Chapter 1341: Must Die

After Jin Licheng heard the words, he said in a rage, "Lu Xuyang, are you all crazy? Magical beast forest? Even if the martial artists at the Nascent Soul Stage enter, they will also face life danger. Now you actually want those students in the academy to hunt the magical beasts? Are you trying to kill all the students in the academy?"

Lu Xuyang's expression was still indifferent and his smile was gentle, but it also looked extremely cruel, "Dean Jin is really funny. The Miracle Healer Academy was established by Lord and the others. These students may also be sent to Siam Continent in the future, why would Lord kill them?"

"It's just..." Lu Xuyang paused, and the gentleness on his face turned into sarcasm, "The Lord is tolerant. He created the Miracle Healer Academy to train them, but it doesn't mean that they can be lazy and incompetent, and don't want to pay back."

"This time, Lord needs a lot of beastkin cubs to improve his strength. It's time to temper these students and let them serve Lord!"

Jin Licheng burst into flames and said angrily, "Even if you want beastkin cubs, you can let the elders of the academy go. Why do you want to put the students of the academy in danger? Why don't you elders of the Doctors Association go?"

Lu Xuyang raised his eyebrows and said with a leisurely smile, "Who said the elders of our Doctors Association won't go? The elders behind me will follow the students and elders of Miracle Healer Academy to the magical beast forest."

"Since Dean is worry that all the students in the academy will die, I have an idea." Lu Xuyang smiled and said slowly, "Each branch will send half of the students to the magical beast forest to hunt for beastkin. The branch's deans and elders, except for those who must stay behind, everyone else will go together. In this way, the safety of the students can always be guaranteed, right?"

Jin Licheng also wanted to refute: "But we don't have a map of the magical beast forest, and we don't know the depth of it..."

Before Jin Licheng finished speaking, he was interrupted by the cold-faced Lu Xuyang. This time, there was no smile on his face, "Dean Jin, don't forget, my daughter Zhixi is also going to the magical beast forest. Am I going to hurt my daughter?"

"If Jin Dean is still unwilling to agree to this, then I can only report to Sir Golden Wolf. At that time, let alone whether Dean Jin's position can be maintained, how many of those branch deans can remain... And what will happen to your son in Siam Continent, Dean Jin better think about it!"

Jin Licheng's face turned green and pale for a while, but in the end, he could only compromise. He said resentfully, "I will post a notice for students above the intermediate stage of the Gold Core Stage to go. Letting the students below the Gold Core Stage go to the magical beast forest will only kill them."

Lu Xuyang didn't disagree, but his eyes flashed with malicious intent. He said with a faint smile, "Oh, right, I remember that there is a student named Xi Yue in the Huang Medical Branch. Although he is only at the Foundation Establishment stage, his real strength can even defeat the intermediate stage of the Gold Core Stage. And I heard that Xi Yue's medical skills are also superb... Other students below the Gold Core Stage can be spared, but this Xi Yue, I think he must go, right?"

Jin Licheng's eyebrows twitched. He smelled a conspiracy from Lu Xuyang's words.

However, Lu Xuyang's words were well-founded, so he couldn't refute it and could only bitterly agree.

A satisfied smile appeared on Lu Xuyang's face, and a gloomy light flashed across his eyes.

That young man whose talent and luck are thousands of times better than mine, so he... must die!

Chapter 1342: Fight

At this time, Hexi was also very depressed.

As Venerable Hui Yue left, the people in the Mojing Pavilion also disappeared without a trace in an instant.

She and Nangong Yu searched the Mojing Pavilion upside down, but they couldn't find anything useful, let alone Wood Vitality Pearl or Wood Crystal.

If the Wood Vitality Pearl belonging to Wu Qi cannot be found, it meant that Wu Qi couldn't be recovered.

Even if Hexi's medical skills were superb, she was a little helpless in this situation.

Seeing Xiao Li suppressing her sadness and smiling to her, but she turned his back to secretly wipe away her tears, Hexi felt so sorry for the little fox.

There was another thing that made her depressed. Hexi remembered throwing the jade token given by Venerable Hui Yue into the void.

However, after she searched the entire void, she couldn't find any trace of the jade token.

Even Little Egg and the others don't see it. This is really... strange.

Nangong Yu was very happy. Thinking of the old man who recognized Xi'er's identity as a woman and wanted to take Xi'er away, Nangong Yu was very upset.

He didn't want Xi'er to go to that old man again in the future. Now that the jade token was lost, it really suited his heart.

As for the possibility that Xi'er would seek Venerable Hui Yue for help in the future, Nangong Yu crossed this possibility without hesitation.

As long as he was by Xi'er's side, Xi'er didn't need to ask for help from anyone. She just had to rely on him.

Of course, Nangong Yu thought so in his heart, but he didn't show it on the surface. Instead, he comforted Hexi gently.

When they returned to the dormitory from the Mojing Pavilion again, they saw Xuan Mu's cold face.

Xuan Mu had disappeared since he was cured by Hexi that day.

Hexi had long been accustomed to the disappearance of this roommate from time to time, so she didn't care at all.

But Nangong Yu has always been brooding over this matter, thinking that this person absolutely didn't have kind intention toward Xi'er.

So for Xi'er's safety, he relied on his strong strength to avoid being discovered and stay in the Huang No. 1 Dormitory.

Hexi was not surprised to see Xuan Mu. She examined him up and down, then he nodded and said, "It seems that you have fully recovered."

Xuan Mu nodded, but he looked at Nangong Yu with cold eyes, "You, get out!"

Nangong Yu's eyes were piercing. He raised his eyebrows and sneered, "Who are you? You dare to order me!"

Xuan Mu's expression was still cold, but his aura suddenly rose, "This is the dormitory of Xi Yue and I. You are not qualified!"

The aura erupting from Xuan Mu's body was extremely terrifying, shaking everything in the entire dormitory slightly.

Tong Bing, who rushed over, was caught by this aura and fell to the ground with a terrified expression.

Nangong Yu seemed unaware of this. He also exuded the same fierce aura. He said with killing intent, "Whether I'm qualified or not, it is not up to you. If I kill you, I'm qualified, right?"

As soon as he said, they moved at the same time.

Lights were intertwining in the dormitory, and the bed that Hexi had just found a manager to repair was crumbling again. The herbs on the shelf also fell off.

Tong Bing ran over in a panic, grabbed Hexi's hand and shouted, "Brother Xi Yue, they, why did they fight? Brother Xuan Mu's injury has just healed, will he get hurt again? Can you tell them to stop?"

Chapter 1343: Satisfied?

Hexi looked impatiently at the 2 who were going to destroy the dormitory, and she said coldly, "If you want to fight, fight outside. Whoever destroys the things in the dormitory will pay 10 times the compensation. Also, if you like to demolish the house so much, then all of you should sleep in the yard at night!"

As soon as Hexi finished speaking, the 2 people who had been fighting quickly separated.

They glared at each other. There seemed to be sparks between them.

Nangong Yu said coldly, "Go out?"

Xuan Mu accepted the challenge without hesitation, "Go!"

As soon as the words fell, they had disappeared from the dormitory.

Tong Bing was dumbfounded for a moment. He looked at Hexi with a face full of disbelief, "Brother Xi Yue, didn't... didn't I tell you to stop them? Why did you... you let them fight outside? Don't you worry that Brother Xuan Mu will get hurt?"

Hexi closed his eyes and entered into a cross-legged state. Hearing the words, he said indifferently, "Don't worry, they won't die. Even if they are half dead, I can still save them."

After finishing speaking, Hexi no longer cared about Tong Bing and quickly entered the state of meditation.

For some reason, recently, she always felt that her stagnant cultivation was slowly advancing again. She seemed to be closer and closer to the real Gold Core Stage.

Hexi even felt that there was only a thin film separating her from the Gold Core Stage, but she couldn't find a way to pierce the thin film for a while.

Tong Bing watched Hexi indifferently closing her eyes and meditating, feeling only a burst of disappointment in his mind.

He hurried to the door, staring at the dark night sky bewilderedly, looking forward to Xuan Mu's safe return.

How can Xi Yue be so heartless? Xuan Mu is his friend, but Xi Yue doesn't care about Xuan Mu's life at all. Even a bed in the dormitory is more important than Xuan Mu in Xi Yue's eyes.

Xi Yue had already treated Xuan Mu so indifferently, why... why does Xuan Mu still treat Xi Yue so well?

Time passed second by second, and the night was getting darker and darker. Tong Bing's feet were getting more and more numb. He had been standing here for almost 2 hours.

Suddenly, Hexi on the bed opened her eyes, staring at the front and slowly restraining the aura around her.

The next moment, 2 figures suddenly appeared in the room.

Seeing the 2 who had left for 2 hours, Hexi couldn't help laughing out loud.

It was the first time she saw Nangong Yu in such a mess.

Although he wore a mask, even the mask couldn't hide the injuries on his face and hands.

Even his clothes became tattered, revealing his half-naked chest and the tiny wounds inside.

Compared with Nangong Yu, Xuan Mu's situation was not much better.

Not only was his face bruised, his forehead was also bruised. His clothes were also torn, and there was a smell of blood. He was in such a mess as if he had just been beaten up.

Hexi clenched a fist and pressed it to her lips to cough lightly to hold back a laugh, then she jumped off the bed and asked loudly, "How? You 2 satisfied?"

Neither of them spoke.

Nangong Yu hugged Hexi in his arms smoothly, bowed his head and kissed her on the cheek, then he smiled provocatively at Xuan Mu.

Chapter 1344: Let Me See

Xuan Mu looked at him with a cold gaze. He took out the medicine and applied by himself.

Hexi unexpectedly found that the relationship between them seemed to be a little better than before.

If the atmosphere was tense before they went out to fight,

Then, apart from still being hostile, they seemed to have appreciated each other a little more.

Hexi smiled. She took out 2 porcelain bottles and threw them to Nangong Yu and Xuan Mu respectively.

The external injury medicine in this porcelain bottle was refined with Ninth Secluded Spirit Spring. There was no external injury medicine in Miluo Continent that was more effective than this.

At this moment, Tong Bing, who was waiting at the door, finally came to his senses and realized that Xuan Mu had returned.

"Brother Xuan Mu, you... you're injured!" Tong Bing's eyes turned red. He felt his heart was being tightened, so he hurriedly rushed toward Xuan Mu, "Oh my god, so many injuries! How... How could he be so cruel... how could he beat you like this!"

Xuan Mu frowned in disgust. He waved and threw Tong Bing out of the dormitory.

When Tong Bing fell to the ground, he was dumbfounded. He wiped away his tears and rushed toward the dormitory.

However, when he reached the door, he found that he was blocked by a powerful force. He could see the scene inside, but he couldn't get in.

Tong Bing was going crazy. He hit the door frame and shouted loudly, "Brother Xuan Mu, let me see your injury. Please let me in... Brother Xi Yue, please let me in! *Wuuu...*"

However, Tong Bing didn't know that his voice had been isolated. No matter how loud he yelled, Xuan Mu and Xi Yue couldn't hear him.

Nangong Yu withdrew his cold eyes from the crying young man at the door, and a dark light flashed in his eyes.

This young man who lived with Xi'er looked very weak and useless, but when Nangong Yu looked at him, he felt an ominous feeling in his heart.

His existence will seem to bring disaster to Hexi one day.

However, he is just a weakling like an ant. How could he threaten Xi'er?

Nangong Yu was in a trance that when he applied the medicine, he accidentally tore his wound. The wound that had already stopped bleeding instantly bled profusely.

Hexi's heart skipped a beat. She couldn't sit still any longer. She grabbed the medicine bottle in his hand and complained, "Why are you so careless? You can't even apply the medicine?"

As Hexi spoke, she took out a cotton cloth, dipped it in spirit spring water and gently wiped off the blood on Nangong Yu's wound. When she saw the hideous flesh, she couldn't help frowning and blowing gently before sprinkling the external injury medicine on it.

Nangong Yu felt the girl's slender and soft fingers and the warm breath with a delicate fragrance on his skin. His whole body became hot.

There was a gentle smile in his eyes. The happiness almost overflowed from his eyes.

Sure enough, my Xi'er still cares about me the most.

What Xuan Mu, what little white face, they can't be compared with me at all.

However, Nangong Yu still put on an aggrieved expression on his face as if he was holding back the pain and said, "Xi'er, it's okay, I'll do it myself! It was just because the wound on my back was painful, that's why I accidentally..."

"The injury on your back is very painful?" Hexi felt even more distressed and worried when she heard it. She quickly got up and said, "Let me take a look."

The girl's face was full of worry and tension as if he was the only 1 left in the whole world.

Chapter 1345: Tong Bing's Resentment

Nangong Yu smiled even more, and he still did not forget to show off to Xuan Mu provocatively.

Xuan Mu snorted and wanted to ignore it, but he was really upset when he watched Xi Yue carefully heal Nangong Yu as if she had forgotten his own existence.

For Nangong Yu, he was disdainful and disgusted at the beginning. How could he put a lower realm martial artist into his eye?

However, after they fought, they inexplicably appreciated each other.

Xuan Mu had been in Miluo Continent for so many years, and he had long forgotten what it was like to have a hearty fight with someone.

But in today's match with Nangong Yu, both of them were content in the fight, which also made Xuan Mu have a little admiration for Nangong Yu.

He grew up in Siam Continent. Being able to achieve the current level of cultivation was already genius among the geniuses.

And this man, whose age was younger than him, could have such strength. Even Xuan Mu couldn't help but look at him differently.

As a result, he couldn't beat Nangong Yu to death and couldn't chase him away. He also felt very annoyed seeing him here.

Xuan Mu could only snort, picked up the external injury medicine Hexi gave him and walked out of the dormitory with a cold face.

"Brother Xuan Mu!" Tong Bing cried out in surprise when he saw Xuan Mu coming out. He rushed over.

Later, Tong Bing saw the loneliness on Xuan Mu's face.

He looked inside and saw that Hexi was treating her servant's injury intimately.

Tong Bing suddenly realized something, and he quickly stepped forward and grabbed Xuan Mu's sleeve, begging, "Brother Xuan Mu, you are injured. If Xi Yue doesn't apply the medicine for you, I will help you apply the medicine, okay? Whatever you want me to do, I'm willing to do it!"

Xuan Mu turned to look at him.

Tong Bing only felt that his heart was about to pop out of his chest.

He looked obsessively at the man in front of him with scorching eyes.

The disgust in Xuan Mu's eyes was even more. He said coldly in a flat voice, "If Xi Yue hadn't taken you in, you would have died ten thousand times already! Get lost!"

After speaking, his figure flickered and disappeared in place.

Tong Bing's blood seemed to turn from boiling to freezing all of a sudden.

He stood there blankly for a long time. Finally, he couldn't hold back the tears.

Tong Bing stood for a long time, then he looked into the dormitory.

The lights in the dormitory were warm and bright. Xi Yue and her lover were cuddling each other as if there was no gap between them.

However, such intimacy was gouging Xuan Mu's heart.

Tong Bing remembered that on the night when the Mojing Pavilion was stolen, he clearly saw Xi Yue running to Xuan Mu's bed, and she was still intimately close to him.

Why? Why did Xi Yue hook up with another man after only a few days?

Doesn't Xi Yue know that Brother Xuan Mu will be sad if he does this?

Or, is Xi Yue good at playing people's minds?

What about me? I'm so kind and dedicated to Brother Xuan Mu, but Brother Xuan Mu doesn't even bat an eye on me!

Even allowing me to live in Huang No. 1 Dormitory is because of Xi Yue! Just because of this flirtatious Xi Yue?

Tong Bing thought of Xuan Mu's last words, and the pain and sorrow in his eyes finally turned into a vague resentment.

He was crying in a dark corner. Looking at Xi Yue who was smiling softly and sweetly under the light of the crystal stone, he mumbled, "Xi Yue, it would be great if you disappear. Then, this place will belong to me and Brother Xuan Mu, and Brother Xuan Mu will not be sad anymore..."

Chapter 1346: Hexi's Worry

In the dormitory, Nangong Yu felt the fiery and sinister gaze, then he turned his head.

But there was only darkness in his eyes, and no figure was seen.

As his Divine Sense spread, apart from Hexi and him in the entire dormitory, only the weakling boy curled up in his room and cried pitifully.

Nangong Yu frowned. *Am I really overthinking?*

After treating Nangong Yu's last wound, Hexi looked at his body covered with bandages and said with a frown, "Nangong Yu, it's almost 1 year."

Nangong Yu was taken aback for a moment, then he immediately showed a wicked smile, hugged the girl into his arms, and whispered in her ear, "Yes, if Xi'er didn't say it, I almost forgot about it. Unknowingly, we have known each other for almost a year, but Xi'er, you have not become my wife. *Tsk*, it seems that my efficiency is really too low!"

Hexi was originally full of sadness, but she was amused by his words.

With a wave of her hand, the door of the dormitory closed immediately. Purple Abyss Vine began to spread in her own dormitory, isolating the outside world and the inner room.

Hexi tapped his chest and said seriously, "Be serious, you know what I'm telling you."

Nangong Yu grabbed her hand, leaned close to kiss her lips, and bit her jade-like finger, then he said with burning eyes, "What else is more serious than Xi'er you marrying me?"

Hexi felt that she was about to be defeated by this shameless man, so she pushed away his face in disgust, wiped her wet finger on her shirt and said, "Your sickness is about to trigger soon, but I don't know if the treatment last time will still be useful."

Thinking of this, Hexi felt a little depressed.

She had cured so many people. Even Venerable Hui Yue who suffered from epilepsy and a brain tumor could be treated successfully through surgery.

But for Nangong Yu's illness, she was still helpless.

During this year, Hexi also kept checking Nangong Yu's body.

But she was shocked to find that the “cold poison” in Nangong Yu’s body seemed to be alive.

It memorized her own treatment plan and developed “antibodies” naturally.

In other words, if Nangong Yu got sick again this year, the treatment method she used last year might not have the same effect.

Similarly, although Nangong Yu suppressed the “cold poison” with the Blazing Sun Heavenly Flame in the Flame Cave every year, the “cold poison” in his body had become more and more resistant to the “Blazing Sun Heavenly Flame”.

It was very likely that in another year or two or even less than a year, Nangong Yu would suffer serious injury in the next trigger.

Nangong Yu saw that the girl in his arms was frowning worriedly, he couldn’t help hugging her and kissing, “Don’t worry, I still want to marry you. How can I die so easily?”

Hexi stretched out her hands and hugged him tightly. The uneasiness and fear in her heart gradually calmed down in the embrace.

A year ago, she treated Nangong Yu’s injury just to pay off the debt.

But now, as long as she thought about losing this man, she would feel the heart-wrenching pain.

“Jade Fire Toad, is there any news yet?”

With the Jade Fire Toad, even if there is no way to completely eradicate the cold poison, Hexi was confident that it would be able to suppress the cold poison for at least 10 years.

Chapter 1347: Notice

Nangong Yu hugged her even tighter as if he wanted to integrate her into his flesh and blood.

“Xi’er, how can I die? If I’m dead, how can I protect you? How can I keep you by my side forever?”

“Half of the people from each branch go to the magical beast forest to hunt beastkin?” Hexi looked up in surprise, showing an expression of disbelief, “Are you sure it’s not the secret realm? It’s not the Sun Moon Mountain Range? But the magical beast forest? “

Jin Zeyu nodded solemnly, “This morning, this notice was sent to the entire college. Every branch is no exception, even including the elite Heaven Medical Branch.”

The elite Heaven Medical Branch referred to Lu Zhixi and others who stood at the top of the entire Miracle Healer Academy.

In order to allow them to grow and develop better, they were all taught by the elders alone. The resources they got were not comparable to ordinary students.

Hexi frowned and said, “Apart from the students from the academy, is there anyone else going with me?”

Jin Zeyu nodded and said, "The elders of Miracle Healer Academy, including most of the branch deans, will go. The Doctors Association will also send many doctors with advanced cultivation and superb medical skills. I also heard that some aristocratic families also send some elders to accompany them."

Hexi tapped the table lightly.

Qian Dazhuang, who was standing behind Jin Zeyu, shouted excitedly, "What are you afraid of, isn't it just a magical beast forest? With Xi Yue here, and boss has advanced to the Gold Core Stage, even if it is a dragon's den, we can still venture in!"

Jin Zeyu glared at him and said in a deep voice: "Dazhuang, don't talk nonsense. You don't understand the horror of the magical beast forest at all. Not to mention us students, even the elders in the academy dare not to go deep."

Chen Xiaofeng also nodded and said, "I have heard that in the deepest part of the magical beast forest, the beastkin level there has already exceeded rank 10. It is almost a god-like existence. Its cultivation level is even more terrifying than the Soul Splitting Stage. If we really come across such a beastkin, even if our entire Miracle Healer Academy students are added up, we won't be able to stop the random attack of the opponent."

Qian Dazhuang and the others were frightened at once, and they were speechless for a while.

Hexi glanced at Nangong Yu, received his deep gaze, paused and said, "You don't have to worry too much. Everyone knows the danger of the magical beast forest. Since the academy let us hunt beastkin cubs, then it means that we don't need to go deep into the magical beast forest. We only need to hunt in the peripheral areas. That way the danger will be much lower."

Everyone breathed a sigh of relief when they heard the words.

Since Xi Yue said there was no need to worry, then there must be no need to worry. Those of Huang Medical Branch already had a deep instinctive trust in Hexi.

"You go to the square to gather first, I will come over in a while."

Seeing that everyone went out, Jin Zeyu stayed behind.

Jin Zeyu's current injury had been completely healed by Hexi. After a period of training and taking medicinal pills, his cultivation had broken through the Gold Core Stage. He was about to reach the peak of his original cultivation.

Jin Zeyu had always been a restrained person who talked with his actions, but from the moment he recovered from his injury, he had completely regarded Xi Yue as his master. He swore to be loyal to her for the rest of his life.

Chapter 1348: What Did You See

Seeing him staying, Hexi's heart moved slightly. She already guessed what he was going to say.

Jin Zeyu said, "Xi Yue, there is something I want to tell you alone."

Hexi raised his eyebrows and said, "Is it about the reason you were injured that year?"

Jin Zeyu nodded, then he looked at Nangong Yu who was sitting next to Xi Yue.

Seeing this, his heart couldn't help beating violently.

They had been in this room for a long time, and this man was standing beside Xi Yue.

But none of them noticed his existence.

Even up to this moment, he wanted to tell Xi Yue the secret alone, but the moment before he spoke, he almost ignored that there was this strange man by her side.

Seeing Jin Zeyu looking at Nangong Yu, Hexi understood. She said calmly, "It's fine. He is my people, so just say what you have to say."

Nangong Yu, who was labeled as "her own people", felt very delighted. He grabbed Hexi's little hand and squeezed it gently.

Seeing that Xi Yue said so, Jin Zeyu no longer hesitated. Finally, he revealed the secret that had been hidden in his heart for several years.

A few years ago, Jin Zeyu just became the president of the Academy Student Council.

He had outstanding talent at a young age, and he had been favored by many elders and deans. He always wanted to make the academy better. He even kept fantasizing about the days when he was chosen to enter the Siam Continent.

When Jin Zeyu talked about this past, his expression was very calm as if he was telling someone else's story, "Because I was the president of the Academy Student Council, I was able to freely enter and leave most places in the academy, including many forbidden places today."

"One night, when I was cultivating on the back mountain, I saw a lot of strange men in black entering the direction of the current Bijing Pavilion. At that time, I was very curious and young, so I followed behind them."

When Jin Zeyu said this, he showed obvious fear and horror on his face.

Hexi asked, "What did you see?"

"I saw a person, a person who should not have appeared in Miracle Healer Academy." Jin Zeyu's voice was hoarse, trying to suppress the trembling, "That was a candidate who took the academy assessment in the same year as me, but, in the first round After the spiritual root test, he disappeared. And all of us thought he was too sad to be eliminated, so he went home."

Hexi's breathing was stagnant, and her eyes widened slightly. Jin Zeyu's words made her think of something.

Jin Zeyu continued, "Besides the examinee I knew, there was also a beastkin who was unconscious beside him. I saw an old man with a white beard put them on an altar and kept channeling the array."

“Then the examinee and the beastkin showed painful expressions. Finally a light green crystal stone condensed from the beastkin’s body.”

Hexi and Nangong Yu looked at each other, and they each saw the surprise in each other’s eyes.

It turns out that the extraction of Wood Vitality Pearl started so many years ago, so how many beastkins did they kill in order to extract Wood Vitality Pearl? How many spiritual root martial artists were captured?

Jin Zeyu took a deep breath, clasped his hands tightly on the chair, and said in a hoarse voice, “Seeing beastkin roaring in pain and the candidate who was at the same age as me was also half dead, I felt uneasy and wanted to escape. Who knows, I saw a person at that moment.”

Without waiting for Hexi to ask, Jin Zeyu continued, “It’s the president of the Doctors Association——Lu Xuyang.”

Chapter 1349: Strange Lu Xuyang

Hexi frowned and said slowly, “Lu Xuyang?”

Jin Zeyu nodded, “Lu Xuyang checked that candidate and said, ‘This person has no wood spiritual power on him, so he is already useless.’ After that, he grabbed the examinee’s Dantian... then he was turned into an old and ugly mummy in an instant.”

Hexi didn’t respond yet, but Nangong Yu immediately looked serious, grabbed Hexi’s hand, and said in a deep voice, “Are you sure he turned the examinee into a mummy instead of just poaching his Dantian?”

Jin Zeyu closed his eyes, suppressed the fear in his mind and said, “I will never forget the scene I saw with my own eyes. At that time, my heart was full of fear, but I didn’t dare to move at all.”

“Then I heard the white-bearded old man say to Lu Xuyang, ‘It seems that among all the people with wood spiritual root, only President Lu is the most powerful. Not only are you not dead after your wood spiritual root got extracted, but you even devour the beastkin’s vitality in the processing of condensing yuan crystal. Now you even have the ability to detect spiritual roots and devour people’s cultivation! This is a blessing in disguise, even I’m jealous of you.’”

As soon as Jin Zeyu said this, Nangong Yu’s expression changed. His hand holding around Hexi’s tightened slightly, and a trace of panic flashed in his eyes as if he was afraid that someone else would take her away.

Hexi was also shocked.

She didn’t expect that Lu Xuyang was also the one whose wood spiritual root got extracted.

However, Lu Xuyang not only didn’t die of wood spiritual root extraction, but he also devoured the beastkin vitality?

Moreover, he now had the ability to devour other people’s cultivation and detect the spiritual root?

What was even more frightening was that Lu Xuyang should hate Elder Fei and the group because of this, but now he was able to serve them wholeheartedly.

For the first time, Hexi felt real fear of a person.

This Lu Xuyang's scheming and ruthlessness really moved her.

Hexi took a deep breath, suppressed the shock in her heart and looked at Jin Zeyu, "Did you escape that night?"

Jin Zeyu nodded, then he shook his head bitterly: "I escaped, but you can also say I didn't."

"At that time, I didn't dare to move at all. I kept watching them use that bloody and cruel array to extract the wood spiritual root martial artists and beastkins one by one to get the light green crystal stones or beads."

"Until the last beastkin, that beastkin was very strong. He suddenly woke up and blew himself up while being extracted. Lu Xuyang and the others panicked for a while, and I took the opportunity to escape."

Hexi raised her eyebrows, "Since you escaped..."

There was a painful look in Jin Zeyu's eyes, "When the beastkin exploded, a green bead splashed on my body, and I took that bead away before I had time to think about it."

"It was because of the pearl that Lu Xuyang discovered my whereabouts that night. He seemed to have a way to find the trace of this pearl. Although I kept it inside a jade box that can isolate Divine Sense, but Lu Xuyang still discovered the aura on me."

With that said, Jin Zeyu took out a jade box from the storage bag and opened it.

Hexi saw a crystal-clear emerald green bead inside. As soon as she held the bead in her hand, she felt a powerful vitality rushed toward her.

Jin Zeyu said, "I kept this bead all the time, hoping to expose Lu Xuyang's conspiracy one day, but now it seems that I can't do it myself."

Chapter 1350: Lu Family's Father And Daughter

Hexi squinted and said, "Can you give this to me?"

"Of course!" Jin Zeyu was stunned for a moment, then he immediately said, "It's just that Xi Yue, if you are contaminated with the aura of this bead, you will be easily discovered by Lu Xuyang. I'm afraid it will bring you trouble."

Hexi sneered, "Even if I don't have the Wood Vitality Pearl, the father and daughter will still come to trouble me."

Only then did Jin Zeyu have a sigh of relief, then a gleam of hope appeared in his eyes.

In this life, it is impossible for me to fight against Lu Xuyang and his daughter, let alone revenge, but maybe... Xi Yue can! Maybe, I can wait until the day when I see the death of my enemy?

Hexi put the Wood Vitality Pearl into the void and looked at Jin Zeyu again, "After Lu Xuyang found out about you, he didn't kill you?"

Jin Zeyu shook his head with a wry smile, and his eyes were filled with deep hatred, "He can't confirm that I broke into the forbidden area that day, and the deans had always regarded me highly, so he dared not hurt me openly. But he let people stab me in the back when I was on a mission."

"When I came back from the Heaven Level mission, half of my brothers were dead, and my cultivation had almost completely gone. I was kicked out of Heaven Medical Branch by him, but just like this, the Lu Family father and daughter still refused to let me go. They asked the doctors to give me an addictive drug, which poisoned and killed me bit by bit. If I didn't encounter you, Xi Yue, I'm afraid I would be dead in less than half a year."

Jin Zeyu's voice was hoarse and distorted with anger and pain. He stood up suddenly, knelt down on one knee, bowed toward Hexi and said, "Xi Yue, I said that as long as you cure me, you will be my master. From now on, no matter what you ask me to do, I, Jin Zeyu, will never frown. However, if one day you deal with Lu Zhixi and Lu Xuyang, please give me a chance to let them taste the pain I have suffered!"

"It was Lu Zhixi who framed you?"

Jin Zeyu sneered and said, "She always looks like a lofty goddess as if her hands are never stained with blood, but I know that everything I suffered was manipulated by her behind the scenes. Don't mention me, she could even give up and trample Cai Yu who was devoted to her. From this, you know how vicious and ruthless she is."

"Xi Yue, you must be careful of her. She wants to kill you not once or twice. This time going to the magical beast forest is the best opportunity. I don't believe that she will not take this opportunity to attack you."

Nangong Yu's eyes turned cold, and a murderous intent flashed in his eyes.

When I was not around, someone tried to put Xi'er to death again and again?

Lu Zhixi? Is she tired of living!

After Jin Zeyu told the secrets of the year, he went to the square.

However, Nangong Yu grabbed Hexi and stroked her cheek with one hand. His voice was gentle, but his expression was extremely dignified, "Xi'er, Lu Xuyang's ability to devour beastkin's vitality is terrifying. Remember, you must be careful with him. You absolutely must not use any wood spiritual power around him."

Hexi frowned and said, "Is there really anyone who can devour the vitality of a beastkin? If they could devour the vitality of a beastkin, wouldn't many people do that? After all, the vitality of a beastkin is so powerful and it can be transformed into different abilities!"
