Chapter 401: Feng Family

A ball of fire condensed in his hands and he threw it towards the monster without limbs.

All that was heard was “chi la” before that wiggling monster turned into ashes, disappearing without a trace.

The white clothed male brushed the dust off his clothes and pondered for a moment before a bag appeared in his hands and the shouting piece of mincemeat was wrapped inside.

In Jin Ling kingdom, the four largest clans, Murong, Nalan, Ouyang and Huangfu, were all on par with each other. In Cang Ming kingdom, Feng family was unrivaled, they were an outstanding and large family.

In the entire Cang Ming kingdom, from the royal family to the sects, nobody dared to bother them. Even in Miluo continent, one of the four biggest sects, Liu Li sect, was apart of their property.

Feng family's official residence was located on Cang Ming kingdom's Wu Liang Mountain. Or, it would be better to say that Wu Liang Mountain was entirely considered Feng family's property.

The ancestors of Feng family built their paradise in the area with the most dense spiritual qi. They used the blackened phoenix soul as the family's defense and attacker. It could be said that living on the mountain was both dangerous and favorable. It was easily able to be guarded and difficult to attack, making it a beneficial place to cultivate.

And this paradise was comparable to the magnificence of Immortal Palace's pavilions and kiosks with its engraved corridors and painted halls. But what was most rare was that one didn't even need to meditate cross-legged, by just breathing in, rich spiritual power would circulate inside the body.

Being inside was like being inside the ninth level of heaven, outside the world of immortals, letting people wish to linger and forget about going home.

So it's surprise that the entire cultivation world scrambled for the chance to be able to enter Feng family. So much so that, even if they became a manservant in Feng family, they would be bringing honor to one's ancestors and become admired by everyone.

At this moment, instead the study of the main building of Feng family, a black clothed male with grave facial expressions was just saying something to a middle-aged male.

Naturally, that black clothed and grave faced youth was Feng family's young master— Feng Yunjing.

Although nowadays, Feng Yunjing was in power (in the Feng family), regarding major events, he still needed the clan elders and his father, Feng Tianba's, decision.

Regarding this time's loss at Sealed Dragon Domain's Secret Territory, he needed to have an explanation for Feng family's elders.

Hearing Feng Tianba's words, the image of Hexi's elegant and delicate expression flashed through his mind before he quickly denied it.

It couldn't be him, that person was difficult to deal with, but was only a Foundation Establishment stage martial artist. Even if they received Zijin Palace Hall's inheritance, what did he count as?

He couldn't have obtained Sealed Dragon Domain's Secret Territory.

Feng Tianba also quickly turned his thoughts back to Sealed Dragon Domain's Secret Territory, his voice was deep as he said, "Seeing as Sealed Dragon Domain's Secret Territory can exchange owners, an expert must have been the one who took control. Our, Feng family, doesn't need to compete against them in the future."

"As for that Spring Tree, honored sir Mu Hua already said he thought of an alternative method. Our Feng family's secret ministry is planning to plunder... You don't have to worry anymore."

When he heard what he said, Feng Yunjing nodded his head. Immediately after, he knitted his eyebrows, "But this time, Lian Ying was unable to obtain Zijin Palace Hall's inheritance..."

"Heng, useless person!" Feng Tianba coldly snorted, then calmly said, "How many years have we been planning, how much resources have been spent on her, how many preparations had been made for her for this trip to the Sealed Dragon Domain."

Chapter 402: Genius Doctor Xi Yue

"Clearly success should've been assured, didn't expect that she was defeated under a Foundation Establishment stage youngster's hand and even acted so hot-headedly in Hundred Herb Mist. Practically is losing all of Feng family's face!"

"If it wasn't for the sake of her master's face, I would've thrown her out of Feng family a long time ago!"

As Feng Tianba was speaking, anger was rolling over his face in bursts. Recalling the scene, outside of the Secret Territory, of Feng Lian Ying's bare body, he was itching to beat this daughter to death!

Originally he wanted to wed her to Nangong Yu, firmly fastening him. But it seems like now, these thoughts must be dropped!

This trash that can't be seen in public, Nangong Yu's eyes are higher than the top, how could she possibly meet his gaze!

"Speaking of the youngster that stole the Zijin Palace Hall inheritance..." Feng Tianba deeply sighed and then handed a jade book to Feng Yunjing. Lowering his voice, he told him, "I'm afraid this youngster isn't very simple, you take a look."

Feng Yunjing's face was puzzled, taking the jade book, his expression was deep.

A moment later, Feng Yunjing's face returned to his regular 'well without ripples' face [1]. Then, he let out an astonished expression, lowly saying, "Able to completely cure Ouyang Haoxuan's fractured meridians and even his cultivation level was reinstated to how it was previously?!"

“Genius Doctor Xi... Xi Yue, Father, are you certain they’re the same person?”

Feng Tianba pursed his lips, “From what you’ve said, that youth, Xi Yue, received Zijin Palace Hall’s inheritance. That in itself proves that he has medical skills.”

“Adding onto that are his deeds in Hundred Herb Mist, he clearly has much higher medical skills compared to Feng Lian Ying.”

“On the world, there aren’t many brilliant doctors. Yet it just happens that two suddenly appear, and both are surnamed Xi? Moreover, I also heard that the Genius Doctor Xi who cured Ouyang Haoxuan was a seventeen or eighteen year old youth.”

“Therefore, I’m ninety percent certain that this youth called Xi Yue is the Genius Doctor Xi that’s caused the medical world to go crazy.”

Talking up to here, Feng Tianba’s gaze turned serene, “Yunjing, although this time’s operation, at the Secret Territory, was a fail, you can’t say we didn’t gain anything from it. Regarding this Xi Yue, you must clarify for me, if he truly has such Godly methods, our Feng family needs to rush to hold him inside out hands...”

A blaze burned in Feng Yunjing’s eyes before quickly disappearing and immediately after, he seemed to have thought of something. His expression was faint as he lowered his voice and asked, “But Father, how should we deal with Nangong Yu?”

“His relationship with that Xi Yue appears to be excellent. For that Xi Yue he didn’t hesitate to clash with me.”

Feng Yunjing, himself, didn’t know where his thoughts were. He found out that Xi Yue could possibly be a woman, and Nangong Yu and Xi Yue’s intimacy was all concealed.

Naturally, Feng Tianba thought Nangong Yu’s favor of Xi Yue was due to his medical skills, so his expression was grave as he said, “Nangong Yu, if you can avoid, then avoid. By all means, you must not go and deliberately provoke him. He isn’t someone you can bother right now.”

Having heard what he said, Feng Yunjing’s complexion sunk and his heart was filled with refusal.

Nangong Yu was at Nascent Soul stage, he was also at Nascent Soul stage. And adding onto that was the numerous, difficult to deal with, magical weapons owned by Feng Family. Feng Yunjing didn’t believe that he would lose to him.

Why did Father say he was someone he couldn’t provoke?

Feng Yunjing ground his teeth, “Father, don’t speak, he only has this bit of skill. Even if he’s very difficult to deal with, you’re his life-saving benefactor. Don’t tell me he can bite the hand that feeds him? Why should we need to avoid him like a taboo?”

Chapter 403: The Situation Has Changed

When he heard what was said, Feng Tianba became startled. Then, he shook his head. “Life saving benefactor? He he...”

He hadn't finished speaking when his voice turned mocking halfway through.

Feng Yunjing was about to ask when Feng Tianba immediately waved his hand, "All you need to know is to not provoke Nangong Yu, it'll be alright then."

"Regarding Xi Yue's matters, secretly investigate them. If you're certain, quietly make contact with him."

"With our Feng family's status, as long as he's sensible, I don't believe a mere Foundation Establishment stage martial artist won't be tempted. As long as Xi Yue is willing to submit himself to Feng family, even Nangong Yu can't do anything, right?"

Feng Yunjing ground his teeth, "But Father, nowadays, Nangong Yu is becoming stronger and stronger and won't consent to join us by marriage. I'm afraid he'll become a big worry for our Feng family in the future..."

"Okay, you don't have to worry about this matter anymore!" Feng Tianba waved his hands, preventing him from asking anymore questions, "If there's nothing else, withdraw first."

Feng Yunjing's expression fluctuated, but seeing Feng Tianba's dignified expression, he swallowed any remaining words he had and quickly left the room.

After Feng Yunjing retreated, approximately the time it took to burn a stick of incense later, a white figure appeared in the doorway of Feng Tianba's study.

This person was precisely the white clothed male who appeared at Jiang family's other courtyard.

At this moment, he was carrying a bag. The bag seemed to have something incessantly squirming inside it, so much so that you could even faintly hear someone's hoarse yells coming from within.

When this person entered the study, he humbly saluted Feng Tianba. With a lowered voice, he reported, "Clan head, the situation has changed. The underground testing pharmacy in Yan Jing's eastern outskirts seemed to have been destroyed by someone. Subordinate used spiritual skills to investigate and all of the bound black spirit plants have been completely destroyed. There's also this..."

The white clothed male shook the bag and it loosened slightly. The bag began to open when the thick smell of rotting blood assaulted one's senses.

Accompanying the smell was the sound of a hoarse and broken voice.

A mincemeat's skeleton appeared in front of their eyes. All the internal organs and blood in the skeleton had filled up the bag. But what was strange was that this person had already turned into this weird monster, but that mutilated skull was completely intact. Furthermore, it could even let out such pained howls.

This scene was truly too terrifying and strange.

Feng Tianba shook for half a day before saying in disbelief, "This is... Elder Jiang?"

»»——— * ———««

Once Feng Yunjing exited Feng Tianba's study, his face turned gloomy.

That beautiful yet icy appearance kept flashing through his eyes. But, that face was peach colored towards Nangong Yu. It was somewhat prettier than this immortal manor's exquisite jade flower trees.

From childhood, Feng Yunjing got whatever he wanted. Which woman didn't stick to him like a housefly when she saw him.

Only this Xi Yue!

Refusing his invitation three times, even facing him with a long sword.

If it wasn't for Nangong Yu supporting her, she was a mere Foundation Establishment stage martial artist. Where would one find the courage to refuse him, who would have the capability to refuse him?

The secret desire~hope and envy at the bottom of his heart burned, causing his grave and stern expression to distort.

Standing in the middle of a pavilion, Feng Yunjing tightly clenched his fist around a stone pillar, mumbling to himself, "Xi Yue, you're destined to be mine, unable to escape my palm! When I kill Nangong Yu, you'll become my person. I'll have you kneeling in front of me, begging me to love you!"

"Young master, you've returned!" Suddenly, a tender and soft female's voice interrupted Feng Yunjing's thoughts.

Soon after, a woman full of gold and jade with beautiful and elegant features threw herself into Feng Yunjing's embrace. "Young master, this time you left for such a long time. Yan'er really missed you!"

Chapter 404: Unconscious

When a fragrant and overly sweet woman threw herself into his embrace, it should be warm~ fragrant~ and jade.

But Feng Yunjing suddenly thought of something. When that person neared him, the faint smell of herbal medicine hit him in the face.

There wasn't any of the woman's beauty nor pampering, instead, it was an uncontrollable and strong feeling of indifference.

Suddenly, Feng Yunjing felt as if the smell of cosmetics disgusted him. He shook off the woman that threw herself into his embrace and coldly said, "Go away! Seeing you makes me feel nauseous!"

Finished speaking, his figure disappeared.

The woman who had been left inside the pavilion first stared blankly, then her pretty face warped.

Previously, she was a servant girl in Feng family, because her appearance was outstanding, she was chosen to be Feng Yunjing's personal servant girl.

Being Young Master's servant girl meant that inevitably, there would be a day she would become Young Master's woman.

Chen Yan'er had always been arrogant— She was the prettiest and cleverest woman by Young Master's side. Although Young Master's heart was cold, he would occasionally treat her warmly.

But today, today she clearly saw loathing in Young Master's eyes.

Chen Yan'er angrily punched the stone pillar, mumbling fragments to herself, "Xi Yue? In the end, where did this vixen Xi Yue that Young Master speaks of come from? I need to have this person properly investigated... Wanting to seduce Young Master, I want you to properly understand not knowing shamelessness!!"

Igniting one's dantian, naturally one would need to pay the price.

Therefore, after Hexi returned to Bie Courtyard, she didn't even have enough time to relocate everyone inside the Secret Territory before she sunk into a coma.

Dan Dan and the Little Golden Dragon stood by Hexi's side the entire night, neither of them dared to even move one foot away and Dan Dan cried until his eyes were red and swollen.

Wu Xin used his spiritual energy to search for the condition of Hexi's injury and wrinkled his eyebrows.

Hexi's injury was extremely severe. Her dantian's spiritual energy was close to being drained, but what was even more urgent was that, after losing consciousness, Hexi developed a fever.

And this type of fever rendered her incapable of receiving any spiritual energy externally, even feeding her supplementary spiritual energy [1] didn't work.

Dan Dan lied down next to Hexi, grabbing her hand. He had cried so much his voice turned hoarse, "Mother, you clearly said that nothing would happen. You said you wouldn't abandon Dan Dan, wu wu wu..."

To the side, the Little Golden Dragon comfortingly patted the little fellow. But he was also worried sick and couldn't say any comforting words.

When they were at Jiang family's Other Courtyard at the eastern outskirts, he thought that lao da's injury wasn't too serious. Lao da didn't show any symptoms of being an ill person, she could even cheerfully and wittily punish that old bas***.

But how could he forget? Lao da's true cultivation stage was merely Meridians stage. Breaking out into high level Gold Core stage would undoubtedly have a price.

As the night turned a bit darker, Hexi continued to have a fever. Her face was flushed and she remained unconscious.

Dan Dan cried and cried and under the Little Golden Dragon's pacifying, he fell asleep. The Little Golden Dragon lay by the headboard, scouring his inherited memories for any means to save Hexi.

Suddenly, Wu Xin's, who was standing in the doorway, expression turned cold. He quickly stood up and a flying sword appeared in his hand.

But, his flying sword just appeared in his hands when the grave expression on his face turned into shock. He blurted out, "Master, you... Why did you come?"

The arriving person was travel-worn and their face was haggard. Shockingly, it's Nangong Yu.

Nangong Yu completely ignored Wu Xin. He quickly walked towards the front of the bed and softly carried her.

Due to her having a fever, the girl's cheeks were flushed and her originally soft and pink lips had lost all their color, and even began showing cracked lines.

Chapter 405: Beautiful gege?!

Long eyelashes hung down, covering up a pair of cold, phoenix eyes. A faint silhouette shown on snow white skin, causing the person to appear frail and helpless.

It was completely different when compared to her ordinary craftiness, the appearance of not letting anything or person control her.

Nangong Yu softly let out a breath. The pair of hands that carried Hexi tightened, his heart welled up with regret and pity.

"Little girl, why do you have to be so stubborn?" He lowered his head, softly murmuring, "Why didn't you ask for my help? Why can't you rely on me? Am I so unworthy of your trust?"

He said such reprimanding words, but his tone was filled with pampering and tenderness.

His slender fingers softly played with her messy hair and his expression was that of someone who was tending to the most precious treasure.

The Little Golden Dragon who was sleeping at the head of the bed finally woke up from his dreams and loudly shouted, "You... Who are you? Who let you touch lao da's body as you wished?"

The Little Golden Dragon's yells woke up the originally unconscious Dan Dan.

Dan Dan rubbed his swollen eyes, and at a glance, he saw Nangong Yu who was carrying Hexi in his embrace. He cried out, "Beautiful gege, Mother is injured. Quickly save her... You're so awesome, help Mother wake up quicker, okay? Wu wu wu..."

Nangong Yu's usual calm turned distracted now.

The crying spiritual pet before him was a pink pig? Moreover, this little pig called Hexi Mother but called him beautiful gege?!

Nangong Yu's mouth twitched and turned down. Immediately, he restored his usual calm and indifferently said, "Naturally, my coming here was to come and save Xi'er."

After saying this, his finger softly cut across his own wrist and very quickly, a dark red trail of blood came out of the wound.

"Master, you— — How can you waste Blood Essence at such an important time."

Wu Xin's face was filled with anxiety, he practically wanted to run over and stop Nangong Yu.

But, one of Nangong Yu's cold glances stopped him from acting blindly without thinking.

"Don't forget why I pushed the plan earlier." A stern voice containing gloominess was heard, "Wu Xin, I'll forgive you for this time. Next time, if Hexi retains injuries again, you don't have to return to Hell King Manor!"

After hearing what was said, Wu Xin turned rigid. A slight chill ran across his back and after awhile, he finally mustered up one word, "Yes."

In fact, this time, he wanted to teach Hexi a lesson.

So when Hexi had him stay in Bie Courtyard, he didn't follow her and merely gave a protective jade slip.

During this time, although Wu Xin's person was at Bie Courtyard, his soul had always been paying attention to the movements of the jade slip.

As long as Hexi called for help, he would immediately rush over.

He thought that Hexi was merely at Foundation Establishment stage and that the opposite side would just have a group of martial artists at high level Meridians stage. In any case, Hexi couldn't possibly be their rival and by that time, she would certainly cry to him for help.

But, how could Wu Xin think that Hexi would be able to massacre all the people and even take down a high level Gold Core stage expert, all by herself.

Foundation Establishment stage battling a Gold Core stage, ah!! This completely exceeded common sense, all that was left was a profound sense of admiration and reverence.

Nangong Yu coldly snorted and didn't continue speaking. Instead, he brought the wound on his wrist closer to Hexi's mouth and slowly fed it to her.

The Little Golden Dragon suspiciously looked at Nangong Yu as he snatched Dan Dan. Whispering into Dan Dan's ear, he quietly asked, "This person is green onion or garlic [1], ah? You let him stay by lao da's side? Won't have bad intentions?"

Chapter 406: Have To Call Me Daddy

Dan Dan blinked his big eyes and flattened his lips, "Beautiful gege is a good person, he's saved Mother multiple times."

"Moreover, Dan Dan has seen Mother play and kiss with beautiful gege... Longlong, what is benefiting at others' expense?"

Little Golden Dragon, "..."

When the pure yin blood went into her stomach, her inflamed dantian seemed to have been given spring stream and slowly returned to its original state.

Nangong Yu pressed his left hand on Hexi's back and slowly channeled his spiritual energy into her body, cautiously restoring her dantian which had been burned.

After the time it took to burn a stick of incense, the pained expression on Hexi's face slowly disappeared, becoming peaceful.

But, Nangong Yu's complexion turned deathly pale. His originally tired eyes had greenish black ash added onto them.

To the side, Wu Xin was full of anxiousness, he wanted to step up and ask to substitute as the person giving Hexi spiritual energy. But he was quickly glared at by Master with his cold eyes.

Nangong Yu used his hand to feel Hexi's forehead. After ensuring that she no longer had a fever, he loosened his breath and extended his hand to wipe away the perspiration on her forehead.

The room turned tranquil and ambiguous. Nangong Yu tightly held onto Hexi and his line of sight never moved away, not even for a second.

He wanted to stay like this forever, to have her by his side forever. But right now, he couldn't.

If his matters weren't finished, then if Hexi were to stay by his side, there was a possibility that danger would happen one day. So much so that... she may even die a violent death.

This was something he couldn't endure, even if he died.

Nangong Yu slowly released his hands and stood up, "I'm leaving, take good care of her."

"Furthermore, don't let Hexi know of my coming here and you absolutely can not let other people know either."

Finished speaking, he faced the two fellows by Hexi's bedside, "Did you clearly hear me?"

The Little Golden Dragon and Dan Dan acted like they were awed and simultaneously nodded their heads. Their appearances were extremely lovable and cute.

Nangong Yu leaned over to leave a light kiss on Hexi's forehead before turning around to leave.

But, when he had just reached the doorway, he suddenly turned around. His serene eyes closely watched Dan Dan as he gloomily said, "When you see me next time, you must not call me beautiful gege. You have to call me daddy, do you hear me?"

"Heard... Heard it." Dan Dan's face was dumbfounded, under Nangong Yu's intense gaze, he obediently nodded his head.

Wu Xin turned his head to facepalm. Master, is threatening wangfei's spirit pets really good when she's in a coma? If he remembered correctly, wangfei still hasn't agreed to marry into his house?

»»———— * ————««

Hexi felt that this sleep was endless.

A painful and burning torture accompanied beside her in sleep. She felt as if she had been thrown into Taishang Laozi's refining pill stove like monkey Sun was [1]. It was scalding hot everywhere, it was painful everywhere.

This sort of torment continued for a long time, but soon after, someone softly brought her into their embrace.

That hug was extremely tender and doting, and even carried traces of familiarity. This allowed her body and mind to relax.

Soon after, an ice cold clear spring and bloody smelling stream entered her throat and went into her dantian.

Following this, the burning pain faded away without a trace. Even her bruised dantian was moistened by this spiritual energy blood, slowly restoring.

The early morning's warm sunshine sprinkled across her snow-white and jade-like skin and stroking her soft hair.

Her long eyelashes faintly trembled as Hexi slowly opened her eyes.

"Mother--!!" Before she could make out everything in front of her, she felt a short and stout heavily crashing into her embrace. Soon after, she heard the child's familiar weeping.

Chapter 407: Mysterious and Secretive

"Wu wu wu, you're finally awake Mother... Don't die Mother, don't scare Dan Dan anymore. Wu wu wu..."

Hexi turned her head to look around her as Dan Dan was crying in her embrace.

Circling around in the air staring at her with a happy expression was the Little Golden Dragon, who was also scolding Dan Dan. "You fool, lao da woke up, how can she still die. You're so heavy, throwing yourself onto lao da. Not even afraid you'll squish lao da and internally injure her."

And Wu Xin, who was standing in the doorway, watching her, let out a loose breath.

What surprised Hexi the most was a pale faced little guniang with red eyes who laid on the bed and staring at her as big teardrops tumbled out of her big eyes.

"Xiao Li!" Hexi cried out in surprise as a smiling expression appeared on her face, "You recovered?"

But before she could finish asking the question, the little guniang let out a big cry and, following Dan Dan, also threw herself onto Hexi. "Miss, I'm sorry. It's all because I'm no good, it's because I'm useless. I hurt Wet Nurse Chen and caused Miss to receive injuries and fall into a coma, wu wu wu..."

By the time it was early morning, Xiao Li had already woken up. Under the treatment of the spiritual spring water and nectar from the Thousand Leaf Flower, she was already almost completely healed. She could even change back into human form.

But after she woke up, she discovered that Hexi wasted a great amount of spiritual qi in order to save her. Not only that, she also concluded a life and death contract with her. She even received injuries in order to revenge her. After the little fox found out about this, she was incessantly worried and blamed herself, she didn't once stop crying.

After Hexi woke up and she heard her soft voice, she couldn't bear the sadness and fright she felt over these few days and began to wail.

Hexi was made speechless when she saw their appearances when they were afraid she would die, but she also felt touched.

She turned around on the bed and slowly circulated her spiritual energy, then she let out a pleasant smile. "Very strange, apparently the aftermath of my ignited dantian isn't as serious as I thought it was."

"I feel that my dantian's spiritual force is abundant, right now and the spiritual qi in my meridians aren't clogged at all. Apparently... my cultivation level even raised a little."

Speaking up to her, Hexi carried the plump Dan Dan in her embrace and pinched his pink cheeks. Laughing, she teased, "Okay, little crying bag. Look, nothing is wrong with Mother. Don't look like the sky is falling down."

Dan Dan flattened his mouth and stammered, "It wasn't originally like this. Yesterday evening, Mother was scolding hot and no matter how loud it was, you didn't wake up. No matter what we did to try and give you spiritual energy, it was no use. Dan Dan was truly really scared that Mother would die."

"If it weren't for, after..."

Dan Dan's words were half said when Wu Xin, who was standing to the side, lightly coughed and walked forward. "Wangfei, the servants inside your courtyard have already been waiting outside for a long time. Because you were not awake, they did not dare to act on their own initiative and deal with the corpses. May I ask whether or not you wish to go outside right now and explain it to them?"

Hexi hadn't even said anything, but Wu Xin's words caused Dan Dan's complexion to change and he quickly shut his mouth.

Hexi wrinkled her eyebrow and suspiciously casted a glance at Wu Xin, then looked at Dan Dan again. "Dan Dan, what were you just saying, If it weren't for, after what?"

"Nothing! Nothing!" Dan Dan's small head shook like a rattle, "Dan Dan never said after!"

Hexi looked towards the Little Golden Dragon, whose face conveyed a 'I don't understand what you're talking about' expression.

"Mysterious and secretive, what are you up to?" Hexi muttered, no longer trying to understand these few fellows, and walked out of the room.

Chapter 408: Heavenly Paradise

When Xi Jia and the others saw that Hexi was healed, they all seemed to become better at the same time as well. Then, they suddenly ran up in front of Hexi and kneeled down on the floor with a 'plop' sound.

"Miss, you're okay... you're okay. Really is too great!"

Clearly they were a group of rough men, but now, each and every one of them was crying. Some were even sobbing, repeatedly saying "Miss". It really caused Hexi to not know whether to laugh or cry.

Xi Jia wiped away his tears and he said, with his voice choked with emotion, "Miss, may I ask... where should we bury Wet Nurse Chen's body? Do you need me to create a burial mound for her behind Bie Courtyard's mountain?"

When he mentioned Wet Nurse Chen, Hexi's eyes dimmed a little and a thread filled with heavy sorrow streaked through her eyes.

She was silent for a long time before softly saying, "No need to, this Bie Courtyard isn't safe anymore. Soon, we'll have to change our place."

"Regarding Wet Nurse Chen and the others' bodies, use spiritual jade to preserve them. We will send them to an earthly paradise to be buried."

»»———— * —————««

After confirming her own body was alright, Hexi didn't pause and began to arrange a follow-up plan.

It was very clear that Nalan Family's Bie Courtyard is no longer safe.

Hexi had too many treasures that others coveted, but her strength was too weak. She had no means to display these treasures' former might.

If it was just herself, she wouldn't be afraid of anyone coming over to plunder and long (for her treasures). But when thinking of Wet Nurse Chen's death and Xiao Li's skinned appearance, lingering fear bubbled forth in Hexi's heart.

Ordinary people were innocent, treasuring a jade ring becomes a crime. She could protect Xiao Li, Xi Jia, and the others for a short period of time, but not for a lifetime.

Rather than constantly worrying about their safety, it would be better to think of ways to increase their strength. So that they would be able to defend themselves.

Give a man a fish and you feed him for a day, teach a man to fish and you feed him for a lifetime!

And the best location to promote and protect Xi Jia and the others was naturally Sealed Dragon Domain's Secret Territory.

Before leaving, Hexi had people return this Bie Courtyard left by Nalan manor to its former state. She prepared to go outside to purchase some little servant girls and manservants to clean Bie Courtyard.

After all, this was the place that Nalan Hexi and Wet Nurse Chen had lived in for over ten years, leaving behind many irremovable marks.

What's more, if people from Nalan manor decided to visit one day, this was a good way to pool the wool over their eyes.

After leaving, Hexi quickly took out a light dress and entered Cang Mountain with everyone in tow.

The ban sent bursts of bright light and in the blink of an eye, everyone appeared in a dark green grassland.

There weren't any pavilions or kiosks here. But there were dark blue lakes, seas of flowers, and green spiritual plants.

The sky was dark blue and the spiritual energy in the air was plentiful. There were also the clear sounds of songbirds and insects coming from far away. This let everything be filled with picturesque charm.

The three fellows; Dan Dan, the Little Golden Dragon, and Xiao Li, had long ago stopped controlling themselves. They ran into the cluster of flowers to roll around and play.

Even the Purple Abyss Vine was unwilling to lose out, it's purple vines danced about as it ran towards the three fellows to play.

One could hear their bursts of laughter and for no apparent reason, their hearts would feel lighter and brighter.

But everyone who entered this heavenly paradise, aside from Hexi and those several simple-minded spiritual pets, who would still have the mind to be lively and play.

They all had their eyes wide open and didn't dare believe everything they saw.

Zhang San, no! Now he had already changed his name to Xi San.

[The King of Hell's Genius Pampered Wife](#)

Chapter 409: Settle in Sealed Dragon Territory's Secret Territory?!

Xi San couldn't help but seize the meat on his face, muttering, "Miss, you... You're saying we'll be settling here? The spiritual energy here is richer than Water Moon's Zong Bao mountain... Settle... Settle here?"

"What? You don't want to?"

"No... No! Not that! How could I not be willing!" Xi San excitedly answered, even his words shook. "Miss, how did you find this place? Are we still inside Cang Mountain? Such a valuable place, ah. Those... Those cultivators won't come and fight with us right?"

Hexi faintly smiled and didn't mind everyone as she dropped a bomb on them, "This is Sealed Dragon Domain's most comfortable Green Wood Realm. Right now, I'm the master of Sealed Dragon Domain, the entire Sealed Dragon Domain is considered my territory."

"You say, can or can we not settle here?"

"Sealed... Sealed Dragon Territory's Secret Territory--!!"

This time, it wasn't only Xi San. Even Xi Jia and the others let out cries of surprise.

Heavens! What was Miss saying?

This was Sealed Dragon Territory's Secret Territory. It was the place all those cultivators forcibly took earlier and the place filled with countless treasures, Sealed Dragon Territory?

It was the Sealed Dragon Territory that even Nascent Soul stage martial artists were somewhat afraid of and wouldn't enter to explore unless they had made preparations?

It was that place. The place that, to them previously, wasn't completely out of reach. The Sealed Dragon Domain's Secret Territory that they didn't even dreaming of going to join the chaos to treasure hunt?!

Moreover, Miss was now the owner of Sealed Domain's Secret Territory. In other words, every inch inside this secret territory and every magic weapon all belonged to Miss?

Xi San suddenly felt a bit muddle headed and felt that it was somewhat hard to breath.

Heavens, he really wanted to know, what other world shattering news did his family's Miss have to give afterwards to cause him to explode.

Xi Jia and the others' thoughts, by comparison, were much more blunt and simple. After Hexi confirmed that this Secret Territory, that everyone was scrambling to plunder, was theirs, everyone let out enthusiastic shouts.

The Little Golden Dragon unsteadily flew in front of the excited crowd of people, arrogantly pouring cold water on them. "Heng, heng! If it wasn't for the fact that you are lao da's slaves, you would have never been given such a gift by lao da. Ben zun would've never consented to allowing you inside!"

"I'm warning you, the matters regarding the Secret Territory cannot be spread out. If you dare to even leak one character outside, heng heng! I'll immediately let you become a departed spirit!"

Xi Jia and the others only considered this for a second before they understood the severity behind these words.

This was Sealed Domain's Secret Territory, countless Nascent Soul martial artists wished to plunder it. If outsiders knew that their Miss owned it now, wouldn't all the martial artists in Miluo Continent look at Miss as a target to plunder and chase?

At once, Xi Jia and the others kneeled down to Hexi. "Miss, be at ease. We swear we won't leak out anything regarding Sealed Dragon Domain to anyone else. If we go against this oath, lightning will strike us and we'll die without a corpse!"

Hexi waved her hand, faintly saying, "First, you guys go build a few simple residences. Afterwards, everyone come down and find a nice place to bury Wet Nurse Chen."

Xi Jia and the others repeatedly answered yes, then they quickly got busy.

Previously, although they passed comfortable lives inside Nalan manors Bie Courtyard and their strength made progress, they were at a loss and confused.

But today, they saw Sealed Dragon Domain's heavenly paradise, all their confusion and loss disappeared.

At this moment, Xi San, Xi Jie, and the others no longer had any doubts.

Chapter 410: Cultivation Plan

As long as they followed Miss, they would definitely become strong. Moreover, they would become stronger than they didn't even dare to dream of before.

There weren't any talented builders in Xi Jia and the others, so naturally, the buildings they made couldn't be said to be cozy.

On the second day, after seeing everyone cuddled together with her and the several things pressed down on her, causing her to become numb, Hexi rose up with the intention to pick some slaves. Specifically, skilled slaves.

Furthermore, the most important matter today was to prepare the training plan for the people by her side.

Her bringing Xiao Li, Xi Jia, and the others in here wasn't to let them peacefully play inside Green Wood Realm. Rather, she wanted to train them, to let them become powerful.

The realms in Sealed Dragon Territory, aside from Green Wood Realm, were Water Moon Realm, Burning Heaven Realm, Ice Snow Realm, and Desolate Desert Realm.

Among these, Burning Heaven Realm, Ice Snow Realm, and Desolate Desert Realm's terrain were particularly nasty. There were a good deal of magical beasts roaming around, it could be said to be the best place for martial artists to refine and train their bodies.

Previously, Hexi had no means to let Xi Jia and the others refine their bodies. Apart from letting them train their bodies by refining pills for them, there weren't any other alternatives.

But after her visit to the Hundred Herb Mist, she obtained various refining body methods. Some were ones that she plundered and some were exchanged for the antidote.

Among these was a method called Demonic Terminating Method, Hexi really admired it.

This method didn't require one to be a cultivator, they only had to have a high amount of natural talent. But the cultivation process required the body to suffer an enormous amount of pain for a short period of time. It needed someone who was extremely tough and had a lot of willpower.

And Xi Jia and the others were slaves, they had passed through many masters, suffered much pain and humiliation. This type of person's temperament would be tough and they would desire power. Hexi could see this through the previous mission she gave them. No matter how bitter or tired they were, nobody complained or became lazy.

As long as one could endure the cultivation process' pain, suffering, and forging, one could achieve "Demonic Gold Body."

In Miluo Continent, this so called Demonic Gold Body was practically equal to the existence of an undying body. Even a hit from a Nascent Soul stage martial artist, using their full strength, wouldn't be strong enough to take them down.

Of course, the description of the method said that Miluo Continent never had anyone who obtained Demonic Gold Body. Even if the people who obtained Earthly Demon Gold Body was exceptionally few.

Earthly Demon Gold Body was equivalent to the cultivation of the summit of Gold Core stage. If Xi Jia and the others were able to achieve this stage, they could be considered to have the utmost capability to protect themselves in Miluo Continent.

Hexi gave Xi Jia and the other ten people three tasks in order to assess them.

They could only leave Burning Heaven, Ice and Snow, and Desolate Desert Realm after they finished cultivating and went through the trial.

And if they passed the trial and achieved Foundation Establishment stage, Xi Jia and the others could begin to cultivate Demonic Terminating Method.

After arranging Xi Jia and the several other people's cultivation plan, the next person was Xiao Li.

Xiao Li's innate talent was extraordinary, however, she practiced enchanted power. The spiritual beasts inside this Sealed Dragon Domain were abundant, it was suited for martial artists to cultivate. But, it wasn't suitable for the enchanted race to cultivate.

Moreover, Dan Dan and the little dragon could cultivate in her Xumi mustard subspace, slowly promoting their strength. Only Xiao Li didn't have much of a helping hand in her space.

Even the Ninth Secluded Spring Water seemed to lose its effect after she drank half of it.

After muttering to herself for a moment, she asked for Xiao Li's opinion. "Sealed Dragon Domain doesn't have any enchanted power, it's not suited for you to cultivate. If you want to become strong, you have two alternatives right now."
