

## King of Hell 1451

### Chapter 1451: Ferocious Smile

Toad Jade Palace.

The beastkins were nervously watching the advancement of the Beastkin King.

No one noticed that the misty smoke spread silently in Toad Jade Palace.

When beastkin noticed, they couldn't hold on any longer and fell to the ground one by one.

People of the Feng Family came out of their hiding places laughing, looking at Venerable Mu Hua with admiration and awe.

This was their patriarch. The alchemy master who was one foot stepped into the Soul Splitting Stage—— Venerable Mu Hua.

“Venerable Mu Hua, you are so powerful. Even the rank 9 beastkin can't resist your drug.”

Venerable Mu Hua stroked his beard and said with a leisurely smile, “My [Soul Enchanting Smoke] is an ancient prescription from the upper realm. Not to mention beastkin, even the Soul Splitting Stage martial artists can't resist it.”

“The magical beast forest is indeed terrifying and unfathomable.” Venerable Mu Hua glanced around and smiled with contempt in his eyes, “but only because of the rank 11 beastkin who is advancing, and the Heavenly Mulberry Sacred Tree's protection.”

“But now, the demi-divine beast has lost its combat effectiveness and the Heavenly Mulberry Sacred Tree has been damaged. The protection range has shrunk. Do you think these little beastkins can pose a threat to us humans?”

“Hahaha...” One of the elders of the Feng Family laughed, “In terms of strength, these beastkin's cultivation is of course higher than ours, but in terms of shrewdness, these beastkins are simply stupid and vulnerable.”

Seeing that these beastkin were easily knockout, the great grand elder of the Feng Family had a bad premonition for some reason.

But since Venerable Mu Hua said that it was fine, he swallowed the words that came to his lips.

The great grand elder bowed and said, “The Venerable, what should we do with these beastkin? Should we kill them on the spot?”

Venerable Mu Hua narrowed his eyes slightly, and a flash of burning greed flashed in his eyes, “No, someone above wants these beastkins, and the price is very high. You all control these beastkins, but you must ensure that they have no ability to resist. I'll deal with them later.”

Ensure that they could not resist? That was to cut off the hands and feet and even peel their skin and severed their tendons. Other methods were not necessarily safe for the beastkins with powerful physique.

This was obviously an extremely cruel method, but it was as simple as killing a chicken for the people of the Feng Family and Golden Wolf.

The members of the Feng Family responded quickly.

And Venerable Mu Hua looked at the man in a red robe above. His eyes flashed, and his body trembled excitedly.

This is what I want. The wood source aura emanates from this rank 11 beastkin.

At usual times, I can't deal with this beastkin.

But at this moment, this beastkin is advancing, which is the weakest period.

As long as I kill this beast now, the wood source will be mine. Hahaha!

Thinking of this, Venerable Mu Hua didn't hesitate any longer. He soared into the air and flew straight toward Venerable Mu Hua.

His palm had transfigured a weapon that looked like a sword but not a sword.

A flat and long sword, but with serrated edges on both sides.

If this sword penetrated into a person's body, it could put out all the internal organs when drawing out.

Moreover, the blade was smeared with poison. Anyone who was stabbed by this sword, no matter if it was a human or a beastkin, it would die a miserable death.

A ferocious smile appeared on Venerable Mu Hua's face. The wrinkles that usually disappeared because of his solemnity and dignity now appeared on his face like ugly reptiles.

#### **Chapter 1452: The Consequence of Self-Righteousness**

I'm already hundreds of years old. If I still don't break through, my lifespan will soon come to an end.

But I haven't enjoyed enough of the wonderful taste of power, how can I be willing to die of old age?

However, it is different with wood source. I will definitely break through and return to my youth.

At that time, let alone Miluo Continent, I will even have a place in the Siam Continent.

The long sword full of barbs stabbed fiercely at the Beastkin King whose eyes were closing.

Venerable Mu Hua smirked, waiting for the pleasure of splattering blood and flesh.

But the next moment, he met a pair of mocking eyes.

The sharp sword tip stopped half an inch away from Beastkin King's heart as if it had encountered some resistance.

Venerable Mu Hua's eyes widened. A trace of unbelievable horror quickly passed through his mind.

He raised his head and looked up, only to see that dusk was approaching, but the thunderclouds in the sky had dissipated at some point. The lightning and thunder just now was gone like a dream.

“Ah—!!”

The terrified screams of the disciples of the Feng Family came from below.

When Venerable Mu Hua looked down, he saw those beastkins who were unconscious just now unexpectedly woke up.

They were slaughtering the disciples of the Feng Family one by one with sinister smiles.

Venerable Mu Hua only felt that his breathing seemed to be stagnant. He stared at the Beastkin King stiffly. He wanted to withdraw his long sword, but found that he couldn't move a single bit.

“You... you lied to me... you have already completed the thunder tribulation?!”

The young man in a red robe stretched out his slender white hand and grabbed the long sword full of barbs. With just a light force, Venerable Mu Hua's sword was snatched away by him.

The Beastkin King sneered slightly, but there was a ferocious hint in his eyes, “Even if you humans are despicable, do you think we will fall for the same method successively? Hehe, you really think we beastkins are fools!”

“Since you are all so self-righteous and think that you can benefit from us beastkins, then taste the consequence of your self-righteousness!”

As soon as he finished, that slender white hand suddenly turned into an ice blue claw that resembled a dragon claw. With a puff, it pierced through Venerable Mu Hua's heart.

Below, the toad beastkin surnamed Pang turned into a huge toad, crushing a Feng Family's disciples into meat paste.

Then he turned into the human form again, wiped the blood splattered on his mouth, and sneered, “Fortunately, Miracle Healer Xi left some medicine for us before he left. Tsk tsk, these human beings think their drugs are so powerful, but compared to Miracle Healer Xi, they are still far worse.”

At this time, the disciples of the Feng Family also saw Venerable Mu Hua whose heart had been pierced by the Beastkin King in mid-air.

At this moment, the luck and fear in their minds turned into horrific despair.

They screamed and fled in all directions. Even the respected elders of the Feng Family were the same.

At this time, no one laughed at the stupidity of the beastkins, and no one coveted the wood source.

===

When Toad Jade Palace and the mysterious cave were in dire straits, the people of Miracle Healer Academy were still waiting anxiously and panicked.

The elders of the Doctors Association had been tied up one by one with natural silk.

Lu Zhixi and several pioneer branch students who had fought against Xi Yue were also restrained.

Lu Zhixi was still in a coma, so she couldn't explain for herself, but those in the pioneer branch were not reconciled.

### **Chapter 1453: Scared Witless**

"We are also students of Miracle Healer Academy, and Xi Yue is also a student of Miracle Healer Academy, how can you treat us like that!"

A beautiful girl among them said proudly, "You guys better let me go. I just saw the unique contact signal of our Feng Family. That can only be used by the master or elder. The people of our Feng Family are in the magical beast forest now. Perhaps the thunderclouds and abnormalities deep in the forest were also caused by our Feng Family."

"When the time comes, the elders of our Feng Family will not let you go if they know you treat me like this!"

This girl was also a talented and intelligent disciple of the Feng Family. Although she was not as famous as Feng Lianying, she was actually more talented. She was carefully cultivated by the great elder of the Feng Family.

The elders of the Doctors Association were already desperate, but when they heard the girl's words, they all beamed with joy.

The Feng Family and the Doctors Association were in a close relationship. If the big shots of the Feng Family really came to the magical beast forest, then even the Miracle Healer Academy couldn't deal with them casually, let alone a mere Xi Yue!

Several elders of Miracle Healer Academy looked at each other with a hint bit of hesitation.

After losing Liu Li Sect, Feng Family's strength had been reduced a lot, and their prestige was not as good as before. But a lean camel is bigger than a horse. If the Feng Family really came to the magical beast forest with all their forces, Miracle Healer Academy would definitely suffer heavy losses in a fight with them.

Just as they were hesitating, several figures suddenly rushed in this direction.

There were also hoarse and excited cries for help and a strong smell of blood.

The people of Miracle Healer Academy looked at the source of the sound. When the girl surnamed Feng from the pioneer branch saw the appearance of the people, she immediately exclaimed, "That's the Third Elder and Ninth Elder!"

Afterward, she was immediately overjoyed, "See? Those are the elders of our Feng Family, and they are all at the Nascent Soul Stage. If you are sensible, release me now! Otherwise, when my Feng Family's large force arrives, they will never let you go..."

Before the girl finished speaking, several black shadows flashed behind her suddenly.

Afterward, the people of Miracle Healer Academy watched one elder of the Feng Family, a martial artist at the Nascent Soul Stage, being torn in half by the shoulders.

Blood and internal organs splattered. One claw grabbed the heart and swallowed it.

The people of Miracle Healer Academy stared blankly at this scene. They couldn't believe their eyes.

"Help me... help me... It's beastkin. Hur... hurry up..."

Another elder of the Feng Family screamed desperately and fled in their direction.

However, before running a few steps, he was grabbed by another beastkin again. His body was also torn apart, and his heart and dantian were swallowed.

For a while, there was silence in the dark forest. Everyone held their breath.

Seeing the beastkins slowly approaching and the bloodstain on their mouths, they were almost scared out of their wits.

Zeng Shouyue also looked solemn, blocking all the people of the Huang Medical Branch behind him.

Beastkins, a lot of beastkins, and almost all of them are above rank 7. There are even rank 8 and 9 magical beasts hidden around.

Rank 7 beastkin can fight against the martial artists at the intermediate stage and later stage of the Nascent Soul Stage, what about rank 8 and 9?

Zeng Shouyue couldn't imagine that if these beastkins wanted to attack them, how many of his students and elders would escape alive.

#### **Chapter 1454: Make Yourself At Home**

The leader was a rank 9 tiger beastkin with big ears and a square face. His face was full of murderous intent.

He looked at the people of the Miracle Healer Academy coldly and said faintly, "It's another group of hateful humans. We might as well slaughter them all. I just found out that my beastkin power has increased a lot after devouring human hearts and dantian."

As he spoke, he grinned and walked toward the people of Miracle Healer Academy step by step.

Zeng Shouyue drew out his long sword. The elders of Miracle Healer Academy were filled with fear, but they still stepped forward one by one and stood in front of the students.

They were ready to perish together with the beastkins.

But before the tiger beastkin took 2 steps, a chubby young man behind him slapped him on the head.

"What nonsense are you talking about?" The chubby young man said angrily, "Don't you sense the smell of Miracle Healer Xi on them?"

The tiger beastkin was taken aback by the words, and he sniffed vigorously. There was really a herbal smell that was unique to Xi Yue.

The tiger beastkin suddenly felt embarrassed, looked nervously and guiltily at Zeng Shouyue and the others, and said in a rumbling voice, "Sorry, it turns out that you are the friends of Miracle Healer Xi."

Sorry for bothering you. We are just here to hunt down some enemies who invaded the magical beast forest. Just make yourself at home!”

Zeng Shouyue and the others were dumbfounded all of a sudden. Everyone looked at each other in blank dismay, but they couldn’t react to it for a long time.

What’s the situation? The beastkins who were so vicious just now suddenly apologized to us?

Moreover, just a few hours ago, didn’t they deploy the confinement space, magical beast, and corpse puppet poison on us? Why do these beastkins become so friendly in the blink of an eye? What happened?

Deputy Dean Jiang took a step forward and looked at the tiger beastkin cautiously and nervously, “May I ask who is Miracle Healer Xi you are talking about...”

The tiger beastkin was about to say something, but the chubby young man behind him covered his mouth and dragged him away.

The beastkins came fast and went fast.

Only the people of the Miracle Healer Academy were left standing there in a daze. They were at loss.

In fact, everyone had a question in their minds: Is the Miracle Healer Xi that the tiger beastkin is talking about... Xi Yue?

Just when everyone was wondering, the guard against the Doctors Association, Lu Zhixi and others were naturally relaxed.

Suddenly, a gust of wind mixed with fallen leaves and dust swept in.

Deputy Dean Jiang and others were caught off guard and had no time to cast the protective shield cover, and their eyes were instantly blinded by the wind and sand.

The students were staggered by the strong wind. They had to support each other so as not to be blown away.

After the elders of Miracle Healer Academy cast the protective shield and dispersed the wind and sand, everyone looked around. Their expressions immediately became extremely ugly.

The elders of the Doctors Association who were originally bound, as well as Lu Zhixi, disappeared without a trace.

“Someone must have rescued them!” Zeng Shouyue gritted his teeth and said angrily, “Maybe it’s the people of the Doctors Association!”

Deputy Dean Jiang sneered and said, “Doctors Association, Lu Xuyang! We will definitely settle the scores with them when we return!”

===

The elders of the Doctors Association were bound all over, and their spiritual power could not be used. When they felt the dust and wind coming, they were involuntarily blown to this side and could only keep calling for help.

However, when they opened their eyes, they saw something unexpected.

This was a rare hill in the magical beast forest. A man in a long robe stood on the top of the hill. The bloody sunset shone on his slightly pale face. His usually refined and elegant face now looked blurry.

### **Chapter 1455: Swear Allegiance To The Death?**

But the elders of the Doctors Association and the students of the pioneer branch recognized this man at a glance.

“President—!” The elders of the Doctors Association straightened up in joy. Even though the natural silk on their bodies had not been untied, they still wanted to kneel down excitedly.

It turned out that the wind just now was caused by the president. It was to save them.

“The president’s great kindness and virtue, we will never forget it!”

“If presiden has any order, we will execute it without hesitation.”

Even the people of the pioneer branch thanked Lu Xuyang happily, looking at him with reverence.

This was the president of the Doctors Association. The legendary figure known as the first person among doctors.

How lucky they were to be saved by someone like that.

The only person in the audience who was still unconscious was Lu Zhixi.

Lu Xuyang’s expression was gentle. His pale face looked weak and thin under the setting sun, but no one noticed that his eyes were flickering with dim light.

He walked slowly in front of one of the elders of the Doctors Association, knelt down, and made a gesture to help him up, but he said gently, “Are you really willing to do anything for me?”

“Of course, we will never forget the president’s saving grace!” It was the first time for this elder to be treated so kindly by the president. His body trembled with excitement.

Lu Xuyang smirked with a hint of greedy light in his eyes, and he said slowly, “Since you have such awareness, that’s great.”

Before he finished speaking, the elder of the Doctors Association suddenly widened his eyes and showed a terrified expression.

It wasn’t until this moment that he realized that Lu Xuyang’s hand was attached to his dantian.

There was a powerful force that was absorbing spiritual power and life force from his dantian.

“President, you... you—!”

He let out a hoarse cry, and his eyes filled with disbelief. He desperately channeled dantian, trying to get back the spiritual power and vitality that had been taken away.

However, it was too late. He could clearly feel his skin wrinkled. His flesh and blood were sucked away. His whole body became dry and cold.

The last thing the elder saw was that Lu Xuyang stood up with a leisurely smile, his originally pale complexion became a little more rosy.

And he himself became a mummy and fell dead to the ground with a thud.

For a moment, everyone was stunned.

They watched this scene in disbelief, and it took a while before someone screamed, "President Lu, what... what are you doing?"

Lu Xuyang opened his shirt and looked at it. The huge wound that appeared after being attacked by Nangong Yu had indeed healed a lot under the nourishment of vitality.

He showed a satisfied smile, glanced at everyone, and said with a faint smile, "Didn't you say that you would swear allegiance to me to the death? Now, your chance has come!"

"Lu Xuyang, you... where did you learn the evil method? Are you not afraid of suffering retribution for taking away the life force of others like this?"

"President, how could you treat us like that? We are all your most loyal subordinates!"

The gentle smile on Lu Xuyang's face suddenly turned ferocious and fierce. When he raised his hand, one of the elders involuntarily flew into the air and got caught in his hand, "If you want to blame, blame Xi Yue. If I'm not injured until the wound can't heal itself, I wouldn't think of using you to nourish my wound and dantian."

### **Chapter 1456: Red Pill**

"Hehe, but fortunately, the effect is not bad. It is your honor to be able to die for me."

As soon as he finished speaking, the elder in his hand turned into a mummy again, and Lu Xuyang threw it on the ground.

One, two, three... As Lu Xuyang devoured more and more people, more and more mummies appeared on the ground.

The elders of the Doctors Association and the students of the pioneer branch desperately wanted to scream and flee, but the natural silk had sealed their spiritual power, making them completely powerless to resist.

In less than 10 minutes, everyone present was devoured by Lu Xuyang.

On Lu Xuyang's originally delicate and gentle face, there were creepy dark red patterns around his eyes.

He originally gave people the impression of a gentle scholar, but now he looked more like a devil. His body was exuding a dark aura, looking completely different from the original Lu Xuyang.

Lu Xuyang walked slowly to Lu Zhixi who was the only one who didn't turn into a mummy.

Lu Zhixi seemed to be still in a coma, but her trembling body and shoulders betrayed her.

Lu Xuyang smiled faintly, "What's the matter, Zhixi? Are you not happy to see father, Zhixi?"

Lu Zhixi trembled all over his body, stood up abruptly, threw herself in front of Lu Xuyang, and cried, "Father, I didn't see anything. I really didn't see anything. Please let me live! I will never disobey father!"

Lu Xuyang looked at the rotten wound on Lu Zhixi's face. The ferocious flesh and black rotten flesh mixed together. When he cried, it kept twitching. The look was disgusting.

If his daughter had the advantage of being beautiful in the past, now she really had nothing left.

Lu Xuyang touched the healed wound on his chest and smiled lightly: "I'm full now, and I really don't need to devour you anymore. However, I, Lu Xuyang, never raise useless people, even my own daughter."

"Father, I... I won't be useless. Really! I would do anything for you! Also, didn't you say that Xi Yue harmed you? No one in the world hates Xi Yue more than me. Father, believe in me, I will definitely avenge you."

The light in Lu Xuyang's eyes flickered. He spread his palm, and a tiny red pill appeared in his palm, "If Zhixi is really willing to be obedient, swallow this thing."

Looking at the red pill, Lu Zhixi felt an inexplicable panic in her heart, "Father, this is..."

"This is voodoo." The beastkin power and spiritual power in Lu Xuyang's body mixed and surged, quickly covering up the terrifying bloody patterns around his eyes. He returned to the gentle and elegant President Lu, "As long as you eat it, you can restore your appearance. Otherwise, how can you help father with your current appearance? I will never keep a useless person. "

Voodoo?! Lu Zhixi was shocked.

Of course, she knew voodoo. It was 1 of the unique skills of the master of Thousand Poison Valley from the upper realm.

Each type of voodoo had different effects. She had even seen someone who changed from ugly to beautiful after taking the voodoo insect.

But Lu Zhixi also knew that all those who swallowed the voodoo would not end well. Once the voodoo entered the body, one day it would devour the person in return.

### **Chapter 1457: You Animal**

By that time, she would only die horribly or be absorbed into a mummy.

Thinking of the terrible ending after swallowing the voodoo, Lu Zhixi trembled with fright. Her body kept moving back.

But then, she couldn't help touching her face again.

There was rot and pus, and it was itchy and painful. Even the corpse puppet poison would break out at any time, turning her into a terrifying monster.

No! Instead of bearing such an ugly face for the rest of my life, I would rather die a miserable life in the future!

At least before I die, I must make Xi Yue, that bitch, suffer the same pain as mine!

Thinking of this, Lu Zhixi's eyes blazed with flames, and without thinking about it, he reached out to take the red pill and swallowed it.

As soon as the voodoo entered her body, Lu Zhixi let out a scream. She felt her chest and abdomen being bitten by thousands of ants.

"Father, father... help me... help me..."

Lu Xuyang looked down at Lu Zhixi struggling and howling, but there was no emotion on his face. Instead, there was a leisure smile.

After bursts of heart-piercing screams, the voodoo completely took root in Lu Zhixi's body.

Lu Zhixi also recovered her original beautiful appearance, even her skin was more flimsy than before. Her facial features were more gorgeous and delicate than before.

Lu Xuyang smirked with a hint of satisfaction and cold smile in his eyes, "Good, then you are qualified to give those people as pets. Zhixi, you are the stepping stone for father to knock on the door to a higher power. Don't disappoint father!"

===

When Nangong Yu woke up, he saw only darkness.

There was a faint thin slit of light coming in from not far away.

Nangong Yu sat up slowly while pressing his aching head.

As soon as there was a movement, the Little Golden Dragon outside the cave noticed something and immediately shouted anxiously, "Boss, boss, how are you? Are you okay?"

While talking, he lowered the boulder that originally sealed the entrance of the cave.

The fresh air in the morning and the dazzling light came in together, allowing Nangong Yu to see the scene in front of him clearly.

Seeing this, his breathing almost stopped.

He saw a sleeping girl lying in his arms.

The girl's black hair was loosened and spread between his legs. Her clothes were messy and torn, revealing her snow-like skin.

But on this snow white skin, there were many traces like red plums. The smooth skin looked even more gorgeous this way.

Nangong Yu gasped. He quickly took out the clothes and covered the girl.

His sharp eyes swept toward Little Golden Dragon and Li Yu who flew in, wishing to tear these 2 guys who peeked at Xi'er into pieces.

Little Golden Dragon didn't notice Nangong Yu's anger at all.

He was also stunned when he saw this scene, then he thought of something and said angrily, "How... how can you do this to boss... You animal... I will fight to death with you!"

While yelling, the Little Golden Dragon's figure suddenly became bigger as he rushed toward Nangong Yu fiercely!

Nangong Yu just casually waved his hand, and Little Golden Dragon was swept aside.

Little Golden Dragon jumped up and didn't notice any injuries on his body, then he immediately wanted to pounce toward Nangong Yu again.

At this moment, Hexi in Nangong Yu's arms frowned and opened her eyes.

"Xi'er—!"

"Boss—!"

"Miracle Healer Xi——!"

### **Chapter 1458: Nonsense**

3 exclamations sounded in unison in the cave. They rushed toward Hexi nervously.

The few little ones in the void were blocked by Hexi when Nangong Yu went mad, so they didn't know what happened outside.

Hexi gritted her teeth and opened her eyes. She couldn't help but gasp.

She just felt sore all over her body, and the pain on her neck was even more burning.

As soon as she opened her eyes, she met Shang Nangong Yu's nervous, worried, and guilty eyes. Those dark eyes were full of the reflection of her appearance.

Unlike the usual eyes, those eyes seemed to be burning with scorching flames as if they wanted to devour her.

Hexi blushed. Nangong Yu was straightforward in expressing his emotion, but his eyes had never been so naked like this.

"Boss—!" The Little Golden Dragon jumped into Hexi's arms and angrily complained to her, "Boss, this bastard bullies you. He has gone too far. You must beat him to death! "

Bastard bullying me? Hexi was startled. She couldn't react to it.

Nangong Yu suddenly tightened his arms around her and said hoarsely, "Xi'er, I will take the responsibility! We will get married when we go back!"

EXCUSE ME?! Hexi was dumbfounded. What the hell is going on in this early morning?

As Nangong Yu spoke, real joy emerged on his face. Even the two-way gloomy eyes shone brightly as if the joy in his heart could no longer be concealed and was about to overflow.

“Xi’er, don’t go back to Miracle Healer Academy anymore. We’ll go back to Jin Ling Kingdom City for the wedding right away. No... If you don’t want to go back to Jin Ling Kingdom City, we can go to Miracle Healer City for the wedding ceremony! I want you to become my wife right now. I will announce to the entire Miluo Continent that you are the mistress of the King of Hell Mansion!”

“Wait! Wait!” Hexi quickly interrupted Nangong Yu and jumped out of his arms. Feeling the empty coolness under Nangong Yu’s loose clothes, she blushed. She hurriedly took out clothes from the void and put them on.

She bit her lip, suppressed the strange shyness in her heart, and glared at Nangong Yu angrily, “What taking responsible? You... you don’t talk nonsense. Nothing happened to us last night.”

Little Golden Dragon and Li Yu looked at her in disbelief. After all, the scene just now was too intriguing.

Even Nangong Yu took a step forward, hugged her into his arms, stroked her supple cheeks, and said softly, “Xi’er, I have proposed to you so many times, and we even did that, you still don’t want to marry to me?”

Hexi blushed with anger, punched his chest, and said angrily, “Nangong Yu, don’t talk nonsense. I don’t believe you don’t remember what happened yesterday.”

Nangong Yu... Of course I know. Even if I’m not fully aware of what happened last night, but whether Xi’er and I did... How can I not know?

However, such a good opportunity for Xi’er to marry him early, how could Nangong Yu let it go?

He gently stroked the wound on the side of Hexi’s neck, feeling pity and guilt in his heart.

I clearly promised to protect Xi’er, but who knew that I would let her suffer this kind of injury for me.

But it won’t happen in the future. I can feel that the cold poison in his body has been completely suppressed. Although it hasn’t been expelled, it won’t recur for at least 10 years.

From now on, I will protect Xi’er and never let her suffer any harm.

### **Chapter 1459: There Is Still Time**

Nangong Yu lowered his head and kissed her forehead. Hexi blushed even more. She became a little annoyed.

Little Golden Dragon and Li Yu were still watching!

But when she turned around, she found that Little Golden Dragon and Li Yu had disappeared at some point. They either left on their own or Nangong Yu chased them away.

Nangong Yu pressed Hexi’s face and said with a smile, “Does Xi’er mean that something must happen between us for you to marry me?”

Hexi: "..."

Nangong Yu put his arm around her slender waist, brought her into his arms, and said in a hoarse voice, "It's okay if Xi'er refuses to admit what happened last night and refuses to take responsibility to me. We can do it now. There is still time."

Bastard—! This guy is clearly fooling me!

Hexi kicked Nangong Yu away and turned to leave, but she was pulled back by Nangong Yu.

His dark eyes stared at her with burning flames. His eyes were full of solemnity and pleading, "Xi'er, are you willing to marry..."

Seeing the deep eyes, handsome face, and light-colored lips, Hexi felt that her breathing quickened inexplicably. She could hardly hear the voices that were close at hand.

However, before Nangong Yu's proposal was finished, Li Yu's voice suddenly came from outside the cave, "Miracle Healer Xi, King... Our King wants to ask to see you. Miracle Healer Xi, can you meet him?"

Hexi snapped back to her senses and woke up from the bewilderment of Nangong Yu's eyes.

Her cheeks were hot all of a sudden. She hurriedly pushed Nangong Yu away and said in a loud voice, "I'll be there right away."

After speaking, she didn't look at Nangong Yu again and escaped from the cave almost in a panic.

Nangong Yu's face was ashen. He looked at the entrance with cold eyes, but he still followed sullenly.

===

Hexi followed Li Yu, but strangely, they didn't go in the direction of Toad Jade Palace.

The 3 of them flew for a long time. Li Yu didn't stop until they saw a huge tree emitting silver light from afar.

Hexi looked at the trees shining with silver light, and she was dazzled for a moment.

She had never seen any tree that could grow so beautifully. The branches and leaves of the tree were like brilliant fireworks.

"Miracle Healer Xi, this is the treasure of our beastkin clan, the Heavenly Mulberry Sacred Tree." Li Yu respectfully bowed in the direction of the sacred tree before saying to Hexi.

"It really is Heavenly Mulberry Sacred Tree." Nangong Yu's tone was a little more serious.

Hexi also saw the record of Heavenly Mulberry Sacred Tree in Record of Everything.

It was said that the Heavenly Mulberry Sacred Tree had the ability to protect and pray for the living beings. Within the aura emanated by the sacred tree, the living beings were more likely to gain wisdom and protection.

The most surprising thing was the heavenly mulberry holy fruit produced by Heavenly Mulberry Sacred Tree.

The effect of the heavenly mulberry holy fruit was very simple. That was immortality.

No matter how badly injured a person was, even if his heart was broken, his dantian was damaged, or even his internal organs were emptied, as long as there was still a trace of vitality left, he could live after taking the heavenly mulberry holy tree.

However, the person would be in a vegetative state forever.

Li Yu was about to speak, then Nangong Yu's face changed slightly, and he pulled Hexi to take a quick step back.

Immediately afterward, a young man in a red robe with fluttering clothes was descending slowly from midair.

Despite Hexi's calmness, she couldn't help being stunned when she saw the young beastkin king at this time.

The young man who was already charming looked even more alluring now.

#### **Chapter 1460: Dragon Knight**

The originally inconspicuous tear mole at the corner of the eye seemed to be a little redder now, projecting a soul-stirring charm under the sunlight.

The young man walked forward slowly, suddenly reached out to grab Hexi's hand, slightly raised it above his head, knelt down on one knee, and bowed to her.

The deep magnetic voice like dewdrops passing through the clear bamboo leaves, giving a chilling and itching feeling one's mind, "Beautiful lady, I will never forget your life-saving grace. No matter what you want me to do, even if you want me to contract of life and death with you, I have no complaints."

Hexi's first reaction was that the young man was dressed in red like fire, but his hands were frighteningly cold.

The next moment, Nangong Yu had already pulled Hexi back into his arms, hostile looked at the flirtatious and charming young man, and said coldly, "She is my woman. How dare you let Xi'er sign the life and death contract with you! I will kill you, believe it or not!"

The so-called life and death contract is generally a partnership. Don't think I don't know!

The young man in red shrugged his shoulders and smiled, glanced at Nangong Yu meaningfully, looked at Hexi with fluctuating eyes, and said, "My name is Ran Yi. Beautiful lady, may I call you Xi Yue?" "

The corner of Hexi's mouth twitched. She thought to herself: Please, just call me Xi Yue! If you call me beautiful lady again, I'm going to get goosebumps.

A smile flashed across Ran Yi's eyes. He ignored the murderous intent emanating from Nangong Yu's body and showed a solemn expression of gratitude on his face, "Xi Yue, we beastkin clan owes you a great kindness today. No matter what is your request, as long as I can do it, our beastkin clan will never refuse."

"Even if you want to sign a spiritual pet contract with me and let me be your mount, I will not refuse."

Mount? Dragon Knight? Hexi widened her eyes slightly, but a trace of longing really flashed in her heart.

In her previous life, although she didn't have much time to read novels for entertainment, she knew more or less when she was doing missions.

Dragon Knight, what a majestic name this is!

The smile in Ran Yi's eyes was even bigger, but 2 guys were completely upset.

Nangong Yu straightened Hexi's face and said threateningly, "Xi'er, I don't allow this guy to be your contracted dragon, let alone ride on him. If you dare to sign a spiritual pet contract with him, I will kill him now!"

The Little Golden Dragon, who had already returned to the void, also jumped out angrily. He was stomping in the air furiously, "Who said that the boss is going to sign a contract with you? If boss wants a dragon mount, she can sit on me. I will soon become a real golden dragon."

"Boss, you are not allowed to sign a spiritual pet contract with an annoying and coquettish guy, absolutely not!"

Hexi grabbed Nangong Yu's hand from her face and said with a smile, "He is the majestic Beastkin King, a divine beast that has been promoted to rank 12. Do you think he will really become my mount? Can you 2 calm down?"

Ran Yi's eyes flickered. A deep and magnetic voice sounded with a hint of a smile, "Xi Yue, it hurts my heart too much for you to say that. I'm really willing to be your spiritual pet."

Hexi didn't show the slightest touch, but she half-smiled and looked at him, "The premise is that I can help you cure the disease of Heavenly Mulberry Sacred Tree, right?"

The smile on Ran Yi's face froze.

Li Yu couldn't help exclaiming, "Miracle Healer Xi, how... how do you know?"
