Chapter 511: Keep Dreaming!

Sure enough, after Feng Lian Ying heard her words, she had an extremely astonished expression on her face, "O, so Chuo'er meimei means that because Xi gongzi saved you, him killing many other people doesn't have any relation?"

Shen Qingchuo was stunned and was suddenly tongue tied.

Shen Sen's face turned cold and he stood up, "Young Miss Feng, I advise you to be cautious with your words..."

"What, is Elder Shen preparing to threaten us now? Or is it that Shen family has decided to shield a murderer?" Feng Yunjing immediately interrupted Shen Sen and mockingly asked, "If Elder Shen was prepared to shield Xi Yue from the beginning, regardless of any sins he committed, what was the point of suggesting a public trial? Now that the truth has come out, could it be that Elder Shen wants to go back on his words?"

Feng Yunjing's words immediately caused the martial artists to place their blame on Shen family's shoulders.

Even the other two influential families, who had originally just been there to watch the show, also began placing accusations against the Shen family.

Qixing Palace's Elder Xia rubbed his long beard and meaningfully said, "Elder Shen, laofu has always heard that Shen family is just and fair. You can't ruin Shen family's millennial-long clean reputation for some little monster ah!"

"If clan head Shen were here, he would make the proper decision."

Shui Yue Sect's Elder Han had a fiery temper, adding onto this was that the sect had lost quite a few people in Sealed Dragon Domain and hadn't gained much rewards this time. So, at this moment, he hated Xi Yue, this possible murderer, to her very bones.

His cold gaze landed on Shen Sen, "What Elder Xia said was right. If we allowed this heartless murderer to live, wouldn't the entire Miluo Continent be in trouble? Elder Shen protecting this person so vigilantly can't help but cause people to harbor doubts about Qing Xia Sect's intentions ah!"

When other families and sects saw three of the four largest sects raising their dissatisfaction, they also started to point blame at Shen family. They no longer looked at Shen Sen with gazes of respect, instead their eyes were filled with anger and questions.

Feng Yunjing watched the scene in front of him and the happy expression in his eyes grew more and more intense as time passed.

His gaze couldn't help but land on Hexi's body. He saw his eyelashes faintly turned down, casting a faint shadow on his snow white skin. His body was straight, making him appear weak and beautiful.

This person would soon be his.

Feng Yunjing suddenly turned to Hexi and using his spiritual power, he secretly said to her, "Xi Yue, if you agree to be mine in the future, I'll absolve you of all your guilt, so you don't become the monster everyone in Miluo Continent wants to beat."

When Hexi first heard Feng Yunjing, she became distracted. She turned around to Feng Yunjing and faced him with a burning gaze filled with a greedy light.

Very quickly, her mouth turned into a ridiculing smile and her red lips noiselessly spit out two characters, "Keep dreaming!"

Feng Yunjing's cold expression twisted and he heaved a deep breath. An eerie chilliness flashed across his eyes, "Do you have any other words to say Elder Shen?"

Shen Sen wrinkled his brows and faced Hexi, asking her, "Xi Yue, do you have anything to say?"

Hexi softly shook her head, "No."

Shangguan Wenji immediately slapped the dragon throne and sternly said, "Since the evidence has been proven true, come people, arrest Xi Yue..."

"Slow down!" Hexi slowly opened her mouth, interrupting Shangguan Wenji's order.

Shangguan Wenji grimly laughed, "Didn't you just say you didn't have anything left to say? Now that death is near, you want to argue?"

Chapter 512

A sly smile crept around the corners of He Xi's mouth, "Indeed I have nothing to say . However, I didn't say that there wasn't any evidence for you to have a look at . "

As soon as the words came out, everyone in the hall looked at each other in surprise . They were wondering what had she got up her sleeve?

Seeing He Xi's expression, Feng Yunjing instinctively felt a bit of uneasiness .

He asked the guards who came over deeply, "Why are you still dazed? Do you really slow down just because he asked you to?"

Those guards finally came to their senses . They were about to rush towards He Xi .

However, a light golden fire lit up out of a sudden . Immediately, a playing image emerged in the void area located in the centre of the hall .

As soon as this image appeared, the people who knew about it exclaimed suddenly, "I know it . It's... It's Fixing Charm . It can record scenes which the eyes see into the charm . This is a very rare charm; the record time gets longer as the level gets higher . "

A medicinal field was currently played in the jade slip; there were high-level spiritual plants growing in the medicinal field . A group of martial artists were rushing towards the medicinal field frenziedly, picking and devouring the plants desperately .

Shangguan Rui and the two testifying guards were three of the many who were rushing in .

Feng Lianying's face turned pale immediately when she saw the image in front of her and heard the discussion of the surrounding people .

She rushed over almost instinctively, trying to snatch the half-burnt charm from He Xi .

However, she was quickly stopped by Shen Sen, "What's wrong with you, Miss Feng? Do you feel unwell? Even if you feel unwell, you don't have to throw yourself at Young Master Xi . "

Shen Sen was pressed hard by Feng Yunjing and members of every major family . He was very furious but had nowhere to let his anger out .

Now that he saw He Xi took this thing out, it was clear that the situation took a favourable turn .

How could he give the Feng Family a chance to interrupt He Xi .

"Or could it be that the evidence in Xi Yue's hand is unfavourable to Miss Feng, so Miss Feng wanted to rush over to destroy it?"

He Xi smiled faintly after hearing that . She took out a stack of identical charm from her arms and said slowly, "Rest assured, Elder Shen . Even if Miss Feng accidentally destroyed this charm, I still have a dozen of them with me . "

"The images in them were copied from the same Fixing Charm . The content is guaranteed to be exactly the same and without any difference . If you are curious, you can take the charm from me later and watch it slowly yourself . "

As soon as He Xi said this, Feng Lianying screamed hysterically, "This is fake! It's fake! She deliberately forged it as she wants to frame me!"

Shen Qingchuo made a "pei" sound and said indignantly, "It has just begun to play . You have already claimed that it is fake when no one knows what will happen next . Could you be a clairvoyant?"

"Hmph, I think you must be having a guilty conscience! Also, how have I never heard that things carved in the Fixing Charm can be forged? I would like to have the Feng Family forged a fake one for me!"

Shen Qingchuo's anger was nothing less than Shen Sen's; she was also worried about He Xi .

She was extremely disgusted by this pretentious woman who slandered Xi Yue . She really didn't know why there were so many senior brothers in the faction admired her like a goddess .

She was obviously an affected woman who was extremely feigned all over!

Looking at her losing herself now, Shen Qingchuo guessed that they must have been working together to slander Xi Yue . She immediately became excited .

Feng Yunjing's expression was not much better than Feng Lianying's . He had never expected that .

[The King of Hell's Genius Pampered Wife](#)

Chapter 513

Clearly, it was practically certain, but Xi Yue could still turn the tables .

He clearly noticed that no one within the group of Xi Yue and Nangong Yu was using Fixing Charm that day in the Hundred Herb Mist .

Let alone that he knew no one in the Hell King Manor was good at drawing this special charm .

Who knows at such a critical moment today, Xi Yue could come up with a Fixing Charm!

Feng Yunjing gnashed his teeth . His gaze towards He Xi immediately became hotter and hotter .

He sure had underestimated her . However, he became more and more obsessed with this person because he couldn't successfully pursue her .

At this point in time, the images in the Fixing Charm had been played for a while . The crowd was too frightened to even say a word when they saw the scene of people getting poisoned .

The face full of blood blisters and black liquid; the scene of body decaying bit by bit . They were really terrifying .

The timid Shen Qingchuo had already hidden behind Shen Sen . She covered her eyes and shivered in fear; she only dared to peek from time to time .

Everyone then saw Feng Lianying was the one who first stepped forward to offer help instead of Xi Yue . This was different from the narration of the two guards .

Initially, Shangguan Rui who consumed Feng Lianying's medicinal pill got better . However, he then exploded to death without warning and turned into a pool of blood .

Although there was no silhouette in this scene, it was extremely scary in everyone's eyes .

There were some people couldn't help but exclaimed, "It's... It's the Ice Lotus Fairy who killed the Third Prince!"

Seeing this scene, Shangguan Wenji who was sitting on the emperor's throne clenched his fist tightly . There were creaks at his joint areas .

However, he still couldn't show his hatred towards the Feng Family and Feng Lianying; he could only maintain his apparent calm .

However, Shangguan Zhenyue who saw this scene was stupefied . She kept yelling, "Impossible! Impossible!"

The two guards were even more embarrassed and horrified; their bodies curled up on the floor and shivered in fear . They felt regretful when thinking about their desperate and terrifying future .

The image was still playing . Eventually, everyone saw that Xi Yue was the one who really saved everyone .

It was indeed the young man who was accused of being a ruthless killer by them . His medicinal methods were simply fantastic . He cured dying patients with just a bowl of inconspicuous black medicinal liquid .

On the other hand, Feng Lianying was desperately looking for someone to test out her pills even though she knew that her medicine was useless . Seeing that these people who still had a chance of surviving became Feng Lianying's prey out of her selfishness, everyone in the hall had indignant expressions .

However, compared with the accusations against He Xi just now, they became furious yet afraid to speak when facing Feng Lianying and the strong Feng Family .

They just secretly looked at the so-called Ice Lotus Fairy with contemptuous and angry gazes .

When these people thought about the news of "The Ice Lotus Fairy rescued countless martial artists in the Sealed Dragon Territory" spreading in the streets and lanes, they felt extremely ironic; even the beautiful face of Feng Lianying had become disgusting .

The charm slowly burned out and the image in front of them slowly disappeared . Just when everyone thought that the contents in the Fixing Charm had finished playing, a light suddenly lit up above the charm .

Everyone immediately saw that Feng Lianying undressed body appeared in front of many martial artists at the foot of Cang Mountain outside of the Sealed Dragon Territory . The delicate skin, the exquisite body and the private parts which appeared indistinctly were uninterruptedly seen .

Chapter 514

"Ah, ah, ah!" Feng Lianying screamed . Her eyes turned white and her body fell back weakly . Eventually, Nie Jinchen held her in his arms .

Despite their efforts to suppress it, the people in the hall couldn't help but discuss softly in high spirits .

This final bonus scene was thrice as good as the images of the Hundred Herb Mist just now .

No one expected the Ice Lotus Fairy who seemed pure, noble and unapproachable was... such a debauched woman in private . Tut-tut, it was really unexpected!

Although the young and innocent Shen Qingchuo had seen this scene earlier on, she had only slightly seen what was happening as it was far away after all .

When she saw such an explicit scene at such close range, she suddenly screamed in shock and covered her eyes . She was also shouting with her clear voice, "Shameless! People in the Feng Family are really shameless!"

She also held the hands of his uncle and other senior brothers as she spoke . She grumbled, "All of you are not allowed to look at it too . Beware that you might get sty after looking at it!"

The senior and junior brothers from Qingxia Sect were all looking at her with pampers . They felt exalted at the same time .

They all remembered how overbearing the Feng Family and other sects were against them .

The Qingxia Sect was the strongest in terms of comprehensive strength amongst the four largest sects; its disciples had always had strict self-discipline and possessed fine untarnished reputation . It had never faced such grievance .

Fortunately, this honest Young Master Xi feared no gossip and finally proved his innocence .

This slap in the face was believed to cause the Feng Family and Liuli Sect unable to recover for a few month's time!Hehe, this felt so refreshing!

He Xi smiled lightly and flicked the remaining charm ash off her hands . She said clearly, "So? There should be nothing that I'm concerned with now . If there's nothing else, I'll leave first ."

She left calmly right when she was done speaking without even looking at the reaction of the people that were present .

Shangguan Wenji who sat on the emperor's throne was panic-stricken; Feng Yunjing had a gloomy expression; Feng Lianying was semiconscious . Those guards looked at one another and none of them dared to interfere .

When the martial artists who were originally surrounding the hall saw this teenager who was just at the Foundation Establishment stage approaching slowly, they backed up as though they were bewitched .

He Xi suddenly stopped when she was passing by his Highness the Crown Prince and Nalan Ziyun .

She glanced at Nalan Ziyun with a faint smile and her gaze finally fell on the Crown Prince . She curled the corner of her lips up and said, "Your Highness the Crown Prince, don't forget what you have just said — to uphold justice for the deceased!"

"After all, one of them is your biological brother who came from the same mother as you . Or was it that you intend to let the culprit who killed your brother off if it was a different murderer?"

The Crown Prince's face turned pale when he heard her words .

Nalan Ziyun yelled softly, "How dare you? What do you think you are? How can you comment on whatever decision His Highness the Crown prince is going to make?"

"I also saw in the images that you clearly have the ability to cure the disease and save them, but you made the martial artists exchange it with magic weapons and medicinal pills . Is this the integrity of a doctor? Even if you are not a murderer, you don't deserve to be called a doctor!"

He Xi curled the corner of the lips up even more and her gaze slowly swept from his head to his feet . She finally sneered after quite a long time, "Oh! Is a doctor who goes back on his words considered a good doctor? A doctor like Nalan Zhengze who declined the marriage because he couldn't cure someone's muscle and tendon fracture ."

Nalan Ziyun was stunned by her words . His expression was not well and he was speechless for quite a long time .

[The King of Hell's Genius Pampered Wife](#)

Chapter 515

He Xi smiled faintly, "Nalan Ziyun,hehe... I have kept it in my mind . "

Having said that, she quickly walked out of the hall without stopping .

Shen Qingchuo was not willing to be apart from He Xi . She grabbed Shen Sen to catch up with He Xi when she saw He Xi leaving .

When Shen Sen passed by Feng Yunjing, he couldn't help but smile gently, "Young Master Feng, your complexion seems bad . Is there any problem with your body?"

"I remember Young Master Feng has just said that Shen Family's reputation will be dragged through the mud for shielding a murderer . I'm wondering how would Feng Family handle a murderer who has killed numerous people? Young Master Feng better not disappoint everyone . "

After saying these words, Shen Sen got into a great mood . He quickly walked out of the hall following the grab of his little niece .

Regardless of how the Feng Family is going to handle Feng Lianying, in the end, the Feng Family has lost all their faces this time . Particularly in front of every major sect and family, they may not be able to gain any ground for a long time .

This boy Xi Yue is really wicked . He obviously possessed such important evidence, but he only took it out at the end after watching their well-rehearsed performance for a long time .

That was quite a slap in the face . People in the Feng Family may still feel the pain in their faces whenever they see a Fixing Charm in the future . Hahaha...

He Xi walked out of the hall, but she wasn't smiling too much .

It was because she knew that she would be unlikely to escape the consequence of paying with her own life, if she was the murderer of Shangguan Rui .

However, if the murderer of Shangguan Rui was Feng Lianying, she would lose some faces and be condemned by the public at most . Essentially, she would not be punished too heavily .

This was Miluo Continent, a world where the fittest survived and strength determined everything .

The so-called axioms and justice were written by the strong . As long as you were not strong enough, you only deserved to be bullied by others .

Fortunately, she received a talisman from that middle-aged man this time before coming to the Big Hunting Match .

The middle-aged man was named Jiang Huai . He was the man whose wife and son were killed by Feng Lianying in the Hundred Herb Mist .

Their generations were good at drawing special runes, including the talisman and fixing charm .

Jiang Huai had been turning on the recording function of the fixing charm since he entered the Sealed Dragon Territory's Secret Territory . His initial intention was to allow his son to witness this adventure in the future and learn from it .

Unexpectedly, it had now become the evidence to prove He Xi's innocence .

Jiang Huai was currently in Haoyue Kingdom and he coincidentally heard the news of "Feng Lianying is curing diseases and saving people in the Secret Territory" . He already hated Feng Lianying to his core, even more so now that he saw her shamelessly taking credits for someone else's works .

Therefore, he communicated with He Xi through a talisman . He told her that he possessed the fixing charm that could expose Feng Lianying's conspiracy and asked if He Xi wanted to put it out immediately .

However, He Xi stopped him and let Xi San widely spread the "merit" of Feng Lianying in Yanjing City instead . She also asked Jiang Huai to send the fixing charm over to herself through the blackmarket .

She wanted Feng Lianying to be held high before falling down heavily . Otherwise, how could this shameless woman be hurt and frightened from the fall?

Unfortunately, even if Feng Lianying's reputation got any worse, as long as she is still the daughter of the Feng Family, it is impossible to stop her from reviving . She would also not let me off so kind-heartedly .

Soon, it was the afternoon . The opening ceremony of the Big Hunting Match was held routinely .

It was actually a very simple opening ceremony; it was a characterless banquet with songs and dances .

[The King of Hell's Genius Pampered Wife](#)

Chapter 516

However, He Xi, who should have been unknown to the public, had become the focus of attention in this banquet .

Not only because of her reversal in the hall or her close relationship with the Qingxia Sect made them admired her, but also because of the medical skills and methods displayed by the teenager in the images .

Although this young man named Xi Yue had yet to reach the doctor rank, it would be easy for her to get the title of a fourth rank doctor if she wanted to .

However, there were some people who actually recognized that Xi Yue was exactly the young master that appeared in Shengde Hall .

Many martial artists believed that there must be a grand-master level pill refiner behind Xi Yue when they thought of the best quality pills sold by Shengde Hall and his legendary skills in the images .

This suspicion turned into shock when they saw General Ouyang walking towards He Xi and greet her with a toast .

Everyone knew that the only son of Ouyang Zhixiong, Ouyang Haoxuan's muscles and tendons were once all fractured; he lay in bed for two years . Doctor Nalan and the elders of the Doctor's Association were all powerless to do anything .

But just a while ago, Ouyang Haoxuan was suddenly healed by someone . It was rumored that the healer was a young man with a naive appearance .

In this case, the young man who healed Ouyang Haoxuan's fractured muscles and tendons was actually this person in front of them, Xi Yue!

How superb did Xi Yue's medical skills have to be?

Ouyang Zhixiong said to He Xi guiltily, "Genius Doctor Xi, I really didn't know that was the way they would treat you . If I were there..."

"Please don't mind, General Ouyang . " He Xi took a sip of wine and smiled lightly, "The Feng Family already knew my identity and my relationship with the Ouyang Family, so they would naturally send you away before doing such things . "

"This matter has nothing to do with you Even if you were there, not only you wouldn't be able to help, you would offend the Feng Family for no reason . Moreover, I have come out intact anyways . "

Ouyang Zhixiong breathed a sigh of relief . He immediately said gratefully, "The Ouyang Family will never forget that Genius Doctor Xi has saved my son's life . Haoxuan will be participating in this Big Hunting Match too . If you have any concerns, you can contact Haoxuan with the Ouyang Family's unique method and let him help you . "

Although the Big Hunting Match would have the martial artists of the Foundation Establishment stage, Meridians stage and Gold Core stage jointly participate, these martial artists of the three ranks would be placed in different areas when being transmitted in .

After all, if the Foundation Establishment stage martial artists were let to face the rank five magical beast, wouldn't it be equivalent to letting them face death?

In addition, although the Big Hunting Match did not prohibit snatching between martial artists, the conventional rules were: High rank martial artists must not attack low rank martial artists; no killing in the Big Hunting match or one would be hunted down by the four major families across the continent .

He Xi accepted the black stone handed over by Ouyang Zhixiong . She nodded smilingly and put it into her space .

Even if she entered the Breaking Spirit Mountain, she would definitely not seek help from Ouyang Haoxuan . However, He Xi decided to accept General Ouyang's kindness at the sight of his guilty expression .

Meanwhile, Ouyang Haoxuan who had finished socializing also came over . He wore moon white brocade robes and his hair was bound by jade crest; he looked handsome .

The obscure dark complexion from that day when he was in bed had disappeared from his face . Instead, he appeared to be dashing and spirited which caused numerous women who were present to lock their eyes on him .

[The King of Hell's Genius Pampered Wife](#)

Chapter 517

However, He Xi knew that Ouyang Haoxuan had completely changed his disposition after experiencing major changes when she saw his eyes .

Although he was smiling, his smile was never fully genuine . He was modest and respectful while socializing with other martial artists, but he always kept his distance from others .

Only when Ouyang Zhixiong called him, his eyes were then filled with sincere warmth, “Haoxuan, I have given the ‘traction stone’ to Genius Doctor Xi . If he faced any difficulties in the Big Hunting Match, you must go and help her . ”

Ouyang Haoxuan looked at He Xi, his careless expression had become full of gratitude . His gaze was sincere and his voice was as serious as though he was taking an oath, “The life-saving grace of Genius Doctor Xi, Haoxuan will dare not forget . Please call me if you have any request in the Big Hunting Match . ”

Before He Xi could answer, she suddenly heard Shen Qingchuo’s anxious voice, “Young Master Xi, I... I can await your call anytime too . ”

It was unknown when this little girl approached her . She handed a piece of charm paper over with a blushed face, “Young Master Xi, this is the charm commonly used by the Qingxia Sect for communication . You... When you enter, you could look for me anytime if there’s any problem . I... I have a cultivation base of the Meridians stage, maybe I could help you . ”

“Even if my cultivation base is insufficient, there are a lot of experts in the Qingxia Sect . Young Master Xi, you... you don’t have to ask for help from others!”

As she spoke, she glanced at Ouyang Haoxuan with hostility: This person is so nasty as he actually gets to please Young Master Xi before her . This makes her act of giving out charm seems like a belated effort .

Ouyang Haoxuan took a sip of the spirit wine with a faint smile and didn’t speak .

Shen Qingchuo was getting angry as she saw his expression of despising her . Just when she was about to continue speaking, her head was suddenly patted heavily by someone . She heard her uncle, Shen Sen’s voice with a mocking tone .

“Little Chuo’er, are you thinking of helping Young Master Xi out? I think it would be good enough if you don’t do more harm than good . Who was the one who needed help in the Sealed Dragon Domain? Don’t you aggravate and trouble Young Master Xi, or he would have to be distracted to take care of you . ”

“Uncle!” Shen Qingchuo flushed with anger . She looked at He Xi with shame and embarrassingly . Her tears were almost falling, “I... I cultivate every day effortfully and I’m much better than I was . ”

Shen Sen teased his niece until she almost cried . However, he didn’t worry at all, he instead laughed conscienclessly .

He Xi saw that Shen Qingchuo was terribly embarrassed; her smiley face was as flushed as a ripe apple . He Xi reached and accepted the charm from her .

Her voice was faint but it had a strange soothing power, “Thank you for your kindness, Miss Shen . I’m keeping this charm and I will contact you if necessary . ”

Shen Qingchuo was wild with joy when she heard it . Her small blushed face which was hanging low nodded heavily .

Shen Sen rubbed his niece's head gently, causing a protest from Shen Qingchuo . He then said to He Xi, "Xi Yue, you have to be careful this time . I'm afraid the people in the Feng Family are going to harm you . But..."

He suddenly switched the conversation . He looked at He Xi with admiration and confidence, "However, don't you worry too much . The Breaking Spirit Mountain is separated by strong arrays and restriction barriers; high rank martial artists and low rank martial artists will be sent to different areas respectively ."

The King of Hell's Genius Pampered Wife

Chapter 518

"Low rank martial artists can cross the restriction barriers to challenge the high rank magical beast areas . However, the strengths of high rank martial artists will be greatly weakened by the array once they cross the restriction barrier into the low rank magical beast areas; they can't utilise one-tenth of their normal cultivation base ."

"I can see that although you are only in the Foundation Establishment stage, your cultivation methods and experience are incomparable by ordinary martial artists . I believe that you will be able to find a way out even if the Feng Family lets hundreds of Foundation Establishment stage martial artists to attack you in the low rank magical beast areas ."

He Xi suddenly came into realization that there were such arrays and restriction barriers at the highest peak of the Breaking Spirit Mountain; she wasn't very clear about that .

In this case, even if Ouyang Haoxuan wanted to come to her, his cultivation base would certainly be weakened .

Ouyang Haoxuan saw He Xi was looking at him . He smiled and said, "Genius Doctor Xi, don't worry . The Ouyang Family has a secret method handed down in the family from generation to generation, it can break all the restrictions and rules for a short period of time and allows us to fully utilise our strengths . Moreover, even if the cultivation base is weakened, it would be better for both of us to face the enemy rather than you alone, if you faced any danger ."

"That's right! That's right!" Shen Qingchuo said immediately, "Young... Young Master Xi, don't listen to my uncle . If there were people besieging you... you must burn the charm to call me over . I... I will bring along a lot of senior and junior brothers sisters . If any scoundrel dare to besiege you, I... I will beat them until they kneel for mercy!"

At the sight of the sincere expressions of Ouyang Haoxuan and Shen Qingchuo, He Xi nodded while she felt a little warmth in her heart .

Shen Sen sighed resignedly and said, "It's accurate to say that a grown girl couldn't be kept at home . When she needed me back in the days, she would keep calling for my name by my side . Now that she has... Young Master Xi, whatever said by uncle is wrong..."

"Uncle!" Shen Qingchuo stomped her feet and grumbled .

Shen Sen laughed for a while and then looked at He Xi solemnly, "Xi Yue, I keep feeling that the Feng Family will not let you off easily now that they have been put at such great disadvantage . There will be

many inconveniences for me to take action in the Breaking Spirit Mountain as I have been assigned tasks .”

“So, even if you could deal with rank four magical beast, I suggest you better not leave the rank three magical beast area . This is to avoid any opportunity that allows them to attack you .”

“As soon as you come out, the Qingxia Sect can keep you safe .”

He Xi nodded, “Thank you, Elder Shen .”

After Shen Sen gave a briefing, he was quickly pulled away by martial artists from other sects for social activities .

As the person in charge of the safety of the Big Hunting Match, Ouyang Zhixiong had a lot of work to do . He also said his goodbye and left with Ouyang Haoxuan .

The two passed through the crowd . As they were about to reach the entrance of the hall, they passed by an inconspicuous man who was dressed in white .

Suddenly, the man who was dressed in white stopped and looked towards the figure of the Ouyang father and son with surprise and excitement . He was then lost in his thoughts .

===

===

Shen Qingchuo and her several senior and junior brothers gathered around He Xi, continuing the topic that was left off in the morning .

Suddenly, a group of men in Qixing Palace’s clothes approached them .

Most of these Qixing Palace’s disciples were only seventeen to eighteen years old, but their cultivation bases were generally Meridians stage . There were several who were in Foundation Establishment stage, but they had all reached the summit of the Foundation Establishment stage .

They were led by an eighteen or nineteen-year-old teenager with a handsome face and very tall figure . His expression had an obvious superiority, as if he looked down on everyone .

What surprised He Xi was that there were the Crown Prince and Nalan Ziyun amongst these people .

[The King of Hell's Genius Pampered Wife](#)

Chapter 519

When Shen Qingchuo saw the people who were approaching, her small face immediately showed unconcealed hatred, “What are you doing here? The hall is so big, won’t you go elsewhere? You’re not welcome here!”

The leading teenager seemed to know Shen Qingchuo’s character . He didn’t get angry when he heard her words, but instead his gaze towards her was filled with affections .

He straightened his gorgeous brocade robes that were embroidered with dark gold threads and looked at He Xi’s hand-woven coarse clothes contemptuously . He smiled at Shen Qingchuo, “Sister Chuo’er, I

know you're unhappy about what my grandfather said in the public trial, but my grandfather was well-intentioned! He was afraid that you were deceived by someone with questionable origin and damaged the centenary reputation of the Shen Family . ”

As he said, he glanced at He Xi coldly and said disdainfully, “He’s just a fellow at the Foundation Establishment stage . Sister Chuo’er, you’re the beloved daughter of the entire Qingxia Sect . How can such a person deserve you? Why become enemies with the Feng Family for a person of little significance and open a can of worms?”

“Xia Yichen, speak with some respect . What do you mean by a fellow at the Foundation Establishment stage? Haven’t you just been promoted to the Meridians stage?”

Shen Qingchuo’s pretty face flushed . Her slightly trembled voice showed how angry she was, “What are you so proud of? Don’t you think I don’t know that you were able to be promoted to the Meridians stage only because you took a lot of medicinal pills?”

“Even though Young Master Xi is only at the Foundation Establishment stage, he fully relies on his own efforts . He’s not worse than you cowards who only depend on your sect!”

She then grabbed He Xi’s sleeve and said hatefully, “Young Master Xi, let’s go . Ignore them!”

Shen Qingchuo’s words made Xia Yichen feel very embarrassed . At the sight of Shen Qingchuo holding He Xi’s hands, he suddenly became angry . His gaze towards He Xi was as though he wanted to tear He Xi into shreds .

This stupid fellow who doesn’t belong to any sects and has a low cultivation base, what else does he have besides his face? Why does he deserve to be favored by Chuo’er?

He stepped forwards and stood barring the way of He Xi . He said sneeringly, “Young Master Xi, right?”

He Xi raised an eyebrow, “Is there anything?”

This group of people in front of He Xi was a group of spoiled brats to her, she really had no interest in arguing with them .

Xia Yichen rolled his eyeballs and suppressed the anger in his heart . He said calmly with a smile, “This is what it is, this is my second senior brother Shangguan Qi and my junior brother Nalan Ziyun . They want to apologize to you about what just happened . ”

Before He Xi could answer, Shangguan Qi, who was standing behind Xia Yichen, had stepped forward and said while making a bow with hands folded in front, “Young Master Xi, I didn’t know the truth and regarded you as the murderer of my third younger brother . Please forgive me for having offended you . ”

Having said that, he suddenly switched the conversation . He showed a meaningful expression, “It wasn’t expected that Young Master Xi has such important evidence . However, since you have evidence, why don’t you take it out in the first place? Or such a misunderstanding wouldn’t occur . ”

The gazes of the Qixing Palace’s disciples towards He Xi immediately became cold and angry as soon as they heard the Crown Prince’s words .

This little boy obviously had evidence but didn't take it out which makes their elder offended Shen Sen, wasn't it obvious that he wanted to embarrass them?

He Xi casually stroked her hair and chuckled, "Oh, the situation was too intense and I was frightened . I couldn't remember that I had evidence for a while . "

[The King of Hell's Genius Pampered Wife](#)

Chapter 520

The prince choked after hearing the words . He could speak for a moment .

Those who were there all saw Xi Yue was watching calmly, but he easily made a come back at the end . No one would believe that she was scared .

Seeing everyone looking at him for being shameless, Hexi couldn't help but smirk, "Prince blame me for giving evidence too late . Is it that if I provide you the evidence, then prince will let the third prince pay his life for Feng Lianying?"

The prince immediately froze when he heard those words . His face looked extremely ugly .

"Since you won't, what is the difference for taking it out early or late?"

"You're making a sophistry!" The prince hadn't spoken yet, Nalan Ziyun had taken a step forward, yelling at Hexi, "It's clear that you are cunning and you don't want the other to live better . If you take the evidence out early, this matter wouldn't be so serious . ? "

"Ziyun, watch your words!" Until Nalan Ziyun had finished speaking, Xia Yichen said softly, "Did you forget that we are here to apologize to Young Master Xi?"

Nalan Ziyun gave a cold Hmph, but he still gritted his teeth . "Sorry, Young Master Xi, we misunderstood you just now . "

Hexi looked at him coldly and suddenly lowered her voice, "Do you know Nalan Hexi?"

Nalan Ziyun was first stunned, then a trace of disgust flashed through her eyes, but her face did not show it . "Nalan Hexi is my sister . Why does Young Master Xi know my sister?"

Hexi neither nodded or shook his head . "Young Master Nalan, do you know how your sister is doing now?"

"My sister is of course doing well . " Nalan Ziyun frowned, wondering what Hexi meant . "Her body is unwell, so she has been raised in another courtyard . But both father and mother treat her as the Third Miss of Nalan Family . She has the best food and clothing . Why does Young Master Xi asks this? "

Live well?

There was a mocking smile on the corner of Hexi's lips, and her eyes looked gloomy, "I didn't mean anything, but I just saw your sister occasionally somewhere, so I'm curious . "

Then, she looked at the prince, "I heard that the prince intends to marry Naran Family's Third Miss as a concubine?"

The prince was astounded as he heard this . He didn't understand how the topic shifted to him . "Ziyun did tell me that her sister is beautiful, virtuous, and talented . I did have this intention, but getting a concubine still needs the approval of Father Emperor and Doctor Nalan . Why does Young Master Xi ask this? "

The prince looked suspiciously at the handsome young man in front of him . He secretly thought:He put so much effort in inquiring about Nalan Hexi's news, is it that he has intention to Nalan Family's Third Miss?

However, that day, after listening to Nalan Ziyun's words, he also investigated the Third Miss of the Nalan Family, but the fact made him disappointed . Not only did Third Miss Nalan look ugly and undisciplined, but she also had no place in Nalan Family, getting bullied .

Only someone kind and innocent like Ziyun would believe that his sister had been living a good life .

However, if this Xi Yue is really interested in Nalan Hexi, does it mean that this Nalan Hexi still has some value?

The prince carefully pondered about it, but Nalan Ziyun stared fiercely at Hexi . He didn't know why the man suddenly mentioned his sister .
