#### Chapter 1291: Disguise

Even there was noise from the utility room where Tong Bing lived.

Xuan Mu suddenly restrained his killing intent and said in a hoarse voice, "I trust you. But my situation cannot be solved by medicine. As long as I use the strongest technique, my body temperature and complexion cannot be recovered."

No wonder. I should trust my doctor's instinct. I couldn't feel any signs of injury to Xuan Mu's aura and spiritual power just now.

Hexi smiled leisurely, "Who said it must be cured? Have you heard of the deceit method?"

After saying this, Hexi quickly took out the disguise tool.

When the soft and cool little hands touched his face with the strange ointment, Xuan Mu's body suddenly stiffened. His breathing almost stopped.

The breath of the young man had a unique green herbal fragrance that did not make people feel feminine at all.

But Xuan Mu just couldn't control his increasingly rapid heartbeat and slightly hot body.

At this moment, Tong Bing's nervous voice came from outside the door, "Brother Xi Yue, Brother Xuan Mu, do... do you know what happened? I seem to hear someone outside calling us out?"

Hexi frowned. Her hands were moving faster and faster.

Xuan Mu's gaze turned cold as he shouted coldly, "Get lost!"

Outside the dormitory, Tong Bing's body trembled, and tears instantly filled his eyes.

He didn't understand why Xuan Mu's brother was always so hostile to him. He clearly didn't do anything bad! And he had been working hard to blend into the dormitory.

Tong Bing looked into the dormitory room, and he was stunned.

The dormitory room was lit up with crystal stone light, so Tong Bing could see the shadows inside.

He saw that Xi Yue seemed to be on Xuan Mu's bed. They were very close to each other.

Tong Bing exclaimed and covered his mouth abruptly.

Immediately, more tears filled his eyes. He pressed his hand tightly on his chest and said in a sobbing tone, "Brother Xi Yue, I'm so scared. Ca... can you let me in first? I promise, as long as tonight is over, I'll definitely go back to the utility room."

Hexi was working on the disguise cream on Xuan Mu's face.

Disguise was easy for him, but to make it perfect, her disguise cream had to completely reproduce the features on Xuan Mu's face.

Moreover, this disguise cream needed a warm touch on the skin, and it would not be wiped off due to water, fire and other reasons. This couldn't be achieved in a short period of time.

But she knew very well that Xuan Mu must not be exposed, otherwise she would definitely be exposed too.

So, when Tong Bing came to call, she was a little impatient: "Don't worry, it's just a routine inspection. You just stay in the room and you'll be fine."

Outside the room, Tong Bing was stunned by Xi Yue's rejection, then he became even more sad and disappointed.

He wanted to say something else, but Xuan Mu's icy voice sounded, "If you don't get lost now, die!"

This sentence was not a simple voice, but it contained a spirit pressure.

Tong Bing was just at the Foundation Establishment Stage. How could he resist Xuan Mu's spirit pressure? He fell to the ground with a pale face.

No matter how much unwillingness and fear Tong Bing felt in his heart, he still stood up, hugged his shoulders, wiped his tears and returned to his room.

Outside the dormitory, the noise became more and more noisy. Hexi could feel that the entire Huang Medical Branch students had been called out.

#### **Chapter 1292: Break In**

At this time, Hexi also completed the work at hand.

Looking at the man in front and his usual appearance, she tested the warm skin that was heated up by the hot water bottle temporarily made by Little Golden Dragon before nodding with satisfaction.

Hexi was also a little stunned.

She didn't expect that there are such a strange technique in this world. After using it, the skin would be colder than the thousands of years old ice.

Even she made Xuan Mu eat a grade 4 flame spirit pill but to no avail.

But fortunately, for problems that couldn't be solved from the inside, it was still okay to just confuse people with appearance.

In fact, Xuan Mu's skin didn't have any senses except for feeling cold.

However, when the young man touched his pulse and skin with his fingers, he felt as if he had been scalded by something that he almost wanted to jump.

Hexi had already returned to her bed. She made an eye gesture to Xuan Mu, and they entered a state of meditation.

After a while, the door of the room was suddenly kicked open.

A man's brutish shouting came from outside the door, "Are you guys tired of living? Gather in the square now! Do you hear me?"

Then came Tong Bing's crying voice, "No... No, I just..."

Hexi raised his eyelids, and the silver needle flashed in her hand.

Tong Bing, who was lifted up by the man, immediately fell to the ground. Tong Bing immediately rolled and crawled under Hexi's bed and cried, "Brother Xi Yue, they... they..."

And the rude man who just lifted up Tong Bing shook his hand in a panic.

At that moment, he felt as if his hand had lost consciousness.

However, feeling that his hand quickly regained consciousness, the rude man immediately glared at Hexi fiercely, "Brat, what are you doing? You want to go against me?"

Hexi jumped off the bed.

Before the rude man could speak, he suddenly rose into the air and fell heavily to the ground. He spurted a mouthful of blood with several teeth inside.

This change made everyone who rushed in stunned.

When the guard behind the rude man saw the person who attacked, his expression changed greatly, "Xuan Mu!"

The guards of other branches might not know Xuan Mu, but how would the guards not know the scourge of the Huang Medical Branch?

The rude man whose teeth got knocked out was about to stand up and scold again, then they hurriedly pulled him aside and whispered.

The rude man's expression changed drastically. He looked at Xuan Mu with awe, fear and resentment in his eyes, but he didn't dare to talk nonsense anymore.

The guards of the Huang Medical Branch stepped forward and bowed respectfully to Xuan Mu and also to Hexi.

Although Xuan Mu was the most feared existence, the handsome, seemingly weak young man in front couldn't be offended too.

Who didn't know the name of Xi Yue at the current Miracle Healer Academy, and her strength at the Foundation Establishment Stage that could defeat the Gold Core Stage martial artists?

Xuan Mu said coldly, "Get out, or, die!"

The cold killing intent filled the room. Everyone except Hexi couldn't help shaking their legs and almost fell to the ground.

Those guards were so frightened that they almost wet their pants, but they came with a death order. How dare they not obey? They all showed an embarrassed look.

Hexi coughed and said lightly, "It's so late, what's the matter?"

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1293: Join in the Fun**

As soon as Hexi spoke, the suffocating cold killing intent in the room suddenly disappeared without a trace.

The guard of the Huang Medical Branch was so frightened that his heart jumped out of his mouth, thinking that he would be killed by Xuan Mu.

Now that he escaped from death, he immediately regarded Hexi as a life-saving straw, "Xi... Xi Yue, the Elder Council orders all the students to gather in the square. Everyone have to present. Look, you and Senior Xuan Mu..."

Xuan Mu jumped off the bed, glanced at every guard with a cold gaze and said slowly, "Who dares to order me?!"

"Don't... don't... don't dare!" The guards were scared the shit out of them. The rude man who had just been taught a lesson by Xuan Mu was so frightened that he sat down on the ground with fear in his eyes.

Tong Bing stood aside, looking at Xuan Mu obsessively. His lips moved slightly, murmuring the words "Brother Xuan Mu" softly as if to imprint this person and this name into his mind.

The guards of Huang Medical Branch nearly wanted to cry. He didn't understand why he was so unlucky to be sent to ask these 2 scourges of the Huang Medical Branch.

However, if they failed to complete the mission, they would surely die miserably.

He had no choice but to look at Hexi for help again, and he said with a weeping voice, "Student Xi Yue, we are also following orders. If we can't bring all the students to the square, we will surely die miserably."

Hexi already held a dagger in her hand. She turned it slowly as she smiled, "Then, can you tell me what happened first? Why the academy wants to gather all student at such a late night?"

The guard shook his head and said bitterly, "We don't know. It seems that a very important treasure has been stolen from a forbidden place in the academy. Therefore, all students and officers must be investigated. Violators will be killed without mercy! Student Xi Yue, look..."

"Really? It's so serious? It seems a bit interesting." Hexi looked at Xuan Mu and said with a half-smile, "The long night is boring anyway, why don't we join in the fun?"

Xuan Mu was silent, and the room was full of tension.

Just when everyone thought that this scourge would get angry, Xuan Mu agreed with a soft "en". He walked out of the dormitory first.

Huh? The guard's eyes widened.

That's... that's it? Just like that, I made the scourge, Xuan Mu, go?

Omg! Am I dreaming?

Why does Xuan Mu listen to Xi Yue? Is this Xi Yue more powerful than Xuan Mu?

The guard took a deep breath, feeling that his worldview had been refreshed. He quickly followed behind Xi Yue.

Tong Bing was in a daze for a long time until a guard patted him again and said impatiently, "Go quickly!"

Tong Bing staggered, only to feel a burning pain in his back.

When he looked over, he saw Xuan Mu and Xi Yue mercilessly left him here.

Tears slid down his eyes again. Tong Bing bit his lip and quickly chased after them.

They quickly arrived at the square. At this time, countless Miracle Healer Academy students had gathered in the square.

These students were divided into 8 areas. Students from each branch stand in 1 area.

Hexi and Xuan Mu had just arrived at the place where Huang Medical Branch was. Everyone cast their gazes right away.

Jin Zeyu, Qian Dazhuang, Fang Yun, Zhang Yi and others ran toward them quickly.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1294: Flattered**

Qian Dazhuang's loud voice could be heard by the people of the entire branch standing here, "Xi Yue, finally you came! Then I can rest assured. They called us all up in the middle of the night, and they all look vicious. They didn't even bother listening to us. So scary!"

However, when Qian Dazhuang were just halfway through speaking, he saw Xuan Mu who was walking side by side with Xi Yue and his voice suddenly became hoarse.

Including Jin Zeyu, Zhang Chong and others, they all showed a bit of awe and fear toward Xuan Mu.

The power and terrifying power of this man was known to everyone at Miracle Healer Academy, especially Huang Medical Branch.

Hexi didn't seem to notice everyone's tension, and she casually introduced, "This is my roommate, Xuan Mu."

As she said, she turned sideways and introduced everyone to Xuan Mu, "Jin Zeyu, Qian Dazhuang, Zhang Chong... are all friends I met when I took on the Heaven Level mission."

With the introduction of Hexi, Xuan Mu glanced at the few of them.

In an instant, everyone's bodies were stiff. Their hearts were about to jump out of their throats.

Xi Yue... what is he doing? Why is he introducing us to him? This scourge has always been alone and never greets others. Whoever dares to greet him will only get a "get lost"!

It's over. We will definitely be scolded by Xuan Mu or even beaten up badly.

However, the next thing that shocked everyone happened.

Instead of scolding "get lost", Xuan Mu nodded and glanced at them coldly without any killing intent or annoyance. Instead, it seemed like he wanted to remember them.

Of course, just remember. Just like people recognize trees and utensils without any emotion at all.

But this kind of goodwill also made everyone present flattered.

Jin Zeyu, who had the most flexible mind, quickly reacted. He walked over to Xi Yue and whispered, "Xuan Mu has a good relationship with you, right?"

"It's okay, I guess?" Hexi raised an eyebrow. Very good? Not really right? Just an ordinary roommate. Of course, after tonight, we will be on the same boat. At least, we are considered friends.

It's okay? Jin Zeyu took a deep breath, "You know that Xuan Mu has always been alone, and his status in the school is extremely special. Even the elders in the school can't order him to do things. There were many students with extraordinary backgrounds, and some people once wanted to make friends with him, but he didn't even look at them properly."

"But..." Jin Zeyu paused and said with an unbelievable expression, "But, just because you introduced us, he actually greeted us. If others know about it, their jaws will drop."

Hexi glanced at Xuan Mu. This guy dresses in black at night as if merging with the darkness, but no one present can ignore his existence.

Whether it was Huang Medical Branch or other branches, they all look at him with fear and awe.

Speaking of which, Hexi also found it strange. She had also been in Miracle Healer Academy for a few months, and she had almost zero communication with Xuan Mu. She even didn't expect him to save her in Mo Jingxuan.

Hexi's thoughts were flying around when Tong Bing's breathless voice came from behind, "Brother Xi Yue, you guys are walking too fast. I can't keep up with you guys."

Hexi turned around and saw Tong Bing hurried up. His forehead was sweating slightly, and his delicate little face was flushing too.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1295: Bear It**

Seeing so many people standing, Tong Bing immediately stopped in embarrassment and showed a well-behaved smile, "Hi everyone, I'm Tong Bing, Brother Xi Yue and Brother Xuan Mu's roommate. You're Brother Xi Yue's friends right? Nice to meet you."

Qian Dazhuang smiled heartlessly, "Since you are Xi Yue's friend, you are our friend too."

Hearing this, Tong Bing immediately showed a happy smile, then took a peek at Xuan Mu. His already blushing cheeks turned even redder.

But other people in Huang Medical Branch were not as simple as Qian Dazhuang. They glanced at each other with strange gazes.

The way and time Tong Bing appeared in Miracle Healer Academy were really weird. Almost everyone in Huang Medical Branch was saying that he entered Miracle Healer Academy through the back door, but could someone really come in through the back door?

Besides, he is so close to Xi Yue? Wouldn't it be bad for Xi Yue?

Several complicated thoughts passed through their minds one after another, but they didn't show it at all. They just greeted Tong Bing with a friendly smile.

From time to time, people would peek at Xuan Mu who looked cold.

Time passed bit by bit. Soon, all the students in the dormitory or not in the dormitory were gathered in the square.

Hexi also looked over.

On the high platform at the front of the square, several students and an officer were held down by the guards. They were constantly struggling and cursing.

"Why are you arresting me?! I just can't sleep and hang out outside. I didn't do anything bad at all!"

"Do you know who I'm? I'm a student of Heaven Medical Branch. Who gave you the guts to do this to me!"

In the midst of the clamor, a thin old man in a dark purple doctor's robe stepped forward and looked at these people coldly, "In the middle of the night, when the guards went to search, you were not in the dormitory, where were you? What did you do?"

This old man looked very unfamiliar. Few people in the academy had seen him, but judging from his spiritual power coercion and clothing, he should be a senior elder of the academy.

"I just said. I just can't sleep and hang out outside. How can you..."

"Pa—" A slap made the student stagger. He almost fainted to the ground.

The thin old man looked extremely sinister and impatient, "I'm in a bad mood right now. I don't have the time to play with you rubbish. You won't say right? Fine, I'll see for myself."

As soon as he finished speaking, his 5 fingers suddenly lifted up and bent into a claw.

Immediately afterward, one of the students screamed and was sucked in by the claw.

A white light flashed, and the student's screams and wailing turned into low moans. The fear on his face turned into a dull daze.

Soul Search—!

And it was the most cruel destructive soul searching technique.

People who got their souls searched would become idiots in all likelihood. Even if they didn't turn idiots, their cultivation would regress a lot.

Hexi stepped forward abruptly with a strong killing intent in her eyes.

However, just as she took a step, her wrist was immediately grabbed by someone.

A cold touch came from the palm holding her arm as if to remind her to calm down.

Xuan Mu's low voice came into her ears. Only she could hear it, "Bear it!"

Hexi took a deep breath and forced herself to calm down.

Bear it, yes, I must bear it.

I have always been cold-blooded, but that doesn't mean I can be indifferent when I see others being my scapegoat.

### **The King of Hell's Genius Pampered Wife**

#### **Chapter 1296: Ants**

Although Wu Qi was rescued, in the communication with Xiao Li, she learned that his current state was very bad. He had been in a coma and almost died. It probably had something to do with what Mojing Pavilion did to beastkin.

She still had a reason to stay at Miracle Healer Academy. Moreover, this kind of random elder in a small courtyard was at the Soul Splitting Stage, which was really not someone she could provoke now.

Almost at the moment when Hexi was pulled by Xuan Mu, the thin old man raised his head abruptly and looked over with vicious eyes.

"Elder Fei, what are you doing?!" The elders who were originally ordered to summon the students were also shocked and angry when they saw this scene. They stepped forward to stop them, "Without evidence, how can you search their souls?! They are students of the Miracle Healer Academy. They are talented people with unlimited prospects!"

"Talented? Hahaha... bah. In our eyes, they are just a bunch of trash." Before the thin old man could speak, a young man in his early thirties beside him sneered angrily, "We still haven't question you guys! Is the barrier of Miracle Healer Academy working properly? Did you investigate the students properly when recruiting? Why can someone break into the forbidden area of ??the academy? You better hope we can find the criminal and get back our treasure. Otherwise, the Miracle Healer Academy will be doomed!"

As soon as these words came out, the audience was shocked.

The elders of Miracle Healer Academy looked ashed. Their eyes were full of humiliation, but no one dared to say anything more.

The students below were filled with righteous indignation, and their faces were also full of shameful confusion.

They could enter the Miracle Healer Academy because of their proud talents. They were admired and praised by everyone outside.

But today, this person said that they were just a bunch of garbage? Moreover, their lives, in the eyes of the other party, were like ants that could be trampled to death at will. How could they not be shocked and outraged by such a fact?

Hexi knew better than anyone in the Miracle Healer Academy.

When she saw His Honor in the Bijing Pavilion, she knew that he was definitely not from the Miluo Continent.

Then the Mojing Pavilion, which was mirrored with the Bijing Pavilion, was naturally the same.

People in the upper realm looked at people in the lower realm with a natural sense of superiority. They regarded people in the lower realm as ants or beasts. This kind of mentality was not difficult to understand.

However, it still made Hexi very displeased.

While speaking, the first student whose soul was searched was foaming at his mouth. His eyes rolled as he fell unconscious to the ground.

The thin old man didn't even look at the elders of Miracle Healer Academy, and he reached out and grabbed the second student.

"I'm a student of Heaven Medical Branch. I'm from Qixing Palace's Xia family. You can't... Ahhhhh!"

The second, the third, the fourth...

In just a short tea time, everyone on the stage was foaming at the mouth and fell to the ground with twitching limbs.

The students below turned their heads one by one, showing expressions of pain and fear.

These people were completely crippled after tonight.

The thin old man snorted lightly and said bitterly, "None of these!"

As soon as the old man finished speaking, the young man beside him immediately stepped forward and kicked down everyone on the stage.

He also cursed, "Trash, waste our time!"

Whether on stage or off stage, everyone clenched their fists. Their eyes were filled with resentment and grievances.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1297: Coercion and Temptation**

Deputy Dean Jiang, the highest-ranking person in the Miracle Healer Academy tonight, took a step forward and suppressed the turbulent emotions in his heart, "Elder Fei, we know the strength of our

students. No one can absolutely break through the enchantment of the forbidden area without triggering it. Elder Fei, you... have already checked these people. Shouldn't we end this here tonight?"

"End this?!" The young man beside the thin old man suddenly raised his voice and said sharply, "You think what we lost is..."

"Ah Bin!" The thin old man glanced over with a fierce gaze, and the young man immediately shut up, but he looked at Deputy Dean Jiang with disdain in his eyes.

The thin old man squinted slightly and swept over the students below. Suddenly, he turned his head to signal the other gentle-looking young man beside him.

The young man understood, immediately stepped forward, and used spiritual power to spread his voice, "Don't panic, we called everyone here, not to hurt everyone. I just want to ask something. This matter is very important to us."

The young man paused with a gentle smile, then he continued, "Please help to think about it, after this evening, have you found that people living with you or the surrounding courtyard have gone out? If someone is willing to report and help us find the real criminal, we are willing to reward a grade 7 nascent condense pill."

After speaking, the young man took out a white, round, crystal clear medicinal pill.

The strong medicinal fragrance and mellow spiritual power of the medicinal pills also made the students who looked at the medicinal pills swallow their saliva.

Nascent condense pill, and it's grade 7! It can increase to chance to condense nascent soul by more than 50%.

In Miluo Continent, there is no doctor who can refine the nascent condense pill, all nascent condense pills are handed down from ancient times or the upper realm.

More than half of the students in Miracle Healer Academy had reached the Gold Core Stage. If they could get the nascent condense pill, it meant that they had half of the hope of advancing to the Nascent Soul Stage. How could this make them not interested?

Not to mention the students, even the elders looked at the nascent condense pill with glowing eyes. Even if they were already at the Nascent Soul Stage, the powerful crystal power contained in the nascent condense pill was also of great benefit to the consolidation and improvement of their cultivation.

The young man on the high platform caught everyone's greedy and burning eyes, and a mocking smile appeared on his face. He continued with a deep voice, "But if anyone knows about it and doesn't report it, when we find the real criminal, the person who covers him will receive the same punishment. As for what kind of punishment, I can guarantee that it will definitely be a hundred times more miserable than these people who had been soul-searched."

As soon as the young man said these words, the audience suddenly fell silent, and many people had expressions of horror on their faces.

A few students even trembled under their feet as if they wanted to flee back desperately.

Some students' eyes flickered. Their expressions were full of greed and guilt struggles.

Sure enough, with such a temptation and threat, some of the students at the bottom soon raised their hands tremblingly and began to report.

The square was filled with screams, cries and curses.

However, the bodyguards of the skinny old man didn't care about the students' cries for grievance at all. They directly dragged them to the high platform for soul search.

If they didn't find anything they want, they just threw the students aside like garbage.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1298: Report**

The deans and elders of the academy next to the high platform all looked extremely ugly. Several hot-tempered people like Zeng Shouyue couldn't help rushing out to stop them, but they were still dragged back.

This was a world where the strong prey on the weak. Without enough power, there was no dignity and the right to resist.

Hexi took another deep breath, clenching her hands tightly into fists. Her eyes looking at the thin old man and the gentle young man above became colder and darker.

What a coercion and temptation!

No wonder they used the cruel method of destructive soul search immediately.

Under this kind of heavy pressure, few people dared to lie. Coupled with the temptation of the nascent condense pill and the severe punishment for covering up, there are few people who can withstand the pressure without betraying their companions.

Humanity was so fragile sometimes. Even though they were still indignant at the death of their classmates just now, they could still betray others for self-protection.

Even, taking the opportunity to frame them.

"I... I want to report it!" A woman's clear voice suddenly came from the crowd, "Although my roommate has never gone out at night, I saw someone appearing in the south area of ??the school around 12am. She seems to be going in the direction of Bijing Pavilion."

As soon as the voice came out, the eyes of the young man and the thin old man on the stage suddenly turned to her.

The thin old man narrowed his eyes and said solemnly, "The direction to Bijing Pavilion? Have you seen who that person was?"

Under the stage, the students' eyes were also focused on the woman.

The woman took a step forward slowly. Under the light of the crystal stone, her true face was revealed. It was actually Ren Xueling.

As soon as Hexi saw Ren Xueling, a bad premonition rose in her heart.

Sure enough, Ren Xueling's next sentence was, "Of course. That person is very famous in our Miracle Healer Academy recently. I don't think anyone won't recognize her."

As she said that, she turned around suddenly, pointed her finger in Hexi's direction, and said loudly, "It's you, Xi Yue!"

There was a moment of silence.

Hexi squinted and met Ren Xueling's eyes full of resentment.

Behind her, was Lu Zhixi, who looked at her with a sneer.

"You lied!" Suddenly, Zhang Yi, who was standing beside Hexi, yelled angrily, "You are slandering without evidence! Why did you tell such a lie to harm Brother Xi Yue?"

Jin Zeyu and others also became extremely ugly. Qian Dazhuang shouted, "Bah, Ren Xueling, your dormitory is in Heaven Medical Branch. Xi Yue is from our Huang Medical Branch. How did you know she went out at night and where she went?"

Zhang Chong raised his voice even more and said angrily, "Ren Xueling, you actually avenged your personal revenge and framed Xi Yue at this time. No one in Miracle Healer Academy knew that you had a personal grievance with Xi Yue. You did this just to frame Xi Yue. You are really vicious!"

Ren Xueling's face distorted when her thoughts were pointed out by Zhang Chong. She raised her tone, "Who said I'm framing Xi Yue? I indeed saw her appear in the southern district at night. I'm just telling the truth! Many people have seen that Xi Yue often appears near the Bijing Pavilion during this time, wasn't she searching the way so that she could sneak in at night?"

As soon as Ren Xueling said this, the thin old man's eyes became more gloomy and terrifying.

The students at the bottom stepped back one after another, keeping a distance from Hexi as if they were afraid of being implicated by her.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1299: Testify**

However, strangely, not many students of Huang Medical Branch retreated. Even more than 90% of them still stood by Hexi's side.

People kept shouting, "Xi Yue is wronged! Who didn't know that Ren Xueling and Xi Yue had a grudge?"

In fact, they were not familiar with Xi Yue, but the arrival of Xi Yue had changed their lives. They saw hope from despair and decadence.

If there was anyone who didn't want Xi Yue to leave Miracle Healer Academy, it was definitely the people from the Huang Medical Branch.

On the high platform, the thin old man waved his hand and said, "Bring her to me, whether she is the trespasser or not, we will know after searching her soul!"

“No way!” Zeng Shouyue, who had been holding back among the elders, finally couldn’t sit still. He rushed out with a red face, “Xi Yue is the most talented disciple in my Huang Medical Branch, I will never allow you to ruin him like that!”

“You don’t allow... hahaha?” The arrogant young man beside the thin old man laughed loudly, “Old fool, do you know who you are? You even said not allow to my master? I don’t if he is a genius of the Huang Medical Branch. Even the top elite of your academy, if my master wants him to die, he must die!”

Zeng Shouyue’s whole body was trembling. The spiritual power in his body was about to explode.

How many years did he wait for Xi Yue, a proud student. Moreover, because Xi Yue’s talent in pill refining inspired him, even his pill refining level had improved during this time.

Such a student, how could he watch her die?

However, before Zeng Shouyue rushed out, he was stopped by Elder Huang who befriended him.

Elder Huang shook his head at him with pain and resentment on his face and said in a low voice, “Shouyue, do you want more people to die in the academy? We can’t go against them.”

While they were talking, the guards had already rushed down and come directly to Hexi’s side, wanting to bring her to the high platform and let the thin old man search her soul.

Ren Xueling watched this scene excitedly. Her eyes were filled with resentment and madness.

However, just when everyone thought that Xi Yue could not escape a tragic fate.

The guards who rushed to Xi Yue suddenly exclaimed in unison, then everyone was pushed back as if they ran into something.

A few loud bangs made the originally noisy square quiet for a while.

The thin old man’s eyes flashed, and the arrogant young man flew straight down, pointing at Xi Yue and said sharply, “You dare to resist? It seems that the criminal is you!”

The young man in front of him looked calm. There was no sense of fear in his eyes, and he didn’t mean to argue at all. On the contrary, he smirked slightly as if mocking and watching a good show leisurely.

The arrogant young man suddenly felt extremely displeased. Even if the young man in front of him looked beautiful, he still wanted to dig out these mocking eyes.

In this lowly lower realm, no one dared to look at him like that.

The arrogant young man took a step, about to teach the young man a lesson. Suddenly, a low and cold voice came into his ears.

“Xi Yue didn’t go out tonight. I can testify.”

“Who the hell are you?!” The arrogant young man encountered people who defied him numerous times, so he furiously swept his hand with a wind blade, “I didn’t ask you! How dare you... ahhh!”

[\*\*The King of Hell's Genius Pampered Wife\*\*](#)

**Chapter 1300: It’s Me, So What?**

Before he could finish his words, a strong wind blew toward his face.

The arrogant young man's eyes widened. The wind blade that he shot out, turned around in front of the man with a cold face not far away, and slashed back at him fiercely.

The wind blade, which used only 30% of his power, returned with 100% power.

"Psh——" The arrogant young man heard a terrifying sound of flesh tearing from his neck.

Immediately afterward, he fell to the ground, twitching.

Underneath, a pool of blood soon leaked out.

The arrogant young man rolled his eyes, and his throat kept breathing, but he could only make click sounds.

Just a few seconds ago, he watched those low-level martial artists of the Miluo Continent suffered and even died like ants in front of him.

However, how could he have thought that in the blink of an eye, it was... it was his turn.

"Ahh!"

"Dead—! He's dead—!"

There was a mess in the square immediately. Everyone looked in horror at the young man who lost his life in an instant. They felt with pleasant and fear at the same times. It was an indescribable mixed feeling.

On the high platform, the thin old man did not expect such a change.

With a flick of his figure, he came to the arrogant young man who had died and checked with Divine Sense. His face suddenly became extremely solemn.

"Who killed him?"

Beside Hexi, a stern man in black clothes slowly stepped forward, "It's me, so what?"

The anger and killing intent flashed in the thin old man's eyes, and the fireball in his hand was about to shoot.

"Elder Fei, don't!" The anxious voice of Deputy Dean Jiang came from behind.

Even though he was the deputy dean of Miracle Healer Academy, his gaze toward Xuan Mu was clearly filled with fear and awe.

The gentle young man who just took out the nascent condense pill ran over anxiously to pull the thin old man and whispered a few words in his ear.

The thin old man's pupils shrank suddenly when he heard the words of his disciples. His gaze toward Xuan Mu was already filled with surprise and awe.

For a while, the square fell into a strange silence again.

Ren Xueling saw that the bitch, Xi Yue, was about to be turned into an idiot, but suddenly someone help her inexplicably. How could she accept such a result?

“You’re lying!” She suddenly screamed, “Xi Yue was near the Bijing Pavilion, why did you say he didn’t go out in the middle of the night?!”

Before Xuan Mu spoke, Zhang Yi, who was standing beside him, couldn’t bear it any longer. He said loudly, “You’re lying! Senior Xuan is Brother Xi Yue’s roommate. Is it that you know more than him? Or do you mean Brother Xuan Mu is also his accomplice?!”

Ren Xueling’s face was twisted. When she was about to say “Xuan Mu must be an accomplice of Xi Yue”, she was pulled by Lu Zhixi from behind.

Lu Zhixi took a step forward and said with a bow, “Senior Xuan, please don’t get angry. Xueling doesn’t mean that. She just told what she saw. If we find the real criminal, we can also reduce unnecessary casualties, right?”

Lu Zhixi’s voice paused slightly, feeling the emotions of the people around favoring her, and she smirked slightly, “Although Senior Xuan and Xi Yue are roommates, Senior Xuan has always been used to being alone, and he won’t pay special attention to roommate. Maybe, Xi Yue took advantage of this and deceived you, senior?”
