Chapter 331: Genuine Antidote

Feng Lian Ying's mouth gaped open, her heart filling with resentment. Just as she was going to say something more, Feng Yunjing's next words made her tremble and she no longer dared to act recklessly.

"If you dare tarnish the reputation of the Feng family again, I'll send you to the ancestral temple of the Feng family, and you can never think of coming out!"

Going to the Feng family's ancestral temple meant that her name would be removed from the Feng family records. From then on, her life would be over, and she could no longer appear on Mi Luo Continent. That, for Feng Lian Ying, who was filled with pride and a thirst for power, was simply a fate worse than death.

On the other hand, when Hexi heard the inquiries from Qing Long and the others, the hint of a smile flashed in her eyes.

She didn't answer but instead took out a spiritual supplement pill. Next, she walked over to the spreading pool of squirming blood and dropped the pill on it.

Everyone was puzzled and couldn't help but gather closer.

Soon, something shocking to everyone occurred.

The blood that was originally only the size of two palms suddenly made a 'pfff' noise after the spiritual supplement pill was thrown into it.

Then, the area of blood grew bigger and bigger, while the speed it was squirming at rapidly increased. The way that the blood struggled and pulsed was like a blood demon coming to life.

While that spiritual supplement pill, at this time, had been entirely swallowed up.

Everyone's mouths opened wide, astonishment showing clearly on their faces. Gu Liufeng murmured, "This poison can become stronger by swallowing spiritual power? So that's the reason you eliminated the spiritual power within the spiritual herb and in my Uncle first?"

Hexi nodded, unhurriedly answering, "Purple Monkey Flower, Pomegranate Fire Fruit, and Dragon Grass are indeed the nemesis of this poison. However, the rich spiritual power contained within these herbs is actually the greatest source of nourishment to this poison. Which means the herbs that were originally ready to detoxify the poison not only didn't work but instead made the poison absorb the spiritual power and become stronger."

In fact, Hexi had read about it in the Overflowing Cauldron Pill Scripture, that this poison was indeed the Blood Intoxicated Poison, and that Purple Monkey Flower, Pomegranate Fire Fruit, and Dragon Grass were the antidote.

However, because the way to make Blood Intoxicated Poison had long been lost from Mi Luo Continent for so many years, many people were unaware of the real character of this poison – that spiritual power was its food.

Feng Lian Ying thought that she knew the nemesis of Blood Intoxicated Poison and how to detoxify it, but little did she know the correct way to cure the poison. In addition to it requiring Purple Monkey Flower, Pomegranate Fire Fruit, and Dragon Grass, the most important part was that all the spiritual power within the herbs and the patient had been expelled.

For a long time now, spiritual power was a nemesis to all poisons. In general, as long as the spiritual power was strong enough, it could easily resist the erosion of all types of poison. However, for Blood Intoxicated Poison it was the opposite; spiritual power was instead its most vital nourishment. It's no wonder that Feng Lian Ying took it for granted that the Five Elements Blood Coagulation Pill would be able to help!

“As for why some of the herbs in the medicinal field can be consumed, and some of them are poisonous?” Hexi smiled leisurely before she indifferently said, “I can only tell you that I'm able to tell distinguish them one by one; which herbs in this field are poisoned, and which ones are normal. But as for the method to differentiate them, forgive me, but I can't tell you that.”

The fact is that she didn't really know how to explain because it was a kind of intuition she'd gained after dealing with poisons for many years. She only needs to smell them and see them, and she could tell right away whether or not the things in front of her were poisonous.

Although Hexi's explanation was anything but detailed, it was still much clearer than Feng Lian Ying's.

Those people who were still worried about Gu Yidao suffering from residual effects now no longer had any doubts.

Chapter 332: Disobedient And Unfilial

This youngster before them was only about fifteen to sixteen years old with a cultivation base at Foundation Establishment stage, but no one expected that his medical skills would be so formidable.

The crowd was in a daze at first before they suddenly returned to their senses. Then, all of them suddenly rushed to her and kowtowed before her.

“Godly doctor, a person as great as yourself would, of course, forgive such offences committed by us lowly people, right? Please save us!”

“That's right, that's right! Saving our lives will be a most meritorious deed. Please be merciful and give us a cure!”

Watching those shameless people now begging Hexi, Wu Yu waved his fan as he sneered, “My my, I wonder who was it that just finished insulting my Young Master Xi and said that he was a quack who would kill people?”

“And who was it that said my Young Master wasn't even worthy of carrying Ice Lotus Fairy's shoes, and saying that they mustn't let him leave the medicinal field alive?”

“Now that you know that my Young Master is extremely skilled, you turn to him to seek help from him to save you! I wonder how many faces you all have?”

Everyone was so ashamed, to the point that their faces' were filled with resentment. Wu Yu's words were obviously too relentless, making them all lose face.

However, as they felt the poison within them flare up once more, their little lives flashed before their eyes. How could they still consider their reputations?

They didn't respond to Wu Yu's words, and instead kept incessantly weeping for help with faces filled with snot and tears.

At this time, a man covered in blood and on his last breaths suddenly crawled out from the crowd. He didn't crawl towards Hexi as everyone else did, rather, he crawled to Gu Liufeng and tugged at his clothes as he hoarsely said, “Liufeng, you're Murong Liufeng, right?!”

Gu Liufeng looked down at him. Although the person before him was completely different, he recognised his identity at a glance – he was the head of the Murong family; Murong Zhangfeng.

Gu Liufeng narrowed his eyes, and suddenly, a blade appeared in his hand, and he quickly cut off the corner of his clothes that was being pulled by Murong Zhangfeng. Then, he coldly asked, “Who are you? Do I know you?”

“Don't pretend! I heard all your conversations with Gu Yidao!” Although Murong Zhangfeng had tried to lower his voice as much as possible, his extreme anger still made his voice sharper. “You're a disobedient and unfilial bastard. Obviously, you're offspring of the Murong family, yet these past few years you've actually been colluding with strangers to attack Murong family's medicinal hall!! You bastard, Murong Feng is your Father. The Murong family is also a place where you were born and raised, but you actually dare to bite the hand that feeds you! Don't you fear retribution for what you've done?!”

Gu Liufeng's face was covered with a mask, so the only things visible were his cold eyes and the slight smirk hanging on a corner of his mouth. “You people from the Murong family are devoid of consciences and unafraid of retribution for your bad deeds. So, why would I be afraid?”

“You-! You-! You are indeed Murong Liufeng! You bastard!” Murong Zhangfeng was so enraged that he suddenly raised his voice and continuously bellowed, “You're the same as that shameless Mother of yours, nothing but cruel and unscrupulous! We of the Murong family raised you for nothing!”

Murong Zhangfeng's curses were said in such rage that the speed of the poison in his body become faster because of his emotions, causing him acute pain that made his anger be quickly replaced by fear.

He looked up and saw Gu Liufeng slightly lowering his head until he couldn't see his expression. He was embarrassed and ashamed of cursing, so he quickly said, “I can overlook this these small matters. Now, quickly get me the antidote from that kid. When I return to the Murong family, I'll ask for you to be dealt with leniently.”

Chapter 333: For What Reason?

Everyone in the crowd around Hexi, because of Murong's Zhangfeng's yelling, were all focusing on Gu Liufeng. Hexi sauntered towards Gu Liufeng, glanced at Murong Zhangfeng, then whispered, "What's going on?"

As soon as she'd finished asking, she noticed that his body was trembling slightly and his hands hanging by his sides were clenched into fists. It was clear that he'd reached an extreme level of anger.

And when Murong Zhangfeng saw Hexi, surprise flashed on his face before he shouted, "Genius Doctor Xi, I'm the head of the Murong family; Murong Zhangfeng. Give me the antidote, and as long as you save me, my Older Brother and my Murong family will owe you our thanks. I believe in that in Yan Jing City you must've heard the name of my Murong family, right?"

Hexi sneered and arrogantly looked at him; her eyes were full of contempt. "Who are you?"

The disdain and contempt in her voice were clear. The people who heard it couldn't help but snigger.

Murong Zhangfeng, however, was so angered that the flesh on his face trembled. But even so, when he remembered that his own little life was in the grip of the other party's hands, he didn't dare act rashly and suppressed his anger. "I...I'm not just the head of the Murong family, but also Murong Liufeng's paternal Uncle. You just saved Murong Liufeng's maternal Uncle, so why don't you save me too?"

Murong Liufeng? Hexi raised her brows, and then looked at Gu Liufeng.

She saw him looking at Murong Zhangfeng and Murong Hai who was unconscious, with a gaze as cold as a blade. That gaze was like he was going to dismember their bodies.

The crowd who'd been begging suddenly started gossiping, "Isn't the man who's wearing the mask Young Master Gu, the owner of Sheng De Hall, Gu Liufeng? Why the did the head of the Murong family call him Murong Liufeng? Is he a member of the Murong family?"

"But I'd heard that Sheng De Hall was suppressing the Murong family, even seizing half of the Murong family's market in the city outside of Yan Jing City. If...if Gu Liufeng is a member of the Murong family, then isn't he too disobedient and unfilial?"

Everyone looked at Gu Liufeng with gazes filled with questions and anger. However, Murong Zhangfeng had started rejoicing in his heart as this was the perfect opportunity to take advantage of the situation because unfortunately, the poison in his body was getting stronger and stronger. While Murong Hai, who was lying beside him, was now barely even breathing.

Murong Zhangfeng quickly yelled at Gu Liufeng, "Murong Liufeng, you still haven't gotten Genius Doctor Xi to give me the antidote!!"

"Give you the antidote?" Gu Liufeng, who'd been silent all this time, finally began to speak. His voice was full of bitter resentment and sarcasm, "Murong Zhangfeng, you want me to save you? For what reason? Is it based on the matter of you treating my Mother and I worse than dogs?"

As soon as he finished speaking, he raised his hand to take down his mask.

In the next moment, everyone exclaimed and sucked in sharp gasps.

Appearing in front of them was an ambiguous face; it was incomparably handsome, and yet it was also gorgeous. Unfortunately, as it happened, there was a long ghastly scar running from his brow to just under his right ear.

This scar was blood-red and was like a centipede crawling on his face. It was a vivid contrast to his slightly pale skin.

His initially handsome face had been transformed into one of a horrible monster due to the scar.

Although it was only a single scar, with the hatred reflected in Gu Liufeng's eyes, and Murong Zhangfeng's eyes that avoided looking at the scar, everyone could easily tell that the Murong family must've treated Gu Liufeng and his Mother exceptionally poorly.

Chapter 334: Thank You

Murong Zhangfeng's guilty conscience was soon taken over by his heartlessness and selfishness. "You unworthy offspring. Your mother was nothing more than a concubine and you are nothing more but a bastard. We raised you and only occasionally hit you. Is disciplining unscrupulous children unnatural?"

"If you know what's good for you then give me the antidote. If not, when I go back, I will remove you from the Murong family records. From then, your only option is to die and become a lonely ghost!"

Gu Liufeng burst out laughing, then he coldly stared at Murong Zhangfeng. "What I regret most about my birth was that I was born in the Murong family. If you can remove me from the Murong family, then I will have to thank you! Unfortunately, to return to Murong family, you must live past today and this matter is easier said than done!"

"I won't kill you, I just don't wish for you to die an easy death. I want you to experience a slow and painful death filled with despair— compared to death by a knife, this will be far more interesting!"

Murong Zhangfeng trembled when he looked met Gu Liufeng's gaze. At this moment, he no longer wished for Gu Liufeng to save him, his only option is to look towards Hexi. Repeatedly kowtowing, he said, "Genius Doctor Xi, please pay no mind to that unscrupulous brute's nonsense. As long as you save my life, Murong family will give you three finished properties!"

Hexi faintly smiled and suddenly pulled a bottle of the antidote out of her sleeves. Murong Zhangfeng's face was wild with joy as he stared at the bottle. He believed that Hexi had finally been persuaded by him.

However, Hexi turned around and threw the antidote to Gu Liufeng. Lightly laughing, she said, "The bottle contains herbal medicine and Intoxicated Blood, when they are mixed together, the reaction is very interesting. If you wish to see him suffer more, then sprinkle some on him!"

"You— You guys— —!!" Murong Zhangfeng didn't expect to die, his whole heart was once full of expectation, but this has become the result.

Taking the medicine bottle, Gu Liufeng's face, which looked fierce due to the scar, held a somewhat heartfelt smiling expression.

He slowly stepped forward and before Murong Zhangfeng could slander him again, he had already sprinkled the medicine on him and the unconscious Murong Hai's bodies

The only sound was "Ah— ——" The cry broke through the heavens and everyone present at the scene's eardrums rung.

Subsequently, Murong Zhangfeng and the originally unconscious Murong Hai were both painfully rolling around the floor. The pair of them were incessantly wailing as thin black blood oozed out of their bodies.

The grief filled howls continued on for the length of time it takes to burn a stick of incense. The black blood consumed both men's bodies, completely melting them.

Gu Liufeng slowly took the bottle of medicine and poured some Intoxicated Blood on the thin blood.

Soon after, the blood made "Zi zi" sounds before evaporating and completely disappearing. His fierce-looking face carried an expression of both grief and hate that couldn't be dismissed.

When he turned around and faced a young youth with matchless beauty and clear, black eyes, Gu Liufeng suddenly felt as if the stone, which had been weighing in his heart for many years, had been moved just a tiny bit.

He walked forward a few steps, gazing deeply at Hexi, saying, "Hexi, thank you. I....."

Hexi raised her hand up, interrupting him, "Wasn't it you that said friends do not have to thank each other?"

Gu Liufeng stared blankly, his long eyelashes faintly trembling. The bright red scar on his face caused his expression to look more fierce, but his mouth held a shallow, gentle smile.

Chapter 335: Profiting From One's Misfortunes

After everyone saw for themselves the miserable death Murong Zhangfeng and Murong Hai suffered, they all immediately thought about the poison on their body breaking out at any time. Who dared to still hesitate? Like a swarm of bees, everyone turned to run towards Hexi, begging her to save their lives.

To tell you the truth, Hexi had no mercy in her heart for these people. Looking at the group of people miserably crying for help, the idea of delivering all living creatures from suffering came to mind during this moment. Hexi remained unmoved, coldly saying, "If you want us to save you, that's can be done! However, I, Doctor Xi, want to continue treating the way I was doing so previously. The people who look pleasing to the eye may receive treatment for free. But for the people who aren't pleasing to the eye, even if you offered 10 million in gold, I still may not treat you!"

"And if you guys still wish for me to save you, this is doable. So long as you guys are able to take out an object which meets my eye, such as a pill or rare treasure. One treasure in exchange for one life. If not, then don't speak!"

Immediately after Hexi said these words, everyone looked at each other in dismay and nobody made a sound for a long time.

After awhile, somebody couldn't help themselves and lowly said a sentence, "Isn't it a doctor's job to save people? How... How can you act so snobbish?"

Hexi looked unhurried as Wu Yu already stepped forward, while waving a fan, and sneered, "Ice Lotus Fairy isn't snobbish. She's willing to treat you guys for free. Why don't you go ask her to treat you then?"

Once these words were spoken, everyone's complexions immediately paled and nobody dared to speak anymore.

Just then, the Ice Lotus Fairy really did agree to treat everybody free of charge, but what was the result? They saw the two bodies explode, becoming a puddle of blood.

And that malicious Fairy, even if she did not require payment, only gave the medicine to the people with riches and power. Compared to requiring payment, how is this any different? [1] However, this straightforward youth in front of their eyes may be a better option.

Hexi felt disinclined to stay with these grumbling people. Directly towards Wu Yu, she said, "This matter will be handed over to you, you will get a fraction of the gains....."

"These trivial matters Young Master Xi has given this humble one to do." Not waiting for Hexi to finish speaking, Wu Yu's eyes already brightened up and excitedly said, "As long as you let me try some more of your delicious food, I wouldn't even hesitate to go through water and tread on fire!" [2]

Hexi's face twitched, she felt as if this Wu Yu didn't deserve the title of a glutton. He threw away all integrity just to eat something. [3]

Able to get Hexi's nod of approval, Wu Yu immediately felt very excited. In order to extort those pitiful people, he wouldn't leave any hands out!" [4]

With Sheng De Hall's master Gu Liufeng's added help, both men were ruthless, causing the group of people to quickly become angry.

"Truth to be told, if my Level 3 pills were exchanged for crystals it would be several hundred thousand. Yet this was still not enough to invite several doctors, you still can't hate enough?"

"Acting like you guys, who are profiting from someone's misfortune, really can't saving people. Where is the doctor?"

"Isn't it just made up of Purple Monkey Flower, Pomegranate Fire Fruit, and Dragon Grass which is then baked with spiritual energy? I, this old man, is also a Level 2 Doctor, I don't believe that I can't do it too!"

Wu Yu and Gu Liufeng watched as everyone ran into the medicinal field to find herbs for medicine while shouting curses. The pair of them weren't even worried in the slightest, on the contrary, they took joy in the calamity.

The group of people believed that just by knowing the prescription, they would be able to imitate Hexi's detoxification method. He he, soon, they will realize how stupid they are.

But some people couldn't stand the Intoxicated Blood Poison, fearful of the pain it brought. Unable to bear it any longer, they finally took out a treasure that they had obtained from the secret territory to exchange.

“This is the Level 5 Magical Beast Inner Pill I obtained from Huang Mo territory. In order to get this Level 5 Inner Pill, I nearly got eaten by the magical beast. Originally the plan was to use this Inner Pill in order to advance a level. Now..... Now my life is quickly slipping away, what talk of advancing a level? This Inner Pill is for you, quickly give me the antidote!”

Chapter 336: Vile Thoughts

Wu Yu accepted the Inner Pill and checked it over. Suddenly beaming with joy, he handed over a bottle of Hexi’s boiled medicinal juice. “Remember to clear your body of spiritual power before taking it.”

No longer daring to tarry, the youth emptied his body of all spiritual power. Soon after, he quickly drank the antidote.

Right after he drank the antidote, severe pain began to spread. The pain caused him to repeatedly howl, rolling around on the floor.

But, before half an hour even passed, the pain began to gradually subside and the pus on his body also completely disappeared. Even the wound began to rapidly heal.

He felt his spiritual power return to his dantian [1] and the burning pain in his internal organs faded away. The youth couldn’t help but laugh. Facing Hexi, he dropped to his knees with his hands clasped, his face still held some of his previous unwillingness, “Thank you Genius Doctor for saving my life!

Compared to one’s own life, any medicinal pill isn’t important when you don’t have a life to live anymore!

At this moment, the people who entered the medicinal field to collect herbal medicine in order to imitate Hexi’s refining method to make the boiled medicinal juice, shockingly discovered that the moment their spiritual energy touched the originally green herbal medicine, it would immediately turn into ashes. It was much harder to accomplish than Hexi’s effortless demonstration suggested.

Now, everybody had no other way out, additionally, people were already able to obtain the antidote after exchanging their treasure. Who dared to still hesitate? One after another, they took out their treasures to exchange with Hexi.

From far away, Feng Lian Ying clenched her fists. She watched Hexi’s stars gathering around the moon appearance [2] and bit down on her teeth until they made ‘ge ge’ sounds.

Suddenly, she heard the sound of clunking and her well taken care of little finger’s fingernail broke in half as she felt a burst of pain.

“Why? Why? Why have I been beaten by such a low-lying waste?”

“How many years of have I spent cultivating? My teacher is the master of Thousand Poison Valley! My hard earned reputation suddenly brought upon this result!”

“I don’t accept this! I’m not reconciled— —! Heaven is unfair, I must make that slut pay the price!”

Feng Lian Ying’s voice was coarse, completely opposite to her usual sweet and dainty sound and her whole face was even more terrifying.

Nie Jinchun worriedly supported her, softly saying, "Lian Ying mei mei [3], don't be angry, it's bad for your body to be angry over trash."

Nie Jinchun didn't even get to finish speaking before Feng Lian Ying swung her hand up and ruthlessly slapped his face. Shrieking, "Get lost! Who do you think you are? Who let you touch me?"

"Don't think I know your vile thoughts towards me. You only covet my status and good looks. Pah! I don't even dare look at what status you have. Merely someone with no family background, just a disciple of Liu Li sect. Are you worthy of me? Can you match up with Big Brother Yu?"

"Get lost! Go far away!"

Putting a hand over his face, Nie Jinchun was in disbelief. His face got scratched by Feng Lian Ying's fingernails, leaving traces of blood.

To the side, disciples of the Liu Li sect watched the pair. His expression was full of pity and joy over another person's calamity. All the admiration and ties of friendship in his heart transformed into embarrassment and hate.

Nie Jinchun bowed his head, tightly clenching his fist, he didn't utter another word. The brightness in his eyes dulled a bit.

Feng Yunjing saw the whole moment between Feng Lian Ying and Nie Jinchun and coldly laughed.

Silly woman, simply wasted Feng family's cultivation from these past few years.

Chapter 337: It's Better To Go Back With Me

If she wasn't the Thousand Poison Valley's Master's favorite disciple, then he would've long tossed aside this woman who lost face for Feng family! As expected, children of concubines really didn't deserve to be in the public view!

Feng Yunjing lightly swung his arms and lowly spoke to a trusted confidant on the side, "Looks like this grassland doesn't have the stuff we need. Prepare to leave here immediately."

"Yes, Young Master!" The trusted confidant answered, bowing. However, looking to the side at the Liu Li sect disciples who had been knocked unconscious by the Intoxicated Blood poison, he couldn't help but ask, "Young Master, what do we do with these two people?"

Originally the Liu Li sect disciples stayed far away and nobody got infected. But unfortunately, Feng Lian Ying allowed Shangguan Rui to take the Five Elements Blood Coagulation Pill. As a result, Shangguan Rui exploded in front of everyone and two of Liu Li sect's disciples who were caught off guard were touched by a little bit of the pus. Sure enough, they got infected as well.

Feng Yunjin's eyes were ice cold, lacking any emotions, "Leave them here to die on their own." Suddenly his heart moved, he consciously checked, looking towards his treasured Hexi.

The youth was like a painting, the skin was the color of snow, their eyes were full of bright stars. The bright red lips were lifted on either corner. The youth had unparalleled seductiveness.

As Feng Yunjin's eyes looked on, he suddenly turned to walk towards the youth.

Right at this moment, Hexi was also checking over the treasure Wu Yu and Gu Liufeng were handing over. Every speck was the same, her heart blossomed with joy.

These indeed were Level 5 Magical Beast Inner Pills. Previously, she worked extremely hard but was only able to obtain two of these. This time, she's able to replenish Dan Dan and the Little Golden Dragon again.

Furthermore, one dozen Level 4 books which could be used to save the lives of groups people. Really couldn't be better!

Unexpectedly, there was also a flying skill book which was able to increase speed. Clicking her tongue, there definitely wasn't a price for this on the market.

While Hexi's faced remained calm and collected on the outside, she had long gotten extremely excited in her heart over the prospect of earning money.

Taking the next box, Hexi was just about to open it when suddenly she felt her eyes darken and she was enveloped in a shadow.

Very quickly, she heard Feng Yunjing's icy voice, "Hexi, two of my Liu Li sect's disciples were infected with Intoxicated Blood Poison."

"So?" Hexi raised her head up, looking at him and coldly asked.

Standing very close, Feng Yunjing could take the youth..... Or he ought to say the young girl's clear and neat face was pleasing to the eyes. He couldn't help but smile deviously, "It would be better to go back with me. If you're able to treat my subordinates, your ability could also be used by my Feng family.

Saying this, Feng Yunjing slowly stooped down. His hot breath came out as he controlled the desire to slowly spit in Hexi's face. "You can rest assured, I won't treat you unfairly. Whatever Nangong Yu gives you, I can also give. Furthermore, I can give even more. How about it?"

Hexi who had been sluggish for half the day suddenly reacted as if she heard a joke, rubbing her ears.

"Excuse me?! This Feng Yunjing and Feng Lian Ying just a moment ago wanted to join together and kill her. Suddenly, he now wants her to come back with him to Feng family and still asks her how about it?"

Is this person experiencing a mental breakdown? Or has their brain short-circuited?

But before Hexi could say anything, a pair of black shadows wielding swords came down from the sky, ruthlessly chopping towards Feng Yunjing with killing intent.

Feng Yunjing already had his guard up and began rapidly retreating. But he also sacrificed his magic weapon before he was able to even consider avoiding two, who seemed to attack with the intent to destroy the earth.

Boom! The earth shook as lightning came down.

Chapter 338: Give It To Me!

Slowly flashing, Nangong Yu's, figure was like a fantasy, arriving to stand beside Hexi. He extended his hand out to take Hexi's hand, drawing her closer to his chest.

His cold gaze stared towards the nearby Feng Yunjing, saying, "Feng Yunjing, don't let me remind you a third time. Xi'er is mine, don't try and lay a hand on her again or don't blame me for not being polite!"

Feng Yunjing's face didn't hold a lot of anger, but it did have coldness and disdain. "Nangong Yu, even though your Hell King Manor's reputation is considered impressive, but my Feng family's prestige is impressive too. Good poultry chooses wood. [1] I trust that Genius Doctor Xi knows which option is the best one to choose."

The burst of electricity, although short, was able to attract everybody's attention.

At this moment, just as Feng Yunjing said these words, everybody turned pale with fright. Looking southward, Nangong Yu waited and watched as the absent-mindedness in everyone's eyes turned to restrained fear and respect.

Hell King--! This is the famously brilliant His Highness Hell King, ah!

At the mere age of fifteen, he was able to become a Gold Core and become Mi Luo Continent's number one genius!

Using his own strength he was able single-handedly to fight against the Magical Beasts' troops. He was able to save Jin Ling country from downfall, that His Highness Hell King!

Not only that, he is also cruel and cold blooded. With his Xuan Yuan sword, he slaughtered thousands of lives, completely dyeing the soil on Gui Jin mountain range red-- He is the Lord of the Netherworld!

Feng Yunjing seemed to have not saw everyone's shocked expressions. Looking at Nangong Yu with a sneer, he slowly said, "Not to mention, you are the famous His Highness Hell King. With your prestige, you could get any beautiful girl you wanted. Why are you so stingy, holding onto a girl who's merely at Foundation Establishment stage?"

"How about this, you give Xi Yue to me. I promise that later on, one-tenth of the medicinal pills Feng family produces each year, we'll gift to you. How's that?"

Everyone, having heard this, all let simultaneously let out a sigh of relief.

This was Feng family's yearly production of medicinal pills. Saying these pills are priceless still wouldn't be considered too much.

Who didn't know that Feng family had a Grand Master Level refining pharmacist? In the entirety of Mi Luo Continent, the amount of Grand Master Level refining pharmacists were like feathers of a phoenix. [2] Each year, only 12 medicinal pills were produced and sold. Each of these medicinal pills were priceless and couldn't be bought with money.

Everyone couldn't help but look towards Hell King. In their minds, although the Foundation Establishment stage youngster was a natural talent and had some skills... How could she compare to Feng family's medicinal pills? They thought, as long as Hell King's brain hadn't malfunctioned, he wouldn't refuse.

However, Nangong Yu's expression was extremely chilly. He seemed extremely angry, comparable to a gunpowder barrel which was ready to burst at any given time.

He looked coldly at Feng Yunjing, slowly raising the black sword he was holding in his hand. The sword's killing intent sent a shiver up everyone's spines. "Feng Yunjing, if you wish to court death, then I don't mind helping you!"

Feng Yunjing narrowed his eyes and swept them over Nangong Yu and Hexi. Faintly smiling, he said, "This was merely a suggestion. Nangong, even if you don't agree, you don't have to get so angry."

"You can go back and think this over. The promises I made today are forever valid. If you change your mind, you can find me at any time."

Finished speaking, he looked towards Hexi and the blazing light in his eyes flashed away. "Xi Yue, Feng family's doors are always open for you. You can also come find me at any time."

Finished speaking, he threw out a dark red wooden tablet before turning around to leave without stopping.

[The King of Hell's Genius Pampered Wife](#)

Chapter 339: Plan Ahead

Hexi picked up the wooden tablet, turning it around in her hands to look at the entire thing. This was actually the token to Feng family's outer door, and it's level was quite high too. Non-inner core disciples aren't allowed to block it.

Not bad! This really was going to the Feng family to kill someone for his property. [1] An indispensable move, ah!

Hexi beamed, storing the command tablet in her space. Seeing this, Nangong Yu couldn't help it and his expression became extremely ugly.

He took Hexi into his embrace, coldly surveying her, he said, "Xi'er, if you dare to leave me to go into another man's embrace then I will..... I will....."

"You will do what?" Hexi raised her eyebrow up. She happily looked up at him, "You'll kill me?"

Nangong Yu's breath stilled. He felt as if this person was both crafty and beautiful, allowing him to love and hate her. He wished he could marry her immediately so he could shut her away and not allow anybody else to covet her.

But the reasonable part of his mind told him, Xi'er was different. He couldn't possibly lock her up for a lifetime and break her wings, she had her own world and wonderful life.

Hexi saw his cold face trying repress his emotions, he had the appearance that he would burst at any time. She didn't know whether to laugh or cry, "Even if I wished to go into another man's embrace, I wouldn't choose to go to that mental case, Feng Yunjing, okay? You seem to think there's a hole in my brain and I would look for a tyrant, ah!"

Saying this, she walked away and didn't bother him anymore. She minded her own business, continuing to open all the treasures Wu Yu had gotten.

Nangong Yu watched Hexi leave, but he didn't move for a long time. His eyes stayed at the sight where Feng Yunjing and his subordinates left from.

Qing Long stepped forward, to the side, he softly said, "Master."

Nangong Yu's long eyelashes dropped down, hiding his stormy mood. Then with a slow and low voice he said, "Notify Wu Xin, prepare ahead."

Qing Long was startled, his face betrayed his emotions. "Master!?"

This decision was related to Ming Wang Manor and Master's future. Master understated the decision, was it because of the matter concerning Feng Yunjing? Or was it because of wangfei [2]?

Qing Long wanted to say more, but when he saw Nangong Yu's cold and indifferent expression, he swallowed his words.

In any case, Master's command was their everything, they just have to follow it!

"Yes Master!" Qing Long bowed. The indifference in his eyes slowly turned cold.

Just for this day, Ming Wang Manor has already endured silently for long enough!

During this time, the treasures collected by Wu Yu and Gu Liufeng was quite a lot.

At one side, Hexi examined these treasures and then threw them into her space. Just thinking about the amount of yuan crystals she could get from these treasures, she became very happy.

One night turned into a rich feeling, it truly was too refreshing.

"Genius Doctor Xi." Suddenly there was a male's hoarse voice sounding from above her head.

Hexi lifted her head up to discover a middle aged man, who was about thirty years old. Although his cultivation base wasn't high, his body was intact, apparently unaffected by the Intoxicated Blood Poison.

The man's skin was very coarse and his hands were full of scars and calluses. His eyes were muddy and seemed to be filled full of sadness and hate. But they were also filled with helplessness.

Meeting Hexi's gaze, he didn't have many words to say. Instead, he took a jade box from his arms and handed it to Hexi. "I heard them say Genius Doctor Xi was looking for Burning Heaven Realm's Divine Dragon Fruit. I accidentally got this in Burning Heaven Realm. I hope Genius Doctor Xi won't ignore this."

Chapter 340: What Do You Want Me To Do For You?

Hexi blankly stared, then suddenly she opened her eyes wide. For a split second, she thought she heard wrong.

Divine Dragon Fruit?! Although she did deliberately mention to Wu Yu that she was looking for the Divine Dragon Fruit, she never thought she would be able to get it through this exchange.

After all, the Divine Dragon Fruit was extremely precious, the process of obtaining it is very challenging, forget about even a few people being able to obtain it. But, even if one does manage to obtain the fruit, with it's high value, who would be stupid enough to trade it away?

Hexi accepted the jade box and opened it. After taking one look at it, she already knew this really was the Divine Dragon Fruit. This Divine Dragon Fruit was Little Golden Dragon's most needed spiritual fruit, it was the one which could heal him the most.

Speaking to the middle-aged man, her tone was very mild, "Do you have any relatives who need me to detoxify or save them? Bring me over to see them?"

Unexpectedly, the middle-aged man stood in the same spot he was originally. His face was filled with sadness and desperation and after a while, he finally said, "No more..... No more..... There's already nobody left, it's too late!"

He suddenly turned around, pointing to a distant silhouette of a woman lying down. Then he pointed to the ground where the blood boiled then disappeared. Distressed, he said, "Genius Doctor Xi, do you understand now? That is my wife and son, just one hour before, they were still alive. Although my son was infected, he at the very least had the will to live."

"But, Feng Yian Ling— —! It's all because of Feng Yian Ling, that malicious woman! Unexpectedly, she forced my son to eat the Five Elements Blood Coagulation Pill. Letting my son explode and die, becoming nothing but a puddle of blood."

"My wife was so angry, she went to argue. But, she ended up being seriously injured by Liu Li Temple's people!"

"I'm unwilling, I'm very unwilling! Clearly, our family is nothing more than insignificant warriors. And Liu Li Sect, everybody minds their own business. For what reason did Feng Yian Ling not take our lives as lives? Why did she allow my family to fall apart? The family is bankrupt and the people are dead! [1]

The middle-aged man's voice was full of suffering and despair, breaking one's heart. Tears were flowing down his face.

Hexi was silent for a long time, gently pinching the jade box. Lowering her voice, "You gifted me the Divine Dragon Fruit, but what do you want me to do for you?"

The man miserably shook his head, "After losing my wife and child, these material items no longer have any worth to me. My family passed on specific ways to make charms. My family stayed in Burning Heaven Realm for seven days and seven nights, ambushing people. With great difficulty, we were able to obtain this Divine Dragon Fruit. The original hope was to improve my son's aptitude, giving him the ability to enter an influential sect to give him a more promising future."

"But now, it's all over! All finished! What use is this Divine Dragon Fruit to me now?!"

The man's voice got heavier and heavier, filled with more and more sadness and hatred. He seemed to have lost all hope before slowly lowering his voice, "Genius Doctor Xi, if I was to say I had any hopes left, it would be that one day when you deal with that slut Feng Yian Ling... When you give Feng Yian Ling and Liu Li Sect a tragic end, let me watch this scene with my own eyes!"

Hexi raised her eyebrows up and noncommittally said, "How do you know that I will deal with Feng Yian Ling? And how do you know that I have the strength to bring Liu Li Sect to a tragic end?"
