#### Chapter 1131: Just Search Me

He looked suspicious, walked over to Elder Qin and whispered something in his ear.

Elder Qin frowned suddenly, "The recording stone is broken, how is this possible? What about the secret realm? Did you find someone to check it?"

The young man nodded and said, "Senior He has already gone in to check it. The black bear indeed blew himself up and died. There are minced meats everywhere in the Illusive Forest, but... but Senior He did not find the monster essence pill!"

"Didn't find the monster essence pill?" Elder Qin's brows were furrowed.

He suddenly raised his head to look at Hexi and said solemnly: "Xi Yue, according to this invigilator, you have been in the black bear's belly for a long time, how could you still be alive? Did you do some tricks that we didn't know?"

Hexi couldn't help laughing, "Elder Qin, did you make a mistake? Even if I want to do something, the black bear is rank 7 magical beast, can I make it explode? Why don't Elder Qin find a rank 7 magical beast and do trick do it?"

"As for why I'm alive, I don't know? Maybe I'm lucky that I shouldn't die? I only know that when I woke up, I was outside the black bear and started to teleport. As for what happened, I'm not completely sure."

"Or does Elder Qin really think that a mere martial artist from the Foundation Establishment stage can really handle rank 7 black bear alone?"

As soon as Hexi said this, everyone who had been with him in the secret realm nodded in agreement.

"Yeah, if Xi Yue can really fight against the black bear alone, how could we be suppressed by the black bear? Xi Yue was even swallowed up in the end."

"Xi Yue's strength is definitely stronger than ordinary Condensation Period and even Gold Core Stage, but to say that he can compete with rank 7 black bear, it is definitely impossible. We have fought side by side with her, so we know his strength better than anyone else."

"Maybe the black bear swallowed the magic weapons of others before and Xi Yue just hide in the magic weapon and escape?"

"Right, I remembered it now. When Zhu Zhengwei was swallowed, he was casting a large magic weapon. Before the magic weapon was activated, he was swallowed by the black bear together with the magic weapon."

Everyone's discussion made Elder Qin's face look even more ugly.

If these candidates who participated in the assessment with Xi Yue testified, it means that the death of rank 7 black bear really has nothing to do with Xi Yue.

However, if Xi Yue didn't do anything, where would the monster essence pill be?

That's a rank 7 monster essence pill! If I can get my hands on it, maybe I will be able to rise to the intermediate level of the Nascent Soul Stage this year.

Thinking of this, Elder Qin's eyes glowed as he stared straight at Hexi as if to see the depths of her heart, "Xi Yue, you narrowly escaped from the black bear, you must have picked up its monster essence pill right? You hand over the rank 7 monster essence pill now. This is not something you can use and control at your current level."

"As long as you hand over the monster essence pill, your score will definitely be far ahead, and you will be the top 1 this year. When you enter the Miracle Healer Academy as the top scorer, the benefits you can get are simply immeasurable."

Elder Qin's eyes were gloomy, but his tone was gentle and seductive. The other candidates on the side were all moved listening to it.

But Hexi smiled leisurely, took out the storage bag and the inscribed jade slip, and said, "Elder Qin, I have never seen any monster essence pill. If you don't believe me, you can search it."

#### **Chapter 1132: Can't See the Slightest Flaw**

"I believe that Elder Qin knows better than anyone else that these are the only things we can carry when we go in. If I get the monster essence pill, I absolutely cannot hide it."

"What's more, how can ordinary storage utensils hide the powerful aura of rank 7 monster essence pill?"

Elder Qin's face turned uncertain. He is right. Ordinary storage devices can't hide the aura of the monster essence pill at all, and they didn't bring any other storage devices. We had strictly checked it.

As for swallowing or absorbing the monster essence pill on the spot, that's just nonsense.

The monster essence pill contains not only powerful powers but also countless poisons that are harmful to martial artists. Moreover, the energy of the monster essence pill is not as mild as crystal stone and medicinal pills. If he swallows it directly without refining it into medicinal pills, it is no different from suicide.

Anyone who wants to directly devour the monster essence pill will only end up dying on the spot.

Elder Qin was full of unwillingness, but his Divine Sense scanned Hexi up and down several times, and he finally determined that the young man did not take the rank 7 monster essence pill with him.

However, what if Xi Yue didn't take it away? Where did the rank 7 monster essence pill go?

Hehe, of course Elder Qin couldn't find the black bear's rank 7 monster essence pill.

In this world, no one could find the monster essence pill of black bear anymore because the monster essence pill of black bear had been completely swallowed by Hexi.

However, from Hexi's body, he really couldn't see the slightest flaw.

In the end, he said with a stern face, "This year's Miracle Healer Academy entrance examination is officially over. After 3 days, please come to this square to check the results of the examination. Xi Yue, hand over all your things to the academy and we will count your points."

Of course, Hexi would have no objection. Soon, she quickly handed over the storage bag and inscribed jade slip.

Seeing that the boy in green clothes took the things, Elder Qin flicked his sleeve and went back to the academy.

#### **Chapter 1133: Is There Something Going On**

Hexi suddenly said at this moment, "Excuse me, Elder Qin, if I want to check the paper for the written assessment, what conditions do I need?"

Before Hexi's words were finished, a "thump" sound came from the side.

Chen Jiancheng actually fell to the ground, and his whole body trembled uncontrollably. His face was even more drenched in cold sweat as if he had encountered something terrifying.

Elder Qin was slightly taken aback when he heard the words. He didn't expect Hexi to ask such a question.

He frowned and said, "What do you mean by that? Do you have an opinion on the results announced by the academy?"

Hexi looked to the side with a half-smile, and the smile in her eyes became stronger and stronger.

Apart from Chen Jiancheng, who fell on the ground and shivered, there were people present who showed strange expressions.

Hexi's eyes fixed at Cai Yu.

Although the young vice president of the Academy Student Council tried his best to keep his composure, the tiny sweat on his forehead and the blinking eyes still revealed his nervousness.

When he met Hexi's gaze, he was startled and looked away as if he was guilty.

Instead of being full of contempt, disgust and hatred as he did when they first met.

But the most interesting thing was another young member standing beside Cai Yu.

Hexi would never forget what she saw and heard, so she soon recognized the invigilator of Chen Jiancheng, Zhang Chong.

Zhang Chong was more nervous than Cai Yu at this time. His hands by his side were clutching his clothes tightly, his nose was slightly widened, and even his breathing was hurried due to panic.

When Hexi looked over, Zhang Chong lowered his eyes in a panic. There was a hint of remorse and guilt flashing on his face.

It seemed that the cause and effect of the matter were already very clear without guessing.

Hehe... Vice President Cai Yu of the Academy Student Council?

When we met for the first time, it was as if he knew me and couldn't wait to kill me.

But I clearly remembered that I never met this person before taking the academy entrance assessment.

Why in the world would he set me up?

At this time, Chen Jiancheng, who was sitting on the ground, suddenly came back to his senses and shouted at Hexi, "Xi Yue, how many troubles do you want to make? It's all because of you that we have to wait here. You... you obviously missed the end time of the second round of assessment, and you should have been eliminated. Now you dare to question the results announced by the academy? Don't you think this is too much?"

Chen Jiancheng's words made Elder Qin's face look extremely ugly.

This Xi Yue is really a thorn in the flesh. I can't wait to pull it out immediately.

He said coldly, "Xi Yue, stop fooling around. Miracle Healer Academy's assessment has always been rigorous. There will never be any mistakes. Don't question the fairness of the academy because of your low score in the written assessment. If you continue to mess around like this, then I can only remove you from the final list."

Hexi sneered and was about to speak, but Wei Chengyuan stepped forward and stood in front of her and said, "Elder Qin is wrong. I heard from my master that the assessment of Miracle Healer Academy has always been open and fair. They allow anyone to check and review the results. What's more, checking the accuracy of written assessment is the easiest of all assessments, but Elder Qin still doesn't allow it. Is there really something going on?"

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1134: I'm Not in a Hurry**

Elder Qin's face became more and more ugly. He wanted to scold him severely, but Wei Chengyuan's identity was really not something he could offend casually.

On the side, Chen Jiancheng was already sweating profusely. He wanted to say a few more provocative words.

But at this moment, the eyes of all those who took the assessment looked at him with doubts, making him swallow the words he was going to say.

Elder Qin waved his sleeve fiercely as he said, "It's not impossible if you want to check, but you asked too late. The written assessment results have already been recorded into the scroll. Miracle Healer Academy's scroll is only open to members of the academy. If you are admitted, you can naturally apply for inspection."

Hexi smiled and said indifferently, "Oh, is it? It doesn't matter. I'm not in a hurry anyway."

Hexi said lightly, but her eyes seemed to swept over Chen Jiancheng, Zhang Chong, and Cai Yu inadvertently.

Chen Jiancheng clenched his fists tightly. He looked at Hexi with resentment, panic and unwillingness in his eyes.

Zhang Chong was also flustered, not willing to meet Hexi's eyes at all.

Only Cai Yu had regained his composure at this time. He gave Hexi a complicated glance and returned to the academy.

In the square, there was silence at first, then the surviving people surrounded Hexi, excitedly glad that she was still alive.

The crowd asked a lot about what happened in the Illusive Forest, but Hexi just brushed them off.

Finally, someone thought of Hexi's request just now and couldn't help but say, "Xi Yue, why do you ask to check the results of the written assessment? Is there something wrong with the results?"

Hexi smirked, "To see whether there is problem, isn't it easy to know after checking?"

"Xi Yue, you... I know you don't like me, but you don't need to use such a sinister method!" Chen Jiancheng shouted at Hexi sternly, "You want to check the results just because you want to drag me down so that you can take my top 1 place?"

"Top 1? You?" Hexi smiled coldly. She casually waved her hand and said, "Take your place? Aren't you thinking too highly of yourself? Such a scumbag like you, I even feel myself cheap to be in the same assessment with you."

Chen Jiancheng was beaten by Hexi and rolled several times on the ground.

When he finally stopped, he spat out a mouthful of blood with 2 big teeth in it.

Half of his face swelled up quickly. He was completely stunned.

In front of everyone, he didn't expect Xi Yue to attack him.

He shouted hysterically at Hexi, "Xi Yue, you bastard, you... why are you hitting me! I'm going to Miracle Healer Academy to file a complaint against you and disqualify you from the assessment!"

"Chen Jiancheng, have you forgotten? If it weren't for you wanted to show off with the five color liuyan, there wouldn't be so many people dead." A young man at the peak of Meridians Stage suddenly rushed in front of Chen Jiancheng and sneered, "Just now in the secret realm, I've been wanting to beat you hard for a long time! Aren't you going to complain to Xi Yue at Miracle Healer Academy? Then complain me as well!"

As soon as he finished speaking, he raised his fist and smashed it hard at Chen Jiancheng's face.

"Damn it, I've been wanting to beat this bastard for a long time!"

"Brother Zhang of our team was killed by the black bear because of him! I'm going to beat this bastard to death!"

[The King of Hell's Genius Pampered Wife](#)

**Chapter 1135: 0 Points**

“We almost died at the hands of this bastard by letting out the black bear in order to make a name for himself!”

“Didn’t someone just say that seeing Xi Yue was pushed into the black bear? Maybe this bastard did it!”

The remaining few people were talking with righteous indignation; some for themselves, some for their dead companions. They wished that the culprit, Chen Jiancheng, would be smashed to pieces.

The people in the square looked over at this time, and they saw that a group of people surrounded a man lying on the ground and beat him desperately.

They couldn’t see Chen Jiancheng’s face in it, but they could hear his wailing like killing a pig, then it became more and more quiet.

Hexi didn’t care about this garbage anymore as she left the square.

Qing Luan, Bai Hu and others hurriedly followed, and even Wei Chengyuan followed too.

Wei Chengyuan ignored Qing Luan and Bai Hu’s stern and unkind gazes, strode beside Hexi, and said familiarly, “Xi Yue, I heard that you were swallowed by the black bear because someone pushed you, then is it Chen Jiancheng?”

Hexi shook her head. “The smoke was so heavy that I couldn’t see it clearly.”

But from Chen Jiancheng’s expression, she could be sure that at least one of the forces pushing her must be Chen Jiancheng’s.

Wei Chengyuan frowned, “It’s very likely that he did it. Xi Yue, are you going to let this scum go?”

Hexi raised his eyebrows and smiled meaningfully, “What’s the point of catching only a small shrimp? Of course it’s better to deal with the person standing behind Chen Jiancheng.”

If I kill Chen Jiancheng now, wouldn’t it benefit the person behind him and another person who set me up?

===

The building where the Academy Student Council was located.

At this time, the fragrance of tea was wafting in the huge room, and all kinds of people gathered together.

Sitting at the top was Elder Qin and other elders of Miracle Healer Academy who were in charge of the entrance examination.

Underneath were the invigilators of the Academy Student Council.

With a wave of Elder Qin’s hand, everyone’s two rounds of assessment results were revealed.

Cai Yu looked in the direction of Xi Yue subconsciously. When he saw that she had 503 points in the first round and 0 points in the second round, his pupils contracted slightly.

Zhang Chong looked at Chen Jiancheng naturally. He scored 999 points in the written assessment, and he even got 600 points in the second round. Zhang Chong couldn't help but smack his tongue when he saw this result.

"Elder Qin, why is Xi Yue's score 0 in the second round of assessment?" One of the elders quickly stood up and asked, "His performance in the second round of assessment was remarkable, and the storage bag he handed up also had many precious things. No matter how, he won't get 0!"

Elder Qin raised his eyebrows and said lightly, "Xi Yue did not leave the Illusive Forest within the specified time, so he had violated the assessment rules, which is why I judged him to be 0."

Elder Qin's words caused the elders to look at each other in dismay and hesitant.

Although it was true that Xi Yue came out a little later than the actual end of the assessment, there were clearly special circumstances, so how could Xi Yue be judged to be 0 because of this?

However, the prestige of Elder Qin in the academy was extremely high. Although these elders were similar in cultivation to Elder Qin, they did not dare to say much.

Elder Qin coughed lightly with an arrogant smile, "If you have no objection to the above results..."

#### **Chapter 1136: All Passed**

"Tsk tsk, surname Qin, the older you get, the less graceful you are." An old man's voice suddenly came from outside the door, "What you are doing now is to push the mistakes in this Illusive Forest to the young man?"

Everyone's eyes looked outside, only to see an old man with messy hair and a smell of alcohol walking in with a laugh.

He was looking at Elder Qin with a hint of sarcasm.

It was Branch Dean Ceng who was found by the boy in green clothes to solve the crisis of black bear that day.

"Zeng Shouyue, what do you mean by that?" Elder Qin said fiercely with a change of expression.

The old man's name was Zeng Shouyue. He sneered while touching his messy beard, "Nothing, I'm just talking about it casually. Just before the entrance examination started, you actually didn't check that there was a rank 6 magical beast that was about to advance, which almost endanger the lives of all examinees. I'm planning to report this matter to the dean and the vice dean! I wonder if Elder Qin is willing to go with me?"

Elder Qin's face turned pale. He gritted his teeth and said, "Zeng Shouyue, you are not the invigilator of this assessment. Even if you want to report, it will not you. Why are you saying this? Do you really want to go against me?"

Zeng Shouyue's eyes slowly swept over Xi Yue's name and information, and his eyes were burning deep inside, "Qin Dingguo, have you forgotten that the most fundamental thing of Miracle Healer Academy is our fairness and justice that foreign martial artists yearn for the most. You forcibly removed Xi Yue from

the selection list because his position conflicted with you, which is clearly against the purpose of the academy. How dare you ask me what I mean?"

"I..." Elder Qin was speechless for a while.

The other elders looked at each other in dismay, and someone suddenly suggested, "Let's vote. Please raise your hand if you agree that Xi Yue's second assessment will be included in the score."

As soon as the elder finished speaking, he slowly raised his hand.

Immediately afterwards, the second, third, and even the officers of the Academy Student Council below raised their hands one by one.

Cai Yu lowered his eyes and looked blank, and he finally raised his hands.

Except for Elder Qin and his confidant Elder Fu, almost all of them agreed.

Elder Qin's face turned pale, but no matter how daring he was, he didn't dare to challenge the authority of the academy in front of Zeng Shouyue.

Soon, Xi Yue's score in the second round was changed to 965 points. He suddenly rose from the last place to the top of the second round of assessment.

Elder Qin stared at Zeng Shouyue, gritted his teeth and said, "Are you satisfied now?"

Zeng Shouyue laughed and walked out staggeringly as if he just came here for a walk.

Just walking outside, Zeng Shouyue's eyes flashed a gleam of light.

It's been a long time since I've seen such an interesting little guy, how can I let him be eliminated like this?

In the room, the statistics of the final assessment were still going on.

Elder Qin's face was ashen because of Xi Yue's selection. The results were soon announced by Elder Fu.

Elder Fu cleared his throat and said, "Due to the accident in the second round of assessment, only 11 people survived. Each of these 11 people fought heroically against the black bear and experienced life and death disasters. So, although some people's scores have not yet reached the passing line, we decided to make an exception."

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1137: Embarrassed**

"Wait a minute!" An elder quickly stood up when he heard Elder Fu's words, frowning, "I don't object to the other 10 being accepted exceptionally, but this Chen Jiancheng, if it wasn't for his lack of judgment and common sense and greed for merit, there won't be so many people dying in this assessment. How can he get a high score of 600 in the second round?"

"That's right!" An Academy Student Council's member stood up and said, "This kind of failure who likes to do dirty tricks behind should be eliminated directly."

“And the spiritual grass and monster essence pill he handed in are only rank 2. Even if only the scores are counted, he will never pass.”

Elder Fu’s forehead was full of sweat, “This Chen Jiancheng...”

His eyes looked in the direction of Elder Qin.

Elder Qin snorted coldly, stood up and said, “You only remember that Chen Jiancheng’s results of the second round were too poor, did you forget that Chen Jiancheng scored 999 in the written assessment, breaking the academy’s record? Even if his strength is not enough, but many research topics in the college are lacking such people to join. How can he not be accepted?”

However, judging from Chen Jiancheng’s performance in the second round, he didn’t have the ability to get close to full marks in the written assessment at all.

Many people had such doubts on their faces.

However, with a wave of Elder Qin’s hand, he quickly interrupted everyone’s dissent, “The result of this assessment has been decided as it is. It will now be submitted to the Academy Student Council and the dean department for decision. It will be announced in three days.”

===

At the beginning of the night light, Chen Jiancheng walked down the street of Miracle Healer City.

At this time, his face was swollen like a pig’s head; he was missing several teeth, and his clothes were even more tattered. He looked worse than an ordinary beggar in the city.

Pedestrians on the road all avoided him when they saw him, showing a look of contempt and disgust.

Chen Jiancheng covered his face and desperately ran back to the inn where he was staying.

However, as soon as he entered the gate of the inn, all his things were thrown out.

The clerk at the inn looked down at him and said with disgust on his face: “Young Master Jiang from the 1st room said that he doesn’t want to live in the same inn with a scum like you. So, please find another place to stay!”

Chen Jiancheng received the scornful and gloating eyes of everyone, and his face was full of shame. He ran away embarrassingly.

But deep in his eyes, there was a raging fire of jealousy.

Just 10 days ago, he was the most sought after top 1 by everyone. All the descendants of the noble families would curry favor with him.

However, because of Xi Yue, he had nothing now. He was beaten into such a miserable state, and he didn’t even have a place to live.

Xi Yue! Xi Yue! I must let this bastard suffer a living hell!

“Chen Jiancheng, look at how you look now. What a shame!” A woman’s slightly hoarse and indifferent voice suddenly came from behind, “Do you still remember how beautiful you were when the results of the written assessment were announced? “

Chen Jiancheng turned his head abruptly and met the mocking eyes of the woman. He tremblingly said, “You... you are...”

The appearance of the woman in front of her was not very good, at least compared to Xi Yue and Han Qianer’s gorgeous appearance. This woman could only be regarded as beautiful at most.

Moreover, this woman’s skeleton was very large, and her face was big and square as well. At first glance, if she was not dressed in woman clothes, many people might mistake her for a man. Even that kind of man that people wouldn’t notice in a crowd.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1138: The Other Person**

Seeing Chen Jiancheng’s surprised expression, the woman narrowed her eyes slightly and said slowly, “What? Don’t you know me? Did you forget that in [Illusive Forest], if I didn’t help you, you couldn’t push Xi Yue into the mouth of the black bear at all.”

Chen Jiancheng’s pupils shrank suddenly, and his eyes widened suddenly in shock.

Of course, he knew that in [Illusive Forest], besides himself, there was another person who pushed Xi Yue.

But at that time he only saw 1 hand, but he didn’t see the person’s true face in the smoke.

At this time, this unremarkable woman suddenly appeared in front of him. Chen Jiancheng couldn’t recognize it at first.

But as soon as she mentioned Illusive Forest, Chen Jiancheng remembered it completely.

Because the identity of the woman in front of her was very special, if it weren’t for her unrecognizable face, Chen Jiancheng would not have recognized it at all.

He trembled, “Feng... Feng Yunqing, you are Feng Yunqing! The other person who pushed Xi Yue in the Illusive Forest was you?”

Feng Yunqing smirked with a ruthless expression, “Yeah! That’s the easiest and most likely chance to kill Xi Yue, but I didn’t expect that he would be so lucky to survive that.”

Saying that, she looked at Chen Jiancheng, “You’re now in desperation due to Xi Yue, don’t you want to take revenge on him?”

“Of course I fucking want to!” Chen Jiancheng gritted his teeth and shouted, but he quickly lowered his head in frustration, “But I can’t be admitted into the Miracle Healer Academy at all. Xi Yue is brilliant and excellent. How... how can I revenge on him?!”

Feng Yunqin smiled softly and said, “Don’t worry, you will definitely be admitted into the Miracle Healer Academy.”

Saying that, she threw out an inscribed jade slip, "You live in this place first. I will find you when I need it."

"What do you mean by that?" Chen Jiancheng chased after excitedly.

However, Feng Yunqin's figure quickly disappeared.

Chen Jiancheng clenched his fist, and his expression was unpredictable. He was happy for a while, excited for a while, and worried and fearful for a while.

He stood there for a long time before turning around and heading toward the spot marked by the inscribed jade slip.

===

3 days later, the examination results were officially announced.

The square in front of Miracle Healer Academy was crowded with people watching the results and joining in the fun.

Miracle Healer City would be so lively every year when the Miracle Healer Academy admissions list was announced.

Especially the inns where the admitted students live would be full of lights and drums. They wished to tell that their inns had the best feng shui in the Miracle Healer City.

What shocked everyone this time was that everyone who survived the second assessment was actually on the list.

Many of the Meridians Stage martial artists who took part in the assessment, handed in very poor things, had no hope at all, but they suddenly found out that they had been admitted. They immediately burst into tears.

And their gratitude to Xi Yue and Wei Chengyuan reached the max.

If it wasn't for Xi Yue and Wei Chengyuan, they would probably have been wiped out. How could they be so lucky to be admitted into the Miracle Healer Academy.

Hexi was not interested in watching the ranking, but Qing Luan and Bai Hu insisted to bring her here.

Seeing her score, Hexi nodded with satisfaction. It seemed that the Miracle Healer Academy was indeed fair.

She glanced and saw the person who got the top 1 – Wei Chengyuan. She just smiled slightly.

#### **Chapter 1140: Seeing Old Faces**

Chapter 1140: Seeing Old Faces

The second day was sunny.

Hexi's slender five fingers gently brushed the jade pendant hanging on her waist, and she slowly looked around.

This was the first time she entered the barrier directly as a student of Miracle Healer Academy instead of through the teleportation array.

When passing through the barrier, she felt the powerful and restrained power emanating from the jade pendant.

From this, one could imagine how powerful this barrier outside Miracle Healer Academy was.

"Have you heard? Every year when new students are admitted, the Academy Student Council will hold an orientation. In addition to expressing their welcome to the new students, they will also recruit competent people to join the Academy Student Council and become intern officer!"

"Yes, yes! I also heard that at every orientation, Lu Zhixi, the president of the Academy Student Council and the first beauty of Miracle Healer Academy, will come out to welcome in person."

"Ah... Do you mean Fairy Zhixi? I ??didn't expect a little guy like us to meet Fairy Zhixi when we first enter academy?"

"No way, I'm starting to get excited now. My hands are full of cold sweat!"

"If we can enter the Academy Student Council, it means that our future in Miracle Healer Academy is guaranteed!"

In front of Hexi, several newcomers who were selected this time were chatting excitedly.

Lu Zhixi? I ??didn't expect to see her so soon after parting away in Yongan City!

Hexi sneered with a half-smile.

It was still the boy in green clothes, who was in charge of the assessment, leading them.

The boy in green clothes took everyone to sit down in a private room quickly.

He cleared his throat and said, "Everyone here can join the Miracle Healer Academy, which is an affirmation of your ability. However, your ability is also divided into high and low. So next, whether it is the academy or dormitory you are assigned to or your future, they will be judged by your qualifications and the results in the assessment."

As soon as the boy in green clothes said, everyone except Hexi and Wei Chengyuan looked at each other with worried expressions on their faces.

When the boy in green clothes was about to say again, a giggling sound came from outside the door, "Brother Aqing, why do you keep scaring these new students? Such a serious face, you'll frighten these people."

Hexi's eyes narrowed slightly, and she recited 3 words in her mind—Ren Xueling.

Sure enough, 6 people walked in quickly from the door.

The leader was a young woman in a green dress. She had a beautiful appearance and a noble and holy temperament.

When everyone saw this young woman, they widened their eyes in excitement and reverence.

Someone couldn't help but murmured, "Fairy Zhixi, I didn't expect to see Fairy Zhixi... She is so beautiful and noble!"

The woman at the front was Lu Zhixi, and the one next to Lu Zhixi was Ren Xueling.

Behind Lu Zhixi, there were several tall and straight men, all of whom were officers of the Academy Student Council who had participated in invigilation. One of them was Vice President Cai Yu.

Because of Lu Zhixi's entry, everyone present, including Wei Chengyuan, all stood up.

But only Hexi was still sitting on the chair.

Lu Zhixi's eyes swept lightly, and she glanced at Hexi. She said with a smile, "You don't have to be so polite, please sit down first. From now on, we will be classmates. Such courtesy is no need. See, isn't Xi Yue very casual now?"

Lu Zhixi's words instantly made everyone's eyes fall on Hexi.
