

King of Hell 791

Chapter 791: Thank You Master for Your Guidance

Hexi smiled and nodded, "En, although I don't know if there is a second Nangong Yu in this world, this is the only one I know."

"What-!!"

"King... Your Royal Highness King of Hell?! The King of Hell who repelled the magical beast army?!"

"But, isn't Your Royal Highness King of Hell a master of Nascent Soul stage? He... why does he still training in physique?"

"King of Hell is only in his early twenties now? How could it be possible to reach the Bone Tempering State, this..."

"Is it that he has a dual cultivation of spiritual power and physique? How is this possible? Such a person has never appeared in the Miluo Continent in thousands of years!"

One after another discussion sounded from Xi Jia and other people, and everyone's faces were full of shock and amazement.

This time, their gazes at Nangong Yu have completely changed.

There was not a trace of frivolity, not a trace of doubt; Many people even lowered their eyes and dared not look directly at his deep eyes.

Nangong Yu was very satisfied with their reaction and finally showed a little smile on his face.

Hmph! Even despised me for being old! Even said I'm not worthy of Xi'er!

However, he thought so in his heart, but his face was still indifferent. There wasn't any emotion on his face.

"Xi'er is my future princess. Since you are Xi'er's confidants and suitable for physique training, I will naturally guide you. After I have read the Celestial Demon Mystic Extreme Art, I will come to check your progress one by one. I will see what I can do by then."

Xi Jia and others were overjoyed.

They may doubt the cultivation and ability of a young master, but what if this young master was the famous King of Hell?

Their doubt and alert were all gone!

Many people even thought that their Miss was so excellent, so only His Royal Highness King of Hell could be worthy of her in this world.

"Thank you master (also meant for the husband of Hexi) for your guidance!" Xi Jia suddenly returned to his senses and knelt down.

Xi Jia knelt, and the other nine people immediately recovered, knelt down and thanked.

Nangong Yu smiled slightly. Hmm... He was quite satisfied with this 'master'. His intention of teaching them a lesson had reduced by a lot.

He Xi was sweating: Master? They get bought over so quickly?!

After sending away Xi Jia and the others, Hexi went to visit Xiao Tan in the desert.

Xiao Li was now in the most dangerous beast gathering area in the desert. Most of the beasts were rank four or five. Under the siege of a group of rank four or five magical beasts, it would be deadly if she was careless.

So when Hexi entered the desert, she didn't use the spiritual pet contract to summon Xiao Li. Instead, she planned to take Nangong Yu to leisurely travel all the way to see the current cultivation progress of Xiao Li.

However, not long after they entered the desert realm, suddenly a figure rushed from a distance like a dashing wind.

This figure was not a human being, but a little fox with white fur all over. There were three tails behind the little fox.

The little fox ran extremely fast.

When Hexi recovered, it already rushed to the front of Hexi excitedly.

Without waiting for Hexi to speak, the little fox's figure flickered, transformed into a little girl, and jumped into Hexi's arms.

"Miss! Miss! Wuwu...Why you didn't come to see Xiao Li for long!"

Chapter 792: The Miser with No Conscience

Hexi always felt sorry for the little fox who had suffered all kinds of hardships. Hearing her words, she couldn't help but touch her hair lightly. She said softly, "Okay, don't cry. I'm just afraid I will disturb your cultivation. How is your progress now?"

Xiao Li burst into laughter when she heard the words. As she channeled her spiritual power, three huge white tails appeared behind her.

She looked like a kid asking for praise and candy, looking at Hexi earnestly and shaking the little tails behind her, "Miss, look, I have three tails now. I won't be caught so easily. My mind control technique has also improved a lot. I will be able to help Miss in the future."

Hexi looked at her crystal clear eyes; they were filled with Hexi's shadow. She couldn't help but smile and touch her head. She praised, "En, my Xiao Li is indeed amazing. You can cultivate two tails in such a short time."

Xiao Li laughed, and her face flushed like a cute apple.

When she turned her head, she saw Nangong Yu standing beside Hexi; her eyes widened.

She was bewildered at first, then she suddenly remembered it. She exclaimed, "Ah, I know you, you are the... the beautiful brother who came to our courtyard to get free food and drink!"

Get free food and drink... Beautiful brother... Nangong Yu felt that his mouth had twitched more today than in the past 20 years of his life.

What are these people around Xi'er!?

Hexi gave a low cough, held back her laugh, and did not dare to provoke Nangong Yu anymore. He was already angry enough today.

"Xiao Li, don't be rude to guests..."

"Who said I'm a guest!" Nangong Yu took Hexi into his arms. He didn't care about polluting the pure mind of the little fox and kissed the back of her neck fiercely.

Although the kiss wasn't very intense, he showed his authority in an arrogant manner. The little fox's eyes widened seeing that.

After a long time, the little girl stammered, "Miss, he...how can he...how can..."

"Sister Xiao Li is stupid!" Before Hexi spoke, Little Egg's voice had sounded. He said with excitement and pride, "Because the beautiful brother is a daddy; because he is a daddy, so he can play kiss kiss with mom. In the future, they will sleep in one bed and give birth to a baby!"

Alright! This time it was Hexi's turn to be ashamed. She was about to go rampage.

Who is the master of this Little Egg? Why are you always helping that bastard Nangong Yu every time? Wasn't he just gave you a few treasures? Okay... he gave you a few valuable treasures.

This miser with no conscience!

However, Nangong Yu's face immediately looked better. His face was full of complacency, and his eyes softened as he looked at Little Egg.

Little one, nicely said! I'll give him a few some treasures when I go back!

Xiao Li was still a little ignorant about giving birth to a baby, but after hearing Little Egg's words, she felt that this beautiful brother and Miss were close, and her Miss liked him very much.

Hmm, okay then, I love those whose Miss loves, I won't dislike this beautiful brother.

After Little Egg came out, Little Golden Dragon, Little Dumb Cow and Purple Abyss Vine also ran out of the void.

Xiao Chi, who had a much better look than some time ago, also came out from the void.

Chapter 793: Warm and Happiness

The spiritual power in the void was the strongest. Hexi wanted to let Xiao Chi stay in the void for a while, so he could make up for the vitality lost in the past few years.

But Xiao Chi had a frightened temper due to being caged for a long time. At this time, he was brought out together with Little Egg; his eyes were beaming as he shouted on excitement.

Xiao Li was certainly happy to see Little Egg and Little Golden Dragon, but she was very confused about the appearance of Little Dumb Cow and Xiao Chi.

“Little Egg, are they the new spiritual pets?”

Little Egg jumped up in front of Xiao Li excitedly, showing an arrogant and pretentious expression. It seemed to be telling that “I’m know everything, but you don’t; let me introduce them to you”.

“This is Little Cow. Mom also calls him Little Dumb Cow. It’s stupid, and it can’t even speak until now. It can only say one word at a time. It won’t learn no matter how I teach it!”

When Little Dumb Cow heard Little Egg talking about itself, it immediately showed a silly smile. However, it still looked ugly when matching its smile to its face.

Little Egg pointed to Xiao Chi again, “This is mom’s younger brother; he is a blood-related brother. His name is Xiao Chi. We all call him Brother Chi. His head was injured, so he can’t speak yet. But Brother Chi is smart. When mom taught him how to dress and eat by himself, he can learn them well!”

He Xi was amused for a while. Little Egg called her mom, but he called Xiao Chi as brother. What kind of seniority was this, but He Xi didn’t correct him as long as they were happy.

When Xiao Chi heard his name, he immediately tilted his head to look over. He smiled while looking at the little girl’s confused eyes.

Xiao Chi’s appearance was clear and handsome. The most important thing was that he looked similar to Hexi. His face that was previously thin and haggard was now recovered. He immediately showed an extraordinary temperament.

Xiao Li didn’t know why. Seeing the young boy who resembled her Miss, she felt warm in her heart. The young boy in front also became kind as he couldn’t help smiling at her.

However, the little girl immediately remembered that after she had been away from Miss for so long, she didn’t even know that she had gotten a new pet and found her younger brother. She immediately felt down.

She grabbed Hexi’s hand and said with a flattened mouth, “Miss, can I go out with you now? Xiao Li also wants to help Miss beat the bad guys, and Xiao Li also wants to stay by your side.”

Hexi listened to her soft voice that was full of pleading, and she felt pity for her. She couldn’t help saying softly, “You still can’t stabilise your three tails yet. You train one more month in this Desert Domain first. When you can stabilise your realm, you can return to me.”

“Really, miss?!” Xiao Li was overjoyed.

Seeing Hexi nodding, the little girl cried and laughed suddenly; her tails were wagging nonstop.

Xiao Chi seemed very interested in her tails; he kept jumping around behind her tails with a happy smile on his face.

The four little ones heard that Xiao Li would leave the secret territory in the future and go out to “play” with them, and they felt extremely happy.

Little Egg even took out all the treasures that Nangong Yu had given him, and let Xiao Li pick one of them.

Hexi looked at the cheerful and playful appearance of several little ones from a distance while holding Nangong Yu’s wide palm her hand. Her heart was full of warmth and happiness.

It would be great if such days could last forever.

Chapter 794: Anger and Aggrieved

The Jin Ling Kingdom had a short history in Miluo Continent. He was also the first emperor of the Jin Ling Kingdom.

In this world where only the power mattered, martial artists who cultivated the immortal way controlled most of the strength and resources. The so-called emperor had no real power at all.

Especially when comparing the Jin Ling Kingdom to the Tian Gang, Cang Ming and other countries, they had fewer lands and citizens, so he, the emperor, had always been very useless.

This situation continued until Nangong Yu, a peerless genius, appeared out.

The Iron Kirin led by him repelled the magical beast army and stained the borders of the Jin Ling Kingdom with the enemies’ blood. The 20-year-old Nascent Soul stage martial artist made everyone feel terrified. No one dared to offend him for being young.

It was the appearance of Nangong Yu that made this country have a firm foothold in the Miluo Continent; no one dared to covet it.

However, when the Jin Ling Kingdom was first established, it was the Ouyang Family and Ouyang Zhixiong that firmly supported him. He used his Zhenwei Army to open up this road to the imperial power for the emperor.

Shangguan Wenji still remembered that Ouyang Zhixiong used to have a Zhenwei Army of more than two hundred thousand, but in order to clean up the civil strife for himself and fight against foreign enemies, in just a few years, the number of his army was reduced to less than one hundred thousand. The one hundred thousand even included recruitment of new soldiers later.

However, such a subordinate who was loyal to him, the founding hero of the Jin Ling Kingdom, ended up in such a... tragic death. His wife, Madam Ouyang, was even more defiled.

Now the only son, Ouyang Haoxuan, was still missing and under pursuit.

He knew that Ouyang Zhixiong and the Ouyang Family would not rebel, so he had to acquiesce to the charge of Ouyang Zhixiong’s rebellion due to the threat of the Feng Family. He even let the Feng Family search for the only son of General Ouyang in his own land.

Haha... I’m really a useless emperor!

Just as the young man named Xi Yue said, I can't even protect my loyal ministers; I can't make decision in my own country; I'm only a puppet. I... simply doesn't deserve to be an emperor.

Such guilt had been torturing him, making him sleepless. When the crown prince proposed to include the one 100,000 Zhenwei Army, Shangguan Wenji's depression in his heart for a long time finally broke out.

He coldly looked at the talking son under the throne and said coldly, "What did you say? Say it again?"

Crown Prince Shangguan Qi didn't seem to feel his father's anger and aggrievedness at all. Instead, there was an excited smile on his face. "Father, General Ouyang and his wife are now dead, and their only son Ouyang Haoxuan is currently missing. Even if he appears, with his identity as the traitor, he can no longer come to the palace."

"Now that General Ouyang's one hundred thousand Zhenwei Army has no leader, so it is the best time to include them. I have thought about it. These one hundred thousand Zhenwei Army are too loyal to the Ouyang family; they will only obey General Ouyang's command instead of the emperor. This is very detrimental to the concentration of our imperial power."

"So I plan to divide the one hundred thousand Zhenwei Army and assign them into the Imperial Guard and Qingyang Army, so that they cannot connect with each other. In this way, they will naturally forget General Ouyang and be loyal to us. What does father think about that?"

Chapter 795: The Aggressive Crown Prince

"Father, this must not happen! Everyone in the Jin Ling Kingdom knows that General Ouyang has done his duty to serve the Jin Ling Kingdom, and he is even more loyal to father. Now General Ouyang and his wife had just died tragically and Ouyang Haoxuan's life and death is unknown, if we dismiss the Zhenwei Army and assign them to different armies, what will the people think of our Shangguan Family for such making immoral decision?"

"This move will make others feel disappointed. Who else will be willing to serve the royal family in the future? Will there be martial artists with outstanding talents who are willing to swear allegiance to father? Father must think twice!"

The Sixth Prince Shangguan Heng had a good relationship with Ouyang Haoxuan, even though their relationship had become quite distant when Ouyang Haoxuan's meridians were severed.

However, now thinking that his childhood friend's family was killed and he was still being hunted down, he felt depressed.

In addition, he and the crown prince didn't get along well initially.

Now that the crown prince had said that he wanted to incorporate the Zhenwei Army, or even make the Zhenwei Army disappear from now on, he certainly couldn't allow it.

The crown prince did not feel guilty when he heard the words, but he sneered, "Sixth Brother, have you forgotten that the Ouyang Family is a traitor who was convicted by father? Condemning the traitor is what it should be, how can the people feel disappointed?"

“As for the Zhenwei Army, it was originally the royal army. Could it be that after Ouyang Zhixiong led the army for a dozen years, the army should belong to the Ouyang Family? What a joke! Now that the Ouyang Family is confiscated due to the rebel, isn't it right for me, as the crown prince, to incorporate the Zhenwei Army for father?”

Traitor! Traitor! Shangguan Qi even keeps saying that Ouyang Family is a traitor, does he feel shame at all?

The Sixth Prince's expression became extremely gloomy, “Brother, speak frankly, don't you know the best whether the Ouyang Family is a traitor? Moreover, everyone knew what happened at the mountain foot of the Breaking Spirit Mountain. Do you really think no one knows the real cause of death of General Ouyang and his wife?”

The crown prince flicked his sleeves, stared at the Sixth Prince, and sneered, “Sixth Brother, what do you mean by this? Back then, it was father who announced the imperial decree that the Ouyang Family is a traitor. Is Sixth Brother saying that father is incompetent?”

The Sixth Prince's face became stiff, and he looked at Shangguan Wenji on the emperor's throne a little nervously.

Shangguan Wenji's face was extremely gloomy. His both hands were clutching the armrest of the emperor's throne. The gold carving on the armrest was deeply embedded in his flesh, but he was unaware of it.

After a long time, he let out a sigh of frustration and slowly said, “Okay, stop arguing. Keep the Zhenwei Army for now. Don't touch it for now. Don't assign the new general for the Zhenwei Army yet. Just let Chen Guangxian, General Ouyang's confidant lead it.”

The Six Prince was overjoyed and quickly bowed down, “Father is wise.”

The crown prince's face distorted when he heard the words. Even if it was his father sitting on it, he couldn't help saying loudly, “Father, what do you mean? Zhenwei Army is the army of the Ouyang family, everyone knows about this.”

“Now that father does not allow me to incorporate the Zhenwei Army, and you even let Ouyang Zhixiong's confidant to lead the army. Is father telling the Feng Family that you're dissatisfied of their decision? You want to seek justice for General Ouyang?”

Chapter 796: Trampled on a Downfall

“You... what bullshit are you talking about! Ehem...” Shangguan Wenji was furious. Seeing his own son actually pointed at him and scolded him, he was so infuriated that he almost lost his breath.

Sixth Prince also had an ugly face, and his gaze looking at the Sixth Prince was full of contempt, “Elder Brother, no matter how strong the Feng Family is, we are also the royal family. We should lead our people by example. If we submit to a strong enemy and reserve right and wrong to protect ourselves, how will the people think of us?”

“Hahaha...” The crown prince couldn’t help laughing. He looked at the Sixth Prince as if he was looking at an idiot. “Sixth Brother, you sound so high-sounding, is it that you dare to fight with the Feng Family? Father attaches importance to General Ouyang, is it that he dares to fight against the Feng Family?”

Seeing that both Shangguan Wenji and Shangguan Heng looked ugly, the crown prince couldn’t help being even more proud, “Since I don’t dare, it’s better to listen to the Feng Family’s order. The Feng Family is so powerful; there are countless masters of the Gold Core Stage and industries in their hands. They also have a connection with the Doctors Association. As long as we satisfy the Feng Family, there will be many benefits in the future.”

“You...” The Sixth Prince’s eyes widened, “Elder Brother, how can you be so shameless?”

“Shameless? Hehe, I’m smart man who knows good bird who chooses wood to live!” The crown prince sneered. He didn’t look embarrassed at all, but he was full of pride, “You want to keep the Zhenwei Army, for what?! Are you waiting for the loser, Ouyang Haoxuan to come back and lead the Zhenwei Army? Hahaha, stop dreaming! As soon as Ouyang Haoxuan appears, he will fall into the hands of the Feng Family.”

Seeing Sixth Prince’s expression full of anxiety and depression, the crown prince was even more proud.

“Do you know how many masters Feng Family sent to this Yanjing City after the incident in the Breaking Spirit Mountain? They all came to find Ouyang Haoxuan, not to mention whether Ouyang Haoxuan is alive or not. Even if he is alive, do you he can escape from the pursuit of the Feng Family?”

“By the time Ouyang Haoxuan will die, won’t the Zhenwei Army not be able to find a leader? Now I include them to serve for the Jin Ling Kingdom’s royal family with my crown prince identity, what’s wrong with that?!”

Sixth Prince gritted his teeth and said viciously, “Shangguan Qi, you know that the Ouyang family was wronged, and Ouyang Haoxuan’s life is now at stake. Nevermind you don’t protect the Ouyang Family, you even take advantage of their crisis? Do you still have a little bit of integrity of being a royal family?”

“Look at how respectful you are to the Feng Family, wouldn’t you sell the entire Jin Ling Kingdom to them when you become the emperor? Willingly become their dog?!”

“Presumptuous!!” Shangguan Qi roared. A spiritual power surged from his body as he stared at Sixth Prince fiercely, “I’m the crown prince, and even your eldest brother, you dare to talk to me like this?”

“Hehe, you have so much moral integrity, then go and question the Feng Family if you dare? Go condemn them for killing General Ouyang and his wife. If you are so good, go and arrest Feng Yunjing to seek justice for the Ouyang Family?”

“It’s just that if you do this, I would like to know if you can live to see the dawn of tomorrow!”

The Sixth Prince’s cultivation was low. As soon as Shangguan Qi released his aura, he backed away with an embarrassed look.

Chapter 797: Shangguan Wenji’s Decision

Shangguan Wenji on the emperor throne finally couldn't bear it. He slapped the armrest fiercely and said in anger, "Enough, stop it now. Zhenwei Army stays as it is, and Chen Guang is in command for the time being. If any of you dare to touch the Zhenwei Army, don't blame me for being impolite!"

"Father!!" Shangguan Qi let out an unwilling exclamation.

Shangguan Wenji stared at him fiercely like a sharp blade. The pressure of Gold Core Stage cultivator suddenly broke out, "Qi'er, I warn you, Zhenwei Army belongs to our Jin Ling Kingdom's royal family, but it is also belongs to the Ouyang Family. It was established with Ouyang Zhixiong's effort."

"So, at least as long as General Ouyang's blood is still in the world, the army belongs to the Ouyang Family; no one is allowed to move it. If you speak more, I will abolish your crown prince title and chase you out of the palace to be a lord!"

Shangguan Qi's eyes widened suddenly. His face was full of disbelief, "Father——!!!"

But what was left to him was the determined back of Shangguan Wenji, as well as the relieved but mocking smile on Shangguan Heng's face.

Shangguan Qi was left alone in the hall, only to feel that the anger in his heart surged upward. His eyes gradually became fierce.

However, even though Shangguan Wenji scolded Shangguan Qi ferociously, he fell on the bed dejectedly after returning to his room. His face was full of sadness and resentment.

The eunuch on the side hurriedly stepped forward and said, "Emperor, are you okay? Do you need me to get you medicinal pills?"

Shangguan Wenji shook his head and sighed softly, "Feng Family, Feng Family! Feng Family is really too much!"

They obviously killed General Ouyang and his wife, but they still refuse to let go of their only child, Ouyang Haoxuan.

How did the Ouyang family offend Feng Yunjing, so that they are so ruthless?

Although my heart is full of guilt, and I even keep the Zhenwei Army, hoping that Ouyang Haoxuan can stay alive, but... even if Ouyang Haoxuan is alive, how can he compete with the Feng Family?

In the end, wouldn't I end up just like Ouyang Haoxuan's parents?

Shangguan Qi, that kid... I have high hopes for him, but now it seems that this person is too eager for quick success. For the sake of power, he is even willing to be a dog of the Feng Family. He even loses the most basic conscience of being a man.

The eunuch who had just questioned saw Shangguan Wenji sighed, and he immediately stepped forward to comfort him, "The emperor, the Feng Family's power is big, and our Jin Ling Kingdom is just a small country. We only have a few martial artists in the Gold Core Stage, so we can't go against them. There is no other way."

No one in the Jin Ling Kingdom can go against the Feng Family? No! There is still one person!

There is at least one person, let alone the Feng Family, no one in the entire Miluo Continent dare not underestimate him. Even as long as he is still alive, if he is willing to call himself a subject of the Jin Ling Kingdom, then Jin Ling Kingdom will not fall.

Thinking of this, Shangguan Wenji looked up abruptly and said loudly, "Quickly, you ask someone to check if the King of Hell is back? If he is back, report it to me immediately!"

King of Hell? The eunuch was stunned, and then immediately bowed and said, "As you wish."

Shangguan Wenji clenched his fists with both hands and murmured, "If there is anyone in the Jin Ling Kingdom who can go against the Feng Family, it is only him... If he is willing to keep Ouyang Haoxuan, then the Ouyang Family can still be saved..."

Listening to Shangguan Wenji's talk, the eunuch lowered his eyes slightly, revealing a sinister smile in a corner that Shangguan Wenji could not see.

Chapter 798: Eating Mea

At this time, King of Hell Nangong Yu, whom Shangguan Wenji was looking for, had been staying in the Sealed Dragon Domain with Hexi for several days.

Of course, the two people were still training most of the time.

After all, in this world where the strong preyed on the weak, strength was the greatest guarantee.

In addition to training, Hexi also had to refine pills and configure new poisons and detoxify medicinal pills; she was very busy.

However, during this period, she still remembered to cook the dapeng bird that she had hunted in the Sealed Dragon Domain.

When the fragrant barbecue was served on the table, all those who stared at the table couldn't help drooling.

Fortunately, this dapeng bird was really huge and had a lot of meat, so it was enough to serve everyone in the Sealed Dragon Domain.

Especially Little Egg and Xiao Chi, they were chewing a slice of big meat until their faces were full of grease. They showed silly smiles from time to time.

Little Egg also complained to Xiao Chi, "Brother Xiao Chi, you don't know, mom has a master, but he is very bad. He always snatches mom's food, and his belly is very big. I always can be full when I'm eating with him. Brother Xiao Chi, next time you see him help me beat him up, okay?"

Xiao Chi bit off a piece of meat and watched Little Egg shook his fist at him.

Little Egg thought he promised to beat up the old man next time, so he was overjoyed. He gave half of the barbecue he secretly hid to Xiao Chi.

Hexi saw that Xiao Chi's mouth was full of grease, and his clothes were messy, so she asked him to come over.

The warm water spiritual power combined with the wind spiritual power quickly cleaned the stains on Xiao Chi's body and even dried the wet clothes.

Xiao Chi looked up and smiled sillily at her, and he quickly and diligently handed out the meat in his hand to let Hexi bite. He muttered, "Sister...Sister..."

Xiao Chi had lost one soul, which was different from the Little Dumb Cow who was late in developing intelligent.

Although Little Dumb Cow was very slow in learning to speak, now he could speak many words slowly.

But as long as Xiao Chi didn't find his soul, he could have the same wisdom as a human being.

Therefore, so far, the only words he could say were "sister".

Hexi's eyes looked tender. She grabbed his wrist, lowered her head and took a bite on the meat.

Xiao Chi was delighted immediately. He made a pleasant grunt in his throat.

Hexi taught him how to bite into the meat without getting his clothes dirty.

It was just that Xiao Chi had intelligence. Hexi taught him several times, but he still made his clothes dirty when he got back to eat.

Half of his face was dark, but he smiled at Hexi happily. His eyes were brighter than the spring sun, making Hexi laugh too.

Hexi was about to reach out to wipe the sauce on Xiao Chi's face, but she was suddenly embraced in a warm embrace.

The man's low voice sounded in her ears with a slight grievance, "Xi'er, didn't you say that you specially cook this dapeng bird for? Why are you only paying attention to other people from the beginning until now?"

Hexi laughed. She turned her head and looked up at Nangong Yu. He was still gnawing the meat like the others. All of their mouths were full of grease.

But this guy was the only one who still looked noble and spotlessly clean when eating barbecue.

Is he good at pretending or is he really has a good education that is in his bone?

Chapter 799: Gluttonous Feas

Hexi couldn't help but chuckle. She dipped her finger with some barbecue sauce secretly, and she wiped it on Nangong Yu's mouth when he was not paying attention.

For a while, it seemed that Nangong Yu had half a beard, but Nangong Yu's face was still young, so it was weird to have half a beard. Hexi laughed so hard at that.

Nangong Yu was teased by his beloved girl, and he was stunned first.

At this time, everyone's eyes were all looking on them, especially his own confidants, Qing Long, Bai Hu, Wu Yu, Wu Xing, and so on... they were staring with their eyes wide open.

Even Nangong Yu was calm, his face was still slightly hot.

When he looked at the girl, with blushing cheeks, smiling like a flower in his arms, he couldn't help being moved.

When Hexi regained consciousness, the two of them had disappeared in the Green Wood Domain where they were barbecuing. They appeared in the beautiful Water Moon Domain.

Hexi was startled, and she looked aside, "Why are you..."

However, before the words were finished, her voice was completely covered up by Nangong Yu.

Just now when the girl leaned in his arms and smiled happily, the white jade-like skin turned slightly silvery red as if it could be melt with a slight touch.

The slightly opened lips were pink and tender like a newly bloomed flower, revealing the white teeth and tender red tongue.

Nangong Yu suddenly felt that the delicious dapeng bird had lost its taste. Only the girl in his arms was his gluttonous feast. He couldn't wait any longer.

As soon as the kiss ended, Hexi's body had become soft; she could only gasp for breath.

This guy, Nangong Yu, is so... so... why are his kissing skills getting better and better?

He had broken through the Soul Splitting stage when he was only twenty years old. He is even a physique cultivator; he also knows about array. Can this guy be more overpowered?

Hexi reached out her hand and wiped her lips, feeling even more sad and angry in her heart.

The smell of barbecue!

As a result, the seasoning she just used to tease Nangong Yu had now been used on herself!

He actually teleported our positions directly and disappeared just like that. Who doesn't know what he wants to do!

If I knew it, I wouldn't tell him how to control some of the enchantments of the Sealed Dragon Domain's Secret Territory!

===

Nangong Yu and Hexi were having an intimate moment in the Green Wood Domain; the people who were still eating barbecue looked at each other for a while, then they all blushed and lowered their heads and continued to eat their own meat.

Bai Hu bit the delicious dapeng bird meat and shook his head. "Our princess is really amazing. This dapeng bird meat is notoriously old and smelly. I didn't expect it to be so delicious after being cooked by princess."

"Aiya, our master is so lucky to be able to marry princess. Wouldn't he be able to eat different kinds of delicacies every day?"

Wu Yu couldn't help but nodded and agreed with Bai Hu's words, "Yes, yes! It really is different kinds of food every day. You have never seen the food box princess gave to master. I have never seen those dishes before, let alone tasting them. That fragrant, now I think back... Slurp... No way, I must find a wife who is particularly good at cooking in the future.

"Me too! Me too!"

Qing Luan, who was slowly eating dapeng bird meat, paused inexplicably when she heard the words, and her cheeks were slightly hot.

Princess said that she would teach me and Mai Xiang to cook... In the future, will I be able to cook such delicious food like princess?

Chapter 800: Partner...?

Bai Hu finished eating one piece in his hand, and took a look at the table. Seeing that there was not much, he quickly rushed over.

It was just that he was in a hurry, so he bumped into the person next to him and staggered.

Inexplicably, Bai Hu felt a hot breath sweeping his body with a deep chill.

This description was actually very contradictory. Since it is a hot breath, how can it be chill?

However, Bai Hu just felt a chill in his spine as if he had encountered something terrifying.

He shook his hand, looked to the side, met Ouyang Haoxuan's calm brows, and breathed a sigh of relief.

"Hey, Brother Ouyang, are you here to get the barbecue too? Come come, this piece is rich in seasonings, and the meat is tender. Take it, take it!"

Ouyang Haoxuan did not get polite with him. He took the barbecue from him and ate slowly.

Seeing his gestures, Bai Hu's heart trembled. Ouyang Haoxuan gave him an unfathomable feeling like his master, making him feel creepy.

However, Bai Hu remembered the rumors of the Ouyang Family in Yanjing City, and he looked at him with sympathy.

"Brother Ouyang, about the tragic of your family... I'm sorry."

Ouyang Haoxuan nodded, and a faint, gentle smile appeared at the corner of his mouth.

Bai Hu felt that the smile was terrifying. He wanted to ask a few more questions, but he chose to run back with the barbecue.

When he approached Gu Liufeng, he couldn't help muttering in a low voice, "Hey Brother Gu, do you know why Ouyang Haoxuan is here?"

While biting on the barbecue, Gu Liufeng said, "His parents were killed by Feng Yunjing, and Feng Yunjing was pursuing him. At that time, Xi Yue passed by and rescued him; she also helped him to keep the body of his parents' corpse, so he just stays with Xi Yue."

Bai Hu's voice was lowered, "I always feel that the breath he exudes is so depressing that I dare not talk to him. Not only that, he obviously should be Gold Core Stage, which is about the same level as me, but I can't see through him at all."

Gu Liufeng sighed and said, "A person who has experienced such drastic changes and tragedies, can he remain the same? Without Xi Yue, their Ouyang Family would have even become extinct. Now he can survive without revenging impulsively, I think it's already very good. What's more, he has signed a master-servant contract with Xi Yue; he will never betray Xi Yue."

Speaking of this, Gu Liufeng put down the barbecue in his hand and looked at Bai Hu with a solemn expression, "As long as he is not unfavorable to Xi Yue and is willing to help Xi Yue, no matter what kind of person he is, he is our partner. Brother Bai, please don't talk behind Ouyang Haoxuan back in the future."

Bai Hu was a little bit embarrassed, and he quickly said, "Okay, okay, I was wrong!"

When Bai Hu ran away dejectedly, Gu Liufeng raised his head, met Ouyang Haoxuan's silent dad eyes, and couldn't help but smile at him.

Ouyang Haoxuan's eyes moved, and he returned a smile to him slowly.

Partner...?

Several people were eating lively, and suddenly saw a figure appeared near the teleportation array.

Gu Liufeng smiled and said, "Xi San, you just came at the right time. Xi Yue made barbecue. Would you like to have some together?"

"No thanks!" Xi San hurriedly ran out of the teleportation formation, looking around, "Where's Miss? Where's King of Hell? I have something to tell them?"

"Miss just had something... eh hem, she left!" Qing Luan stood up and said, "but Miss can know everything that happens in the Sealed Dragon Domain. She should be able to sense you coming, I believe she will be back soon."
