Chapter 1171: Who Else

As soon as Lu Zhixi said this, people, who had changed their minds due to Xi Yue's strength, started to talk about her again.

The eyes looking at Xi Yue were not amazed and praised, but full of fear and rejection.

Qing Luan was trembling with anger, and she said angrily, "Miss Lu, you keep saying that my young master is heartless? Why didn't you say it when Feng Yunqing wanted to kill my young master? When everyone felt that my young master would and even died in the previous battle, why didn't you show your compassion? It turns out that Fairy Zhixi's kindness and compassion also vary from person to person?"

Lu Zhixi was speechless again for a while. Her eyes turned dark and unsightly.

It wasn't that she had nothing to refute, but she thought very highly of herself and felt that refuting a maid would lower her style. Ren Xueling, who could help her talk usually, was so frightened by Xi Yue that she let Zhixi be humiliated by a lowly maid.

Hexi sneered, stopped Qing Luan, who wanted to talk more, and said lightly, "Does me being heartless related to our core topic today? What I want now is for you to show evidence of my cheating. Who else is dissatisfied now? Stand out now, otherwise it will be my turn to settle the accounts with you!"

When Hexi said these words, she was looking at Elder Qin with mockery. The blue veins on Elder Qin's forehead were twitching violently.

The boy in green clothes next to Elder Qin stepped forward and said angrily, "Xi Yue, so what if your strength is good? That doesn't prove that you didn't sneak in medicinal pills. You can defeat the black bear and Feng Yunqing because you took the secret medicine beforehand!"

Hexi was about to be amused by the nonsense of this group of people. She pointed at Chen Jiancheng and sneered, "You have also seen the fate of those who actually took the secret medicine. You said that I took the secret medicine? Hehe, forgive my ignorance. You can ask our president. Her father is the president of the Doctors Association and a doctor of the 10th rank. Can anyone answer if there is such a medicinal pill that can increase one's strength by 2 realms without any side effects!"

Everyone's eyes couldn't help but look at Chen Jiancheng.

Needless to say, his strength didn't improve that much, and his miserable appearance was a solid proof.

Now, although Chen Jiancheng no longer groaned in pain, he was much weaker. Even his cultivation had degenerated to the intermediate stage of the Condensation Period. Obviously, the side effects were very serious.

In fact, the secret medicine Feng Yunqing gave to Chen Jiancheng was derived from cold eating pills. Although it would not be addictive, the side effects of taking it would be more serious and would occur immediately.

Everyone in the square fell silent. Several deans looked at each other and shook their heads.

Based on their medical level, it was reasonable to say that they were at the top in Miluo Continent, but they had never heard of such a medicinal pill that could improve one's strength in a short period of time.

Among the people present, the faces of Elder Qin and the Heaven Medical Branch's dean looked very unsightly.

At this time, Heaven Medical Branch dean even regretted his bowels. He knew that Xi Yue was such a genius, and he would not let anyone run away no matter what. Against the Gold Core Stage with the Foundation Establishment stage, this is even more terrifying than Lu Zhixi, a peerless genius that is rare for thousands of years!

Chapter 1172: Check Assessment Papers

The happiest of all was Zeng Shouyue.

The more he saw Xi Yue, the more delighted he was. He stroked his beard and laughed, "How? Now that the fights are over and the mastermind behind the scenes has also been caught, does Elder Qin have any other ideas?"

The corner of Elder Qin's mouth twitched for a while, and he gritted his teeth and said, "Having strength does not mean that you didn't cheat. I will investigate this matter carefully. We will dismiss here today."

"Wait a minute!" Hexi sneered, interrupting Elder Qin's words, "Elder Qin, your high opinion is finished, but I haven't finished speaking yet?"

Elder Qin's face was ashen, "What else do you want to say?"

"Elder Qin is really a busy person who forgets things." Hexi sneered at him, "I applied to check the assessment paper for the written assessment 10 days ago, and Elder Qin said that I will be able to check it after I enter the academy. May I ask can I check now?"

Zeng Shouyue was startled and looked at Hexi, "You want to check the written assessment paper? Is there something wrong with your grades?"

Hexi said with a half-smile, "Whether there is any problem, we will know if we check it?"

Zeng Shouyue turned his eyes on Chen Jiancheng who was in a bad state. He suddenly remembered that this Chen Jiancheng was the top scorer in the written assessment. He even scored an unprecedented 999 points in the Miracle Healer Academy.

Looking at this person with a useless look, he doesn't look like a peerless genius at all.

On the other hand, this Xi Yue that I like can beat the Gold Core Stage at a young age...

Zeng Shouyue's eyes lit up, and he immediately said, "Yes, students do have the right to check their papers. Now that now everyone is here, why don't you take out the assessment papers and let everyone present be a witness to see if Xi Yue cheated or not!"

Elder Qin frowned and was about to speak, then Lu Zhixi suddenly stepped forward and said, “Xi Yue has her right to check the papers. The papers should be in the Academy Student Council, I’ll let someone get them!”

“Wait!” Qing Luan interrupted Lu Zhixi mercilessly, “You kept targeting my young master just now. Who knows you will not change the test paper on the way!”

Zeng Shouyue also nodded immediately, and he waved to the boy behind him, “You go with the secretary of the Academy Student Council, be sure to bring back the written assessment papers intact.”

Lu Zhixi’s face turned green, but she couldn’t say a word in the end.

Cai Yu and Zhang Chong who were not far away looked even more despair than Lu Zhixi.

Cai Yu’s face turned pale for a while. He tried to maintain his composure, but his clenched hands betrayed his emotions.

On the other hand, Zhang Chong lowered his head, his body trembled slightly, and his feet kept moving as if he wanted to escape from this place.

As for Chen Jiancheng on the ground, he already had a mental breakdown, knowing that he could no longer escape.

Xi Yue’s cheating had been dealt with in this square for several hours, but none of the onlookers had left.

Everyone was stunned by the twists and turns.

The papers of all the examinees were quickly taken over.

Elder Qin took the test paper from the Academy Student Council officer and looked at Hexi coldly, “What’s your dissatisfaction with your grades? Do you want to tell me that your grade is mistaken with someone else’s grade, and it’s even Chen Jiancheng who scored 999 right?”

[The King of Hell's Genius Pampered Wife](#)

Chapter 1173: What Kind of Genius

Elder Qin’s words were full of irony, but Hexi smiled leisurely, “Elder Qin is really discerning. You are right, what I want to check is exactly the papers of Chen Jiancheng and I.”

“Haha...” Elder Qin laughed angrily, looking at her like a lunatic, “Xi Yue, do you think you are really a genius because you won the Gold Core Stage in a fight? You think your assessment paper has exchanged with Chen Jiancheng? How can there be such a coincidence?”

Hexi smirked without shame, glanced across Cai Yu and Zhang Chong and said with a slight smile, “Why is Elder Qin so agitated? We will know if our papers had exchanged once we check it. After all, there was an invigilator behind every examinee. Even if the invigilator didn’t see clearly, he can always recognize the patterns right?”

“Of course, it doesn’t matter if they can’t recognize it. At least, the handwriting of Chen Jiancheng and I can always be proofread on the spot right? If it really doesn’t work, we can check all the questions on the paper. Deputy President Cai, what do you think?”

Cai Yu raised his head and met Hexi’s eyes that seemed to be able to see through everything, only to feel a cold sweat on his back.

Guilt and panic surged wildly in his mind.

Along the way, Xi Yue had brought him too much surprise and shock. If it weren’t for Zhixi, he would probably only admire such a genius instead of framing her.

But now, it was too late.

Zhang Chong’s face was even more ashen, but he was more relieved after the truth was finally exposed.

When he thought that Xi Yue might check the assessment paper, he was so nervous that he couldn’t sleep the whole night.

Now that he found that everything could no longer be concealed, he actually felt relieved.

Zhang Chong suddenly stepped forward and said, “Xi Yue is not wrong. It is indeed because of my mistakes that the 2 assessment papers were exchanged. The person who really scored 999 points in the assessment was Xi Yue, and the 1 with 503 points was Chen Jiancheng.”

As soon as Zhang Chong said this, the whole square was boiling.

A young man at the Foundation Establishment stage, not only won the fight against a Gold Core Stage, but he also scored the highest score in the history of Miracle Healer Academy.

This Xi Yue... what kind of genius is this Xi Yue?

Does such a genius really need to cheat?

And those deans looked at Xi Yue with gleaming eyes, wishing they could snatch her immediately.

Having such a genius in their own branches meant that they could shine in the branch competition and they could rise further. How could they not be moved by this?

The dean of Heaven Medical Branch had gritted his teeth regretfully at this time. He looked at Elder Qin with a vengeful gaze.

Such a good seedling that is rarely seen in thousands of years, I actually expelled him!

Elder Qin glared at Zhang Chong and said coldly, “Zhang Chong, what do you mean by this? Did you collude with Xi Yue, so you spoke for him? Miracle Healer Academy’s assessment and review process has always been strict. How can the assessment papers be exchanged? You’d better explain it to me!”

Zhang Chong’s face was full of bitterness. He closed his eyes, and when he opened his eyes again, his face was firm, “It’s all my fault. I accidentally bumped into Deputy President Cai while collecting the papers. I didn’t check it carefully when I picked it up and handed the paper.”

Chapter 1174: Apologize

He bit his lip, glanced at Cai Yu, and continued, "After the results were released, I knew that I had made a mistake, but I was afraid that the academy would hold me accountable, so I never dared to say it. It has nothing to do with Deputy President Cai. He didn't read the content of Xi Yue's answer sheet during the assessment, so he didn't know how much Xi Yue scored. It was me... I knew that Chen Jiancheng couldn't have scored 999 points, but I didn't dare to speak out for fear of being punished."

Zhang Chong's voice was slightly sobbing. He lowered his head and said, "It is my mistake that caused Xi Yue's troubles. I'm willing to accept any punishment!"

The square was silent, and everyone was looking at Zhang Chong, Lu Zhixi, Cai Yu and others.

Someone whispered, "That is the most important entrance examination, but the people of the Academy Student Council are actually so irresponsible."

"Yeah right! They didn't know the black bear went rampant and even framed Xi Yue for cheating. Does the Academy Student Council have the ability to lead the students of the entire academy?"

"Did Cai Yu really not read Xi Yue's answer sheet? Then he really wasn't serious in it... or did he read it and deliberately didn't say it out of jealousy?"

"That Chen Jiancheng is too disgusting. He knew that he didn't score that, but he still showed off with the title of top scorer and even entered the Academy Student Council. No wonder I always feel something wrong in him!"

"Haiz, Xi Yue is the most pitiful. At first, he was framed for cheating, only now he realizes that even his grades have been changed."

Lu Zhixi bit her lips tightly, feeling that she was enveloped in shame and malice.

The Academy Student Council and she as the president had always been high and respected at Miracle Healer Academy. But now, everyone was beginning to question their ability and character.

She seemed to see the day when she was dragged down from the heaven because of Xi Yue.

She absolutely wouldn't allow this to happen!

At this moment, Cai Yu suddenly gritted his teeth and took a step forward, "This matter is not only Zhang Chong's fault..."

Lu Zhixi suddenly came back to her senses and said without thinking, "This incident is the dereliction of duty by our Academy Student Council as a whole, not Zhang Chong's fault alone. Therefore, on behalf of the Academy Student Council, I'm here to apologize to everyone. For Zhang Chong's mistakes, we will also make corresponding penalties."

Cai Yu's face looked pale. He seemed to want to say something, but Lu Zhixi grabbed him and stopped him with her eyes.

Cai Yu's eyes swept across Zhang Chong and Xi Yue's faces, and he finally lowered his head in shame.

Qing Luan sneered and said, "President Lu is really strange. The people of your Academy Student Council obviously mistreated my young master, why are you apologizing to everyone? Before that, shouldn't you apologize to my young master first?"

Lu Zhixi's eyes flickered with darkness for a while. Asking her to apologize to Xi Yue was more painful than plucking out her heart.

But with so many people looking at her in the square, she couldn't escape at all.

Lu Zhixi took a deep breath, walked in front of Hexi, and leaned over slowly, "Xi Yue, I'm sorry. It was our Academy Student Council's misconduct that wronged you. But..."

She paused and said, "Xi Yue, if you knew that there was a problem with your score, why didn't you report it to the invigilator as soon as the results of the written assessment were announced? In this way, we can deal with the problem earlier, and it didn't have to develop into the current situation. Can you explain that?"

Chapter 1175: Joining Huang Medical Branch

When Lu Zhixi said this, many people were also puzzled.

The difference between 999 points and 503 points is so big, he should have found out right away. Why didn't he bring it up right away?

Hexi put her arms around her chest and said with a half-smile, "President Lu, are you trying to say that I didn't score 999 points but it was another person? So, the Academy Student Council not only made a mistake in the scores of 2 people but even more? Hmm, maybe even among the candidates who were eliminated in the first round, there were innocent people who got implicated. They are really unlucky then."

Lu Zhixi's face was ashen, and she could no longer pretend. She said coldly, "Mr. Xi, what does this mean? I'm just talking about facts? Don't normal people ask questions the first time they find out that there is a problem with their grades??"

"I'm so sorry, I'm not a normal person." Hexi smiled lightly. "Without the score of 999, I can still be admitted to the Miracle Healer Academy and the Heaven Medical Branch. I'm too lazy to question. Do you have any opinions? If it weren't because someone was too annoying, I wouldn't expose this!"

After speaking, Hexi turned around and was about to leave, but she was stopped by Dean Li Chengqun from the Heaven Medical Branch.

"Student Xi Yue, since it has been proved that your cheating was just a misunderstanding, we will not expel you from Heaven Medical Branch. You will still be a member of Heaven Medical Branch. We will work together in the future. I believe you will definitely have a splendid future."

As soon as Li Chengqun said this, Zeng Shouyue and the boy beside him became nervous.

The boy wanted to say something, but he was stopped by Zeng Shouyue.

Zeng Shouyue's face looked disappointed, but he didn't say anything.

Hexi raised her eyebrows and looked at Dean Li with a mocking smile, "Is Dean Li's brain all right? What do you mean by being a member of the Heaven Medical Branch? I remembered clearly that Dean Li personally expelled me from the Heaven Medical Branch. Who do you think I am? You can expel me and recruit me back at your wish?"

"You—!" Li Chengqun was so furious that the muscles on his face twitched.

He had never been so rudely humiliated by a student before, "Xi Yue, don't go too far. The best branch of Miracle Healer Academy a freshman can stay in is Heaven Medical Branch. By staying in Heaven Medical Branch, only then can you get enough medicinal pills and crystal stones every month and you can live in the most luxurious dormitory. If you leave Heaven Medical Branch, do you think you can have a future? I'm giving you face to recruit you back and giving you a chance..."

"Thank you Dean Li for the chance." Hexi interrupted Li Chengqun with a faint smile, "But I'm not interested in your chance. I have decided to join Huang Medical Branch."

As soon as Hexi's words came out, the other branch deans who were planning to recruit Xi Yue in the square immediately looked at each other with ugly expressions.

Zeng Shouyue was overjoyed and couldn't believe his ears for a while.

Li Chengqun said viciously, "Do you know what kind of place Huang Medical Branch is? There are only wasted people with no future. Even the dean doesn't have any future. Staying in the Huang Medical Branch, no matter how talented you are, you will be ruined for life! You better think about it!"

Chapter 1176: Draw a Good Lot

Hexi heard that the Heaven Medical Branch's dean's words were harsh, but it seemed to have no malice.

She retrained her arrogant attitude a little and smiled slightly, "Thank you Dean Li for your kindness, but when everyone doubts me, only Dean Zeng is willing to take me in. Therefore, my decision will not change. I decided to go to Huang Medical Branch."

Li Chengqun's face turned grim. Finally, he shook his hand fiercely and said, "Since you want to ask troubles for yourself, as you wish!"

Seeing Li Chengqun leaving in annoyance, Zeng Shouyue's excited eyes were slightly red and his beard was trembling.

However, he still remembered to seek justice for his newly received disciple.

He squinted at Elder Qin and said, "Elder Qin, I will submit a report to the Council of Elders about all the accidents in this assessment. You'd better think about how to explain it to the superior. As for these 2 people... "

Zeng Shouyue pointed to Feng Yunqing and Chen Jiancheng and said coldly, "1 of them tried to murder my disciple and the other seized my disciple's achievements. You better handle it properly. Otherwise, don't blame me for causing you trouble!"

The uproarious cheating incident of Xi Yue ended with a dramatic ending.

Chen Jiancheng and Feng Yunqing were each detained in the dungeons of Miracle Healer Academy, waiting for their crimes to be reviewed before making their sentences.

Zhang Chong, the secretary of the Academy Student Council, got his points deducted and was expelled from the original Earth Medical Branch to Huang Medical Branch.

Xi Yue, on the other hand, rejected Heaven Medical Branch's re-invitation and chose to go to Huang Medical Branch, which was tantamount to slapping the face of Heaven Medical Branch in front of everyone.

Therefore, when Xi Yue went to the Heaven No. 1 Dormitory to pack her luggage, everyone in the Heaven Medical Branch glared at her and wanted to beat her up badly.

However, Xi Yue showed her powerful ability in front of everyone, which made the people of the Heaven Medical Branch fearful.

Those who really had the capability didn't want to lower themselves to fight with a Foundation Establishment stage.

So even if they were angry, they could only endure it.

The Gold Core Stage students in Heaven Medical Branch who had been severely punished by Xi Yue couldn't help but grit their teeth and said, "We just let this bitch get away like that? Dean Li and our Heaven Medical Branch are being shamed in public, if we don't teach him a lesson, where should we put our face in the future?"

"Hmph, don't worry, how could we just let him go?"

The other person sneered and said sinisterly, "Isn't he going to Huang Medical Branch? Of course, he will move into the Huang Dormitory. I have already greeted the butlers in charge of drawing a lot for the dormitory. They will definitely help him draw a good lot."

"What do you mean?"

"Hehe, have you forgotten the cursed one in Huang Dormitory? I can guarantee that as long as Xi Yue moves in, he won't be able to survive a night. He will run away like a dog."

"Hahaha, you are so amazing. You even let Xi Yue and him get the same dormitory. Xi Yue is doomed this time. This is what you get for messing with our Heaven Medical Branch!"

Hexi was completely unaware of the plot of the Heaven Medical Branch students at this time.

She had just received the dormitory location and inscribed jade slip she had drawn, and she was looking in the direction indicated.

Along the way, the surrounding environment became more and more desolate, and the spirit became thinner and thinner.

It was completely incomparable to Heaven Medical Branch's beautiful scenes and rich spirit.

[The King of Hell's Genius Pampered Wife](#)

Chapter 1177: Crazy

Qing Luan complained as she walked, then she frowned and said, "Young Master, when you draw lot for the dormitory just now, why did they look so weird when they saw the room you picked? Could there be something wrong with that room?"

Hexi smiled lightly, "I will solve it no matter what trouble it is. There is no need to worry about it."

She was sensitive to people's emotions, so how could she not see the strange eyes of the person responsible for drawing lots? This dormitory was likely to be manipulated.

But so what?

The dormitory that Hexi had drawn was the Huang No. 1 room. As she got closer and closer to the door of her dormitory, the students and the manservants looked at her with more and more strange and puzzled eyes.

When they knew that Hexi was staying in the No. 1 room, the doubts in their eyes had changed to pity.

When Qing Luan heard their comments that her princess was "so pitiful", she was even more worried, "Young Master, why don't you wait outside now? I'll go in and see if there is any danger?"

"Don't worry about them." Hexi smiled lightly, then she activated the inscribed jade slip and walked in, "Since we are here, let's go in."

Qing Luan was still worried about Hexi's safety at first, but when she saw the situation in the dormitory, this worry completely turned into worry for her own master.

Huang Dormitory was very simple. There was only one barren courtyard and 2 rooms. 1 was the main room, and the other room was damp and cold. It was full of musty smell and piled with various junks.

But in this main room, there was only 1 room in total, and there were 4 beds in it. The room had no other decorations.

Qing Luan exclaimed, "Young master, why isn't this one room per person? Are you going to share a room with other people? How can it be? This is absolutely not allowed!"

Hexi was amused by Qing Luan's fussing expression. She reached out and grabbed the bed, and found that it was made of heavenly heart wood, which was very strong.

The environment of Huang Dormitory couldn't be compared with that of Heaven Dormitory at all.

But Hexi felt very kind to see such a dormitory.

Because the beds here were divided into upper and lower berths. In addition to tables and chairs, there were also pill refining furnaces and spirit gathering arrays in the empty space. The beds only occupied a small area.

The entire dormitory didn't seem lively. Looking at the dust accumulated on the railings of the beds, she knew that there should be no people here for at least 3 days.

Moreover, in the entire room, only the upper berth on the west side had bedding. The other beds were bare.

Obviously, she only had 1 roommate.

Hexi said indifferently, "Huang Dormitory dormitory should be a dormitory of 4 people. Unless I leave Huang Medical Branch, I have to live in the dormitory with others."

Qing Luan seemed to be troubled, and she looked at Hexi with a grievance, "But you are... ah, if the master finds out that you are sleeping in the same room with another man, master will go crazy."

Thinking of Nangong Yu's jealous look, Hexi burst out laughing.

Then there was a faint missing in her heart. I seem to not see that guy for a long time. I really miss him a little.

She coughed lightly: "We cultivators don't need to take a bath, don't need to change clothes. The bed is only used for letting mental power rest. We won't use it at all normally. Most of the real practice and study are in the branch, what does it matter who I live with? Qing Luan, you should stop worrying."

[The King of Hell's Genius Pampered Wife](#)

Chapter 1178: Dead

"Yes, but..." Qing Luan pouted reluctantly, but she didn't say anything.

My princess is so good. What if she attracts another man again? Master will rip off my skin!

However, after all, there was no other way. She could only resentfully use magic to clean the room and make the bed for Xi Yue before leaving reluctantly.

Miracle Healer Academy's student dormitories were, in principle, not for non-students.

The students of the upper 4 branches were also allowed to have a servant to serve them because of their luxurious dormitories.

However, the students of the lower 4 branches were not so lucky. The servants could only live in a place according to regulations.

Miracle Healer Academy implemented competitive education so that people with better strength and better grades get more luxurious treatment. People with insufficient strength could also yearn for a higher quality life.

Hexi took Qing Luan to see her residence. Because Qing Luan was a woman, and there were not many servants, so her living conditions were good. Hexi was relieved by that.

They strolled around the academy for a while. After checking the positions of some enchantments, they returned to their respective dormitories.

However, before Hexi got to the door of her dormitory, she found that the students along the way looked at her with mocking eyes.

There were also whispering voices from time to time.

"This kid is so unlucky. Do you think he still has a place to live tonight?"

“Haha, he is already considered lucky. If he happens to meet that person, the end will be even more miserable.”

Hexi was wondering what they were talking about. When she reached the door of the dormitory, she immediately reacted.

Hexi frowned as she saw her beddings that were thrown outside.

A young student beside her pitied her, so he said, “You should go to the dormitory butler to get a new room. The person inside is really not something you can provoke.”

But more people were gloating and waiting to see Xi Yue’s good show.

Hexi chuckled lightly, raised her hand, and kept the beddings into the void, then she swaggered into her courtyard and kicked open the door of the main room.

Although Huang Dormitory’s dormitory had an enchantment, it was the most simple. Anyone outside the enchantment could clearly see the scene inside.

Everyone was stunned by Xi Yue’s kick.

But immediately, many people showed a look of pity or gloating.

They felt that Xi Yue was dead this time.

As soon as Hexi kicked the door, she felt an oppression of a powerful spiritual force rushing toward her.

With her real strength that was comparable to the peak of the Gold Core Stage, she almost fell to the ground and vomited blood.

Hexi focused her gaze, and her body swayed. The water spiritual power in her body mixed with a little wood spiritual power instantly shielded the spirit pressure from her body, It would no longer pose a threat to her.

There was a slight “eh” from the room, then the spirit pressure dissipated, and Hexi finally saw the scene in the room clearly.

A man in a black shirt was sitting in the room. He looked like he was in his twenties. His facial features were clear like they were carved out of a knife. He was cold and handsome. Only his brows seemed to be coated with a layer of frost, and his pupils were deep like the abyss. When looking at someone else, his gaze didn’t contain human emotion at all.

Hexi frowned, “You threw my things out?”

[The King of Hell's Genius Pampered Wife](#)

Chapter 1179: So What?

The man in a black shirt glanced at her as if he was looking at a dead thing. He said indifferently, “Get lost.”

Simple words, but it triggered Hexi until she laughed.

She had always been used to being arrogant. This was the first time she met a guy who was colder and more arrogant than her.

Hexi put her arms around her chest and said with a half-smile, "Why?"

The man in a black shirt still looked indifferent as he said, "Want to live, get lost; want to die, you can also try to stay."

"Sorry." Hexi smirked and said coldly, "I don't want to die, but I don't want to get out. So there is another way, you get lost!"

Hearing this, the man in a black shirt's indifferent eyes finally wavered.

He squinted, then he disappeared and attacked Hexi.

A cold light flashed in Hexi's eyes, and she moved quickly.

For a while, countless afterimages of Hexi surrounded the man in a black shirt.

The man in a black shirt raised her eyebrows slightly. The contempt and indifference in his eyes faded a bit, turning into a dignified look.

The next moment, countless Hexi attacked the man in a black shirt.

The slender jade-like fingers were blooming like tender lotus leaves, but when the attacks approached, they carried a chilling murderous intent.

In the dormitory of Miracle Healer Academy, students could cultivate and fight, but they couldn't destroy the building.

Therefore, conflicts between students were generally resolved by melee fighting, otherwise, if a spell was used, the entire dormitory would collapse.

Hexi was an assassin in her previous life, so she had full confidence in her melee combat level.

So far, except for Nangong Yu, she had never lost in pure combat. Even when she fought Feng Yunjing. If it weren't for Hei Sha Flag in the Hundred Herb Cloud Smoke Maze, he could only be beaten by her without a chance to fight back.

But the movement and fighting skills of this man in a black shirt shocked Hexi.

I have already exerted all my strength, but the man in a black shirt seems to be at ease.

The most important thing was that there was a thin layer of spiritual power on the man in a black shirt's hands and body like an armor. This attack couldn't do any damage to him.

However, in Miluo Continent, how many people could turn spiritual power into armor at will? Even the peak of the Nascent Soul Stage might not be able to do it.

The man in a black shirt fought with Hexi for a while, then his spiritual power burst out and shrouded Hexi quickly.

Hexi was limited by his spiritual territory, and there was a momentary pause in her movements.

A pair of cold and rough palms grabbed her throat instantly, pushing her against the wall.

Hexi only felt a sweetness in her throat, and a trace of blood spilled from her mouth.

The man's cold breath spouted on her face. The condescending eyes didn't carry a trace of human emotion, "You're not my opponent."

In this situation, instead of panicking, Hexi laughed unscrupulously, "Really? But, so what?"

The man in black was stunned for a moment. He suddenly felt a slight stinging pain on his neck.

He lowered his head in astonishment, and he saw that the clothes around his neck had turned into pieces and fell. Between his collarbone and neck, just close to the carotid artery, there was a small wound.

[The King of Hell's Genius Pampered Wife](#)

Chapter 1180: Allowed to Stay

The man in a black shirt's eyes turned gloomy slightly. This was the first time he was injured in Miracle Healer Academy.

A mere young man, a mere martial artist of the Meridians Stage, actually hurt him.

That's right, the man in a black shirt saw through Hexi's disguise at a glance. Her true cultivation had reached the Pseudo Gold Core Stage, but so what? Even the Nascent Soul Stage cultivators were nothing like ants in the eyes of the man in a black shirt.

The man in a black shirt released his hand, took a step back, looked at her and said, "Your name."

Hexi raised her eyebrows. Her face was pale, and blood was still coming out from her mouth, but her imposing vibe still didn't disappear. She smiled and said, "Before asking someone else's name, shouldn't you tell your name first?"

The man in a black shirt frowned as if he was not used to the way Hexi spoke to him.

But he still said, "Xuan Mu."

Hexi smiled slightly, "Xi Yue."

After introducing herself, Hexi raised her hand, and the dirty beddings appeared in the room, "Excuse me, Brother Xuan, what does this mean?"

Xuan Mu frowned again, "I don't like living with others."

Hexi was amused by him taking it for granted, "I don't like to live with others too, nor do I want to live with you. But I drew this dormitory, why did you drive me out?"

Xuan Mu's expression was indifferent. He lay down on the bed casually, took out a thick old book in his hand, read it on his own and said, "Because I'm stronger than anyone else, if I don't let them live, they have to get out. But..."

He paused and said, "You're very interesting. I allowed you to stay."

After he finished speaking, he waved his hand, and the quilt Hexi had thrown on the ground disappeared, replaced by another quilt on her bed.

Hexi gasped when she saw the quilt.

It turned out to be a silkworm quilt, and it was also a silkworm quilt with 10 kinds of magic circles such as spirit gathering array and calm mind array.

Hexi had only been seen it in Record of Everything. It was said that sleeping under it would not delay the cultivation, but it could also cultivate one's mind and condense his fundamental essence. If it was put up for auction on the blackmarket, the price could probably reach a sky-high price.

This guy just gave it to me casually?

Hmm... for the sky-high price of the silkworm quilt, I will forgive this guy for being rude just now.

"What did you say? Xi Yue was moved to the Huang Medical Branch, and he stayed in the Huang No. 1 dormitory?"

Wei Chengyuan looked at He Jiang and He Jieyun in disbelief and asked loudly, "You better clearly explain what had happened!"

He Jiang and He Jieyun bowed their heads guiltily. Thinking of their own slandering of Xi Yue and Qing Luan's accusations against them, they couldn't hold their heads up.

After listening to He Jiang and He Jieyun's narration, Wei Chengyuan's face seemed to be covered with a layer of frost.

He didn't expect that when he went away for 2 days to treat the important person that Hexi cured, such a thing actually happened to Hexi.

But now, it was still fine that Xi Yue was sent to the Huang Medical Branch. The most important thing was that she stayed in the Huang No.1 Dormitory.

Wei Chengyuan frowned, "No, I must not let Xi Yue live there!"

"Brother Wei, what's wrong with the No. 1 dormitory? I remember that the dormitories of Huang Medical Branch are decided by draw lot. There is no good or bad, right!?"
