Chapter 591

Big Hunting Match, which lasted a whole month, was finally over .

When Hexi came out of the transportation array of the Breaking Spirit Mountain while holding an inscribed teleportation jade slip . She saw the crowds in front of her .

Most of them were shabby; they looked withered and dejected .

But there were also people who looked proud of himself . Their eyebrows were full of complacent smiles . Obviously, they had achieved good results in this Big Hunting Match .

Hexi glanced through the crowd, then she quickly met Feng Lianying's cold, ghostly eyes .

Hexi's gaze examined her up and down, then she glanced at Nie Jinchen beside her, revealing an inexplicable smile .

It's really a pity for the Ice Lotus Fairy . Having sex with eight men for a few days and nights, she can still appear here beautifully .

Should I say that she is talented, or her desire is strong?

When Feng Lianying saw Hexi's smile, she was so hateful that she almost crushed her silver teeth .

If this was not the closing ceremony of the Big Hunting Match, she would have rushed over and torn Hexi who had framed her into pieces .

Hexi's deep voice suddenly came from Ouyang Haoxuan, "Xi Yue, don't entangle with such a shameless woman, lest you dirty your eyes . "

Hexi looked up and saw Ouyang Haoxuan looking at Feng Lianying with contempt and disgust .

Seeing Hexi's confusion, Ouyang Haoxuan explained something inexplicably, "When I received your call for help, I rushed to the junction of the rank five magical beast area and the rank four magical beast area, and then saw the woman and several men... I didn't expect the Ice Lotus Fairy who looks holy on the surface is actually so disgusting . "

"Xi Yue, you better stay away from them in the future . "

Hexi almost laughed out loud after hearing this .

She didn't expect that Ouyang Haoxuan also bumped into Feng Lianying's great scene . It was really a pity for Ouyang Haoxuan . Especially the appearance of Mr . Liao's disciples... that was so "beautiful" that he didn't dare to look!

Just looking at Feng Lianying, I'm afraid that she thought no one knows her scandal right?

Hehe, she thought that if Nie Jinchen doesn't say, and she doesn't say it, no one will really know?

As Hexi was thinking, an anxious voice suddenly came from Shen Qingchuo, "Young Master Xi, are you okay? I ... I received your talisman, but my area is the eastern part of the rank four magical beast area . I have been urging my fellow apprentices to hurry, but there were so many magical beasts on the road, so I couldn't get through..."

As soon as Hexi turned her head, she met the little girl's worried and guilty eyes . Her little apple-like face turned red, and her white forehead even exuded a thin layer of sweat .

Hexi's eyebrows quickly became soft, and her tone turned soft as she spoke to Shen Qingchuo . "Don't you worry, Miss Shen . Am I not fine now?"

When Shen Qingchuo heard the words, her eyes became red . Her little hands were holding onto Hexi's sleeve, and her voice was slightly choking, "Sorry, Young Master Xi, I promised to help you ... but I couldn't fulfill my promise . Grandpa taught me not to promise anything that I can't fulfill . I... I 'm really useless..."

Hexi smiled gently, "Who said you didn't help me?"

As Hexi spoke, she took out the contact talisman and stuffed it into Shen Qingchuo's hands . She said slowly, "In fact, I was accidentally teleported to the rank five magical beast area, so I asked you and Young Master Ouyang for help . "

"Although you couldn't come on time, the talisman you gave me showed me where you are, and it gave me a way to the rank four magical beast area . "

Chapter 592

Hexi softly comforted, "This way I could wait for Ouyang's help . Didn't you help me a lot by that?"

Shen Qingchuo's eyes were beaming when she heard that . She lowered her voice, "Young Master Xi, are you telling the truth?"

Hexi nodded .

Shen Qingchuo was immediately delighted . Her little face seemed to be able to emit dazzling light .

Xia Yichen, who came from the side, wanted to talk to Hexi, but when he saw the scene, he snorted in anger and left arrogantly .

Nalan Ziyun whispered beside him, "Apart from Xi Yue's handsome look, how can he compare to you . I really don't know what the girl of the Shen Family thinks . She is actually fond of him . "

"Do you not know what Xi Yue is capable of except for his handsome face? Why did you ask him for help if he was so incapable?" Xia Yichen glared at him, then gritted his teeth . "I don't need you to comfort me . I know that I can't compare myself to Xi Yue, so it's normal for Chuo Er to be fond of him . "

His face was full of unwillingness, but his eyes looked calm . Xia Yichen clenched his fists and said, "When I return to Qixing Palace, I train with my grandfather properly! One day, I will defeat that Xi Yue and let my Chuo Er take a different look at me!"

Hexi glanced at Xia Yichen's leaving figure, and she could hear everything the two guys said .

Then, there was a smile on her face .

Ouyang Haoxuan suddenly said in a deep voice, "Xi Yue, it's that Feng Yunhai ."

Hexi was astounded . When she looked up, she saw Feng Yunhai, who had bald hair, limped toward Feng Lianying and Nie Jinchun, and several disciples of the Feng Family .

As he walked, his gaze glanced viciously at Hexi and Ouyang Haoxuan . There was a sinister smile on his face .

Ouyang Haoxuan frowned . "It seems he is going to report to the elders of the Feng Family ."

Hexi's expression was not flustered, and she smiled leisurely: "Relax, he can't report it ."

Feng Yunhai had now stood in front of Feng Lianying and others . He couldn't wait for the closing of Big Hunting Match and the end of the awards . Since he couldn't notify Young Master Feng Yunjing for the time being, it would still be the same to tell Feng Lianying and the others .

As Feng Yunhai thought of this, a venomous smile appeared on his swollen face . He said, "Miss, senior fellow disciple, young master . When I entered Breaking Spirit Mountain to participate in the competition, I was asked to find the whereabouts of a person . Now I have found him . The young master told me to make sure that he should be caught alive ."

Feng Lianying wondered, "Who is this?"

"That person is ..." Before Feng Yunhai's words were finished, his voice stopped abruptly .

His eyes widened, and blood gushed from his mouth . The blood was red at first, but it turned into a dark purple colour .

Feng Yunhai fell to the ground with a loud bang . His body twitched a few times, then he turned into a dead body .

At the same time, there were also several martial artists who went into the Breaking Spirit Mountain with Feng Yunhai . It even included a Gold Core stage martial artist .

Everyone's death was extremely weird : They were spitting blood, then the blood turned purple .

The closing ceremony of the Big Hunting Match was immediately chaotic .

The prepared doctor hurriedly rushed over to check the dead men, but no one could find out the cause of the death .

Feng Lianying's face was extremely ugly .

On this trip to Breaking Spirit Mountain, their Feng Family lost all their faces and they lost so many Gold Core stage martial artists when dealing with Xi Yue .

Today, the martial artists who followed Feng Yunhai to the Breaking Spirit Mountain were dead .

Chapter 593

Who the hell is it? Who is so bold to kill the Feng Family's people under the daylight!!!

The doctor who came to check up faced the fierce expression of the Feng Family people and they were terrified that they trembled, but he still said, "My medical skills are not good . I really can't find out how these people were poisoned and when they were poisoned . Miss Feng, please be mercy!"

Ouyang Haoxuan not far away was startled by the scene .

Then he stared blankly at Hexi, lowering his voice, "Did you do this?"

Hexi's mouth curved slightly, and he slowly replied with a very low voice, "Ouyang Haoxuan, I guess those mysterious people who wanted to catch you may be sent by the Feng Family . "

Ouyang Haoxuan froze, wondering, "Feng Family? What did the Feng Family want from me?"

"I don't know why they want to catch you?" Hexi smiled slowly . "I gave Feng Yunhai Name Spirit Powder . As soon as Feng Yunhai and the others left Breaking Spirit Mountain, the Name Spirit Powder will be triggered . "

"During the onset of the Name Spirit Powder, as long as they mentioned my name, they would suddenly find themselves unable to speak . It took at least a month to recover . However, if they mentioned your name, Name Spirit Powder will be activated completely . No matter who says your name, the Name Spirit Powder will kill all of them at the same time . "

Ouyang Haoxuan's eyes widened in shock . He said with disbelief, "There... there is such a poison in this world?"

Xi Yue, how powerful is your healing and poisoning technique?

Hexi said indifferently, "This is like the curse by the immortal . It will set some rules and restrictions . Once someone violates the curse, he or she will be punished . Name Spirit Powder is mixed with similar spiritual power . Together with the poison that can lurk the human body, this effect can naturally be achieved . "

Speaking of which, Hexi glanced at Ouyang Haoxuan and said slowly, "Shouldn't you pay attention to the death of Feng Yunhai and the others?"

As she spoke, there was a cold and cruel smile on her mouth, "I obviously should be the most hated person of the Feng Family . However, in Breaking Spirit Mountain, after Feng Yunhai found out your identity, he didn't even bother about Xia Yichen and me . He just wanted to catch you alive . Moreover, the first sentence he spoke to Feng Lianying is even about you... Ouyang Haoxuan, don't you find it interesting?"

Ouyang Haoxuan was shocked, then his eyes flashed with a gloomy expression .

After a long silence, he whispered slowly:, "Xi Yue, I understand what you mean . I will be careful of the Feng Family . Thank you!"

Hexi smiled and stopped talking .

By this time, Feng Lianying had been angrily inquiring about Feng Yunhai's murderer .

However, everyone saw Feng Yunhai came out of the teleportation array safely, who would admit it?

Many martial artists were already full of doubt and contempt for the Feng Family .

Look at the Feng Family who sent so many Gold Core stage martial artists this time . Now that only a few people came out now . They did not expect that the strength of the Feng Family was so weak now .

Hmmm,it seems that this time if they were lucky enough to be selected by the major sects, they definitely shouldn't choose the Feng Family .

Feng Lianying's heart was full of resentment and hopelessness . The criticizing gaze of those martial artists even made her ashamed .

At this time, Feng Yunjing even disappeared . No one had the might to control this situation .

If I know who is the one who harmed the Feng Family's people, I will...

Chapter 594

"Young Master Xi, I remember you were the last one with Brother Feng Yunhai at Breaking Spirit Mountain right?"

Suddenly a teenager's clear voice broke the depressive atmosphere .

The speaker was Nalan Ziyun .

When Feng Lianying and others heard the words, they looked at Hexi at once . Their gaze was like ice swords, wanting to tear her into pieces .

Before Feng Lianying managed to speak, another middle-aged man at the peak of the Gold Core stage had already screamed, "Xi Yue, it's you again! Do you really think you can simply provoke our Feng Family? You keep challenging the majestic of the Feng Family!"

Hexi still looked no fear . There was still a calm smile on her face . She crossed her arms and said, "You can eat anything you like, but you can't talk nonsense . You said that Feng Yunhai was killed by me, is there any evidence?"

"Since you were the one who last saw Yunhai, if it wasn't you, who would it be?!"

Hexi smirked: "He said that I was the one who saw Feng Yunhai last, then I was the last? If he asks you to die, would you listen? Not to mention, I saw Feng Yunhai three days ago . Can you poison someone three days ago and let him die when he just meets you?"

The middle-aged man of the Feng Family was so speechless for a long time by Hexi's words .

When Feng Lianying saw Hexi, she couldn't wait to rip her off the bones, no matter whether she killed them or not, "Xi Yue, you bitch, who would oppose our Feng Family except you . Stop quibbling . Today

you better let us arrest you without resisting, otherwise you won't be able to get out of this Breaking Spirit Mountain!"

Hexi glanced at Nalan Ziyun and spoke ambiguously, "Oh? No one except me would oppose the Feng Family? Why do I recall that someone asked me for help when I'm in a conflict with Feng Yunhai?"

"Nalan Ziyun, you said I was the last person to meet Feng Yunhai, but I remember you left long ago . How do you know what happened to Feng Yunhai after you left? Could it be that you still held grudges on Feng Yunhai because he beat you up, so you came back later and secretly poisoned him right?"

With that said, a creepy smile appeared on Hexi's face, "After all, we all know that you Nalan Ziyun is the son of Nalan Zhengze, the first doctor of Jinyao Kingdom . If you want to poison someone, and someone who was being tied and defenseless, isn't that a piece of cake?"

"You... you nonsense!" Nalan Ziyun panicked and screamed immediately . "I have been with my fellow apprentice rothers since I left . I didn't go back to kill Feng Yunhai at all . Senior apprentice, please help me testify!"

Nalan Ziyun anxiously went to see Xia Yichen and other disciples in Qixing Palace .

But these people looked at him with disgust and contempt, and they didn't mean to help him at all .

Nalan Ziyun suddenly panicked, watching the aggressive gaze of the Feng Family . His hands and feet were trembling, "I ... No, I didn't kill them... Xi Yue, you don't put the blame on me..."

At this moment, Xia Yichen finally stood up and said coldly, "Three days ago in the rank four magical beast area, we did have a conflict with Feng Yunhai . The reason was that Feng Yunhai wanted to rob our monster essence pills . "

"Xi Yue was just passing by and he helped us because he couldn't accustom to Feng Yunhai's bad behavior . In the end, Feng Yunhai was defeated . He was being tied up and beaten up by us . "

Xia Yichen took a few steps forward . He looked just like a ten-year-old young man, but his face was handsome and delicate . There was a dignified vibe which made his words convincing .

Chapter 595

"If every one of the Feng Family, you can go to the rank four magical beast area of the Breaking Spirit Mountain to see the traces left . They wanted to commit a robber act relying on numbers . I think you guys can see it clearly . "

"What's more, what is that Feng Yunhai? In the Breaking Spirit Mountain, he was beaten up badly by us until he cried for his parents . Do we need to kill such a coward? Feng Yunhai took out a blast talisman and wanted to kill Xi Yue, but Xi Yue's spiritual pet swallowed the talisman . He was so scared that he fell onto the ground . This kind of garbage, is he worthy of us killing him?"

Xia Yichen's sneer glance glanced at the few people who looked embarrassed in Feng Family . He raised his hand as he said, "Hmph, you Feng Family are narrow-minded, and you did such a injustice act . Don't measure the other using your villain's mind, thinking that the others would collude with you! "

When Xia Yichen said this, the disciples of Qixing Palace cheered .

“Second fellow disciple said well!”

“We Qixing Palace are participating in this hunt with our own strength . We never did those filthy act . ”

“Maybe that Feng Yunhai was just doing bad things too much, so he got his retribution . Don’t put the blame on Young Master Xi!”

“Feng Family really thought that our Qixing Palace was afraid of you? If you want to fight, let’s fight!”

Xia Yichen’s words made Shen Qingchuo took a good look at him, then he said furiously at the the people of Feng Family, “You fail to frame Young Master Xi last time, but this time you want to repeat the trick . You are so shameless! ”

Qingxia Sect’s other Gold Core stage disciple also sneered, “Feng Family is simply bullying others . If Qixing Palace confronts with Feng Family, it’s better to count me Zhang Danchen of the Qingxia Sect in . ”

“Also count me in!”

“Count me in!!”

In the hall for a while, the people in Feng Family seemed to be the target of criticism .

Their faces were ugly, but in the face of the questions from Qingxia Sect and Qixing Palace, they couldn’t argue with them for a while .

Feng Yunhai’s death could naturally just let it be .

Feng Lianying was so enraged that her face also twisted as she watched Xi Yue escaped once again when she was about to catch her .

At this moment, on the master seat of the main hall, the elders of several majors who came in late sat in their respective positions .

When these elders of the Nascent Soul stage appeared, the original noisy hall was suddenly quiet .

Everyone knew that this time the Big Hunting Match was finally coming to fruition .

However, the people of Feng Family looked awkward, and their faces looked even more ugly . Their Feng Family, the Nascent Soul stage elder Feng Yunjing, did not appear .

There were already martial artists sneering as they were discussing, “Maybe Master Feng feels ashamed that he doesn’t dare to come out . ”

“Even if it’s me, I don’t have a face to show up too . Making such an embarrassed thing in the match, and most of the elite who sent into the Breaking Spirit Mountain didn’t make it out alive . Feng Family’s loss this time is too serious . ”

These people were talking secretly .

One of the casual martial artists next to him seemed to have received an inexplicable message from a friend .

He was surprised when he saw the message, but he still couldn't help but take out the inscribed jade slip of the blackmarket and inject his spiritual power .

When he found the sales video recorded by recording talisman from the blackmarket according to the guidance of a friend, his eyes suddenly straightened . He completely forgot where he was, and made a huge exclamation, "My God—! !!! "

The martial artists in the hall were listening to the teachings of Elder Xixing Palace .

Although there were martial artists whispering below, surely no one would shout out loud .

[The King of Hell's Genius Pampered Wife](#)

Chapter 596

So when the voice of this martial artist came out, he suddenly attracted the attention of the whole hall .

The Elder Xia who was speaking looked ugly, and the disciple beside him immediately reprimanded, "What's so noisy? Do you not understand the rules!"

The martial artist who screamed also had astonishment on his face, but his expression was mostly feeling weird .

From time to time, he glanced at Feng Lianying, not far away, with a colorful expression on his face .

When Elder Xia's disciple saw that he was not talking, his face immediately turned dark . He walked down and shouted, "What did you just watch? Hand it out!"

This man dared to be so disrespectful to their Qixing Palace . He must not be spared .

The martial artist shuddered, and then held back his fear and surprise as he handed out the item .

As he handed it in, he whispered: "I... I really don't know... I just received a message from a friend saying that there are good things on the blackmarket, and I must watch... I... I really don't know it will be this ... I didn't intend to interfere with Elder Xia's speech . Please forgive me, senior!"

Elder Xia's disciple frowned and took over the inscribed jade slip in his hand .

This inscribed jade slip looked unique, but most of the people in the Miluo Continent should know it .

This was the inscribed jade slip that allowed martial artists to enter the blackmarket virtual space . It was also the identity of martial artists .

The purchase and operation of the same inscribed jade slip could only be completed by a single martial artist, but if someone wanted to watch the purchased item, it could be share it with others . It could even project the video and play it directly .

That Elder Xia's disciple belonged to the elite of the martial arts, but things like blackmarket were generally only visited by some lone martial artists or the sect disciple of the lower rank .

So after getting the inscribed jade slip, he injected his spiritual power before trying to understand the operating principle at all .

The inscribed jade slip was instantly activated when spiritual power was injected .

Immediately afterward, a huge screen was projected in the center of the hall .

Two intertwined figures soon appeared on the screen . They rolled in the grass without any clothes on them .

The woman's hair was loose . Her hands and feet were tightly wrapped around the man, and she was hugging his neck with an unbearable longing .

And the man was slapping the woman while posing the woman in various promiscuous and slutty poses .

The most incredible thing was that besides the pair of entangled woman and man, there were still a few ugly men whose clothes were untie clinging, biting and rubbing the woman constantly .

But instead of feeling ashamed, the woman showed a very excited and enthusiastic expression . She even occasionally hugged the men's ugly heads and pressed them in her chest .

Everyone knew these ugly men .

But this man and woman, everyone recognized them as soon as possible .

Feng Lianying, the Miss of Feng Family and the young master of Liu Li Sect .

Nie Jinchun, Liu Li Sect's senior fellow apprentice .

These two, who were neatly dressed and looked glamorous on the surface, actually did such dirty act in Breaking Spirit Mountain .

In particular, Feng Lianying, who usually looked pure and holy and couldn't tolerate other's humiliation and trample, was actually so hot and lustful in private .

Many male martial artists were even excited to see this scene .

There was a weird silence in the hall . Even needle drops could be heard .

Elder Xia's disciple's hand was loose, and the inscribed jade slip fell to the ground . The image in the hall disappeared without a trace .

That disciple looked at the crowd, at Master, and at the Feng Family's people whose face was stagnant, and he stuttered, "I don't know... I really don't know ..."

[The King of Hell's Genius Pampered Wife](#)

Chapter 597

He really didn't know that after the inscribed jade slip was activated, it would play such a shameful harem scene!

"Ahh!"

Feng Lianying suddenly woke up and uttered a scream that sounded like it was going to tear her throat .
Then blood dripped from the corner of her mouth .

The pair of resentful hatreds, staring at Hexi like a banshee . She kept mumbling, “Slut, it’s you... It must be you who frame me... ! Slut, I won’t let you go — !!!”

Her voice suddenly increased, then it seemed to be stuck in his throat . Feng Lianying’s eyes turned white, and she fainted on the ground as she could no longer bear it .

The face of the Feng Family could no longer be described with ugliness .

Coupled with the absence of Feng Yunjing, they were flustered . They only felt that everyone looked at them as if they were laughing at and mocking them .

The Miss of the dignified Feng Family turned out to be having wild sex in Big Hunting Match .

Nevermind if she was having wild sex, but it was not with a man, but seven or eight men .

How could such a shameless act not be laughed at?

However, when did their Feng Family ever suffer such humiliation? How could the Feng Family apprentices endure such ridicule?

The middle-aged man who had the highest cultivation suddenly raised his hand and slapped Nie Jinchen ruthlessly . He said harshly, “Why are you guys still standing there? Quickly carry him and leave! Do you still want to stay here to embarrass yourself??”

“Yes .” Nie Jinchen covered his face and lowered his eyes, making people unable to see his expression .

The middle-aged man resentfully said, “Wait until I settle the score with you! Look at the good things you have done . Let’s see how you explain to your master when we are back!”

After speaking, he swung his sleeve angrily and left without bothering Nie Jinchen .

When the other disciples of the Feng Family saw the Master’s Senior left, how could they have the face to stay after feeling the ridiculed eyes of everyone? They carried Feng Lianying and left dejectedly .

After the Feng Family had left, a loud burst of laughter broke out in the hall .

This time the Feng Family really made a huge loss in the Big Hunting Match! They were so shameful,hahaha!

On the stage, Elder Xia gripped his fist and put it near his lips, then he made a cough . He held back his smile and said, “Everyone please be quiet . Don’t worry about the insignificant things . Now we start to count the results of Big Hunting Match .”

After hearing the words of Elder Xia, the martial artists in the hall stopped the noise and looked up at the stage with anticipation .

Over the past month, they had lived in the wild and wrestled with magical beasts just to get good results .

Today was the time to reveal their results .

One by one, the martial artists handed in their monster essence pills in the storage utensils . Some were a dozen and some were hundreds .

The disciples of the four major sects responsible for reviewing the achievements of these martial artists projected them on the inscribed jade slip so that everyone could see them .

“Shui Yue Sect, Ji Xinghuo, Meridians stage, turned in 87 pieces of rank four magical beast monster essence pills .”

“Qingxia Sect, Shi Feiyu, Gold Core stage, turned in 35 pieces of rank five magical beast monster essence pill .”

“Qixing Palace, Xia Yichen, Meridians stage, turned in 122 pieces of rank four magical beast monster essence pill .”

.....

As the achievements of the martial artists were projected, the whole hall was in turmoil .

Among the Meridians stage martial artists who have turned in the monster essence pill today, the monster essence pill obtained by Xia Yichen was far ahead .

This made the people at Qixing Palace extremely happy . Even Elder Xia, who had always been serious, could not help but caressing his beard, showing a smile of relief .

[The King of Hell's Genius Pampered Wife](#)

Chapter 598

Suddenly, a young man in Shui Yue Sect costume snorted coldly, strode forward, and threw the storage in his hand on the table .

He sneered, “He just collected some rank four magical beast monster essence pills, and he thought he is so pro . Qixing Palace is just so so .”

The people at Qixing Palace suddenly felt ugly when they heard the words, and Xia Yichen couldn't hold back as he said furiously . “Han Feiyu, what do you mean by that? Can you collect more monster essence pill than me?”

Shui Yue Sect disciple, who was called Han Feiyu, gave a scornful smile . He injected spiritual power into the storage ring and dozens of monster essence pills appeared in front of everyone .

In fact, according to the number, these dozens of monster essence pills certainly wouldn't exceed Xia Yichen's one hundred plus monster essence pills .

However, when everyone saw that one of the monster essence pills, some of them were exuding a thick monster beast's power . They couldn't help but exclaim, “Rank five magical beast monster essence pill!”

Although this Han Feiyu was the grandson of Elder Han of Shui Yue Sect, he still had some reputations . However, he was only at the Meridians stage after all .

A Merilians stage martial artist actually entered the rank five magical beast area and captured eight monster essence pill of the rank five magical beast .

If he did it himself, it would be amazing...

Hearing the praises of everyone around, Han Feiyu raised his chin high, looked down at Xia Yichen and sneered, "Xia Yichen, do you know the difference between the strength of rank four magical beast and rank five magical beast? I have eight rank five magical beast's monster essence pills here . Even your one hundred rank four magical beast's monster essence pills can't compete with it...Hehe, Qixing Palace, they are just some insignificant sect!"

Xia Yichen's face was gloomy, but he couldn't say a word .

No matter what method Han Feiyu used to get the rank five magical beast's monster essence pills, he lost completely in Big Hunting Match .

In particular, he lost the face of Qixing Palace .

Elder Xia's face also looked gloomy and ugly . On the contrary, Elder Han of Shui Yue Sect smiled . He shook his head casually, "This brat is still young and vigorous . He just likes to be competitive . Elder Xia, please don't feel offended!"

"In fact, your sect's Yichen is pretty good . He can hunt more than one hundred rank four magical beast's monster essence pills . He was just a bit timid; he didn't dare go to the rank five magical beast area . Unlike our sect's Feiyu, he is just a dumb person, but he could hunt eight rank five magical beast's monster essence pills . This result is still okay ."

There was a twitch at Elder Xia's mouth, but he forced a smile .

The disciple of Shui Yue Sect below was even more proud and arrogant than the people of Qixing Palace and Qingxia Sect .

Especially when the following martial artists who submitted monster essence pills couldn't hunt the magical beast of higher rank, this made Han Feiyu even more arrogant .

He suddenly walked to Shen Qingchuo's side and chuckled, "Sister Chuo Er, no wonder you used to hate Xia Yichen pestering around you like a fly . He is just a good looking idiot who doesn't have any strength . How can Sister Chuo Er be fond of him?"

"I don't know what sister Chuo Er thinks of me? My grandfather said that I can break through the Gold Core stage in just a few years . By that time, you can marry me to be my dual cultivation partner..."

"Who wants to be your dual cultivation partner!" Shen Qingchuo glanced fiercely at Han Feiyu . "I don't like Xia Yichen, but I hate you hundred times more than Xia Yichen! Don't think I don't know that every year you will rob a bunch of girls with spiritual roots to serve as your furnace . Such a shameless person like you, I even feel disgusted when I see you!"

[The King of Hell's Genius Pampered Wife](#)

Chapter 599

“You—!” Han Feiyu’s face suddenly darkened . His low and gentle voice that he pretended suddenly became cold, “Shen Qingchuo, I’m giving face to you to marry you as my dual cultivation partner . If it were because your Qingxia Sect’s ancestors can be served as a backer, do you think I will be fond of you?”

Before Han Feiyu finished speaking, a shadow suddenly slammed into his face .

Han Feiyu was caught off guard and was hit by the thing on the ground, making a huge moan .

This movement immediately caught everyone’s attention .

A little black dragon flying up from Han Feiyu’s face, flapping his wings a few times, and hehe laughed, “Hey, don’t you know not to block other’s way? I want to submit monster essence pills for my boss . Why are you standing there blocking my way!”

Before Han Feiyu made a speech, the little dragon had fluttered to the front of the main hall . It raised its head and shouted loudly, “Xi Yue, Foundation Establishment stage, come to submit monster essence pill .”

When the name Xi Yue came out, it immediately caught everyone’s attention in the hall .

This name was quite popular for this period .

Whether it was the rumor about his amazing medical skills, the best medical pills sold by Shengde Church, or the wonderful conflict and overturn between him and the Feng Family, it was impressive .

Now everyone heard that he was turning in monster essence pill, everyone’s eyes gathered on him .

Among the crowd of Qingxia Sect, a boy with a handsome face walked out slowly .

The light in the hall seemed to gather on him for an instant, and a halo was painted on his body which made him look gorgeous .

Everyone was stunned for a while until the boy came to the stage and took out all the monster essence pills from the storage ring .

Sixty six rank four magical beast’s monster essence pills and ten rank five magical beast’s monster essence pills .

The onlookers couldn’t help rubbing their eyes again and again .

Even Shen Sen, who had always looked up at Xi Yue, couldn’t help showing a shocked expression .

The boy in front is just the Foundation Establishment stage . Did we... see it right?

However, none of the monster essence pills he took out were of the rank three magical beast . All of them were fourth-order, and there were even ten rank five which was two more than Han Feiyu .

There was silence in the hall . Everyone looked at Hexi like they were looking at a monster .

Shen Sen regained conscious soon as possible . He said with a low voice, “Did you hunt these monster essence pills yourself?”

Hexi looked indifferent . She said with a clear voice, “I hunted some by myself, and some were gifted by others .”

After speaking, she seemed to suddenly think of something . She turned to look at Xia Yichen, her voice was cold, but it was pleasant to listen to, “Right, thank you for giving me monster essence pills .”

As soon as the words came out, the whole audience made an uproar .

The eyes of everyone looking at Xia Yichen changed, and then they suddenly realized it .

It turned out that the people of the Qixing Palace even gave their monster essence pills to Xi Yue . Perhaps it was to win over the Miracle Healer Xi .

No wonder the pills Xia Yichen hunted were not as many as Han Feiyu .

Xia Yichen widened his mouth . He couldn’t respond to what happen for a long while . He stuttered, “I didn’t... I just gave you a few ...”

But Hexi didn’t care what he said anymore . She handed the monster essence pills to Shen Sen instead .

Shen Sen glanced at her meaningfully . This glance was not just appreciation, but also amazed .

This time it was Elder Xia’s turn to smile at Elder Han of Shui Yue Sect, “Haiz, my sect’s Yichen, is so honest . He is always thinking about others first; he doesn’t want to take credit at all .”

Chapter 600

“Your family’s Feiyu is really different . This little brat’s temper really can’t be helped, even I can’t control him . But fortunately, he has a good social network! Elder Han, don’t you think so?”

Elder Han’s face was sullen . He waved his sleeves without saying anything .

Han Feiyu, who had just been knocked by the little magic dragon to the ground, looked extremely gloomy .

He wanted to vent his anger, but looking at the cold and unsightly eyes of everyone on Qingxia Sect, he immediately turned away dejectedly .

Just now when Han Feiyu was talking badly against Shen Qingchuo, the most favorite person of the Qingxia Sect, he already almost made Qingxia Sect’s people get rage, but Hexi was just a step faster than them .

Now that he still wanted to show off their power in front of the Qingxia Sect? Did he really think that the title as the four major sects was just a useless title?

Han Feiyu gave Hexi a ruthless gaze before leaving . His eyes were full of resentment and coldness .

The statistics of the Big Hunting Match results were completed, and Hexi won the first prize of the Foundation Establishment stage martial artists without a doubt . She got the fourth rank fire technique as she wished .

In fact, the magical beast monster essence pills obtained by Hexi in Breaking Spirit Mountain was far more than these few dozens .

Even only the rank five magical beast monster essence pill plus those given by Ouyang Haoxuan were more than fifty .

But the effect of monster essence pill was so great that she couldn't bear to give it all out . She kept the rest for the few brats as a snack .

Hexi took the fire technique and looked around, but she was surprised to find that Ouyang Haoxuan was disappeared to nowhere .

It seemed that before she handed over the monster essence pills, Ouyang Haoxuan had received some kind of news, and then he left with an ugly face .

Hexi fell into deep thought, then Shen Qingchuo's voice suddenly came in her ears, "Young Master Xi, you... you are so amazing; you can actually win the first place of Big Hunting Match!"

Hexi smiled and said nothing .

At this time, Shen Sen, who completed the duties as the elder, also slowly walked up and said toward Hexi, "Xi Yue, would you like to come to our Qingxia Sect? As long as you say a word, I can let any of the elders of Qingxia Sect or even Chuo Er's grandfather, Qingxia Sect's ancestors to accept you as a personal disciple ."

After a pause, he said again, "This time Feng Family lost face in Big Hunting Match, Xi Yue you will surely become a thorn in their eyes . Feng Family is powerful, they may not dare to harm you during the Big Hunting Match, but if you leave Breaking Spirit Mountain, Xi Yue you may be in danger ."

"But as long as you come to our Qingxia Sect, I guarantee that the people of Feng Family will never dare to make trouble ."

When Shen Qingchuo heard Shen Sen's words, she immediately smiled and said along, "Young Master Xi, Uncle is right . Come to our Qingxia Sect, so that we can play together all day ."

"Let me tell you, the Yunxia Mountain where our Qingxia Sect is located is beautiful, and the spirit is rich . It is very suitable for cultivation . Then, I will let grandpa make a cave house for you alone, then I will find you every day to play, isn't it good?"

Before Shen Qingchuo's words were finished, Shen Sen patted her head lightly and smiled, "Young Master Xi is an ambitious person, how can he play with you every day?"

However, he did not deny Shen Qingchuo's other promises . He was just looking at Hexi with a smile .

Hexi could feel the sincere invitations from Shen Sen and Shen Qingchuo to her . They were definitely not inviting her for their own purpose .

She said with a smile, "Thank you for your kindness, but I have always been alone . For me to join a sect and to be restricted by sect rules, it is really not the path I seek ."
