Chapter 1081: Inexplicable Irritability

Chen Jiancheng heard the people pleasing around him and ridiculing Hexi, and the anger in his heart disappeared a little.

He took the medicinal pills handed over by others and kept them in the storage ring before he smiled coldly at Hexi, "Since you are so arrogant, then nevermind! But, don't you blame me for not reminding you, the second round of Miracle Healer Academy's assessment is not that simple. Although you passed the first round of written assessment by luck, you are just at the mere Foundation Establishment stage... Hehe, just pray for yourself in the following assessment!"

Hexi smiled faintly, turned around and sat down at random, leaning on the stone bench and closing her eyes to rest.

Although Bai Hu, Gu Liufeng and others hated Chen Jiancheng, Miracle Healer Academy stipulates that all candidates participating in the selection were protected by the academy. They dared not try to beat up others casually, so as not to cause trouble to Hexi.

Wei Chengyuan glanced at Hexi, then at Chen Jiancheng who looked wretched and smug, and he smiled slowly; the dimples on his face were looming.

===

An hour passed in a flash. Soon, the enchantment flickered and the boy in green clothes slowly walked out.

Only this time, the boy in green clothes did not come out alone, but he was followed by an elder.

This elder was the one who presided over the spiritual root assessment the day before yesterday, and behind this elder was Cai Yu, the vice president of the Academy Student Council.

Cai Yu glanced at everyone present, especially Chen Jiancheng with an arrogant look, and he finally looked at Xi Yue with some inexplicable complexity.

He had seen what happened on the square just now in the academy enchantment.

Including Chen Jiancheng's arrogance and Xi Yue's silence. Xi Yue... really doesn't know that his grades were exchanged? Impossible? He was so confident when he answered the questions!

But, if he knows, why doesn't Xi Yue speak up or protest?

This Chen Jiancheng, as Zhang Chong said, is really disgusting. But such a person, because of me, is now the top of the written assessment.

An inexplicable irritability surged in Cai Yu's heart. He immediately shook his head to drive out the excess emotions.

At this moment, the square was silent, and everyone looked at the elder.

He spoke with a low voice slowly, “My surname is Qin, you can call me Elder Qin. I believe everyone present knows me. We all met when screening the spiritual root qualifications on the first day. Now, you can stay because I wrote your names onto the lists.”

When Elder Qin said this, the nervous examinees underneath suddenly relaxed a lot. Their eyes looking at Elder Qin became more cordial.

Elder Qin smiled slightly and continued, “I believe many people have already guessed the content of the second assessment. We will proceed in groups. 48 people are divided into 8 groups, each with 6 people. The content of the assessment will not be announced now. By tomorrow noon, there will be people bringing you to the assessment venue.”

Chapter 1082: Curse to Everyone and Himself

The content of the Miracle Healer Academy’s assessment would change every year, but 1 thing wouldn’t change was that there would inevitably be a round of assessments that needed to be conducted in groups.

Therefore, before these candidates came to participate in the assessment, many of them had already made good connections with several families and sects to form a team so as to increase their chance of passing the assessment.

But then, Elder Qin’s words broke their beautiful illusions.

“However, the difference between this year and previous years is that the grouping will be determined through a draw lot.”

“What?!”

“No way-!!”

As soon as this remark came out, the square suddenly burst into commotion.

Those who had already decided to form a team, especially those candidates who were planning to pass the assessment, were disheartened. Grouping through draw lot meant there was a high chance of people burdening the group.

Of course, there were also people who were delighted. Those, who were not strong and did not have the support of the family or sect behind them, originally thought that they could only work alone in the second round of assessment, but the decision of drawing lots was equivalent to giving them a high chance of relying on the better candidates. The chance for them to pass the assessment was naturally greater. How could they not be happy?

However, after the chatters, everyone’s eyes couldn’t help but fall on Xi Yue.

Everyone’s eyes were full of disgust and contempt. They couldn’t wait to kick this guy who only was only at the Foundation Establishment stage from the list of passing the assessment.

Then someone said — “Whoever groups with Xi Yue really has extremely bad luck!” After that, there was a burst of lively discussion in the crowd.

“How? My family has talked to Zhu Zhengwei before to let him assist me this time. He has the thunder spiritual root and is at the Gold Core Stage, which is a strong combat power. With him, I have higher chance of being selected. Now, I’m definitely hopeless!”

“Yeah! In order for me to team up with the strong, my family also paid a lot of magic weapons and medicinal pills. Now those are all in vain.”

“But no matter who you get, it isn’t so hopeless as getting Xi Yue in your team, right? With him, I guess the Gold Core Stage will be dragged to death!”

“This kind of person is really shameless. He obviously doesn’t have enough strength, but he still wanted to participate in the assessment. He can’t pass it, but he still wants to drag down the others. Doesn’t he feel embarrassed?”

“He just scored 503 points on the written assessment. Why can’t he get wrong for a few more points? Just let him be eliminated in the first round. Now, he is just a curse to everyone and himself!”

“Shhhh, keep your voice down, be careful that he hears it.”

“Hmph, so what if he hears it? Could he still beat me, he dares?”

From the beginning of complaining about the draw lot rules to almost everyone expressed their disgust on Hexi.

If she had a bad psychological quality, she would have quit, but she just stood there listening to the boy in green clothes introducing the cautions and taboos when participating in the group assessment.

The boy in green clothes and Elder Qin were more calm as if they hadn’t heard the comments from the people below at all. They just announced the various rules.

“... During the assessment, all the invigilators will watch your every move through the nine turn recording stone. In the end, your assessment results in the second level will be comprehensively considered based on both team and individual performance.”

Chapter 1083: Who Are They?

“Personal items are not allowed, including medicinal pills, magic weapons, spiritual pets and storage devices.”

“Before the assessment, the college will uniformly distribute basic materials to ensure the fairness of the assessment.”

These regulations were similar to those of the assessments in previous years. Many candidates did not listen carefully, but they stared at Hexi hatefully; the words from their mouth was getting more and more harsh.

Wei Chengyuan’s original attitude was that it had nothing to do with him, but he was a little furious.

Bai Hu and the others were fortunate that at the beginning of the draw lot, the non-related crowds were all driven out of the square, otherwise they would really give them a painful lesson after hearing those remarks.

Wei Chengyuan glanced coldly at the people who pointed at Hexi, and the pressure of Gold Core Stage on him was released. Soon, those with insufficient cultivation were suppressed and dare not speak.

Their eyes watching Hexi were still full of contempt.

Wei Chengyuan leaned close to Hexi and said, "Xi Yue, they said those words to you, you really don't care?"

Hexi smiled nonchalantly, and she slowly said, "Why should I care for these nobodies?"

Wei Chengyuan was taken aback for a moment, then he couldn't help laughing out loud.

He really found this young man more and more interesting.

===

After the boy in green clothes finished the announcement, the draw lot soon began.

Hexi got the 6th group, while Wei Chengyuan was in the 1st group.

Wei Chengyuan regretfully said, "If only I could be with you, with me protecting you, let's see if those guys dare to say more."

Hexi smiled indifferently, but she still said, "Thank you."

Although Wei Chengyuan's identity was a mystery and his purpose was a mystery, Hexi couldn't feel any malice from him. Hexi still knew how to appreciate other people's kindness.

Holding the inscribed jade slip with her grouping information, Hexi walked slowly to the 6th group.

In order to make the next day's assessment faster, after the draw, the members of each team must get to know each other.

When Hexi walked over, some people said delightedly, "Great, this burden is not in our group. I'm really afraid that the results of our entire group will be affected by him."

Until Hexi walked until the 6th group, the other members of the other groups were relieved.

They were looking at the members of the 6th group with eyes full of sympathy and gloat.

Especially when they saw Chen Jiancheng who was the first in the written assessment and Han Qianer who was the second in the 6th group, many people were even more delighted.

In this way, the final results of Chen Jiancheng and Han Qianer would be lowered, and the chance of other groups getting better results would be greatly increased.

Contrary to the other groups of candidates, when the members of the 6th group saw Hexi standing in their team, their faces suddenly turned grim.

A pretty-looking woman even took a step forward and said gloomily, "Are you sure you really got the 6th group? It's not because we have Mister Chen and Miss Han, so you deliberately want to take advantage of it?"

This woman seemed to be about 26 years old, and her name was Chen Qiaoying. Among all the members of the 6th group, except for Hexi who had the lowest cultivation base, she was only at the intermediate stage of the Condensation Period.

In addition to Han Qianer of the Gold Core Stage and Chen Jiancheng of the Condensation Period later stage, there were also Wang Hai and Yang Hailong of the Condensation Period later stage.

Although the written assessment scores of Wang Hai and Yang Hailong were not as high as those of Chen Jiancheng and Han Qianer, they were still in the middle-upper rank.

[The King of Hell's Genius Pampered Wife](#)

Chapter 1084: Don't Count Me

So, the strength of this group of them, comprehensively seemed to be very strong.

Therefore, when Chen Qiaoying just found out that she got the 6th group, she secretly rejoiced in her mind.

All the candidates in the 6th group were better than her. Except for Han Qianer, they were all men. She would definitely be taken care of during the assessment.

Chen Qiaoying was showing great courtesy to several men in the team. When she saw Xi Yue walking over, she felt very terrible.

She seemed to hear the sound of her dreams collapsing. Even if Han Qianer and Chen Jiancheng were more powerful, with Xi Yue who was only at the Foundation Establishment stage, how could they have the spare effort to help her?

When Hexi activated the information in the inscribed jade slip, everyone confirmed that she had indeed drawn the 6th group. Everyone's face looked very ugly.

The one-minded Wang Hai said straightforwardly, "Xi Yue, you may not know it. The second round of the Miracle Healer Academy's entrance assessment is often accompanied by casualties. We will not have the time to protect you. I think you should quit here. Lest you die in there at a young age."

Yang Hailong also said unceremoniously, "You will have more opportunities in the future, so why stay and be a burden to us!"

Chen Qiaoying even wiped her tears and looked at Hexi pleadingly, "Xi Yue, I'm 28 years old this year. This is my closest and last chance to Miracle Healer Academy. Can you please help me? Just quite the assessment, please? You are only 17 years this year. You can pass the assessment again next year!"

Several people babbled, all advising Hexi to quit the second round of assessment. Some even threatened her in the end.

Chen Jiancheng had long been displeased with Hexi. He squinted at Hexi fiercely, "This is the unanimous decision of all of our 6th group. If Xi Yue, if you are smart, quit now. Otherwise, in we will definitely teach you a good lesson during the assessment!"

With that said, Chen Jiancheng glanced at the people around him and said triumphantly, "Don't you guys think so?"

Chen Qiaoying, Wang Hai and Yang Hailong nodded again and again.

Chen Jiancheng's gaze fell on Han Qianer, and he put up an instinctive pleasing smile on his face, "Miss Han, what do you mean?"

Han Qianer glanced at Hexi, and she said coldly, "Whatever dirty things you guys want to do, don't count me in!"

When Chen Jiancheng and others heard this, their expressions were ugly. Chen Jiancheng wanted to get angry, but he managed to endure it and coughed in a low voice, "Miss Han, haven't you figured it out yet? Let Xi Yue stay in the team, he will only drag us down. Never mind if I'm not the top 1, but Miss Han and the others may not even pass the assessment. Aren't Miss Han afraid of this?"

Han Qianer's complexion remained unchanged. She still had a cool and beautiful face, "As far as I know, the top 1 of the freshman assessment 5 years ago was Vice President Cai Yu. At that time, his written assessment was less than 700 points, but he led his group members who were all Condensation Period early stage to get excellent results in the group assessment. Finally, they got the position of top 1."

"Since Mister Chen's written assessment scores are so much higher than Cai Yu's, it must not be a problem to lead 1 Foundation Establishment stage or even several Foundation Establishment stages, right?"

Han Qianer's words made Chen Jiancheng's complexion stiff. He couldn't say what he had originally planned to say.

[The King of Hell's Genius Pampered Wife](#)

Chapter 1085: Unimportant Member

At this time, Hexi's gaze also happened to fall on Han Qianer. Han Qianer nodded slightly at her. Her expression was cold, but her brows were more amiable than when she was talking to Chen Jiancheng.

Chen Jiancheng's blood rushed up suddenly, thinking that Han Qianer had fallen in love with Xi Yue, so she spoke up for him.

His gaze looking at Hexi suddenly was like a poisonous arrow, which would kill her at any time.

Chen Qiaoying and Yang Hailong were still unwilling, and they still wanted to threaten Hexi to quit.

Suddenly, Wei Chengyuan appeared from nowhere and sneered, "If you don't have strength, just quit the assessment yourself. You don't have enough ability, but you persuade others to quit. What is this reasoning?"

Wei Chengyuan's group members also laughed, "That's right! Your group has the first place and the second place in the written assessment, but you can't even tolerate a Foundation Establishment stage? How good are you to threaten others to quit withdraw from the assessment?"

Since Chen Jiancheng and his group were dragged down, the chance of the others passing the assessment would increase. They were of course happy to see it.

The faces of Chen Jiancheng and others were extremely ugly, but they didn't dare to say anything more facing the crowd. They gave Hexi a stern look and turned away.

===

The most luxurious hotel in Miracle Healer City was Wangyue Pavilion, while the most expensive restaurant was Xianliu House.

At this time, Chen Jiancheng, Wang Hai, Yang Hailong and Chen Qiaoying were gathering in Xianliu House, venting their depression while eating.

When Chen Jiancheng thought of what Han Qianer had said and her attitude toward Xi Yue, he felt an anger boiling in his heart.

Chen Qiaoying was keen in observing, and she hurriedly said something to please him, "Brother Chen, that Xi Yue is insensible. When the assessment starts, we can just ignore him. We must not let the person who is destined to fail to affect Brother Chen's results!"

Wang Hai and Yang Hailong went along with her. They kept flattering Chen Jiancheng overtly and secretly, and Chen Jiancheng finally felt a lot better.

Suddenly, Yang Hailong pointed at the door and whispered, "Brother Chen, isn't that your invigilator Zhang Chong?"

After hearing this, everyone looked over.

Sure enough, Zhang Chong came in with a few young martial artists.

Zhang Chong frowned and looked gloomy. When he saw Chen Jiancheng not far away, his expression became even more gloomy.

Yang Hailong said, "Brother Chen, don't you go up and greet him?"

Although the score of each candidate depended on the results of the assessment, the invigilator's evaluation was also considered. Unless they weren't stupid, they would try their best to please their invigilators.

Who knew that Chen Jiancheng was full of sarcasm when he heard this. He sneered, "What are you kidding? I'm the top 1 in the written assessment. It is very likely that the top 1 of this year's freshman is me. Who is this Zhang Chong? Isn't he just an unimportant member of the Academy Student Council? Let me greet him? Can he take it?"

Chen Qiaoying immediately smiled and said, "That's right! Brother Chen scored 999 points in the written assessment, breaking the academy record. Even the president of the Academy Student Council, Lu Zhixi,

can only score more than 800 points. How can this Zhang Chong be compared with Brother Chen? After Brother Chen enters the academy, he will become the president of the Academy Student Council sooner or later. If Zhang Chong is smart, he should come over and greet Brother Chen.”

Yang Hailong and Wang Hai looked at each other. Although they felt that it was not appropriate to do this, they still smiled without speaking.

Chapter 1086: Intolerable

Chen Jiancheng was ecstatic by Chen Qiaoying's flatter.

He had long been displeased to Zhang Chong who looked down on him.

Hmph, now I have become the top. Zhang Chong is just a member of the Academy Student Council. When I'm admitted, I will definitely be on top of him.

Chen Jiancheng and Chen Qiaoying said those slandering words without lowering their voice at all.

Zhang Chong naturally heard it too, and his already gloomy expression was so dark that water could even be condensed from it.

When he knew that Chen Jiancheng's written test score was the first, and it was 999, Zhang Chong knew something was wrong.

He was Chen Jiancheng's examiner. He knew better than anyone that how many questions he had answered on the test paper.

Even if Chen Jiancheng answered all the questions correctly, a person, who only filled out more than 700 answers in total, got a score of 999 in the end. Wasn't this absurd?

Zhang Chong almost immediately remembered Cai Yu bumping into him before he was about to seal the test paper.

If anything could go wrong, it must be that time.

As soon as Zhang Chong realized this possibility, he felt terrible.

The students of their Miracle Healer Academy were also graded every year. Those with high grades would be promoted each year; low grades would be demoted; some would even be expelled from Miracle Healer Academy.

As a member of the Academy Student Council, they were responsible for the invigilation of the entrance assessment and they could get many scores.

However, if someone found out that they had made such a mistake, not to mention that they would not get the score at that time, their score would even be deducted.

If it was only me, then never mind. However, it was related to Cai Yu as well. If I reported this matter, I would cause the vice president to be criticized by the academy and get his scores deducted.

Fortunately, Chen Jiancheng's score just passed the passing line. In any case, the kid named Xi Yue suffered a loss, but he also entered the second round, which is not too bad.

So Zhang Chong originally planned to put this matter in his heart forever.

But after listening to Chen Jiancheng's arrogant words today, his sanity was almost gone!

Such a scumbag, because of my own mistakes, I let him be full of himself.

Seriously, this is really intolerable!

Zhang Chong's face was flushed red. He greeted his classmates, then he walked toward Chen Jiancheng's table and said coldly, "Come with me!"

Chen Jiancheng still looked arrogant and proud. He raised his eyebrows at Chen Qiaoying and Yang Hailong. His expression seemed to say: Look, I guessed it right, even if it is an invigilator, he has to come to curry me.

However, he said unceremoniously, "Is there something to do with me? I'm very busy now. If you have something, just say it here!"

Zhang Chong sneered, staring at Chen Jiancheng, and whispered, "Oh? Really? Are you sure you want me to say it here?"

"Actually, there is nothing wrong. I just want to talk to you about your grades. I remember..."

Before he finished speaking, Chen Jiancheng's expression changed drastically. He hurriedly stood up and intercepted Zhang Chong's words.

His arrogant and domineering face turned pale; his eyes flashed with panic. He kept saying, "Brother Zhang, I think we should go outside and talk!"

Zhang Chong sneered with eyes full of contempt, but he didn't say any more. Instead, he turned and left the Xianliu House.

Only Chen Qiaoying, Yang Hailong and Wang Hai looked at each other with doubts.

Chapter 1087: Warning

"Don't you know what it means?" Zhang Chong looked at him mockingly, "Chen Jiancheng, you are really shameless. Do you really think you can get a high score of 999?"

Chen Jiancheng's face turned green, and he straightened his neck and said, "Zhang Chong, what do you mean by this? I... how can't I get high scores? Even if you keep looking down on me, you can't slander me like that!"

"Haha..." Zhang Chong laughed loudly and looked at Chen Jiancheng as if he was looking at an idiot. "Chen Jiancheng, have you forgotten? When you took the exam, I was behind you, looking at you scratching your head anxiously. You really think you can get the score of 999? What's more, if I remember correctly, the last answer you filled is just about 700, right?"

Chen Jiancheng opened his mouth in shock. He wanted to refute, but the guilty conscience and panic had completely suppressed his momentum.

Because the invigilator only ensured that candidates did not cheat in the written assessment, Chen Jiancheng had always thought that Zhang Chong did not notice how many questions he finished. Zhang Chong is actually watching over me throughout the entire assessment, just waiting for me to make a mistake!

Zhang Chong said coldly, "Chen Jiancheng, do you want to know how your grades came from?"

Chen Jiancheng was taken aback, and he quickly raised his head, "How... how did it come?"

Zhang Chong sneered, "How do you think you came here? Do you really think you got it on your own? Tell you the truth, your test paper was accidentally exchanged with someone else. The score of 999 is not your score at all; it's not you Chen Jiancheng who breaks the record!"

Chen Jiancheng shivered, and he almost instinctively blurted out, "Who... I... who did I exchange with?!"

Zhang Chong glanced at him with dark and cold eyes before slowly saying, "Your original score should be 503 points. Just passed the passing line, and you are the last among the 48 people. Who do you think you exchanged with??"

"Ahh—!" Chen Jiancheng widened his mouth in horror; the original green face turned even paler.

503 points, besides Xi Yue who got last and was laughed at by everyone, who else would it be?

However, Xi Yue actually scored 999 points on the assessment. He is just at the Foundation Establishment stage. How could it be possible?!

The ridicule and warning in Zhang Chong's eyes became more intense. He whispered, "Chen Jiancheng, if you understand your limit, you should behave yourself. Otherwise, if Xi Yue is anxious and asks to check the test paper, then your good days are over!"

After speaking, no matter what Chen Jiancheng's reaction was, Zhang Chong quickly turned and left.

Chen Jiancheng stood there blankly. His body was trembling as the evening breeze blew.

He remembered that since the results were announced, he kept ridiculing Xi Yue as trash to show his genius.

Although Xi Yue didn't say anything, he could be hating me.

If Xi Yue really goes to check the test paper, wouldn't I, Chen Jiancheng, be over?

No! I don't want to be over like that!

I don't want to lose everything that I have now; this kind of feeling where everyone flatters me, I must not lose it!

Chen Jiancheng thought of his face distorted for a while, then the panic in his mind was gradually replaced by the vicious killing intent.

Chapter 1088: Long Live Mom

Zhang Chongming knew the truth, but he didn't report it because he is afraid of taking the risk of messing up the grades.

Therefore, the only hidden danger I face now is Xi Yue.

Hmph, so what if Xi Yue's written assessment scores 999 points? After all, he is just at the Foundation Establishment stage.

The group assessment of the Miracle Healer Academy has the most casualties. Even if Xi Yue dies, no one would care about it.

The muscles on Chen Jiancheng's face twitched, and a sinister smile slowly appeared.

At this moment, he suddenly began to rejoice that he and Xi Yue were in the same group. Isn't this more convenient to get rid of this hidden danger?

===

At the next day, all the candidates gathered in the square on time.

It was just that today's square was very different from yesterday.

Because 8 teleportation arrays were inscribed on the square. Each teleportation array was glowing with shining brilliance at this time.

The boy in green clothes stood next to the teleportation array and said, "8 groups correspond to 8 teleportation arrays, and the teleportation array will send you to the designated trial site. But before entering the teleportation array, please hand out all medicinal pills, weapons and storage equipment and put on the clothes specially prepared by our Miracle Healer Academy for you."

Many martial artists who had participated in the assessment had known this rule before, so they quickly picked up clothes from the boy in green clothes and went into the hut to change.

Hexi was the last to go in and change clothes.

The trial costume of the Miracle Healer Academy was a blue and white suit. After Hexi put it on, she looked even more elegant and handsome.

Xiao Li in the void couldn't help but blush and said, "Miss, if you are really a man, all the women of the Miluo Continent will be fascinated by you."

Little Egg was nibbling on the stock food prepared by Hexi in the void, so he said vaguely, "If mom is a woman, she will fascinate men from all over the continent; if she is a man, she will fascinate women from all over the continent. Long live mom!"

"Eat your stuff!" Hexi rebuked in her mind, then she sternly said, "I can't bring a spiritual pet during the trial, so you all stay in the void afterward. No matter what happens, don't come out. Do you hear me?"

The little guys all nodded obediently. Although they loved to play, they still had a clear sense of priority.

As for whether the Sumeru Ring's void and the little ones would be discovered by the people of Miracle Healer Academy, Hexi had never worried about it.

Walking out of the hut, everyone couldn't help but look at Hexi.

Even Chen Qiaoying, who looked down on Xi Yue the most, couldn't help but flush in her face.

In fact, Xi Yue's appearance was too perfect, too touching.

Only Chen Jiancheng's face turned gloomy. The surprise in his mind was soon replaced by the hatred and killing intent brought by panic.

Seeing that everyone had changed their clothes, the boy in green clothes waved his hand gently.

Soon, 48 identical trays appeared in the square.

In the trays were placed a low-level storage bag, a set of clothes without any defense ability, a 4th grade flying sword, a bottle of 4 medicinal pills and an ordinary pill refining furnace.

The boy in green clothes said solemnly, "This is all the equipment you can carry for this trial. If anyone is found to bring weapons and medicinal pills secretly, you will be forever banned from the academy's entrance assessment."

Everyone hurriedly took their own trays and put their things in storage bags one after another.

Chapter 1089: Illusive Forest

The boy in green clothes continued, "You enter the teleportation array first. I will elaborate on the specific trial rules with you in the secret realm."

The light of the teleportation array flashed, and soon the entire square was empty.

At this time, a building of Miracle Healer Academy was filled with 48 members of the Academy Student Council and a few elders of the Nascent Soul Stage.

In front of these members, a translucent crystal stone emitting a faint blue light was placed.

These crystal stones were the nine turn recording stones, which was always called sky-priced recording talisman.

The nine turn recording stone was divided into the child stone and the mother stone. The mother stone could see the sights of hundreds or even thousands of miles around the location of the child stone. The inscribed jade slip carried by the candidates contained the ingredient of the child stone.

Therefore, the members of the Academy Student Council only released their Divine Sense into the nine turn recording stone to see the actions and behaviors of their examinee at any time.

In front of the elders of Nascent Soul Stage, there was a nine turn recording stone that was a hundred times larger than the Academy Student Council's members. The recording stone was shining with dazzling light, and a huge image was projected in front of them.

The image showed the scene in the entire secret realm. The elders could switch through Divine Sense to fix the image at a certain position in the secret realm.

As the 48 examinees landed at the different locations in the secret realm one by one through the teleportation array, the second round of assessment was officially started.

===

After Hexi experienced the dizziness of space teleportation, what she saw, at first sight, was the beautiful scenery.

At this moment, all of them were standing by a beautiful blue lake, the lake was clear, reflecting the undulating mountains, blue sky and white clouds, and the sun shimmering on the lake. The scene made people feel refreshed.

Hexi looked up at the sun high in the sky, and she couldn't help but wonder.

Are they still within the scope of Miracle Healer Academy? If they are really still in Miracle Healer Academy, then the strength of this academy is too strong.

At a glance, there is no end to this secret realm at all, but the blue sky, white clouds and sun are all real, which means that we are not in the virtual space but a real world.

The area of ??Miracle Healer Academy itself is only that large, but it has to accommodate such a large secret realm. How powerful is the time and space spell of the person who opens this realm?

Hexi was exclaiming when the familiar voice of the boy in green clothes suddenly came from high in the sky.

"The place where you are now is [Illusive Forest], 1 of the 3 secret realms of Miracle Healer Academy. Your goal is to survive as a team in the [Illusive Forest] for 10 days. In these 10 days, Every time the team loses 1 person, everyone's score will be deducted accordingly. If the team has less than 2 people, the team will be eliminated."

"In addition to the survival goal, you can also hunt and kill spiritual beasts and collect spiritual grass in [Illusive Forest]. All the rare materials in [Illusive Forest] that you bring out from the secret realm can be treated as a bonus point for your performance."

"Each of you has your own corresponding inscribed jade slip in your hand. If you can't survive in [Illusive Forest], you can crush the inscribed jade slip, and your invigilator will enter the secret realm and take you away safely. Breaking the inscribed jade slip caller is equivalent to giving up the assessment. The team members will also be deducted points."

"Well, please keep the rules in mind and let the second round of assessment start!"

Chapter 1090: Walk Our Own Way

As soon as the boy in green clothes finished speaking, the whole secret realm returned to normal.

Hexi instinctively channeled her spiritual power first, wanting to feel the strong spirit in this [Illusive Forest].

However, as soon as the spiritual power cycled in her body, she felt something was wrong.

At this moment, their teammate Wang Hai also called out, "I... why do I feel that I can't absorb much spiritual power?"

With Wang Hai's call, everyone immediately tried to channel their spiritual power; their faces suddenly became very ugly.

Chen Qiaoying bit her lower lip and said, "The team assessment I participated in the year before last was also in the secret realm, but there was no such situation. It seems that the difficulty of this year's assessment has been increased."

Wang Hai frowned and said, "Miracle Healer Academy gave us only 4 spiritual healing pills. It is fine to travel in the secret realm casually, but if we encounter a magical beast, we have to replenish spiritual power after the battle. However, we can only absorb that little spiritual power now... 4 spiritual healing pills are not enough at all."

The faces of several people had become extremely gloomy. This was not only related to the quality of the assessment results. There were dangerous traps and magical beast everywhere in this secret realm. If there was no way to replenish the spiritual power, it would be very dangerous.

Chen Jiancheng rolled his eyes and suddenly smiled and said, "Don't worry, the academy not only gave us four spirit healing pills, but they also gave us a pill refining furnace right? As long as we find enough spirit plants, I will refine the spirit healing pill for you!"

When Chen Jiancheng said this, Chen Qiaoying and others were overjoyed and flattered Chen Jiancheng.

Chen Jiancheng was proud, but Han Qianer was still standing aside coldly. Her eyes were full of impatience. She didn't even mean to come over to please him.

His soaring vanity was like a balloon that was punctured by someone; his face turned very ugly.

When Chen Jiancheng looked back at Xi Yue, he became even more infuriated.

The kid has already walked in the direction of the dense forest by himself; he didn't even tell us.

His face immediately turned gloomy as he shouted angrily, "Xi Yue, what are you doing? Did we agree to go in that direction? Do you have a sense of teamwork?"

Hexi stopped, turned around and looked at him coldly, "Who said I want to work with you guys? Don't you think I'm getting in your way? Just right, I also think you guys are getting in my way, so we go our own way. We won't interfere with anyone."

As soon as these words came out, Chen Jiancheng and the others opened their eyes wide. Even Han Qianer looked at her in surprise.

In addition to being surprised, Chen Jiancheng also flashed a trace of guilty conscience and panic. Did Xi Yue figure out my plan? So, he wants to run away from the team.

But soon, Chen Jiancheng forgot the idea, and he solemnly said, "What do you mean by this? Don't forget that you are only at the Foundation Establishment stage. You can't even fight a rank 3 magical beast. If you die or quit the assessment, our points will be deducted!"

Chen Jiancheng's words immediately made Chen Qiaoying and others agitated.

In fact, they didn't care about the life and death of Xi Yue, but Xi Yue as a useless low rank martial artist should beg them for help. Her arrogant attitude really triggered them.

Especially Chen Qiaoying, for so many assessments, she walked all the way by currying others, so she was particularly displeased with Xi Yue's stubbornness.
