### The King of Hell's Genius Pampered Wife

#### Chapter 621

Hexi didn't even look at him as she just looked at Shen Sen and others, "General Ouyang said before his death that the people who tortured them were the people of Feng Yunjing and Feng Family, and he said that Ouyang Haoxuan was also in their hands . He begged me to save him . "

"Young Master Feng said that you didn't kill them, then let me ask you, why are your men with their faces covered appear here in such a late night?"

Speaking of which, Hexi's tone was full of resentment and hatred; her voice was trembling . "Killing them is not too much! I really can't understand how did General Ouyang and his wife offend you that you had to torture them like this?! Feng Yunjing, are you still a human?!"

Hexi's words quickly aroused the public's indignation . Everyone's eyes looked at the Feng Family's people with disgust and hatred .

Because General Ouyang and his wife really looked so miserable .

Especially Mrs . Ouyang, even if the Ouyang Family really offended the Feng Family, it must not be related to Mrs . Ouyang .

But looking at the marks on Mrs . Ouyang, she was treated like a beast before she died .

Such a vicious, cruel act could no longer be explained by the law of nature of the Immortal Realm .

Feng Yunjing was relieved to hear Hexi's words .

He secretly thought that Ouyang Zhixiong only cared about the life and death of his son before he died, and he had no time to tell the truth .

As long as Shen Sen and others didn't know about Five Elements Spirit Pearl, sooner or later Ouyang Haoxuan and Five Elements Spirit Pearl would be in the pocket of their Feng Family .

Feng Yunjing's dark and gloomy eyes swept over Hexi's beautiful and delicate side face, and the hands at his sides clenched tightly .

Once again, Xi Yue slipped away from his hands again .

If Shen Sen comes later, even if he couldn't find Ouyang Haoxuan, he could at least take Xi Yue back to let her be his own woman and let her serve the Feng Family .

But now all this was obviously impossible .

In this trip to the Breaking Spirit Mountain, the loss of Feng Family was almost incalculable .

Thinking of this, Feng Yunjing's expression became more gloomy and terrifying .

However, when facing the Qingxia Sect and Shen Sen, even if he was unwilling, he could only endure it .

He took a deep breath and said in a deep voice, "I admit that I killed General Ouyang and his wife . "

As soon as this remark came out, everyone suddenly went into an uproar .

However, Feng Yunjing turned the thread of discussion and said in a casual tone, “But I didn’t kill Ouyang Zhixiong intentionally, but I want to eliminate the traitor for the Jinling Kingdom . ”

“What ?!” An unbelievable shout broke out from the crowd .

Even Shangguan Wenji and Shangguan Qi were shocked, they were unable to understand what Feng Yunjing meant .

Feng Yunjing raised the corner of his mouth coldly . His eyes looked arrogant . “Ouyang Zhixiong held 100,000 elite soldiers, but he tried to rebel . I was entrusted by Shangguan Wenji, the emperor of Jinling, to capture the traitor, collect evidence of their crimes, and take back the commander’s seal . ”

“However, Ouyang Zhixiong was cunning . He refused to confess his no matter how, and he didn’t want to take out the commander’s seal, so I had no choice but to kill him . ”

“As for his wife and son, committing treason is enough to exterminate all related families . Mrs . Ouyang and Ouyang Haoxuan should be dead too . I kill them to eliminate the danger of the Jinling Kingdom . What is wrong with that?”

As he spoke, he looked at Shangguan Wenji with cold and threatening eyes . He slowly smiled, “Emperor, don’t you think... that is right?”

Shangguan Wenji turned his head and met Feng Yunjing’s cold, evil eyes like a viper, and his body suddenly trembled .

#### **Chapter 622**

His eyes glanced through the bodies of Ouyang Zhixiong and his wife on the ground; they looked so miserable and so sad .

This was the minister who was most loyal to him . He held 100,000 troops to protect his Shangguan Family .

Today, he was killed by Feng Yunjing in a simple sentence that he had committed treason, and he still wanted him to admit that Feng Family was killing the Ouyang Family for Shangguan Wenji .

This is going too far!

Feng Family is going too far in threatening me!!

Shangguan Wenji’s body was trembling violently . His lips kept opening and closing . He tried to speak, but he couldn’t spit out half a word .

It wasn’t until Feng Yunjing’s eyes revealed a murderous intention that Shangguan Qi caught his father’s hand and stepped forward, “Feng... Young Master Feng is right, Ouyang Family committed treason, so he and his family... should be executed...”

“Feng Family killed the Ouyang Family, it was... it was helping our Shangguan Family to remove the traitors . Our... our Shangguan Family is grateful for that!”

As soon as Shangguan Qi said this, Feng Yunjing immediately smiled .

The black-shirted men of Feng Family also showed triumph in their eyes .

As expected, the royal family of such a small country, Jinling, how dare they offend our Feng Family? It was just a general who died . If King of Hell was not in town, what if the Feng Family directly destroyed Jinling?

Shen Sen and others looked very ugly .

Even an Idiot could see the absurd and ridiculous reason for Feng Yunjing's murder . He didn't even intend to cover it up .

However, the affirmation of the Jinling Royal Family made them have to give up on pursuing the case .

Coupled with the power of the Feng Family, no one wanted to go into conflict with the Feng Family for just a Ouyang Family, so this matter could only go unresolved .

"Since there is nothing wrong, then we Feng Family will leave first!"

Feng Yunjing took a deep look at Hexi, then he greeted Shen Sen casually and left quickly .

Hexi took a long sigh of relief as he watched Feng Yunjing and others walked away .

After relaxing for a while, she only felt a cold spine as if she had just stepped out from the hell gate .

When she met Ouyang Haoxuan a while ago, she sent a message to Shen Sen and asked him to come to the foot of the mountain .

Now it seemed that fortunately, she was decisive at the time, otherwise she and Ouyang Haoxuan would have fallen into the hands of Feng Yunjing .

Hexi carefully retrieved General Ouyang's body into the storage ring .

Shangguan Wenji's shuddering voice stopped her, "Please return Sir Ouyang's body to me, I will surely organize a lavish burial . "

Hexi looked at him with a sneer . Her eyes were full of disdain . "Lavish burial? With what identity? As a traitor? Shangguan Wenji, won't you feel shame to say this!"

Shangguan Wenji shuddered as he heard the words, and Shangguan Qi shouted fiercely, "Impudent! What are you? You dare to talk to my father like this!"

"Who are you again!" Hexi hadn't spoken yet, Shen Qingchuo stepped forward, pointing at Shangguan Qi's nose and yelling . "You can't even protect your general . You let the Feng Family show off their power in front of you guys . You accused General Ouyang as a traitor just to protect your throne . Pui, you coward, what qualification do you have to talk to Young Master Xi!"

Shangguan Qi was being scolded until his face turned gloomy, but what identity was Shen Qingchuo, and what was the Shen Family's identity? He dared to scold Hexi, but how dared he argue with Shen Qingchuo .

Shangguan Wenji seemed to look older at this time . He muttered, "Forget it, go back... let's go back ..."

After talking, without waiting for Shangguan Qi, he walked back to the palace from the Breaking Spirit Mountain with the help of the imperial guards .

#### **Chapter 623**

Shangguan Qi glared fiercely at Hexi and turned to follow .

Hexi sneered and retrieved the bodies of the Ouyang couple . Then, she was about to say goodbye to Shen Sen .

Shen Sen frowned, “Xi Yue, I’m afraid that Feng Family won’t give up on you . Let us escort you to Yanjing City . ”

As soon as Shen Sen said this, Shen Qingchuo immediately clapped and smiled happily before Hexi said anything, “Great! Great! I heard that the Shengde Hall opened by Young Master Xi is lively . We will leave after we send him to Shengde Hall!”

Hexi also wanted to refuse, but she saw that all the disciples of Qingxia Sect showed a kind look to her .

She just felt warm in her heart . She held back the refuse she was going to say . She said in a low voice, “Thank you!”

Hexi would remember Qingxia Sect’s kindness to her in her heart .

===

When Hexi took Shen Sen and others to the Shengde pharmacy in Yanjing City, it was already late at night .

Zhou Yanan and Xi San were very pleased to see Hexi . They all came up together to greet her, “Young master, it’s great that you return safely!”

Hexi nodded and said, “Is everything okay here?”

Xi San laughed immediately, “Young master, please rest assured . Shengde Hall is getting more and more prosperous every day . There were indeed some people who wanted to have bad intention on us, and there were someone wanted to enquire young master’s identity, but they were all punished heavily by Master Gu . Now no one dares to cause trouble at the Shengde Hall . ”

Hexi nodded . Guliu Fengneng had operated Shengde Church and its forces for so many years, so his ability to handle things was naturally beyond doubt .

Zhou Yanan saw Xi San had reported, so he stepped forward and said, “Young master, the Virtue Home now has now accommodated many orphans, and I have now completely taken over the job from Master Gu . The children are very grateful to young master . They are very diligent in cultivation and learning . Especially Xi Lang, he has now entered the Qi Refining stage . ”

When talking about the children, Zhou Yanan’s expression was full of gentleness and kindness . His character was a bit soft and not decisive enough, but he was kind and patient . Therefore, he was best suited in taking care of the children .

Xi San continued, "I have also visited the courtyard . It has been very calm for the past one month . Xi Jia and others have never come out of the training area, but I have received their voice message talisman . All of them are safe, including Xiao Li . Her strength has also improved quickly . The only problem is..."

Speaking of which, his entire face was frowning . There were helplessness and trouble in his eyes, "Young master, your master is back ."

"Master is back?" Hexi asked in surprise, then she remembered the days when she was tortured by the sword array . Her mouth twitched .

Xi San said bitterly, "Yeah, he has been back for several days . He said he had run out of wine, and he asked us to prepare for him . However, he smashed all the wines we offered him . He even said that our wines are stinky, he must drink the wine that young master brews . But how do we find the good wines brewed by young master!?"

As Xi San said, he secretly glanced at Hexi's ugly face, and he even glanced at Shen Sen and others not far away .

After a while, he murmured and said, "Then the master got angry . He is causing trouble in the courtyard all day long . He said that young master... you don't respect the master . You didn't even prepare good wine and food for him before he dies ."

Hexi pressed her forehead and said in annoyance, "Okay, I got it . I will go back and serve the old man in a moment . I will let him drunk until he dies . Let's not talk about this..."

#### **Chapter 624**

Hexi introduced Shen Sen and others behind her, "This is Elder Shen of Qingxia Sect . These are the elite disciples of Qingxia Sect . Tonight, we will rest in Shengde Hall for one night . You have to make arrangements ."

As soon as Hexi said this, Zhou Yanan and Xi San both opened their eyes sharply .

"Qing... Qing Qing Qingxia Sect?!!!" Xi San stuttered as he said . "Is... Is that Qingxia Sect I think? The one from the Tiangang Kingdom... The one from the four major sects... Qingxia Sect?!"

No wonder he just felt that each person exuded a strong spirit pressure, and there was even a sense of dignity in them .

Shen Qingchuo was amused by Xi San's appearance . She tilted her head and said, "Is there a second Qingxia Sect in Miluo Continent?"

"Hee hee, Young Master Xi, your subordinates are really interesting ."

Before Hexi had time to say anything, Zhou Yanan suddenly took a step back, almost hitting the corner of the table .

He tidied up his clothes in a hurry . He quickly said, "I ... I will inform the young master to let him serve... serve the guests!"

Hexi pressed her forehead in a headache as she apologized to Shen Sen, "I'll take you in for a rest first . "

Shen Sen's gentle smile didn't seem to be angry, "Young Master Xi doesn't have to be so polite . We are considered as friends . Not to mention you are my lifesaver, so you can be more casual . "

"In addition, we Qingxia Sect wants to disturb you for one night in Shengde Hall because we think that we will have the opportunity to witness the best medicinal pills tomorrow . However, I heard that the best medicinal pills sold by Shengde Hall in Tiangang Kingdom are better than the medicinal pills produced by the Association of Physicians . I hope Young Master Xi won't find my words being too abrupt . "

Hexi shook her head quickly . She wasn't stupid to not be able to feel Qingxia Sect's care for her . Now that Shen Sen was interested in the top quality medicinal pills, she could just return a favor to them

After settling Shen Sen and others, Hexi hurried to the courtyard .

What she was most worried about now was the life and death of Ouyang Haoxuan, but now she was really helpless with Ouyang Haoxuan's current state which was neither dead or alive .

Since her master was in another courtyard, maybe he would have a way .

As soon as she arrived at another courtyard, Hexi heard a loud voice from the old man, "I don't eat . Are these all pig foods? That is so unpalatable! Quickly serve me Buddha Jumps Over the Wall [1], Meat Dumplings in Spicy Sauce, Sweet and Sour Spare Ribs... "

"Ai, people's heart is really unpredictable! Finally, I accepted a good disciple, but she became so unconscionable in the blink of an eye . Not to mention he left me for a month, he didn't even prepare good wine and food to me . "

"Ai, raising a disciple is worse than raising a dog ~~~"

A grieving sigh came from the main hall of the courtyard, along with the little girl's apology in embarrassment .

Hexi's mouth twitched . She pushed open the door and walked in, then she sneered, "It's better to raise a dog than a disciple? Master, which dog can still be alive after being thrown in the sword array by you for ten days? "

The old man, who was lying on the old-fashioned wooden armchair with his legs tilted up, immediately rolled his eyes as he heard her words . He smiled and said, "Ai, good disciple, I threw you in the sword array because I believe in your strength . See, aren't you back alive now?"

"Miss, you are back!" The little maid's, who had been tortured by the old man, eyes lit up in surprise .

This little girl was called Mu Dong . She was one of the slaves that Xi San bought from the slave market . Her talent was only four spiritual roots, but her advantage was that her spiritual root was pure .

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 625**

Hexi had done a soul control on this group of slaves, and she let them take the improved bone muscle enhancement pill . After that, these people cultivate qi easily . Those with excellent qualifications such as Mu Dong had already cultivated to Qi Refining stage .

So just like Xi Jia and the others, little maid like Mu Dong also extremely admired Hexi . They only felt that they had really accumulated the kindness of a few lives, so they could be bought by such a master . Besides, Mu Dong was the savviest among them, so Hexi let her be a personal maid .

Hexi waved her hand and let Mu Dong go down before walking slowly to the old man .

The old man took down his feet the table, and he looked at her like he was confronting a formidable enemy . He murmured in his mouth, “Good disciple, don’t be angry . When I put you in the sword array that day, I went to drink alcohol . Haiz, your alcohol is really too tasty, so I was drinking more and more . When I woke up...hehe, ten days had passed . ”

“Fortunately, my good disciple, you are powerful . You broke out of the sword array . Ai,you are really the disciple I chose . Your talents are really the best . ”

Hexi narrowed her eyes and watched him chattering . The old man’s voice was getting smaller and smaller . He murmured, “Well, I admit that I was wrong . I shouldn’t leave you alone in the sword array, but I really need some good food now . You disappeared for a month, and I didn’t have good liquor and food . Hehe, my good disciple...”

Before the old man finished speaking, Hexi turned her wrist and a large bottle of liquor was placed in front of the old man .

“Oh~~ good liquor ~~” The old man pounced onto the liquor jar and opened the lid .

The thick and rich liquor’s scent spread out . The old man felt so excited by the scent . He couldn’t wait to swallow the whole jar of liquor together with the jar .

Hexi took out a few more dishes, and the aroma of the food spurred the gluttonous insects in the belly of the old man, making his stomach rumbled .

The old man couldn’t care about anything else as he devoured food .

After eating and drinking, he wiped his face with greasy hands and chuckled with laughter, “Ai, my good disciple, why are you so kind today? You didn’t blame me, and you even took out so many good liquor and food, do you have some request from me? ”

Hexi didn’t hide it either . She used Divine Sense to investigate the surrounding . After confirming that no one was nearby, she cast a sound insulation enchantment .

Under the surprised gaze of the old man, Hexi took out a storage ring from the space, then he carefully moved Ouyang Haoxuan’s “corpse” out of the storage ring .

“Huh—!” The old man’s face changed almost at the moment when he saw Ouyang Haoxuan’s “corpse” .

He appeared next to Ouyang Haoxuan in a flash and crouched down . He said unbelievably, “Am I hallucinating? Why do I seem to feel the breath of that thing?”

As the old man said, he reached out and touched Ouyang Haoxuan's body that was almost burnt into coke .

When his hand touched the dantian, his expression suddenly became shocked and dignified . He exclaimed, "How is it possible?!"

Hexi quickly stepped forward and said with a soft voice, "Master, what's wrong? Can he still be saved?"

The old man's expression looked uncertain . After a while, he looked at Hexi . His eyes looked strange . "My disciple, you ask can he still be saved? Don't you know that he is now a dead body?"

### The King of Hell's Genius Pampered Wife

#### **Chapter 626**

Hexi frowned, "I know that his breathing and heartbeat have stopped, but I feel that there is a powerful force in his dantian, maintaining the operation of his meridians and spiritual power . It's just that I don't know how to save him, is it that even master don't know about it? "

The old man frowned . He asked after a while, "My good disciple, do you know what is the power that can support the operation of spiritual power in a corpse?"

Hexi shook her head .

The old man pouted . He looked at the charred corpse on the ground and murmured, "I don't know whether this kid is having good luck or bad luck . A Fire Element Spirit Pearl is actually sealed inside his body . "

"Fire Element Spirit Pearl?"

"Fire Element Spirit Pearl is a kind of Five Elements Spirit Pearl . It belongs to the condensed power source of the five elements . If the person who gets the Five Elements Spirit Pearl can use this power properly, he can almost get the power that can bring disaster . "

Seeing Hexi's face looked doubt and surprised, the old man scratched his hair, "Good disciple, let me tell you this . "

"At Miluo Continent, the Sealed Dragon Sword in the Sealed Dragon Domain's Secret Territory make all martial artists crazy for it right?"

Hexi nodded .

The old man continued, "However, compared to Five Elements Spirit Pearl, the treasure in the Sealed Dragon Domain's Secret Territory is like the casual flying sword . Even if it is the Miluo Continent, the peerless Sealed Dragon Sword can't be to Five Elements Spirit Pearl at all . "

"Nevermind is the major sects of the Miluo Continent . Even I have the thought of snatching it myself when I realize that this is a Fire Element Spirit Pearl .

This time, Hexi was really shocked . She slightly widened her eyes and looked at Ouyang Haoxuan on the ground . After a while, she said, "So the Feng Family killed the General Ouyang's family just to get Fire Element Spirit Pearl?"

The old man's eyes showed a bit of pity in his eyes at this time . He slowly shook his head, "I'm afraid it's not just about killing . Five Elements Spirit Pearl is sealed in the body of a martial artist . Even if the body and dantian of the martial artist is cut into pieces, you may not find Five Elements Spirit Pearl . "

"The only way to make Five Elements Spirit Pearl condense is that the carrier experiences a huge mind stimulation, then the carrier will burst out a powerful strength to condense the Five Elements Spirit Pearl . "

"Of course, because of the destruction power of Five Elements Spirit Pearl, the martial artist as a carrier will inevitably be swallowed by the power of the spirit pearl and become a corpse . "

Hexi's eyebrows twitched . She whispered, "Then do you mean, there is no way to save Ouyang Haoxuan?"

"That's not really true . " The old man shook his head . He looked Ouyang Haoxuan with a complicated gaze, "So I just said, I don't know if this boy is lucky or not . I have been living for thousands of years, I admit that I have seen any kind of people . However, this boy has absolute perseverance . Even I'm impressed by him . "

"At the moment when Fire Element Spirit Pearl condensed, he directly exploded his Gold Core . After the Gold Core shattered, it merged into the Fire Element Spirit Pearl, letting him to burst out a might strength . His body obviously couldn't stand the terrifying power of the Fire Element Spirit Pearl . "

"But because his Gold Core was merged into the Fire Element Spirit Pearl, which made the Fire Element Spirit Pearl contaminated by his breath . The Fire Element Spirit Pearl replaces his Gold Core to support the operation of his spiritual power, so this is why he looks like a living dead . "

Hexi said hurriedly, "Can he still be saved?"

### [The King of Hell's Genius Pampered Wife](#)

#### **Chapter 627**

The old man was silent for a moment, and his eyes flashed for a while . After a long time, he nodded .

"The only way to save this kid now is to completely replace his dantian and heart with Fire Element Spirit Pearl . Let Fire Element Spirit Pearl support his life and repair his body . "

"He will still live like ordinary people in the future . He will have body temperature and breathing, but since then the heart and dantian are no longer his weakness . Of course, his strength will also be several times stronger than that of martial artists of the same level . It's just..."

Hexi who had just relieved became anxious again, "Just what?"

The old man glanced at his disciple's delicate and handsome which was hard to differentiate its gender, then he laughed, "But if the Fire Element Spirit Pearl merges with this kid's, the spirit pearl will melt and dispersed in his body again . Before this kid dies, the Fire Element Spirit Pearl will never appear again . "

"If you want to get the Fire Element Spirit Pearl back in the future, it will be impossible . On the contrary, if you take the Fire Element Spirit Pearl out of his dantian now, he is still a dead body . Moreover, Fire Element Spirit Pearl is even in its best condensation state . With the Fire Element Spirit Pearl, your strength can be improved several times immediately . "

“Good disciple, are you sure you want to use this spirit pearl to save him?”

Hexi didn't even think about it and replied without hesitation, “Is there anything to be sure? This spirit pearl is originally his, and his parents died horribly for this spirit pearl . I promised his father to save his life .”

The old man clicked his tongue and said, “Good disciple, isn't this kid your lover? To save him, you don't even want the Fire Element Spirit Pearl? Do you understand how precious and powerful Five Elements Spirit Pearl is? Even I'm not willing... Are you not afraid that after you save this kid, he will have a fall out with you? Won't you suffer a big loss when you can't even win him anymore?”

“What nonsense are you talking about?” Hexi rolled her eyes on him and said angrily, “I'm a doctor . Since I promised the patient's family to save people, and I have the ability to save them, how can they turn their backs?”

“As for Five Elements Spirit Pearl, there are more good things all over the world now, do they all have to belong to me!”

“Additionally...” Hexi's face flushed for a moment . She looked away and murmured, “I... I already have someone in mind . Don't mention things like lover anymore in the future .”

The old man looked at her in a daze for a while . He seemed to be shocked by her words; he seemed to be stunned by her rare blush .

After a long time, he suddenly bent over his body and laughed .

Hexi was ashamed into anger being laughed by him, shouting, “Old man, in a word, save or not save? If you don't save, I will ask the other for help?”

“Save, of course I save!” The old man's eyebrows were still smiling, and his eyes looking at her were softer and more amiable than before . “My good disciple, you really deserve to be my disciple . Since you want this kid to survive , then I will try my best to save him .”

“However, I can't do it here . You can take him with us . We will go to the desert area of the Sealed Dragon Domain . Otherwise, I'm afraid that the movement will be too big, and it will attract other people peeking us .”

Hexi did not hesitate . She quickly brought Ouyang Haoxuan and the old man into the desert of the Sealed Dragon Domain .

The temperature in the northwestern corner of the desert had reached a horrible 60 degrees selsius . Even magical beasts rarely appeared here .

Hexi cast water spiritual power to protect herself, only then she felt better under the heat wave .

### **[The King of Hell's Genius Pampered Wife](#)**

#### **Chapter 628**

The old man seemed to be not affected by the high temperature. He gestured Hexi to put the body of Ouyang Haoxuan on the sand and muttered in his mouth, “Good disciple, I haven't really used my true

spirit for hundreds of years. When this kid wakes up, you have to prepare to a Manchu Han Imperial Feast [1] to treat me.”

“Oh, yes, don’t let that little pink pig fight with me for food. All the dishes and liquors are for me!”

Hexi couldn’t refrain herself from laughing, but she still nodded and said, “Thank you, Master!”

The old man was satisfied. He sat cross-legged next to Ouyang Haoxuan and slowly closed his eyes.

On the side, Hexi was shocked to find that the moment the old man closed his eyes, his vibe changed.

The enormous powerful spiritual power flowed from his body and wrapped Ouyang Haoxuan’s body.

Almost at the moment when he touched the old man’s spiritual power, Ouyang Haoxuan’s dantian lit a golden red light.

The old man opened his eyes abruptly, and his thin hands quickly formed a complicated symbol, hitting Ouyang Haoxuan’s dantian.

The golden red light at Ouyang Haoxuan’s dantian was beating continuously, colliding with the old man’s spiritual power. It seemed to want to break free from it.

Hexi could vaguely see that it was a round blood-red pearl in the size of a fingernail.

As the blood-red pearl kept beating, the already scorching desert became hotter.

Hexi looked at the old man nervously, and he saw crystal sweat beads oozing from his head. His face was extremely unsightly too.

There was a shock in Hexi’s heart. Although she didn’t fully understand the strength of her cheap master, she could be 100% sure that he had already surpassed the existence of the top powerful individual of the Miluo Continent, or it should be said that he should belong to this realm.

But now, Master is actually at a disadvantage fighting against the Fire Element Spirit Pearl? How powerful is this Fire Element Spirit Pearl?

As the old man’s spiritual power fighting against the Fire Element Spirit Pearl, Ouyang Haoxuan’s body also began to show visible changes.

The bright red light flowed through the meridians in his body. Wherever it went, the burnt black charcoal-like skin slowly recovered its flexibility and smoothness.

And his pulse and dantian, that didn’t have any movement initially, began to pulsate.

Ouyang Haoxuan’s face, which originally looked pale, was slowly becoming red, and his brows gradually twisted together, showing a painful expression.

The struggle between the red pearl and the old man continued. The old man was sweating more, and his face looked even more unsightly. The light of the red pearl was getting thinner and thinner as if it would vaporize and disappear at any time.

But at this moment, Ouyang Haoxuan struggled violently. There was a wild roar in his mouth.

Indistinctly, Hexi could hear Ouyang Haoxuan's broken and hoarse voice, "Mother ... father ... Feng Family... die—!"

Because of Ouyang Haoxuan's struggle and the turbulent hatred in his body, the red pearl that originally looked dull actually slowly had a layer of dark and subtle black gas.

The old man's expression became more and more pale and unsightly. The spiritual power that originally wrapped Ouyang Haoxuan also shook for a while as if it was entangled by the dark breath.

At this time, Hexi felt like she was standing at the junction of cold and heat.

For a while, she felt the cold that penetrated into her bone marrow, then for a while, she suddenly felt a heat that could melt her flesh.

#### **Chapter 629**

Even if she didn't know anything about Five Elements Spirit Pearl, she felt something was wrong now .

Both Ouyang Haoxuan and Master were now on the verge of life and death .

One careless mistake, not only Ouyang Haoxuan couldn't be resurrected, even her Master was likely to be implicated .

Am I going to watch the worst result happen?

No way! Never!

Hexi's eyes were cold as she clenched her teeth . She suddenly walked to Ouyang Haoxuan's side and squatted down .

The pale golden fire spiritual power condensed in her palm, and then she slowly transferred into Ouyang Haoxuan's body .

The spiritual power flows through every inch of his meridians, then it gathered to Ouyang Haoxuan's dantian . After that, it flowed into his brain, comforting her tense nerves and emotions .

With the input of this pale golden spiritual power, magical things happened .

Ouyang Haoxuan's wild and mad look slowly became calm under the comfort of this spiritual power . There was even a childish smile appearing between his eyes .

The black shadow that originally eroded the spiritual power and Fire Element Spirit Pearl of the old man also gradually dissipated under the erosion of Hexi's spiritual power . Finally, it disappeared without a trace .

Finally, the spiritual power in the Hexi body was completely exhausted . She staggered and sat down on the sand . She took out a few spirit healing pills, then drank a few mouthfuls of water . Only then she felt better .

The Fire Element Spirit Pearl in Ouyang Haoxuan's Gold Core had been slowly melted under the influence of the old man's spiritual power. It finally completely merged with the flesh and blood of Ouyang Haoxuan, disappearing without a trace.

At this time, Ouyang Haoxuan's original coke-like body had completely recovered into smooth skin, but on these slightly pale skin, layers of redness appeared.

Every inch of his skin was as if burned by flames; his whole body was red in color.

Painful moans and wailing came out from Ouyang Haoxuan's mouth. It seemed that he suffered from a heart-breaking pain.

He started rolling on the ground non-stop. The clothes he had worn on him were burned to ashes in an instant. His naked body was completely exposed in the air.

On his body surface, a seemingly invisible golden red flame seemed to be burning. The flame was horribly powerful. Except for the special sand in the desert, other things like stone and animal skeleton would be burned into ashes instantly.

It was obvious that Ouyang Haoxuan had suffered a lot of pain under such a high temperature.

The old man slowly opened his eyes at this time. He wiped the sweat on his forehead and said with a tired face, "Okay, the rest is on his own. As long as he can survive the last step of the fire element torment, he can really absorb the power of Fire Element Spirit Pearl. After waking up, although his strength is still only Gold Core stage, his future advancement speed will be very fast."

Hexi didn't go to see Ouyang Haoxuan. Instead, she helped the seemingly weak old man and poured him a cup of Ninth Secluded Spirit Spring Water.

The old man took a sip of the Ninth Secluded Spirit Spring Water, and his eyes were surprised. He looked at Hexi with widened eyes, then he sneered, "No wonder my good disciple never covets against other's treasure. It seems that my disciple also has a lot of treasures!"

After finished speaking, he didn't ask too much and bottomed up the spring water.

As the spirit spring water spread in his body, the old man's face suddenly looked better. He recovered his usual dandiacal and smiling appearance.

#### **Chapter 630**

"Ai, my good disciple, you don't know that I suffer a big loss to save him. 90% of my fundamental essence was consumed. I need half a month or more to recover. This loss is immeasurable. You must use countless good liquor to compensate me!"

Hexi nodded with a smile. She really couldn't deal with her kidult master.

The old man looked at Ouyang Haoxuan, but his eyes flickered a deep light, "My good disciple, this brat has experienced too much darkness. Now his soul is contaminated by the bloodthirsty evil breath. Just now I was almost devoured by his evil breath as I was caught off guard. Luckily, you cast away the evil breath with your pure spirit fire, so we escaped from this disaster. However..."

“You still have to be careful about this person . If one day the dark side of his mind is out of control, he may hurt you . My good disciple, I think you should stay far away from this brat . ”

Hexi smiled . There was no fluctuation in her expression . She just said lightly, “If I had the experience like him, I might become darker and bloodthirstier than him . ”

“What’s more, as compared to escape due to the fear of the unknown danger, I am more willing to choose to power up my strength so that no one can hurt me .

The old man for a moment, then he laughed a few times and hurriedly left while caressing his beard .

He still has a few good liquor given by me, but he used most of his fundamental essence just now . Even his doppelganger almost collapsed! He had lost so much! No way, he must drink more of my good liquor... to replenish it!

Hexi stayed there, watching Ouyang Haoxuan kept rolling on the sand . He kept making painful growl .

The scorching heatwave caused the temperature of the desert to rise rapidly . Even if Hexi had been condensing water spiritual power to resist it, her hair and clothes were gradually wet by sweat .

“Ah—!”

Ouyang Haoxuan could no longer bear the burning pain that was everywhere on his body . He suddenly extended his hand and wanted to pierce into his dantian without hesitation .

Something in his mind seemed to be breaking down, telling him that it was so painful to live .

He had lost everything . He didn’t have any meaning to continue living .

Rather than living so desperately and painfully, he might as well die .

As his hand was in the mid air, a cold and soft hand caught his hand with a determined power .

A cold and transparent voice sounded in his ears with a mocking and contemptuous tone, “Ouyang Haoxuan, are you such a weakling?”

“Your parents were killed by Feng Family; your home was destroyed by Feng Yunjing; your father still worried about your safety before dying, begging me to save you and let you live well . You vengeance hasn’t ended yet; you parents’ are buried yet, but you just want to seek death? Ouyang Haoxuan, can you live up to your parents’ dying wish and the enmities you carried?”

Ouyang Haoxuan opened his eyes with difficulty, and he faintly saw a beautiful face .

His eyes were picturesque; his face looked handsome; his wet hair drooped down on his snow white forehead, making this young man look frail and delicate . (It was Hexi in the eyes of Ouyang Haoxuan . )

But the pair of bright and beautiful eyes were so cold and so decisive .

With a sarcastic arc, her eyes seemed to mock his cowardice and his incompetence .

No! I didn’t want to be ridiculed by these eyes, let alone being looked down upon by this person .

I want to live . Even if I lose all hope, even if I have nothing, at least I can stay with this person .
