### The King of Hell's Genius Pampered Wife

#### Chapter 531

Hearing Feng Yunjing's words and facing his predatory gaze, Hexi's eyes flashed a coldness . She said coldly, "Of course, I will come to... kill you!"

As soon as she spoke, she rose up into the air . She slashed her Li Shui Sword in the air; the edge of the sword was whistling in the air .

Feng Yunjing chuckled and said leisurely: "Do you think you are still in the Smoke Cloud Array? This little trick, I don't even need to use my artifact . "

Seeing the sword light trajectories flying toward him like rain, Feng Yunjing's figure suddenly disappeared on the spot .

Sword light trajectories were knocked to the ground and stirred up the dust .

Hexi felt that it was bad through her instinct, then a hand suddenly appeared and caught her hair .

Feng Yunjing's teasing and humiliating voice resounded in her ears, "Xi Yue, which man's hair will be as smooth and soft as you, and it also exudes a faint fragrance . I am addicting to it by just smelling it . "

Hexi spun her body, and she immediately extended her hand to cut her hair . She was retreating quickly .

During the struggle, the long hair originally held up with a wooden crown fell down and flew in the wind .

The long black hair paired with a jade face in a palm size made her look so delicate and tender, tempting people to humiliate her badly .

Feng Yunjing also held a cut of Hexi's hair in his hands, looking at her look in long hair . His eyes were full of surprise and lust .

He raised his hand, slightly lowered his head and sniffed the broken hair in his hand . His voice became slightly hoarse, "Xi Yue, I have never been infatuated with any woman like I am infatuated with you . "

"As long as you are willing to be my people obediently, I will let you take the position of the Young Lady of Feng Family . In the future, you will even be the Mistress of Feng Family, holding mighty power . "

Hexi sneered; her face was frosty, "I'm sorry, even if the position of Feng Family's Young Lady is high, I'm afraid I can't accept it . Because I'm so sick of facing you every day!"

Feng Yunjing smirked and sneered, "You reject me now, because you still have Nangong Yu as a choice . Do you think Nangong Yu is better than me, and King of Hell Mansion is more worthy to affiliate than our Feng Family?"

"Hehe, Xi Yue, your vision is too narrow . One day, I will kill Nangong Yu and make the King of Hell Mansion disappear in history . Wouldn't you belong to me again by then? But then, you can only

become my exclusive beauty and pet, instead of the high-profile mistress of the Feng Family . Can't you figure it out?"

Hexi held up her sword and said coldly, "You want to kill Nangong Yu?Hehe, Feng Yunjing, you think very highly of yourself too much!"

As she spoke halfway, she drew a circle in midair with her Shui Li sword .

Sword Qi condensed a little at the center of the circle, and then suddenly turned into a dragon sword shadow rising into the sky, striking straight at Feng Yunjing .

Feng Yunjing's face turned gloomy . He transfigured a light ball in his hand, covering the dragon sword shadow that was charging at him .

He sneered, "Xi Yue, don't use this little trick in front of me ..."

Before he could finish speaking, Feng Yunjing's expression suddenly changed . His figure stepped back like a phantom .

But he was still a step too late . His gaze seemed to be bone chilling . He reached out and slowly stroked his left face .

There was a long and narrow scar, and there was a spooky purple gas around the scar .

Hexi stood still, panting and holding an inconspicuous dagger in her hand .

#### **Chapter 532**

It was just that there was a strange purple light on the edge of this dagger, which was showing that the dagger had poison on it.

Feng Yunjing looked directly at Hexi. His voice was low and soft, but it seemed to be brewing the storm, "Xi Yue, every time I see you, you can always give me unexpected surprises. However, my patience is limited. Since you are ungrateful, then don't blame me for being rude! "

After that, the spiritual power on his body suddenly skyrocketed. The purple gas that was on the wound was instantly shrouded by powerful spiritual power.

The purple venom was devoured by the spiritual power until nothing was left as if it had encountered its nemesis.

And Feng Yunjing's face no longer had a hint of playing mouse and cat. It became an inevitable crazy overbearing.

Hexi's heart sank a little.

As expected, facing Feng Yunjing, she couldn't resist at all.

Even the venom that was deadly for the low-level martial artists, could only make Feng Yunjing feel a little painful.

Between Meridians stage and Nascent Soul stage, it was an insurmountable distance.

Feng Yunjing's spiritual power slowly condensed into a thick black mist.

Then a familiar black flag rose into the sky, hovering in the sky and becoming larger.

The whole world seemed to be shrouded by a dark cloud which brought a spine chilling coldness.

Hexi's face was gloomy. She cast a fire spiritual power in her hand and launched it at the the black flag in the air.

The pale golden fire spiritual power entangled a corner of the flagpole. It seemed to burn the flag a bit.

But soon, the thick black mist swallowed up the fire spiritual power.

Hexi didn't expect the fire spiritual power to hurt Feng Yunjing.

As Feng Yunjing's attention was put on the Rakshasa Flag, she pointed Li Shui Sword into the sky and struck straight toward Feng Yunjing.

Feng Yunjing commanded the black mist to devour the fire spiritual power. When he looked back at the close distance sword strike, he wasn't afraid. He showed a mocking smile on the corner of his mouth instead.

Hexi watched as the sword tip was about to pierce Feng Yunjing's chest, but she suddenly felt a stun in his heart.

Then a creepy breath appeared behind her, a steady breath that was nearby her; it was almost clinging to her back.

Feng Yunjing disappeared like a phantom without a trace, but behind her, a tall shadow slowly appeared.

Hexi was horrified. As she wanted to run away, she suddenly found out that a chilling black gas had already penetrated her limbs and bones.

It was like a black chain that locked her limbs, making her unable to move.

What's more terrifying was that this chilling black gas didn't stop. It slowly penetrated from her bloodline into her dantian [1]. For a time, the spiritual power that she was brewing couldn't be channeled anymore as if it was frozen.

Hexi was blanched by the cold black gas. She bit her teeth, "Feng Yunjing, what did you do to me?"

Feng Yunjing's quiet laughter came from behind her with a great deal of teasing and contentment.

Hexi could feel Feng Yunjing taking a step forward, then he grabbed her waist with one hand from behind, dragging her into a hot embrace.

Feng Yunjing's lips were half-closed to her ear, and he said slowly with a hoarse voice. "I think Xi Yue should be familiar with this Rakshasa Flag, right? In Smoke Cloud Array, you've seen its power. But I couldn't channel spiritual power at that time, so the power of Rakshasa Flag could not be exerted by even 0.0001%."

### Chapter 533

“Rakshasa Flag is an artifact made by sacrificing thousands of magical beasts’ wraith . The wraiths in it were all fierce magical beasts that died after a lot of torture and pain . In addition to being unable to resist me, they are very cruel . ”

“So Xi Yue, you better don’t act rashly, otherwise, your spiritual power will be devoured by these wraiths if it is a minor case, or your dantian will be devoured if it is a serious case .

Hexi did feel the violent tyranny of the wraiths wandering around Dantian .

The icy coldness eroded her body, making her face whiter again, “Feng Yunjing, what on earth do you want to do?”

“Don’t you understand what do I want to do?”

Feng Yunjing chuckled . He suddenly gave her a princess hug . Looking at her delicate transparent face, his scorching eyes were slowly getting lustful . “Xi Yue, I want you to be mine . Since you are not willing to follow me, then I will possess your body first ...hehe, do you think Nangong Yu will still want you when he knows that you are mine? ”

“Shameless !!!!” Hexi raised her hand and threw it fiercely at Feng Yunjing’s face .

However, her palm just touched Feng Yunjing’s face, then she felt cold and stiffness for a while . Her hand could only drop down helplessly .

Feng Yunjing sneered, “In this world, there is only the law of jungle . How is that shameful? I, Feng Yunjing will get whatever I want . Especially you Xi Yue...”

Then, Feng Yunjing placed Hexi’s body on a flat rock .

Facing Hexi’s angry look that was going to devour people, Feng Yunjing’s hand slowly pressed on her clothes, then he pressed hard with his palm .

Listening only to the tearing sound, the tough and strong clothes were shattered mercilessly . The rags flew gently in the air .

After the clothes were torn, it revealed a corset vest that exuded spiritual power .

The vest was embroidered with pale gold matrix patterns . It wrapped Hexi’s petite body tightly; Hexi’s body shape could be seen at all .

Feng Yunjing’s eyes brightened . Despite he already had speculations, his heart was still filled with ecstasy .

Before Hexi struggled, his hand rested on the corset vest . He channeled his spiritual power and quickly destroy the defensive array on the vest .

The corset vest was shattered, revealing the exquisite body in a white robe .

Feng Yunjing looked at the scene in front of him and took a breath . His eyes were stunned due to the stunning scene .

The girl who was lying on the brown-gray rock had a hair like a waterfall . Her dark hair was complement with the crystal clear white skin . Her lips also became more pink and pink because of anger, bringing a sense of enchanting someone .

The girl had only a thin blouse with a slightly open neckline, exposing a delicate white collarbone .

The curve of the collarbone slowly extended below the neckline . It was like a mysterious line that led people to search for a secluded area .

Under the clothes was the exquisite body that could no longer be hidden . The graceful body shape with the youthfulness of a girl and the beauty of a woman . Even the best painters couldn't draw such a magnificent scene .

She had smooth and fair skin, and she could make everyone fall for her . Although she wasn't bewitching, she still was still very attractive .

Feng Yunjing's eyes stared at the delicate girl body like an art in front of his eyes . His voice was exceptionally hoarse because of his desire . "Such a perfect body . Did Nangong Yu ever see you like this?"

#### **Chapter 534**

Hexi stared at the man in front of him desperately, trying to struggle, but she could do nothing more than accelerating the corrosion of dantian by the wraiths.

She was stricken; her eyes were bloodshot. "Feng Yunjing, kill me if you dare, otherwise, I will tear your body into pieces one day and make you pay thousands of times for what you did today. "

Feng Yunjing watched her blushed cheeks because of her anger, only to feel that it was a gorgeous peach color like a mutton fat jade (also known as nephrite [1]).

He gently touched Hexi's face and let out a hoarse laughter. "Kill you? How can I be willing to do it! Xi Yue, do you know that the angrier you are, the more charming this face is, which let me have the greater desire to possess you. "

As he said, his hand grabbed Hexi's placket. He was going to tear her underwear away.

Suddenly, a glimmer of cold light came suddenly, slashing ruthlessly at Feng Yunjing.

Feng Yunjing responded very quickly and retreated quickly, but the clothes at his chest was still torn, leaving a shallow wound.

Hexi stood up from the rock. She had lost her balance, but her eyes were like the fiercest beast, staring at Feng Yunjing momentarily.

Feng Yunjing looked at the wound on his chest, but he didn't feel angry. Instead, he looked at Hexi banteringly; his experience was like teasing with a little pet. "You are really worthy of being my woman. The result is very clear now, but your little claw is still sharp."

"But Xi Yue, don't you know? The more you resist, the more excited I am."

As soon as he spoke, Feng Yunjing reached out his hand and Hexi's body flew toward him involuntarily.

Feng Yunjing embraced her soft body into his arms.

The sky was still shrouded in black flags as if this area was isolated into another world. People inside this area had no connection to the world outside.

Feng Yunjing pressed Hexi on her body, feeling the fragrance from the girl's body. His eyes became blurred and red because of lust.

He stroked the girl's silky face lightly; his voice was dull, and his breath was short, "Xi Yue, you are so beautiful. As long as you obediently become my woman, I will treat you better than Nangong Yu. I will let you take the mistress position of the Feng Family, letting you be jealous of all the women in Miluo Continent."

"Xi Yue, give me, give me everything you have!"

With that said, Feng Yunjing was about to bow his head and kiss deeply toward the red lips.

But all of a sudden, his face changed. His spiritual power suddenly emanated from his body.

But it was a step too late, and purple vines wrapped around his neck tightly, leaving him unable to move for a while.

Hexi, who was paralyzed and unable to move under him, suddenly grabbed his shoulder and kicked toward his crotch.

Feng Yunjing suddenly felt pain, moaning silently.

At the same time, because he had loosened his focus, and the lethal threat of Purple Abyss Vine, the black gas of the wraiths was dispersed immediately, and then went back to Feng Yunjing.

Hexi took the opportunity to roll on the spot, and she retreated to a few hundred feet away. At the same time, the spiritual power in her body exploded the whole person left a few feet away. At the same time, the spiritual power in the body multiplied and cleansed the wraiths' black gas away.

At this time Feng Yunjing had broken away from Purple Abyss Vine, but his face turned blue.

The purple vines shattered to the ground. Even the main vines were wounded; it obviously suffered a lot of damage.

Just as Hexi stood firm, she felt two small figures flashing beside her.

There was a sobbing voice from Little Egg due to excessive worry. "Mom, are you okay? Wuwuwu... Mom, why don't you let us out? I'm so worried about you..."

### Chapter 535

Hexi glanced at the sinister Feng Yunjing who wasn't far away and the black flag in the sky, then she immediately shouted in a lowered tone, "Little Egg, you and the Little Golden Dragon return immediately . Don't come out without my order!"

"I don't want!" Little Egg shouted, and wailed . "I don't want to watch my mother be injured anymore, but I can do nothing . I don't want to be a child without a mother ..."

Hexi had a heartache, but she still said sternly, "Little Egg, you don't listen to your mom anymore? If you don't go back, do you believe that mom will abandon you all!? Little Golden Dragon, did you hear me? I command you as the master to take Little Egg back immediately! "

She was not sure if she could escape Feng Yunjing's clutches, and she was full of fear and disgust at Feng Yunjing's filthy mind .

However, she was more afraid of the little ones she valued, taking irreparable damage .

Little Egg cried even more fiercely . He was out of breath; his tears even flowed nonstop .

Little Golden Dragon soared in the air . At this moment, there was no more arrogant and ridicule in his tone, there was only dignity, "Boss, even if I have to violate command order, even if you want to terminate the contract with me, I still have to disobey your command this time . We are going to stay and fight alongside you . "

Hexi wanted to talk, but Little Golden Dragon interrupted her immediately, "Boss, I know we are not strong enough, and I know you are worried about our safety, but we are your spiritual pet . If our master is in danger, and the spiritual pets aren't around, then we aren't worthy of being a fighting spiritual pet; how can we live up to our contract of life and death? "

"Boss, don't say it again . I will never go back to the void . If we live, we live together; if we die, we die together!"

Little Egg cried, holding a small paw and sobbing, "Little Dragon is right, mom . If we live, we live together; if we die, we die together!"

Purple Abyss Vine, on the other side, also shook its wounded purple vines and wrapped around Hexi's wrist .

Hexi was shocked . She only felt a slight warm current blooming in her heart, then it permeated into her blood .

The light in her eyes suddenly flashed . She took a deep breath and nodded as she spoke, "Okay, If we live, we live together; if we die, we die together!"

"Live together; die together?" Feng Yunjing's sinister laughter suddenly came from not far away . "It also depends on whether I will give you the chance to live and die together!"

Little Egg suddenly said furiously, “You shameless old man . You are obviously around seventy years old; you are ugly and old, but you dare to marry my mom . Who do you think you are? You aren’t even worth it to serve me, you shameless pervert!”

“That’s right!” Little Golden Dragon went along loudly immediately, “Boss has obviously rejected you, but you still pestering her . Are all members of the Feng Family like this? They can’t find any partner, so they can only steal and force others to marry? This kind of shameless family might as well be extinct! ”

Little Egg stomped its short legs as he said excitedly, “This kind of person is obviously lack of calcium during childhood; lack of love after growing up . Grandmother didn’t bother him and uncles didn’t love him . Anybody would bully him if they see him! Letting him live is just wasting the oxygen; letting him eat is wasting the food; burying him into the soil after death will also pollute the soil . Scum like him should be burned into ashes, then flush it into the latrine, stinking and smoking him to death!”

#### **Chapter 536**

Little Golden Dragon was stunned by the speech . Hexi’s mouth corner was even twitching . They didn’t know how to react to this little one’s speech .

As Little Egg’s IQ gets higher and higher, he seemed to have better memory of what he had seen before . This kind of shrewd words was one of them .

Of course, the most ugly face definitely belonged to Feng Yunjing .

His eyes seemed to have quenched the most terrible poison, staring at Hexi and these little ones . He said word by word sinisterly, “Xi Yue, congratulations, you have successfully angered me!”

“Or do you think that with these little animals, you can compete with me?Hehe, since the little animals around you are so desperate to find death, I will fulfill their wish . ”

As soon as the words were out, Feng Yunjing pointed at the Rakshasa Flag in the air with one finger .

The huge Rakshasa Flag was spinning constantly, bringing up a cold hurricane .

For a while, the grass and the grass spun around, and the black gas was blowing . Hexi and the several little ones were staggered by the wind .

Immediately afterward, a huge black shadow suddenly emerged from the black flag, flying toward Little Egg .

The shadow had a ghost-like cry . Everywhere it went, the plants was withered, and even the fertile land became sand .

Little Egg was stunned by this situation . He screamed in shock, “Mom!”

Hexi quickly drew a light with her sword, enveloping Little Egg .

However, Purple Abyss Vine was faster than her .

The purple vines rose into the sky, quickly covering up in front of Little Egg and Hexi .

After a loud bang, the black shadow hit the purple vine, but in the blink of an eye, the original tender purple leaves withered . Even the branches fell down one by one .

Even the tender Little Purple seedling in Hexi's sea of consciousness was withered at this moment as if it would lose its vitality anytime .

"Little Purple-!!!"

"Aunt Little Purple-!!!"

Little Egg wailed, trying to rush out of Hexi's light shield to see the withered Purple Abyss Vine .

However, at this time, the black gas was blocked by Purple Abyss Vine and then dissipated, but Feng Yunjing was already in front of it .

He had a long sword with cold light in his hand, chopping down at Hexi's light shield .

Hexi concentrated all his spiritual power on Li Shui Sword, preparing to make her last stand .

"Boss, you and Little Egg must take care and live well!"

The sound of Little Golden Dragon suddenly came to their ears, then he rose into the sky after a dragon roar .

Little Golden Dragon's entire body suddenly turned into a huge flying dragon, slamming into Feng Yunjing's long sword fiercely .

Just listening to the thunderous roar, Feng Yunjing stepped back quickly . He stumbled a few steps before he could stand firm .

On Hexi's side, the Little Golden Dragon recovered its original shape and dropped from the air . He twitched a few times, then passed out .

Under his body, the shocking blood was slowly flowing .

"Little Dragon-! Little Dragon, don't die!"

Little Egg was crying as he shouted the name of Little Golden Dragon . He wanted to rush out of Hexi's light shield, but Hexi held him tightly .

Hexi bit her lips . Her eyes flushed . There seemed to be crystal water droplets in her eyes .

Her gaze looked at Feng Yunjing not far away . Her eyes were full of brutal murderous intentions .

As expected, Feng Yunjing recovered immediately after he stood still .

The long sword that was mixed with the vibe of spiritual power struck ruthlessly at Hexi's light shield .

#### **Chapter 537**

The silvery light shook violently as if it would burst at any time .

Feng Yunjing chuckled, "It's just a sword energy shield of the Foundation Establishment stage . I see how long you can last!"

Seeing that the second sword was about to land, suddenly a huge meatball hit Feng Yunjing fiercely at the speed .

Feng Yunjing was caught off guard . He was actually knocked back by it . He fell back for few hundred feet before he stood firm .

His mouth corner was bleeding, and his face looked a little pale . His face was so gloomy that it could even drip water .

Hexi was shocked by this sudden change .

When the huge meatball regained its consciousness, it tilted its head at Hexi . The pair of green bean like eyes were blinking . It revealed a silly smile .

Hexi screamed, "Little Dumb Cow?"

Little Dumb Cow was the name Hexi gave to the ugly cute little magical beast these days .

She called it Little Dumb Cow because she just wanted to tease this dumb and adorable little magical beast, but who knows, the little magical beast was so excited when it heard it . It whirled around her feet for several turns while making exciting screams .

When Hexi called "Little Dumb Cow eat" afterward, the small magical beast was dumbfounded first for a moment, then it immediately flung its small short tail, ran to Hexi, and hit her toe .

Hexi even exclaimed at the time . How is it ugly cute bulldog . It's obviously a mutated little adorable dog .

It was just that the Little Dumb Cow looked really different from its usual look .

At this point, his body that was initially the size of two palms inflated for dozens of times . It was like a gas-filled cowhide, defending Hexi and Little Egg behind it .

Little Dumb Cow fought Feng Yunjing for a while . Apparently, it was injured, making the sound of air leaking .

But when Hexi called its name, it immediately desperately shook its tail, which looked shorter at the moment, and gave Hexi a flattering smile .

Immediately, Little Dumb Cow's eyes looked at Little Egg . The green bean like eyes became a little brighter, showing a silly expression that was asking for praise and attention .

Little Egg shrank his neck being stared by those eyes, but then he remembered that it saved him and his mother . He immediately extended her little paw and touched Little Dumb Cow, "Thank you! I didn't expect you to be so powerful despite of your ugly look!"

Little Dumb Cow froze as Little Egg took the initiation to touch it, then the green bean like eyes turned white slowly .

It seemed that it couldn't bear the surprise coming too fast . It was so excited that it almost fainted .

But Hexi couldn't bother about the interaction of these two little ones at this time . Instead, she looked at Feng Yunjing .

Feng Yunjing slowly wiped the blood on the corner of his mouth, and the corner of his mouth tilted slightly as if he was smiling, but his eyes looked grim and mad, "I didn't expect that an animal can even hurt me . Good! Very good!"

"Xi Yue, don't you value your spiritual pets? I will kill them one by one in front of you . I'd like to see if you can still look at me with this expression . I want to see if you will kneel in front of me and beg me!Hahahaha..."

As soon as the words were spoken, Feng Yunjing's spiritual power transferred into the black flag .

The next moment, he saw two black light shot from the black flag toward the unconscious little Golden Dragon on the ground and Purple Abyss Vine who was already scattered .

The Little Golden Dragon and Purple Abyss Vine were engulfed by the wraiths, and they flew toward Feng Yunjing .

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 538**

Little Golden Dragon was now dying, and Purple Abyss Vine had suffered a fatal injury . If they fell into Feng Yunjing's hands, they would surely be dead .

"Little Golden Dragon, Aunt Little Purple, come back!Wuwuwu..." Little Egg cried and wanted to rush over .

But he was held behind by Little Dumb Cow .

At this moment, a whirl of green light was slowly condensing in the Little Dumb Cow's body . As the light swirled, the green light in the body became larger and larger . At the same time, it kept making whining sound toward Little Egg and Hexi . It seemed to be telling something anxiously .

Hexi stared at him, glanced at Little Dumb Cow, and whispered, "Take care of Little Egg, don't let him go!"

Hexi absolutely didn't allow Little Egg to take a little damage .

As soon as she spoke, Hexi took the Li Shui Sword and flew into the sky, pursuing at the direction of Little Golden Dragon and Purple Abyss Vine .

As she reached mid-air, Li Shui Sword was glaring . She fiercely slashed it at the wraiths .

The pale golden spiritual fire covered the upper layers of Li Shui Sword . In a blink of an eye, it consumed the evil black gas .

However, at the same time, more black gas came out from the Rakshasa Flag, wrapping around Hexi .

Seeing that she was about to be constrained by the black gas, Hexi made an immediate decision and threw Little Golden Dragon and Purple Abyss Vine back to Little Egg and Little Dumb Cow, shouting, "Little Dumb, protect them!"

"Mom — Mom —" Little Egg yelled anxiously behind her .

Feng Yunjing, who was commanding not far away from the Rakshasa Flag, laughed instead, "Xi Yue, so what if you let those two animals out? Aren't you back into my hands again? Not to mention, do you think I won't kill them later? "

As he said, he reached out with one hand that turned into a claw .

A huge suction pulled Hexi flew toward Feng Yunjing involuntarily .

But until this moment, a strange smile appeared on Hexi's face .

Instead of stepping back, she used the remaining spiritual power to quickly move toward Feng Yunjing .

At the same time, Li Shui Sword in her hand bloomed in a shockingly bright light . The powerful spirit pressure filled the air, causing the black flags in the sky to fluctuate .

Feng Yunjing's face changed greatly, and he said in undertone, "You want to self destruct your artifact?! Xi Yue, you don't want to live anymore!?"

Hexi didn't give him any answer . She just rushed to him faster and faster, and Li Shui Sword's spirit pressure in her hand became more and more threatening .

Self-destructing artifact was a method of hurting oneself more than hurting the enemy . Li Shui sword was a legendary artifact . Self-destructing in such a close distance, even Feng Yunjing would suffer major injuries .

But the most important thing was that with Xi Yue's practice now, if she really self destructs Li Shui Sword, she would definitely die .

For Feng Yunjing, he hadn't gotten Xi Yue's body, and he hadn't made her his own . How could he let her die like this!

Feng Yunjing made a decision immediately and snapped and beat Hexi's chest while retrieving Rakshasa Flag in the sky to quickly defend himself .

Hexi flew out like a disconnected kite, and blood gushed from her mouth .

However, a slick smile appeared on her face, "Feng Yunjing, do you think I want to self destruct my artifact?Hehe, I just want to die rather than fall into your hands . "

Hexi slammed to the ground, but she did not feel the expected pain . Instead, she was held by Little Dumb Cow's plump body .

**Chapter 539**

Feng Yunjing held the small size black flag in his hands, staring coldly at Hexi . His eyes full of tyranny and cruelty, “Xi Yue, you dare to be pretentious in front of me, but it’s because I can’t bear it kill you . But even if I don’t kill you, I will erase your cultivation, pick off your tendons and hamstrings, and keep you in a cage . I can still get your body! ”

“It was you who forced me! Forced me to be ruthless, do you think you can escape from me?”

As soon as Feng Yunjing spoke, his spiritual power suddenly became like a violent wind, surrounding the whole world with frosty air .

He was like a hurricane, moving toward Hexi and others .

That was the full-scale burst of the spirit pressure and power of the Nascent Soul stages . It could never be resisted by little tricks .

Hexi’s eyes already looked despair .

At this time, she was seriously injured, and her spiritual power was emptied . She couldn’t stop Feng Yunjing’s casual blow at all .

Suddenly, there was a sobbing voice from Little Dumb Cow . It was waving its short legs, then it pulled Hexi and Little Egg under its belly .

Immediately afterward, a dazzling light astounded Hexi and Little Egg’s eyes .

Hexi had a quick wick and kept into Little Golden Dragon and Purple Abyss Vine into the void while her hands held Little Egg tightly .

After that, the green light shrouded several people completely .

As the green light dissipated, Feng Yunjing’s earth shattering blow hit it .

Listening only to the loud sound, the ground where Hexi and others stayed originally cracked like a cobweb, and then the collapse into a deep pit with a height of tens of meters .

However, when Feng Yunjing came to the deep pit, what he saw was an empty scene of smoke and dust .

There was neither the dying Xi Yue nor the bodies of several spiritual pets .

They disappeared strangely without a trace .

Feng Yunjing looked angry and frustrated . His hands clenched into fists, and his eyes were full of bloodlust and mania .

He took a deep breath, then he revealed a sinister smile at the corner of his mouth . He whispered, “Xi Yue, you have exhausted my patience . When I meet again next time, I will let you suffer a living hell, you can only kneel at my feet and beg me to pamper you! ”

===

As the sun set, the darkness slowly covered the entire peak of the Breaking Spirit Mountain .

In the dense and silent mountain forest, the last light of setting sun was disappearing slowly at this moment .

In the dim light, a panther with dark hair and green eyes was walking through the forest, looking for prey that unfortunately fell into its prey range .

Suddenly, the black panther suddenly looked up . Its green eyes revealed a greedy murderous vibe .

In the void not far away, a burst of dazzling green light appeared .

The green light split open the void, then a huge meatball fell from the sky with the whistling wind .

The black panther smelled the blood from the meatball that made it become exciting and eager .

The black panther lay on the ground, making a low whining sound . Its hind legs were slightly curved and the front claws gripped the ground; the breath of rank five magical beast emanated from it .

It waited for the food to land to give it a fatal blow, then it could enjoy the delicious food .

There was a loud noise when the meatball fell to the ground, stirring the leaves and sand on the ground .

The black panther howled again . As it was about to pounce over, suddenly, the flat head on the fat meatball turned around and looked straight at it .

There was only a pair of green bean like eyes on its head that was faintly glinting in the night .

#### **Chapter 540: Escape**

The panther suddenly stopped its posture to pounce, then it was followed by a terrifying gaze in its fierce eyes .

It ... it's not rank five magical beast! Is it rank six... or higher? But how can there be a magical beast higher than rank five in this area?!

The black panther has no intellect and reasoning; it only had instinct . It instinctively felt that this fat meatball was terrifying . It terrified the black panther, rendering the black panther lose the courage to resist .

“Woo—” The black panther made an undertone howl again, then it turned without hesitation and flew away . In the blink of an eye, the figure disappeared into the darkness of the tree shadow .

Seeing the black panther leaving, the little meatball seemed to be unable to support it anymore . The air in its body leaked, turning into two palm size ugly adorable little bulldog .

However, its eyes still looked worried . It immediately made a crying sound anxiously at the two targets that were protected by it .

Hexi stood up from the ground, only to feel the pain everywhere on her body .

She looked around and determined that the place was very unfamiliar . She indeed escape from the hands of Feng Yunjing . Only then she was relieved .

Seeing Little Dumb Cow looking at himself and Little Egg, he couldn't help but reached out and touched his little head: "Little Dumb Cow, thank you . If it weren't for you, we would all die . "

Little Dumb Cow whimpered a few times, but its expression was extremely exhausted . Its skin became dry, and her green bean eyes were dimmed as if she would fall asleep at any time .

Little Egg also popped out of the void and turned into a pink piglet, appearing in front of Little Dumb Cow . He touched its little head as he said childishly, "Little Dumb Cow, are you all right? You look so uncomfortable . Are you out of spirit? Little Egg can give you! "

As Little Egg spoke, his small claws emitted a light green light, then he transferred it into the Little Dumb Cow .

When Little Egg's spirit entered Little Dumb Cow's body, Little Dumb Cow's dried skin was replenished as the speed visible to the naked eye, and its initially weak breath became steady .

However, it still seemed very sleepy . Its little green eyes was closing .

Little Egg, who had given his spirit, became weak . He rubbed his eyes with his small paws and fell asleep in Hexi's arms .

Hexi hugged Little Egg and stroked Little Dumb Cow gently . She slowly said, "Little Dumb Cow, would you like to leave this Breaking Spirit Mountain with me?"

Logically, the magical beast in Breaking Spirit Mountain should have no intellect but only killing and appetite . However, this ugly adorable little magical beast, although it was exceptionally dumb, it obviously had not lost its mind .

This time they went through life and death and Little Dumb Cow loved Little Egg so much, so Hexi couldn't leave it in Breaking Spirit Mountain anymore .

Little Dumb Cow's eyes brightened . It nodded heavily, then passed out completely .

Hexi examined the bodies of the two brats and found that they were both asleep . Besides, the spirit in their body was slowly repairing themselves . Hexi was relieved seeing this .

She found a quiet place and arranged a simple array around her body before entering the void .

What worried her the most was Little Golden Dragon and Purple Abyss Vine .

Little Golden Dragon withstood Feng Yunjing's full blow; he should be badly injured .

Little Purple was even worse . In order to save Hexi twice, even her main vine was polluted by the wraiths of Feng Yunjing's Rakshasa Flag and became withered .

However, what made Hexi relief was that although he was badly injured, after eating a dozen of rank five magical beast essence pills and soaking in the spirit spring water, his injury started to get better . He started to fall into the hibernation of self-repair just like Little Dumb Cow . Not sure was this because of Little Golden Dragon's rank up .
