

## King of Hell 1371

### Chapter 1371: Demi-Divine Beast

That laughter seemed to be careless and teasing as if looking at children. It also sounded high above, but it also contained tolerant and pampering. Hexi only felt itchy in her ears as if someone whispered in his ears, "What a cute little girl!"

Nangong Yu's face turned grim. He hugged Hexi tightly into his arms, looking at a certain place in the space with cold and sharp eyes.

Dare to tease my woman, this damn beastkin is simply tired of living.

In the void, Little Golden Dragon felt the powerful aura. He jumped up and shouted, "Damn, boss, this thing is actually a beastkin that exceeds rank 10. That's close to a divine beast! It's shit now!"

Since Little Golden Dragon had been with Little Egg for a long time, he was more eloquent with modern vocabulary.

Hexi was slightly taken aback when he heard the words, "Divine beast?"

"That's right, Boss, if exceeding rank 10, he is already a demi-divine beast." Little Golden Dragon sighed, "I didn't expect there to be a demi-divine beast in the mere Miluo Continent. I really didn't expect it. But since he is already a demi-divine beast, why is he still staying here! He can go to a higher plane! Is he stupid!?"

Hexi's mouth twitched, and she said angrily, "Student Little Golden Dragon, I remember that you are only at rank 5 now, right? Aren't you ashamed to say that?"

The Little Golden Dragon jumped up and said, "What's wrong with rank 5? It's only temporary. My inherited bloodline is much nobler than him. It is the rarest one. Back then, if I hadn't failed in the tribulation, I would have surpassed him a long time ago. I wouldn't even bat an eye on him."

Hexi was amused. She comforted Little Golden Dragon several times to calm down the irritable guy.

However, from the tone of this divine beast, she didn't seem to feel any malice.

The next moment, Hexi heard the low voice with a smile saying, "Feng Luan, remember to listen to Li Yu and release your saviors."

Then there was another stubborn and respectful voice, "Yes, king!"

Everyone in the confinement space was caught off guard by this upheaval. No one reacted at all.

The next moment, a misty figure appeared in the white mist.

It was misty because everyone could see that he was a handsome young man, but one of his arms was severed.

However, his figure seemed to have melted into the white mist, swaying gently with the mist without substance.

Feng Luan stared at the humans in front with anger and hatred burning in his vertical pupils.

Although few of these people were the ones who imprisoned and tortured him.

But because of that captivity, he already hated all human beings.

Even, if it wasn't for that little girl Li Yu who insisted on saving her saviors, he even wanted to torture and kill everyone here.

What kind of saviors? Maybe they just want to extract more value from us.

Human beings are all selfish, greedy, vicious, and evil.

In the past, I was so naive, so idiot, to believe in human beings. Until I was tortured by them to the present state and my only brother dies, I only woke up.

No one noticed that when seeing Feng Luan, Tong Bing showed a frightened and guilty expression on his face. He quietly moved a little closer behind Hexi and Xuan Mu, hiding in the shadows.

It was also because he hid so quickly that Feng Luan didn't notice him at all.

### **Chapter 1372: Never Let Go**

Feng Luan took a deep breath. He revealed a sinister smile, then he looked coldly at Hexi, Nangong Yu and Xuan Mu, "I don't care what your purpose is, but since King promised to let you go, then get the hell out of here now."

"As for you guys!" Feng Luan's smile slowly twisted. The flame of hatred made his handsome face look more terrifying than a devil. "Humans, today this magical beast forest is your hell!"

After speaking, his image flickered, and a huge black hole appeared in front of the 3 of them.

There was a strong pulling force in this black hole, and they were very close to the 3 of them. They could almost enter the hole with just a few steps forward while the others were still quite a distance away from the black hole.

Hexi had already recognized that this young beastkin was one of the beastkins she had saved in the Mojing Pavilions. She glanced at Nangong Yu and Xuan Mu and asked with her eyes.

Nangong Yu narrowed his eyes slightly and said in a low voice, "Let's go out first. Now the array center is hidden, we can only crack it from the outside."

Hexi nodded. It was impossible for her to leave the people of the Huang Medical Branch behind, but staying here was really useless than going out.

The 3 of them glanced at each other, and they quickly moved toward the looming black hole.

In the crowd, someone suddenly exclaimed, "That's the Xuan Door teleportation array! They... they want to leave us here!"

As soon as the words sounded, everyone in the confinement space panicked.

If it was a teleportation array, it meant that they could get out of this array and escape safely. How could they let go of this opportunity?

However, at this time, Nangong Yu and the others had already stepped into the entrance of the Taoist teleportation array with 1 foot, and they were about to disappear in it.

Suddenly, a thin figure jumped out from the side, rushed toward Hexi and the others, and shouted anxiously, "Brother Xuan Mu, be careful. It must be a beastkin's trap. You must not go in! "

—It's Tong Bing!

It turned out that in order to avoid Feng Luan's sight, Tong Bing hid in the shadow behind Hexi. He was the closest to them.

So when he saw that the 3 of them were about to step into the black hole, he rushed up with anxiety and madness.

Hexi only felt a strong force coming from behind her. Of course, she didn't pay attention to this kind of strength. Her figure didn't move the slightest.

However, when Tong Bing ran behind the 3 of them, he suddenly took out something from his arms and threw it viciously toward the black hole.

"Buzz—" A sound that hurt the eardrums echoed in the air.

Everyone showed painful expressions and covered their ears.

The originally stable black hole teleportation array began to fluctuate.

Nangong Yu and Xuan Mu were in front, and the black hole was shaking faintly as if it wanted to devour them and tear them apart.

And Hexi hadn't had time to fully step into the teleportation array, but Nangong Yu had held 1 of her hands firmly.

Crazy twisting power came from the Xuan Door teleportation array. Even Nangong Yu showed a painful expression.

The mask on his face began to crack inch by inch, and blood overflowed from his mouth.

However, he held Hexi's hand firmly, refusing to let go at all.

Xuan Mu had already disappeared in the flickering light.

Hexi realized the crazy loss of spiritual power in Nangong Yu's body, and she couldn't help shouting, "Let go, Nangong Yu. You will die if you stay like this!"

"I won't!" Nangong Yu's face seemed to be covered with debris of disguise due to the cracking of the mask, but his voice was calm and cold. "Xi'er, I told you before. I will never let go of your hand! Cough—"

### **Chapter 1373: Spy?!**

The low cough made blow overflow from Nangong Yu's lips, and his meridians were also injured due to such strangulation.

A hint of determination flashed in Hexi's eyes, but her gaze looking at Nangong Yu was full of tenderness and reluctance.

The internal spiritual power was transmitted from the dantian to the meridians of the wrist, and the bones of the palm made a crackling sound. The originally weak and boneless hand seemed to have completely lost its skeleton and slipped out of Nangong Yu's tight grip.

Nangong Yu's eyes widened suddenly with a look of horror and resentment.

Hexi's body receded due to inertia, but her eyes were fixed on Nangong Yu. Her voice was low and soft, "Yu, you go out first. I will wait for you to come back to me safely. Trust me!"

"X'er—!!"

The Xuan Door Teleportation Array disappeared into the vast white mist. Nangong Yu and Xuan Mu disappeared, and Hexi was left behind in the confinement space. Her eyes were slightly cold.

===

At the same moment, in the Toad Jade Palace in the depths of the magical beast forest, the King who was carelessly manipulating the Xuan Door Teleportation Array and the confinement space suddenly spat out a mouthful of blood. He sat on the chair with a pale face.

"King!!" Li Yu and Feng Luan, who had just returned, screamed, and rushed up together, helping the man in a red robe who had fallen to the ground.

The man's face was still as charming as a boy's, but there was a layer of bluish color appeared on his fair and flawless skin as if he had been poisoned by some kind of poison.

"King, what is wrong? I'll ask the Doctor Tapir to treat you immediately!"

The man in a red robe shook his head, but his eyes were gloomy as if a dark storm was brewing, "Someone threw a Sanskrit Voodoo Illusive Silk into the Xuan Door Teleportation Array I opened up, and my spiritual power is sealed by 80%."

"What-?!!"

===

In the confinement space, Hexi stared in the direction where the Xuan Door Teleportation Array disappeared with dark and piercing eyes.

Although she told Nangong Yu to let go just now, the teleportation array was already unstable before that. It was unknown whether Nangong Yu and Xuan Mu were teleported out safely or they were flushed into the space turbulence.

Moreover, Nangong Yu was injured so badly, yet she was trapped in this kind of place.

"Xi Yue, you'd better explain it right away. What did the beastkin mean just now? Why did these beastkin let the 3 of you out? Could it be that you are colluding with them!"

"Xi Yue, are you a spy sent by the beastkins?!"

Hexi turned around and found that almost everyone here, the students and elders, glared at her.

Lu Zhixi took a step forward. Her usually soft voice was full of coldness and condemnation, "Xi Yue, I know that you usually have conflicts with the people in our other branches. I can understand that you want to leave us behind to deliberately revenge on us. However, the people of the Huang Medical Branch admired you the most, how can you be so heartless to abandon them?"

Lu Zhixi's words won the support of most people of Miracle Healer Academy.

Many had taken her for granted as an accomplice of the beastkin.

As the saying goes, people who are not of my race must have a different heart, since Xi Yue was on the beastkin side, of course they wanted to get rid of her.

"Lu Zhixi, don't judge a gentleman's belly with the heart of a villain. We, Huang Medical Branch, never believe that Xi Yue would abandon us."

Suddenly, a voice sounded among the students of Huang Medical Branch.

That was Chen Xiaofeng, the most eloquent and the highest IQ in Jin Zeyu's team.

#### **Chapter 1374: Abandon Your Ass**

At this time, he held down Qian Dazhuang who was about to get rampant and slowly walked forward with piercing eyes, "You say that Hexi is an accomplice of the beastkin? Do you have evidence? If no, why are you talking nonsense?"

Lu Zhixi didn't speak this time, and someone from Heaven Medical Branch immediately sneered, "If she and beastkin aren't accomplices, why did the beastkin let the 3 of them out?"

"Are you an idiot?" Chen Xiaofeng sneered, "Didn't you realize that the guards next to Xi Yue and Xuan Mu are the strongest among all of us? Although Xi Yue's cultivation isn't high, his medical skills are superb. Besides, just now because of Xi Yue and the others, this array was almost broken. Didn't you think that it was a trick by beastkin to deliberately transfer them away so that they could attack us?"

Everyone was stunned by this remark for a moment. Some students seemed to believe it.

A dark light flashed in Lu Zhixi's eyes, but a soft smile appeared on her mouth, "Since this is beastkin's trick, then Classmate Xi Yue shouldn't have left all of us behind. Everyone in Huang Medical Branch is his loyal follower. Don't you all feel disappointed to be abandoned by the people you trust? In Xi Yue's eyes, you are all abandoned!"

"Abandon your ass!!" Qian Dazhuang, who was suppressed by Chen Xiaofeng, finally couldn't hold back his temper. He shouted loudly, "Lu Zhixi, you black-hearted poisonous woman, you think everyone is like you! Even Cai Yu, who is so devoted to you, you can easily abandon him! There's nothing you can't do!"

"Do we need you to tell me what kind of person Xi Yue is? If it weren't because of Xi Yue, the people of the Huang Medical Branch would still be trampled by you like mud! Even if Xi Yue wants to leave first, so

what, he doesn't owe us anything. Why can't he go out first? You actually have the nerve to sow discord here? Do you think we will let you, a vicious woman, get away with it?"

As soon as Qian Dazhuang said this, the people of the Huang Medical Branch immediately shouted.

"Yeah, Xi Yue has helped us enough. What has Lu Zhixi done! How can you say that to Xi Yue?"

"Even if Xi Yue goes out, I believe he will find a way to save us!"

"If it weren't for Xi Yue, our lives would be worse than death. Otherwise, I'd rather die here!"

The chattering voices echoed in Lu Zhixi's ears like harsh buzzing.

Lu Zhixi's face was ashen; almost distorted.

She saw the group of people in Huang Medical Branch looking at Xi Yue with admiration and trust at this moment without any trace of resentment or anger in their eyes.

Simply, simply, worshipping him like a god!

Even though they saw Xi Yue abandoning them just now, this group of idiots still believe in Xi Yue? Why?!

The students in other branches were also discussing at this time. Some believed that Xi Yue was innocent, but most of them still condemned Xi Yue for running away.

Others mocked that she deserved to be left behind.

At this moment, Wei Chengyuan came out with a livid face. His cold eyes swept over Lu Zhixi and finally fell on the pitiful Tong Bing before saying coldly, "I think, have you guys figured out our situation yet? Do you know what is confinement space!?"

He picked up a stone and threw it into the white mist, and the stone bounced back suddenly. The stone that was originally the size of a fist suddenly became half smaller in an instant, leaving terrible scratches on it.

### **Chapter 1375: Not On Purpose**

Seeing the half-sized stone and looking at the corpses not far away, everyone's expressions became extremely ugly.

Wei Chengyuan kicked the stone away, then he continued with an ugly face, "The so-called confinement space has almost no array eyes and center. Just now Hexi and the others were able to find the array center because the other party was not on guard against our ability to break the array. But now the array center has been completely hidden, which means that this place is a completely airtight space. We have absolutely no way to escape now. Do you guys understand?"

The students of Miracle Healer Academy looked at each other. Some didn't understand what Wei Chengyuan meant.

But an elder beside Lu Zhixi's face turned livid in an instant, and he exclaimed in shock, "You... are you telling the truth?"

"Am I telling the truth? You can try it yourself." Wei Chengyuan sneered, and his voice became even angrier, "Originally, if Xi Yue and the others can escape smoothly, even if they are teleported far away, as long as they come back, they will be able to help us out. The confinement space is complicated, but it is possible to crack it outside the array."

"But now? The teleportation array was destroyed. Xi Yue was left here, and Xuan Mu and the another one were swallowed by the void turbulence. We don't even know if they can make it alive. Do you know what this means?"

"It means that if Xuan Mu and the another really can't come back, we will be trapped to death in this confinement space!"

As soon as these words came out, everyone panicked.

Even Lu Zhixi looked nervously at the elder beside him who was best at arrays, hoping that he could refute Wei Chengyuan's words.

However, the elder was more frightened and flustered than she was. His eyes were full of despair.

At this moment, someone suddenly looked at Tong Bing and shouted angrily, "I saw it, this guy is the one who destroyed the teleportation array!"

As this person pointed, Tong Bing, who had been huddled in the corner, suddenly fell into everyone's sight.

Tong Bing trembled visibly. His eyes were red. He looked at the crowd with fear and panic and kept shaking his head, "No! No! I didn't mean it, I just wanted to save Brother Xuan Mu and Brother Xi Yue! I thought that black hole was a beastkin's trap that will kill Brother Xuan Mu, that's why I stopped it... I really didn't mean it. Wuu wuu wuu!"

The people who were angry and disgusted by Tong Bing were those from the Huang Medical Branch.

Qian Dazhuang had already yelled directly, "You did it on purpose! You only know crying all day long, I wonder how you get admitted to the Miracle Healer Academy! If it weren't for you, Xi Yue and the others would have gone out. Say, are you jealous of Xi Yue, so you purposely hold him back!"

People in other branches also looked at Tong Bing with righteous indignation. Their eyes were full of anger.

Tong Bing shook his head desperately, and tears fell down. He ran to Xi Yue in a panic, knelt down and begged, "Xi Yue, trust me, I really didn't mean it. You're my savior. How could I hurt you? Xi Yue, please trust me and tell them clearly, okay?"

Hexi sneered and said slowly, "Oh? Then can you tell me first, what is it that you threw at the teleportation array?"

Wei Chengyuan also said with a gloomy expression: “The Xuan Door Teleportation Array is connected with the fundamental essence of the array caster, so it is not easy to destroy it. I’m also curious, what method did you use to destroy the teleportation array.”

### **Chapter 1376: Big Grievance**

“I... I don’t know either!” A panic flashed in Tong Bing’s eyes, and it quickly disappeared, turning into pleading and pitiful again, “I was panicking just now, so I didn’t even know what I had done. But Xi Yue, I really didn’t mean to harm you...”

Hexi smirked. Her eyes were as deep as hell. She suddenly raised her hand.

Tong Bing let out a painful wail and fell backward.

Hexi’s voice was as cold as hell Shura, “I don’t care if you are intentional or not. You dare to hurt my man, and you still want me to forgive you! You must be having a beautiful dream!”

Tong Bing raised his head abruptly with tears in his deer-like eyes. The eyes were full of disbelief and hatred hid in the depths.

When Qian Dazhuang and others saw Hexi making a move, they immediately shouted excitedly, “Everyone follow me, beat this bastard to death!”

“That’s right, beat him to death! It’s this guy who caused us to be trapped here!”

“Damn it, I’ve been wanting to beat up this motherfucker sissy for a long time!”

The people of Huang Medical Branch rushed forward. They just punched and kicked Tong Bing without using spiritual power.

Later, even the disgruntled people from other branches also rushed forward.

Tong Bing kept wailing and begging for mercy, saying that he was innocent. Why didn’t everyone believe him?

Seeing that the students filled with righteous indignation were about to beat Tong Bing to death.

Lu Zhixi’s eyes flashed. She suddenly stepped forward and said, “Stop! Xi Yue, everyone is a student of Miracle Healer Academy, how could you be so cruel? Even if he did something wrong, it wasn’t intentional. Do you really want him to be beaten to death?”

As Lu Zhixi said, she made an eye gesture to the elders beside her.

The elders immediately understood. They suddenly flew up and rushed toward the crowd.

The next moment, the students who beat Tong Bing were thrown away by these elders. Tong Bing, who was dying with a swollen face, was brought in front of Lu Zhixi.

Lu Zhixi looked at the pitiful young man at her feet with a trace of contempt in her eyes, but a soft and compassionate expression appeared on her face.

She squatted down, looked at Tong Bing, who was moaning and shivering quietly, and sighed softly, "Poor child, you followed Xi Yue so wholeheartedly, but he actually treats you like this. Such a heartless person, if we really let him go out, will he really return to save us? Sigh~"

Lu Zhixi's words made the faces of Miracle Healer Academy students and elders change.

Human nature is selfish. If Xi Yue escaped from the trap, would she really take the risk to save them?

They felt that if they escaped with great difficulty, they would definitely not come back. After all, even if it was more possible to break the confinement space from the outside, there were also many beastkins outside the array.

Thinking about it this way, their eyes on Hexi became complicated and suspicious.

At this time, Lu Zhixi had already covered Tong Bing with a healing spiritual power.

Tong Bing originally suffered only minor injuries. After Lu Zhixi's treatment, he quickly recovered.

It was just that his clothes had become tattered. His eyes were red. His face was full of sadness as if he had suffered a great grievance.

Tong Bing looked at Hexi with the pain of being betrayed. He choked up with tears, "Brother Xi Yue, I know it was my fault that you were abandoned by Brother Xuan Mu, so you hate me very much, but I really didn't mean it."

### **Chapter 1377: Hostage**

"Moreover, Brother Xuan Mu is so powerful. He will definitely be able to escape safely, and he can also crack the array that seals the space. Although Brother Xuan Mu may not come to rescue the rest of us, as long as you are still here, Brother Xuan Mu I will definitely try to save you. You... You really don't have to be so afraid, and you don't have to anger me like that."

As soon as Tong Bing said this, the eyes of the elders of Heaven Medical Branch and Doctors Association lit up.

Elder Qi was even more excited, "That's right, as long as we keep Xi Yue here as a hostage, should we be afraid that Xuan Mu and that Xi Yue's guard won't crack the confinement space and rescue us!"

Lu Zhixi half-smile glanced at Xi Yue, then she sincerely thanked Tong Bing, "It's really thanks to Tong Bing. Otherwise, we would have been abandoned by Xi Yue and the others and be left to death here"

Most of the people in Heaven Medical Branch and the pioneer branch followed Lu Zhixi's lead. Hearing what she said, they immediately gathered around Tong Bing and complimented him like a hero.

Tong Bing's cheeks flushed with excitement, and his body trembled slightly.

Before that, he had always been depressed, cowardly and humble. After entering Miracle Healer Academy, he was scolded as trash and tried to kiss everyone's ass.

This was the first time he had received compliments and affirmations from others. This kind of blissful feeling made him feel like he was in a dream.

Tong Bing even thought that he was no worse than Xi Yue! If Brother Xuan Mu is here now, seeing how popular I am, will he be impressed by me?

When the people of the Huang Medical Branch saw this scene and saw several elders of the Doctors Association vaguely surrounding Xi Yue as if they wanted to control her as a hostage, all of them suddenly became angry.

Qian Dazhuang said furiously, "That ungrateful white-eyed wolf, I will kill him right now!"

But he was immediately pulled back by Jin Zeyu, whose eyes were dark and cold, but his voice was very calm, "Now it's clear that Lu Zhixi wants to protect him, so what if you rush over there. Someone will take care of such a scum! "

At this moment, Elder Qi walked up to Xi Yue all of a sudden and said arrogantly: "Xi Yue, in order to prevent you from taking the opportunity to escape through the teleportation array, I must abolish your cultivation so that you have no chance of escaping. You want to surrender obediently or let me do it?"

The people of the Huang Medical Branch were going crazy when they heard this.

Jin Zeyu lowered his face and said, "Xi Yue didn't do anything wrong, why do you want to abolish his cultivation? Or do you mean that the elders of Miracle Healer Academy are dead now, so you people of the Doctors Association can do anything to us at will?"

"You—presumptuous!!" Elder Qi didn't expect that he would be humiliated by a brat. He was fuming immediately, "I did this for everyone's benefit. If this Xi Yue escapes, we will be trapped here to death!"

Jin Zeyu sneered, looking at him with contempt and irony.

A high rank martial artist from the Nascent Soul Stage had to hold a Foundation Establishment stage young man as a hostage to save his life. It was really a laughing stock to say that.

Elder Qi's eyes flashed a glint of ruthlessness, and he sneered, "Today I'm going to abolish Xi Yue's cultivation and take him as a hostage. I'll see who dares to oppose me!"

"Really? Do you think I, Zeng Shouyue, can tolerate you doing that to my student? Do you think I'm dead?"

Zeng Shouyue, who had been silent with a livid face, finally erupted at this moment. He roared and released the powerful spiritual power pressure all over his body.

## **Chapter 1378: Sudden Change**

Elder Qi was caught off guard. He was pushed back a few steps by the spiritual pressure.

He looked back at Zeng Shouyue with eyes full of surprise and doubt.

Zeng Shouyue was also considered famous in the Miracle Healer Academy. When he was young, he was amazingly talented, but he was suddenly seriously injured in the pill refining. Since then, his cultivation had stagnated at the middle stage of the Nascent Soul Stage.

But now, the spiritual power unleashed by Zeng Shouyue was at least as powerful as that of the later stage of the Nascent Soul Stage; it was even close to the peak of the Nascent Soul Stage.

Could it be that Zeng Shouyue actually hid his strength before?

Zeng Shouyue knew to himself that his cultivation had indeed stagnated at the intermediate stage of the Nascent Soul Stage for decades, and he was already in despair.

However, after meeting Xi Yue, everything changed quietly.

Xi Yue didn't even tell him that she was treating him. She just threw him a few bottles of medicinal pills for him to take from time to time, and she also prepared some medicinal baths for him to soak in.

Then, unknowingly, after a few months, Zeng Shouyue discovered that his cultivation base began to rise crazily.

Naturally, there was a reason why he had not been able to break through his accumulation for decades, but the person who brought about all these changes was Xi Yue.

So, how could Zeng Shouyue not protect such a student and benefactor?

Elder Qi's gloomy face seemed to be covered by dark clouds. He never expected that Zeng Shouyue would dare to fight against the Doctors Association for a student.

Elder Qi looked back at Lu Zhixi.

Lu Zhixi's eyes were dark. Her eyes only conveyed one meaning: Follow my father's instructions, Xi Yue must die!

Elder Qi waved to the other Doctors Association's elders, "Xi Yue is our hostage to leave here, we must first restrain him. Let's go together, otherwise Xi Yue may escape through the teleportation array again."

The elders of the Doctors Association jumped out immediately. There were 10 Nascent Soul Stage elders. Although most of them were at the early stage of Nascent Soul, they had already made the hearts of Zeng Shouyue and Huang Medical Branch sink a little bit.

Hexi looked at these people who were coming toward her. Her eyes turned dark and cold.

Hehe, in order to kill me, a nobody at the Foundation Establishment stage, they actually sent 10 the Doctors Association's elders at the Nascent Soul Stage. Lu Xuyang and his daughter really attach great importance to me.

Elder Qi's eyes were as vicious as a poisonous snake, and he stared at Hexi, but there was contempt in his eyes as if he was looking at a dead object.

He raised his hand slightly, then he waved down abruptly, "Get..."

Elder Qi hadn't finished speaking when there was a loud noise in the entire confinement space.

The white mist that blocked everyone turned gray-black in an instant.

There was a terrifying roar of beasts coming from the gray-black mist.

The complexions of all the people in the confinement space turned extremely ugly in an instant.

===

Time went back to 15 minutes before, deep in the magical beast forest, in the Toad Jade Palace.

Feeling Wang's serious injury, all the beastkins ran in a panic.

Doctor Tapir had been hurriedly summoned to treat the man in a red robe, but the more he diagnosed, the more flustered and anxious he was.

"Doctor Tapir, what happened to the king? Tell us!"

Doctor Tapir was a middle-aged man in his forties with a beard, but at this time, he almost plucked the beard from his face, "It's Sanskrit Voodoo Illusive Silk, it's really Sanskrit Voodoo Illusive Silk! Human beings are abhorrent! They actually dare to use this vicious thing against our noble king!"

### **Chapter 1379: Eradicate**

Feng Luan jumped up violently, and he shouted in a sharp voice, "Li Yu, do you see this? This is the human being you want to repay kindness. If it wasn't for letting those 3 people go, would our King suffer such injuries and humiliation?"

Li Yu's face was pale, and her eyes were already red from crying.

She looked at the King with purple lips, and her eyes were full of guilt and self-blame, "King, it's all my fault, it's all my fault! Wuuu... If it wasn't for me, you wouldn't..."

"Okay!" The man in a red robe interrupted Li Yu's self-reproach lightly, but his voice was somewhat gentle, "It's just Sanskrit Voodoo Illusive Silk. It can indeed cause me some trouble, but it still doesn't threaten me."

Li Yu raised her head abruptly, bit his lip and said, "King, is... is that true?"

The man in a red robe didn't answer him anymore, but he looked at the other beastkins and said in a deep voice, "In order to expel the Sanskrit Voodoo Illusive Silk from my body, I will go into closed-door dormancy for the next 12 hours. I will leave only the Divine Sense and spiritual power to maintain the confinement space. The group of humans in the confinement space are too insidious. Remember, they must be eradicated."

All the beastkins quickly bowed their heads and respectfully said, "As you order, king!"

Only Li Yu, thinking of Xi Yue who was still left in the confinement void, her eyes turned red again.

She was the beastkin transformed by Yue Min Bird, so her 5 senses can cover a huge range.

She saw clearly what happened in the confinement space just now.

Obviously, that beautiful young man is kind. He was framed and wronged, but he was going to die in the confinement space.

However, she had already injured the king once, how could she let the king let the boy go again?

After the man in a red robe said these words, his mind had become tired. The poison of Sanskrit Voodoo Illusive Silk had also begun to invade his lungs.

He must retreat in seclusion immediately to force out the poison. In the process of forcing out the poison, he had no ability to resist.

If someone attacked this Toad Jade Palace at this time, the consequences would be disastrous.

No, it's impossible!

The man in a red robe shook his head, suppressing the faint uneasiness in his mind.

In the center of Toad Jade Palace, there was a Heavenly Mulberry Sacred Tree. As long as the power of the sacred tree could still cover Toad Jade Palace, his people would be safe.

It wasn't until the man in a red robe entered the secret room and began to retreat that the beastkins were relieved.

Feng Luan, on the other hand, looked toward the direction of the confinement space with hatred and anger burning in his eyes, "These despicable human beings, not to mention they capture us, they even dared to hurt our King to such a degree. I will definitely let them suffer before death!"

After finishing speaking, Feng Luan jumped up and turned into a whirlwind and flew toward the confinement space.

There was a painful struggle in Li Yu's eyes. She transformed into Yue Min Bird, also flying toward the confinement space.

===

The Heavenly Mulberry Sacred Tree was located in the center of the magical beast forest. The tree was not tall and strong, but people who saw it would feel that it was breathtakingly beautiful.

The Heavenly Mulberry Sacred Tree's leaves were silver. The flowers and fruits emitted colorful light.

The soft light emitted from the Heavenly Mulberry Sacred Tree would cover a large area, and this area seemed to be protected by the forest god.

No one could harm the people and creatures shrouded in the light of the sacred tree. They were not even allowed to destroy every plant and tree here.

The palace of the beastkins was built within the area shrouded in the divine light, so as long as they didn't leave there, they could live in peace and joy forever.

## **Chapter 1380: Heavenly Mulberry Sacred Tree**

The divine light of Heavenly Mulberry Sacred Tree was powerful, but Heavenly Mulberry Sacred Tree itself was weak and could be hurt.

Therefore, there would always be rank 8 and 9 beastkin guarding around the Heavenly Mulberry Sacred Tree.

Xia Zhu was a rank 8 beastkin, and she had a soft temperament and no fighting power.

Originally, Xia Zhu was not qualified to stay around the Heavenly Mulberry Sacred Tree, but because she was a beastkin transformed by the Spirit Purifying Rabbit. The Spirit Purifying Rabbit could purify the Heavenly Mulberry Sacred Tree very well, so she was allowed to approach the sacred tree.

Xia Zhu also heard the news of King's injury at this time, and she walked in the forest worriedly.

Suddenly, a figure flashed in front of him.

"Who is it?!" Xia Zhu snorted, "Where did you come from, little beastkin? Don't you know that you can't approach here?"

The area where Xia Zhu was now was still some distance away from the Heavenly Mulberry Sacred Tree, but it was already a restricted area.

"Xia Zhu, it's me." A slender and tall man slowly came out from behind the tree, looking at Xia Zhu attentively and gently.

Xia Zhu screamed when she saw the person coming, and she said in a low voice, "Lu Lang, why... why are you here?"

The man looked 26 years old, with handsome features and elegant demeanor. He looked at Xia Zhu with a gentle gaze, "Xia Zhu, since I was rescued by you last time and returned to the human world, I have been missing you all the time. To this day, I finally couldn't bear it and wanted to see you."

When Xia Zhu heard his words, her face flushed immediately. Her voice was low with reproach and joy, "The magical beast forest is so dangerous to you humans. You, why do you come back? Do you want to be injured in the forest like last time?"

The man stepped forward abruptly, grabbed Xia Zhu's snow-white hand, and said in a loud voice, "Xia Zhu, as long as I can see you again, I would be willing to die, let alone just get hurt?"

Xia Zhu only felt that the man's hands were cold and felt dry, but she didn't care. She just thought that the man was too nervous and eager to see her.

Xia Zhu lowered her head. Her heart was pounding, and her whole face was even redder, but thinking that the King was injured by humans, Xia Zhu's expression turned gloomy. She broke free from the man's hands, "Lu Lang, you... you should go now! You're a human, and I'm a beastkin. If we are together, no one will tolerate it. Moreover, our King has been hurt by humans. Even... Even if I like you, King will not agree."

When the man heard the phrase "King has been hurt by humans", a dark light flashed in his eyes. He quickly grabbed her hands again and said emotion, "Xia Zhu, I really want to take you away, but I know you have to guard your sacred tree and can not leave. But I will not give up. I will always wait for you

until your King agrees to let us be together. Although I'm a human being, my heart for you can be proved by the sun and the moon ."

After speaking, the man let go of Xia Zhu's hand resolutely, turned around and strode away.

Xia Zhu looked at the man's back, her eyes were slightly red.

This man was accidentally rescued by her in the magical beast forest a few months ago. Although she knew that beastkin should keep a distance from humans, this man was so gentle, intelligent and different.

He would tell Xia Zhu a lot of outside stories, comfort her gently, encourage her, and use spiritual power to sort out her meridians.

Xia Zhu liked this man so much, so she secretly rescued him and cured him.
