

King of Hell 1481

Chapter 1481: Are You Jealous Again?

Zeng Shouyue stopped Jin Licheng from asking Xi Yue to come and said with a sullen face, "Dean, we must discuss how to deal with those greedy guys from the upper realm. If we continue to be enslaved by them like this, not to mention those innocent students, even the tens of thousands of years of Miracle Healer Academy, might be destroyed at once."

Jin Licheng's expression froze. He nodded, greeted several branch deans and Deputy Dean Jiang, and walked toward the dean room.

At this time, Hexi had returned to the dormitory with Nangong Yu.

Nangong Yu had already made up his mind to go back to organize the wedding with Hexi, so he planned to have a deep intimate moment with her at the dormitory. Then, he would leave quickly.

However, as soon as he returned to the dormitory, Nangong Yu's face turned gloomy.

In the empty and simple dormitory, there was a man with a stern expression and a black robe.

Who else would he be, if he wasn't Xuan Mu who disappeared in the teleportation array in the magical beast forest?

Hexi was also surprised to see Xuan Mu, but more happy. She was worried that Xuan Mu would be sent into the turbulence of time and space in the teleportation array.

"When did you come back?"

Xuan Mu's expression was as cold as ever, but his gloomy eyes looked deeply at Hexi before saying faintly, "3 days ago."

Seeing that he didn't want to mention the matter in the magical beast forest, Hexi didn't intend to ask more. She was about to walk over to clean her bed with the dust removal technique.

Nangong Yu was not happy. He gritted his teeth, "Xi'er, are you going to continue staying with him in this dormitory after I leave?"

Hexi blinked, looking at the man with a livid face. There was a hint of smile in his eyes.

Nangong Yu, are you jealous again? I think I should explain, but His Highness King of Hell, who cares about me so much and is as unhappy as a child who can't eat the candy, is very cute.

Should I remind him that in the past few months, I have been alone with Xuan Mu day and night? Hmm, it's better not to, lest he really get mad.

Hexi grabbed Nangong Yu's hand with a gentle smile, "Should I apply to transfer to a single dormitory?"

Nangong Yu was taken aback for a moment. Realizing that Hexi was compromising with him, a happy smile emerged uncontrollably in his eyes.

He was about to agree, but Xuan Mu's cold voice came from beside him, "If you want Xi Yue's dormitory door to be trampled down by the whole academy, you can let him move."

Nangong Yu's words stuck in his throat.

Then that peerless handsome face turned gloomy bit by bit.

Yes, how can I forget that?

How popular my Xi'er is in this Miracle Healer Academy!

It's okay to share a room with Xuan Mu since other people dare not disturb at will. If she switches to a single dormitory.

Will there be little white faces like Wei Chengyuan and Jin Zeyu coming to her door every night and putting their arms on Xie Yue's shoulder without any scruples?

Thinking of this, Nangong Yu seemed to be drowned in jealousy. He wished to hide his princess from anyone.

Nangong Yu took a deep breath and glanced coldly at Xuan Mu, then he lightly pressed his hand on Hexi's shoulder and said in hatred, "Moving the dormitory... is not necessary! But, I will let Qing Luan move in. "

Hexi couldn't help laughing out loud.

Nangong Yu couldn't hear it. In her void, the little traitor, Little Egg, kept shouting, "Don't worry, Daddy. Little Egg will definitely protect mother's chastity. I will never let this black-faced guy and others people take advantage of mom!"

Chapter 1482: Friend

Hexi coughed lightly and nodded obediently, "Okay, I will listen to you."

Nangong Yu stared at her with deep reluctance and love in his eyes.

He hugged her soft body into his arms tightly, "Xi'er, I really want to hold you forever and never separate from you."

Hexi leaned obediently in Nangong Yu's arms, wrapping his waist lightly. There was a happy smile on her lips.

"When I go back, I will start planning our marriage. I will tell them that you are the only one I want to marry." Nangong Yu whispered, "Xi'er, wait for me. Don't reject me, okay!"

Tell them? Who are they? Hexi was slightly stunned, but she didn't speak yet.

Nangong Yu let go of her and quickly disappeared as if deliberately not giving her a chance to refuse the marriage proposal.

Hexi smiled helplessly. Her expression was full of sweetness and dotting. She completely forgot the questions in her mind.

Turning around, she met Xuan Mu's deep and complicated eyes.

Hexi did not explore the meaning in Xuan Mu's eyes, but she raised her hand and threw a bottle of medicine to Xuan Mu, "This is the grade 6 [meridian cleansing pill] I just refined. Nangong Yu has already tried it. It also works a little bit for the Soul Splitting Stage."

On the airship, Hexi was idle and bored, so she tried to refine higher-grade medicinal pills in the void.

Sure enough, after her cultivation had improved, it became easy for her to refine grade 6 medicinal pills. Even, Hexi felt that it was no problem for her to refine grade 7 medicinal pills. It's just that it took too long to refine grade 7 medicinal pills. She hadn't had a chance to try it yet.

Xuan Mu took the medicinal pills, and his eyes became more complicated, "How do you know?"

Hexi smiled, "I'm at least a doctor; a doctor who is better than the president of the Doctors Association. Will I not notice your injury?"

This injury was the same as Nangong Yu's, which was obviously caused by being strangled by the force of space during the teleportation process.

Nangong Yu's injury had healed automatically when absorbing Jade Fire Toad, but Xuan Mu's injury was obviously not healed yet.

Xuan Mu looked down at the porcelain bottle in his hand, and his gaze looked distant, "Why did you help me?"

Hexi raised her eyebrows with a look of surprise, "It seems like... you helped me over and over again first. I don't like to owe favors. I thought you would treat me as a friend. Is it not?"

Xuan Mu raised his head abruptly. His expression looked stiff and unbearable. After a while, he closed his eyes, opened the porcelain bottle, poured a medicine and swallowed it.

Hexi smiled. Accepting help without saying thank you, isn't this treating me as a friend?

She didn't say anything more. She jumped onto the bed, threw herself into the warm and soft blanket, and fell into a deep sleep.

This time, her consciousness didn't even sink into the void. She just simply fell asleep.

In the past 10 days, she was really tired. Not only physically tired, but also mentally tired. All she wanted now was to get a good night's sleep.

Xuan Mu looked at her slender back for a long time before returning to his bed.

At this moment, he had already made up his mind.

Regardless of whether the wood source was related to Xi Yue or not, no matter what Xi Yue's real identity was, he would not investigate further.

He acted as if he didn't know anything, and Xi Yue was just his roommate, his friend.

Friend... how rare and distant is this to him?

Chapter 1483: Real Backer

In the dean room of the Miracle Healer Academy, Jin Licheng, with a gloomy face, listened to the narration of Deputy Dean Jiang and others.

Putting aside Golden Wolf's ruthlessness, he did not expect that the Doctors Association and Lu Xuyang would be so despicable and shameless. They used their Miracle Healer Academy students and elders as stepping stones.

As for what Lu Zhixi said that Lu Xuyang didn't know, he didn't believe a word.

The current Doctors Association was under the total command of Lu Xuyang. It was a big joke to say that Lu Xuyang had no knowledge of what the elders of the association had done.

However, Lu Xuyang was backed by people from the upper realm. This time, the upper realm asked them to capture the beastkin, but they didn't catch a single one. Golden Wolf and his people would definitely not let this end well.

Li Chengqun from Heaven Medical Branch was the most irritable. He couldn't help but slap the table and said angrily, "Is there really nothing we can do after being used by those bastards of the Doctors Association? At least that little bastard Lu Zhixi, we must throw her into Spirit Extinct Valley and let her suffer punishment."

Spirit Extinct Valley was one of the most forbidden areas of Miracle Healer Academy. It was also the most terrifying place. When it was revealed that Cai Yu framed Xi Yue, he was thrown into the Spirit Extinct Valley.

Deputy Dean Jiang frowned and said, "If we really punish Lu Zhixi, will Lu Xuyang go easy on us? Now we don't even know if we can escape Mojing Pavilion's revenge!"

"Could it be that the upper realm only has those scums in the Mojing Pavilion?" Li Chengqun gritted his teeth. "I heard that their Green Vine Clan is nothing in the upper realm! At least the one in Beijing Pavilion is far more powerful than them. Can't we turn to the Venerable for help?"

Everyone present looked at each other with complicated and bitter expressions.

Jin Licheng chuckled, His voice was low and hoarse, "Venerable Hui Yue is naturally powerful, but why should he help us? In the eyes of the people in the upper realm, we are nothing more than small ants and casually raised spiritual pets."

"After the spiritual pets are well-raised, they just pick a few to be their loyal subordinates. If they are not well-raised, they will be trampled to death at will. No one cares about the life and death of spiritual pets. Do you think, Venerable Hui Yue, or any force in the upper realm, will fight against the Green Vine Clan for spiritual pets like us?"

Jin Licheng's words made everyone present feel heavy and look ugly.

No one wanted to admit their humbleness, but in the eyes of upper realm people, they were just like ants.

Zeng Shouyue gritted his teeth and said, "Could it be that we can just be like this forever? Letting the Green Vine Clan wantonly humiliate and trample us and letting that despicable Lu Xuyang show off in front of us?"

Zeng Shouyue still remembered to this day that his proud student back then was brutally tortured to death because he offended someone from the Mojing Pavilion. He resisted desperately, but there was nothing he could do except to be beaten to the brink of death. If he hadn't still had feelings for the Huang Medical Branch and his friend, Jin Licheng, he would have left this disgusting place long ago.

Jin Licheng smiled wryly and said self-deprecatingly, "Unless our Miracle Healer Academy can produce a powerful character who can ascend to the Siam Continent and gain a firm foothold in the upper realm, then maybe we will have real backing and protection. "

When Jin Licheng said this, Deputy Dean Jiang and other elders who had experienced the magical beast forest battle couldn't help but look at each other in blank dismay.

They coincidentally thought of a name—Xi Yue.

Chapter 1484: Blame

If there was a person in this Miracle Healer Academy who could really ignore the difference between the upper realm and the lower realm and could ascend to the Siam Continent in just a few decades, it was definitely Xi Yue.

Deputy Dean Jiang murmured: "Dean, from today, I want to put all the best resources in the academy on Xi Yue alone. Only she is the hope to change the future of our Miracle Healer Academy..."

Before Deputy Dean Jiang finished speaking, a dean disciple's exclamation suddenly came from outside the door, "How could you barge in here?"

As soon as the sentence finished, the door sealed with spiritual power was gently pushed open. A man in a long scholar gown walked into the room with a few strange men behind him.

As soon as they saw the person coming, the faces of Deputy Dean Jiang and others immediately became extremely ugly.

Li Chengqun even rushed toward him without even thinking, "Lu Xuyang, you still have the face to appear in Miracle Healer Academy!"

His fist was condensed with powerful spiritual power. Even if this fist hit the rock, it would collapse it.

However, Lu Xuyang didn't seem to care. He lightly grasped Li Chengqun's fist and shook it aside. Li Chengqun was thrown to the ground by him in embarrassment.

Lu Xuyang smiled lightly and said, "Dean Jean, is that how you welcome old friends?"

Dean Huang hurried over to help Li Chengqun up. When he detected that his meridians were injured, he was shocked to his core.

Lu Xuyang's original cultivation is only at the peak of the Nascent Soul Stage. Although he was stronger than us, the gap is not that big, but now, he could injure the dean of Heaven Medical Branch with a single casual blow?!

Jin Licheng's face was very gloomy, "Lu Xuyang, I haven't settled the score with you for harming the students and elders of Miracle Healer Academy, but you dare to break in. You really think that we Miracle Healer Academy is afraid of you?!"

Lu Xuyang slowly showed a gentle and elegant smile, but in the eyes of Zeng Shouyue and others, he looked like the most poisonous snake, making people disgusted and hated.

"Jin Dean must be joking. I, Lu Xuyang, have always respected Miracle Healer Academy, and even sent my only precious daughter to study there. How can Dean say that I harm the Miracle Healer Academy?"

Li Chengqun held his chest and yelled, "It is an iron-clad fact that people of the Doctors Association set us up in the magical beast forest, but you still want to argue. Don't tell me that you don't even know about it!"

Lu Xuyang suddenly stretched out his hand to grab an old man, kicked him to the ground, and said with a chuckle, "Oh, about that! I have already investigated that this matter was done by Elder Shen alone. I also just found out. I didn't expect that Elder Shen had been lurking in the Doctors Association for many years would have such evil intentions. He secretly bribed the people. Now, in order to put the blame on me, he even harmed the people of Miracle Healer Academy. Hehe, it's really hard to know the true face of everyone. I really didn't expect to be deceived by this person for so many years!"

"Lu Xuyang, you bastard! You will die horribly! You're the one who..."

The old man surnamed Shen shouted angrily, but before he could finish speaking, Lu Xuyang had already slapped his head with his palm. Elder Shen's brain burst suddenly he died on the spot.

Lu Xuyang took out a handkerchief and wiped his hands, then he smiled and said, "Since the culprit has been dealt with, I believe that Miracle Healer Academy will not hold us accountable anymore right?"

Jin Licheng and Zeng Shouyue glanced at each other with horrified pale faces.

Chapter 1485: Arrogant

Elder Shen of the Doctors Association was the only one in the Doctors Association who opposed Lu Xuyang's actions. Because of his cultivation was at the peak of Nascent Soul Stage and the fact that there were people behind him, Lu Xuyang had been unable to do anything about him.

But now, he killed Elder Shen so easily? Where did Lu Xuyang get his confidence, and how could he suddenly have such a terrifying strength?

Deputy Dean Jiang swallowed and stared at Lu Xuyang fiercely, "President Lu, are you here today just to show off your power? What exactly do you want?"

There was a hint of pride and madness in Lu Xuyang's eyes. He smiled leisurely, "Nothing, I just hope that my innocent daughter, Zhixi, can continue to study in Miracle Healer Academy. For her safety, I want to assign 2 guards for her."

As Lu Xuyang said, 2 strange men came forward behind him. Each of them had the cultivation of Nascent Soul later stage, but they didn't seem to be from the Doctors Association.

“Impossible!” Zeng Shouyue said angrily, “Lu Zhixi wanted to kill Xi Yue. Everyone saw it with their own eyes. She must be punished!!”

Lu Xuyang sneered, “Dean Zeng, do you remember how your favorite student died back then? Could it be that Dean Zeng wants this one to die again?”

Zeng Shouyue’s face suddenly changed drastically. He glared at Lu Xuyang with hatred.

What does Lu Xuyang mean? He wants to harm Xi Yue?! He dares!!

“Or does Dean Jin want to disregard the safety of all Miracle Healer Academy students just to stand up for a student from the Huang Medical Branch?”

Jin Licheng was speechless and full of anger, but he could only bear it.

Lu Xuyang looked at the people in the room and smiled mockingly, then he turned and left.

This bunch of trash is destined to linger in this lower realm for a lifetime. And I, Lu Xuyang, have a glorious future waiting for me.

Lu Xuyang’s domineering comings and goings made the elders of Miracle Healer Academy tremble with anger, almost going crazy.

But the strength Lu Xuyang showed and the power behind him shocked them.

“We just let this despicable Lu Xuyang do whatever he wants like this?!” Li Chengqun roared unwillingly, but it agitated his wound, which made him cough violently again.

Dean Huang looked at the crowd, and he suddenly said in a deep voice, “Now that Lu Zhixi’s insidiousness has been proven, Cai Yu was probably wronged back then. Should we release Cai Yu from Spirit Extinct Valley?”

For this student who was extremely talented in forging, Dean Huang had always been thinking about him.

Although it might be too late to release him now, a few days in Spirit Extinct Valley could abolish anyone. What’s more, Cai Yu had been in for several months!

===

Lu Xuyang left Miracle Healer Academy and soon returned to his mansion in the Doctors Association.

As soon as he entered the door, he felt a powerful aura.

Without much thought, Lu Xuyang turned around and knelt down with a respectful expression, “Sir Silver Fox!”

Not far ahead, a young man in white slowly appeared.

He wore a silver mask with special runes on his face, showing only a pair of deep eyes.

Silver Fox waved his hand at him, examined Lu Xuyang up and down, and said with a half smile, "Congratulations to President Lu. Your strength has improved again. Your devouring ability is really terrifyingly powerful."

Chapter 1486: Idiot?!

Lu Xuyang hurriedly said respectfully, "It's just an insignificant skill. Please don't laugh at me, sir"

After a pause, he hesitated and said, "Sir, have you found Sir Golden Wolf?"

Silver Fox squinted with a hint of ruthlessness, "I found him."

Lu Xuyang raised his head abruptly, but before he looked joyful, Silver Fox continued, "However, he is now an idiot who has lost both cultivation and mind. "

"What?!" Lu Xuyang raised his head in shock and disbelief.

He was really shocked. The Green Vince Clan wasn't the strongest in the upper realm, but it was still a moderate force. Golden Wolf was the most powerful subordinate under the Lord. Who could kidnap Golden Wolf and turn him into a fool?!

Silver Fox stared at Lu Xuyang and slowly said, "Although Golden Wolf is an idiot now, after he came back, he kept muttering about the wood source. President Lu, did you really find the wood source in the magical beast forest? Or did you hide something from the Lord?"

Lu Xuyang's heart skipped a beat, but he pretended to be ignorant and guilty, "Sir Silver Fox, it's not that I was hiding something, but that I met an unexpected person in the magical beast forest and was seriously injured. I devoured a few people of the Doctors Association to be able to escape from the danger. I didn't know what happened afterward!"

Silver Fox frowned as if trying to verify the truth from his words, "In Miluo Continent, is there anyone else who can beat you to the brink of death, President Lu? Who is that person?"

Thinking of that person and the terrifying feeling of his palm piercing through his body, Lu Xuyang felt chills down his spine.

He also learned about that person's true identity from Lu Zhixi.

Lu Xuyang took a deep breath and said slowly, "It's the King of Hell — Nangong Yu!"

"It's him!!" Silver Fox exclaimed, but he was just shocked without doubting. He frowned deeply under the mask and murmured, "Could it be that the Nangong Family also wants to snatch the wood source? Otherwise, how could that kid suddenly appear in the magical beast forest? No, I have to go back and inform the Lord."

He glanced at Lu Xuyang and said in a deep voice, "The fluctuation of wood source in the magical beast forest must be related to beastkin or Miracle Healer Academy. I will send people to investigate the beastkins. You keep an eye on the Miracle Healer Academy. If there is any news about the wood source, report it to the Lord. Are you clear?"

"Yes, sir. I will do my best!"

It wasn't until he was sure that Silver Fox's aura was completely gone that Lu Xuyang let out a breath. He looked in the direction where Silver Fox disappeared with a mocking smile.

The wood source is destined to be mine! No one else can get it!

The Nangong Family... Thinking of what Silver Fox said just now, Lu Xuyang frowned again. Could it be that King of Hell Nangong Yu has any background?

===

And Nangong Yu, who was mentioned by Lu Xuyang and Green Vince Clan, also returned to the King of Hell Mansion in Jin Ling Kingdom City a few days later.

Except for Bai Hu and Qing Luan who were following Hexi, and Xuan Wu who was cleaning up the Feng Family, all the other subordinates knelt in front of him to pay respects.

Nangong Yu waved to let them get up, then he went straight to the point, "I want to marry Xi Yue."

The words were so abrupt that everyone was taken aback, unable to recover.

But this did not include foodie Wu Yu. Wu Yu immediately jumped up excitedly when he heard that Xi Yue, who was a superb cook, was about to become his own princess. He even forgot about his manner, "Long live the princess. Master, you should have married her sooner! That's great now. I won't have to worry about not having any good food in the future!"

Chapter 1487: Hexi And Xi Yue

Wu Xin gave this shameful guy a disgusted look, then he bowed and said, "Congratulations, master."

Wu Chen and Wu Gou looked at each other. They both saw the embarrassment and surprise in each other's eyes.

Isn't this Xi Yue, known to the world today, as a man? Why would master marry a man?

Moreover, I remember that the master had proposed marriage to the Third Miss of Nalan Mansion only a few months ago. Although Nalan Mansion was wiped out later and the Third Miss was probably dead.

But doesn't that mean that master should like woman? Why did he suddenly like man?

But Wu Chen quickly restrained his mind, bowed and said, "Congratulations, master."

Whether it's a man or a woman, as long as master likes it, no matter who the person is, he must marry back! It doesn't matter if it's a beastkin!

What's more, who in the world doesn't know that Xi Yue's medical skills are superb. He even owns an industry like Shengde Hall that everyone is flocking to. Only such a young genius is worthy of our master.

As for the succession of the family? Immortal cultivators usually live a long life. Many people don't value their offspring that much at all.

Wu Gou frowned, intending to say something, but he finally lowered his head silently.

Nangong Yu took a full view of their expressions, but he did not explain. He just said indifferently, "I summoned you today to tell you that Xi Yue will not only be my princess, but her order and status will also be equal to mine from now on. You will be loyal to me in the future, and you must also be loyal to Xi Yue. If I find out that anyone dares to disrespect Xi Yue, I will never show mercy. Do you understand?"

Several people, including the butlers of the King of Hell Mansion, all bowed in response.

After Wu Xin and others retreated, only Qing Long and Butler Nan remained beside Nangong Yu.

Butler Nan couldn't help but asked, "Why didn't young master tell Wu Gou and the others that Xi Yue is a woman and she is exactly the Nalan Hexi you proposed a few months ago?"

Nangong Yu tapped his fingers on the table, frowned slightly, and said, "Don't ever mention again that Xi'er is the Third Miss of the Nalan Family. Xi Yue is Xi Yue; Nalan Hexi is Nalan Hexi. Nalan Hexi had already died, and Xi Yue is about to be my Nangong Yu's wife. Uncle Nan, do you understand?"

Butler Nan was startled for a moment, then remembered the mysterious appearance and disappearance of the man in red clothes that destroyed the Nalan Family in a snap of his fingers. His mind shook for a moment. He had understood the meaning of his master and quickly bowed, "Subordinate understands. I will also tell Wu Xin and Wu Yu, who know about it, to not spread it."

Nangong Yu nodded, but he did not loosen his frown.

Regarding Hexi's origin and An Lingyue's portrait, Nangong Yu always had a bad feelings. He instinctively knew that no one should discover Hexi's true identity, otherwise it might bring disaster.

Therefore, he could only marry Xi Yue, not the Third Miss of the Nalan Family.

As for whether Xi Yue was a man or a woman and whether people in the world would spread gossip about him? Would he, Nangong Yu, care about such gossip?

Nangong Yu knocked on the table twice, and suddenly said to Qing Long: "Go and get the Xingyun Lujing."

Qing Long was startled, and opened his eyes slightly, "Master is the Nangong family who wants to contact the upper realm?"

"Naturally." Nangong Yu slowly raised the corners of his mouth, but his smile was a little complicated, with nostalgia and disgust, helplessness and hatred, "Now that I'm getting married, I should at least let them know anyway, right?"

Chapter 1488: Nangong Family

Qing Long paused for a moment, then he silently took out the Nebula Dew Mirror from the King of Hell Mansion's underground palace.

The Nebula Dew Mirror was a treasure that could connect 2 worlds. The energy contained in it was unimaginable, so ordinary storage devices couldn't store it.

The Nebula Dew Mirror was almost half the height of a person. It was inlaid with exquisitely carved nebula patterns. The mirror was made of bronze. If one just looked at it this way, it was an ordinary and cheap bronze mirror with at most a little bigger size.

Nangong Yu swiped his finger lightly, dripped a few drops of blood oozed into the Nebula Dew Mirror, and injected spiritual power.

The original gloomy mirror surface suddenly lit up with a dazzling light.

The bronze mirror, which was still slightly rusty, seemed to suddenly turn into a vortex that refracted colorful light, leading to a very far place.

After about a quarter of an hour, the vortex on the mirror surface disappeared, and a clear image appeared.

At this time, there was chaos on the other side. Figures could be seen running back and forth and shouting.

“It’s Young Master Yu! It’s really Young Master Yu’s contact! Quick, hurry up and inform Master and the old lady!”

Nangong Yu watched this scene quietly without any change in expression.

Looking at those familiar and unfamiliar house furnishings, Qing Long’s eyes fluctuated for a while, then they slowly calmed down.

“Yu’er! Yu’er! Is it really you?” A crying voice came from the other end of the Nebula Dew Mirror.

Nangong Yu’s body trembled slightly, then a white-haired old woman appeared in the image.

The old woman’s cultivation was already at the Gold Core Stage, but she looked to be in her seventies. Her face was covered with wrinkles.

Seeing Nangong Yu, the old woman threw herself in front of the Nebula Dew Mirror and cried loudly, “Yu’er, it’s really my Yu’er! Yu’er, why haven’t you contacted grandma for so long? Do you know how grandma misses you much?”

The coldness in Nangong Yu’s eyes was melting like the snow in spring.

If there was anyone else in the Nangong family whom he cared about, it was only this grandmother.

He said softly, “Grandmother, grandson is unfilial.”

On the other side of Nebula Dew Mirror, a pair of slender hands supported the old woman. A crisp voice sounded like an oriole coming out of the valley, “Old lady, don’t be sad anymore. Didn’t Cousin Yu contact you now? If you still cry again, Cousin Yu will be sad too?”

The old woman wiped away her tears, then she calmed down under the girl’s persuasion and sat down in front of the Nebula Dew Mirror.

After the old woman left the mirror, Nangong Yu quickly saw the scene in front.

There were quite a few people sitting in front of Nebula Dew Mirror this time.

Several of his uncles, except the most useless third uncle Nangong Xin, all came. Even the current family master of the Nangong Family, his second uncle Nangong Hua, was sitting right in front of Nebula Dew Mirror and looked at him with sharp eyes.

The one supporting the old lady was a beautiful young girl who looked only 17 years old, but her cultivation had already reached the Nascent Soul Stage. Even in Siam Continent, she was a very rare talent.

Nangong Yu had never seen this girl before, and he didn't care about her. On the contrary, the girl, who saw Nangong Yu's handsome face and sensed that unfathomable cultivation, couldn't help but lower her face with a blush.

As soon as Nangong Hua sat down, he said in a dignified manner, "Yu'er, I heard that you have already broken through to the Soul Splitting Stage. Now that you can challenge the tribulation, shouldn't it be time to return to Siam Continent? You're also a member of the Nangong Family, shouldn't you come back early and contribute to the Nangong Family?"

Chapter 1489: Fiancée?

Nangong Yu didn't even look at him, completely treating him as air. He just looked at the old woman with a dignified expression and said with a hint of shyness, "Grandmother, I contacted you today to tell you that I'm getting married."

Old Lady Nangong was taken aback for a moment, then she was surprised "Married? Yu'er, you are going to get married? Who are you going to marry?"

The girl who was supporting Old Lady Nangong immediately tightened her hand. Her expression looked uncertain.

Nangong Yu thought of Hexi's beautiful face, her clear and purple phoenix eyes, and a gentle and sweet smile appeared on his mouth unconsciously, "Grandmother, her name is Xi Yue. He is the first person I like, and she is the only one I want to marry in my life..."

However, before Nangong Yu finished speaking, he was interrupted by Nangong Hua with a livid face, "What Xi Yue?! Where did the dubious woman come from? I absolutely disagree! As a member of the Nangong Family, how can you marry a person from the lower realm? This will put shame on our Nangong Family!"

Nangong Yu's face suddenly turned gloomy. There was a fierce storm in his dark eyes, "Second Uncle, did I ask your opinion?"

Since when can they decide my, Nangong Yu's marriage?

If it isn't for the sake of the same surname Nangong, I won't even give a notice.

When Nangong Hua was stared at by such a pair of eyes, he felt a chill all over his body.

Obviously, the young man is only 20 years old. Obviously, he is my nephew. Even if he is also at the Soul Splitting Stage, I have advanced to the Soul Splitting Stage for hundreds of years. How can he be intimidated by such a kid?

Nangong Hua couldn't help but think of her elder brother——Nangong Aotian. He was also a terrifying man. Since childhood, I was suppressed by him to the extent that I couldn't lift my head. I was jealous and hated him, but when I heard that he was expelled from Nangong Family and stayed in the lower realm forever, I was exhilarated for a long time.

Now that I'm in charge of the Nangong Family as the family master. Logically speaking, even if Nangong Aotian is in front of me, I shouldn't be afraid.

However, facing Nangong Yu, I'm really timid! I even have an inexplicable illusion that Nangong Yu is much scarier than Nangong Aotian.

Nangong Hua suddenly came back to his senses. When he saw the young and handsome face in Nebula Dew Mirror, he suddenly became angry, "What do you mean by that? You're a descendant of our Nangong Family, and you are destined to return to Siam Continent in the future. How can you marry a lowly woman in a place like Miluo Continent?!"

As Nangong Hua said, he glanced at the girl who was supporting the old woman and said in a deep voice, "Besides, don't you know that you already have a fiancée! Are you being fair to Jing Xue?"

The girl supporting the old woman's face turned pale when she heard the words. She looked like she was about to cry.

Nangong Yu didn't even bother to take a look. He said with a sneer, "Why didn't I know that I still have a fiancée? What's more, since when can second uncle decide my marriage?"

Hearing his rude words, Nangong Hua's face became even more ugly. He gritted his teeth and said, "Jingxue is your cousin, and she is also the most outstanding disciple of Siam Continent's Yun Family. Your father had already arranged this marriage for you before he was dead. He just couldn't tell you himself."

There was a gloomy look in Nangong Yu's eyes.

My mother, Yun Churan, was exiled by the Yun Family to the lower realm. If she hadn't met my father later and fell in love with each other, my mother would have died in the Miluo Continent!

Chapter 1490: Ashamed Into Anger

Father hated the Yun Family and those from the Lou Family the most. He hated them so much that he didn't hesitate to perish together with them.

Now these people actually have the face to tell me that my father has arranged a marriage for him with a girl from the Yun Family? What an absurd joke.

However, Nangong Hua was still condemning, "Over the years, there have been countless high rank martial artists who wanted to marry Jingxue, but she has been devoted to you. You can't let her down."

Yun Jingxue lowered her head shyly.

Qing Long, who was standing behind Nangong Yu, was already full of anger when he heard this.

He had always hoped that his master would return to Siam. After all, his master's parents were originally from Siam, so he always had respect for the Nangong Family on the Siam Continent.

However, when he came into contact with them today, he didn't expect these people to be so greedy and shameless!

Qing Long was about to say something when the door of the room was pushed open suddenly. Butler Nan walked in angrily, pointed at the Nebula Dew Mirror and scolded, "Second Master, how can you talk nonsense like this? When our Master and Madam were alive, they said that no marriage should be arranged for young master when he is an adult. They wouldn't even let him marry the woman of the Yun Family and Lou Family. How could young master have a fiancée?!"

After Nangong Hua's lie was exposed on the spot, his face turned green and red immediately. He looked at Butler Nan fiercely, and he even used coercion, "You old fool, do you have the right to speak here? Do you believe..."

The value of Nebula Dew Mirror was that some fundamental essence and spiritual attacks could penetrate time and space.

Butler Nan was no more than a Gold Core Stage. Now that he was being oppressed by the spiritual pressure of a Soul Splitting Stage master, his face couldn't help turning pale.

Nangong Yu stood in front of Butler Nan and squinted slightly, then Nangong Hua suddenly widened his eyes with fear. A bead of sweat slowly slid down from his forehead.

Nangong Yu sneered and said, "Second uncle, are you ashamed into anger that your lies have been exposed?"

Before Nangong Hua could speak again, Nangong Yu said coldly, "I'll say it again. Don't say that my parents will never make such a marriage contract for me, even if there is a marriage contract, it has nothing to do with me."

"The only one I want to marry is Xi Yue. If anyone dares to stop me, I will make him pay a terrible price! Even you, my dear uncles, will be the same!"

For a moment, the Nebula Dew Mirror was completely silent.

Everyone in the Nangong Family had livid faces and eyes full of anger, but the strength Nangong Yu just showed made them realize how terrifying this man was. They didn't dare to act rashly.

Old Lady Nangong coughed lightly, breaking the silence, "Yu'er, don't be angry. Your second uncle also wanted to remind you because he is worried that you would be cheated."

Seeing Nangong Yu's gloomy face, the old lady immediately said with a gentle and kind expression, "However, if Yu'er really thinks she is a good girl, then I will definitely support you. After all, the most important is that Yu'er you truly like her."

As soon as the old lady said this, Yun Jingxue's face turned pale in an instant. She couldn't help but whisper with sobs, "Old lady."

Hearing this, the old lady patted her little hand lightly and gave her deep eyes, but she didn't say much.

Nangong Yu's originally gloomy face eased a lot, and he smiled slightly, "Grandmother, Xi'er is the person I chose. I believe that you will also like her."
