### Chapter 1151: Can't Tell Right from Wrong

"Brother Wei, don't talk nonsense!" The Heaven Medical Branch's senior who had just argued with Wei Chengyuan sneered after hearing this, "Who doesn't know that the medicinal pills in Shengde Hall are made by Xi Yue's master. Even if the five spiritual pills are hers, it didn't mean that she could bring them into the secret realm. Otherwise, it will be unfair to everyone in the Miracle Healer Academy, don't you think so?"

He Jieyun immediately echoed, "Senior is right. Xi Yue can bring the five spiritual pill into the secret realm, who knows if he also brought other things in. How did he get a high score of over 900 in the second round of assessments? This is too unfair for us who are assigned to the lower branches!"

"That's right, such a person should be kicked out of Miracle Healer Academy, otherwise it's an insult to the entire academy!"

The entire Heaven Medical Branch burst into a loud discussion, and everyone looked at Hexi with rejection and contempt.

Wei Chengyuan's forehead burst with blue veins, and his eyes were full of anger.

Different from these people, he had totally acknowledged Xi Yue's ability.

Especially watching her treat Little Yi these past few days, she could clearly predict the symptoms of Little Yi before and after.

In the past, when Little Yi was sick, those doctors would always be horrified, then they were full of disgust. Only Xi Yue, who seemed to have expected it, even came up with a way to relieve the pain.

Little Yi's reliance on Xi Yue had reached the point of trusting her wholeheartedly because Xi Yue really kept her promise and treated him step by step. She didn't make him take those medicines that could make them suffer.

A disease that even a rank 9 doctor couldn't do anything about became as simple as chopping vegetables in the hands of Xi Yue. How could such a doctor be judged with common sense?

These people would one day regret their doubts!

Wei Chengyuan looked at He Jiang and He Jieyun coldly, "Don't forget, if it wasn't for Xi Yue, we would all die in the Illusive Forest, but now you're slandering her like this. Aren't you guys ungrateful?"

"Xi Yue's strength, you have also seen it with your own eyes. With the strength of the Foundation Establishment stage, he can resist rank 7 black bear alone. Why can't he refine the grade 4 medicinal pills? Apart from these, do you have other evidence?"

"Wei Chengyuan, don't simply slander us." He Jiang and He Jieyun were furious when Wei Chengyuan said them ungrateful, so they said angrily, "The facts are right before you, you still can't judge right from wrong. Why are you defending Xi Yue like this? Are you attracted by his good look?"

He Jieyun also glanced at Hexi contemptuously, then he looked at everyone in the Heaven Medical Branch and said loudly, "All the fellows of the Heaven Medical Branch, you must give us a testimony. Although we were admitted together with Xi Yue. we never cheat shamelessly. Although Xi Yue did save our lives, it did not offset the fact that Xi Yue cheated."

#### **Chapter 1152: Illusion**

Wei Chengyuan clenched his fists angrily. When he was about to make a move, he was pulled by Hexi.

Hexi looked at them with a half smile, then she said slowly, "Are you done talking nonsense? Please get lost if you are done. The class will start soon, please don't get in my way."

At the same time she said these words, a powerful coercion was unleashed from her.

Everyone present was in a state of daze, but they suddenly trembled all over.

The questions and insults that were about to blurt out suddenly got stuck in the throat because of fear.

They froze on the spot, not being able to move.

Almost everyone in Heaven Medical Branch was at the Gold Core Stage, and the worst was at the peak of Meridians Stage, but at this moment, they could only watch a Foundation Establishment young man walking past them and sat in the front row leisurely.

It was not until Hexi took her seat that everyone who had been shrouded in coercion came back to their senses.

He Jiang and He Jieyun, who had the lowest cultivation base, stumbled and sweated profusely because of fear as if they were just out of the water.

He Jiang murmured, "What... what happened just now?"

He Jieyun and him looked at each other, everyone in the Heaven Medical Branch was also full of confusion, no one could react to what happened.

Just at this moment, the elder who taught the lesson appeared at the corner.

Everyone's expressions changed slightly, and they dispersed and returned to their positions. He Jiang and He Jieyun also quickly left the Heaven Medical Branch.

Just after returning to the position, everyone's eyes couldn't help but look at Hexi.

Some were contemptuous, some were disgusted, and some were suspicious, wondering if the terrifying coercion just now was emanating from Xi Yue.

However, as soon as the idea came up, they immediately denied it.

What a joke, Xi Yue is only at the Foundation Establishment, how can he exude such a powerful coercion? It must be an illusion.

Since that day, Hexi had been excluded by Heaven Medical Branch, even the entire Miracle Healer Academy.

However, this had no effect on Hexi at all.

She was not good at communicating with others. Firstly, she entered the Miracle Healer Academy to find Wu Qi. Secondly, she wanted to systematically learn the technique of pill refining in this world.

Although she had studied the Overflowing Cauldron Pill Scripture herself, in fact, there were still many mysteries that couldn't be solved in pill refining. There were also many bottlenecks in cultivation, such as the use of the basic five elements spiritual power.

Miracle Healer Academy was obviously the best place for her to gain knowledge.

As for the gossip in the academy and the exclusion from others, she wouldn't be bothered by them.

Those who had the guts to provoke her were beaten up by her. Because they lost to a Foundation Establishment Stage, they were embarrassed to tell the others. So, they could only ruin her reputation in other ways.

In addition to classes and cultivation, Hexi spent the rest of the time treating the young man named Little Yi in the remote courtyard.

Hexi still didn't know the true identity of the young man, but she could feel that as Little Yi's condition got better and better under her treatment, the expert guards in the courtyard looked at her with flames in their eyes.

#### **Chapter 1153: Seduce**

The woman on the left had a beautiful face with a reserved and elegant smile. The woman on the right was also considered a beauty, but her skin was too dark. She looked unremarkable when she stood beside her.

They were Lu Zhixi and Ren Xueling.

Ren Xueling smirked and said, "Senior Sister, Xi Yue is definitely finished this time. Now the academy is filled with rumors that he cheated his way in. I heard that the Heaven Medical Branch's people have prepared to jointly sign a book and let Miracle Healer Academy kick Xi Yue out!"

Lu Zhixi smiled softly. She said with a calm and elegant voice, "Xue Ling, have you forgotten how Xi Yue seized every opportunity to turn things around when he was in Yongan City? Let's not jump to conclusions before things are settled. "

"Hmph, that was because he was lucky. But I don't believe that he can still be so lucky every time!" Ren Xueling snorted coldly, "Miracle Healer Academy has always been fairness and justice. It can't tolerate students' cheating and deception the most. Besides, it's not just the students who know about it now. Even the whole Miracle Healer City knows this rumor. If Xi Yue can still escape from this, it will be too unfair!"

Lu Zhixi smiled slightly, and a dim light flashed in her eyes.

At this moment, a group of students gathered to discuss not far ahead, and the discussion happened to be about Xi Yue's cheating.

"I didn't believe that someone dared to cheat. After all, the inspection of Miracle Healer Academy is so strict, and the punishment for cheating is so severe... But now it seems that this is a fact."

"Hmph, if Xi Yue was wronged, how could he not explain it. It's clear that he is guilty of being a thief, so he didn't dare to talk more!"

"How did he bring the five spiritual pill into the [Illusive Forest] though? I heard that he was obviously at the Foundation Establishment Stage, but he was able to compete with rank 7 magical beast. Did he also use some shady means?"

"Hehe, you don't know yet, right? I've heard that Xi Yue used his beauty to seduce someone big, then he found a way to cheat."

"No way!" Someone exclaimed in disbelief, "Although Xi Yue is beautiful, he is a man after all. How could he do such a thing?"

"Why is it impossible?" The person who broke the news earlier had a wretched and contemptuous expression on his face, "With Xi Yue's face, you dare to say that if he seduces people, others will not be tempted? Let alone an ordinary woman, even the first beauty of the academy, Fairy Zhixi, isn't as pretty as him. If he really seduces someone big in the academy, he will definitely succeed."

"What's more, there is still something you don't know. Xi Yue was a lowly person who seduced others. The fearsome King of Hell in the Jin Ling Kingdom is fascinated by him. I heard that he didn't hesitate to offend the Feng Family for him!"

"Huh?! No way right? I didn't expect this handsome Xi Yue is actually so rotten inside. Don't he feel embarrassed for having a man-man relationship? He actually dares to embarrass himself in the Miracle Healer Academy!"

"Hmph! So we must not let this kind of person stay in Miracle Healer Academy, otherwise the reputation of our Miracle Healer Academy for thousands of years will be destroyed in the hands of Xi Yue!"

"That's right, we're going to unite the upper 4 branches and lower 4 branches to expel Xi Yue out of the academy!"

### **[The King of Hell's Genius Pampered Wife](#)**

#### **Chapter 1154: Not As Beautiful As Him**

Ren Xueling was very excited. She grabbed Lu Zhixi's hand and said excitedly, "Senior sister, did you see this? Xi Yue is doomed this time. He will be expelled from Miracle Healer Academy with the reputation of cheating and seducing men. Even if he is still alive, his life will be ruined."

Ren Xueling talked for a long time, but she found that Lu Zhixi had a gloomy expression and didn't speak for a long time.

Ren Xueling couldn't help but whispered twice, "Senior Sister, Senior Sister?"

Lu Zhixi let out a breath slowly, then she said lightly after a long while, "You should tell Elder Qin and Chen Jiancheng about the petition, then call Cai Yu to the office of the Academy Student Council. Tell him that I have something to discuss with him."

Ren Xueling immediately smiled and said, "Okay, Senior Sister, I'll do it now! Elder Qin can't wait to sweep Xi Yue out of the academy. Haha, there will be a good show this time."

Ren Xueling said and left in a hurry, leaving Lu Zhixi standing alone. She squinted sinisterly and unwillingly.

The words that the students just said were still echoing in her mind,

—Let alone an ordinary woman, even the first beauty of the academy, Fairy Zhixi, isn't as pretty as him.

—The fearsome King of Hell in the Jin Ling Kingdom is fascinated by him. I heard that he didn't hesitate to offend the Feng Family for him!

Xi Yue! Xi Yue! How can he compare with me?

Which part of him is better than me?!

Isn't it just that face? Isn't it because of the face that makes that person remember him?

However, soon... neither this person nor this face will exist.

Lu Zhixi took a deep breath and quickly adjusted the twisted expression on her face into a pure and elegant smile before slowly walking toward the building of the Academy Student Council.

A huge storm was about to set off in Miracle Healer Academy; at this time, in the remote and uninhabited courtyard of the academy, there was also a huge commotion.

Wei Chengyuan excitedly pulled the young man and checked him up and down, and his voice trembled slightly, "Little Yi, are you sure you are really cured? It didn't relapse again?"

Zhang Yi's eyes shone brightly. If looking closely, one could see that his eyes were flushed, and his whole body trembled slightly because of excitement.

He choked and said, "Yes, Brother Wei, my disease used to trigger every few hours, but ever since Brother Xi Yue treated me, I have not been sick for 2 days. I... I didn't turn into the disgusting and ugly look for 2 days!"

Wei Chengyuan took a deep breath and calmed down his inner excitement.

Originally, he never held any hope. He just heard that Xi Yue's medical skills were very good, and he was good at treating intractable diseases, so he wanted to try it out.

Unexpectedly, Zhang Yi was really cured!

Wei Chengyuan was about to speak when a figure suddenly flashed in front of him, and the expert guard from the side courtyard appeared in front of them.

Beside this guard, there was also an old man with white hair and beard.

The guard pointed at Zhang Yi and said, "Look carefully to see if his illness is really cured!"

When the white-haired old man heard this, he did not dare to neglect at all. He quickly released pure water spiritual power into Zhang Yi's body.

Wei Chengyuan was shocked to find that the water spiritual power cast by the white-haired old man was very thick and pure. He was at least a rank 9 doctor.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1155: He Can't Go**

The white-haired old man checked for a while with a frown, then his eyes widened gradually in disbelief.

"How is it possible? How is it possible? It is really cured!"

The old man murmured, getting more and more excited and louder, "How was it cured? Tell me how it was cured? Where is the one who cured him? Is that you?"

The old man looked at Wei Chengyuan with gleaming eyes.

Wei Chengyuan shook his head quickly, "Someone else cured Little Yi."

The expert guard was equally excited, but he did not show it. He said solemnly to the white-haired old man, "Doctor Min, I want to take this person to see master immediately. Please come with us."

"Of course! Of course!" Hearing the expert guard mentioning his master, the white-haired old man immediately showed a respectful look and hurriedly bowed, "His Honor must be in a hurry, let's go over immediately. But the doctor who cured the disease..."

The expert guard looked at Wei Chengyuan, and he hurriedly said, "As long as it is confirmed that Xi Yue's treatment plan is correct, I will immediately take him to see His Honor."

The expert guard nodded with satisfaction and smiled slowly, "If he is really cured, we will never forget the credit of your Wei family and Miracle Healer Academy."

Wei Chengyuan suddenly whispered, "There is just something to tell Guard Lin, Xi Yue... He is being challenged and questioned by other students for some reasons, and he will probably be expelled from the academy."

"Expelled from the academy?" The expert guard narrowed his eyes slightly and snorted coldly, "No one has ever been able to send away the person we want. Don't worry, he can't leave."

The meaning of this sentence was that they would let Xi Yue stay at Miracle Healer Academy, but it did not mean that they would help her more. After all, the real test of His Honor for Xi Yue had not yet officially started.

Wei Chengyuan didn't dare to say more and just bowed his head respectfully.

The expert guard didn't say much. He grabbed the white-haired old man and Zhang Yi, and they disappeared in the side courtyard in an instant.

The whole academy was boycotting Hexi, but Hexi felt that the day was enjoyable and undisturbed. She was even able to learn new knowledge, which made her feel comfortable and fulfilled.

The course today happened to explain the earth spiritual power.

Hexi had always been more proficient in using fire spiritual power and water spiritual power, but she had little understanding of gold spiritual power and earth spiritual power. As for wood spiritual power, she knew that it was a taboo in the Miluo Continent, so she didn't expect it to have progression in a short time.

So the class about the earth spiritual power was exactly what she is most interested in.

But today, as soon as Hexi entered the classroom, she heard a burst of laughter from the students inside.

The usual whispers had turned into unbridled ridicule today.

"Look, the shameless man is here again!" The man spoke in a very loud voice as if he was talking to Xi Yue on purpose.

"This person is really annoying. He even has the face to stay after his true identity was exposed. If it were me, I would have left."

"Hehe, if you have the face to do those things, you might become a genius that everyone praises. Someone is just different from those of us who have been admitted to Heaven Medical Branch by our own strength!"

"But we shall see, someone won't be here for a long time!"

Hexi walked through the crowd with a blank face, ignoring them.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1156: Get Lost!**

However, when she wanted to find an empty seat to sit down, she was immediately stopped by someone with a sneer, "Sorry, there is someone here."

She changed 2 places in a row, but there were people stopping her too.

When she got to the third place, it was still the same. A student from the Gold Core Stage raised his foot and crossed the position where Hexi was going to sit, and he said coldly, "Sorry, there is already someone here. I don't want to sit with such a shameless and despicable person like you. I'm afraid my level will be dragged down by you."

Very good, it seems that they are indeed targeting me.

Hexi raised her slender eyebrows and looked at the Gold Core Stage student coldly, "Go away!"

In an instant, a pressing aura emanated from Hexi's body.

The student couldn't help but shudder. Even the foot that was originally resting on the position shook.

But soon after, he became more infuriated for being reprimanded by a kid from the Foundation Establishment Stage, "Who are you to command me?"

Hexi looked at him with icy and cold eyes as if looking at a dead object, "I'll say it again, get lost! Don't make me say it a third time!"

The student of Gold Core Stage burst out laughing, "What are you? You dare to tell me to get lost? Don't think that you can show off your power in front of me with a pretty face. If you are still arrogant, don't blame me..."

However, before he finished speaking, he was suddenly grabbed by the collar and got thrown out.

"Bang", the student fell to the ground, knocking over many tables and chairs.

Fortunately, the tables and chairs in this Miracle Healer Academy were specially made, so even if they were chopped with a flying sword, they would not be broken.

But also because of this, this Gold Core Stage student was knocked into a daze without any precautions. He almost vomited blood.

For a while, the entire classroom was silent.

Until the Gold Core Stage student let out a painful groan and said, "Xi Yue, you... you dare to hurt me..."

Everyone reacted and glared at Xi Yue.

"Xi Yue, you are really out of control. How dare you attack the senior of the same branch!"

"That's right, don't think that you can show off your power if you have a backer. If I don't show you some dominance today, you really think we are easy to bully?"

"Let's go together and let this bitch taste some punches! Let him know that our Heaven Medical Branch can't get in by cheating!"

Every student in the Heaven Medical Branch was outraged and glared at Hexi.

Hexi sneered without the slightest fear on her face. The purple whip loomed in her hand.

In this tense atmosphere, a stern shout came from outside the door, "What are you all doing?!"

This stern shout carried a powerful spiritual power pressure. It was the pressure of the Nascent Soul Stage. All the students were shocked, and they quickly stopped.

The whole class was quiet again for a while.

The Gold Core Stage student who was thrown out by Xi Yue stood up limping, walked up to the teacher and said angrily, "Elder Fu, please don't blame everyone. It's Xi Yue's fault. He just attacked me in a despicable sneak attack, and he was disrespectful to everyone in the Heaven Medical Branch, so everyone wanted to teach him a lesson."

"Yes, Elder Fu, I don't know if you have heard the rumors in the academy. Xi Yue got into the Miracle Healer Academy by cheating. We are ashamed to be in the company of such people."

[The King of Hell's Genius Pampered Wife](#)

**Chapter 1157: Arrogant**

“Yeah! If shameless people like Xi Yue can get into Heaven Medical Branch, then what are those of us who worked hard to get in?”

Everyone started crusade against Hexi. They unanimously expressed their unwillingness to be in the same class with Xi Yue.

Someone glared at Xi Yue and suddenly shouted, “Cheater, get out, we Heaven Medical Branch don’t welcome you!”

“Yes, get out!”

“Get out–!”

“Get out–!”

Elder Fu looked at Hexi with icy eyes.

He had also participated in this entrance examination, and he had also heard the rumors circulating in the academy.

In fact, he felt that those rumors were not groundless.

He supported Elder Qin’s point of view at the time, believing that this person must have used some improper means to have such performance.

Otherwise, if a martial artist of the Foundation Establishment Stage could have such a strong strength, wouldn’t it defy the natural law?

So, he said solemnly, “Xi Yue, you go out first! You don’t have to attend this class!”

Hexi also stood up at this time.

Although she was usually cold and arrogant, she still respected the teacher.

However, Elder Fu’s words turned her respect into a sneer, “Why?”

“Just because you cheated in here!” Elder Fu said gloomily, “Our Miracle Healer Academy has always been fair and valued the talents. We hated the people who outsmart themselves and are stubborn. My class doesn’t welcome people like you!”

Hexi was not angry at this time, but she sat down again with a half-smile, “Oh? Why don’t I remember that there is a rule in Miracle Healer Academy that the tutor can drive out the students who did not make mistakes? You said that I cheated, so what is the evidence? I haven’t even complained you for slandering me!”

Elder Fu was speechless for a while.

Yes, just based on rumors, Hexi couldn’t be convicted. If she was not guilty, he couldn’t stop her from attending the class.

The Gold Core Stage student who was injured by Hexi immediately said angrily, “You just injured me, isn’t it a mistake? Get out of here immediately?”

“Are you sure you want to convict me of this kind of crime?” Hexi smiled and appeared in front of the Gold Core Stage student in a flash, “Aren’t you Gold Core Stage? Because you lose to a Foundation Establishment Stage, you want to kick me out of the class? Don’t you feel shame for it?”

The Gold Core Stage student stared stiffly at the dagger in Hexi’s slender fingers. The sharp edge of the dagger was sticking to his neck at this moment as if it would cut his throat with a slight force.

Seeing that the student was so frightened that his whole body was trembling, Hexi smiled and returned to her seat.

She glanced at Elder Fu and everyone, “Now, can we start the class?”

Elder Fu’s face was ashen.

I have always been respected in the academy, and no one has ever dared to speak to me so arrogantly as Xi Yue.

If such a student is allowed to stay at Miracle Healer Academy and Heaven Medical Branch, wouldn’t it be a huge problem?!

Elder Fu was about to unleash the coercion of Nascent Soul Stage when he heard a student sneered, “Xi Yue, you can only be arrogant for a while. The petition signed by the students of 8 branches has been submitted to the elders through the Academy Student Council.”

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1158: Evidence**

“Once the Elder Council accepts our proposal, you will be expelled from Miracle Healer Academy immediately. I’ll see how arrogant you are then!”

As soon as this person’s words came out, a cheerful smile appeared on everyone’s face.

Even the Gold Core Stage student who had been ridiculed by Hexi looked at Hexi with a gloat, “In the Academy Student Council, someone already has conclusive evidence to prove that you passed the second assessment by cheating, plus the testimony of your inspector, Deputy President Cai Yu, your expulsion is a definite fact.”

“Hehe, Elder Fu, take pity on him and let him listen to the last class! Maybe Xi Yue will soon leave Miracle Healer Academy dejectedly.”

“Hahahaha..”

Everyone burst into laughter and said words of pity, but their smiles and words at Hexi were full of malice.

Elder Fu also felt delighted after venting his anger, then he started the class.

Hexi squinted slightly.

They have evidence to kick me out of the Miracle Healer Academy? Hehe, I really want to see what evidence do they have.

Miracle Healer Academy, the Elder Council.

Lu Zhixi, Cai Yu, and Ren Xueling were all sitting in the outer hall, looking at the scene inside from time to time.

Ren Xueling couldn't help standing up and said anxiously, "Elder Qin has been in for a while, is there a conclusion yet? Xi Yue, that bitch cheating is an obvious thing, is there a need to discuss? Shouldn't he be expelled immediately?"

Lu Zhixi glanced at Cai Yu who had a pale face, and she said softly, "Xue Ling, whether Xi Yue is guilty or not, the elders will naturally have a fair and just conclusion, so don't worry about it."

As she said that, she smiled at Cai Yu intentionally, "This time, thanks to your testimony, Cai Yu. Otherwise, no matter how powerful the rumors are, the academy can't deal with Xi Yue without any solid evidence."

Ren Xueling said with a smile, "Yeah! Brother Cai Yu, fortunately you are Xi Yue's invigilator, otherwise we will be fooled by this bitch!"

Cai Yu's face was pale and haggard, and he didn't show any joy after listening to Lu Zhixi and Ren Xueling's words.

His eyelashes drooped down, concealing the guilty conscience in it.

This was the first time he had done something against his conscience and told lies that hurt others. The suffering in his heart almost drove him crazy.

But.....

Cai Yu raised his head and glanced at Lu Zhixi.

For Zhixi, for my goddess, I have to do this. I must not let Xi Yue hurt Lu Zhixi.

When Ren Xueling was about to say more, the door was suddenly pushed open. Elder Qin and another middle-aged man with bright eyes walked out slowly.

Lu Zhixi's eyes swept away, seeing the joy that could not be hidden in Elder Qin's eyes, and she immediately knew the results.

They bowed to Elder Qin and the middle-aged man, "Deputy Dean Jiang, Elder Qin, is there a conclusion on Xi Yue's expulsion?"

The middle-aged man handed back the signed book in his hand to Lu Zhixi, then he smiled lightly, "Although the fact that Xi Yue cheated has not been fully concluded, since other students in the academy reject him so much, the existence of Xi Yue also affects the normal teaching and training. Therefore, after consultation with other members of the Elder Council, it is decided..."

Before the middle-aged man could finish his words, a figure hurried in.

[The King of Hell's Genius Pampered Wife](#)

**Chapter 1159: Fail in the End**

This person was the middle-aged man's confidant. After he came in, he didn't even look at Lu Zhixi and the other 2, and he went straight to the middle-aged man and whispered a few words in his ear.

The middle-aged man's face changed greatly, and he said in disbelief, "Is that true?"

"It's absolutely true!" The man said intently, "Now the order from above will be delivered soon."

The middle-aged man showed a look of fear for a while, then nodded toward his subordinate and said, "Okay! Good! Your news is too timely."

The subordinate quickly retreated, and Lu Zhixi had a bad premonition after looking at the middle-aged man's expression.

The middle-aged man let out a low cough and continued the topic with his expression unchanged, "Although there is something wrong with Xi Yue, since he has entered my Miracle Healer Academy, it means that he is a member of our Miracle Healer Academy. Xi Yue is still young, if he did something wrong, you seniors should be more tolerant."

Ren Xueling's eyes widened as she said in disbelief, "What? This... what does this mean?!"

Elder Qin was also shocked, "Deputy Dean Jiang, did we just agree..."

"Agree on what?" The middle-aged man said lightly without the slightest guilt on his face, "Okay, there is no need to talk about this matter anymore. Since Xi Yue has entered the Miracle Healer Academy, it is absolutely impossible to drive her out. "

"But he was clearly cheating to get in!"

The middle-aged man's face turned gloomy. There was already impatience in his eyes, "Since he cheated, why didn't Elder Qin see through it during the assessment? Cai Yu didn't see through it? Why are you bringing it up now? You want me to investigate your negligence in the assessment?"

The words of the middle-aged man suddenly changed the expressions of the 4.

Lu Zhixi pursed her lips tightly and clenched her hands.

The middle-aged man waved his hand and said, "Okay, this matter is settled. Take this book back and destroy it. I don't want to see this kind of thing appearing in the academy again."

Seeing the middle-aged man disappear behind the door, Lu Zhixi only felt a pain in her palm; she actually wounded her palm with her nails.

Just a little bit, just a little that I can completely ruin Xi Yue's reputation and chase him out of Miracle Healer Academy.

Why did it fail in the end?

Soon, the news that Xi Yue received support from the superior had spread throughout the academy.

The entire Miracle Healer Academy was in a huge commotion.

Why Miracle Healer Academy made everyone yearn, not only because of its strength and resources but also because of its fairness and justice.

No matter how strong the students' backgrounds and families were, if they wanted to enter the academy, they had to rely on their own strength to be admitted.

Therefore, everyone who entered Miracle Healer Academy had their own pride and self-confidence.

But now, there was a scum in Miracle Healer Academy, who could run amok in Miracle Healer Academy just because he had the protection from the superior.

How could they tolerate this kind of thing?

For the next day, all the students at Heaven Medical Branch refused to attend classes and went to the branch's office to protest.

They would never accept being classmates with a cheater like Xi Yue.

Dean Li of Heaven Medical Branch had always been upright and had a personality that couldn't tolerate unjust.

After listening to the students' words, his disgust for Xi Yue also reached its peak.

### **Chapter 1160: Expelled from Heaven Medical Branch**

Therefore, even if the attitude above was ambiguous, even if they tried to keep Xi Yue in the academy.

He still declared in the square of Miracle Healer Academy in front of the protesters, "I, Li Chengqun, announce in the name of Heaven Medical Branch Dean that Xi Yue will be expelled from Heaven Medical Branch."

There was an uproar among the students in the Heaven Medical Branch below, and cheers erupted one after another in the square.

Someone shouted, "Xi Yue get out!"

Someone shouted, "Long live Dean Li!"

Not far from the square, Hexi watched this scene with a squint.

Suddenly, a woman's arrogant laughter came from her ear, "Hahaha, Xi Yue, even if you seduce a big shot with your looks to let you stay in the Miracle Healer Academy, is that worth? Now you have been expelled by Heaven Medical Branch, in Miracle Healer Academy, you're all alone. Without a place to attend classes, and not even a place to live, I want to see how many days you can stay in the academy."

Hexi turned around and quickly met Ren Xueling's mocking face and Lu Zhixi's deep eyes.

She sneered with a bright and gentle smile, "Ren Xueling, you really forgot your own painful lesson!"

As soon as she finished speaking, she disappeared with a flicker.

Ren Xueling only felt a sharp pain in her left cheek, then she spat a mouthful of blood that mixed with a tooth.

Lu Zhixi, who was beside Ren Xueling, was stretching out her hand in a funny way as if she wanted to stop something, but because there was only air in front of her, her movements looked very strange.

Lu Zhixi's beautiful eyes stared at Hexi like she was looking at some kind of monster.

Just as she realized that Xi Yue would attack Ren Xueling and she had prepared to defend in advance, but her Gold Core Stage cultivation actually couldn't see Xi Yue's movement clearly.

Ren Xueling's painful face distorted. As she wanted to scream, Hexi said coldly, "If you say 1 more word, I will knock out 1 more tooth from you. If you finish 1 sentence, I will guarantee that your teeth will all be gone in the next moment."

Ren Xueling shuddered being glared at by her cold gaze. She couldn't a single word for a while.

Lu Zhixi's face was also ashen. The jealousy and unwillingness in her heart were slowly replaced by killing intent.

Li Chengqun, who had just announced the expulsion order, also walked toward Hexi.

He looked at Hexi with contempt and disgust in his eyes, and he said coldly, "Xi Yue, did you hear what I just said? I'll give you one day to move out from the No. 1 Dormitory, and don't let me see you again in the Heaven Medical Branch. We Heaven Medical Branch don't welcome you!"

Hexi sneered, but before she could speak, Lu Zhixi took a step forward, looking worried, "Dean Li, you expelled Xi Yue from Heaven Medical Branch, where should he go next?"

Saying that, the pair of beautiful eyes swept over the elders of other branches who were watching the excitement, "Xi Yue is also a student of Miracle Healer Academy after all, so he has to attend class and has a place to live right? Which branch would like to accept Xi Yue?"

As soon as Lu Zhixi said this, the elders or deans of the other branches who were present immediately stepped back, looking as if they were terrified to accept her.

Dean Li sneered, "Such shameless and incompetent student who cheated his way in, which branch would want him? Wouldn't it be embarrassing for the branch? Zhixi, only you will speak up for this kind of person."
