Chapter 1101: Lying

As soon as Chen Jiancheng rolled his eyes, he immediately made a distressed expression, knelt down in front of Wang Hai's corpse, and cried loudly, "Wang Hai, it's all Brother Chen fault! If it wasn't for saving Brother Chen, you won't be framed to death the bitch Xi Yue. Wuwuwu... it's my fault that I only have medical skills. My cultivation isn't high enough to deal with the poison spiritual bee swarm!"

Chen Qiaoying and Yang Hailong were shocked when they heard this, and they hurried over to check the body.

After just one glance, Chen Qiaoying's face turned pale and vomited with a shout.

This... This is Wang Hai? Isn't this too scary?

Chen Qiaoying tremblingly asked, "Brother Chen, Our... our inscribed jade slip has received the news that our points have been deducted. I didn't expect it to be Wang Hai. But, did Xi Yue really kill him? Isn't Xi Yue only at the Foundation Establishment Stage?"

Chen Jiancheng twisted his face and said, "I don't know where Xi Yue learned the witchcraft. He can actually control the poison spiritual bees. Poor Wang Hai was caught off guard and was stung to death by the thousands of poison spiritual bees!"

"What? Poison spiritual bee?"

"How can Xi Yue be so vicious?!"

Both Chen Qiaoying and Yang Hailong were full of resentment. Looking at Wang Hai's death, even if they had a bad attitude toward Xi Yue, he should be so ruthless.

Chen Jiancheng wiped his tears and said bitterly, "I, Chen Jiancheng, swear here, when I see Xi Yue again, if I don't avenge for Wang Hai, I'm not a man!"

As soon as he spoke, a clear voice came from far to near, "Hehe, then you have already seen it, so what are you going to do?"

Under the sun, the wind blew slowly and the grass was green. The scenery was stunning.

But the young man seemed to be more beautiful than the scenery.

Hexi slowly approached them and glanced at Chen Jiancheng with ridicule. She slowly said, "Chen Jiancheng, isn't it wonderful to survive by stepping on someone's corpse?"

Chen Jiancheng's expression changed abruptly, and his instinctive guilty conscience and panic made him look aside.

But he happened to meet Han Qianer's thoughtful gaze.

Chen Jiancheng only felt a buzz in his head as if something had broken.

He yelled, "Xi Yue, you bitch, I want to kill you to avenge Wang Hai!"

After speaking, he carried the flying sword and rushed toward Hexi.

However, Chen Jiancheng seemed to have forgotten that he had exhausted his spiritual power when running away from the bee swarm. He couldn't even use spiritual weapon now.

Facing such a useless person, Hexi didn't even move a hand. When he lunged over, she tilted slightly to one side and kicked Chen Jiancheng to the ground.

She stepped forward 2 steps and stepped on Chen Jiancheng's chest with 1 foot, making him lay on the ground like a turtle.

Then she sneered and said, "Chen Jiancheng, don't think that I'm easy to bully. Even if Miracle Healer Academy stipulates that teammates cannot kill each other, but I have multiple ways to make a person suffer a living hell!"

Chen Jiancheng shivered in first by Hexi's fierce aura at first, but he regained his consciousness immediately. He shouted, "Xi Yue, you dare to hit me!? You don't want to stay in the Miracle Healer Academy anymore?"

Chapter 1102: Narrow-minded?

Chen Jiancheng's pupils shrank suddenly.

Although he had guessed that Xi Yue already knew, when Xi Yue said it herself, he still felt panic.

So Xi Yue knew. He really knew it a long time ago.

Then if he leaves the secret realm, he will definitely expose it. Won't I be ruined by then?

Chen Jiancheng became more and more panicked as he thought about it, and his eyes became more and more hateful when he looked at Hexi.

At this time, Chen Qiaoying and others finally came back to their senses.

They were just shocked by the scene before them. Chen Jiancheng is at the peak of the Meridians Stage and Xi Yue is only at the Foundation Establishment Stage. Why is Chen Jiancheng so vulnerable to Xi Yue?

Chen Qiaoying pointed to Wang Hai's body and asked sharply, "Xi Yue, did you really kill Wang Hai?"

Before Hexi answered, Chen Jiancheng scream immediately, "It's him! He wanted to get the hive of the poison spiritual bee, so he let Wang Hai and me lead the poison spiritual bees away. When we finally got to this stream, we had already exhausted our spiritual power. Wang Hai is 1 step late... and he ended up like this!"

As he said, he looked at Hexi with fiercely twinkling eyes, "Xi Yue, you... do you dare to say that the poison spiritual bees' hive is not in your hands now?"

Hexi exerted force on her foot, and Chen Jiancheng screamed even more painfully.

She said smugly, "So what if it is in my hands?"

Chen Qiaoying and Yang Hailong took a breath; even Han Qianer's face looked gloomy.

Chen Qiaoying screamed, "Xi Yue, how can you do such a thing? Wang Hai is our teammate, you let him die for your own benefit? Do you still have a little conscience?"

Yang Hailong also said viciously, "You treat Brother Chen and Wang Hai this way. Isn't it because they treated you badly, so you take revenge on them? Xi Yue, aren't you too narrow-minded!?"

"I'm narrow-minded?" Hexi let out a sigh of relief. There wasn't any humiliation and hatred of being insulted on her face, but she smiled leisurely, "Well, since you all said so, I don't mind being narrow-minded."

As soon as the voice fell, she jumped into the air. With 2 bang sounds, Chen Qiaoying and Yang Hailong were both kicked to the ground.

Hexi landed slowly to the ground, then she turned her wrist without looking back. The long sword tip pointed precisely at Han Qianer's neck.

Han Qianer's hand was still on the hilt of the sword. She had an uncertain face. She hadn't seen exactly how Xi Yue did it just now.

Chen Qiaoying and Yang Hailong were already crying in pain. Together with Chen Jiancheng who was still lying on the ground, the 3 of them couldn't even climb up for a while.

Chen Qiaoying looked at Hexi with horror, but more with hatred, "Xi Yue, how... how can you do this? Isn't it enough that you killed Wang Hai? You even want to retaliate us?"

"Stop talking!" Unexpectedly, this time Han Qianer, who had been quiet, spoke.

Her gaze swept across Hexi then at Chen Qiaoying and Yang Hailong. Her ice-cold voice sounded unquestionable, "Stop embarrassing yourself. Don't you understand what Xi Yue just did?"

Chapter 1103: Roar Of Magical Beast

Han Qianer glanced at him coldly with a ridicule expression, "Chen Jiancheng, did you really get the score of 999 by yourself? Xi Yue's moves just now has proved that his combat effectiveness is stronger than the 4 of us combined. If he wants to deal with you and Wang Hai, does he need to go through all the troubles?"

As soon as Han Qianer said this, the 3 people present were shocked.

What does Han Qianer mean?

Although we were beaten badly by Xi Yue just now, we were unprepared just now. He is just at the Foundation Establishment Stage. How could he be our opponent?

Chen Qiaoying chuckled twice, "Miss Han, don't make such a joke, how can this damn kid be possibly..."

Before she finished her words, Hexi's expression suddenly changed. She flew away directly.

For a while, everyone who stayed by the stream, including Han Qianer, was stunned.

Chen Jiancheng grabbed his painful chest, got up from the ground and laughed mockingly, "What stronger than the 4 of us! Pui! He is just a coward. Didn't he run away before us?"

Chen Qiaoying and Yang Hailong also got up from the ground, and they wanted to go along with the curse.

Suddenly, a strange beast roar came from a distance, accompanied by the screams of men and women.

At this moment, Han Qianer's face also changed, and she finally knew why Xi Yue would leave suddenly.

She immediately ran toward Hexi's direction without thinking.

Hexi had found the trick to absorb spiritual power, so she was not afraid of flying, but Han Qianer now only had 1 spiritual healing pill left. Of course, she had to save a little.

For a time, only Chen Jiancheng and the other 2 remained on the spot.

They looked at each other, then looked at the distance in horror.

Chen Qiaoying whispered, "I... I seem to have heard the roar of the magical beast. Did someone encounter a rank 6 magical beast? Should we go and check it out? Or... or should we find a place to hide?"

Yang Hailong hurriedly said, "We have Ms. Han, the Gold Core Stage, here. I think we should hide."

Of course, Chen Jiancheng wanted to hide, but thinking of Xi Yue who was still alive, he felt anxious like a thorn on his back.

No, I must seize every opportunity to get rid of this hidden danger.

Thinking of this, he said solemnly, "Let's restore the spiritual power first, then we go and take a look."

After Chen Jiancheng finished speaking, he sat cross-legged on the ground.

Yang Hailong and Chen Qiaoying looked at each other and could only sit down.

However, before they sat for a quarter of an hour to meditate, the roar of the beast approached them quickly, accompanied by sharp screams.

Far away, the one rushing forward was the young man whom they hated.

The young man was in a pale blue shirt, and his black hair was fluttering in the wind. He flew in the air like an arrow.

When he saw the 3 sitting by the river, a cold, hurried voice came, "If you don't want to die, leave the stream immediately and stay away from the valley."

It was Xi Yue—!

All three of them stood up from the ground with ugly expressions.

Xi Yue was actually commanding them.

Chen Jiancheng was about to curse, but a beast roar caught their attention.

Chapter 1104: Black Death Bear

If she didn't hear the roar, she would almost think that what was following Xi Yue was a moving mountain.

Looking from the valley, only a huge black body and frantically dancing limbs could be seen.

The black hair and limbs were stained with blood, and one of the front paws was holding a human head.

It was not until the giant magical beast approached that Chen Qiaoying and the others discovered that this... this turned out to be a giant black bear.

Yang Hailong suddenly stared in horror, "This is black bear?!"

Black bear has always been the top in the magical beasts of the same rank. This black bear should at least be rank 6.

Rank 6 black bear, that is a magical beast that can even kill the Gold Core Stage with a slap!

Why are we in such bad luck?

No! It's not that we are in bad luck, but Xi Yue brought the magical beast over!

Chen Jiancheng cursed while running in horror, "Xi Yue, you bitch, you want to kill us all? If we are all dead, you will not end well too."

Hexi didn't even look at them while they were scolding.

She leaped into the valley and landed on the side of the stream. At the same time, the black bear also entered the valley.

Hexi's eyes flashed as she said sharply, "Wei Chengyuan, hurry up, now!"

Outside the valley, Wei Chengyuan soon appeared.

He, who had always been a gentleman, looked very embarrassed at the moment. His hair was scattered, his clothes were torn, and there were blood stains on his mouth.

But he seemed very calm.

As soon as Hexi spoke, he threw a few monster essence pills toward the valley.

Then he made a complicated gesture, and an ice spiritual power was launched at the black bear.

With a burst of tearing sound, a spiritual power wall rose up around the valley in an instant.

And the black bear was trapped in the spiritual power wall, and it roared furiously, shaking the entire valley.

Wei Chengyuan spat out a mouthful of blood, but he looked relieved.

Even so, he was only relieved for a moment, then he looked worry again.

At this time, many more examinees who participated in the trial followed one after another and landed beside Wei Chengyuan.

Someone saw the black bear trapped in the enchantment, and they were relieved from escaping death. They said in joy, "Wei Chengyuan, you are so amazing. You really trapped the black bear."

Wei Chengyuan wiped the blood from his mouth and looked at Hexi with a smile, "Xi Yue, thanks to you, if you didn't risk your life to lead the black bear away, I would never find a chance to form the gesture."

Hexi frowned, threw a medicinal pill to him, and she frowned and looked at the black bear that was going crazy in the formation.

Just now she was in this valley, she suddenly felt the powerful aura of a magical beast and smelled the blood, so she rushed to check it out.

Unexpectedly, she saw Wei Chengyuan and the others fighting against the black bear.

When Hexi arrived, these people had already suffered heavy losses. The ground was full of corpses.

Wei Chengyuan, the only combatant, was desperately rushing toward the black bear, trying to buy time for his teammates to run.

The black bear's paw that contained lightning power was about to slap Wei Chengyuan to death.

Chapter 1105: Change

The black bear was in pain. Its anger level rose from 7 to 10, and the hatred was all transferred to Hexi.

Without even thinking, Hexi withdrew her sword and ran.

At this moment, she heard Wei Chengyuan shouting behind her, "Xi Yue, take this black bear between the mountain walls, I will trap it with an enchantment!"

Hexi herself was not the opponent of this black bear, so there was the previous scene.

Now, the black bear was finally trapped, and all the surviving couldn't help but breathe a sigh of relief.

They counted the number, only to find sadly that there were not even 20 candidates left in the original 8 teams with more than 40 candidates.

The second team, the fourth team, and the fifth team were all dead.

For the other teams, except for the sixth team that was only affected at the end, most of the other teams were left with only 2-3 people.

In the end, there were only 15 people who were still standing there.

The black bear is just a magical beast, but it killed about 30 candidates. Even if it is a rank 6 magical beast, isn't this too unusual?

Hexi said her doubt.

Wei Chengyuan swallowed a medicinal pill and breathed a sigh of relief, "I don't know why either. This black bear is very fast, and it is especially targeting us."

Hexi frowned and said, "Devour martial artists? Didn't those people crush the inscribed jade slip when they were swallowed?"

A teammate beside Wei Chengyuan said with a pale face, "I... I tried to crush the inscribed jade slip when I saw Qi Hua was devoured, but... but no one came to help and I couldn't get out... "

"What?" Hexi's face became solemn.

She took out the inscribed jade slip and tried it. As expected, even if the spiritual power was injected, there was no response at all.

What exactly is going on?!

Wei Chengyuan's teammate's words made others echo, "I also tried to crush the inscribed jade slip, but it was useless."

"When our teammates died, we didn't hear any more reminders too."

"This... what the hell is going on? Have we been abandoned in this secret realm?"

"How could they possibly abandon us? Miracle Healer Academy's assessments have always been dangerous. Maybe this is a test of our ability?" Someone immediately retorted, "Isn't the black bear trapped now? Maybe this is just a new trial that the academy prepared?"

"That's right! Maybe whoever killed the black bear can become the top 1 of this year's entrance examination?"

"Brother Wei can trap the rank 6 black bear, he should of course be top 1 right?"

"I think that Xi Yue is also very powerful. He is obviously just at the Foundation Establishment stage, but the black bear couldn't even keep up with his speed!"

"Yeah, we even said that he was a trash before. It turns out that he has such power. If it weren't for him, we would have died in the hands of the black bear."

At this time, Chen Jiancheng and Chen Qiaoying also walked over with ugly faces when they heard everyone's comments.

Especially Chen Jiancheng, who heard them talking about Wei Chengyuan and Xi Yue as the top 1, was burning in his heart. He was completely ignored by everyone.

This kind of honor should belong to me!

I'm the top 1 of this batch; I should be the one who gets flattered by everyone!

Black bear, yes... as long as I kill the black bear, both my points and popularity among the candidates can be greatly improved.

Chapter 1106: Chaos

Thinking of this, Chen Jiancheng looked at the black bear that kept hitting and roaring in the enchantment, then his Divine Sense unconsciously touched a colorful flower in his storage bag.

This flower was called [five color liuyan], and it was rank 5 spiritual plant.

[Five color liuyan] had extremely terrifying toxin. Even the rank 6 magical beast would be poisoned to death. Chen Jiancheng accidentally found it in this [Illusive Forest]. He secretly put away the [five color liuyan] and planned to surprise Han Qianer and others on the same team when calculating the points.

But now, it was clear that this rank 6 black bear was more valuable than the [five color liuyan].

A mere rank 6 magical beast couldn't resist the toxin of the [five color liuyan] at all.

At that time, I will be the hero in everyone's eyes, the true top 1!

Chen Jiancheng thought so with a deep smile.

Another person, who was looking at the black bear without feeling relieved, was Hexi.

She looked at the black bear trapped in the enchantment with an uneasy feeling.

This black bear had at least the cultivation of the peak of rank 6. Hexi could see through people's cultivation, but she didn't know much about magical beasts, and now she couldn't contact Little Egg and the others.

Is this black bear really only rank 6?

Why is it chasing after the martial artists? Why does it want to devour the martial artists?

The inscribed jade slip originally used to survive has lost its effectiveness. Is it really just an academy assessment?

Hexi frowned. She got up and walked toward the top of a mountain silently.

===

At this time, the monitoring room of Miracle Healer Academy was in a mess.

Elder Qin said with a solemn face, "What's going on? Have you found Elder Li and Elder Huo yet?"

The boy in green clothes, who was calm in the square just now, said in a panic, "Because I didn't expect this to happen, I didn't notify the elders above the intermediate level of the Nascent Soul stage to standby at all. Elder Li and the others are either in retreat or looking for opportunity in the secret realm. They can't be contacted for a while."

Elder Qin glanced at the scene on the big recording stone, gritted his teeth and said, "If you really can't find Elder Li and the others, go and look for the dean or the branch dean. We definitely can't let all candidates die in the [Illusive Forest]. Otherwise, how do we explain to those families!"

The boy in green clothes hurriedly bowed after hearing the words, "Yes, I will immediately let people inform the dean and the major branch deans separately."

Seeing the boy in green clothes left hurriedly, Elder Qin still frowned with worry.

Elder Fu on the side said in a low voice, "Elder Qin, don't worry too much. The new student Wei Chengyuan does have some ability. He actually traps the black bear with enchantment. As long as they hold for a while, Nascent Soul elders will arrive and bring them out of the secret realm."

The Academy Student Council officers below all looked panicked.

At this time, their recording stones no longer work, and the only recording stone above those elders was flickering. It seemed very unstable.

Zhang Chong asked Cai Yu nervously, "Vice President, what happened? Why are so many people dead? Why are the life saving inscribed jade slips of the examinees can't be used?"

The King of Hell's Genius Pampered Wife

Chapter 1107: Is He Crazy?!

"Higher than Elder Qin?" Zhang Chong exclaimed, looking at the black bear in the image that kept hitting in the enchantment and making the mountains tremble, "You... you mean this black bear....."

Cai Yu nodded and said with a heavy voice, "This black bear had been sleeping underground for a few days, so we didn't know that it had slowly reached the perfect stage of rank 6. Now, it is about to advance. It devours the examinees because their cultivation and spiritual power are the best for it."

"Oh my God! The rank 7 magical beast! That is the top magical beast comparable to the intermediate level and later level of the Nascent Soul Stage!" Zhang Chong was full of astonishment. Looking at the candidates who were still talking and laughing in the image, he said in a trembling voice, "The most powerful of these candidates is only at the Gold Core Stage. Can they really trap this rank 7 magical beast? If this black bear gets out, wouldn't these examinees be all dead under its wrath?"

Cai Yu glanced at Wei Chengyuan who was meditating cross-legged, and he shook his head, "That's not necessary, this Wei Chengyuan isn't simple. I can't understand the enchantment he just cast. It doesn't look like a Gold Core Stage can master this enchantment at all."

"They don't need to trap the black bear for too long. Ah Qing (the boy in green clothes) will soon find the elders of the intermediate level of the Nascent Soul Stage back. As long as the elder arrives in time to regain control of the secret realm, these candidates will naturally be sent out safely."

Zhang Chong breathed a sigh of relief. When he was about to ask about the origin of Wei Chengyuan, his expression changed slightly, "Chen Jiancheng... he, what does he want to do?"

Cai Yu was startled, and he followed Zhang Chong's line of sight.

A figure sneaked quietly in the direction of the valley while everyone was not paying attention.

After he passed the boundary of the enchantment, he was drenched in sweat, but his sinister eager face was revealed.

At this time, Chen Jiancheng already had a colorful flower in his hand. His greedy and excited eyes fixed on the black bear that was roaring in anger.

Cai Yu and Zhang Chong looked at each other and shouted almost in unison, "Is this guy crazy?!"

The shouts of Cai Yu and Zhang Chong quickly attracted the attention of Elder Qin and the others.

After discovering Chen Jiancheng's actions in the video, all of them looked pale. They exuded uncontrollable anger and panic.

Cai Yu trembled, "He has [five color liuyan], which is a rank 5 poisonous flower. If this black bear is only rank 6, this [five color liuyan] can naturally poison it. But, this black bear has already begun to evolve to rank 7 seventh step...This [five color liuyan] may not only be unable to kill the black bear, but it will become a stepping stone for it to advance!"

At this moment, all the people in the monitoring room were shocked.

They could almost foresee the bloody and tragic scene in [Illusive Forest] after a while.

All examinees would die under the palms of the black bear.

At this time, the boy in green clothes, who finally found a branch dean, was rushing over desperately.

Chapter 1108: Heroic Figure

However, Chen Jiancheng didn't feel that he had done anything wrong. On the contrary, he was filled with excitement and pleasure when he thought of the scene where he was being watched for a while.

Soon, I will let Xi Yue and Wei Chengyuan know who is the real top 1.

The way to use [five color liuyan] was to use spiritual power to crush the flowers into juice, then inject it into the eyes, ears, mouth and nose of the black bear.

However, the rhizome of [five color liuyan] has a detoxification effect, so Chen Jiancheng had swallowed the rhizome long ago.

He crushed the flowers with hope and desire.

The fluctuation of spiritual power quickly attracted the attention of black bear.

With a loud roar, Chen Jiancheng's original excitement and determination turned into panic in an instant.

His legs were trembling, and he felt his pee leaked from his crotch uncontrollably.

The black bear had already rushed toward him with a stench now, accompanied by an angry roar.

Chen Jiancheng was really frightened. He screamed and launched the juice of [five color liuyan] at the black bear.

Then he escaped desperately.

"Roar~~~~~Roar~~~~~Roar~~~~~"

The huge roar that shook the sky suddenly resounded through the clouds, and the mountain that was trembling slightly suddenly shook even more.

Everyone who had just relaxed outside the valley was stunned by what happened before them.

Someone shouted, "What happened? Isn't the black bear trapped just now?"

Wei Chengyuan quickly threw a few monster essence pills into the enchantment while desperately channeling spiritual power.

"Puff—" Wei Chengyuan spouted a mouthful of blood, and his face became paler than paper.

However, the mountain that was about to collapse had finally stabilized at this time.

Everyone looked at the black bear in the enchantment in shock.

Only then did they discover that the black bear was bleeding from its eyes, ears, mouth and nose. It was rolling on the ground in pain.

Obviously, it was hurt by something.

"What... what's going on?"

"Is the black bear dying?"

"Who has such a great ability to kill a rank 6 magical beast?"

When everyone realized that the black bear was going to die, their panic turned into excitement.

This is a rank 6 magical beast, now it's dying?

Chen Jiancheng, who was scared witless, was overjoyed to see that the black bear was dying.

He swaggered out from behind the rock, adjusted his clothes, and said loudly, "It's a fluke that I can kill this black bear!"

"What?! It turns out to be Mister Chen?"

"Mister Chen, how did you do it?"

"Mister Chen is able to kill the black bear. You really deserve to be the top 1 of this year!"

Chen Jiancheng laughed and said, "Although I have a low level of cultivation, I still got the 1st place in the written assessment after all. I still have some medical skills. I can kill this black bear because I accidentally found a rank 5 spiritual plant [five color liuyan] in this [Illusive Forest]."

"Five color liuyan? You got the five color liuyan? That's a rank five spiritual plant that is extremely difficult to find."

"Haha, the poison of five color liuyan can kill all magical beasts below the rank 6. This black bear is dead today."

"Mister Chen is just at the Meridians Stage, but you can actually kill the rank 6 black bear. You are really a hero. You deserve to be the top 1!"

At this time, no one noticed that the black bear, whose eyes, ears, mouth and nose were bleeding, began to emit a faint beastkin power.

Chapter 1109: Absolutely Impossible

He squinted around, but he did not find Xi Yue. He could only look at Wei Chengyuan provocatively.

Hmph, so what if Wei Chengyuan trapped the black bear, it's me who killed the black bear. It will be me who get the points in the end.

The top 1 position, who else can get it except me?

As for that bitch Xi Yue, as long as I kill the rank 6 magical beast, who else will believe in Xi Yue's words who is a Foundation Establishment stage.

Hahaha-!

Thinking of this, Chen Jiancheng couldn't help but smile smugly.

But the next moment, everyone heard a loud rumbling noise from the direction of the valley.

The broken wall above the entire valley seemed to collapse like tofu blocks.

At the bottom of the mountain, the enchantment that was at the brink of collapse couldn't hold it anymore.

The falling boulders made a rattling sound as they rolled in all directions.

In the flying dust, the red eyes of the black bear and the huge head stained with blood were revealed.

With the earth-shattering roar, it was as if the scythe of the Death was about to cut off the students.

"Thump-" The timid person had fallen to the ground uncontrollably, shivering.

There were also girls who held their heads and screamed, "Help—! Help—!"

Some sensible people asked loudly, "What's going on? Wasn't it poisoned to death by five color liuyan?"

"Chen Jiancheng, what did you do to the black bear?!"

Chen Jiancheng's eyes were full of horror and disbelief. He murmured, "Is this possible? Impossible! How does it survive five color liuyan? This is absolutely impossible!"

Chen Qiaoying's eyes were full of despair and fear. She looked at Wei Chengyuan and Chen Jiancheng with hopes, "You... you guys must have a way to subdue this black bear, right? I don't want to die! I still want to pass the assessment. There are so many things I want to do, I don't want to die here!"

"I don't want to die either!"

"Hurry up and think of a way!"

Wei Chengyuan's face was as pale as paper. There were bloodstains on his mouth. He couldn't even stand firm anymore.

He shook his head and said, "I have no way to trap the black bear the second time."

Wei Chengyuan's words sent everyone into despair.

They suddenly remembered that if it wasn't for Chen Jiancheng, if Chen Jiancheng hadn't used five color liuyan on the black bear, maybe the black bear would still be trapped in the enchantment. At least, they would be safe for a short time.

Chen Qiaoying suddenly screamed at Chen Jiancheng, "What kind of top 1 are you! If you are the top 1, go and kill this black bear now. I don't want to die, I really don't want to die!"

"Puff—!" With a sound, a strong smell of blood permeated the air.

Chen Qiaoying widened her eyes in horror, looking at the dark red tongue pierced from her chest.

The tongue was stained with her blood, and her pumping heart was rolled by the tongue.

With a snapping sound, Chen Qiaoying's entire body was cut in half and fell to the ground.

The heart and dantian were sent into the black bear's mouth by the dark red tongue. It swallowed without even taking a bite.

The black bear let out a roar of pleasure, and the scarlet eyes were full of greedy appetite and bloodthirsty tyranny.

In front of these weak creatures that made it painful and enclosed it tightly, it must devour them one by one.

Chapter 1110: The Courage to Survive

The candidates let out a shrill scream and ran desperately to the rear.

However, the strength of the black bear that came out of the formation seemed to be much higher than before.

It was not slow in the first place, but now it became even faster.

The scarlet tongue could take away one's heart and dantian in one strike.

The valley was filled with the horrifying smell of blood as well as horrifying screams.

Han Qianer, who was running away, suddenly stopped and pounced toward the black bear, "It's better to fight with this beast than to run away and wait for my death!"

Han Qianer had always refused to admit defeat since she was a child. She never allowed herself to admit defeat.

Even if this black bear was a rank 6 magical beast whose strength was far higher than her; even if she was destined to die in the mouth of the black bear, she would not allow herself to back down.

Wei Chengyuan stopped and said solemnly, "Miss Han is right. The black bear is very fast now, and it recognizes our smell. Even if we run away, we will still die at its hands. Instead of waiting for our death, why don't we join forces and fight."

Of the 15 people, there were only 13 left, but there were a few Gold Core Stage among them.

Everyone stopped when they heard the words, staring straight at Han Qianer with sharp gaze.

Their eyes were full of hope, hoping that Han Qianer would be as powerful as people said; hoping that Han Qianer could at least wound the black bear. That way they at least had the courage to survive.

However, the reality quickly gave them a big slap in the face.

Han Qianer's sword tip landed on the black bear's fur, making a "ding" sound.

The flying sword made of fine steel was bent. It didn't even hurt the black bear a single bit.

The black bear roared wildly, and it caught Han Qianer in its palm.

Han Qianer's face turned pale. Fear and despair finally appeared in her always cold eyes.

The candidates below saw the scene and screamed in horror.

Some timid girls even closed their eyes, unable to stop the tears of fear and despair.

The black bear's tongue stuck out and rolled toward Han Qianer. The joy of devouring the strength of another one made its scarlet eyes glow.

However, just when the black bear's tongue was about to touch Han Qianer, a fierce purple light whistled.

With a piercing sound, the dark red tongue of the black bear was pierced by the purple light.

The severe pain caused the black bear to let out an angry roar, and it instinctively let go of Han Qianer.

Han Qianer fell straight from the air. She was shivering in fear until she forgot to use spiritual power to slow down the descent.

Seeing that she was about to fall to the ground, a figure suddenly appeared in the air, caught Han Qianer firmly, and then landed firmly on the ground.

Han Qianer was shocked for a while. When she looked clearly, she said in a hoarse voice, "Xi Yue, you... you saved me?"

The young man had a delicate face and unparalleled facial features. Who else could it be if it wasn't Xi Yue?

Hexi let go of her, stood up, turned to look at the black bear that was covering its mouth and howling, and said solemnly, "Wei Chengyuan, didn't you trap it? What's going on?"

Wei Chengyuan took a breath and said in a hoarse voice, "I don't know what happened. Chen Jiancheng fed it with five color liuyan. We thought it was going to die, but who knows, it suddenly went mad and even broke the enchantment."
