

## King of Hell 1421

### Chapter 1421: It Must Be

He paused. The light in his eyes was flickering. The sideburns covered half of his gentle face, making it difficult for people to see his expression clearly, "But I thought Xi Yue was so talented that you had such powerful strength at the Foundation Establishment stage. It turned out that Student Xi Yue had been hiding your true strength. You are actually at the Gold Core Stage."

Hexi sneered and said, "President Lu, why talk so much nonsense while standing in my way? Can you be more straightforward? I don't like guessing about you people who only have ill intentions."

Lu Xuyang smiled lightly. Being refuted by Hexi like this, he wasn't angry at all. He just said casually, "I just saw the colorful auspicious clouds covering the sky, abnormal phenomenon and brilliant light from the direction Xi Yue came from, do you know what happened? Is someone advancing to the Gold Core Stage perfect stage?"

Lu Xuyang's eyes turned around Hexi, and his eyes became more gloomy, "A few days ago, Student Xi Yue was at the Foundation Establishment stage, but now you are at the Gold Core Stage. So, can I guess that the person who had just advanced is you? Xi Yue!"

Hexi squinted and said coldly, "So what if I am and if I'm not? I'm not familiar with President Lu, right? Is it necessary to answer your question?"

A trace of anger flashed in Lu Xuyang's eyes.

He had always been respected and feared in Miluo Continent. This was the first time someone had treated him so rudely like Xi Yue. Especially Xi Yue was still a young boy.

Lu Xuyang still had a gentle and tolerant smile, but his eyes were already icy cold, "Since Student Xi Yue refuses to say it, then forget it."

As he said that, Lu Xuyang walked slowly past Hexi as if he really didn't intend to pursue further.

However, the moment they passed by, a blood-red long sword suddenly appeared in Lu Xuyang's hand, stabbing toward Hexi silently.

Hexi had already guarded against Lu Xuyang. Li Shui Sword immediately appeared out of thin air. The sharp blade flashed with colorful light, blocking Lu Xuyang's attack with a clang.

When Lu Xuyang saw the colorful light emitting from Li Shui Sword, his pupils shrank suddenly: Five Elements Flying Sword!

In Miluo Continent, flying swords with dual attributes were extremely rare, let alone flying swords that had five elements.

Five elements meant that it even had the wood attribute. A person who could control the five elements flying sword must have at least a sky spiritual root with at least 3 attributes.

Sky spiritual root of 3 attributes! Lu Xuyang's eyes suddenly lit up.

It's Xi Yue! The person who has the wood source is Xi Yue! It must be!

Their long swords separated at the touch. and Lu Xuyang's eyes seemed to be burning with hot flames, staring straight at the handsome young man in front.

If other people saw it, they would think that Lu Xuyang loved Xi Yue fanatically.

However, Hexi saw naked greed and desire in those pupils, just like when Tong Bing approached her, ready to suck her wood spiritual root.

He also had the devouring ability, but Lu Xuyang was much more difficult to deal with than Tong Bing!

In Miluo Continent, many people wanted to find out how strong Lu Xuyang's true strength was, but no one succeeded.

Because Lu Xuyang not only had powerful magic weapons and superb cultivation, but he also had deadly poison that was hard to guard against.

### **Chapter 1422: The End of Power**

In the past, as long as Lu Xuyang took out those poisons, any martial artists lower than him could only fall into a coma and lose the ability to resist.

However, this method did not work for Xi Yue today.

Lu Xuyang's face was livid. He looked at the young man who had been calm in the green-purple poisonous smoke. There was even a hint of ridicule in her eyes. The jealousy and hatred in his eyes became more intense, "Have you ever taken some natural treasures, so you are invulnerable to all poisons?"

What responded to him was the young man's mocking sneer, "To deal with your useless poisonous smoke, do I still need to take medicine that is invulnerable to all poisons? President Lu, haven't you heard that there is always someone higher than you? Do you think that your healing and poisoning skills are unparalleled in the world after being the president for too long?"

Lu Xuyang's face turned green and white.

He had always been most proud of 2 points; medical skills and a character that did not get angry easily.

But today, these 2 points were almost shattered by Xi Yue.

The proudest poison I refined is ridiculed by Xi Yue as mere poisonous smoke?

No! That is just a teenager, how could he have such powerful healing and poisoning skills.

He, Lu Xuyang, is the most talented doctor and pill refiner in the Miluo Continent. I will never admit that I will lose to Xi Yue.

Hexi smiled slightly. A huge leaf appeared on her hand.

This was the leaf of [Tiankui Banana] planted in the void, which was most suitable for repelling poison and smoke.

The banana leaf waved, and the smoke that was originally surrounding Hexi floated toward Lu Xuyang. Moreover, there was a pungent and spicy smell in the original green-purple smoke. Obviously, Hexi repaid him with some other materials.

“Cough cough cough—!”

Lu Xuyang coughed violently. His eyes were red, and tears flowed down from his eyes uncontrollably.

Hexi leaned against a tree, keeping her exhausted body from falling down, but she said with a leisurely smile, “How about it? Chili smoke and your poisonous smoke, does this taste good?”

Lu Xuyang’s cultivation was far higher than Hexi’s, so of course he was not afraid of her poison, but he never expected that Xi Yue did not poison him. She just used an extremely pungent smoke.

Lu Xuyang was trembling with anger. He had never, never been so embarrassed in his life.

Damn Xi Yue! I must tear him into pieces!

Lu Xuyang suddenly soared into the air, and a huge beastkin power with devouring vortex formed in his left palm.

In his right hand, he held a long red sword entangled by flames and stabbed straight toward Hexi.

Hexi bit her tongue, forcing her blurred consciousness to wake up.

She had no strength in her body now. Her Divine Sense seemed to be torn apart by a huge force, trying to bring her into the sleeping void.

There seemed to be a few little guys shouting anxiously in her ears, but she couldn’t really hear them.

The Li Shui Sword was lifted up, but before it met Lu Xuyang’s sword, she could no longer hold it. The Li Shui Sword fell to the ground with a clanging sound, then it disappeared automatically and returned to void.

At this time, Lu Xuyang finally saw that she was exhausted. He immediately laughed, “So you are out of your power. If this is the case, offer your wood spiritual root to me and die obediently!”

The huge devouring beastkin power enveloped Hexi’s dantian.

The majestic spiritual power surged toward Lu Xuyang’s palm with the devouring power.

### **Chapter 1423: Scared**

However, this does not seem to be the wood spiritual power. There is fire element, water element, and gold element...

Lu Xuyang frowned. This is already sky spiritual root of 3 attributes. Could it be that I guess it wrong? The person with the power of wood source is not Xi Yue, but someone else?

Wait! Lu Xuyang suddenly widened his eyes with shock and disbelief. No... more than 3 elements? Then there are spiritual powers from other lines wrapped in dantian? What element is that? Could it be that Xi Yue doesn't have the sky spiritual root of 3 attributes instead of 4 attributes?

Just as Lu Xuyang was thinking, he suddenly felt a chill in his mind that horrified him.

The next moment, a powerful force suddenly penetrated his chest and abdomen from behind.

"Ahh!" Lu Xuyang let out a miserable howl, rolled over and fell on the grass.

Blood gushed out from the hole in his chest, soaking the grass and trees.

He also felt that all the spiritual power he had devoured from Xi Yue was devoured by the powerful force that penetrated his chest and abdomen.

Lu Xuyang was shivering and convulsing in pain. He opened his eyes with difficulty, only to see a tall figure. He rushed to Xi Yue quickly and carefully carried the almost unconscious young boy.

That posture, that movement, as if he was holding a rare treasure. No one was allowed to snatch it.

Lu Xuyang's eyes moved up little by little, and he finally saw the man's face.

The handsome facial features were like a god descending from the sky, exuding a contemptuous aura all over his body.

He obviously looked like a young man in his twenties, but anyone who saw this face would never forget or ignore it.

Nangong Yu——! The only genius in Miluo Continent who advances to the Nascent Soul Stage at the age of 20, King of Hell Nangong Yu!

Lu Xuyang clenched his teeth hatefully. A wave of fear and hatred churned in his mind.

Today, he was destined to not be able to kill Xi Yue, and he would not be able to get the wood source. Moreover, the injury he suffered today would cause permanent damage to him. His cultivation would probably not be able to improve anymore.

Nangong Yu, Xi Yue, all these are caused by these 2 people.

But I, Lu Xuyang, will not give up. One day, I will make these people pay a painful price.

A black stone in his hand was crushed, and Lu Xuyang's figure slowly disappeared into the grass, leaving only blood stains all over the ground.

At this moment, Nangong Yu's attention was only on Hexi who had a pale face and was sweating profusely, so he didn't care about Lu Xuyang's life or death.

If I was one step late, just one step, Xi'er would die at the hands of others.

As long as he thought of this possibility, Nangong Yu felt scared for a while.

He held Hexi's hand and was about to inject spiritual power, but Hexi's little hand grabbed his hand instead.

A low and weak voice came with great urgency, “Jade Fire... Jade Fire Toad... Yu, hurry up. Go and get the Jade Fire Toad. That is... that is the only way to save you... hurry up!”

As Hexi said, Little Golden Dragon jumped out of the void and looked at Nangong Yu anxiously, “King of Hell, come with me quickly, Jade Fire Toad is disappearing. If we don’t get there in time, it will be too late!”

“What is so important about Jade Fire Toad now!” Nangong Yu growled. His eyes full of distress and regret, “If something happens to you, Xi’er, what’s the use of me getting 10,000 Jade Fire Toads.”

### **Chapter 1424: Void Second Advancement**

“I’m fine...” Hexi took a deep breath, gritted her teeth, forced her consciousness not to disappear, and said word by word, “I have just... advanced... I’m fine... must get it, Jade Fire Toad! “

After finishing speaking, Hexi couldn’t hold on any longer. As her eyes closed, her Divine Sense sank into the void completely.

At this time, in the void, earth-shaking changes were taking place. The vague voice of Old Man Sumeru could seem to be heard – “The Ninth Layer Heavenly Palace, this is Xuan Xiao...”

Following the hatching of Little Egg and the opening of the Ling Xiao Palace, the Sumeru Void finally ushered in its second advancement.

Nangong Yu looked at Hexi who had completely fallen asleep, and he suddenly tightened his arms.

At this moment, he seemed to feel that he was holding was a warm corpse, but his Xi’er was moving away from him little by little.

The fear in his heart surged up like a tide, drowning him.

“King of Hell, let’s go there quickly. Otherwise, it will be too late! Hurry up!” Little Golden Dragon was anxious, swearing in his mind. After bringing you to the Jade Fire Toad, I want to go back to the void!

Nangong Yu gritted his teeth, “Are you sure Xi’er is fine?”

“Sure and certain!” Little Golden Dragon nodded repeatedly, “Even if something happens, it’s definitely a good thing!”

Nangong Yu finally heaved a sigh of relief when he heard the words. He didn’t say anymore, and he didn’t even find a place to put Hexi down. He just hug her sideways and rushed toward the direction Little Golden Dragon was pointing at.

===

Hexi felt as if she had been in a coma for a long time, but she also felt that she had just taken a short nap.

But no matter how much time she slept, when she woke up, what greeted her was the Sumeru Void that had changed completely.

Looking around, the Ancient Rhyme Spiritual Field where the spiritual plant grew.

Although Hexi felt that the Ancient Rhyme Spiritual Field was very large before, this time, the area after the expansion of the void was endless.

Moreover, the spiritual plants above were all growing too damn well.

Especially those precious spiritual plants transplanted from the Sealed Dragon Domain, such as Golden Bodhi. It was obviously not the time for Bodhi to bear fruit, but now its branches were full of fruits.

What surprised Hexi the most was that the “Alien Poppy” that she snatched from the Murong Family, that was, the cold eating flower. Since it was thrown into the void by her, without the nourishment of virgin blood, it had been languid all the time, but now it was full of energy.

Hexi approached and touched it, and she found that the yin qi emanating from it was no longer chilling, but a strange aura similar to spiritual power and demonic power.

Being touched by Hexi, the cold eating flower shook its huge flower disc. Its branches and leaves swayed slightly, seeming very happy.

Hexi walked to the side of the Ninth Secluded Spirit Spring. The area of ??the spirit spring had grown a lot bigger. Now it was almost half the size of a small pond. There was still a faint layer of mist floating on the spirit spring. She could smell the strong spirit when she was close to the spirit spring.

The little purple seed was lying quietly at the bottom of the spring, soundless as if she was dead.

With a pain in her heart, Hexi reached out to take out the little purple seed and said in a low voice, “Little Purple, thank you for protecting me!”

The small purple seed was still quiet. The seed looked dull, and the originally abundant demonic power couldn’t be felt at all.

Just looking at this small seed, one could imagine how much damage Little Purple suffered and how expensive the price was.

Hexi took a deep breath. She channeled her wood spiritual power slowly into the purple seed.

### **Chapter 1425: Angry Little Bird**

The outer layer of the seed gradually became shiny at a speed visible to the naked eye, and a small white spot appeared on the seed as if a bud was about to emerge.

Hexi heaved a sigh of relief. She injected wood spiritual power into the seed like it was free. Until the seed could no longer absorb it, she put it back into the Ninth Secluded Spirit Spring.

Wood spiritual power could give life to all things in the world, and Ninth Secluded Spirit Spring was the best nourishing liquid.

Although it might take a long time for Little Purple to recover completely, Hexi didn’t mind waiting at all.

She believed that their Little Purple would come back one day.

After checking Little Purple, Hexi was about to visit Sumeru Hall.

The little ones were nowhere to be seen, but Hexi could sense that their auras were all in the Sumeru Hall.

Moreover, Hexi was also looking forward to the rewards after advancement since the rewards after the first advancement were already abundant.

Just as she was walking toward the Sumeru Hall, she heard Little Egg cry out in panic.

The sound of chaotic footsteps came from the Sumeru Hall, then a small object crashed into Hexi's arms.

As soon as Little Egg smelled the familiar aura on Hexi, he cried and climbed into Hexi's arms, yelling, "Mom, help! Help! Wow..."

Immediately afterward, Little Dumb Cow and Xiao Li also rushed out.

Little Dumb Cow still looked dumb, staring straight at Little Egg.

Xiao Li had a hint of a smile on her face, and her face was flushed red.

Seeing Xiao Li's expression, Hexi knew it was nothing serious, so she couldn't help laughing and said, "What's the matter, Little Egg?"

"Wuuu, mom, there is an ugly monster inside. It bullies me. It wants to occupy my nest. Mom, please drive it away!"

As Little Egg spoke, he stretched out his pink paws and had an aggrieved expression.

There were really several red marks on the little paw, which seemed to be pecked by some kind of bird's beak.

But, is there a bird in my void?

Just as she was thinking, Xiao Chi ran out of Sumeru Hall excitedly when he heard Hexi's voice. Seeing the intact Hexi, he happily went up to rub against her.

Hexi smiled and stroked Xiao Chi's soft hair before turning her eyes away.

On Xiao Chi's shoulder, there was actually a fiery red bird.

Originally, it was glaring at Little Egg while making a chirping sound, but when it saw Hexi looking over, the little bird immediately tilted its head and stared back mercilessly.

Hexi's mouth twitched. Why do I feel that this bird's eyes are saying "you stupid annoying people, why don't you kneel down when you see me"?

Little Egg pointed at the little bird angrily and said, "Mother, it's it. It's this bad bird that pecked me. Let's roast it now, okay?"

"Chirp, chirp, chirp~" The little red bird jumped into the sky and pecked at Little Egg's head.

"Wow! Mom save me!" Little Egg threw himself into Hexi's arms.

The little red bird dived straight down with an aura as fierce as fire.

Hexi frowned slightly, and an ice shield emerged out of nowhere in the sky.

“Dong—” The bird’s beak pecked at the ice shield, piercing a big hole on the ice shield, but the little red bird couldn’t move forward.

Blazing flames radiated from the little red bird, trying to burn the ice shield. But, after a piece of the ice shield was burned, a new ice shield would soon condense.

### **Chapter 1426: Xuan Xiao Palace Unlock**

Little Egg saw the aggrieved look of the little red bird, and he immediately applauded and laughed happily, “Yeah, bad bird, bad bird, that’s what you get for pecking me! Mom is the most powerful, and I’m the most beloved baby of mom! If you dare to bully me again, I will let mom strip off all your feathers!”

“Chirp chirp chirp~~~” Dead pig, I will peel off your skin!

“Hee hee, come if you can! Come!”

Hexi pressed her forehead with a headache, and she asked Xiao Li, “What’s the matter with this little bird?”

Xiao Li quickly said, “Miss, isn’t there an egg in the Sumeru Hall? Just now the void suddenly changed, and another door opened too, then this little red bird broke out from that egg. “

“Then, do you know what species this bird is?”

Xiao Li shook her head in bewilderment, “Xiao Li has never seen such a bird in Miluo Continent.”

Then we can only wait for Little Golden Dragon to come back.

Speaking of which, Hexi was now more worried about the situation outside, especially what happened to Jade Fire Toad.

However, she tried to leave the void several times, but she couldn’t way.

Is this the void’s upgrade that hasn’t been done yet? Or is she just not letting her out because she doesn’t understand all the changes?

Hexi walked quickly into Sumeru Hall.

She was even more dumbfounded when entering.

Sumeru Hall had opened up 2 palaces, Ling Xiao Hall and Xuan Xiao Hall.

However, the palace at this time had changed completely from its previous appearance.

The Ling Xiao Palace used to be a huge room. Rather than looking like a palace, it was more like a storage room.

But now, the Ling Xiao Palace had numerous rooms. Each room contained different types of things.

The spiritual plants were put together, beastkin meat and bones were put together, magic weapons were put together, and crystal stones were piled together. It was very pleasing to walk in the rooms. Hexi had the illusion of being super rich.

The Xuan Xiao Palace was separated into 2 sections. 1 section was a resting place.

When Hexi walked into the resting place, she felt indescribably refreshed all over his body. Before she went to bed and meditated, she felt her fatigue all over her body swept away.

In addition to the resting place, Xuan Xiao Palace also had a place for training, a place for pill refining, and even a puppet array.

In it, Hexi could improve her spells and swordsmanship by training with puppets.

The puppets were made of wood and looked extremely simple, but their strength was terrifying. With Hexi's current strength comparable to Nascent Soul Stage, she couldn't last for 3 minutes under these puppets.

In addition to these changes, a part of the general outline given by the Old Man Sumeru had finally been unlocked.

It was just that Hexi was concerned about the outside world now, so she just flipped through it casually. When she saw that wood source was mentioned in the general outline, she didn't read it anymore.

Another void upgrade reward was what made Hexi the happiest.

That was a new technique, called [Circle of Life], it was a mental method specially used for training the wood spiritual root.

Endless life means that there is no end, no death, and the highest level of practice can control the life and death of all things in nature.

Hexi had been in Miluo Continent for so long, and this was her first time seeing a technique about wood spiritual root. Now that she had just awakened the power of wood source, it was really like timely help for her.

## **Chapter 1427: Raging Fire**

After putting away [Circle of Life], Hexi tried to leave the void again, but she still couldn't do it. Thinking of Nangong Yu who was still in the magical beast forest and Jade Fire Toad was being consumed, Hexi became anxious.

===

In the collapsed Toad Jade Palace, a raging flame was burning right now.

All human martial artists, including beastkins, were trapped in it.

In the flames, human screams could be heard from time to time.

With just a touch, such flames could burn all the flesh and bones of a person to ashes.

Golden Wolf and the others were caught off guard, and seventy percent of the martial artists they brought with them turned into wandering spirits with no residue left.

In the center of the fire, a red toad was spitting flames in all directions.

Wherever the flames went, even the stones burned. Hot magma gushed out from the cracks on the surface.

In the entire Toad Jade Palace, the only ones who were still alive were the beastkins under the defensive barrier, and a few Soul Splitting Stage martial artists that Golden Wolf protected with unique magic weapon.

However, that was only temporary.

Golden Wolf's face was reddened by the flames, and the turtle shell that was tanking in front was making a terrifying crackling sound.

Standing behind Golden Wolf, Elder Cen, Elder Fei and the others looked panic and kept shouting, "Help!"

A trace of fear also flashed in Golden Wolf's eyes. He did not expect that a mere Miluo Continent could have such a powerful treasure.

That toad breathing flames is clearly the top treasure of Immortal Realm – Jade Fire Toad.

If he had seen this Jade Fire Toad on other occasions in the past, Golden Wolf would try to snatch it no matter how.

But now, his life was at risk. How could he think about this right now?

Things were not going too well on the side of the Beastkin King either.

The defensive barrier was burning red and fluctuating. The Beastkin King was holding the barrier while controlling Jade Fire Toad, so he was almost exhausted.

The originally gorgeous young face gradually became old. Blood even flowed from the seven orifices.

But after the blood flowed out, it didn't solidify. Instead, it became hotter than magma, burning his skin bit by bit.

Faint blue scales appeared on Beastkin King's face and hands, but they were quickly burnt to bloody flesh.

The beastkins in the barrier were already crying so hard. They wanted to rush over to extinguish the flames on the Beastkin King, but they were stopped.

Beastkin King's voice was hoarse and nearly shattered, but he was extremely decisive: "No one... is allowed to come over! This fire is not something you can bear! Wait... wait until Jade Fire Toad burns them to death, you... will leave immediately and go... to the side of Heavenly Mulberry Sacred Tree."

“King! We won’t leave!” The little beastkin cried loudly, “You’re our King! We should protect you, how can we leave you and run away?”

“King, please don’t care about our life and death. Just go on your own!”

“You—!” Beastkin King suddenly raised his voice and hissed, “If you still regard me as King, just listen to me! After I advanced to demi-divine beast, I could have left this plane, but I stay for you. You... don’t make me regret this decision!”

“King...” The beastkins couldn’t bear it anymore. They wept bitterly and fell to their knees on the ground.

Beastkin King closed his eyes and gritted his teeth, channeling all his fundamental life essence into the Jade Fire Toad.

“Crack, crack...” There were louder cracking sounds from the turtle shell in front of Golden Wolf.

### **Chapter 1428: Dumbfounded**

Finally, the turtle shell burst open. The flames swept everyone instantly!

“Aaaaaa!” A dreadful scream sounded.

Except for Elder Fei and the others who had an ice-attribute robe that could withstand several seconds, the others were almost instantly melted into ashes by the flames.

A fierce light flashed in Golden Wolf’s eyes. He suddenly soared into the air, rushing straight toward the Jade Fire Toad in midair.

Rather than waiting in place to be burned to ashes by the flames, he might as well slash the toad to pieces with all his might.

“Die!!”

However, before Golden Wolf’s blade slashed at Jade Fire Toad, a powerful and terrifying force rushed toward him.

Golden Wolf was caught off guard. He was turned upside down in mid-air and slammed into a broken wall.

The flames from above enveloped his face, burned his hair clean, and burned most of the mask and skin on his face.

Golden Wolf let out a cry of pain, and he quickly wrapped himself in ice crystals, barely preventing himself from being burned to ashes.

He looked up viciously to see who dared to attack him. When he saw the scene before him, he widened his eyes in shock.

In the fiery red flames, a slender figure of a man appeared at some point in time.

He walked in the Toad Jade Palace, which was as hot as the hell, like he was strolling in his own palace garden.

Against the backdrop of the flame light, his handsome face looked extraordinarily majestic and charming. He was like a scourge from hell walking slowly with a cruel smile or like a condescending god, despising the insignificance of mortals in the flame light.

The man was still holding a comatose young boy with both hands. The young boy's entire face was buried in the man's arms. From the way the man carefully guarded him like a treasure, it their close relationship could be guessed.

"Who... who are you?" Golden Wolf suddenly raised his voice and shouted, "Are you a human or a beastkin?"

But the man didn't seem to hear his words at all. He just walked in front of the Jade Fire Toad that was still burning with blazing flames.

His slender hand reached out, casually grabbed the flame-breathing toad, and then squeezed it lightly.

"Poof—" Beastkin King in the enchantment spat out a mouthful of blood.

The Jade Fire Toad that was originally under his control seemed to be frozen by something. There was an inexplicable bone-piercing chill transmitted from the link between the Jade Fire Toad and his Divine Sense.

Beastkin King looked at the man who suddenly appeared in shock, and he asked the same question as Golden Wolf, "Who... who the hell are you?!"

Nangong Yu held the Jade Fire Toad in his hand. As he channeled the dark spiritual power, he really felt a blazing warm current enter his meridians from the ruby-like toad.

Now the day for the cold poison to trigger was getting closer and closer, his dantian and fundamental essence were slowly feeling the freezing cold of his soul and body. When this warm current entered his body, he really felt much more comfortable.

But, it was just comfortable.

As the warm current disappeared, the cold poison still existed. This was no different from the Flame Cave.

Nangong Yu frowned. It seems that if I want to use this Jade Fire Toad to relieve the cold poison, I can only rely on Xi'er.

Anyway, this is what Xi'er wants. I will just keep it first.

When the Jade Fire Toad disappeared, the flames burning everywhere in the Toad Jade Palace and the tumbling magma also disappeared without a trace in an instant.

Golden Wolf was dumbfounded watching this scene.

## Chapter 1429: Someone Stronger Than You

What level of treasure was Jade Fire Toad! Of course I have a way to collect Jade Fire Toad, but that is when Jade Fire Toad is not breathing flames.

But this person, this person not only extinguished the toad's flame with bare hands, but he also grabbed it and put it into the storage ring.

How... how is this possible?!

Golden Wolf suddenly jumped up from the ground, fixed his eyes on Nangong Yu, and suddenly said coldly, "Boy, I don't know who you are. If you are sensible, just obediently hand over the Jade Fire Toad you just took away. Otherwise, don't blame us for being rude!"

Nangong Yu raised his eyebrows, and his eyes full of irony swept over Golden Wolf's bald forehead and bloody scalp before he said slowly, "Oh? How do you want to be rude to me?"

Golden Wolf made a facial gesture to Elder Fei and the others.

Elder Fei and Elder Cen immediately took out their weapons, released their powerful spiritual pressure on their bodies and attacked Nangong Yu fiercely.

The blue long sword made crackling sparks as it slowly appeared in Nangong Yu's palm.

This was a fake "Sealed Dragon Sword", but it had half the strength of the Sealed Dragon Sword.

When Elder Cen's attack arrived, the Sealed Dragon Sword unsheathed and slashed horizontally.

Elder Cen only saw a blur. He instinctively resisted with his weapon.

Clang, it was the sound of weapons clashing.

But the next moment, he felt the tearing pain coming rushed to his chest and abdomen with a sharp tearing pain.

Elder Cen lowered his head slowly and saw a turquoise long sword penetrating directly through his dantian.

Nangong Yu withdrew the "Sealed Dragon Sword" and looked at Elder Fei with a cold smile.

Elder Fei's eyes flashed with fear. He screamed suddenly, "You—it was you. It was you that night..."

Before he finished speaking, the Sealed Dragon Sword whistled and flew toward Elder Fei.

In mid-air, the long sword turned into an azure dragon, emitted a rumbling dragon roar and pierced through Elder Fei's body.

Elder Fei still maintained his frightened expression with a wide open mouth. He wanted to finish the last sentence, but he never had the chance again.

The Sealed Dragon Sword killed Elder Fei, but it continued to fly toward Golden Wolf.

Golden Wolf's eyes were gloomy and wary, but not fearful.

He had already taken out a golden-red flashing whip. When the “Sealed Dragon Sword” flew over, the whip swept toward the azure dragon.

After a burst of “crackling”, the dragon returned to the body, then it broke in half.

Nangong Yu’s complexion suddenly turned grim. His hands holding Hexi slightly tightened, and his gaze looked terrifying.

Although this “Sealed Dragon Sword” was fake, it was the first gift Hexi gave him. He cherished it very much and never left it. Now it was cut off by this guy.

This man is courting death!

Golden Wolf looked at Nangong Yu with a sneer and said quietly, “Just a martial artist from the lower realm, how dare you show off in front of me. Today I will let you know what it means that there is always someone stronger than you!”

Nangong Yu took a deep breath and slowly put down the sleeping Hexi.

He looked at Little Golden Dragon with a fierce gaze as he said, “Look after Xi’er, if anything, breaks the inscribed jade slip, I will be back in no time.”

Little Golden Dragon patted his chest and said, “Don’t worry, I will definitely protect the boss. Teach that shameless bastard a painful lesson. I have long been displeased with these guys. Better beat that bastard until his mother doesn’t even recognize him!”

### **Chapter 1430: Who Wins**

Little Golden Dragon, who was also a beastkin, was infuriated by what they did to these beastkins. He couldn’t wait to rush over and tear these scum into pieces.

Nangong Yu ignored Little Golden Dragon’s words, but he lowered his head and kissed Hexi’s soft cheek before getting up and looking at Golden Wolf.

Golden Wolf glanced at the fainted Hexi. Seeing that she was dressed as a young man, he couldn’t help but sneered, “Why, is it because we interrupted your intimate moment with your boyfriend, that’s why you’re so angry? Hahahaha... The garbage in the lower realm is low life. There are so many women to love, yet you still want to be with men...”

Before Golden Wolf could finish speaking, Nangong Yu raised his hand suddenly. With a rumbling sound, the already crumbling Toad Jade Palace collapsed, blocking the sight of the beastkins.

Golden Wolf frowned. He was about to ask him what the hell he was doing, then his eyes widened suddenly.

Suddenly, a thick black aura spread out from Nangong Yu’s body like ink poured into the air. The fearful and creepy aura of death made Golden Wolf feel panic and fear for the first time from the human in the lower realm.

Then, Golden Wolf woke up abruptly. Staring at the turbulent jet black, he said in shock, "This... this is the spiritual power of the dark element!"

How can it be?!!

In this world, including the God Domain, there are very few people with the spiritual power of the dark element.

The only one I know who can use the dark spiritual power is the lofty existence in the God Domain; the one I can't even imagine seeing him.

However, now in a mere Miluo Continent, I unexpectedly meet someone with such a strong dark spiritual power.

Is... is this still a low level realm?

First, someone advanced to the Gold Core Stage perfect stage, and now even the dark spiritual power. What is happening to this realm?

A strong sense of foreboding rose in Golden Wolf's heart.

He could see that the strength of the young man in front of him was only at the intermediate stage of the Soul Splitting Stage, slightly worse than his own.

However, the dark spiritual power was the nemesis of all other spiritual powers. In a real battle, it was impossible to predict who would win.

Golden Wolf glanced around, and the mutilated corpses of Elder Cen and Elder Fei came into view.

Today, he had lost enough. He still didn't know how to explain to the Lord when he went back. He must not lose even himself here.

Thinking of this, a dark light flashed in Golden Wolf's eyes. The golden-red whip suddenly swung toward Nangong Yu viciously.

Nangong Yu had already held a black and slender sword. He blocked the Golden Wolf's attack with a flick of his hand.

However, when the crackling sound disappeared and the dust settled, Nangong Yu saw that Golden Wolf had long since disappeared.

He squinted and said with a sneer, "Want to escape? Just try as if you can escape!"

After speaking, his figure flickered and disappeared in the same place.

Hexi, who was still trapped in the void, was very depressed.

She tried various methods, but she still couldn't leave the void. She didn't know what the problem was.

The few little ones were also worrying.

The Ancient Rhyme Spiritual Field has become larger, and the spirit spring water has increased, but this also means that the workload of the little ones has increased.

The planting and harvesting of the spiritual field were previously in charge by Little Egg and the few little ones.

Little Egg was very powerful. He could swipe his paws and harvest the low level spiritual plants. As for the high level spiritual plants, he had to be careful so as not to damage the medicinal properties of the spiritual plants.
