#### Chapter 571

They were Liu Li Sect; one of the four major sects in the world .

Everyone was so respectful toward their disciples . They couldn't wait to kneel and curry favour with them .

Outside the sect, there was a powerful Nine Turn Earth Mysterious Array . There were also several Nascent Soul stage elders protecting it, and there were countless Gold Core stage martial artists .

They never thought that one day, Liu Li Sect would be breached, and the Nine Turn Earth Mysterious Array would be broken .

And they, Liu Li Sect's disciples, who were always high above, would become a lamb slaughtered by others . When Nangong Yu shouted "kill", except fear, there was only despair left in them .

People wearing black armor were more like trained soldiers than martial artists .

Their steps were adjusted uniformly, and their move was swift . As soon as they rushed into Liu Li Sect's gate, they swung their swords and started slaughtering .

That was the King of Hell Mansion's most powerful elite, Miluo Continent's most fearsome army-Iron Kirin .

In just a moment of few breaths, Liu Li Sect was filled with blood . People were mourning everywhere . More corpses were lying on the stairs and the gate . Their blood was staining all the blue stone brick on the square .

When the three elders who besieged Nangong Yu in mid-air saw the tragic state of their disciples, they were so furious that their eyes were filled with blood . Mad hatred and murderous intention made the spiritual power around them surged out desperately .

"Nangong Yu — — !!! You dare to destroy my, Liu Li Sect's Mountain Guard Array; kill my Liu Li Sect's disciple . I will definitely tear you into pieces!"

Elder Feng's eyes were red . He suddenly took out a red medical pill, crushed the shell desperately, and swallowed the scary little bug inside .

The old man standing next to Elder Feng couldn't help but exclaim, "This is the [Spirit Burning Voodoo] that can inspire potential . Elder Feng, you take this spirit voodoo . Even if you win, you will be consumed by spiritual voodoo . By that time, not only your cultivation will be greatly reduced, it will even lead to the destruction of dantian and death!"

After Elder Feng swallowed the spiritual voodoo, the turbulent spiritual power of the whole body suddenly skyrocketed . In the blink of an eye, his cultivation suddenly rose from the initial of the Nascent Soul Stage to advance level .

Elder Feng looked at Nangong Yu and laughed wildly: “Nangong Yu, you ungrateful dog . We Feng Family let you live previously because we thought that you still have value . If you obediently do your King of Hell and let Feng Family utilize you obediently, maybe you can live well . ”

“But you just don’t know how to do what’s good for you, thinking that you can compete with the Feng Family with your little strength? Don’t dream! Even if I give up my life, I must kill you this sinister beast here to eliminate the trouble of Feng Family!”

Nangong Yu looked at him quietly without any fluctuation on his face . His eyes were full of disdain, “You want to kill me here? Elder Feng, are you overreaching yourself?”

“You are just at the intermediate level of the Nascent Soul stage . I have now used the Spirit Burning Voodoo to stimulate my potential . I will soon reach the peak of the Nascent Soul Stage . Together with my two disciples’ help, Nangong Yu, do you really think that you can win?!”

Elder Feng yelled . The spiritual power on his body increased even more as time passed . “Nangong Yu, I will now kill you . When the Iron Kirin loses the King of Hell, they will be a bunch of trash . They can only be trampled by our Feng Family,hahaha... ”

#### **Chapter 572**

Nangong Yu looked calm and didn’t answer his words, but he slowly pulled out a cyan flying sword from the storage ring .

As soon as this flying sword appeared, a dragon roar seemed to resound through the sky .

The surrounding azure dragon and others looked difficult as they were originally suppressed by the spirit pressure of Elder Feng, but this dragon roar made them feel ease .

When Elder Feng and others saw the cyan flying sword in the hands of Nangong Yu, they suddenly panicked and shouted in shock, “Sealed... Sealed Dragon Sword, how is it possible?! How could Fenglong Sword be in your hands?”

“Is that ... the one who got Sealed Dragon Domain’s Secret Territory is you?!”

Nangong Yu didn’t bother the shouts of these people, he just held the cyan flying sword in front of himself and dropped a gentle kiss on the cold sword body .

This was what Xi’er gave him .

That little girl is always duplicity, stubborn and persistent, but in fact, she cares about me from the beginning .

Whether she cured his poison at the King of Hell Mansion, got angry in the Sealed Dragon Territory because of Feng Lianying, and had a rare and fragile attachment to him in the Breaking Spirit Mountain, it all made him so touched and affectionate .

Soon! Soon, he could return to the little girl, guard her forever, and spoil her! Let her be his wife .

Nangong Yu lifted his head, the pirated version of the “Sealed Dragon Sword” was whistling in the sky . All of sudden, thundercloud gathered and a wild wind approached .

Elder Feng’s face was extremely ugly, but he shouted, “Even if he has the Sealed Dragon Sword, he can’t control the sword now, let alone, we are three people . How can we not win him? Let’s do it together and kill Nangong Yu . The Feng Family won’t treat you unfairly afterward!!”

The two elders of Liu Li Sect regained their consciousness . They immediately took out their magic weapon and charged at Nangong Yu .

Just before the three men hit him, Nangong Yu’s figure suddenly flickered and disappeared without a trace .

The three were startled . Suddenly, the youngest elder sensed danger in his heart, exclaiming, “I ... I lost contact with my magic weapons!”

Before he finished speaking, he felt a cold breath behind him .

He turned back suddenly, and there was already a Thunderbolt Pearl in his hand . But before he activated it, he felt that coldness in his dantian, then all his spiritual power leaked out as if a bottle had cracked an opening .

The elder stared in horror, looking at the handsome face near him . His body was trembling like a sieve .

He reached out and tried to grab Nangong Yu’s neck, but his body fell down uncontrollably .

At an altitude of tens of meters, without the protection of spiritual power, the elder fell to the ground and instantly became a meat sauce .

When Elder Feng saw this unexpected change, he felt that a mouthful of blood was stuck on his chest, and his heart was painful like convulsions .

“Nangong Yu, you ... you even killed Fellow Disciple Chen . I ... I will kill you ...”

However, before he finished speaking, Nangong Yu’s mouth again sneered like Shura .

He fluttered, and he appeared behind the gray-haired elder this time .

The elder had been prepared for a long time . His body suddenly glowed with a dazzling red light, and he launched the spiral dart in his hand straight at Nangong Yu .

However, he was fast, but Nangong Yu was faster than him .

### **[The King of Hell's Genius Pampered Wife](#)**

#### **Chapter 573**

The Sealed Dragon Sword, which was originally high in the sky, suddenly whistled down and easily parried the elder’s spiral dart lightly .

Immediately, a cold, slender hand strangled his throat, making him unable to breathe .

The elder wanted to sneer . He was a martial artist and even a Nascent Soul stage martial artist . As long as he could absorb spiritual power, as long as his Nascent Soul still alive, nevermind he couldn't breathe, he wouldn't die even if his heart stopped .

But soon, he couldn't laugh .

Because he found that his body seemed to be imprisoned by a cold evil power . All his spiritual power could not be channeled, and he couldn't even try to channel his Nascent Soul .

But how is this possible? How?

No one can do it, and no cultivation method can do it, even the peak of the Nascent Soul stage is impossible .

No! There is someone in the legend of the Miluo Continent; there is a kind of spiritual power that is the nemesis of all other spiritual powers and cultivation methods .

Dark spiritual power!

The elder's eyes widened in horror as he looked incredulously at the young, overly handsome man .

How is this possible?! Nangong Yu is only 20 years old! How is this possible?!

This was his last thought, and then a bone snapping sound came into his ear, and his consciousness fell into coma eternally .

Elder Feng couldn't believe his eyes . He thought that the three Nascent Soul stage martial artists should have the advantage when facing Nangong Yu .

But in just two moves, Nangong Yu actually killed his two fellow disciples .

How can that be?! Isn't he only the intermediate level of the Nascent Soul stage?

Elder Feng roared hysterically, and hurriedly charged at Nangong Yu with a glazed lamp .

"Sealed Dragon Sword" was making a buzzing dragon roar . It made a violent hum when it was colliding with the glazed lamp .

After a moment of colliding, the glazed lamps shattered and scattered, leaving no fragments, but "Sealed Dragon Sword" returned to Nangong Yu's hands in an unharmed condition .

Nangong Yu's figure flickered, and he appeared before Elder Feng .

He could end his life by extending his hand .

"No—! I'm not willing—!" Elder Feng growled angrily . "I must not let the Feng Family face such a threat . Even if I lose my soul and spirit today, I will perish together with you!"

As soon as Elder Feng spoke, the Nascent Soul in his dantian erupted suddenly in a dazzling light .

"Not good! He wants to self destruct his Nascent Soul!" Azure dragon exclaimed, "Master retreats quickly!"

Elder Feng's body lit up with intense light as he quickly retreated . He laughed out loud, "Nangong Yu, you can't stop me anymore . As long as my Nascent Soul explodes, the circle of hundreds of miles will be flattened . You and your men will not survive . "

"You all die—!!!"

Nangong Yu looked at the old man with a sneer and sarcasm .

Elder Feng's body figure that was retreating rapidly stagnated . He didn't know what he bumped into .

Before he had time to look back, there was a sharp pain after feeling a coldness at his back .

Something penetrated into his dantian, and then the force firmly held his Nascent Soul that was about to burst .

The next moment, something that stunned everyone happened .

One Nangong Yu, who was sneering, was standing in front of Elder Feng; another Nangong Yu was grasping his Nascent Soul at his back .

Two Nangong Yu surrounded Elder Feng at the front and back . The Nascent Soul that was about to explode could no longer be active as if it was suppressed by some kind of power .

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 574**

Elder Feng's eyes were widened . His eyes were red and filled with terror, "No ... this is impossible! Why do you have a clone, and why can you prevent Nascent Soul from exploding? You ... what is your actual strength? What cultivation method do you learn?!"

Nangong Yu in front of him smiled faintly, "Don't your Feng Family always have someone to monitor me, and investigate my movement and strength anytime and anywhere? Why haven't you figured out my strength yet?"

"You ... Nangong Yu, have you always been hiding your strength?" Elder Feng's voice was hoarse and horrified . "You are guarding the Feng Family since the beginning! Nangong Yu, how much do you know? You... what do you want to do?!"

"Hehe, how much do I know?" Nangong Yu chuckled, "I know everything that I shouldn't know, and I knew it a long time ago . "

"As for what I want to do?" Nangong Yu suddenly took back his smile and turned into a spine chilling expression, "I just want to kill all those who threaten her . I said that . I wanted to allow you guys to live for a while, after all, it's not good for me to fight with Feng Family so early . However, you provoked someone that you shouldn't?"

"Now, you ... all die for me!!!"

As soon as the words were spoken, the hand holding Nascent Soul tightened suddenly . A crack sound could be heard . The powerful Nascent Soul that was bursting was shattered by a dark force .

"Ahh—! Nangong Yu, my superior will know what you did . "

“Nangong Yu, you can’t run . The Feng Family will not let you go; my superior is even so!”

“Nangong Yu, you can’t live for long—!!!”

The Nangong Yu who crushed Nascent Soul’s body shook, dissipated in the air, and the fundamental essence returned to its original body .

Nangong Yu retrieved his Sealed Dragon Sword and landed slowly from the sky .

As soon as he landed, he turned pale and squirted blood .

“Master—!” Azure dragon, Wu Yu, Wu Gou and the others rushed anxiously to help Nangong Yu,  
“Master, are you okay?”

Wu Yu was turning in circles anxiously . “Master, you use the clone of fundamental essence twice continuously, and you are injured trying to prevent the Nascent Soul from self-destructing . Now there is no doctor here... What should I do?”

Wu Gou was also anxious that he broke into sweat . He couldn’t help but said, “Master, how can you transfigure your clone and tear through space at such a critical moment? If there is any accident, nevermind utterly failed our plan, even master’s life is possible ... ”

Nangong Yu wiped off the blood at the corner of his mouth, and indifferently took out a bodhi fruit and a lotus pattern peach from the storage ring . His tone was cold and indifferent, “Since when you can judge my decision?”

“I dare not!”

Nangong Yu swallowed both the bodhi fruit and the lotus pattern peach . The pain in the body was suddenly better, and the exhausted spiritual power was completely replenished .

Seeing his face looked a lot better, azure dragon wiped the sweat from his face . He secretly decided that he must teach Wu Xing, this useless thing, a lesson when they were back .

I let him protect the princess, but how did he protect her? Every time the master had to rush to the rescue her . Even the master’s plan was almost ruined by it . Fortunately, the plan went well this time, but what about next time?

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 575**

It seems that master really loves the princess as himself . Now, he even eliminated Liu Li Sect for the princess in advance .

For the sake of the master’s safety, we still find some ways to protect our noble princess!

Nangong Yu adjusted his breath for a moment, then got up and looked at the silent Liu Li Sect that only had the smell of blood . He sneered, “Azure dragon, did you clean it all up?”

“Report to the master, I have cleaned it up . There is no survivor . I also let Iron Kirin to clear the traces left by us . ”

Nangong Yu nodded . “Let’s go . I believe that the destruction of Liu Li Sect will give Feng Family a headache for a while . ”

Azure dragon nodded quickly, following the steps of Nangong Yu, and led the Iron Kirin to lurk into the magical beast forest again .

Before leaving, azure dragon couldn’t help looking back .

The big sects who had been surrounded by the fairy air now had only a bloody death silence .

On the beams of sect’s hall, several crows had fallen on it . It was like they smelled the rotten smell of the corpse and they were waiting for a meal .

Liu Li Sect, this was the Liu Li Sect, one of the four major gates of Miluo Continent!

They perished silently in the hands of the King of Hell Mansion .

Azure dragon smiled slightly, turning his head to look at Nangong Yu’s eyes full of fiery and adore . He no longer stopped his footsteps and followed up in a hurry .

===

The sun rose, the evening of the Breaking Spirit Mountain fades away, and the daylight covered the mountain again .

All night passed, even the recording talisman was burned out, but the outdoor sex party was not over yet .

When the sun shone on this land, one could see undulating figures hiding in the hills . It was occasionally accompanied by fiery moans .

Ouyang Haoxuan’s body landed in this area . Before he could search for the familiar figure, he felt a thick and disgusting obscene breath, mixing with a bloody smell .

He walked past the corpses and found that they were all Gold Core stage cultivators, and they were wearing Liu Li Sect disciple costumes .

As he walked past the corpses, the hoarse moan of the woman and the roar of pain and joy by men became clearer and closer .

Thinking of Xi Yue’s call for help last night, Ouyang Haoxuan’s heart froze as he frowned .

What is going on here? Could it be that Xi Yue encountered something unexpected?

Thinking of this, Ouyang Haoxuan no longer stayed . He hurried forward and removed away the grass that covered those bodies .

In the weeds, two or three men were lingering with a woman .

The three men looked disgustingly ugly, but the woman had a beautiful face, but at this time, her original fairy temperament was replaced by lust . She was covered with marks that were left by men .

However, she seemed to feel unsatisfied . She kept holding the two men on her body, making hoarse moans, and kept saying, “So comfortable ~~ not enough ~~ not enough ~~”

Ouyang Haoxuan recognized the true face of the woman at a glance .

Isn't that Feng Lianying who wants frame Xi Yue for murdering in Breaking Spirit Mountain Palace?

Hmph! What Ice Lotus Fairy, pretty and innocent jade girl, and the high-profile daughter of the Feng Family, now it seems that she is obviously a shameless lascivious girl .

Several bodies were lying beside Feng Lianying . They were all ugly-looking men . However, at this time they looked skinny as if they were drained by some kind of succubus and turned, and they turned into a dead body .

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 576**

This is clearly the miserable result after man's essence being drained by woman!

Ouyang Haoxuan's eyes glanced over Feng Lianying and the three men on her body . Sure enough, Feng Lianying was getting more and more excited, but the three men already had sunken eye sockets as if their vitality would be drained until empty at any time .

The daughter of the Feng Family; the young master of the Liu Li Sect actually cultivated such an evil cultivation method . She sucked man's essence by selling out her beauty . This was simply disgusting .

Ouyang Haoxuan didn't want to watch this disgusting scene that made him sick for even looking at it for a minute . He turned around as he was about to leave .

Suddenly, there was another man with a naked torso in the grass . Ouyang Haoxuan also knew this man too . He was Nie Jinchen, the head disciple of Liu Li Sect .

Nie Jinchen's gloomy eyes glanced at the entangled men and women, then he looked at Ouyang Haoxuan and smiled lowly, “How long does Young Master Ouyang want to watch here? Do you also want to taste the Ice Lotus Fairy?”

Ouyang Haoxuan showed an extremely disgusted expression . He said coldly, “You all are doing such a disgusting thing, why are you afraid of being seen by others?”

Nie Jinchen laughed, “Not anyone can have a taste of the Miss of the Feng Family . This is a unique opportunity . Don't Young Master Ouyang want to try it? Rest assured, you are a Gold Core stage, so you won't be drained to death like this scum . See, am I not fine?”

When Nie Jinchen said this sentence, it was full of temptation like he was sharing a magic weapon .

Ouyang Haoxuan was even more disgusted as if he would vomit for taking one more glance . “Such a dirty and shameless woman . If you like it, keep it for yourself!”

After speaking, he turned and left quickly without speaking more with Nie Jinchen .

I didn't see Xi Yue here . It seems she is out of danger .

Ouyang Haoxuan's spiritual power was injected into the black stone, and he was found that the black stone was still pointing in the same direction .

From this point of view, that direction lead to the rank four magical beast area .

Ouyang Haoxuan no longer hesitated . He quickly crossed the enchantment and entered the rank four magical beast area .

Nie Jinchun, who stayed in place, held the recording talisman that was already recorded in his hand, and he revealed a vicious smile .

===

Ouyang Haoxuan followed the instructions of the black stone and quickly came over a valley .

However, when he looked into the valley, he was frightened and revealed a terrified expression .

He saw in the hundreds of square meters of the valley, there were more than a dozen rank four magical beasts surrounding a fragile young man .

Those magical beasts were ferocious . Their spiritual power was pulsating . There were even loud roars from time to time .

The young man trapped in the middle was slender . He had dark hair . His skin was as white as snow under the sun and as delicate as jade .

From the perspective of Ouyang Haoxuan, he can see the faint smile on his mouth, the beautiful and delicate eyebrows, and the slender neck .

The young man looked so delicate and so cowardly as if he would be torn into pieces at any time .

But his eyes were so calm as if the dozen magical beasts in front of him were just ants that he could kill at any time .

Ouyang Haoxuan took a cool breath and then breathed a sigh of relief .

This young man was obviously Xi Yue . Fortunately, he arrived immediately, otherwise he might see his body being torn by magical beast .

Ouyang Haoxuan was about to jump down to rescue him, but saw that the boy who had stood up suddenly moved .

Purple vines rose into the sky, extending toward the magical beast that surrounded her in all directions .

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 577**

Immediately afterward, Li Shui Sword was launched . He gently made the first strike, the second strike, the third strike...

The next moment, Ouyang Haoxuan was shocked .

Countless swords rained from the sky like a countless meteor . They curved through the sky, bringing a chilling sword energy and killing intention .

The purple vines entangled the bodies of those magical beasts, preventing them from escaping and making any moves .

“Shua—Shua—Shua—” Wherever the sword lights rained, there were corpses of the magical beasts . Flesh and blood were everywhere .

The magical beast’s heart piercing miserable roar sounded again and again in the valley .

In just a short period of time, there was no living magical beast in this valley anymore . There was only the young man who had the smell of blood, but he wasn’t stained by the blood which made up a sharp contrast .

Ouyang Haoxuan held her breath tightly . He could hardly believe his eyes .

That was a dozen rank four magical beasts . Even if it were him, he couldn’t kill all of them so swiftly and easily .

And this young man in front of him was just the Foundation Establishment stage .

Foundation Establishment stage ... he killed more than a dozen rank four magical beasts on his own? Who would believe in it?!

In the valley, Hexi, who was about to collect the magical beast monster essence pill, seemed to feel something . She suddenly looked up in the direction of Ouyang Haoxuan, and she said coldly, “Who is it? Show yourself!”

Ouyang Haoxuan suddenly woke up and quickly channeled his spiritual power, slowly falling from the top of the mountain into the valley .

Hexi saw the appearance of the person . She immediately dispelled her alert and nodded at him, “Young Master Ouyang, why are you here?”

Ouyang Haoxuan took out the black stone with a guilty expression on his face . “Young Master Xi, I received your plea for help the day before yesterday, but at that time, in order to avoid a few mysterious people who was tracking me, I got into the forbidden enchantment of the Breaking Spirit Mountain . I couldn’t get out for quite some time .”

“I was so anxious in the array at that time . I managed to break the prohibition in the early hours of this morning, so I hurried in . Fortunately, Young Master Xi, you are all right, otherwise I really ...

Hexi smiled . Her eyes showed a little grateful expression . She said lightly, “Young Master Ouyang, you don’t need to be bothered by it . I asked you for help because I was accidentally sent into the rank five magical beast area . I was afraid I couldn’t handle it, so I contacted you .”

“As for Young Master Ouyang, you came to this rank four magical beast area for me . Not only your strength will be deprived by the prohibition, it may even affect your Big Hunting Match results . I’m safe here now . Why don’t Young Master Ouyang go back now?”

Ouyang Haoxuan quickly shook his head and said, "No, I didn't come here for the sake of getting more places in the match . I just wanted to experience it . It didn't make much difference for me to be in the rank four magical beast area or the rank five magical beast area . What's more, I don't know if the mysterious people who followed me are still in the rank five magical beast area . If they are still looking for me, then I would be safer in this rank four magical beast area . "

Hexi raised his eyebrows when he heard the words and wondered, "Mysterious men were following you? Do you know who they are?"

"I don't know . " Ouyang Haoxuan frowned . His eyes like dim jades revealed a hint of coldness . "But I can feel that they have bad intentions, and their cultivation is very high . Most of them are at the advance stage of the Gold Core stage . Especially the leader among them, I couldn't even detect his cultivation level . "

"I felt that something was off at the time, so I used the martial artists who teleported with me to cover me up and finally hid in the prohibition of the Breaking Spirit Mountain . "

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 578**

Ouyang Haoxuan squinted his eyes and said slowly, "Because my father is the person in charge of this competition, I am familiar with the prohibition and enchantment of the Breaking Spirit Mountain main peak . That was why I could escape by chance . Those people seemed to be sure that they could catch me, if it weren't for the terrifying prohibition of the Breaking Spirit Mountain, I would have fallen into their hands . "

Hexi frowned . "Do you know why they want to catch you?"

"It definitely won't be a good thing," Ouyang Haoxuan sneered . "I heard one of them say that if they can't complete the mission and they can't catch me alive, they will be whipped until they get cramped when they go back . "

Hexi suddenly remembered what happened to Ouyang Haoxuan, and she could not help asking, "Could it be the same group of people who severed your meridians in the magical beast forest?"

"It shouldn't be . " Ouyang Haoxuan shook his head . "The person who set me up in magical beast forest didn't have high cultivation, but the poisons he carried were extremely rare . In addition, he bought my cousin off and conspired against me . I only fell into his trap because of that . "

"However, whether it is the person who set me up in the magical beast forest or the person who wants to catch me in Breaking Spirit Mountain now, if they think that I, Ouyang Haoxuan is as weak as that day, then I am afraid they will be disappointed . "

As these words were spoken, the light in Ouyang Haoxuan's eyes was glittering as if it had a terrifying coldness .

There was a dark and gloomy breath on his entire body . How could he be the facile and graceful young master in Yanjing City .

It seemed that that one year when his meridians were broken still had a huge impact on him .

However, when Ouyang Haoxuan's gaze fell on Hexi Qingjun's beautiful face, his original gloomy expression immediately became soft and gentle. "Young Master Xi, let me not talk about it first, you were teleported into the rank five magical beast area by mistake, so you shouldn't have hunted any magical beasts. I still have some monster essence pills here. Why not I give it to you."

Having said that, without waiting for Hexi's refutation, Ouyang Haoxuan quickly took out a dozen monster essence pills of the rank five magical beasts and handed them to Hexi.

Hexi quickly shook her head. "No, I already have monster essence pill. Keep it for yourself."

Ouyang Haoxuan smiled, "Although I hid in the prohibition, there were also many magical beasts went in mistakenly, so I have a lot of monster essence pill myself. Moreover, I am really not interested in the prize of Big Hunting Match, but I know that Young Master Xi, you are interest in it."

Seeing that Hexi wanted to refuse, Ouyang Haoxuan grabbed her hand and put the dozen monster essence pills into Hexi's palm. "It's good for you. Young Master Xi, please don't reject me."

Hexi froze. She actually wanted to say that she now had dozens of rank five monster essence pills in her storage ring.

But seeing Ouyang Haoxuan's sincere expression, she still kept the monster essence pills.

She couldn't always tell Ouyang Haoxuan that she got a lot of monster essence pills in the rank five magical beast area right? She should just find another opportunity to return this kindness in the future.

When Ouyang Haoxuan originally held Hexi's small hand, he only felt that her hand was soft and smooth with a gentle and delicate touch.

The slender five-finger figures were like carved from white jade. When he pinched her palm, it felt like her palm was so soft that he couldn't feel her bone, and he could feel the temperature increase as he touched it.

Ouyang Haoxuan's heart was rippling as he looked up.

He just felt that the young man's eyes were bright and gorgeous, and his lips were pinky. His pair of eyes was clear like the river in autumn, and it could snatch one's heart.

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 579**

Until Hexi received the monster essence pill and retracted her hand.

Feeling the touch and temperature lost in the palm of his hand, Ouyang Haoxuan only felt a loss in his heart. He wished to grab the white jade-like hand back and put it into his palm.

Hexi returned to the corpse pile of magical beast to collect monster essence pill, and let Purple Abyss Vine suck enough blood.

As she was about to ask Ouyang Haoxuan to move together, she turned back and saw that Ouyang Haoxuan was astounded on the spot. His pair of dark jade eyes were stunned looking at her, but it also seemed like he was spaced out as he was looking at nothing.

“Young MAster Ouyang? Young Master Ouyang?”

Hexi called several times in a row before Ouyang Haoxuan slammed back, and his cheeks turned red .

He gave a low cough and covered his embarrassment, then he only spoke casually, “Xi Yue, we have a friendship at the very least, please stop calling me Young Master Ouyang . Call me Haoxuan instead . ”

Hexi responded casually with an “oh” . She wasn’t interested in what to address . “Let’s go . ”

Watching the slender back of the young man walking in front of him, and the dark and soft hair fluttered lightly, Ouyang Haoxuan recollected his mind . He suppressed the peculiar state in his mind and quickly followed up .

This time the two walked up the main peak .

Because the main peak was steep and high, there were very few martial artists encountered on the way, but there were more and more magical beasts .

But for Hexi, the more magical beasts, the happier she was .

This area only had rank four magical beasts . She was more than enough to deal with it by herself . Now, with the help of Ouyang Haoxuan, it went very smoothly . The magical beasts on the peak were so terrified that they didn’t dare to come out .

Ouyang Haoxuan had seen Hexi’s strength while in the valley .

However, along the way, he was horrified to watch Hexi showing his sword skills that were better than the Gold Core stage martial artists and harvesting a bunch of magical beasts in his hand .

Xi Yue is only at the Foundation establishment stage . How can he defeat a group of rank four magical beasts? This is impossible no matter how .

And, if I remember it right, Xi Yue was just an ordinary person who couldn’t use spiritual power a few months ago .

At the time, she was still using Nangong Yu’s spiritual power to help me cure the poison .

But in just a few months, her strength was close to the peak of the Meridians stage . Such a speed of advancing made Ouyang Haoxuan startled .

Ouyang Haoxuan didn’t know that this was even the result of Hexi hiding his strength .

If Ouyang Haoxuan knew that Hexi could beat up an intermediate level Gold Core Stage martial artist with his full force, Ouyang Haoxuan’s jaw would be dropping .

After a year and a half being laughed by people after his meridians were severed, Ouyang Haoxuan’s heart was filled with a thick darkness .

Apart from his parents, he could no longer believe anyone . He would never care about the lives of others .

But this Xi Yue was different right?

Ouyang Haoxuan would never forget that it was this beautiful and handsome young man who told him with an ease smile light and a loud tone, "I can cure you!"

Xi Yue was like a light, pulling him out of the abyss of hell, allowing him to relive like a person, and giving redemption to the Ouyang Family .

Ouyang Haoxuan was grateful and eager for Xi Yue .

But now, he found that he was more and more attracted to this beautiful-looking, superb medical skills, and powerful youth . It was to the extent that he couldn't look away .

### The King of Hell's Genius Pampered Wife

#### **Chapter 580**

The two men ascended halfway up the main peak, and finally came to a huge field on top of the mountain .

Not far away, in the dense forest ahead, the sound of quarrels and fights could be heard . Occasionally, there were the voices of martial artists screaming .

From here, they could vaguely see indistinct figures fighting .

Ouyang Haoxuan looked at the direction of the screaming, his eyes were cold without any curiosity or sympathy .

However, when he turned to see Hexi's expression looking over there, he couldn't help asking, "Xi Yue, do you want to help?"

If Xi Yue wanted to save them, he was naturally willing to accompany him .

Hexi smiled faintly and shook her head . "No, I just seem to see an acquaintance . However, it doesn't matter to me, let's go . "

There was a smile in Ouyang Haoxuan's eyes .

As the two were about to leave, a familiar young voice suddenly sounded behind them, "Young Master Xi, help!"

This was Nalan Ziyun's voice . It was full of supplication and surprise .

Why would Hexi care about him? She literally ignored him and walked away . She even talked to Ouyang Haoxuan by the side as she walked as if there was no one there .

Nalan Ziyun was being beaten as he was pressed to the ground at this moment .

The one who pressed him was an extremely fat martial artist . When he heard him asking for help, he laughed and said, "What Young Master West or Young Master East (The xi in Xi Yue name represents West in Chinese), even the emperor couldn't save you now!"

After that, the fat fist slammed heavily on Nalan Ziyun's waist . It was so painful that Nalan Ziyun's body trembled for a while .

He saw that Xi Yue didn't mean to save himself at all, he was so furious and hateful .

He turned his eyes, and there was ruthlessness in his eyes . He couldn't help increase his pitch, "Xi Yue, weren't you very happy and proud to embarrass the Feng Family in the palace that day? Now that you see the Feng Family people oppress us innocent martial artists, you are going to flee?"

Nalan Ziyun's remarks immediately made the group of martial artists who were been beating Nalan Ziyun and others stopped their movements, and looked at Hexi fiercely .

If, in this Big Hunting Match, the most hated person of the disciples of Feng Family and Liu Li Sect was Xi Yue, then no one could absolutely be the second!

Hearing the name Xi Yue, and then carefully looked at this young man's overly handsome face, if he was not the one who embarrassed the Feng Family in the palace, who would it be?

For a time, these Feng Family's martial artists burst into anger .

The leader waved his hand, then half of the martial artists who were beating Nalan Ziyun charged directly at Hexi and Ouynag Haoxuan . They immediately surrounded them in a blink of an eye .

The leader looked thirty-five or thirty-six years old . His facial features were fairly angular, but his hair was thin and greasy . His forehead was even empty as if he was wearing a wig .

He stepped forward a few steps and assessed Hexi up and down, then he laughed coldly, "It really is you, Xi Yue,hahaha... You can have a good live, but you run into trouble yourself instead . "

"A mere Foundation Establishment stage martial artist actually overreaches himself to go to the rank four magical beast area . Today, you are really unlucky to meet me, Feng Yunhai . Rest assured, according to the rules of Big Hunting Match, I can't kill the contestants, but it's still very easy for you to survive a living hell . Hahaha..."
