#### Chapter 1331: Meddle In

Wei Chengyuan's words confused many people, but people like Wei Jianxing and Uncle Qiu showed a look of astonishment.

Tian Gang Array only existed in the legend. It belonged to the array hundreds of millions of years ago.

This young man in front was only in his 20s, yet he could set up a Tian Gang Array, which was incredible.

However, these people didn't know how shocked Wei Chengyuan was.

Because many people had never heard of the Tian Gang Array. They only knew that this array powerful and ancient, but few people know that the most difficult thing about Tian Gang Array was not the array, but the final symbol that activated the array.

The process was extremely dangerous. The use of spiritual power and the drawing of the symbol, as long as there was a slight mistake, the array would collapse. A terrifying explosion would occur that stretches for thousands of miles.

But this person set up the Tian Gang Array like he was just breathing. He didn't look hesitant and nervous at all.

*Who is this... person?*

Xue Sha in the air also saw the strange runes appearing above the Bijing Pavilion. He was surprised too. He knew all of Venerable Hui Yue's subordinates, but he had never seen this inconspicuous young man who suddenly appeared.

Moreover, Xue Sha could only see that this man was only at the peak of the Nascent Soul Stage, but he felt that this man was shrouded in a mist, making him unable to see it clearly.

It was this person who stabilized the barrier that was about to collapse.

Xue Sha looked down at Nangong Yu coldly and said solemnly, "Boy, who are you? Who told you to meddle in our business?"

Nangong Yu was busy strengthening Tian Gang Array, so he didn't even bother looking at Xue Sha.

Xue Sha was infuriated in the air. He glared at Nangong Yu, "Court death! Just a mere Nascent Soul Stage, how dare you! I will crush your bone into ashes, and I'll see if you will still be arrogant by then!"

As he spoke, the sword in his hand, which was originally only 2 feet long, suddenly became 10 feet long.

The giant sword floated in the air, emitting a sinister glow.

Xue Sha folded his hands together, forming a symbol, then the symbol shot a fireball at the giant sword.

Xue Sha pointed at the barrier of the Bijing Pavilion and shouted fiercely, "Break!"

In an instant, the loud whistling sound came as the giant fireball was launched at the barrier.

It was about to engulf the Bijing Pavilion in the next moment.

Even though Wei Chengyuan, Wei Jianxing and the others were full of confidence in Tian Gang Array just now, they still felt the slightest fear when they saw this overwhelming fire.

That was [Endless Black Flame], the flame that could burn everything in the world. Even the spiritual power of the barrier would be devoured little by little.

Venerable An Ye burned the souls of so many people with this [Endless Black Flame], terrifying countless people. Unexpectedly, he actually gave this [Endless Black Flame] to his subordinate Xue Sha.

Tian Gang Array, could it really stop this [Endless Black Flame]?

In the operating room, when the shaking stopped, everything was calm and orderly again.

While exploring the lesions in the middle-aged man's brain with Divine Sense, Hexi slowly removed the lesion and washed it with diluted spirit spring water.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1332: Spy**

There was a simple hourglass next to the operating table, and the fine sand in the hourglass flowed bit by bit as time passed.

Hexi's eyes fixed on the comatose patient, so he didn't see Dr. Min, who was paralyzed by the fear and vomiting, slowly stood up.

At this moment, there was no fear on his face but a malicious intent.

He also had a dagger with an emerald luster in his hand. This dagger was smeared with a deadly poison. Just piercing the skin a little bit could kill someone completely.

Dr. Min approached the Hexi who was concentrating on the operation step by step.

He had been waiting for this moment for a long time. He didn't dare to do it when Wei Jianxing was there, and he didn't think it was the best time before that manservant had left.

Having been by Venerable Hui Yue's side for so many years, he had only one chance to complete the mission given by his master.

That was to put Venerable Hui Yue to death completely!

Now, there are only Xi Yue and Venerable Hui Yue left in this room. As long as he killed Xi Yue, Venerable Hui Yue would surely die.

Thinking of this, Dr. Min's eyes flashed with fiery excitement.

And his dagger was getting closer and closer to Xi Yue's back!

*Die for me——!*

A scream resounded in Dr. Min's heart. His face suddenly turned hideous, and the knife in his hand stabbed the boy in front of him fiercely.

“Puchi”, that was the sound of the dagger piercing into the flesh.

A burst of ecstasy surged in Dr. Min’s heart, but before he could open his mouth to laugh, he suddenly felt a sharp pain in his body.

Afterward, he looked at his hand in horror. He had already attacked Xi Yue’s back with a knife; he should have succeeded.

But the fact was, his knife was still held in mid-air, and there were purple vines wrapped around his hand.

Pain, severe pain, spread from his back to his whole body.

Then, he heard the voice of a young little girl behind him, “If you want to disturb the young lady during her surgery, you must also ask us whether we agree or not.”

Dr. Min’s eyes were full of astonishment. He turned to look back with difficulty. What caught his eye were a few young spiritual pets.

There was a pink pig, a black little dragon, a silver little fox, and a silly ugly cow.

These seemingly inconspicuous spiritual pets, if he encountered them at a usual day, he would not care about them at all.

But at this moment, he saw unconcealed ridicule and killing intent in the eyes of these little spiritual pets.

“You...” Dr. Min turned around in pain and looked at the young man who was still concentrating on the operation not far away. His face distorted again because of the pain and unwillingness, “Xi Yue, you... you have been guarding me for a long time?!”

What responded to him was Xi Yue’s indifferent voice, “Little Purple, clean up this person. This is a sterile operating room. Don’t let him contaminate this place.”

The purple vines that were originally wrapped around Dr. Min moved cheerfully. All the vines rose into the sky, wrapping Dr. Min with a terrified face.

Dr. Min shouted sharply: “Xi Yue, I have been following His Honor for many years. If you kill me like this, His Honor will not let you go... *ah ah ah!*”

The screams echoed in the empty room, causing several little guys to cover their ears in disgust.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1333: Surgery Successful**

Little Golden Dragon even complained, “Little Purple, stop playing and swallow this guy. Don’t disturb boss for surgery.”

Purple Abyss Vine shook. This time, she wrapped Dr. Min into a silkworm cocoon, showing no mercy.

Then came the creepy crackling sounds from the cocoon.

After about 5 minutes, there was no more Dr. Min in the world. There was only a faint smell of blood and clothes scattered all over the room.

The little guys laughed and went back to Hexi's void hand in hand.

And Hexi's surgery was gradually coming to an end.

While doing the stitching, she glanced back at the clothes scattered on the ground. Hexi half smiled, "I'm so sorry to kill one of your subordinates. I heard that the old man has been with you for decades, You won't blame me, will you?"

The next moment, a man's voice with a leisurely smile sounded in the empty room: "Little girl, my life is still in your hands! What do you think?"

Hexi raised her head and smiled toward an empty space.

In that space, the phantom of a person was floating. It was the middle-aged man who was undergoing surgery.

The movements in Hexi's hands did not stop for a moment, but a sullen smile appeared on her face, "I thought that if I can't cure your brain disease, you will really die. It turns out that you still have such a backup plan! What should I say? Is it really older and wiser?"

The middle-aged man in the space, who was Venerable Hui Yue, touched his chin and looked at her meaningfully. There was a deep smile in his eyes, "Little girl, I didn't expect that there would be someone in this world who can see the soul with the naked eye. Even your little lover, whose identity and strength are unfathomable, didn't see my soul leaving the body. I didn't expect you to be able to see it."

Hexi's face turned red when she heard that 'little lover', and her movements also paused slightly.

Venerable Hui Yue smiled lowly and continued, "Although my soul can exit my body and be reborn, the conditions required are extremely harsh. My strength will also be greatly reduced, and I may no longer be able to control the power at hand. So, if possible, of course I hope that I can continue to live in this body. Little girl, thank you for keeping it a secret for me."

Hexi smiled lightly, "I'm just not interested in other people's secrets."

As she spoke, she sutured the last wound, and a full head reappeared before her eyes.

Although there were hideous scars and all the hair was shaved, it was indeed a complete brain.

Venerable Hui Yue in the air took a deep breath. He looked at his body with trembling excitement, "Is the surgery over? Am... I recovered? I can feel my aura circulating smoothly in my brain."

Hexi let out a long sigh of relief, only to feel that her hands and feet were soft. She almost fell to the ground.

Such a major surgery was really not done by a person.

However, it was finally over. Hexi smirked and said slowly, "The surgery is successful."

In the Bijing Pavilion, the huge long sword with whistling black flames was about to hit.

Many people in the barrier closed their eyes in horror.

*“Bang!”*, the black flames hit the barrier. The terrifying energy collision emitted a dazzling light.

### The King of Hell's Genius Pampered Wife

#### **Chapter 1334: Dead?!**

Even the students of Miracle Healer Academy were attracted by the loud noise and light, and they gathered outside the barrier of the Bijing Pavilion to check it out.

Xue Sha manipulated his flying sword and the black flame. Feeling the black flame swallowing the energy, he revealed a cheerful smile.

*[Endless Black Flame] can swallow anything. Just a moment later, the Bijing Pavilion will be reduced to ashes.*

*And that old fool Hui Yue will also become a pile of dead bones.*

However, Xue Sha's laughter just lasted for a few seconds, then he was startled.

The black flame was swallowing the spiritual power slowly on the barrier of the Bijing Pavilion.

But what was shocking was that the speed of this devouring was far less fast than Xue Sha imagined.

After a closer look, one would find that every time the black flame devoured part of the spiritual power of the barrier, the 9 runes would flash repeatedly.

Immediately afterward, all the spiritual power and energy would converge toward the runes, and the energy of the barrier was finally replenished.

Wei Chengyuan's face was full of shock and admiration. There was fascination in his eyes. He mumbled, *“So this is Tian Gang Array; this is Tian Gang Array! Take the spirit of heaven and earth, gather the essence of all things, and is inexhaustible. The Tian Gang Aura will last forever!”*

Wei Jianxing and others were overjoyed when they saw this, and they increased the spiritual power output in their hands again.

Although the Bijing Pavilion's barrier was still being worn, it was far below the original speed and below their tolerance range.

And Venerable Hui Yue's surgery had been going on for more than an hour, as long as they persisted a little longer, His Honor would be able to come out.

By the time, what should they be afraid of?

Wei Jianxing and others were spirited, but Xue Sha was full of disbelief.

He didn't believe that someone in this mere Miluo Continent could resist the devouring ability of [Endless Black Flame]!

*What Tian Gang Array? I have never even heard of it. How can it be so powerful?*

Xue Sha stared at Nangong Yu below, raised his voice and shouted sharply again, "Who are you exactly? Do you know who I'm? Go against us, you know what will happen to you?"

This time, Nangong Yu finally raised his head. He glanced at Xue Sha casually and sneered, "I never care about the identity of the dead."

*Dead?! Xue Sha's face was distorted.*

At this moment, compared to Wei Jianxing, he suddenly wanted to smash this ignorant boy into ten thousand pieces.

"Do you think you can be safe by hiding in a shitty array? Just wait, I'll break your turtle shell now, so you can die in the most horrible way!"

Saying that, Xue Sha's eyes became red. He bit his tongue and spat blood at the giant sword from a distance.

The black flames burned even wilder after contacting the blood on the tip of Xue Sha's tongue.

The energy of the barrier, which wasn't exhausted much, also began to drain away frantically.

Xue Sha's face turned pale. and the blood on the tip of one's tongue was the essence of a person. He just spouted so much, which was equivalent to losing a lot of his cultivation.

In addition to this [Endless Black Flame], with his current cultivation, he could control it. Therefore, in order to kill Venerable Hui Yue, he had paid a big price.

But in any case, he must complete the mission by Venerable An Ye, and he must also smash all the scumbags below to ashes in order to relieve the hatred in his heart.

*"Poof—"*

#### **Chapter 1335: Never Give Up**

As the barrier's energy was swallowed up by the black flames, someone in the Bijing Pavilion finally couldn't hold it back and spat out a mouthful of blood.

However, even though their faces were pale and their dantians were almost drained, they still held on desperately.

Because they knew that if they backed off, their master's life would be threatened.

Wei Jianxing's mouth also began to overflow with blood, but he gritted his teeth tightly and said solemnly, "15 minutes, at most 15 minutes, Xi Yue will be able to save His Honor. We must hold on!"

In fact, Wei Jianxing didn't even know if Xi Yue's surgery would be successful or not, and when exactly His Honor would come out.

However, they all knew that they couldn't retreat! Even if they were going to die!

Nangong Yu's eyes swept across the few people who were exhausted, and the black spiritual power was absorbed back into his fingertips.

He was hesitating whether to use the dark spiritual power. Although if he could use the dark spiritual power to devour the [Endless Black Flame], this would expose his identity.

By then, it would be troublesome for him to stay in the Miracle Healer Academy to protect Xi'er.

Moreover, this would also lead to a series of troubles.

Suddenly, Nangong Yu sensed something and looked back with a gentle and doting smile on his face.

At the same time, someone finally couldn't hold it any longer and passed out.

Xue Sha and his men let out a cheer and swarmed toward the opening of the barrier.

Xue Sha laughed wildly, "Kill all these scums!"

Wei Jianxing and the others were full of despair.

Now that their spiritual power was exhausted one by one, even if they wanted to forcibly dispel the seal in them, they could no longer do it.

*Are we really going to die here?*

*Is His Honor really doomed?*

Seeing that Xue Sha's long sword wrapped in black flames was about to hit them, Wei Jianxing and the others closed their eyes in despair.

But the next moment, they felt a familiar aura coming toward them.

If Xue Sha's black flames could devour everything.

Then this aura was the cold that froze everything, but the cold was mixed with vitality.

The drained dantians of Wei Jianxing and others were fully replenished instantly.

The meridians that were originally painful due to the exhaustion of spiritual power were also healed under the comfort of this spiritual power.

Wei Jianxing suddenly opened his eyes and looked behind him in disbelief.

Everyone who fell on the ground turned around, then they saw a man in a green robe and a crown on his head, slowly walking out of the palace.

Wei Jianxing's eyes instantly became wet. He shouted in a hoarse voice, "His Honor, are... are you healed?"

The sound of Wei Jianxing brought tears to the eyes of the 8 guardians of Venerable Hui Yue. Yan Xiao, who had the most honest temperament, burst into tears on the spot, "His Honor, it's great that you are still alive!"

Venerable Hui Yue looked at their battered looks and the blood on their mouths, and his heart was filled with warmth and emotion.

Although Dr. Min's betrayal disheartened him, these subordinates never left him when he was in the greatest danger.

They even risked their lives to protect him.

*These people are the best!*

### **The King of Hell's Genius Pampered Wife**

#### **Chapter 1336: Die With No Corpse**

A soft smile appeared on Venerable Hui Yue's face. He glanced at Wei Jianxing and others one by one. When he finally looked at Xue Sha, who looked sluggish and panicked, the soft smile turned into tyrannical cold malice.

Xue Sha's subordinates were even more shocked when they saw Venerable Hui Yue. They all trembled with fright.

Suddenly, someone screamed in surprise and fled.

Immediately, someone followed frantically, no longer caring about any orders and missions.

Venerable Hui Yue sneered and waved his hand. An icy aura condensed into tens of millions of sharp blades and flew toward the fleeing people.

Xue Sha originally wanted to escape, but when he saw this person, his feet seemed to be petrified and he couldn't move. There was an overwhelming fear in his heart.

The next moment, he did see a scene that made him terrified and desperate.

Those of his subordinates wanted to escape, but they couldn't of course.

Venerable Hui Yue's sharp blades hit them mercilessly, but Xue Sha didn't hear their screams.

What he heard were the crackling sounds as the subordinates were turned into ice sculptures in an instant.

In just a second, those ice sculptures shattered and turned into little ice fragments, floating in air.

Their souls and corpses were deleted.

Xue Sha only felt that the blood all over her body was cold. He couldn't even utter a word.

His rigid gaze fell on Venerable Hui Yue's face.

His face was radiant and no longer had the pain and depression tormented by the illness. What remained was the majesty and power of the superior.

*Venerable Hui Yue He is healed.*

*No, it's not! He even becomes stronger than ever!*

Xue Sha was completely despairing. He even felt that Venerable An Ye couldn't match him at all.

*However, how is this possible? Venerable Hui Yue's illness was sentenced to death in the Siam Continent long ago! How could anyone be able to cure him?*

Xue Sha retreated step by step. The hand behind his back secretly activated the random teleportation array, and he said with a trembling voice, "Venerable Hui Yue, I... I'm just here to visit you on the order of Venerable An Ye. If you kill it, Venerable An Ye will definitely know. I believe you don't want to directly go hostile with Venerable An Ye so quickly, do you?"

As he kept talking, the teleportation array hidden behind his back also quickly activated. Feeling the energy spread from the teleportation talisman, Xue Sha was overjoyed. His face showed a bit of a different expression.

However, before Xue Sha's smile spread in his eyes, Venerable Hui Yue sneered and waved his hand lightly.

The next moment, Xue Sha had a terrified look on his face.

His mouth was wide open, but before he could make a sound, his entire body had already burst open with a bang.

There was not even a drop of blood. He was also turned into ice fragments.

Everyone present was stunned by this scene.

Xue Sha was at least at the early stage of the Soul Splitting Stage, but Venerable Hui Yue could exterminate him within a second.

The most shocking and horrifying of all were definitely the golden masked man and others in the Mojing Pavilion.

They thought they would wait for the news of Venerable Hui Yue's death, but who knew that he actually recovered.

Elder Fei's eyes were filled with fear and joy. He looked coldly at Lu Xuyang, who had lost his soul, and sneered, "President Lu, didn't you say that Venerable Hui Yue will definitely die? Didn't you say that Xi Yue's medical skills are just so so? What's going on now? Venerable Hui Yue has not only recovered, but his cultivation is a little higher than before!"

### **[The King of Hell's Genius Pampered Wife](#)**

#### **Chapter 1337: Unreasonable**

"That's what you guarantee there is absolutely no one better than your medical skills in the Miluo Continent?"

Lu Xuyang's face was pale. His eyes flashed with a cold light, and he stared straight at the young man who was following behind Venerable Hui Yue in the distance.

The young man standing there had a beautiful and unparalleled face. His expression was indifferent as if nothing could move him.

Lu Xuyang couldn't suppress the flame of jealousy growing in his body. *He is only a boy of 17 years old, but he even cured a terminal illness that I thought could not be cured. Such a talent, such an ability... why don't they belong to me?*

The most unbearable thing for Lu Xuyang was that the golden masked man and others who originally valued him and believed in him also looked at him gloomily at this time as if they were looking at a useless waste.

The position that he had worked so hard to earn was completely ruined.

Lu Xuyang gritted his teeth with hatred, but he forced himself to endure it. He put up a lonely and guilty look as he said, "I'm sorry to disappoint sir with my poor medical skills. But that Xi Yue is young, it's impossible for him to have such superb medical skills. I wonder if he has some kind of treasure on him!"

The golden masked man's eyes flashed. His cold eyes swept over the young man behind Venerable Hui Yue, then he frowned, "Now that kid is favored by Hui Yue, we can't touch him. However, we must find a way to get him to our side. If he doesn't want to, destroy him completely!"

Elder Fei, who was standing on the side, quickly bowed after hearing the words, "Yes, sir."

Having said that, Venerable Hui Yue looked over with sarcasm and coldness.

Even the golden masked man felt intimidated against Venerable Hui Yue like this.

But he wasn't afraid. Venerable Hui Yue had an agreement with his master that he would never attack them in the lower realm.

*It's just that Venerable Hui Yue has recovered and now knows the truth, so he definitely won't let it go. I should hurry back and report this!*

Thinking of this, the golden masked man waved his hand to set up the barrier that isolated the 2 pavilions.

When Wei Jianxing and the others saw them leave, they immediately said angrily, "His Honor, do you just let these guys go? Especially that Lu Xuyang, he actually defected to their side and secretly harmed His Honor. How can we allow such a scum to live?"

Venerable Hui Yue sneered, "Don't worry, as long as I'm healed, how much time do you think they have?"

When everyone heard this, they were overjoyed. Uncle Qiu looked at Venerable Hui Yue with tears and said excitedly, "His Honor, are you really cured? Will your illness recur?"

Venerable Hui Yue smiled slightly and did not speak, but he looked at Hexi.

Immediately afterward, everyone's eyes fell on Hexi. They stared at her with excitement and nervousness as if she didn't speak, they would open her mouth and dig the answer out of it.

Hexi smiled slightly. There was no excitement on her face, "The surgery is a success. There are no sequelae."

“Rea... really?” Yan Xiao was the first to shout. His rough voice carried a sobbing tone, “Xi Yue... No, no, Miracle Healer Xi, you mean that His Honor will never be sick again? Will he live forever?”

Hexi shrugged, “If he lives long enough, I think he can live forever.”

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1338: Owe First**

As soon as Hexi said this, everyone immediately cheered excitedly.

Although they already knew the answer just now, they couldn't help but be ecstatic when it was confirmed at this moment.

Uncle Qiu and the others even had red eyes and kept thanking Hexi.

Yan Xiao shouted excitedly with his hoarse voice, “*Hahaha*, those scums were really so arrogant. Now it's good. Dare to plot against us? I will go and get rid of them when we return!”

Wei Jianxing suppressed his excitement and asked Venerable Hui Yue, “His Honor, now that your illness has recovered, are we going back to the Siam Continent?”

Venerable Hui Yue nodded with a contemptuous smile on his face, “Of course, we have to go back. Maybe I'm away for so long that they forget about my existence. *Hehe*, it's time to go back and clean up the Divine Moon Palace.”

With a wave of his hand, Wei Jianxing and the others lit up with a dazzling light.

Immediately afterward, Hexi was surprised to find that the aura of these people had changed. Their bodies naturally exuded a strong coercion.

Even Hexi was always calm, she couldn't help but be slightly surprised: *each of the 8 Venerable Hui Yue's guards has the strength of the Soul Splitting Stage. Wei Jianxing who has the highest cultivation is close to the intermediate stage of the Soul Splitting Stage.*

*Such strength can completely dominate the entire Miluo Continent.*

Wei Jianxing and others had even more surprises on their faces, and the depression that was originally suppressed by Xue Sha and others was instantly swept away.

The eight knelt down and kowtowed to Venerable Hui Yue, “Thanks His Honor!”

The other guards and servants in the Bijing Pavilion shivered because of the sudden pressure. Their eyes revealed an instinctive fear.

Even Wei Chengyuan had to force himself to calm down so that he wouldn't lose his manner.

The only person in the audience who was not affected was probably Nangong Yu.

Since Xue Sha was eliminated, he once again restrained his aura and stood quietly behind Hexi.

He would grab her soft little hand from time to time and play gently.

Even if Wei Jianxing and others recovered their strength, no one was aware of his existence.

Venerable Hui Yue motioned for Wei Jianxing and others to get up, then he walked slowly to Hexi.

His eyes swept around Nangong Yu for a while before looking at Hexi again, “Xi Yue, how can I thank you for your life-saving grace?”

Hexi frowned slightly.

She thought of Wu Qi in a coma. *If I ask Venerable Hui Yue to get back Wu Qi’s Wood Vitality Pearl or wood crystal, would it be feasible?*

Such thoughts swirled in her mind, but Hexi finally rejected them.

Although Venerable Hui Yue is very powerful, it is not something that Elder Fei and the others can compete with, but from Venerable Hui Yue knowing that Lu Xuyang harmed him, but not being able to punish him at will, it seems that Elder Fei’s side is not small.

*If I tell Venerable Hui Yue about Wu Qi’s situation, what if Venerable Hui Yue wants to take Wu Qi away instead of saving him because he is a beastkin?*

*Or even if Venerable Hui Yue is willing to save him, the people on the side of Elder Fei will simply destroy Wu Qi’s Wood Vitality Pearl. At that time, Wu Qi is really beyond saving.*

Venerable Hui Yue saw Hexi frowning and hesitating, and he smiled slightly, “Xi Yue, if you haven’t thought about it, I can owe you first. When you know what you want, let the principal of Miracle Healer Academy to inform me. As long as I receive the news, I will definitely do it for you.”

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 1339: Siam Continent**

Venerable Hui Yue threw out a crystal clear, colorful and smooth token as he spoke.

The words “Hui Yue” were engraved on the token. Just looking at it made people feel awe-inspiring.

Hexi was slightly moved. Not to mention the meaning of the token, the token itself seemed to be a rare treasure that Miluo Continent could hardly see.

Venerable Hui Yue said, “If one day, you come to Siam Continent, as long as you take out this token, the people of Divine Moon Palace will unconditionally listen to your orders. Of course, once you use up this opportunity, the token will be taken back.”

Hexi nodded and smiled. She was very satisfied with the reward.

However, what Hexi didn’t see was that when the token entered the void, strands of strange white mist began to appear in the void of the Sumeru Ring and wrap around the token.

After a while, the white mist dissipated, and the token disappeared without a trace as if nothing had happened.

This change happened so quickly that even the little ones playing in the Ancient Rhyme Spiritual Field didn’t notice at all.

The only strange thing was that after the token disappeared, the Ninth Secluded Spirit Spring seemed to increase in volume again, and the spring water became clearer. It seemed to exude a faint fragrance.

Hexi, who was outside the void, didn't know at all that the reward she finally got disappeared in the blink of an eye.

Venerable Hui Yue looked at Wei Chengyuan with a faint smile, "Boy of the Wei Family, I will remember your achievements. This time it is thanks to you. If you hadn't found Xi Yue, I'm afraid....."

Venerable Hui Yue said gratefully to Wei Chengyuan, but his demeanor was aloof. There was a hint of natural majesty and nobility.

But Wei Chengyuan didn't mind. He even bowed his head a little flattered, "His Honor is giving me too much credit. It is a blessing to all of us that His Honor can live well."

Hexi raised her eyebrows slightly. *Is this the innate sense of superiority that people from the upper realm have over people from the lower realm?*

She thought of the Immortal Zi Jin in Sealed Dragon Domain's Secret Territory, the Little Golden Dragon and the carelessness of her Master when playing with Hei Sha.

All the people from the Siam Continent had an arrogance imprinted in their bones toward the people from the Miluo Continent.

And the martial artists of the Miluo Continent also had a natural yearning for the distant Siam Continent.

*What kind of place is Siam Continent?*

Under the order of Venerable Hui Yue, Wei Jianxing praised the guards and servants in Bijing Pavilion one by one.

Wei Jianxing gave the magic weapons of rank 7 and rank 8, and there were also many medicinal pills that everyone in Miluo Continent was fighting for. In fact, these magic weapons and medicinal pills were useless to Wei Jianxing and the others.

However, the guards and servants who got them burst into tears. Some even knelt down and kowtowed.

Venerable Hui Yue walked up to Hexi slowly, looking at her with a smile.

It was just that there was no sense of superiority in this gaze, only the kindness of an elder, "Little girl, in fact, I planned to take you back to Siam Continent together after you cured my illness."

When Venerable Hui Yue said these words, he set up a barrier around he and Hexi, so the others could not hear their conversation.

But this did not include Nangong Yu.

Nangong Yu frowned almost immediately, and a cold chill flickered in his eyes.

[The King of Hell's Genius Pampered Wife](#)

**Chapter 1340: Magical Beast Forest Trip**

*This man called Xi'er little girl, and he said he wanted to take Xi'er away!*

Venerable Hui Yue turned his eyes on Nangong Yu at the right time. He smiled slightly, "However, when I see him, I know that you will not follow me, and I don't need me to take you to Siam Continent."

Nangong Yu sneered, "That depends on whether you have the ability to take her away!"

Venerable Hui Yue heard the words, but instead of being angry, he laughed out loud. After laughing for a while, his expression became solemn and his eyes looked complicated, "I seem to feel a powerful spiritual aura from you, but..."

Hexi and Nangong Yu glanced at each other, and they both saw doubts in each other's eyes.

Hexi hurriedly asked, "But what?"

A trace of solemnity and fear flashed in Venerable Hui Yue's eyes, then he shook her head as if he wanted to shake off the strange thoughts. He said with a half smile, "Little girl, you have a good eye for picking man. However, before you choose to marry this man, you should think about how to remove the cold poison in his body."

After finishing speaking, without waiting for Hexi's reaction, he waved to Wei Jianxing and others.

As Wei Jianxing and others stood beside Venerable Hui Yue, Venerable Hui Yue formed a gesture with both hands, then a huge teleportation array appeared around them.

With a flash of white light, Venerable Hui Yue and others disappeared on the spot. At the same time, those powerful and dark auras in the Mojing Pavilion also disappeared.

In the dean room of Miracle Healer Academy, Jin Licheng was holding the inscribed jade slip in his hand, pacing back and forth restlessly.

Jin Licheng had been the dean of Miracle Healer Academy for more than 20 years. During this period, he had experienced countless ups and downs, but this was the first time he had the idea of resigning.

Deputy Dean Jiang at the side was also affected by Jin Licheng's uneasiness. He asked nervously, "Dean, what happened really?"

Jin Licheng stopped and looked at his friend, Deputy Dean Jiang, on the opposite with a hesitant expression.

At this moment, a manservant's report suddenly came from outside the door, "Dean, Doctors Association President Lu and several elders are asking to see you."

Jin Licheng's expression froze, he frowned even tighter, and a gleam of coldness flashed across his eyes.

He took a deep breath and said to the manservant, "Let them in!"

When Deputy Dean Jiang heard President Lu's name, he looked shocked, "I heard that President Lu was ordered to be killed by Venerable Hui Yue, how... how could he still have the guts to come to Miracle Healer Academy?"

Jin Licheng sneered and said, "Because he knows that Venerable Hui Yue is busy dealing with the Dark Night Clan now, and he has Golden Wolf backing him up, so no one in the Miracle Healer Academy dares to touch him now."

Deputy Dean Jiang frowned and said, "Isn't he afraid that Venerable Hui Yue will free up his matters and settle accounts with him?"

Before Jin Licheng could answer, there was a knock on the door of the room, and then a middle-aged man came into the room with several old men who were over a hundred years old.

This middle-aged scribe was naturally Lu Xuyang.

As soon as he entered Dean's room, he immediately bowed Jin Licheng with an indescribably graceful and humble manner, but there was an unconcealable arrogance in his eyes, "Dean Jin, long time no see."

Jin Licheng said indifferently, "President Lu won't come here if there is nothing important. What's more, I heard that President Lu just ran away from Miracle Healer Academy in a hurry a few days ago, so why are you here again?"

Lu Xuyang didn't look annoyed being ridiculed. He just smile, "I'm here by the order of Sir Golden Wolf to ask Dean about the arrangement of the trip to the magical beast forest."
