[The King of Hell's Genius Pampered Wife](#)

Chapter 631

Watching him and following his steps until the end of the world .

Ouyang Haoxuan thought, I remember this person's name . The only name that is imprinted in my soul: Xi Yue!

Also, Feng Family, Feng Yunjing, my enmities, and the culprit that murdered my parents and destroyed my family is still alive, how can I die? How can I just give up like this?

I want revenge! I will make the Feng Family pay with their blood; I will let everyone in the Feng Family taste the heartbreaking pain!

How can I die?!

Ouyang Haoxuan opened his eyes abruptly . His red eyes burst into cold ray, and his hot body shivered with convulsions .

Hexi let out a sigh of relief . She frowned and retracted her hand .

The temperature in her palm was already swollen due to the terrifying high temperature .

If she didn't use ice spiritual power to wrap her skin before grabbing Ouyang Haoxuan's hand, her hands would have been burned to ashes now .

Fortunately, Ouyang Haoxuan's situation finally stabilized .

The originally weak and turbulent breath of life began to stabilize, and the burning flame slowly extinguished and merged into his flesh and blood .

As the flame was completely extinguished, the temperature on the surface of Ouyang Haoxuan that could burn the stones to ashes also subsided .

Ouyang Haoxuan opened his eyes in a daze, and Hexi reflected in his eyes .

He said dumbly: "Xi Yue, I am... still alive?"

"Yes, you are still alive . "

"Can I still avenge on... the Feng Family?"

"Yes, you can avenge yourself . "

"My... parents' corpses..."

"I've already collected them . When you wake up, we will find a place to bury and let them settle down . "

The light in Ouyang Haoxuan's eyes fluctuated, and the expression seemed to be crying, but it also seemed to be smiling .

For a long time, he whispered, “Xi Yue, thank you ... in the future, my Ouyang Haoxuan’s is yours . ”

When Ouyang Haoxuan said this, his expression was calm, but his eyes seemed to be swearing like a curse .

Hexi was startled . She actually couldn’t agree or disagree to him .

She just felt that Ouyang Haoxuan was not seeking her opinion, but he was stating a fact that he had decided .

Ouyang Haoxuan suddenly stretched out his hand with difficulty, and he slowly forced a drop of golden red blood from his palm .

Without waiting for the Hexi reaction, the golden red blood drew a shallow arc in the air and merged into the Hexi’s body .

Immediately afterward, Ouyang Haoxuan’s low, hoarse voice sounded slowly, “I Ouyang Haoxuan would like to choose Xi Yue as my master . I will serve you until the end of my life, and I will never betray you . If I violate this vow, I’m willing to suffer god’s retribution, and my soul will never be able to reincarnate!”

Hexi was shocked . She didn’t even understand Ouyang Haoxuan’s words, and she felt that an invisible and powerful force enveloped the two of them .

In the palm of her hand, there was another totem, then it disappeared .

The rules had bound them together and the blood pact was formed . Since then, Ouyang Haoxuan would be the most loyal subordinate of Hexi .

This subordinate was different from slaves, but similar to the relationship between Nangong Yu, Qing Long, and Wu Xing .

The blood pact would not interfere with Ouyang Haoxuan’s behavior, but once he had the intention to betray Hexi, the retribution would fall on him . Even if it was a Divine Stage powerhouse, he wouldn’t be able to survive such retribution .

There was only one feeling in Hexi’s mind at this time- dumbfounded!

She didn’t even know what was in Ouyang Haoxuan’s head . Before recuperating his injuries, he actually signed a blood pact with her .

[The King of Hell's Genius Pampered Wife](#)

Chapter 632

Moreover, did he get my approval to sign the blood pact with me?

Hexi calmed down again after being flustered for a while .

Regardless of the process, at least in terms of results, it was in her best interest to sign a blood pact with Ouyang Haoxuan .

Initially, she did not want to regard Ouyang Haoxuan as a subordinate . She just wanted to keep the promise to General Ouyang to save him, then she would take over the one hundred thousand Zhenwei Army .

But since Ouyang Haoxuan was willing to stay with her and make her his master, she of course would take her as the main, she certainly couldn't refuse him pretentiously .

Hexi looked at Ouyang Haoxuan and said solemnly, "Do you really think clearly?"

Ouyang Haoxuan gave a weak smile, "What do you say? Xi Yue, I owe you too much, except this method, I can't think of anything to repay you . "

Hexi looked at his dark deep eyes . After a long time, she finally nodded and said, "Okay, I understand!"

As soon as he had finished speaking, Hexi waved her hand, and the scene in front of them instantly changed .

It was no longer the hot desert, but it was a courtyard with picturesque scenery and full of spirits .

Uhm... although this courtyard was a little ugly .

After seeing the shock on Ouyang Haoxuan's face, Hexi smiled and said, "I was originally planning to send you here after you wake up, but since you have signed a blood pact with me now . There is nothing to hide . "

"Here is....."

"Here is Sealed Dragon Domain's Secret Territory . " Hexi said slowly, "And I am the new owner of Sealed Dragon Domain . "

This time, Hexi finally saw the shock in Ouyang Haoxuan's face .

She said with a smile, "There are many places suitable for cultivation in the Sealed Dragon Domain, and there are a lot of rare materials that can help cultivation . You can choose whatever you want . I have to go to Yanjing City first, you stay and rest well . "

Ouyang Haoxuan had just merged with Fire Element Spirit Pearl, so he was very weak . It was the safest to stay in the Sealed Dragon Domain .

After giving the instructions to Ouyang Haoxuan, she let a Qi Refining stage servant, Little Si take care of him, Hexi hurriedly left Sealed Dragon Domain's Secret Territory .

Watching Hexi's figure disappear in the green scenery, Ouyang Haoxuan slowly lowered his eyebrows, covering the hot and deep darkness in his eyes .

In fact, when he was like a scorched black body that couldn't move, his soul was not unconscious .

So, he heard it all .

Not only did he hear Xi Yue's master's evaluation of Five Elements Spirit Pearl, he also heard that Xi Yue did not hesitate to give up the Fire Element Spirit Pearl that the Feng Family crazily wanted to snatch to save his life .

He even heard Xi Yue's master's evaluation of him- One day, he would betray Xi Yue, so he asked Xi Yue to stay away from him .

But how could it be?

Ouyang Haoxuan's mouth twitched as a faint smile appeared .

There were only two reasons for him to stay alive now, vengeance and Xi Yue . If he left Xi Yue, what was the point for him to stay alive in this world?

Therefore, admitting Xi Yue as his master was the best ending .

In this way, he could always follow Xi Yue, watch her, follow her, and never have to separate .

===

When Hexi finished handling Ouyang Haoxuan's matter, it was almost night .

She hurried back to Shengde Hall . Before she entered the door, she heard Shen Qingchuo's crisp but angry voice .

"Hey, you who hide your face behind the mask, how can you stop me from finding Brother Xi Yue? Do you know who I am?"

[The King of Hell's Genius Pampered Wife](#)

Chapter 633

Afterward, Gu Liufeng's gentle and clear voice sounded, "Miss Shen has misunderstood me . I'm not stopping you from seeing Xi Yue . It's just that Xi Yue has just returned from the Big Hunting Match . He is physically and mentally tired, and he needs a good rest . You really shouldn't disturb him . "

"Hmph!! just want to peek at Brother Xi Yue secretly without disturbing him! Obviously, you don't like me . I asked you to take off the mask to speak with me, but you didn't want to . Are you looking down on me?"

As soon as Hexi walked into Shengde Hall, he saw Shen Qingchuo aggressively looking at Gu Liufeng, but Gu Liufeng only looked helpless in his eyes .

Upon seeing her coming in, Gu Liufeng's and Shen Qingchuo's eyes were beaming . They walked toward her with joy .

Gu Liufeng sized her up for a while before saying softly, "You finally returned safely!"

Shen Qingchuo, who was originally shy, wanted to greet Hexi, but when she heard Gu Liufeng's words, she couldn't help but glare at him, "What do you mean? Brother Xi Yue has nine lives, how can he have any danger?"

Gu Liufeng touched his nose with a helpless face . He didn't dare to argue with this little girl .

Shen Sen stepped forward and knocked on Shen Qingchuo's head . He said helplessly, "Young Master Gu didn't argue with you, but you still step on him more! Young Master Gu, Young Master Xi, sorry for the embarrassing incident . "

Hexi smiled slightly . She took out a storage ring from her arm and said without hiding, “Elder Shen, I want to thank for your Qingxia Sect’s help in the Big Hunting Match . This is my little present . Elder Shen, please kindly accept it . ”

Shen Sen raised his eyebrows in surprise . He took the storage ring in his hand, but her expression was a bit obscure .

Qingxia Sect was not short of valuable magic weapons . He escorted this boy not only because Xi Yue was Shen Qingchuo’s life-saving person, but Xi Yue was also talented, and his demeanor was impressive .

Obviously he was just at the Foundation Establishment stage, but she wasn’t humble or arrogant when facing such a huge sect like Qingxia Sect . She didn’t try to win over their favor .

But now, what did Hexi mean by sending this kind of present? Trying to win over Qingqing Sect? To flatter Shen Sen? If so, Shen Sen would be disappointed .

Thinking of this, Shen Sen used his Divine Sense to examine the items in the storage ring .

However, after only a glance, Shen Sen’s face suddenly changed . He exclaimed, “These ... these ... are all medicinal pills?”

As he said, he took out a medicinal pill and put it on his nose to sniff .

It was a third grade spirit healing pill, and it was the upper grade of third grade spirit healing pill .

After sniffing the first one, he took out the second one, the third one, the fourth one ...

Hundreds and thousands of medical pills in different big jars (Yes, big jars!) Inside the storage ring were all upper grade pills .

Shen Sen’s expression was stiff, and he was astounded looking at Hexi .

Hexi nodded her head with a normal expression . Instead, she said with a hint of apology, “The time is short, so I can’t produce the best grade medicinal pill . Therefore I can only give Elder Shen one thousand upper grade medicinal pills . ”

In fact, she was busy saving Ouyang Haoxuan last night . How could she have to time to make medicinal pills .

Fortunately, Little Egg was bored this month, so he made a lot of medicinal pills in the void, so she currently had a lot of medicinal pills in stock .

It was just that there were a few best grade pills, and Shengde Hall’s medicinal pills were almost sold out . After all, she had left for about a month or more .

Hexi paused and said, “Because most of the disciples of Qingxia Sect have high cultivation, so the medicinal pills that I prepare for you are third grade . Of course, there are still a small amount of second grade . I hope that it will be helpless in everyone’s training . ”

[The King of Hell's Genius Pampered Wife](#)

Chapter 634

The Qingxia Sect's disciples, who were confused seeing Shen Sen's abnormal face, they were delighted as they heard Hexi's words .

They rushed over and took the storage ring from Shen Sen's hand and looked inside .

Immediately, exclamation sounded one after another .

"Oh my god, there are so many medicinal pills!"

"I have entered the medicinal pill store of Qingxia Sect . All the medical pills in it are not more than this right?"

"And these are all third grade medicinal pills, you see! You see! This bone muscle enhancement pill, I heard from external disciple said that this bone muscle enhancement pill can improve meridians and physical fitness . "

"There is also the flame spirit pill . I heard that this pill can take twice the result with half the effort for cultivating fire attribute techniques, and it can also prevent the cultivator from being crazy in cultivating . My god, these pills are all extremely precious . He actually... actually gives so much to us! "

"Young... Young Master Xi, do you really give us all this?"

Pairs of crystal bright eyes stared straight at her . Even Hexi was stunned by their gaze .

She couldn't understand . Qingxia Sect is one of the four major sects of the Miluo Continent right?

Why are they like a hungry dog who sees a bone? Their eyes are widened as they see this one thousand medicinal pills . They even almost pounce on me .

Shen Sen coughed a little, covering up his previous gaffe . He said, "Xi Yue, are you really giving us Qingxia Sect these medicinal pills?"

"Of course . " Hexi raised an eyebrow . "Elder Shen, pardon me for speaking frankly . I thought these pills are just a small amount for Qingxia Sect . Is Qingxia Sect lacking medicinal pills?"

Shen Sen immediately sighed a bit . He said helplessly, "There is something Young Master Xi didn't know . Although we Qingxia Sect is a one of the major sects, our medicinal pills are always in shortage . First and second grade pills are still enough . The pill refiners in our sect can help making the pills, but for the third grade, we need to spend a lot of money to buy it . For the fourth grade, we tried every method, but we couldn't buy even one bottle... "

"Why is that so?" Hexi was really surprised .

Qingxia Sect was one of the four major sects of the Miluo Continent . On the comprehensive strength, it was the strongest among the four major sects . However, they actually couldn't find the purchase source for the third and fourth grade medicinal pills?

"It's because of the suppression of the shameless people of the Feng Family!" Before Shen Sen spoke, Shen Qingchuo had clenched his fist while saying indignantly .

"Feng Family?"

Shen Qingchuo nodded, and she said angrily, "Brother Xi Yue, you also know that Fairy Hei Xinlian is the sixth grade doctor of the Doctors Association . But in fact, Hei Xinlian's level is even worse than the third grade doctor . However, do you know why the Doctors Association opens a backdoor for Hei Xinlian?"

Hexi frowned, "Feng Family has a backdoor in the Doctors Association?"

"It's more than that!" A Gold Core stage senior disciple of Shen Qingchuo gritted his teeth . "A large part of the Doctors Association's good distribution channels for medical pills and the allocation of membership are in the hands of Feng Family . "

"Although the Feng Family will not have a fall out with our Qingxia Sect on the surface, they secretly did a lot of dirty moves . The medicinal pills we got were always delayed or the price was several percents higher than the other places .

"Famous doctors and pill refiners are all affiliated with the Doctors Association . They dare not take the risk of being delisted by the Doctors Association to help our Qingxia Sect . Therefore, the cultivation of Qingxia Sect's disciples is basically without the help of medicinal pills . "

[The King of Hell's Genius Pampered Wife](#)

Chapter 635

Shen Qingchuo focused on her head, and her entire small face was wrinkled together . "This despicable Feng Family! They are doing this to stop our Qingxia Sect from getting stronger . The elder of the Feng Family's overall strength is weaker than our Qingxia Sect, so they use these dirty tricks to decrease our strength . This is too shameless!"

Hexi wondered, "Can't Qingxia Sect buy medicinal pills from other stores?"

It is just one thousand medicinal pills . Even Shengde Hall like ours can stock up the pills . How can Qingxia Sect such a major sect can't find a source of supply?

"Xi Yue, didn't you know about that?" Gu Liufeng noticed Hexi's thought first . He couldn't help laughing, "You think how many pharmacies that aren't buying medicinal pills from the Doctors Association?"

"If the Doctors Association knows that these pharmacies have sold medicinal pills to Qingxia Sect in private, will they be able to buy from the Doctors Association in the future again? In the end, aren't those stores can only choose to close down?"

As Gu Liufeng spoke, there was a fire in his eyes . He slowly said, "Xi Yue, among the entire Miluo Continent, only you can produce various grades of medicinal pills without fear of the Doctors Association's monopoly threat, and you can ensure the quality and quantity!"

Hexi's eyes widened slightly, then she went deep into her thought .

I didn't expect there are so many connections between the Doctors Association and Feng Family?

So if I want to retaliate against Feng Family, can I start with the Doctors Association?

For example, to break their monopoly on the pharmaceutical market?

As Hexi was lost in her thought, there was suddenly Shen Sen's voice in her ears .

Hexi looked up and met Shen Sen's eyes, but Hexi was stunned .

At this moment, Shen Sen didn't regard her as a junior that needed to be looked at her, no longer regarded her as a junior, but he was looking at her as someone of equal status . His expression was solemn, and there was even a trace of excitement and prayer .

"Xi Yue, I want to discuss something with you . " Shen Sen stared nervously at Hexi and said in a deep voice, "I want to represent Qingxia Sect to buy medicinal pills from Shengde Hall at a market price every year, or even 10% higher than the market price... "

"Wait!" Hexi suddenly interrupted Shen Sen's words . "I can provide Qingxia Sect with 8,000 to 10,000 third-grade medicinal pills each year . The quality is guaranteed to be above the upper grade, and the price only needs 50% of the market price . But beyond that, I have a condition . "

"10,000T medicinal... medicinal pills-? !!!"

"50% off!!"

"Young Master Xi, you ... didn't you joke with us right?"

In the room, incredulous exclamations came one after another, and the people of Qingxia Sect was staring straight at Hexi with their eyes and ears opened .

It seemed that if what Hexi said was a joke, they would faint together .

Even the calm and steady Shen Sen couldn't help gulping his saliva . After a while he suppressed the excitement and trembling in his voice and asked, "Young Master Xi, please do tell the condition?"

Hexi smiled slightly, then her eyes looked dim . She said coldly, "Qingxia Sect has enough manpower . It also has enough prestige and power in various countries in Miluo Continent, and I have enough medicinal pills in my hand that will not be constrained by the Doctors Association . "

"So, I hope Qingxia Sect can act as an agent of Shengde Hall . The products are all the medicinal pills and spirit plants sold by Shengde Hall . Qingxia Sect can get 20% of the profit earned . What does Elder Shen think about it?"

Shen Sen was stunned, then he immediately opened his eyes, "Xi Yue, do you want to ..."

[The King of Hell's Genius Pampered Wife](#)

Chapter 636

I want to pressure the Doctors Association's market across the mainland and break their monopoly . "

Hexi smiled coldly, and her voice was full of cold and evil, "Feng Family can be so rampant in Miluo Continent, the monopoly of the pharmaceutical market must be very important for them right? Since this is the case, I will destroy them base on this . By the time, I want to see how arrogant can they be!"

"That's right! As long as the Feng Family can no longer control the pharmaceutical market, they will definitely be like a tiger with its fangs removed, and they will never be able to be arrogant again . " Shen Qingchuo clapped her hands excitedly as she said loudly, "Brother Xi Yue, you are really amazing! "

Shen Sen had rich experience and a calm and steady personality, but he was a bit worried, “Xi Yue, you do this, not only you will offend the Feng Family, but you also offend the entire Doctors Association . When they retaliate against you, I’m afraid you can no longer survive as a doctor in Miluo Continent .”

“If I’m not going to offend them, will the Feng Family let me go?” Hexi sneered . Her eyes were full of determination . “My principle has always been that I won’t offend people if people don’t offend me . Since the Feng Family came to trouble me for several times, should I still be a coward who doesn’t dare to retaliate? Moreover, it’s my business to help people, I don’t need the Doctors Association’s approval .”

Speaking of which, Hexi’s eyes twitched, with a bit of provocation, “Still, Qingxia Sect is afraid of Feng Family and Doctors Association?”

Shen Sen was first stunned, then he immediately laughed out loud, “Good, since Xi Yue is not afraid of them, then I have nothing to fear! But for cooperation, I still have to tell the sect’s elders before making a decision .”

But this matter was basically a matter of fact . After all, apart from medicinal pills, Qingxia Sect was not afraid of the Doctors Association .

And this cooperation was obviously beneficial to Qingxia Sect without harm .

Thinking of this, Shen Sen’s eyes obviously looked delighted . There was more admiration in his gaze toward Hexi like he was looking at a rare treasure .

He really didn’t expect that he was just simply helping a junior this trip, but it actually solved the big problem that troubled Qingxia Sect for hundreds of years .

The specific cooperation details were naturally negotiated by Gu Liufeng and the Qingxia Sect . These were not Hexi’s expertise .

Gu Liufeng’s face also showed a bit of excitement when he thought of fighting against a big organization like the Doctors Association .

In just ten years, he was able to grow Shengde Hall and other businesses as a nobody . Naturally, he had extraordinary talents in business .

Now Xi Yue wanted to make the business bigger, it was no longer like making a fuss, but it was to contend with such a powerful force as the Doctors Association . It naturally aroused unlimited fighting spirit in his heart .

However, Gu Liufeng still had some doubts when he thought of the huge amount of medicinal pills produced by the Doctors Association every year . “Xi Yue, I want to fight against the Doctors Association and hammer the pharmaceutical market of the Feng Family . I agree . However, can you constantly supply that insane amount of medicinal pills?”

The obscurity of Gu Liufeng’s words made Shen Sen think that Hexi had a pill refiner team supplying medical pills .

But in fact, Gu Liufeng himself was very clear, Xi Yue had a pill refiner team . It was only her alone .

A few thousand was still fine, but tens of thousands, hundreds of thousands of medicinal pills would be terrible .

Hexi thought about it . She hesitated and said, “Gu Liufeng, you first investigate the number of upper grade medicinal pills produced by the Doctors Association every year, and I will make adjustment accordingly . ”

[The King of Hell's Genius Pampered Wife](#)

Chapter 637

“We may not be able to occupy the market for the inferior and intermediate grade medicinal pills, but for upper grade and best grade medicinal pills, I believe that we can definitely hurt some of the Doctors Association’s profit . ”

The reason Hexi was so confident was that Little Egg had upgraded .

In fact, Hexi couldn’t determine whether the brat was actually upgraded because its appearance had not changed .

However, after eating a lot of monster essence pill, the speed of this brat refining pills had been improved several times than before . He didn’t need to take too much effort to refine third grade pills .

Now it was Hexi couldn’t keep up with his speed . Until now, she couldn’t successfully refine the fourth grade medicinal pills . After all, Little Egg could only learn her refining methods to make pills .

Gu Liufeng was overjoyed when he heard that, then he brought Shen Sen to the side and discussed about the cooperation .

Shen Qingchuo and Qingxia Sect’s disciples also excitedly gathered at the side, thinking about the beautiful future of Qingxia Sect’s disciples taking medicinal pills as sugar pills .

Shen Sen also released a message inscribed jade slip, telling the elders and master of Qingxia Sect that they would go back later .

However, before waiting for Shen Sen to receive a reply from the door, they received a shocking news that shocked the entire Miluo Continent .

Liu Li Sect was eliminated .

===

When everyone first heard the news, their reaction was disbelief .

Shen Qingchuo said angrily to the disciple who came to report, “Brother Qiu, even if you hate the Feng Family and Liu Li Sect, don’t curse them with such fabricated lie, okay? Even if it is a curse, it can’t really take effect . Brother Qiu, you are a grown-up . Your behavior is really naive! ”

The other Qingxia Sect’s disciples, including Shen Sen, all showed approval .

Brother Qiu was a stutterer . Now that he was denied by the others, he couldn’t help but be more anxious . “Rea... really, Liu... Liu... Liu Li Sect is really... eliminated . Now the... ne . . news . . Ha . . has spread... al . . all over the . . Miluo... Con... Continent . I... I really did... not lie... ”

Shen Qingchuo pouted, "Brother Qiu, are you telling the truth? But how can such a thing happen?"

"That's Liu Li Sect! One of the four major gates of Miluo Continent . Even if it is the military power of a country, it may not be able to compete with the power of Liu Li Sect . You now say that it is destroyed, how do we believe in you!"

"But... but... bu... but... it's true... I ... I... am..."

Brother Qiu was initially so anxious that he couldn't speak clearly, plus Shen Qingchuo's resolute denial, there was even cold sweat coming out from his forehead .

As Shen Qingchuo was about to make fun of this fellow apprentice again, the sound of rapid footsteps suddenly came from the door .

The person who came was Xi San . He was all sweating all over his head, and his face also looked astounded .

As soon as he saw Hexi, he rushed over and said with a trembling tone, "Young master, I have just gotten some news from Senior Mei . Liu Li Sect was eliminated dozens of days ago . "

As soon as Xi San said this, the room in Shengde Hall was silent .

After a long while, Shen Sen stood up . He said in disbelief, "You... is what you said true? Liu Li Sect was really eliminated? Is it not a rumor or gossip?"

At this time, Brother Qiu, who was blushing, finally burst out a sentence, "Master's Senior, it is ... true, I have just... seen it on the blackmarket... announcement . "

[The King of Hell's Genius Pampered Wife](#)

Chapter 638

The news published in the official announcement of blackmarket was not well-informed, but once it was released, it must be an absolute fact .

Hexi 's face was also incredible, looking at Xi San, "Do you know who eliminated Liu Li Sect?"

Xi San shook his head . The exclamation, shock, gloating and misfortune in his eyes were intertwined . His expression could not be more complicated . "After I got the news from Senior Mei, I went to the black market and Yanjing City to inquire . "

"It is said that Liu Li Sect was eliminated this time mostly because they had sent a lot of elite disciples to participate in the Big Hunting Match . Those who were left in the sect were mostly low-level martial artist of the Meridians stage and Foundation Establishment stage . The only three Nascent Soul stage elders also didn't have high cultivation, and he was weak in fighting, so it gave the opponents a chance . "

Shen Sen's face became unpredictable for a while . He shook his head a moment later, "Even if Liu Li Sect really sent a large number of elite disciples, it was still a powerful sect . How could anyone catch them off guard? Moreover, Liu Li Sect also has Nine Turn Earth Mysterious Array as Mountain Guard Array, even the martial artists at the peak of Nascent Soul stage can't break at will . "

After a while, Shen Sen's tone was more solemn and doubtful, "Not to mention, Liu Li Sect is located next to the magical beast forest which is easy to defend and difficult to attack . It has a natural barrier . How could normal people go into the Liu Li Sect without being detected, kill everyone in it and disappeared without leaving a trace?"

"If someone on the Miluo Continent can do this, how terrifying and powerful should this person's strength be?"

Hexi's expression slightly condensed .

Hexi didn't know why she thought of Nangong Yu's face when Shen Sen said this .

Inexplicably, she remembered the brief meeting with Nangong Yu that day . The man told her in a casual tone that soon Liu Li Sect and Feng Family would no longer exist .

Was it Nangong Yu who eliminated Liu Li Sect?

No! How can this be possible?

Hexi's thoughts quickly in her mind, but soon she denied herself .

How could it be Nangong Yu? How strong Liu Li Sect's strength was? Nangong Yu's strength is nothing more than a Nascent Soul stage, how could he break the Mountain Guard Array and kill everyone in Liu Li Sect? There are even three elders with the same Nascent Soul stage .

What 's more, if Liu Li Sect was eliminated dozens of days ago, wasn't it the time when Nangong Yu came to rescue me? How could he come to Breaking Spirit Mountains at that critical moment?

Hexi shook her head . Her logical mind told her that this could not be done by Nangong Yu, but there was a voice faintly in her heart, telling her that Liu Li Sect's elimination was probably related to Nangong Yu .

Thinking of this, a complex emotion came into Hexi's heart .

Before today, Liu Li Sect and Feng Family were like huge trouble for her .

Feng Lianying framed her and found someone to humiliate her . She could fight back and counterattack, but she couldn't kill Feng Lianying with a slap .

Why? Wasn't it because Feng Lianying had Liu Li Sect and Feng Family behind him .

But now, the entire Liu Li Sect had disappeared, so she couldn't believe it for a while .

Shen Qingchuo, who was dumbfounded by the side, suddenly recovered . She held her face and exclaimed, "Really ... really eliminated? It was Liu Li Sect! They actually all got killed? Who did it? It's really amazing! "

"Uncle, do you really know?"

[The King of Hell's Genius Pampered Wife](#)

Chapter 639

Shen Sen had calmed down now . He shook his head in a complicated look, “The power that could to wipe out Liu Li Sect is absolutely unusual . You may have heard the prestige of Liu Li Sect, but you certainly don’t know that from the sect elders to outer disciple, they were all extremely loyal to Liu Li Sect . ”

“I have seen a battle in which Liu Li Sect’s disciples participated . Most of them were only outer disciples, but when facing the fierce magical beasts, they were not afraid of dying at all . The sect elders let them to dive into a group of magical beasts to be a bait, and they rushed in without hesitation . Even if they were torn to pieces by the magical beasts, no one flinched . ”

As Shen Sen said this, he couldn’t help frowning, “I thought at the time that this Liu Li Sect under the control of Feng Family was a bit scary . Their disciples were not like martial artists who learned from the teacher, but more like the death warriors of the Feng Family . ”

“If you want to destroy the martial arts with such high loyalty, even if you exhaust all the forces of our Qingxia Sect, you will inevitably fail . Therefore, I really can’t think of anyone else who can do this in Miluo Continent . ”

Shen Sen’s words made Hexi surprised .

High loyalty? Extremely loyal that can sacrifice themselves? Is Shen Sen really talking about Liu Li Sect’s disciples?

Why the Liu Li Sect’s disciples I met in Sealed Dragon Domain’s Secret Territory were not the same as he described?

She couldn’t help but ask, “Were there really no one betraying Liu Li Sect for these hundreds of years?”

Even a cult that focuses on brainwashing can’t make the followers never betray right?

Shen Sen nodded and said, “Naturally there is . But it is said that they ended up miserably, and there were many traitor disciples even kneeling and climbing back to the sect, begging the sect to forgive their crimes and let them accept punishment . Over time, no Liu Li Sect’s disciple dared to betray anymore . ”

Hexi’s pupils shrank, and she looked into Gu Liufeng’s eyes . They both saw the shock in the each other’s eyes .

Hexi looked at Shen Sen and said in a deep voice: “Elder Shen, have you seen those disciples who betrayed Liu Li Sect? What will they become?”

Before Shen Sen hadn’t spoken, a Qingxia Sect’s disciple beside him said with pity, “I really saw one . That was my fellow countryman . He was originally Liu Li Sect’s outer disciple . Later, he wanted to leave Liu Li Sect for some reasons, but half a month after he left, he had completely changed when I met him again . He looked really like... ”

Hexi narrowed her eyes slightly and said slowly, “Is it that he will go crazy and lose his mind often times? He also kept shouting to ask for something to eat? Moreover, after a period of time, his body will gradually lose weight like he is withered . His original cultivation will be degraded until he can no longer cultivate? ”

Then Qingxia Sect's disciple's eyes widened suddenly . His face was filled with disbelief, "Young Master Xi, you... how do you know?"

Hexi did not answer, but she glanced at Gu Liufeng again . The two spoke the same three words in unison, "Cold eating pill?"

Shen Sen was surprised, "What does Young Master Xi mean? What is the cold eating pill?"

Gu Liufeng's expression became somber and cold . He said word by word as if he was gnashing his teeth, "This is one of the most poisonous drugs in the world . It can be addictive and can control people's minds . As long as you have taken the cold eating pill for a long time, you can no longer get rid of it, otherwise you will suffer more miserable pain than having thousands of ant devouring your heart . "

[The King of Hell's Genius Pampered Wife](#)

Chapter 640

"In order to continue to get the pills, no matter how powerful the martial artist is, he will lose all their senses . Whether it is to let him die, to kill, or to kneel on the ground to ask for mercy, he will do it . This is... cold eating pill .

Shen Sen's pupils shrank suddenly as he slapped on the table with a palm, "There is such an evil drug in this world?"

Shen Qingchuo even gripped a small fist . She said in nervous and shocked, "Are you saying that the Liu Li Sect's disciples who are not afraid of death actually ate the cold eating pill, so they had no choice but to do that? Then... aren't they too pathetic?"

Hexi sneered, "Feng Family is backed by the Doctors Association to use drugs and medical skills to achieve their dirty purpose, are they still doing too little? In this way, the Black Law Protector we encountered in the Murong Mansion must also be a member of the Feng Family . "

Gu Liufeng clenched his fists violently . His eyes revealed a cold gaze . He gnashed his teeth and spoke two words, "Feng Family——!"

Hexi asked Shen Sen, "What impact will the Liu Li Sect's destruction have on the Feng Family . "

"In the final analysis, Liu Li Sect is actually just a huge force attached to the Feng Family . For Feng Family, the lack of Liu Li Sect will definitely hurt them for a while . It is like one's right arm being chopped off, his strength will drop greatly, but..."

Shen Sen's eyes narrowed, "But as long as Feng Family's biggest support is still there, as long as the Doctors Association is willing to support the Feng Family, then the Feng Family cannot be destroyed . Because as long as they can provide enough medical pills, they monopolize the whole Doctors and pharmaceutical market . Then, on this Miluo Continent, there are more martial artists willing to work for Feng Family . "

"In particular, if there is such a weird and insidious medicinal pill like the cold eating pill in Feng Family's hands, there are likely to be countless martial artists under their control . They have no choice but to listen to Feng Family's command . "

Speaking of which, Shen Sen looked at Hexi with sparkling eyes . He slowly said, “So Xi Yue, if you really want to completely defeat the Feng Family until they can no longer rise again, then now is the best opportunity .”

Feng Family that had lost the Liu Li Sect, lost their face and reputation in Big Hunting Match, was now at the most desperate time .

If at this time, there was a genius pill refiner appeared out of the blue who wasn't afraid of the suppression of Doctors Association, and he could disrupt the monopoly of Feng Family and Doctors Association on the pharmaceutical market .

Then, this blow would be truly fatal to the Feng Family .

Hexi nodded slightly when she heard the words . Her red lips slowly lifted, and her smile was brighter and dazzling than the summer sun .

===

At the same time, the news that Liu Li Sect was wiped out had spread across the entire Miluo Continent like a storm .

When the Feng Family received this news, they were the ones who felt most shock .

At first, they didn't even know when Liu Li Sect was eliminated .

Until one day, Little Si, who was responsible for cleaning the ancestral hall, discovered that Elder Feng's soul lamp that was enshrined in the Longevity Hall was extinguished .

He anxiously told this news to Patriarch Feng Tianba .

Even at that time, Feng Tianba thought that something went wrong, or that Elder Feng's Soul Lamp extinguished because he accidentally got possessed by a demon while cultivating and died .

However, when Feng Tianba and the elders of Feng Family rushed to the mountain where Liu Li Sect was located and saw that the scene of the entire sect was in a bloodbath, they were so shocked that they almost had a heart attack .
