Chapter 1181: Made A Mistake

“All the people who stayed in the No. 1 dormitory will be beaten up badly and get kicked out. A few arrogant people even got their cultivation abolished. However, no one can do anything to it.”

When Wei Chengyuan thought of Xi Yue’s stubbornness and arrogance, she would definitely get into conflict with him. By then...

He couldn’t imagine such a result.

He Jiang was taken aback by Wei Chengyuan’s statement, “There is such a person in the academy? But if that’s the case, why do they still let students live with that kind of demon? Isn’t it better to leave that dormitory to him?”

Wei Chengyuan sneered with cold intent in his eyes, “It seems that it was not enough for someone to drive Xi Yue to the Huang Medical Branch. They even wanted to harm her in this way. I will find someone to settle the account.”

After that, Wei Chengyuan ignored He Jiang and He Jieyun and walked quickly toward the Academy Student Council.

“Lu Zhixi, come out and discuss this clearly!” Wei Chengyuan kicked open the door of the Academy Student Council. He saw Lu Zhixi in a meeting at first sight, and he said coldly, “Lu Zhixi, why did you frame Xi Yue? You drove him to Huang Medical Branch, and you even put him into the Huang No.1 Dormitory. Do you want to kill her?”

Lu Zhixi’s face was flushed after being scolded by Wei Chengyuan in public.

Ren Xueling said angrily, “Wei Chengyuan, what do you mean by this? What do you mean by us framing Xi Yue? She is clearly the one who humiliated our Academy Student Council in public.”

Wei Chengyuan sneered, “Isn’t it because your Academy Student Council first made a mistake in her assessment paper and then slandered her for cheating? This can also be called framing? it’s obviously a statement of facts!”

Ren Xueling was so angry that he almost went wild. The other officers of the Academy Student Council were also indignant.

On the contrary, Lu Zhixi had calmed down at this time. She took 2 steps forward and apologized to Wei Chengyuan with a guilty face, “Brother Wei, I’m also very sorry for the mistakes made by the Academy Student Council in the entrance assessment. I didn’t expect everything to be such a coincidence. Because we didn’t check carefully, we had already apologized to Xi Yue for the damage we caused in the end. I hope Brother Wei can forgive Zhixi too.”

Lu Zhixi’s words were sincere, and Wei Chengyuan’s anger subsided a little.

He also didn't believe that Lu Zhixi would deliberately frame Xi Yue, and everything might just be an accident. But when he thought about Xi Yue's current situation, he couldn't help being indignant for his friend.

Wei Chengyuan took a deep breath and said, "Even if the cheating in the assessment is a misunderstanding, what about the dormitory? Why was Xi Yue assigned to the Huang No. 1 Dormitory?"

"Huang No.1?" Lu Zhixi said in surprise, "Isn't that... that person's dormitory? But I remember that this dormitory has long been out of the draw lot!"

"Hmph, I also want to know, why did Xi Yue move in in the dormitory that obviously can't be drawn in the lottery? Someone is clearly trying to harm Xi Yue. Student-related affairs are all in charge of your Academy Student Council, you dare say that your Academy Student Council people didn't do any trick in this?"

Hearing this, Lu Zhixi lowered her eyes and said with a sad face, "Brother Wei, you really misunderstood us. How could we do such a thing? The allocation of dormitories is only a trivial matter, and it is not directly under Academy Student Council. Maybe the butler of the dormitory in Huang Dormitory made a mistake."

Chapter 1182: It's Pretty Good Here

Seeing that Wei Chengyuan was still angry, Lu Zhixi said softly, "Well, I'll accompany Brother Wei to the Huang Dormitory and let Xi Yue redraw the dormitory. Is this acceptable for you?"

Wei Chengyuan was very anxious. He was afraid that Xi Yue had already died in the hands of that Evil.

Xuan Mu, the name was quite new at Miracle Healer Academy, because he hardly appeared in any classroom or competition.

However, when mentioning the Evil of the Huang Dormitory, almost everyone in the academy knew.

Before everyone experienced his power, many people had been crippled by him. However, the elders and even dean didn't dare to provoke him. No one would stand up for the injured students.

If Xi Yue was really crippled by Xuan Mu, he couldn't even complain to anyone.

However, as soon as Wei Chengyuan and Lu Zhixi arrived at the door of the Huang No. 1 Dormitory, they saw that the door was shut. There was a group of people surrounding the door.

They all looked weird. They pointed at the door, but they didn't dare to get close.

Wei Chengyuan quickly pulled someone over and asked, "Where's Xi Yue? Did he come here?"

The man who was pulled looked strange. He pointed to the courtyard and said, "He is in there... for 1 hour."

The point was that they didn't hear anything except the sound of the fight at the beginning.

Could it be that Xi Yue was beaten to death by that Evil?

But even if he was beaten to death, his body and belongings should be thrown out, right?

Wei Chengyuan was shocked. He was about to break into the courtyard desperately.

The enchantment in Huang Dormitory's courtyard was so rubbish that anyone with some skills could break in at will.

"Brother Wei, don't be impulsive!" Lu Zhixi stopped him quickly, "You can't break into this place casually. Don't lose your life for Xi Yue."

Lu Zhixi said worriedly, but her eyes squinted slightly.

It's better that Xi Yue dies in the hands of Xuan Mu. As for Wei Chengyuan, although I don't like this man, and I hate him for being close to Xi Yue, this man has a special status and could be useful in the future.

Wei Chengyuan threw Lu Zhixi away and was about to enter the dormitory desperately, only to see the door suddenly opened.

A young man in a blue robe slowly walked out of the room. His face was like snow and his eyebrows were like paintings. Walking under this dark night, he looked like a fairy transfigured by the bright moonlight.

Wei Chengyuan stared blankly at the young man walking toward him. He was in a trance for a moment.

The onlookers were also amazed that they even forgot to be shocked. How did this person come out alive?

Of all the people present, only Lu Zhixi was full of resentment. Her clenched fists almost broke her well-maintained nails.

It wasn't until the door of the courtyard was opened and the boy stood in front of him that Wei Chengyuan suddenly came back to his senses. He grabbed his hand and said, "Xi Yue, let's leave this dormitory immediately. I will apply for a new dormitory room for you."

Hexi frowned, "Why?"

She thought it was pretty good here – after getting a silk quilt with 10 arrays.

Wei Chengyuan said anxiously, "The person who lives here isn't easy to get along with. In short, you must not stay this place. I have already told Zhixi that this is their mistake, and she will help you change a dormitory."

Chapter 1183: No Need

Lu Zhixi was aggrieved, but she still smiled brightly, "Xi Yue, I'm so sorry, this is a mistake of our Academy Student Council. If you want, we can change you a dormitory."

Before Hexi could speak, a young man in the crowd said with disdain, "Are you Academy Student Council doing your job? How can you make so many mistakes? First, you made a mistake in other people's grades, and now you say you assigned the wrong dormitory. Who knows if you are intentional or not. If

you aren't, then you are incapable right? Don't stay in this position if you are incapable! Lest you harm others and yourself!"

As soon as the young man said that, the onlookers immediately burst into laughter.

The students in their area were all students of Huang Medical Branch, which could be said to be an outlier in the entire academy.

The unequal treatment encountered in the academy had created their cynical character.

If it was described with the words in Hexi's previous life – hatred for the rich.

Therefore, Lu Zhixi was admired and praised by everyone in the whole academy, but it would not work in this Huang Medical Branch.

Lu Zhixi looked extremely ugly, but she had always been very self-restrained. She didn't want to lower herself to care about this group of people.

She could only look at Hexi and said, "Xi Yue, let's go to the dormitory manager to draw lots again?"

"No need." Hexi said casually, "It's good to live here. I won't move again. After all, who knows, if I move again, there will be a bigger accident. Wouldn't I lose more than gain?"

Hexi's words meant something, and the students of Huang Medical Branch on the side understood it. They all laughed out loud.

Wei Chengyuan said anxiously, "No, you can't live here. You don't see any danger because the person in the house hasn't come back. Why don't you just move to my place? My courtyard is big anyway. There are many empty rooms there. I can guarantee your safety if you stay there."

When Wei Chengyuan said such a proposal, he suddenly felt hot in his heart.

Thinking of living in the same yard with Xi Yue, practicing together and discussing together, he felt that the future was bright and his cheeks flushed slightly.

Lu Zhixi looked at Wei Chengyuan's reaction with a cold hint in her eyes, and she smiled, "It turns out that Xi Yue doesn't want to draw lot again because he wants to live in Heaven Dormitory! But this is understandable, after all, Huang Dormitory can't absolutely compare with the Tianzihao dormitory."

Lu Zhixi's words made everyone look at Hexi strangely.

Hexi glanced at Lu Zhixi with a sneer. Before she could speak, a handsome man in a black shirt slowly walked out of the courtyard.

As soon as everyone saw him, they were terrified. They stepped back quickly as if they would be hurt if they got close.

Wei Chengyuan pulled Hexi and wanted to back away, but Hexi broke free and stayed where she was.

When Lu Zhixi saw the man in a black shirt, her heart throbbed slightly. He felt the man's strength so strong that she could only look up to him, but she forced herself to not get back. When Xuan Mu walked

out, he glanced at Lu Zhixi and Wei Chengyuan, frowned slightly, and finally stood beside Hexi, "If you let other people in the dormitory, I will throw you out! "

When he was about to leave, Lu Zhixi hurriedly stepped forward and said, "Senior Xuan, I'm sorry. It was our fault that Xi Yue lived in your dormitory. We will arrange him to another place immediately."

Chapter 1184: Is She Courting Death?

Xuan Mu looked at her coldly and sat indifferently, "Get lost, don't get in my way!"

When he said this, Xuan Mu's eyes swept across Wei Chengyuan and the crowd watching from a distance, but he didn't look so fierce when looking at Xi Yue. The meaning of those words was self-evident.

Everyone was stunned by the scene. There was silence around the dormitory area, and no one returned to their senses for a long time.

Seeing that Xuan Mu was about to leave, Hexi suddenly frowned and said, "I'm a light sleeper. If you come back late, it's best not to wake me up."

Xuan Mu paused.

The surrounding atmosphere fell into a terrifying silence.

Everyone thought Xi Yue was crazy. She is actually requesting or warning Xuan Mu. Is... is he courting death?

But Hexi felt that this was normal. Since they were roommates, it meant that they had to get along for a long time. Of course, the taboos and habits between each other should be made clear.

Compromise if possible. If it can't, then resolve it by force. Isn't this a normal thing?

Xuan Mu only paused for a moment and did not look back, but a faint voice came, "En."

Then his figure disappeared instantly.

En?

En?!!!

It's over with just "en"?!!!

What is this development?! When did Xuan Mu become so easy to talk?!

What about those unlucky guys whose cultivation is abolished? Are they all just unlucky?!

Everyone looked at Xi Yue with not only shock but admiration, complete admiration.

To be able to live with an Evil like Xuan Mu and to be accepted by Xuan Mu, who is Xi Yue really?

Only Wei Chengyuan and Lu Zhixi felt unhappy in the audience.

However, Wei Chengyuan only regretted not being able to live in the same dormitory with Xi Yue, but after confirming the safety of his friend, he quickly put that regret behind him.

He just told Xi Yue over and over again that if she was bullied, she must tell him. If she was not used to this place, she must tell her.

But Lu Zhixi only felt that there were countless bugs eating her heart, which made the jealousy in her heart grow while being bugged.

At Miracle Healer Academy, I have always been high and respected.

However, because of this Xi Yue, I have been told to get away by men over and over again.

Why do all these people regard Xi Yue as a treasure, but they speak ill of me? How can I, Lu Zhixi, be inferior to Xi Yue?

If things go on like this.

Maybe Xi Yue will take away all my edge like in Yongan City again, and I will be trampled by her fame in the end.

No, I will never allow this to happen again.

In the remote courtyard of Miracle Healer Academy.

Hexi sat in front of the stone table with her fingers on Zhang Yi's wrist. She was calm and focused.

Zhang Yi stared at Hexi anxiously. His hand beside him clenched and relaxed over and over again. His palm was full of sweat

Although he felt that his illness was almost cured, he still felt anxious.

What if Xi Yue says it will relapse?

Even more nervous than Zhang Yi was the master guard who originally guarded the yard.

At this time, his eyes looking at Hexi were no longer contemptuous at the beginning, but they were filled with anticipation and tension.

His eyes were almost fixed on Xi Yue, hoping that she could say the answer he wanted to hear.

Finally, Hexi retracted her hand and smiled, "Little Yi, congratulations, your disease has been completely cured and will not recur."

Chapter 1185: Threaten Me Again

"Really?" Zhang Yi almost jumped up with joy. The pair of sparkling eyes were filled with joy, "Brother Xi Yue, then I don't have to worry about relapses in the future? I can live a normal life?"

Hexi nodded.

With red eyes, Zhang Yi stood up and bowed deeply to Hexi and Wei Chengyuan, "Brother Xi Yue, Brother Wei, thank you. Without you, I don't know how long I would have to suffer from this pain."

Wei Chengyuan smiled and said, "Little Yi, since you have recovered, you can go to the academy to study normally. I have already gotten a place for you to study in the Heaven Medical Branch. You have a strong talent for beast taming. Heaven Medical Branch Dean Li has always wanted to recruit professionals in all aspects, so he has agreed to your admission."

Zhang Yi blushed and looked at Hexi, "Brother Xi Yue, what branch are you from? You're so good, you must be from Heaven Medical Branch right?"

As soon as Zhang Yi said this, Wei Chengyuan's face turned ugly.

The fact that Xi Yue was kicked out of Heaven Medical Branch made him feel extremely bad these days.

Hexi smiled lightly, "No, I'm from Huang Medical Branch?"

"Huang Medical Branch? Why?" Zhang Yi exclaimed. Seeing that Wei Chengyuan and Hexi didn't speak, he suddenly said, "Then, then I'm going to Huang Medical Branch too!"

Wei Chengyuan sighed, "Little Yi, don't be impulsive. The situation in Huang Medical Branch is very complicated. There are simply not enough elders to teach in the branch, and those students are also very different. You can't exert your talents at all. Xi Yue goes to Huang Medical Branch is also due to special circumstances."

Seeing Zhang Yi insisting, Wei Chengyuan suddenly smiled and said, "Little Yi, didn't you say you have a brother in Heaven Medical Branch? Why don't you ask your brother first to see what he thinks?"

As soon as Zhang Yi thought of his brother, he jumped up 3 feet high excitedly, "Yes! Brother! He has been worrying about my illness. I've been missing for so long, he must be very anxious. I... I'm going to tell him the good news right away!"

When Zhang Yi was about to rush to the door, he was stopped by the expert guard.

The guard's expression was cold and aloof. Just a cold look made Zhang Yi instinctively step back. The originally excited smile all turned into fear.

The guard said coldly, "When you enter the academy, remember what you can say and what you can't say. If you dare to reveal anything that shouldn't be disclosed, I guarantee that your end will be a hundred times worse than your illness!"

Zhang Yi shivered all over, nodded desperately, and dared not say a word.

Wei Chengyuan smiled, "Uncle Qiu, don't worry, Little Yi is a sensible child. He won't talk nonsense."

This was the first time Hexi knew the title of this expert guard—Uncle Qiu.

Hearing Wei Chengyuan's words, Uncle Qiu nodded. Zhang Yi felt as if he had been granted amnesty and left the courtyard in a hurry.

In the small courtyard, only Wei Chengyuan, Hexi and Uncle Qiu were left.

Uncle Qiu glanced at Hexi lightly, and he said solemnly: "I will report the situation here truthfully to His Honor. You have him get ready and wait for His Honor's summon."

Wei Chengyuan bowed and said, "Yes."

Uncle Qiu squinted and looked at Hexi coldly, "You better remember, whether what you see or hear here or in other places in the future, what can be said and what can't be said. If you dare to say one more word... .."

"If you threaten me one more time." Hexi turned around and looked at the man with a sneer, "Even if you have anything to do with Wei Chengyuan, don't expect me to save people."

Chapter 1186: Try It

"You—! Do you know who you're talking to?!" Uncle Qiu glared angrily. He had never met anyone who dared to speak to him like this in this academy.

Hexi sneered. "I'm not interested in knowing who I'm talking to. All I know is that none of your people can cure this disease, only I can cure it. I only treat based on my personal preference. Whoever made me happy, I will save even without paying me. If I'm offended, even if you kill me, I won't treat no matter how. Do you want to try it!"

Uncle Qiu was stunned for a moment, then his eyes filled with coldness and murderous intent, "Just a mere doctor, a kid of the Foundation Establishment stage, how dare you speak so shamelessly. Do you believe that I'll crush your bones right now and let you taste the taste of living hell?"

Hexi raised her eyebrows, and she exuded a powerful spiritual power. Her black hair fluttered without wind, "Great! Let's try it now? It's just that even if I really die, your so-called His Honor, can only endure the torment of the disease from time to time and go down to hell with me in the end!"

Hexi's temperament had always been arrogant to those who forced her. She could ignore those weaklings' slander because she didn't put them in her eyes at all. If someone wanted to force her to submit, it would only happen in their dreams!

Wei Chengyuan was so frightened that his heart almost jumped out, so he rushed between them and said loudly, "Uncle Qiu, calm down. Xi Yue's temperament has always been like this, please don't be bothered with him. Now, Xi Yue is the only one who can cure His Honor's illness. Do you really want to ruin His Honor's chance of recovery just because of a spur of the moment?"

Uncle Qiu also calmed down at this time, looking at Hexi with complicated eyes.

This kid is obviously not at the Foundation Establishment stage, but his spirit pressure even made me at the peak of the Nascent Soul Stage feel a little threatened. This young man seems to have some skills.

He squinted and said, "I hope you really have the ability to cure His Honor."

After he finished speaking, he disappeared from the small courtyard in a flash.

Seeing that the person disappeared, Hexi turned her hostile gaze to Wei Chengyuan.

Wei Chengyuan smirked, leaned over and said, "Xi Yue, don't be angry. I didn't mean to hide from you. It's just that the identity of His Honor is really special. I don't dare to talk without permission."

Hexi squinted and said, "This His Honor is in Miracle Healer Academy? Where does he live?"

Wei Chengyuan was a little strange by Hexi's question, but he still answered, "He is indeed in Miracle Healer Academy. He lives in Bijingxuan, which is the garden in the enchantment on the south side of Miracle Healer Academy. It's just I can't really mention the identity of His Honor. Xi Yue, are you willing to heal him? As long as you heal him, you will definitely be able to get great convenience in Miracle Healer Academy."

Wei Chengyuan asked very carefully. He already knew her character.

She only persisted her own way, and she would not change her attitude for any power or public opinion. He was really afraid that Xi Yue would refuse to treat the big man, and he was even more afraid that Xi Yue would be angry because of his deception.

Unexpectedly, Hexi smiled and said, "Okay, I'll treat. When His Honor summons you, you can inform me."

Bijing Pavilion? I remember that this place is a forbidden area that I couldn't when I was investigating the academy.

Maybe Wu Qi is there!

So, of course I have to take a look.

Chapter 1187: Cold World

Zhang Yi hurried to Heaven Medical Branch and asked someone to inquire about his brother Zhang Chong's whereabouts.

Anyone who heard Zhang Chong's name all looked contempt.

"Zhang Chong, he was kicked out of Heaven Medical Branch for making a big mistake. He can never come back in his life!"

"What?" Zhang Yi said anxiously, "Then where is my brother?"

"Hehe, where else can the people who got expelled go? Of course, it's the garbage center of Miracle Healer Academy, Huang Medical Branch?"

Zhang Yi murmured, "Huang Medical Branch?" Isn't that the branch where Brother Xi Yue is?

The person who answered Zhang Yi's question couldn't help but looked him up and down, then he frowned and said, "Are you Zhang Chong's younger brother Zhang Yi, didn't he say you've been missing for a long time? Why did you suddenly appear?"

How would Zhang Yi answer his question. He hurriedly ran straight to Huang Medical Branch.

At this time, Zhang Chong, who was in the Huang Medical Branch, was drunk. He stumbled and fell on the corner of the backyard of the branch.

A group of students from Hong Medical Branch all frowned because of the smell of alcohol from him.

Someone glanced at him and exclaimed, "Isn't this Zhang Chong, the officer of the Academy Student Council? Why is he so drunk here?"

"What Academy Student Council officer?" Another person sneered, "You didn't know? He made a mistake, was kicked out from the Academy Student Council and Heaven Medical Branch. Now he is just a trash from the Huang Medical Branch. Even worse than us!"

"Haha... It turns out that he has fallen! Look at him, how does he have the look of a Gold Core Stage senior."

"He is also very pitiful. He was expelled from Heaven Medical Branch, and no one helped him at all. I heard that the officers who worked together in the Academy Student Council spat on him when they saw him. What's more, the people in Huang Medical Branch despised the privileged people the most. He has no place in it at all. Haha... his future is really sad!"

Their voices gradually faded away, but those words seemed to remain in Zhang Chong's ears.

Now he finally realized what it meant to be in a cold world.

After being expelled from Heaven Medical Branch, his fellows of the Academy Student Council who once called him a brother and all his previous classmates looked down on him and alienated him.

The students from the lower branch who flattered him before, all came to trample him and humiliate him.

People from Huang Medical Branch looked down on the Academy Student Council's officer like him, so they naturally would not welcome him. Even everyone in the dormitory united and threw his bed into the utility room.

Zhang Chong really felt the gap from heaven to hell.

But these were not the saddest for him, the saddest thing was that he was now in such a state of despair that he no longer had the ability to find his younger brother.

His younger brother Zhang Yi had been ill since childhood, and there was no way to find a cure outside.

That's why Zhang Chong and his brother worked so hard to get into the Miracle Healer Academy, but when they entered the Miracle Healer Academy, his younger brother disappeared for no reason.

He had been searching for years in Miracle Healer Academy and still couldn't find him. Now that he ended up in such a situation, there was even no hope.

"Brother! Brother, it's really you!" A boy's excited voice suddenly came from his ear, "Brother, how did you become like this?"

Zhang Chong raised his head in a trance, and he saw a familiar face in his drunken eyes.

It was the face he had thought about countless times day and night; the face of his younger brother.

Chapter 1188: Guilty

He smiled, "Am I drunk enough to have hallucinations now? Brother, brother... Wuwu, brother I'm sorry for you. Not only did I not find you, but I also put shame also there is no way to shine on the lintel for our Zhang Family, brother I'm sorry for you !"

"Brother! Brother, wake up, I'm Little Yi, I'm back!" The young man kept shaking Zhang Chong's shoulders. In a hurry, he quickly condensed a ball of water spiritual power and poured it on Zhang Chong's face.

Zhang Chong was drenched in water and finally woke up. When he was sure that the person in front of him was really Zhang Yi, he trembled with excitement, "Little Yi, Little Yi, is it really you?!"

Zhang Yihong nodded and nodded, "Brother, it's me! It's really me! My illness has been cured. I can live a normal life from now on and I can study with you. Brother, I'm back!"

Zhang Chong couldn't bear it any longer. He hugged his younger brother and cried lowly.

"What did you say? Xi Yue cured you?" Zhang Chong exclaimed in disbelief after listening to his brother's narration.

Because there was no way to disclose what happened in the small courtyard, Zhang Yi could only lie that he was isolated because of his illness. Until recently, he met a good person with superb medical skills and completely cured his illness.

And the person who cured him, Zhang Yi did not hide it, was Xi Yue.

Hearing Zhang Yi excitedly and gratefully described the process of Xi Yue's treatment of his illness, Zhang Chong's heart was almost eaten up by guilt.

"Originally, Brother Wei was going to put me in the Heaven Medical Branch, because I'm very talented in beast training. But I heard that Brother Xi Yue was kicked out of the Heaven Medical Branch because he was framed, and now he is in Huang Medical Branch. So I also really want to go to Huang Medical Branch. It just happens that you are here. That would be great... I don't want to go to Heaven Medical Branch where they blame indiscriminately!"

Zhang Chong closed his eyes with a sad look.

If the younger brother knew that I was the one who framed his savior, how sad would he be? Will he still forgive himself?

And Xi Yue, who saved my younger brother.

What about him? Because of a mistake, not to mention I changed Xi Yue's grades and kept it a secret out of fear; later, I also hide the key information for fear of affecting Cai Yu.

In the second assessment, no one knew better than him and Cai Yu what Xi Yue had done and what kind of injustice he had endured.

Although Xi Yue would not be expelled from Miracle Healer Academy for cheating, there were still many people in the academy who reject her.

There was no other reason because in the image released by Elder Qin, people were afraid of the fact that Xi Yue letting him die.

She also didn't tell the five spiritual pill, so many people still had doubts and felt that she was still cheating.

However, Xi Yue, did he cheat? Did he not help him?

there has never been!

No one knows this fact better than himself! Xi Yue's amazing talent and his innocence.

Zhang Chong clenched his hands, and Divine Sense lightly touched a recording talisman.

All the Shadow Summoning Stones were collected after the assessment, whether they were damaged or intact.

But at that time, Zhang Chong didn't like Chen Jiancheng very much, so he secretly copied a copy of Chen Jiancheng's image in case of emergency.

As soon as Xi Yue's cheating broke out, Zhang Chong wanted to take out the recording talisman.

However, Cai Yu actually served as a witness to Xi Yue's cheating, and joined other students to submit an application for Xi Yue's expulsion.

Chapter 1189: Dungeon

Cai Yu was Zhang Chong's benefactor. He could gain a firm foothold in Miracle Healer Academy was inseparable from Cai Yu's help and guidance. Even his admission to the Academy Student Council was recommended by Cai Yu.

If he exposed the image of Chen Jiancheng, it meant that Cai Yu was lying, and it would naturally ruin Cai Yu's reputation. How could he do this?

There was a pain of struggle in Zhang Chong's eyes. Looking at his younger brother's clear eyes, he slowly lowered his head.

The dungeon of Miracle Healer Academy was similar to Spirit Sealing Prison.

It was heavily guarded here, and ordinary people couldn't enter without authorization, and those who were locked inside may never see the daylight again.

The guards of the dungeon were standing at the door, chatting with boredom. Suddenly, 2 figures were approaching.

When the guards saw the young man, he immediately smiled and said, "Deputy President Cai, you come to the dungeon again to collect yin fire?"

Cai Yu nodded with a smile, but his face was a little pale; his hands were even tightly gripping his clothes.

Cai Yu used yin fire to refine pill. He specialized in refining offensive pills that targeted soul. This was a very important talent in the Miracle Healer Academy, and it was also the reason that he could be the Academy Student Council's deputy president.

However, the maintenance of yin fire was different from ordinary spiritual fire. It needed to be nourished by grievances and yin spirits. Therefore, Cai Yu had received special approval from the academy and often went to dungeon to cultivate and nourish yin fire.

The guards didn't stop and quickly let Cai Yu in.

However, seeing a small figure following Cai Yu, someone couldn't help but ask, "Who is this?"

Cai Yu forced a smile, "It's my new boy. I need him to help with some spiritual herbs today."

After saying these, the guards naturally did not stop them and quickly let them in.

However, after Cai Yu and the figure left, they didn't run to the usual training place, but they went straight in one direction and finally stopped in front of a cell.

The short figure was originally wearing a cloak, but when he removed the cloak, a pretty face was revealed.

It was Lu Zhixi.

The people locked in the cell were Chen Jiancheng and Feng Yunqing.

Cai Yu said in a low voice, "Zhixi, there are people patrolling the dungeon every day. If someone finds you coming in secretly..."

Lu Zhixi smiled softly and said, "Thank you, Cai Yu, for taking the risk to bring me in."

She smiled and stared at Cai Yu with watery eyes as if filling with infinite gratitude, "Don't worry, I just have a few words to ask them, it won't take long. If anyone finds out, I won't drag you down."

"Zhixi, don't say that!" Cai Yu looked at her with sincerity immediately, and he said excitedly, "I'm willing to do all this for you. To be able to protect you, I'm very happy."

Lu Zhixi's cheek flushed as she lowered her head.

Cai Yu suppressed his pounding heart and said softly, "I'll go to the usual training place first. Zhixi, come over immediately after you've finished your question."

Lu Zhixi nodded. After Cai Yu's figure completely disappeared, Lu Zhixi set her eyes on the 2 in the prison.

Feng Yunqing's eyes were cold and she sneered, "Fairy Zhixi, the president of the Academy Student Council, why are you here?"

Chapter 1190: Why Did They Die?

Chen Jiancheng also woke up at this time. He crawled over to Lu Zhixi and cried while saying, "Fairy Zhixi, president, save me, save me..."

Lu Zhixi brushed her robes and smiled faintly, “Feng Yunqing, Chen Jiancheng, don’t you all hate Xi Yue and wish him to die? I’ll give you this opportunity to personally drag Xi Yue into hell with you guys. What do you think?”

Feng Yunqing’s eyes lit up when she heard the words. She saw Lu Zhixi’s cold and indifferent gaze in her gentle smile, and a chill went down her spine, “What...what do you want to do??”

Chen Jiancheng and Feng Yunqing were dead!

Their injuries suddenly went worse, and their bodies festered. They died extremely miserably.

As soon as the news came out, the students of the entire Miracle Healer Academy were in an uproar again.

A rumor spread quickly in Miracle Healer Academy.

“Have you heard? When Xi Yue and Chen Jiancheng and Feng Yunqing were fighting, they were poisoned, and it will only be triggered until 3 days later, so they both died so miserably!”

“No way? Why does Xi Yue do such a thing?”

“He must be afraid that his cheating will be exposed! That 999 assessment paper isn’t Xi Yue’s at all. Chen Jiancheng knew the truth, so he was silenced!”

“Also, the five spiritual pill in the second assessment. Xi Yue didn’t explain exactly how it came from!”

“Right! That’s right! Besides, he didn’t help his team member in the Illusive Forest. Such a vicious person, it’s not uncommon for him to poison someone!”

“Eh, you haven’t seen the tragic state of Chen Jiancheng and Feng Yunqing. It’s really horrible! Their skin was peeling off inch by inch!”

“Xi Yue is so vicious, so what if he has a great talent? If this kind of person stays in the academy, maybe we will be poisoned by him one day!”

“He will pay for that. This matter must be thoroughly investigated by the academy. If Xi Yue did it, he must pay the price!”

“That’s right! Put him in the dungeon too, so he can’t come out for the rest of his life!”

Zhang Chong blankly listened to the voices of the people passing by, and his face turned pale as he stood in place in a daze.

He was still struggling with whether to repay Xi Yue for saving his brother’s life or repay Cai Yu’s kindness.

But now, he could no longer hesitate; he could no longer be a coward!

Zhang Chong clenched his fists abruptly. The flame of determination flashed in his eyes as he ran toward the cafeteria not far away.

Miracle Healer Academy’s Student Council.

Cai Yu entered Lu Zhixi's room. He said with a trembling voice, "Zhixi, what's going on? Why did Feng Yunqing and Chen Jiancheng die? Did... did you do something?"

Lu Zhixi's eyes widened in shock. Her face was full of hurt, and her body became unstable, "Cai Yu, are you doubting me? Am I such a vicious person in your heart?"

As Lu Zhixi said, there were tears in her eyes, and her face was pale. She looked really sad and pitiful.

Cai Yu immediately dispelled his doubt and quickly said: "Zhixi, that's not what I meant. How, how can I doubt you? It's just..."

It's just that he knew better than anyone that Xi Yue wouldn't kill them because he didn't have to.

However, why did Chen Jiancheng and Feng Yunqing die?
