind, frowned slightly. What did Xi Yue mean?

Bai Hu regretfully shook his head and said, "Tong Bing really did not pass the screening! But this is normal. He is only at the Foundation Establishment stage. If things happen, he will be killed in the assessment. It would be better to train for a few years before trying."

Gu Liufeng smiled and said, "What is Foundation Establishment stage? Don't forget, our Xi Yue is also the Foundation Establishment stage."

Bai Hu suddenly said exaggeratedly, "Can she be compared? Our princess is not a human being; she is the devil herself! Comparing her to ordinary people, isn't it a joke?"

Gu Liufeng was choked by Bai Hu's words, then he looked at Hexi and couldn't help but sigh, "Is Xi Yue really only at the Foundation Establishment stage?"

Chapter 1068: Student Council

But at this time, a building to the south was still brightly lit, and occasionally indistinct figures were walking around.

This was the area where the Miracle Healer Academy's Student Council was located.

The Academy was an organization completely managed by the students of Miracle Healer Academy. It had great power in the Miracle Healer Academy, and it was also a bridge for the reconciliation of contradictions and connections between the academy and the students.

This time the Miracle Healer Academy entrance assessment, except for the teachers who were specifically responsible for the assessment and supervision, other related matters were all taken care of by the Student Council.

On the top floor of the building where the Student Council was located, there was a private room that belonged to the president, vice-presidents and the key members of the Student Council.

The decoration inside was elegant and luxurious. At this time, the sky was dim, but the crystal stone shone in the room, which reflected the antique style of the painted wall.

At this time, 2 women were sitting in this elegant room.

If Hexi were here, she would be able to recognize these 2 acquaintances, Lu Zhixi and Ren Xueling who had become enemies with her in Yongan City.

At this time, Ren Xueling was burning a recording talisman, watching the handsome figure of a young man in the talisman with flushing cheeks.

However, Lu Zhixi was staring at a medicinal pill as if there was a depression and sorrow that couldn't be solved.

Suddenly, the door gently pushed open, and a tall young man strode in.

This man seemed to be only 18 years old. He had handsome facial features, a pair of sword eyebrows, and deep and shining eyes. It could be seen that he was a determined teenager.

As soon as Ren Xueling saw the man entering, she immediately put away the recording talisman she was watching, but her eyes were shy of joy, "Brother Cai Yu, why are you here?"

Cai Yu was the vice president of the Student Council and the top in the entrance assessment 5 years ago. He became the vice president in these 5 years.

Cai Yu gently touched Ren Xueling's head, looking at her as if he was looking at a naughty little sister, "What does Xueling mean? Can't I come?"

Ren Xueling blushed and lowered her head shyly, saying like a mosquito, "No, I'm happy that you are here!"

However, Cai Yu did not hear her. Instead, she walked to Lu Zhixi's side a few steps, and his voice was unconsciously low and soft, "Zhixi, this is the list of participants who participated in the Miracle Healer Academy assessment this time and their corresponding examiners. If there are no problems, I will submit the list to the elders. The formal assessment will be carried out the day after tomorrow."

All students participating in the assessment of Miracle Healer Academy would be assigned with an examiner during the evaluation period. These examiners were sometimes teachers of the academy, and sometimes key members of the Student Council. This year, it happened to be the Student Council's to supervise the assessment.

Therefore, how much power did the Student Council have that allowed them to supervise the assessment.

Lu Zhixi recovered, put the medicinal pill into the storage device, smiled and took the list from Cai Yu.

Cai Yu stood aside, staring blankly at the beautiful face of the young girl. His handsome face flushed slightly.

Chapter 1069: Is There Any Problem?

Cai Yu's heart was pounding. His eyes were full of infatuation and inferiority complex.

Before entering Miracle Healer Academy, Cai Yu always felt that he had an awe-inspiring innate talent, and he was superior. However, since he met Lu Zhixi, he had never had the pride he once had.

Their president was really good, so good that he felt ashamed; he couldn't wait to give the best in the world to her.

Lu Zhixi didn't notice Cai Yu's thoughts; she just carefully looked at the information of everyone on the list.

Miss Han Qian'er of Shui Yue Sect, Feng Yunqin of Feng Family, Xia Qian of Qixing Palace...These were all famous among the students who applied for this year's assessment, but Lu Zhixi wasn't moved at all.

Cai Yu didn't pay attention to these boys and girls at all. In Cai Yu's mind, these geniuses praised by outsiders could not be compared with his president.

However, Lu Zhixi, whose expression had been calm, suddenly looked shocked when seeing the last name on the list. She couldn't help exclaiming, "Xi Yue?! Why is he here?!"

Cai Yu suddenly woke up from the confusion of peeping at Lu Zhixi, and he stepped forward and said, "What's wrong? Is there anything wrong?"

He was about to take the inscribed jade slip in Lu Zhixi's hand and take a look, but Ren Xueling moved faster than him.

When her Divine Sense probed into the inscribed jade slip and saw the name and introduction of Xi Yue, as well as the introduction of the "water and fire dual sky spiritual root", she suddenly said furiously, "This bitch dares to come here? She even dares to take the assessment?"

Seeing Lu Zhixi's unsightly expression, Cai Yu quickly asked, "Zhixi, what's wrong? Is there anything wrong with this Xi Yue?"

Lu Zhixi bit her lower lip, and shook her head eagerly, "No, just... just happen to know him..."

"How could this be fine?!" Before Lu Zhixi finished speaking, she was interrupted by Ren Xueling who was anxious on the side. "Brother Cai Yu, I tell you, this bitch named Xi Yue is simply too much. In Yongan City, she not only provoked and bullied senior sister, used her name to hype up her own reputation, and she even used despicable means to grab the credit of senior sister. She made everyone in Yongan City laugh at me and senior sister. When I... I think of this bitch, I'm still so angry that I can't fall asleep!"

When Cai Yu heard Ren Xueling's words, his face suddenly turned gloomy, and the aura of the peak of Gold Core Stage on his body naturally spread out, "What is going on? Can you tell me clearly?"

Someone dared to bully Zhixi and rob her of her credit? He is simply tired of living!

Ren Xueling immediately talked about what happened in Yongan City with some additional untrue facts.

The more she said, the more Cai Yu's face became gloomy. The coldness in his eyes even made Ren Xueling feel scared.

However, even though Ren Xueling was a little afraid of the strange Brother Cai Yu, she had more resentment toward Xi Yue. She kept cursing her nonstop.

"That's it. The bitch Xi Yue used despicable means to disturb the mind of senior sister, and she even stole senior sister's treatment plan. In the end, she even snatched senior sister's credit and the Divine Soul Jade! It's a pity that senior sister and I just wanted to help with goodwill, but Xi Yue made us be hated by the people of the Yongan City."

Chapter 1070: What's Wrong

Cai Yu's fists on both side of his body were clenched tight. He said with a chilling tone, "How is it just hateful, he simply deserves death!"

Lu Zhixi shook her head, and said in disapproval, "Xueling, don't talk nonsense, Mr. Xi just did what he thought was right. At least on the surface, we couldn't pick out any mistakes in his behavior."

As she said, she set her eyes on Cai Yu and whispered lonely, "Cai Yu, don't listen to Xueling's nonsense, it's all a misunderstanding. Maybe I'm really inferior to others. Okay, there is no problem on this list. Do you need me to report to the elders now?"

Ren Xueling saw that Lu Zhixi had spoken up for Xi Yue in this way. She protested furiously, "Sister, are you stupid? How can you just let him go? You kindly let him go, but did he let you go in Yongan City. What's more, if he passes the examination, who knows how will he slander you in this academy!"

"Besides, did you forget? The bitch Xi Yue was obviously shameless, and he even made a blacklist for Shengde Hall, so that those people turn against our Doctors Association. How can we let such a cruel person step into the Miracle Healer Academy? I'll go to Elder Wang and ask him to kick this Xi Yue out of the assessment list. A person like him wants to get into the Miracle Healer Academy? Simply dreaming!"

"Xue Ling, come back!" Lu Zhixi said solemnly, "This list has already been announced on the square. If you ask someone to remove Xi Yue's name on the list, what would the other martial artists who participated in the assessment think? Our Student Council is the most fair and strict organization in the academy. How can we use our power for private revenge? Okay, this matter ends here."

With that, she stood up and took the list in Ren Xueling's hand.

However, Cai Yu moved faster than her, grabbing the inscribed jade slip, and smiled gently, "Zhixi, I suddenly remembered that there are some things wrong with this list. Let me amend it before letting you review."

Lu Zhixi's eyes flashed, and her voice was gentle and soft: "What's wrong?"

Cai Yu's voice couldn't help but soften a bit as if he was afraid of polluting her, "No, I just think I haven't participated in the invigilation for a long time, so I will replace Zhang Chong with me this time."

Ren Xueling immediately clapped his hands and laughed, "Brother Cai Yu is really smart. Yes, instead of removing his name, it is better to let that bitch suffer in the assessment! Hmph, anyway, the casualty rate is high in every year assessment. He only has the Foundation Establishment stage. He will definitely suffer by then. Hahaha!"

Lu Zhixi was in hesitation; her face was full of disapproval and intolerance, "Cai Yu, you..."

Cai Yu quickly interrupted her and laughed, "Zhixi, don't worry about it. I will take care of this. There are some dirty people and things that are not understandable by a kind-hearted person like Zhixi, but you can rest assured, I will never let them hurt you again."

After speaking, he patted the excited Ren Xueling's head and walked out of the private room.

Ren Xueling was so excited. She couldn't wait to know the end of Xi Yue. With that thought in mind, she also followed out.
