Chapter 1161: I Want You

Lu Zhixi frowned, looked at Hexi pitifully and worriedly, and said in a low voice, "But if this is the case, wouldn't it be harder for Xi Yue to stay in this academy than to be expelled from the academy?"

"Hahaha... Isn't this just right? Anyway, what he is good at is not cultivation and studying medicine, but selling his looks and bootlicking the big shot. Now that he has been expelled from the branch, isn't it a good chance for him to fortify his pamper?"

"Anyway, don't come to our branch. I don't want to be in the company of such a person!"

"See, he still has the face to stand here. If it is me, I would have begged the academy to expel me!"

"Xi Yue, just give up. No branch will want you at all, hahaha..."

Everyone was laughing at Xi Yue, who was on the side, but suddenly a deep voice came from not far away, "Tsk tsk, such a good seedling, such a potential young man, you all actually don't want him? That's great. I didn't expect such a good seedling to come to our branch. This is really a huge bargain for me. Hahaha..."

Everyone looked in the direction of the voice, and they saw a messy-looking old man staring at Xi Yue with scorching eyes. He walked toward her quickly.

His face was filled with joy, Without waiting for Hexi to respond, he grabbed her wrist, "Little young man, they don't want you, I want you. Why don't you come to our branch!?"

There was silence in the square, and Lu Zhixi's face distorted.

At this time, someone in the crowd shouted in a low voice, "It's Dean Zeng from the Huang Medical Branch!"

The Huang Medical Branch was the lowest level branch of the entire Miracle Healer Academy. It could also be said to be a concentration camp for the poor students and garbage of the entire academy.

However, no matter how bad the Huang Medical Branch was, they would not want Xi Yue to go in.

Dean Zeng even said that Xi Yue was a good seedling! This was simply absurd!

Hexi looked at Zeng Shouyue up and down. This man had the cultivation of Nascent Soul later stage, and his aura was pure and gentle. It seemed that he was the most suitable to be a doctor.

She glanced at Zeng Shouyue's hands, which were stained with the smell of herbs. The smell was very thick. It seemed that he invested many times in refining pill.

It was just strange that there was a looming black air on Zeng Shouyue's body, which seemed to be devouring his pure aura.

However, these had nothing to do with Hexi. She had only 2 purposes in Miracle Healer Academy, which were to find Wu Qi and to learn pill refining.

She smiled slightly and said without hesitation, “Okay!”

Zeng Shouyue was overjoyed immediately as he held Hexi’s hand.

However, Lu Zhixi suddenly stepped forward and said worriedly, “Dean Zeng, you are willing to take in Xi Yue, is it because some big shot protects him, so you want to keep him in the Huang Medical Branch, so as to increase the bargaining power of the Huang Medical Branch. There is nothing wrong with your behavior, but if Xi Yue finds out in the future, I’m afraid it will break his heart!”

As soon as Lu Zhixi said these words, everyone’s eyes on Zeng Dean suddenly became a little subtle.

Everyone knew that the Huang Medical Branch was the worst branch of the Miracle Healer Academy. Whether it was the pill cauldron, the array, the medicinal pills or crystal stones provided to students every year, they were all the lowest.

It turns out that Dean Zeng takes in Xi Yue because he knew that there is someone behind him, so he wants to gain power for Huang Medical Branch!

Chapter 1162: Say Clearly

He knows that Xi Yue is using his appearance as an advantage (Everyone already buys this rumor), but he still wants to take her in. Isn’t this too contemptible?

Zeng Shouyue heard what Lu Zhixi meant, but he was not angry. He said with a cold smile instead, “Student Lu doesn’t have to worry about the reason I recruit Xi Yue. As for whether Xi Yue has the strength or not, I believe Cai Yu, beside you, knows better than everyone else. Hehe, or I can suspect that, Lu Zhixi you said those words because you are afraid that Xi Yue’s talent and strength will surpass you one day!”

“You—!” Lu Zhixi’s face suddenly turned gloomy and livid. She never thought that Zeng Shouyue would not give her face and humiliated her like this in public.

After Zeng Shouyue said these words, he didn’t even look at her, and he was about to leave with Hexi.

Hexi stopped and smiled coldly, “Wait a minute, although I’m not going to stay at Heaven Medical Branch, I need to make myself clear with something.”

As she said that, she turned to look at Li Chengqun and said slowly, “Dean Li, you just said you wanted to expel me from Heaven Medical Branch, what is the reason? I don’t remember that students who didn’t make mistakes can be arbitrarily expelled from the branch.”

Li Chengqun’s face turned gloomy. He said angrily, “Didn’t make a mistake? You have the face to say such a thing? It is obvious that you cheated your way into the Miracle Healer Academy. Our Heaven Medical Branch people despised you and expelled you from the branch. What’s wrong with that?”

Hexi’s smile suddenly turned cold, and her eyes were like sharp knives, “Dean Li, you can’t slander indiscriminately. You said that I cheated my way into enter Miracle Healer Academy. Do you have any evidence?”

“Evidence... evidence? What other evidence is needed? Who in the entire Miracle Healer Academy doesn’t know...”

“That means Dean Li has no evidence?” Hexi squinted and said slowly, “I remember that Miracle Healer Academy has regulations to protect the students. If you slander a promising student for no reason, your punishment will not be light. Dean Li, let me ask again, do you have evidence in your hands to prove that I cheated? If not, I will have to submit this matter to the Elder Council for arbitration!”

Li Chengqun was a little stunned all of a sudden, and the anger on his face turned into astonishment.

He thought that since Xi Yue came in by cheating, he would definitely feel guilty. Who knew that Xi Yue was still so confident. Is it because he knows that his cheating will not be discovered?

Thinking of this, Li Chengqun’s face flashed with anger. He said coldly, “Elder Qin of this year’s entrance examination can testify this. He is your chief invigilator. Could it be that what he said could be wrong?”

“Oh? Since it was said by Elder Qin, let him show me the evidence!” Hexi turned her gaze at Elder Qin who was not far away.

As expected, Elder Qin was watching the excitement along with Chen Jiancheng and all the candidates who participated in the same assessment as Hexi.

Hexi smirked and grinned, “It seems that there is no need for Dean Li to invite Elder Qin. I heard that you are the one who proved that I cheated in the second assessment?”

Elder Qin was questioned by Hexi, but he didn’t appear guilty and flustered at all. Instead, he walked forward slowly.

While walking, the pair of falcon-like eyes stared at Hexi coldly, “If you don’t want people to know, you shouldn’t do it. Xi Yue, since you did it, don’t be afraid of letting people know.”

Chapter 1163: Image

With that said, he looked around and said slowly, “I didn’t want to be so ruthless. I hoped that you can make a change and reform. However, Xi Yue didn’t seem to repent, but you have become even worse. Don’t blame me for revealing your true face in front of everyone.”

Hexi’s eyes squinted slightly, and she had already guessed what Elder Qin was going to do.

Sure enough, Elder Qin quickly took out the recording stone and activated it.

The video soon started playing. When it was all over, the audience was in an uproar. Their eyes looking at Hexi were filled with anger.

The image that Elder Qin showed was very short. The first segment was that Xi Yue was separating from the team; the second segment was that when Wang Hai was being chased by poison spiritual bee, Xi Yue stood by and watched; the third segment was that before fighting the black bear, Xi Yue took out a bunch of medicinal pills and distributed them to everyone; the fourth segment was the battle between Xi Yue and black bear. Her strength was astounding.

Elder Qin took back the recording stone and sneered, “Xi Yue, you are just at the Foundation Establishment Stage. You couldn’t even survive in the [Illusive Forest] at all, so why did you want to separate from everyone? Haha, because you had hidden medicinal pills on you and you don’t want other teammates to know right? That’s the first doubt.”

“When Wang Hai was chased by poison spiritual bee, you stood by because you had no ability to deal with the poisonous spiritual bee. However, when you faced the black bear, you suddenly had the strength to fight against rank 7 magical beast. This proves that you are either insidious or you are not competent enough. This is the second doubt. “

“Before the battle with black bear, you suddenly gave everyone medicinal pills, and they were even the best quality spiritual pill, which is not something you can make with your current strength. Your invigilator Cai Yu said that he watched you all the way, but he didn’t see you refine the pills. So where did you get these medicinal pills? This is the third doubt.”

“The last point, and the most incredible thing to me, is that you are only at the Foundation Establishment Stage, but you could actually fight against the black bear. Some people even say that you were swallowed by the black bear, but you could still escape? This was hard to understand for us, but now that all the doubts are compared, it becomes clear. You took medicinal pills that improved your cultivation for a short period of time, so your strength skyrocketed. You clearly brought these medicinal pills into the secret realm.”

After Elder Qin said this, a smug smile appeared on his face, “Xi Yue, you think that because of the rank 7 magical beast, many recording stones have been destroyed, so we have no evidence to prove that you cheated. You didn’t expect that we could recover these few images right? How do you explain this now?”

In the crowd, Chen Jiancheng also stood up and said, “Among all the people present, only I and Xi Yue were on the same team. I saw Wang Hai’s death with my own eyes, so I can swear that the image is true. Xi Yue has no real talent at all. He passed the second assessment entirely by cheating!”

The words of Elder Qin and Chen Jiancheng were well-founded, so everyone was more certain that Xi Yue must have cheated in the assessment.

He obviously cheated his way in, but he didn’t feel guilty at all. He is even arrogant.

Moreover, in the second image, Xi Yue even let his teammate die. Such a sinister person dares to stay in Miracle Healer Academy so arrogantly, this is so unbearable.

Chapter 1164: Fight Me If You Aren’t Convinced

However, Hexi laughed slowly as if the images she saw was just a joke.

“Oh, it turns out that Elder Qin, you suspect me of cheating because I’m at the Foundation Establishment stage, so I’m not capable of doing these? Am I right?”

Elder Qin said coldly, “Is it not? You can compete with rank 7 magical beast with just the strength of the Foundation Establishment Stage. If you didn’t take any secret medicine, who would believe it? You are only at the Foundation Establishment Stage, can you refine the medicinal pills yourself? They were even the grade 4 five spiritual pill. Hehe, you dare to say that you are not cheating?”

Hexi brushed the hair on her temples and said leisurely, "In this way, the matter is very simple. It just happened that all the people who participated in the assessment that day, except Wei Chengyuan, were present. Didn't you all say that my strength is buffed by secret medicine? If who isn't convinced, come and fight me! Or, you can all fight me together!"

Because of Hexi's words, everyone's eyes turned to the people who took the same assessment with Hexi.

Among these 9 people, 5 were Gold Core Stage, 4 were Meridians Stage; all of them were Meridians Stage peak stage.

Dealing with a Foundation Establishment Stage Xi Yue was an easy task.

However, the 9 people, who had competed with Hexi, were timid inexplicably seeing the young man in front of them.

Among them, Han Qianer, who had the most beautiful appearance and the most profound cultivation, frowned and took a step back without a trace.

Hexi turned her eyes to Chen Jiancheng, "Didn't you say that my strength isn't real? Since that's the case, you can go first."

There was a hint of fear in his eyes.

However, when his eyes met Feng Yunqing's obscure gaze, he was certain.

He swallowed a medicinal pill without being noticed, then he took a deep breath and walked to Hexi in a few steps, "Okay, Xi Yue, if you hadn't provoked the poisonous spiritual bee and turned them against us. Wang Hai wouldn't die. I will teach you a lesson for Wang Hai in heaven!"

As he said that, he sneered. Looking at Xi Yue's weak body, his confidence grew stronger and stronger, "But let's make it clear first, the power is uncontrollable. If there is any damage during the fight, don't blame me."

Hexi smiled and said, "Same here!"

At this time, Chen Jiancheng had already felt the majestic power in his body.

Feng Yunqing had told him that this kind of medicinal pill would give him great power in a short period of time, even reaching the level of Pseudo Gold Core Stage.

Even if Xi Yue is really capable, can he still compete against the Gold Core Stage?

Today, I will kill him in front of everyone!

Chen Jiancheng's spiritual power suddenly soared, and a solid flame in his hand suddenly grew larger, turning him into a fireball as he charged toward Hexi.

In the academy, it was not allowed to fight with spells, but if it was allowed by the dean and the deputy dean, it would be another matter.

At this time, the powerful spiritual power that erupted from Chen Jiancheng's body and the scorching power of his fireball made everyone look at him differently.

Unexpectedly, this person, who was only at the Meridians Stage, had such strength.

Many people looked at Xi Yue with pity and gloat.

He can only blame himself for overestimating himself. Now that he is about to die, what's the point of staying in the academy?

Chapter 1165: Regardless of Life or Death

Hexi felt interested in her mind when Chen Jiancheng was rushing toward her.

Just now, Elder Qin said that I relied on the secret medicine to improve my spiritual power in a short time. This Chen Jiancheng used such a method.

Chen Jiancheng's identity and background are just ordinary, so how did he get this secret medicine?

As she thought, her expression did not change in the slightest.

Just as Chen Jiancheng approached her, she rose up into the air and fell suddenly.

"Ah—!" Chen Jiancheng let out a shrill cry, then everyone heard a loud "bang".

These noises stunned everyone.

When everyone came back to their senses, they found that Hexi had stepped on Chen Jiancheng under his feet. Chen Jiancheng, whose chest was sunken and several ribs were broken, was wailing like a pig. His overbearing momentum just now had all gone.

The square fell into a strange silence for a while.

Everyone watched this scene in disbelief. Everyone saw it when Chen Jiancheng launched the fire attribute spell just now.

The momentum was so shocking that many students felt that even they could only resist it with a cost.

But Xi Yue easily avoided such an attack.

Elder Qin's face was ugly. There was a trace of panic in his eyes. He didn't expect that Xi Yue actually had some skills. There were indeed cases that the Foundation Establishment Stage cultivator could beat the Meridians Stage, but such cases were really rare.

"Xi Yue, how can you be so vicious? It's just a practice match, you actually hurt Chen Jiancheng to this extent?" Elder Qin preemptively shouted.

This time, Zeng Shouyue said with a sneer, "Elder Qin, are you deaf? Who was the first to say that the power is uncontrollable? Now that this guy is injured, our Xi Yue has to be blamed? Don't you feel shameful?"

As soon as Zeng Shouyue said this, Elder Qin's face suddenly turned pale.

Whether it was cultivation or status, Zeng Shouyue was higher than him.

Moreover, because of the strength Xi Yue just showed, the eyes of many Miracle Healer Academy students have begun to change.

And Li Chengqun frowned even more. There was a hint of regret and irritability in his eyes.

A genius who can beat the peak of Meridians Stage with the strength of the Foundation Establishment stage. If this is his strength, Heaven Medical Branch will regret to let this genius go.

Elder Qin's eyes rolled, and he spoke to Han Qianer solemnly, "Han Qianer, you go and fight with Xi Yue. That day in Illusive Forest, even you were not the black bear opponent, but Xi Yue could match the black bear. This is obviously impossible. You go and show everyone Xi Yue's true face..."

"I refuse!" Han Qianer interrupted Elder Qin without thinking. There was no hesitation in her voice, "I'm not Xi Yue's opponent. I don't want to humiliate myself."

"What?!"

"Han Qianer of the Gold Core Stage said that he is not Xi Yue's opponent? How is this possible?!"

"It should be that Han Qianer has a good relationship with Xi Yue, so she is deliberately protecting him right?"

"I've also heard that Han Qianer has been protecting Xi Yue and refuses to exclude Xi Yue with other freshmen. I think she has a crush on Xi Yue, right?"

"Yes, how can a Gold Core Stage intermediate stage lose against the Foundation Establishment Stage? Isn't this a joke?"

Chapter 1166: Feng Yunqing's Turn

Elder Qin originally had a gloomy and frightening expression because of Han Qianer's refusal, but at this time he felt a little more comfortable when he heard everyone's discussion.

But Han Qianer refused to fight and Wei Chengyuan and Xi Yue are on the same boat, who else can win against Xi Yue beautifully?

At this moment, a tall and ordinary-looking woman suddenly appeared from the crowd. She said to Elder Qin, "Elder Qin, let me fight with Xi Yu."

"Who is this man?"

"You don't know her? This person was sent by the Feng Family to replace Feng Lianying. Her name is Feng Yunqing."

"She looks too different from Feng Lianying, just like a man."

"Don't look at her average appearance, her cultivation base is also in the Gold Core Stage intermediate stage!"

"Eh, a Gold Core Stage intermediate stage fight with a Foundation Establishment Stage, isn't it unfair!"

Zeng Shouyue said even more angrily: "Elder Qin, you actually let a Gold Core Stage to fight with a Foundation Establishment Stage? It's even a fight that can cause death. Do you still want your face?"

When Elder Qin saw Feng Yunqing's cultivation, he felt certain in his heart. He stroked his beard and smiled, "Dean Zeng must be joking. Today's fight is not to prove whose strength is stronger, but to prove Xi Yue's innocence. If he can't win against Yunqing, it means that he is cheating. Even if he is beaten to death, no one should be blamed for it."

Zeng Shouyue was speechless.

A flash of killing intent flashed in Feng Yunqing's eyes. She walked slowly to Xi Yue and said with a cold smile, "Xi Yue, I'm Feng Yunqing who participated in the assessment in the same assessment as you. Your matters stirred quite a huge commotion in these past few days. Even us who participated in the same assessments as you are implicated by you."

"I don't know whether you cheated or not, but I also hope that you are wronged. Therefore, I will never show mercy in the fight. If I overdo it, I hope you don't blame me for it."

Hexi stepped back from Chen Jiancheng. She saw that although his face twisted in pain, he kept looking at Feng Yunqing.

In addition, Feng Yunqing suddenly jumped out at this time. Hehe, this is really interesting.

Even she thought so in her mind, she didn't reveal it on her face. She just said the same sentence, "Same here."

Feng Yunqing's spiritual power was a mutated thunder attribute and a mutated fire attribute. Although she didn't have sky spiritual root, her power was very powerful.

The entire square was lit up for a while. It was a thunder mixed with fire.

Feng Yunqing held a dark red flying sword in his hand. The killing intent filled in her eyes. The sword light slashed at Hexi with a huge momentum.

Everyone was taken aback by Feng Yunqing's strength. This woman, who looked ordinary and had ordinary spiritual power, actually used such a vicious spell.

This blow was obviously trying to kill Xi Yue on the spot.

Everyone's mood was a little complicated at this time. On the one hand, they felt that Xi Yue died, but when they thought that Feng Yunqing was at the Gold Core Stage and Xi Yue was only at the Foundation Establishment Stage, it was too pitiful for her to die like that.

But the next moment, the scene that shocked everyone happened again.

Xi Yue stood on the spot with a calm expression as if the incoming thunder and fire were nothing in her eyes at all.

Her slender fingers made a gesture and cast a strange array.

When the thunder and fire rushed in front of her, Xi Yue's whole body suddenly flashed a gleaming blue light. A water curtain with rich spiritual power suddenly spread around her, wrapping her tightly.

The King of Hell's Genius Pampered Wife

Chapter 1167: Xi Yue's Strength

"Water spiritual shield?!" Someone exclaimed, "Isn't this shield can only be condensed only by the Meridians Stage later stage?"

"But even the water spiritual shield can't resist Feng Yunqing's attack!"

However, everyone was stunned by what happened next.

When the flames mixed with the blasting sound rushed into the water spiritual shield, not only did it not burn the water spiritual shield, but it was devoured completely by the shield.

When the flames and the water shield were removed at the same time, there was only a young man with a half-smile standing there. She stared coldly at Feng Yunqing and Elder Chen, who had ashen faces.

"My God! He... he actually blocked Feng Yunqing's full blow!"

"The water spiritual shield is only a low-level shield, how can it block Feng Yunqing's thunder-fire attack?"

"Is this Xi Yue's strength really so powerful?"

Just when everyone was in shock, Hexi was already holding a long sword emitting a five color light.

As soon as the long sword appeared, a powerful spiritual pressure enveloped the entire square, causing the Meridians Stage disciples to stagger back in shock.

This was the Li Shui Sword that had been evolved in the battle with the black bear.

At this time, perhaps it could no longer be called Li Shui Sword, but under the re-forging, it had the function of exerting the spiritual power of the 5 elements.

Hexi smiled slightly and looked at Feng Yunqing with cold eyes, "Your full blow doesn't even tickle. Now, I'll let you try my attack!"

As soon as she finished her sentence, the colorful Li Shui Sword suddenly lit up with golden and red light.

Immediately afterward, a fire dragon mixed with blasting sound was launched toward Feng Yunqing.

"My God! This... isn't this the move that Feng Yunqing just used? Xi Yue can also use it?"

"Did Xi Yue learn it after watching it once? Isn't that a real genius?!"

"Isn't Xi Yue's spiritual root fire and water? Why can he still cast thunder element spells?"

"Don't you find that her sword is weird? It exudes five elements spiritual power!"

Everyone's shocking discussion could not counteract the panic in Feng Yunqing's heart.

She originally wanted to defeat Xi Yue in front of others and made her die a graveless death.

However, now she found out that Xi Yue's strength was no worse than her.

How... how is this possible? A Foundation Establishment stage can actually fight with the Gold Core Stage intermediate stage?! How is this possible!

Feng Yunqing's face was distorted. With a clear whistle, she moved toward the fire snake.

The fire snake was smashed apart by her sword, Feng Yunqing was shocked by the spiritual power. She felt blood surging out from her throat, but she held it back.

I must kill Xi Yue no matter what!

Hexi didn't hesitate, flew up and fought with Feng Yunqing.

This time, instead of using Maha Inheritance, she used solid swordsmanship and spiritual power to fight Feng Yunqing.

And such a simple way of fighting also shocked the Miracle Healer Academy students who were watching.

Not only spells and spiritual power, but Xi Yue was also faster and more ruthless than Feng Yunqing.

Is such a person really only at the Foundation Establishment stage?

"Ah—!" Feng Yunqing finally let out a painful howl and fell from the air. His shoulder was pierced by Hexi's Li Shui Sword.

Hexi fluttered to the ground. Her clothes were not messed up as if she was just casually strolling in the courtyard instead of being in a life and death battle.

Chapter 1168: Bad Eyesight

There was silence in the square. Feng Yunqing was defeated by Xi Yue of the Foundation Establishment stage.

Elder Qin's face was very unsightly.

Lu Zhixi also clenched his fists tightly, and the dark light in her eyes seemed to overflow.

Feng Yunqing stared at Hexi, and she suddenly launched a black water arrow at Hexi.

Feng Yunqing's action was quick, decisive and secretive. Before the people in the square realized, the black water arrow was already in front of Xi Yue.

"Ah—!" Someone exclaimed with a voice full of worry and nervousness.

After these 2 battles, many people's thoughts about Xi Yue had changed subtly.

For Feng Yunqing's sneak attack, dissatisfaction and contempt arose in many people's minds.

Feng Yunqing had a sinister smile on her face. As long as I can kill Xi Yue, so what if I'm despised by others?

However, the next moment, Feng Yunqing's smile froze on her face.

The water arrow penetrated the position where Xi Yue was, but there was no scream nor a piercing sound. Xi Yue in everyone's eyes was disappeared into the air like a reflection in the water.

The water arrow was still moving forward, more fiercely, toward Elder Qin who was standing behind Xi Yue.

Elder Qin was frightened, but he didn't put the black water arrow in his eyes at all. He just flicked his hand gently.

With his Nascent Soul Stage strength, he wouldn't even bat an eye at the water arrow released by a mere Gold Core Stage martial artist.

It was Xi Yue who made him furious.

After flicking away the black water arrow, Elder Qin felt a tingling pain when he was about to speak. He couldn't help groaning and looked at his hand in shock.

His right hand was already black at this time, and the edge of the palm that touched the water arrow was still swollen as if thick water was flowing inside.

This is... poisonous!

At this moment, Hexi's figure reappeared in the same place with a half-smile. "Not only sneak attack but also poison, hehe, Feng Yunqing, you are really merciless."

How could Elder Qin not understand what was going on? He suddenly shouted furiously, "Xi Yue, Feng Yunqing, are you 2 tired of living? You dare to hurt the elder in Miracle Healer Academy? I want to expel all of you from the academy!"

Hexi dug her ears with a mocking expression on her face, "Elder Qin, are you too old that your eyesight and memory deteriorate? It is obviously Feng Yunqing who poisoned you, what does it have to do with me?"

Elder Qin suddenly felt a heart-piercing pain from his entire arm when he wanted to speak.

A hint of panic flashed on his face. This poison is so powerful!

"Elder Qin, can you let Zhixi heal you first, then we will discuss the disposal of Xi Yue and Feng Yunqing."

Saying that, she released light blue water spiritual power into Elder Qin's body.

Soon, the originally piercing pain was slowly healed by the powerful spiritual power, and the original swollen hand gradually returned to its original state.

Lu Zhixi breathed a sigh of relief, then withdrew his spiritual power and gave Elder Qin a bottle of medicinal pills, his face slightly pale and said, "Elder Qin, it's fine now. Just take this bottle of detoxifying medicinal pill, and you will be fully recovered in a few days."

Elder Qin said gratefully, "Zhixi, your medical skills are really outstanding. You are almost catching up with your father. Fortunately, you are here today."

Chapter 1169: Qing Luan Was Angry

Lu Zhixi smiled slightly, and her expression was gentle and elegant.

Everyone in the square looked at her with admiration and worshipped her as a goddess.

Lu Zhixi had long been accustomed to this, so she took it for granted.

However, in this square, there was also a person, who was obviously a young man, but he had a more beautiful and delicate face than her. He was obviously at the Foundation Establishment stage, but he was more talented than her.

Moreover, he looked at her with calm eyes like he was looking at a beggar; even more contempt than beggars.

How could this make Lu Zhixi reconciled! How could she not hate her!

Lu Zhixi took a deep breath and spoke to Hexi, "Xi Yue, didn't you see Elder Qin standing behind you? You should know that if you dodge, Elder Qin will definitely be hurt."

Before Hexi could speak, Qing Luan's indignant voice suddenly sounded behind her, "Miss Lu, according to your words, my young master should stand motionless in front of Elder Qin and be poisoned to death by Feng Yunqing? My young master's life is not life? Since Miss Lu is so kind and righteous, why didn't you block the water arrow for Elder Qin? How can you be so high-sounding?"

Hexi was stunned for a moment, then she saw Qing Luan trembling with anger. She smiled and said, "Why did you come here?"

Qing Luan clenched her fists and said, "I noticed that you haven't come back until noon, so I came to have a look. I didn't expect to see so many people working together to bully you!"

She pointed to Lu Zhixi and said indignantly, "Who is this Fairy Zhixi? She lost to my young master in medical skills in Yongan City. How could she question my young master for cheating!? You dare to say that you can beat my young master in medical skills?"

Lu Zhixi's face turned unsightly. She gritted her teeth with a flushed face as if she had been slapped fiercely in the public.

However, when she looked at Xi Yue's half-smile, she really... did not dare to refute, because she was completely unsure of being better than Xi Yue in medical skills.

Qing Luan turned her eyes to the group of candidates who were in the same assessment as Hexi and scolded fiercely, "And you ungrateful people! Did you forget who saved you from the desperate secret realm? My young master even almost died in the stomach of the black bear just for you trash. Now you all accuse my young master of cheating? Pui!"

She turned her eyes around and cursed, "You better see clearly what kind of villains these people are! Stay away from them in the future, lest you save them, but they drag you down instead!"

The few freshmen who participated in the assessment with Xi Yue looked shameful after hearing the words. They were angry, but they couldn't refute Qing Luan's words at all.

Especially looking at the subtle gazes of the surrounding students, they really wished to dig a hole and burrow their heads into it.

At this moment, they all looked at Chen Jiancheng fiercely. If it wasn't for this person's instigation, they would not have suspected Xi Yue and spoke ill of Xi Yue at all.

But now the result of the fight proved that Xi Yue was actually stronger than Feng Yunqing, which meant that it was unlikely that he cheated.

The King of Hell's Genius Pampered Wife

Chapter 1170: Revenge

Instead, they were given the title of ungrateful people. From now on, they had to lay low in the academy. How could this make them hateful?

Chen Jiancheng, who was hit by everyone with an eye knife, was originally moaning on the ground because of his broken ribs. Suddenly, his face changed greatly, and a sharp wailing came out of his mouth.

The onlookers were all taken aback by his reaction. Before anyone could check what happened, they saw his appearance aging at a speed visible to the naked eye.

Originally, Chen Jiancheng was under 30 years old, and he was at the peak of the Meridians Stage. Although he looked rather old, he was at most in his 30s.

But now, he looked as if he was 50 years old. His face was full of wrinkles.

Chen Jiancheng looked at his shriveled hands, and his whole body was trembling with fright. He suddenly remembered the pill Feng Yunqing gave him, and he immediately crawled toward Feng Yunqing frantically, "What did you give me to eat? Why will I turn into this look? Give me the antidote, give me the antidote!"

Feng Yunqing's situation at this time was not much better than that of Chen Jiancheng. Her shoulder was pierced by Hexi's sword, and she was bleeding heavily. She seemed to have lost her strength.

However, when she heard Chen Jiancheng's words, there was still a hint of panic in her eyes. She said, "Chen Jiancheng, what nonsense are you talking about? When did I give you medicine? You were injured by Xi Yue yourself, so you should go to Xi Yue..."

"No—! It's not Xi Yue. You gave me the secret medicine to improve my power for a short time, and you said that I could defeat Xi Yue by taking it. You must have done something in that medicine right?" Chen Jiancheng At this time, not only did he feel old, but he felt uncomfortable as if he was on fire. He screamed, "You're afraid that I will say that you pushed Xi Yue in the secret realm, so you want to kill me! That's right, Feng Yunqing. You want to kill me... I won't let you succeed!"

As soon as these words came out, the students in the audience were in an uproar.

Everyone's expressions changed when they looked Feng Yunqing, especially those freshmen who participated in this assessment together. They stared at Feng Yunqing in disbelief, wishing to tear him to pieces.

Hexi looked at Feng Yunqing coldly and said slowly, "The other person who pushed me is really you. Feng Yunqing, are you trying to kill me because of the enmity between the Feng Family and me?"

Feng Yunqing's expression changed, and it took a long time before she gritted her teeth and sneered, "It has nothing to do with the Feng Family. It's just that you killed my eldest brother, can't I seek revenge from you?"

"Your brother?"

"That's right, my eldest brother's name is Feng Yunhai!" Feng Yunqing glared at Hexi, "Xi Yue, you are a busy man. I bet you have long forgotten that on the Breaking Spirit Mountain, such a person died at your hands. It was even a horrible death. But my eldest brother loved me since I was a child and gave me the best resources. Of course, I want to avenge him! I only hate that I'm not good enough and I underestimated you. I can't kill you with my own hands! "

Hexi raised her eyebrows, and her expression was indifferent and cruel. She didn't intend to explain at all.

This was a world where the strong prey on the weak. Even if she killed Feng Yunhai, there was nothing she could change.

But Lu Zhixi took a step forward and frowned, "Xi Yue, you are too ruthless. You watched your companions get killed by the poisonous spiritual bee in Illusive Forest and now you even severely injured your batch mate. Now that Feng Yunqing accused you of killing her brother, you don't even feel any guilt. Even if you have such strength, aren't you being too conscienceless!"
