Chapter 1141: Top Treatment

Seeing that she was really sitting on the chair and didn't even want to stand up to bow to Fairy Zhixi, everyone looked a bit awkward.

Even Wei Chengyuan showed a somewhat surprised expression. He knew that Xi Yue always went her own way, but she was by no means a rebellious person. What happens to him today?

Hexi raised her eyebrows and smiled slowly at Lu Zhixi. In an instant, one felt that the sun was shining and flowers were scattering around.

Wei Chengyuan, who was watching from the side, was in a trance for a while. He only thought in his mind: Lu Zhixi is known as the first beauty in the academy, but it is clear that Xi Yue's appearance is even better than Lu Zhixi. Unfortunately, Xi Yue is a man.

Lu Zhixi narrowed her eyes slightly and motioned everyone to sit down again, "I think everyone has heard what Senior Fellow Apprentice Aqing said just now. Although our academy treats all students equally, the allocation of resources must be based on talents. So now, first of all, our Academy Student Council will announce the allocation of colleges and dormitories."

After Lu Zhixi finished speaking, he glanced at Ren Xueling.

Ren Xueling was glaring at Xi Yue, but when she received Lu Zhixi's instructions, she sneered and took a step forward, "According to everyone's performance and grades in the entrance examination, we have made such arrangement for everyone."

"Wei Chengyuan, enter the Heaven Medical Branch, stay in Heaven No. 2 Dormitory, enjoy the first class privilege."

"Han Qianer, enter the Earth Medical Branch, stay in Earth No. 1 Dormitory, enjoy the second class privilege."

"Feng Tianqing, enter the Yellow Medical Branch, stay in the Yellow No.3 Dormitory, enjoy the fourth class privilege."

...

"He Jiang, enter the Hong Medical Branch, stay in the Hong No. 3 Dormitory, enjoy the seventh class privilege."

"Xi Yue, enter the Heaven Medical Branch, stay in the Heaven No. 1 Dormitory, enjoy the first class privilege."

As soon as Ren Xueling read the arrangements, the people below instantly burst into an uproar.

Someone said in disbelief, "Wei Chengyuan was the first in this assessment, so it is fine for him to enter the Heaven Medical Branch and lived in the Heaven Dormitory. Why can Xi Yue also enter the Heaven Medical Branch?"

The branches and dormitories of Miracle Healer Academy were named after “Heaven, Earth, Xuan, Huang, Yu, Zhou, Hong, Huang”.

No matter where the heaven was, it represented the highest level of treatment.

The so-called first class privilege was that students could get countless high-level crystal stones and medicinal pills every year, which is very helpful for cultivation.

“That’s right! Even Wei Chengyuan only lives in the Heaven No. 2, why can Xi Yue live in the Heaven No. 1 dormitory?”

Heaven No. 1 was a complete courtyard. The lowest manservants in it were all from the Foundation Establishment stage, and the spirit was rich and luxurious. Who didn’t know that it represented the most luxurious and most enjoyable place in Miracle Healer Academy?

“Xi Yue is only at the Foundation Establishment stage, and his written assessment scores are at the bottom. Why is his treatment better than Miss Han and Young Master Wei? This is too unfair!”

There was a lot of righteous indignation underneath, and there were a lot of discussions. The gratitude that these people had for Xi Yue all disappeared at this moment.

They looked at Hexi with questioning eyes as if they were looking at a thief who stole their money.

Ren Xueling, who was in charge of the announcement, sneered and said with a smile, “This is decided by the upper level of the academy. We Academy Student Council just act according to the rules.”

Lu Zhixi also stood up at this time and said warmly, “Everyone, Xi Yue’s overall score is not high, but he saved everyone’s life in the second round of assessment. It can be said that without Xi Yue, everyone would even enter the Miracle Healer Academy.

Chapter 1142: Fan the Flames

“So I think Xi Yue deserves such treatment. Please stop being prejudiced against him.”

However, Lu Zhixi’s words, instead of quelling everyone’s dissatisfaction and complaints, made them even more annoyed.

Yes, they did appreciate Xi Yue’s life-saving grace at first.

However, when Lu Zhixi said these words, it seemed that Xi Yue was helping them with a purpose.

Could it be because Xi Yue saved us that he can be on top of us forever?

Could it be because Xi Yue saved us that we must be treated unfairly?

Lu Zhixi still had a warm and friendly smile on her face as if she didn’t feel the anger of everyone below.

She slowly walked down from above, came to Xi Yue, smiled and said, “In addition, in my mind, Xi Yue is also a rare talent. His potential is immeasurable. Therefore, I want to represent the Academy Student Council to invite you, of course, including Wei Chengyuan, who is the first in the total score, and Chen

Jiancheng, who is the first in the written assessment to join the Academy Student Council. What do you all think?"

"Ah—!" Before Xi Yue could answer, Chen Jiancheng had already let out an exclamation.

He was trembling with excitement. His round body almost rolled off the chair.

After regaining his senses, Chen Jiancheng suddenly knelt in front of Lu Zhixi and said with excitement, "Zhixi... Fairy Zhixi, I... I'm so honored to be able to join the Academy Student Council!"

His flattering appearance was very ugly, but everyone was still looking at Chen Jiancheng with envy, jealousy and hatred.

That's the Academy Student Council. Joining the Academy Student Council is like reaching the sky in one step. In the future, they will also lead a smooth sailing life. How many people dream of that?

Lu Zhixi looked at Wei Chengyuan with a smile, "Brother Wei, this is the first request I made to you after you entered the academy. You won't refuse me, will you?"

Wei Chengyuan smiled casually and nodded lightly, "Okay, I will join the Academy Student Council."

Lu Zhixi smiled with satisfaction, then he looked at Hexi again, "Xi Yue, I didn't expect us to meet again so soon."

Hexi, who was sitting in the chair, stood up slowly, "Yeah, I really didn't expect it."

Her eyes slowly circled around Cai Yu who was behind Lu Zhixi, then she glanced at Ren Xueling, who couldn't hide her hatred. A smirk slowly revealed on her mouth.

No wonder! Cai Yu has no grievances against me, why would he take such a risk against me.

Seeing Cai Yu's admiring gaze lingering on Lu Zhixi now, she immediately understood.

Hehe, it turns out to be the second Li Zhenyu! Really no wonder.

Lu Zhixi glanced at the people around him, then she said with a gentle and clear voice, "Xi Yue, although I knew you were very capable before, I didn't expect your performance to be so good."

"In the secret realm assessment, you are even greater than the seniors of the Gold Core Stage." She seemed to casually tease the others behind Hexi, "You're only in the Foundation Establishment stage now, but you let the Meridians Stage martial artists look up to you and the Gold Core Stage senior admits defeat to you. You are even the first Foundation Establishment Stage who joins the academy. I believe that your future will be very bright.

Lu Zhixi's words made everyone's faces turn more and more ugly.

Chapter 1143: Don't Want To

She continued as if she didn't notice it, "After today, you will be divided into different branches and dormitories. There won't be many opportunities to meet in the future, so you should thank Xi Yue today. Without him, maybe you all would have been all dead in the secret realm!"

These words made everyone's face turn solemn.

Lu Zhixi's words were equivalent to denying all their credit as if saying that none of them contributed in the secret realm.

However, when Lu Zhixi's beautiful eyes looked at everyone, they had to grit their teeth and thank Hexi.

They didn't dare to vent their unwillingness and anger to Lu Zhixi, but they all secretly counted it on Hexi.

Only Han Qianer said coldly, "In the secret realm assessment, all of us owe Xi Yue a life. This is a fact. It can't be paid off with just a thank. I will remember this life-saving grace, but I'm not interested in speaking out."

Han Qianer's words calmed down many people who were originally resentful because of Lu Zhixi's incitement.

Indeed, it was a fact that they owed Xi Yue a life. Just now, they were so jealous that they almost forgot Xi Yue's life-saving grace.

Some people woke up, but some people were still full of jealousy and hatred for Xi Yue. Especially those students who were assigned to the lower 4 branches, they even gritted their teeth with hatred.

They didn't understand why Xi Yue, who had the lowest written assessment scores and was at the Foundation Establishment stage, could get into the Heaven Medical Branch, but they were assigned to the 4 lower branches.

Wei Chengyuan glanced at everyone glaring at Hexi with hatred, then he glanced at Lu Zhixi with a frown.

Is it Lu Zhixi targeting Xi Yue? It shouldn't be possible right? It should be... just an unintentional move by Lu Zhixi right?

Lu Zhixi did not continue the topic, but she smiled gently and said to Hexi, "Xi Yue, would you like to join the Academy Student Council?"

"I don't want to."

The 4 decisive words made the surrounding atmosphere slightly awkward.

Many even dugged their ears, suspecting they had heard it wrong.

Chen Jiancheng was even more shocked and excited looking at Hexi. If Hexi doesn't join the Academy Student Council, then my status will be higher than him. Wouldn't it be easier to get rid of him by then?

Ren Xueling stepped forward and said angrily, "Xi Yue, say it again? My senior sister personally invited you to join the Academy Student Council, but you still refused? What do you mean?"

Hexi raised her eyes slightly with a slight sneer, then she said clearly again, "I don't want to."

Lu Zhixi stopped the angry Ren Xueling and frowned slightly, "Xi Yue, is it because of what happened in Yongan City? You don't have to..."

“Hehe.” Hexi chuckled, interrupting Lu Zhixi’s words, “I refused just because I’m interested in joining the Academy Student Council. Is this explanation clear enough?”

Lu Zhixi’s smile froze slightly, then she sighed softly before walking back to her previous position.

Seeing the loneliness and sadness on her face, Cai Yu felt a pain in her heart. The doubts and guilt he felt for Xi Yue disappeared in an instant.

He gave Xi Yue a cold look, whispered a few words in Lu Zhixi’s ear, and then stepped forward, “Next, let me explain the taboos and rules and regulations of Miracle Healer Academy...”

Chapter 1144: New Shop Opening

In Miracle Healer City, Gu Liufeng and Bai Hu were signing a lease agreement with a shop owner.

The shop owner looked at the inscribed jade slip that belonged to the family members of the Miracle Healer Academy students, and he readily rented the shop to Gu Liufeng for 5 years at a cheap price without any objection.

As family members of the students, they could enjoy various benefits in Miracle Healer City, except that they were allowed to open a shop, such as the 100 crystal stones that needed to be paid every day was exempted.

In fact, the shop price in Miracle Healer City was very expensive.

Gu Liufeng was able to rent this pharmacy because the location of the shop was so remote that there were not many pedestrians a day, and there were too many medicine shops in Miracle Healer City.

After getting the shop and placing the medicinal pills left by Hexi for sale, Bai Hu breathed a sigh of relief, but sat down with boredom, “Oh, I really want to go to Miracle Healer Academy with princess! Why did princess bring Qing Luan instead of me!”

However, as soon as the words came out, Bai Hu immediately shook his head in horror.

Each student of Miracle Healer Academy could only bring at most one manservant or maid to run errands and chores for the students.

Just kidding, if it was me who followed in instead of Qing Luan, master will dismember my corpse if he knows about it.

Thinking of this, Bai Hu immediately slumped down on the table, “Gu Liufeng, our shop seems too remote. Are you sure someone will come to buy medicine?”

Gu Liufeng smiled and said slowly, “I’m just afraid that there will be too many people and this shop will be too small.”

As he spoke, he had the Shengde Hall’s plaque hung up.

Bai Hu secretly scolded ‘bragging’, and he continued to draw circles on the side with boredom.

At noon the next day, Bai Hu walked out of the backyard after ending his training, and he was instantly stunned by the scene.

“My God, why are there so many people?”

There wasn't even a person in front yesterday, but now it was full of people. The end of the queue was nowhere to be seen.

Bai Hu grabbed a manservant in a pharmacy, “When did these people start to queue up? Didn't we just open? Why are there so many people?”

The manservant glanced at him strangely, then he straightened his chest and said, “Don't you know, Master Bai? Shengde Hall's plaque is already the best publicity in all places in Miluo Continent. We don't have to go out there to promote at all. As long as we display Shengde Hall's plaque, there will be martial artists who want to rush in and buy it.”

“What's more, the young master also provided us with 3 new rank 4 medicinal pills. These 3 medicinal pills are first sold in Miracle Healer City, and other branches don't have them yet. Do you think it's possible to have fewer customers here?”

This manservant was temporarily transferred from other Shengde Hall branches and had unparalleled pride and superiority in Shengde Hall.

Bai Hu was a little confused. Although he knew that Shengde Hall and Xi Yue were powerful, he only realized how powerful her princess was until now.

This splendid crowded scene is in the Miracle Healer City where high rank doctors and pill refiners gather!

But these people actually line up to buy the medicinal pills made by the princess. This scene is really incredible!

Chapter 1145: Effortless

Feng Yunqin took the medicinal pills that the manservant bought, and he smelled it with a frown, “New medicinal pills? How many prescriptions do Xi Yue have?”

Suddenly, her movements paused, and a puzzled look appeared on her face, “Hey, that's not right! Why does the smell and color of these medicinal pills look so familiar?”

Feng Yunqin hesitated for a moment and put the medicinal pills in her mouth.

The rich spiritual power instantly flooded her entire body as if nourishing all her meridians, but it was not a tidal force, but a gentle soothing. It seemed to be repairing her meridians.

Feng Yunqin's eyes widened suddenly, showing an expression of disbelief, “This... why does this feel so similar to the spirit healing pill that Xi Yue gave me in the secret realm?”

Speaking of the spiritual healing pill that Xi Yue gave to everyone in the [Illusive Forest] secret realm, everyone who survived had a fresh memory.

Because even the best quality spiritual healing pill sold by Shengde Hall did not have the feeling of replenishing the spiritual power and gently nourishing the meridians after taking it.

At that time, Feng Yunqing did not believe that those spirit healing pills were made by Xi Yue.

Although Xi Yue is the young owner of Shengde Hall, he is still young after all. Besides, he is only at the Foundation Establishment stage. It is impossible for him to refine such pure grade 4 medicinal pills.

Then there is only one possibility. These medicinal pills are not made by Xi Yue, but he brought them into the secret realm secretly.

Hehe, if Xi Yue really brought them in.

That was the most serious and vicious cheating incident since Miracle Healer Academy is founded. By the time, Xi Yue's end...

Therefore, after coming out of [Illusive Forest], I have been trying to find the whereabouts of these medicinal pills in Miracle Healer City, but to no avail.

But now, this is really effortless!

Feng Yunqing smirked, took the medicinal pills and left the room.

She quickly found Chen Jiancheng's location and handed over the medicinal pills in her hand.

At this time, Chen Jiancheng was happy that he could be admitted to the Academy Student Council, and he was also afraid that Xi Yue would drag him down.

Seeing Feng Yunqing approaching at this time, he stood up abruptly and asked anxiously, "You... have you found a way to deal with Xi Yue?"

He was now an intern officer of the Academy Student Council. He was destined to have a bright future.

He had already come this far, how can he be dragged down by Xi Yue.

Feng Yunqing handed out the medicinal pills in her hand.

Chen Jiancheng opened the porcelain bottle and saw that there was only one medicinal pill inside, but the spirit was extremely rich and pure.

He frowned and said, "Miss Feng, why are you giving me this medicinal pill?"

Feng Yunqing sneered, "In [Illusive Forest], you haven't taken the medicinal pill that Xi Yue handed you over, so you may not be clear. For these medicinal pills, I think no one who survived the second assessment will not know. It is exactly the same as the spirit healing pill Xi Yue gave us in terms of color and efficacy."

"So what?" Chen Jiancheng wondered, "Xi Yue gave us spiritual healing pills in [Illusive Forest], and he said he refined it himself..."

"Hahaha, spirit healing pill! Stop joking." Feng Yunqing sneered faintly, "You can take one and try it out. How can a normal spirit healing pill have such an effect? This is not a spirit healing pill, but a brand new medicinal pill, five spiritual pill, sold by Shengde Hall."

Chapter 1146: Conspiracy

“What?!” Chen Jiancheng was startled, then an excited expression appeared on his face, “You mean...”

Feng Yunqing sneered and said, “I have shown these medicinal pills to a pill refiner in my family. He said that with Xi Yue’s cultivation, it is impossible for him to refine medicinal pills of this quality and color. What do you think this means?”

Chen Jiancheng was stunned for a moment, then he let out some crazy laughter, “Hahaha, Xi Yue, you bitch, this time you are dead! You dare to bring medicinal pills into the assessment? This time, I will trample you under my feet. I’ll see how arrogant can you be!”

Feng Yunqing slowly let out a breath, and a shallow smile bloomed on her ordinary face: “Chen Jiancheng, I hope you won’t disappoint me.”

After she finished speaking, she turned and walked out.

Chen Jiancheng was excited while holding the medicinal pills in his hand, but he couldn’t help but ask, “Miss Feng, are you helping me because you have a grudge against Xi Yue?”

“You don’t need to know that. You better remember who you are. You just have to do your task.”

Chen Jiancheng looked at her leaving back and snorted coldly.

Isn’t she just an ugly old woman? Why is she bossing me around? Even Fairy Zhixi is polite to me.

Hmph, when I get rid of Xi Yue, do I still need her?

After Chen Jiancheng got the medicinal pills, he went to look for candidates who had participated in the second round of assessment.

At first, these people ridiculed him, but after seeing the evidence Chen Jiancheng produced and his description, they all fell into shock and contemplation.

A conspiracy against Hexi was growing inside and outside the Miracle Healer Academy.

But at this time, Hexi didn’t realize it at all.

Hexi kept in mind that her main purpose in coming to this academy was to find Wu Qi.

So, as soon as she got the first class inscribed jade slip that represented the students of the Heaven Medical Branch, she began to take Qing Luan to wander around the school.

Heaven Medical Branch was worthy of being the highest-level branch in the entire academy. The treatment enjoyed by the students was completely different.

For example, this first class inscribed jade slip, which represented “Heaven Medical”, allowed Hexi to go through almost every corner of the school.

But if the inscribed jade slip was of the “Yellow Medical”, there would be much less places to go.

Of course, even if there was an inscribed jade slip, there were still many restricted areas in the Miracle Healer Academy, which cannot be entered by the current Hexi.

The barrier there was even stronger than the barrier outside Miracle Healer Academy.

Hexi strolled around the academy and determined that Xiao Li in the void did not feel any Wu Qi's breath, so she had to return without success.

However, her academy life has just begun, so there was no need to rush at all. As long as Wu Qi was in the Miracle Healer Academy, they would find him one day.

The Heaven No. 1 Dormitory was a one-person courtyard. Hexi saw Wei Chengyuan pacing back and forth at the door as soon as she arrived at the entrance of the courtyard.

As soon as Wei Chengyuan saw Hexi, he stepped forward with a smile and habitually put his hand on her shoulder, "Little Yue'er, you disappear on the first day of the academy? This Miracle Healer The Academy is very big, aren't you afraid of getting lost in it?"

Hexi gave him a contemptuous slanted glance, then she picked up his dirty hand that was on her shoulder, "Do you think I'm you? Go out without thinking?"

Wei Chengyuan smiled as if he didn't care at all.

Chapter 1147: A Patient

As he walked, he praised, "Not bad, not bad! It is indeed the highest Heaven No. 1 Dormitory most advanced in Miracle Healer Academy. It is much bigger than my No. 2 Dormitory. Look at those spiritual plants, hehe, I even want to stay here and not leave."

Before entering the room, Hexi turned around and looked at Wei Chengyuan with her hands folded on her chest, "Say, what do you want from me?"

Wei Chengyuan touched his nose embarrassingly, "Can't I just walk around?"

Seeing Hexi half smiling and looking at him, he couldn't help raising his hand in surrender, "Okay, okay! I'll just say it."

As he spoke, the smile on his face faded in an instant, and the always cynical face became more solemn than ever before, "Xi Yue, I heard that Yongan City's young city lord's strange disease was cured by you. Is that true?"

Hexi's face was surprised. She didn't know why Wei Chengyuan suddenly mentioned this matter.

But it was a fact, so she did not intend to conceal it at all.

After receiving a positive answer, Wei Chengyuan's eyes lit up slightly. His voice became a little deeper, "Xi Yue, I have an abrupt request. I wonder if you can help me see a patient."

Hexi was surprised, "Why? He also has vampire disease?"

“No.” Wei Chengyuan shook his head, “His disease may be more troublesome than vampire disease. You will know if you see the patient.”

As he said, he stared at Xi Yue with a hint of pleading in his scorching eyes, “Xi Yue, please.”

Ever since I met Wei Chengyuan, although this guy has been speaking in a funny tone, he has almost never asked anything from anyone. Even when facing the black bear, he had never shown such a solemn expression.

Recalling Wei Chengyuan’s supports for her in the past few days as well as the friendship fighting side by side in the Illusive Forest, she did not refuse.

Wei Chengyuan quickly took Xi Yue out of the dormitory area.

They walked a long way in the academy, and they even passed the Huang Dormitory, but Wei Chengyuan hadn’t stopped.

Compared with the bustling luxury of the Heaven Dormitory area, this place was more like a slum or a place where servants lived.

Hexi frowned and looked around. It was very remote, and it could even be said that it was deserted.

“Xi Yue, right here.”

Wei Chengyuan’s voice came. In front of him was a somewhat dilapidated house.

Hexi was about to step forward when a figure suddenly appeared out of nowhere, “Stop, who are you? What are you doing here?”

Hexi was taken aback. The person who came out did not have any spiritual power fluctuations. She couldn’t even see through his cultivation.

However, those sharp eyes gave her a terrifying sense of coercion.

At this moment, Hexi also discovered that there were still many people guarding the dilapidated house, and each of them had at least the Gold Core Stage cultivation.

What... the hell is this place?

“Senior Wu, this is a doctor I recruited. He is here to treat the patient inside.” Wei Chengyuan hurriedly stepped forward with a respectful expression.

Seeing Wei Chengyuan, the man didn’t stop him anymore. He just glanced at Hexi suspiciously and disbelievingly, then he quietly retreated.

Wei Chengyuan breathed a sigh of relief, quickly pulled Hexi up, and hurried into the courtyard.

This tense atmosphere and the terrifying pressure of the guards made Hexi think that some big shot lived in the courtyard.

Chapter 1148: Little Yi

The young man's appearance looked ordinary. He looked like he was 17 years old, and his cultivation was only a high-level Meridians Stage. His clothes were worn out and plain. There was nothing special about him at all

If there was anything special about him.

Hexi glanced at the young man's face. His face was slightly pale, and the muscles of his eyelid would often shake involuntarily.

What made Hexi strange was that the young man's aura wandered in disorder, and it was often intermittent and difficult. It seemed that both his meridians and dantian were partially damaged.

As soon as the young man saw Wei Chengyuan, he quickly walked over, "Brother Wei, you are here!"

There was a visibly happy expression on his face as if seeing Wei Chengyuan was a very happy thing.

However, as soon as the boy's eyes fell on Hexi, his body trembled reflexively, showing a look of fear, "Brother Wei, did... did you bring another doctor to treat me?"

A trace of guilt flashed across Wei Chengyuan's face. He lowered his eyes slightly, but he still forced a smile, "Little Yi, you are sick. Of course you need to see a doctor to survive."

The young man's body trembled again. The muscles on his face twitched a bit due to the pain. He looked at Hexi and said with a low and weak voice as if he was pleading, "Doctor, can... can you not let me eat those medicinal pills that make me pain? I... I just can't take it anymore."

Wei Chengyuan's body froze slightly, and he turned his head with his eyes closed.

Hexi smiled slightly and said without hesitation, "Okay."

"What?" Wei Chengyuan and the young man said at the same time.

Wei Chengyuan calmed down and said, "Xi Yue, sorry that I lost my manner. Why don't you give Xiao Yi a diagnosis first?"

Hexi stepped forward and clasped the young man's wrist with one hand.

The young man stared blankly at Hexi's slender, well-proportioned, jade-like hand on his black wrist, and he was in a daze for a while.

Hexi had already let go, and he said lightly, "Okay, my diagnosis is over. The conclusion is similar to what I observed."

Wei Chengyuan widened his eyes and said in disbelief, "You didn't use spiritual power to check his body. You just held Little Yi's hand... and the diagnosis is over?"

Hexi half said with a smile, "If you doubt a person, don't use him. I thought you have already prepared for this when you came to me. I have to make this clear that I can treat him, but you must follow my treatment plan. Otherwise, you should look for another doctor?"

Wei Chengyuan looked at the young man and then at Hexi, struggling.

The young man suddenly said, "I... I want this doctor to treat me."

The young doctor in front was so immature and beautiful, but he gave him a feeling of unmatched power.

The most important thing was that the young doctor didn't look at him like a tool that could be used or a medicine man who could be manipulated at will, but he regarded him as a patient who really needed treatment.

Just for such a gaze, he was willing to try.

Wei Chengyuan closed his eyes and said in a low voice after a long time, "Okay, Xi Yue, I can agree to your own treatment plan. However, you must also promise me one thing."

"Say it." Hexi looked at Wei Chengyuan, and she felt the solemn and worried expression on the young man's face.

Chapter 1149: Xi Yue Cheating?

"Absolutely, absolutely must not let Little Yi die. Otherwise, I will be implicated and you may die along with me. If you can do that, then try it."

The remote and dilapidated courtyard of the academy is guarded by experts outside. If the young man in front of me dies, even I have to be buried with him?

However, this young man looks like he is not taken seriously, and he even suffered a lot.

What is really going on?

There was a thoughtful glimmer in Hexi's eyes, and she nodded slowly in agreement.

For the next 2 days, Hexi began her formal education at Heaven Medical Branch.

This kind of life was very foreign to Hexi and very interesting.

She had learned a lot as an assassin before, and her knowledge had already surpassed the students of her age, but she had never experienced the real student life.

But now, listening to the class with everyone in the classroom every day and receiving new knowledge made her feel wonderful and fresh.

The students assigned to the Heaven Medical Branch were the true geniuses of Miracle Healer Academy.

Among all the students, Xi Yue's cultivation was the lowest.

Therefore, in the past 2 days, people had always looked sideways at Xi Yue: What kind of genius and what kind of background can let a martial artist of the Foundation Establishment stage enter the Miracle Healer Academy? This has never happened before.

Moreover, Xi Yue's appearance was outstanding, which made many female students pay close attention to her. Even when the class was over, there were bold girls who invited Xi Yue to practice together next time.

However, on this day, when Hexi walked into the lecture room, she clearly felt the strange atmosphere.

Almost at the moment she appeared, everyone turned their eyes to her.

Unlike the eager, curious, and jealous eyes from before, everyone looked at her with contempt now.

She could even hear someone scolding her 'shameless' in a low voice.

Hexi raised her eyebrows. Before she could react, Wei Chengyuan, who was beside her, couldn't stand it any longer. He grabbed the person and said coldly, "What did you just say?"

It was this person who was calling Hexi shameless just now.

Wei Chengyuan's face was fierce, causing the man to tremble involuntarily.

Many people in Heaven Medical Branch already knew that Wei Chengyuan had a mysterious and special identity, and his strength was also very powerful.

But the man immediately came back to his senses and sneered, "I scolded some people for being shameless, so what? Am I wrong for stating the facts?"

"What do you mean by that?" Wei Chengyuan's face turned gloomy.

The man flicked away Wei Chengyuan's hand holding his clothes, and he smiled in a strange tone, "Junior Fellow Apprentice Wei, I advise you to stay away from the shameless person, so as not to be sullied by his reputation."

Wei Chengyuan's eyes turned cold, and he suddenly exuded a fierce aura, "Speak clearly, if you dare to slander Xi Yue indiscriminately, don't blame me for being rude!"

"Hmph! It's spread all over the academy now, Junior Fellow Apprentice Wei. Don't you know?" The man was not afraid at all. He glanced at Hexi contemptuously, and he sneered, "We originally thought that someone must be a genius to be able to enter the Miracle Healer Academy as a Foundation Establishment. Who knows, he isn't a genius at all. He simply passed the assessment through cheating. Wouldn't it be a slander for our Heaven Medical Branch to let such a scum stay in our Heaven Medical Branch?"

Wei Chengyuan was stunned for a moment, and the fierce aura dissipated a little, "You said Xi Yue cheated?"

[The King of Hell's Genius Pampered Wife](#)

Chapter 1150: Deceived

What the hell is going on here?

The man sneered, "If it's not him, who else would it be? Who else in the entire Miracle Healer Academy doesn't know about his scandal. Well, if you don't believe it, you can ask your peers who participated in the assessment with you. They will never lie to you right?"

The man pointed not far ahead.

There were 2 martial artists, He Jiang and He Jieyun, who participated in the entrance examination together with Xi Yue and Wei Chengyuan.

They originally went through the Heaven Medical Branch to the elder's office to get the materials, but they were called over by the students of the Heaven Medical Branch.

Seeing them, Wei Chengyuan immediately breathed a sigh of relief, "He Jiang, what is going on here? They said that there are rumors about Xi Yue cheating in the academy. You participated in the assessment together with Xi Yue, I believe you know her strength better than anyone else."

"Hmph!" He Jieyun snorted coldly and disdainfully. There was no more gratitude to Xi Yue in his eyes, "Xi Yue, I didn't expect you to be such a person. We are all deceived by you."

"Yeah, I really regarded you as my savior before, but I didn't expect you to be such a shameless person. It's all because of you that everyone in the same batch of our assessments are being laughed at. They said that we cheated just like you to get in. We are all dragged down by you!"

Wei Chengyuan was stunned for a moment, and he said in disbelief, "Why do you even say that? What happened? exactly"

He Jiang and He Jieyun all experienced life and death with Xi Yue in the Illusive Forest, and they have always been grateful for Xi Yue's life-saving grace. Why did their attitude suddenly change?

He Jiang gave Hexi a cold contempt before looking at Wei Chengyuan, "Brother Wei, there is something you probably don't know yet? During this time, Shengde Hall has released a kind of medicinal pill, called five spiritual pills. This five spiritual pill is a grade 4 best quality pill. Even in Shengde Hall, it is considered to be the rarest. However, this rare five spiritual pill is exactly the same as the spiritual healing pill that Xi Yue gave us in the secret realm. "

"So what?"

Wei Chengyuan knew about the existence of the five spiritual pill from Xi Yue, and he was the first to buy the five spiritual pill.

He Jieyun snorted coldly, "So what? These are grade 4 medicinal pills, which have never been seen before. Xi Yue is just a Foundation Establishment, how can he refine it?"

"Yes!" He Jiang nodded immediately, "Furthermore, for fear that Xi Yue has been wronged, some people have shown this kind of medicinal pills to the elders in the academy. The elders said that even they can't make them. They said that only grandmaster pill refiner can refine this best quality pill. Isn't that a clear fact?"

"The second round of the secret realm assessment stipulated that everyone can only bring things given by the academy into the Illusive Forest, but Xi Yue brought in such powerful medicinal pills. Isn't that because he cheated?"

Only then did Wei Chengyuan realize why the people of the Heaven Medical Branch had such an attitude to Xi Yue.

The people of Heaven Medical Branch have always been proud. They will envy the talented people, but they will not exclude them.

However, if they knew that someone is incompetent and enrolled by virtue of their relationship, they will naturally despise them to the end.

However, just because of such guesses and reasons, they said that Xi Yue cheated?
