#### Chapter 1121: Nonsense

“What... what does this mean?” Someone shouted excitedly, “Could it be that, except for these 10 people, everyone else died?”

Elder Qin sighed softly and said, “This is not what we want either.”

In the square, some people cried in pain and some people cursed angrily.

But they didn't dare to scold the academy, so they could only scold God for letting the most outstanding genius in their family die here.

Elder Qin lowered his eyes and looked sad, but he was completely indifferent to it.

Anyway, most of the candidates who died were just insignificant people with no family background. As long as the several descendants of the Feng Family, Han Family and Xia Family were safe and sound, it would be enough

The 10 surviving candidates slowly walked out of the teleportation array. All of them had exhausted spiritual power and were covered in scars. They did not have the joy of surviving the crisis, except for Chen Jiancheng.

Wei Chengyuan just took 2 steps, then his arm was suddenly pulled, “Wei Chengyuan, where is my young master?”

Wei Chengyuan raised his head and immediately saw Bai Hu's anxious face.

He thought of the amazingly talented young man and the way he fought with the black bear, and he felt a heartache suddenly, “I'm sorry, I... I didn't protect him well.”

“What do you mean by that?!” Bai Hu's voice suddenly became sharp and fierce, “Where is my young master?”

A Gold Core Stage young man standing behind Wei Chengyuan said hoarsely with red eyes, “Are you talking about Xi Yue? Xi Yue... Xi Yue is dead!”

“Impossible—!!” 3 unanimous voices sounded with complete unquestionable determination, “Don't talk nonsense!”

Both Qing Luan and Bai Hu glared at the young man, and even Gu Liufeng's eyes were full of coldness intent.

The boy was startled, but he wiped his tears and whispered, “It's true. We saw it with our own eyes that Xi Yue... Xi Yue was swallowed by the black bear.”

The other person bit his lip and said, “We... we saw it too. Xi Yue was always at the forefront. Thanks to him, we were able to survive until the teleportation array opened. But Xi Yue...”

Gu Liufeng clenched his hands into fists, but his peach blossom eyes seemed to be dyed red by scarlet flames, "Have you seen Xi Yue's body with your own eyes?"

"This..." Wei Chengyuan froze for a moment, then he shook his head.

"But he was swallowed by the black bear, how could he survive?"

Gu Liufeng sneered and said viciously, "As long as I don't see Xi Yue's body, I will never believe that he is dead!"

"Yes, how could young master die so easily?"

Qing Luan's red eyes widened, staring at the teleportation array as if just looking at it like this, her Miss would appear.

The place where Elder Qin and the boy in green clothes were located was not far from Bai Hu and others, so he naturally heard their conversation.

He suddenly let out a low cough, attracting everyone's attention, then he said loudly, "[Illusive Forest] has been greatly damaged due to the appearance of rank 7 magical beast. Therefore, the academy decided to close the secret realm in advance. This is also to prevent the black bear from running out of the secret realm and wreak havoc in the academy."

#### **Chapter 1122: Close the Teleportation Array**

After speaking, he waved at the boy in green clothes, "Ah Qing, prepare to take the crystal stone and close the teleportation array."

The boy in green clothes bowed and said, "Yes!"

"Who dares to close the teleportation array?!" The icy voice sounded with a cold anger.

Gu Liufeng and Bai Hu spoke in unison.

They took a step forward and stood in front of the 6th group's teleportation array, looking at the boy in green clothes with cold and murderous eyes.

The boy in green clothes frowned, "What do you guys want to do? Do you want to be the enemy of Miracle Healer Academy?"

Bai Hu said solemnly, "My young master will never die so easily. The teleportation array cannot be closed. He will definitely come out."

Qing Luan also walked quickly to Bai Hu and Gu Liufeng's side and said in a hoarse voice, "Everyone who is alive here didn't see the corpse of our young master, and I have confirmed that young master's authenticating object isn't here. So, our young master must be still alive."

"My God, still alive after being swallowed by the black bear? Are they still dreaming!"

"Not to mention that Xi Yue only has a Foundation Establishment stage, right? I'm afraid that even if he wasn't eaten by the black bear, he is already dead by now!"

“I think Xi Yue’s subordinates are too sad that they have gone crazy!”

The onlookers pointed at them and whispered.

The family members and subordinates of these examinees were sad when they learned that the people they were waiting for had died, but they were already mentally prepared.

Miracle Healer Academy’s entrance examination had casualties every year. This year’s examinees just happened to encounter the rank 7 magical beast.

Wei Chengyuan also suddenly reacted at this time, took a step forward, looked at Elder Qin and said nervously, “Elder Qin, didn’t you say that if every candidate dies, the corresponding recording stone will shatter right? Then is Xi Yue’s recording stone shatter?”

Elder Qin was stunned for a moment. Naturally, he didn’t notice such details, so he looked at the boy in green clothes beside him.

the boy in green clothes hurriedly ordered someone to fetch Xi Yue’s recording stone.

After a while, a few young men came out from behind the enchantment of the academy. They were the members of the Academy Student Council who were in charge of invigilating the exam.

Among them were Vice President Cai Yu, who was monitoring Hexi, and Zhang Chong, who was monitoring Chen Jiancheng.

Cai Yu took out the recording in his hand and handed it to Elder Qin.

The gray stone had faint cracks on it. Obviously, it could not be activated.

However, it was different from the examinees who were dead because their recording stones were directly shattered.

Elder Qin frowned and said, “What’s going on?”

Cai Yu shook his head and said, “I don’t know either, but after Xi Yue was swallowed by the black bear, the recording stone had a crack.”

Elder Qin immediately said, “It’s already obvious, this recording stone should have some flaws, so it didn’t shatter. But Xi Yue is definitely dead. Otherwise, the control of the secret realm has been taken back, why can’t the recording stone be activated?”

With that said, he waved to the boy in green clothes beside him and said, “Go close the teleportation array!”

“Wait a minute!” Wei Chengyuan hurriedly stopped the boy in green clothes, and he said with a sullen face, “Elder Qin, we really didn’t see Xi Yue’s corpse with our own eyes, and there was no Xi Yue’s body in the teleported body corpses. Since the recording stone is not broken, it means that Xi Yue is really still alive? Even if you can’t send someone into the secret realm to save her, you should at least wait a while before closing the teleportation array, right?”

[\*\*The King of Hell's Genius Pampered Wife\*\*](#)

**Chapter 1123: Object**

Elder Qin sneered, “Ah Qing, get them all out of the square. Anyone who dares to interfere with the academy’s affairs will be the enemy of the entire Miracle Healer Academy. Wei Chengyuan, think about it clearly. For a mere Xi Yue, can you afford to take the responsibility?”

Wei Chengyuan’s face became ugly. His pale lips trembled slightly, and his voice was deep like water, “Elder Qin, don’t forget, there is still half an hour before the assessment ends. Moreover, in the past, the teleportation array will only be closed after the assessment ends for 1 hour. I have never heard that it will be closed early!”

“Even if rank 7 black bear is powerful, but now that Branch Dean Ceng is in charge, we don’t have to be afraid of the black bear at all. Why did Elder Qin insist on closing the teleportation array in advance? What if Xi Yue is really still alive? Could it be that Elder Qin wants Xi Yue to die in there??”

Wei Chengyuan’s words were extremely straightforward, and he said them in front of so many people in the square.

This made Elder Qin’s face extremely ugly.

He looked at Wei Chengyuan coldly, “What do you mean? So many people saw that Xi Yue being swallowed by a black bear, how could he still be alive?”

Before Elder Qin could finish his words, a woman with a haggard face suddenly appeared out of the 10 survivors, “I also think that the teleportation array cannot be closed, maybe Xi Yue can really escape from death!”

– It was Han Qianer!

The eldest lady of the Han Family, Han Qianer, who is famous for being cold and arrogant, actually speaks for Xi Yue?

There was an uproar in the square, and Elder Qin’s already ugly face became even more distorted at this time.

Immediately afterward, the second and third people came out.

“Xi Yue took the risk to contain the black bear for us. Even if there is only a slight possibility, we hope he can survive.”

“That’s right, as Gold Core Stage, we are ashamed of not being able to help Xi Yue when dealing with the black bear. Elder Qin, just wait a little longer before closing the teleportation array!”

“Without Xi Yue, all of us would have died long ago!”

Almost everyone who came out of the [Illusive Forest] secret realm stood in front of the teleportation array together with Wei Chengyuan and Han Qianer.

They looked haggard and their spiritual power was exhausted, but their eyes were extremely determined.

Elder Qin looked back and forth at them with dark eyes.

He thought it was an easy thing, but he didn’t expect so many people to object.

Who the hell is this Xi Yue? He is just a Foundation Establishment stage, why are there so many people of the Gold Core Stage speaking up for him?

The more it is like this, the more I can't let him live.

"Xi Yue was swallowed by the black bear! How could he still survive!"

Just as the 2 sides were at a stalemate, Chen Jiancheng's sharp voice suddenly came from the side, "The black bear is so powerful. Just to wait for the long dead Xi Yue, you want to keep the teleportation array open? What if the black bear comes out? Have you all thought about it?"

As soon as Chen Jiancheng said this, everyone's eyes were focused on him.

Many people's eyes were very strange. Out of 10 people, 9 of them were speaking up for Xi Yue, hoping that Xi Yue would survive.

But only Chen Jiancheng seemed to want Xi Yue to die.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1124: Torment of Life and Death**

However, Elder Qin agreed with Chen Jiancheng's words and smiled at him, "Mister Chen is worthy of being the top 1 of the written assessment. You know how to judge the situation better than others. What our academy needs is exactly talent like Mister Chen."

Chen Jiancheng was overjoyed when he heard this, and a smug smile appeared on his greasy face.

And the other few surviving examinees became anxious.

Except for Wei Chengyuan and Han Qianer, all of them were eager to enter the Miracle Healer Academy. Now they had finally survived from the secret realm, if they left a bad impression on the elders in charge, wouldn't they be disqualified?!

Seeing that none of them dared to speak anymore, Elder Qin secretly sneered. He looked at Wei Chengyuan and Han Qianer and said, "What you said is true, but I'm also responsible for the ordinary people in this square, so I'll give you the time of an incense. After 1 incense, if Xi Yue hasn't come out yet, it means he's really dead. The teleportation array must be closed, is that fine!?"

An incense!

Bai Hu, Gu Liufeng, Qing Luan and Wei Chengyuan all looked at the sixth group's teleportation array.

Although what they said just now was justifiable, at this moment, their hearts were filled with unease.

Being swallowed by rank 7 black bear, can she really survive?

Gu Liufeng closed his eyes, suppressing the fear and panic in his heart.

Qing Luan's eyes were red, and his hands were tightly gripping the silk handkerchief in her hands.

Bai Hu lowered his head and looked at the light green inscribed jade slip in his hand.

If master knows that the princess might be dead, I... I really couldn't imagine what would happen.

===

At this time, Hexi, who was missed by everyone, was also experiencing the torment of life and death.

As soon as she was swallowed by the black bear, she felt that something was wrong.

However, the force behind her was very strong, especially the second force, so she couldn't react before the black bear closed its mouth.

Who is so vicious to attack me at such a time?!

Almost as soon as the giant bear's mouth closed, Hexi summoned Purple Abyss Vine.

The purple vines formed into a ball, instantly wrapping her entire body.

In the sphere formed by Purple Abyss Vine, she felt her body keep sliding.

She didn't know where she was. In the end, she landed in a hot liquid.

Hexi inside the Purple Abyss Vine could feel that the purple vines and leaves were being corroded bit by bit.

If it goes on like this, in less than a minute, I will be completely digested by the black bear along with Purple Abyss Vine.

Am I really gonna die here?

And let the person who harmed me succeed?

No! Absolutely not!

There was a persistent determination in Hexi's eyes, and she suddenly let Purple Abyss Vine spread out.

She suddenly released a powerful ice spiritual power.

The ice spiritual power spread out, quickly dissipating a lot of the scorching breath in the giant bear's stomach.

However, as soon as Hexi's skin came into contact with the giant bear's gastric juice, she still felt a biting pain.

She lowered her head and looked at her arm.

The skin that was originally lustrous and jade-like seemed to have small holes at this time. Her flesh was also badly corroded.

Her face, neck and even nose were being corroded too.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1125: What to Do**

But Hexi only had a strong desire to survive at this moment.

A long sword transfigured in her hand, and she attacked the stomach wall.

However, before the tip of the sword touched the stomach wall, it was quickly melted away.

Around the stomach wall, there seems to be an extremely special spiritual power film attached, so that the prey that had been swallowed in the stomach had no way to resist. It could only wait to be digested.

The burning pain came all over her body, making her want to moan and groan in pain; she couldn't think clearly at all.

She felt more and more tired, more and more eager to sleep forever.

"Mom! Mom! Don't die! Wuuu..."

Suddenly, Little Egg's heart-wrenching cry sounded in her ear, "Mom, you said you would never leave Little Egg alone, you said it!"

Hexi opened her eyes abruptly. Blood dripped from her face, and it hurt her to her core, but it also woke her up.

Now the little ones like Little Egg are locked in the void and can't get out, but if I die, Little Egg will turn into a giant egg and fall asleep again, and Little Golden Dragon, Xiao Li and Little Dumb Cow will all become food for the black bear.

Moreover, Xiao Chi is also in the void. I have been sorry for him all her life. I promised to take good care of him in this life and let him grow up safely and happily.

Even if I don't care about my own life or death, I absolutely can't let these little guys die with me.

Hexi opened his mouth, and her hoarse voice sounded in the stinking and hot airtight space, "Little Golden Dragon, you were once a high-level magical beast. Tell me, what else can I do to escape from this?"

"Boss—!" Little Golden Dragon's voice burst into tears, "Boss, hold on! We have a way to escape, there must be a way. Think, think!"

"Right, monster essence pill!" Little Golden Dragon suddenly jumped 3 feet high in the void and said loudly, "Boss, monster essence pill is in the dantian of monsters, which is the foundation of their lives and the source of their strength. As long as you can devour the monster essence pill, you can escape out of it!"

"Devouring the monster essence pill?" Hexi's voice became even more hoarse, but she was looking forward to it, "How can I swallow the monster essence pill?"

"Boss, have you forgotten? In the Maha Inheritance you got from the Purple Golden Palace, there is a chapter dedicated to how to devour monster essence pill, gold core and Nascent Soul. Although monster essence pill is different from the spiritual power system of human cultivation, even if you devour a monster essence pill, you can convert its power for your own use. However, this black bear will surely die. In that way, we will all be saved!"

"Cough cough..." Because Hexi spoke, and the corrosive stench entered her throat, making her lose the ability to speak, "How to... leave... to get to the monster essence pill..."

Little Golden Dragon froze immediately after hearing the words, and he hurriedly wandered around the void, "All the internal organs of the black bear are protected by spiritual power membrane, boss can't get to the monster essence pill at all. What to do... what to do... boss can't even last 10 minutes!"

"Sister... Sister!" In the void, Xiao Chi who was standing beside the spirit spring suddenly said, "Sister, I... I don't want sister to die... I help... help sister..."

"Please... help... sister... for me!"

#### **Chapter 1126: Wood Source**

The young man's clear voice had sincerity, anxiety, and crystal clarity. He murmured to himself at the beginning until he shouted in the end.

His voice caught the eyes of Little Egg, Xiao Li and Little Golden Dragon.

The next moment, these little guys were stunned.

From Xiao Chi's dantian, green light appeared and surged toward the top of the void.

Little Golden Dragon's eyes widened, and he exclaimed, "My God, it is the wood source!"

And Hexi, who was in the stomach wall of the black bear, had already felt that her strength was fading.

Not only her skin, but even her internal organs gradually corroded due to breathing. She gradually lost her sight.

All 5 senses were lost, vitality was lost, and even spiritual power was completely exhausted.

But suddenly, she felt a powerful force pouring into her body.

Immediately afterward, the eyes that had been completely blind could suddenly see, and the internal organs and dantian, which had been gradually corroded, were restored to their original state.

Although her skin was still corroded with scorching pain, her power had returned.

Moreover, at the moment of life and death, she already sensed the position of the monster essence pill.

Hexi opened her eyes abruptly, flicked her wrist, and Li Shui Sword appeared in her scarred palm.

Spiritual power membrane of the rank 7 magical beast?

Since single water spiritual power and fire spiritual power cannot deal with it, what if I use the 5 elements spiritual power?

The surging spiritual power flowed from the dantian to the meridians of the whole body, and it finally gathered on the Li Shui Sword.

The Li Shui Sword, which was originally only suitable for the dual attributes of water and fire, shone in colorful brilliant at this moment. Coupled with the corrosive mucus in the stomach wall of the giant bear, it made a sizzling sound as if the Li Shui Sword was being re-forged.

"Boom—" A powerful spiritual power hit the giant bear's stomach wall.

In [Illusive Forest], the black bear let out a painful roar as it rolled on the ground in pain.

The sudden change caused the only officer of the Academy Student Council who stayed in the monitoring room to check the situation in the [Illusive Forest]. His eyes widened in shock.

Wasn't this black bear alright just now? What happened all of a sudden?

In the image of the recording stone, the black bear's expression became more and more painful, and its cry became more and more miserable and angry.

Moreover, the flesh and fur on his body kept growing and shrinking at a speed visible to the naked eye...

All the boulders and trees next to the black bear collapsed under its impact, and some low-level magical beasts fled wildly to the edge of the Illusive Forest.

The officer was about to turn around and report the situation to the elders.

However, just as he turned around, he suddenly heard a loud bang.

When he turned around again, he could only see that the giant recording stone had completely shattered!

===

The time for an incense quickly passed, but there was still no movement in the direction of the sixth group of teleportation array.

Chen Jiancheng looked at Wei Chengyuan and Han Qianer's anxious and irritable, and his eyes were full of irresistible pleasure.

That bitch, Xi Yue, stole my limelight again and again; he made me fall from heaven to hell; he even won the favor of Miss Han.

But so what?

Isn't he dead now? I pushed him into the bear's mouth, not even a piece of him left. Hahaha!

#### **Chapter 1127: Never Compromise**

In the silent square, the boy in green clothes suddenly stood up and said, "The time is up, prepare to close the teleportation array now!"

As soon as he finished speaking, Cai Yu and the other members of the Academy Student Council were the first to walk over and quickly cut off the crystal stone's energy connection to the teleportation array.

The first teleportation array was closed, the second teleportation array was closed...

When Cai Yu and the others wanted to cut off the crystal stone energy of the sixth teleportation array, a sword light flashed and brushed past Cai Yu's cheek.

Gu Liufeng's eyes exuded evil murderous intent through the mask. He looked at Cai Yu coldly, "Who dares to touch this teleportation array!"

Bai Hu and Qing Luan also walked quickly to the sixth teleportation array with fierce faces.

Bai Hu even tried to enter the teleportation array, wanting to enter the Illusive Forest to save Hexi, but without the inscribed jade slip, the teleportation array would naturally not activate.

Even Wei Chengyuan and Han Qianer came over and guarded the other direction of the teleportation array.

Although they did not speak, everyone's expressions expressed their determination to never compromise and retreat.

Cai Yu looked at them with a complicated expression.

Xi Yue, is he really a villain?

If Xi Yue is really some kind of insidious and selfish villain, how can these people protect him like this? Even for his little hope of survival, they don't even care about their own future and life!

Especially Wei Chengyuan and Han Qianer, I'm sure that they didn't know Xi Yue before the assessment.

So what's the magic of Xi Yue? What makes them treat him like that?

Ren Xueling said that Xi Yue is a despicable and shameless villain, is this... is it completely true?

Cai Yu was entangled in his heart, but Elder Qin stepped forward and sneered, "What do you think this place is? Do you think we will tolerate your lawlessness and wanton behavior?"

As soon as he spoke, a powerful spirit pressure suddenly released from him.

The coercion of Nascent Soul Stage made Gu Liufeng, Bai Hu and others look ugly; Wei Chengyuan even bled from his mouth.

He was seriously injured in the secret realm just now, and now his strength was exhausted. How could he withstand the spirit pressure of Elder Qin?

However, his expression was calm. He squatted on the ground while clenching his teeth, blocking those Academy Student Council's members who wanted to rush over to take the crystal stone. He would not give in a single step.

Bai Hu's spiritual power suddenly skyrocketed, and he spouted blood, but he didn't seem to notice. He stepped forward and said fiercely, "Let us go into the secret realm to find young master!"

"Are you dreaming?" The boy in green clothes sneered. He didn't put these Gold Core Stage boys into his eyes at all.

However, Bai Hu slowly sneered as he took out a faint green inscribed jade slip.

After inputting a little bit of spiritual power, the totem of Azure Dragon, White Tiger, Vermilion Bird and Black Tortoise appeared.

Bai Hu raised his voice abruptly, "This totem, I'm sure everyone here will recognize it. Mr. Xi is the life-saving person of my master. Master once told us to ensure the safety of Mr. Xi. If someone dares to

harm Mr. Xi and I can't deal with it, as long as I activate this inscribed jade slip, master will come even if he is thousands of miles away."

"At that time, I don't know what my master will do in the end!"

Everyone present stared at this totem in shock.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1128: Kill**

King of Hell Nangong Yu's 4 mythical beast totem, no one, in this Miluo Continent, would not recognize it.

Nascent Soul Stage, who was only 20 years old, had never met an opponent or lost after advancing to the Nascent Soul Stage.

Even in a place where talents gathered like the Miracle Healer Academy, it had to admit that not a single elite student of the Miracle Healer Academy was comparable to King of Hell Nangong Yu.

As for Elder Qin, he was not worried about the strength of Nangong Yu. The junior who has just been promoted to the Nascent Soul Stage for a few years, no matter how powerful he is, can he be more powerful than the deans and elders in the Miracle Healer Academy?

However, Nangong Yu not only has his outstanding talent and strength, he also has a background that I cannot touch.

I indeed heard rumors that Nangong Yu and Xi Yue were very close.

If Xi Yue is dead, and Nangong Yu really fights against the academy because of me, that is really a trouble!

Elder Qin frowned deeply. A hint of malicious intent flashed in his eyes.

If I don't want to let Xi Yue live and provoke Nangong Yu, then there is only 1 way.

Before this young man activates the inscribed jade slip, I have to kill them all.

Hehe, as long as they are all dead, even if Nangong Yu knows about Xi Yue's death, it will be a long time ago.

By the time, the academy will refuse to admit killing Xi Yue, so what can Nangong Yu do?

Thinking of this, a killing intent flashed in Elder Qin's eyes, and a sword aura was transfigured in his hand, and it was launched toward Bai Hu's hand holding the inscribed jade slip.

Bai Hu had a premonition that something was wrong from the moment Elder Qin's eyes flashed, so he quickly retreated.

The sword aura brushed past his body, ripping through his shirt and letting the inscribed jade slip in his hand fall to the ground.

When Bai Hu was about to pick it up, the boy in green clothes attacked him with a long sword.

Elder Qin shouted, “Everyone who is affiliated with the Miracle Healer Academy, listen. The teleportation array is closed to ensure the safety of everyone present, including the citizens of Miracle Healer City. These people are trying to hinder the Miracle Healer Academy and endanger the safety of Miracle Healer City. These are really ulterior motives. Now, as the elder of the Miracle Healer Academy, I order you to arrest them. If there is any resistance, kill them!”

“Yes-!”

As soon as this order came out, the square suddenly became a mess.

A total of more than a dozen Academy Student Council’s members in charge of invigilating the assessment came out this time. All of them were elite students of the Gold Core Stage.

Coupled with the boy in green clothes and the Miracle Healer Academy’s members, Bai Hu and the others soon fell into crisis.

Han Qianer and Wei Chengyuan didn’t receive fatal attack, but they consumed a lot in the Illusive Forest, so they couldn’t defend the crystal stone of the teleportation array.

Elder Qin saw that a dozen of Gold Core Stages actually couldn’t deal with Gu Liufeng and Bai Hu.

He snorted coldly, and his killing intent was even greater. He flicked his wrist, and a slender sword was launched toward Bai Hu suddenly.

“Bang——” With a loud noise, Bai Hu was knocked back again and again, and he spat out a mouthful of blood.

This sword strike had no trick, but it contained 80% of the Nascent Soul Stage’s power. How could he resist?

As a result, his defense was obviously breached.

Cai Yu, who was fighting against him, was stunned, then he took a step forward and slashed at the crystal stone.

### **[The King of Hell's Genius Pampered Wife](#)**

#### **Chapter 1129: Return Of The King**

Just as Cai Yu’s sword lifted, a blinding white light suddenly radiated from the center of the teleportation array.

Immediately afterward, the entire teleportation array seemed to be twisted.

All the people fighting stopped in shock and looked at the center of the teleportation array.

After a while, a strong and pungent bloody smell, mixed with a rancid smell, rushed to their faces.

Immediately afterward, a figure slowly appeared in the teleportation array.

The killing intent revealed shocked everyone present!

The appearance of the person was in an indescribable bad state.

The clothes were all tattered, and the clothes on arms and calves were already rotten, revealing the vague snow-white skin.

The hair was also loose, and it hair was covered with disgusting flesh and mysterious objects.

There were traces or strips of bloody minced meat.

But all this was not the most shocking to everyone present.

What shocked them the most was that when the young man raised his head, his clear eyes slowly swept across the crowd, and a strong cold aura filled the air, causing everyone present, including Elder Qin, to shiver.

Just like the return of the king, the ministers bow down!

They had a terrifying urge to kneel to this young man!

The time and space on the square seemed to freeze at this moment.

Suddenly, the young man raised his sword and swiped lightly in the left direction.

The sword that exuded a peculiar multicolored light just swiped lightly, then a powerful sword light to the side.

“Ah—!” Someone let out a shrill scream as he was knocked to the ground by the sword light.

It turned out that elder Qin’s subordinate wanted to attack Qing Luan while she was not prepared.

Qing Luan snapped back to her senses and fixed her eyes fixed on the dirty and messy boy.

Slowly, the anxiety, longing, and anticipation in her eyes all turned into the joy after surviving death.

“Woa—! Young Master, you’re still alive!” Qing Luan suddenly jumped into Hexi’s arms, and this woman, who had always been cold, started crying in front of everyone, “Young Master, you are really alive! It’s great! Really great!”

Bai Hu spat out a mouthful of blood, but there was no pain on his face. Instead, he was full of excitement. He couldn’t help grabbing Gu Liufeng’s shoulder and shouting, “See, I told you my young master won’t die like that. They are really stupid to say that he was dead! Just a black bear, how can it kill young master! I knew it! I knew it all along!”

Bai Hu was exerting too much force on Gu Liufeng’s shoulder, but he didn’t seem to notice. He closed his eyes to hide the sourness and scorching heat in them. He opened them after a while and said hoarsely, “En, Xi Yue won’t die of course!”

She is the only master I swear allegiance to!

She is the one who will one day stand on the top of all the powerhouses!

Of course, she won’t die!

Hexi shoved Qing Luan who was hanging on her and said in helpless and touched, “Okay, Qing Luan, my body is full of flesh and blood. Don’t you think it’s dirty.”

Qing Luan was crying and laughing, not caring at all about the flesh and stench on Hexi's body. She just kept checking Hexi's body and choked up, "Young Master, are you really okay? They all say you were swallowed by a black bear. Did you get hurt after being swallowed? Did you feel any discomfort?"

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1130: Indigestion**

Hexi smiled slightly, and she cast water spiritual power to wash her body.

Soon, the flesh and bloodstains on her hair were washed away, revealing her white skin.

There was no damage or scar on her skin. Under the sunlight, it was even more moist and delicate with a clear luster, which stunned everyone.

Even Lu Zhixi, known as the number one beauty in Miracle Healer Academy, doesn't have such an outstanding skin, right?

There were also those beautiful phoenix eyes, delicate facial features and slender figure. At this moment, many talents had discovered that the appearance of the young man in front was actually more delicate and beautiful than a woman. It wasn't an exaggeration to say that he looked peerless.

Wei Chengyuan suddenly came back to his senses, and he found that he was staring at Xi Yue in a daze. He only felt his cheeks get hot, and even his heartbeat seemed to be a little irregular.

However, he quickly regained his senses, stepped forward and said hoarsely, "Xi Yue, it's great that you're still alive!"

Saying that, he wanted to put his hand on Hexi's shoulder.

However, Hexi's clothes were in tatters at this time. Although she didn't reveal her body, the sleeves on her arms were corroded long ago.

Looking at the snow white slender arm, Wei Chengyuan could put his hand on it.

Qing Luan hurriedly stepped forward and pushed Wei Chengyuan away, quickly took out a coat from the storage ring and put it on Hexi.

I'm too sloppy! Almost let other men take advantage of princess!

If master knows about this, wouldn't he kill this man?

Hexi didn't notice this. She put on the clothes and looked around. Seeing this chaotic scene, she guessed what just happened, and she sneered.

"Impossible! It's impossible!" Chen Jiancheng suddenly screamed, "You... how did you come out? You were obviously eaten by the black bear, how could you survive?"

Elder Qin looked at Hexi with an extremely ugly expression.

He wanted to use the easiest way to get rid of Xi Yue, but he didn't expect that Xi Yue would come out alive in such a mortal situation.

In particular, Xi Yue at this time obviously only had the Foundation Establishment stage, but he had a strange feeling that he couldn't see her depth.

This made Elder Qin's fear of this young man even stronger.

He stared at Hexi coldly, and he suddenly said solemnly, "Xi Yue, the students who came out of the secret realm said that you were eaten by the black bear? So how did you come out?"

Hexi said lightly, "I don't know what happened. I just remember that someone pushed me behind my back, then I was inside the black bear. At that time, I thought I was going to die, but the black bear actually self-exploded. So, I'm out."

"Self-exploded?" Elder Qin widened his eyes and said in disbelief, "Why did the black bear blew itself up?"

"I don't know about this." Hexi raised his mouth and half smiled, "Maybe that black bear ate too much and had indigestion?"

As soon as the explanation of indigestion came out, many people present were trying hard to refraining themselves from laughing. However, due to Elder Qin's ugly face, everyone held it back.

Only Bai Hu and the others laughed unscrupulously, making Elder Qin's face look even more ugly.

At this moment, a young man dressed as an Academy Student Council's member hurried out of the Miracle Healer Academy's enchantment.
