

## King of Hell 821

### Chapter 821: Zhenwei Army's Determination

"We must avenge the general and save young master from danger!!"

Chen Guang let out a sigh of relief and shook his head, "However, the strength of Feng Family is too strong, let alone Feng Yunjing is the Nascent Soul stage, if there are a few more Gold Core Stages, our 100,000 soldiers can only become the ants in their hands. Needless to say revenge, we will all die in the hands of the Feng Family by the time."

Chen Guang's words were pessimistic, but they were true.

In this world of comprehension where the strong were respected, ordinary troops were like ants in the eyes of high rank martial artists.

The soldiers underneath all showed grief and pain, and many people couldn't help having red eyes.

Chen Guang suddenly raised his head and shouted loudly, "However, no matter how strong the Feng Family is, we will never give up revenge for General Ouyang! Therefore, we must work hard to strengthen training. For those who have cultivation, speed up the improvement of your strength."

Someone below couldn't help but speak, "But Deputy General Chen, no matter how we improve ourselves, how can we compete with the Feng Family?"

Chen Guang gritted his teeth and sneered, "We can't compete with the Feng Family, but our Jin Ling Kingdom has an army that can make the Feng Family be scrupulous."

"Does general mean... the Iron Kirin of the King of Hell Mansion?"

"Exactly!!" Chen Guang clenched his fists and waved fiercely. "When we improve the strength, I will kneel in front of the King of Hell Mansion and beg King of Hell to incorporate our Zhenwei Army. As long as he can avenge for our General Ouyang, we are willing to submit to the King of Hell Mansion!"

"Ah-!"

Chen Guang's decision made the soldiers below all be surprised.

Although their Zhenwei Army had always known that they were very different from the Iron Kirin of the King of Hell Mansion; they couldn't be compared at all.

However, the Zhenwei Army had always belonged to General Ouyang, but now they had to recognize others as the master. Such a gap caused misery and panic in their hearts.

Chen Guang was not willing to let the old general's private army become someone else's subordinates, but this was the only way to avenge the general and save the young master from danger.

Chen Guang took a deep breath and slowly said, "You needn't say much. I have made up my mind. As long as we can avenge the general and save the young master from the Feng Family, we are willing to recognize anyone as our master."

“Now, go back to your place and train well. Even if you want to submit to the King of Hell Mansion, you must not let the people of King of Hell Mansion look down on us. Did you hear me?”

“Yes, General Chen!!”

The 100,000 armies immediately dispersed, and each formed a square formation to start training their battlefield combat abilities.

The little sergeants of the Foundation Establishment stage returned to the camp with a spirit gathering circle and devoted themselves to cultivate.

One hundred thousand Zhenwei Army obviously lost their general, but instead of being decadent, it showed a scene of enthusiasm and unity.

When the crown prince and others rushed to the foot of Dragon Tiger Mountain through the frosty night, they saw this scene.

The crown prince was startled by shouting “Ha” and “kill” in unison.

But when he saw the dense and imposing army clearly, infinite greed and excitement surged in his heart.

This is 100,000 Zhenwei Army! This 100,000 army will become my army soon; my power.

Coupled with the imperial decree written by Shangguan Wenji himself, I will soon become the master of the Jin Ling Kingdom.

## **Chapter 822: Imperial Decree**

The crown prince landed steadily from the air to the ground, and he took the cloth towel from the eunuch on the side to wipe the dust off his face

This eunuch was the one who had been serving next to Shangguan Wenji, but he had already defected to the crown prince and the empress.

When Shangguan Qi forced Shangguan Wenji to write an abdication edict, Shangguan Wenji originally refused to write it, and he refused to tell the location of the imperial jade seal.

It was the eunuch who knew Shangguan Wenji best. Not only did he tell Shangguan Qi to use his beloved concubine and his daughter to force him, but he also got the hidden imperial jade seal.

So after Shangguan Qi got the two imperial decrees and came out of the palace, he brought along the eunuch.

Behind Shangguan Qi, there were also a dozen martial artists raised by his crown prince’s residence. Most of whom were at the Foundation Establishment stage.

The lowly eunuch leaned to Shangguan Qi’s side and said with a pleased smile, “Your Highness Crown Prince, why not I pass the imperial decrees for you now?”

Shangguan Qi was very pleased with him; his face was full of triumph.

However, before he could speak, Chen Guang rushed over when he noticed a movement here. Seeing that it was Crown Prince Shangguan Qi and his men, he couldn't help frowning.

But there was a difference between the ruler and the subordinates. He muttered in his heart, but he still bowed slightly and said, "Greetings to Your Highness Crown Prince, may I know why are you here?"

Shangguan Qi was dissatisfied with Chen Guang's attitude.

Although he was saying respectful words, his attitude and manner of saluting him were very perfunctory as if he didn't care about him at all.

Shangguan Qi squinted his eyes and said coldly, "I came here on the imperial decree of the emperor. General Chen, please gather the whole army, saying that I have important things to announce!"

Chen Guang frowned suspiciously, "May I know what are the important things that Your Highness Crown Prince has to come in person?"

Shangguan Qi's face sank when he heard the words, "Chen Guang, you are too presumptuous! Is this what you should ask? I let you assemble the whole army, then you just do it obediently!"

The eunuch beside him also took a step forward at the right time, took out the imperial decree and said with a sharp voice, "Deputy General Chen, the emperor decree is here, is it that you want to go against it?"

Chen Guang's face changed uncertainly; he did not have the slightest good impression of the Jin Ling Kingdom's royal family.

Although Feng Family was so powerful, Jin Ling Kingdom did not dare to resist. His general was a loyal general who made great contributions to the Jin Ling Kingdom. He was abused to death by the Feng Family. Instead of questioning their crime, they even said that the Ouyang Family was the traitor.

Swore allegiance to such a royal family would only make people feel disappointed.

But after all, Chen Guang had been a subordinate of the Jin Ling Kingdom for decades. The way of the ruler and the subordinators was carved into his bones and couldn't easily be changed.

So soon, the 100,000 army was assembled again. The crown prince and Chen Guang stood on the hill again. Everyone raised their heads and looked up at them with doubts on their faces.

When an army of 100,000 was assembled, their momentum seemed to be a hundred times stronger than when they dispersed.

Shangguan Qi looked at the dense crowd underneath, and his heart blossomed with joy.

This army will soon be mine.

The crown prince hinted the eunuch on the side, and the eunuch immediately stepped forward, spread the imperial decree, and said in a sharp voice, "Following the orders of the heaven, the emperor's edict said, in the past, the 100,000 Zhenwei Army, that led by Ouyang Zhixiong, is brave and fierce; they protect the Kingdom from the enemies outside, becoming the pillar of the Jin Ling Kingdom."

**Chapter 823: Acted against the Imperial Decree and Committed Treason**

“However, Ouyang Zhixiong suddenly conspired to treason, and the crime is unforgivable. Although I can’t bear it, I have no choice but to punish the traitor. Now Ouyang Zhixiong is dead, the 100,000 Zhenwei Army has no leader, so I named my son, Shangguan Qi, as the new general of the Zhenwei Army. He will have full authority of handling the reorganization of the Zhenwei Army!”

The eunuch’s voice was sharp as if it was torturing their eardrums.

After reading this imperial decree, the expressions of Chen Guang and Shiwan Zhenwei Army changed drastically. Everyone had an incredibly sad look on their faces, staring fiercely at the eunuch and his imperial decree.

After the eunuch finished reading, Chen Guang finally couldn’t help but stepped forward and smashed the eunuch’s face with a heavy punch.

The eunuch was caught off guard. He screamed in pain, and he rolled down from the mountain like a spinning top.

However, before the eunuch stood up, the soldiers standing in the front row angrily rushed over and severely chopped down at him with the swords in their hands.

Blood splattered!

In the blink of an eye, the eunuch who dreamed that he was going to rise to the top became a bloody corpse.

By the time he died, he didn’t even think about it. I obviously should have enjoyed happiness after all the hardships; I will have enormous power in the future. Why would I end up like this?

Shangguan Qi didn’t expect such a thing to happen at all. The guards behind him didn’t expect it either; they were stunned on the spot and speechless.

When he recovered, he immediately pointed at Chen Guangda and cursed, “Chen Guang, what are you doing? Do you guys want to act against the imperial decree and commit treason?”

“You said we commit treason?!” Chen Guang’s eyes were red, and he stared at Shangguan Qi fiercely, saying sternly, “Then treat us as committing treason! Anyway, General Ouyang has been loyal to your family throughout his life, wasn’t he still being condemned for betraying the kingdom by you guys!”

As soon as Chen Guang spoke, the whole valley was shaking by it!

“Treason it is then, will I be afraid of you!”

“We want to seek justice for General Ouyang!!”

“That damn eunuch deserved to die!!”

“Everyone who insults General Ouyang deserves to die!!!”

Shangguan Qi never expected that he rushed to the barracks with great ambition, but what he got was such a result.

This... what is going on in the Zhenwei Army? Do they really only recognize Ouyang Zhixiong and not the royal family?!

Damn, I knew we should have controlled the power of the Ouyang Family, but that damn old fool, Shangguan Wenji, wouldn't listen to me!

The rage of a hundred thousand people was terrifying. In addition, Shangguan Qi's cultivation was not high. As the powerful murderous intent was released, he couldn't even stand still.

Shangguan Qi took a deep breath, he immediately put a smile on his face, and said with a gentle tone: "General Chen, don't get angry. The imperial edict is just a situation. General Ouyang is a loyal minister and good general. Who in Jin Ling Kingdom doesn't know that. However, you have to understand the hardships of me and my father. The Feng Family forces us tightly, and they are still hunting Ouyang Haoxuan in the city now."

"In order to find Ouyang Haoxuan, they even wanted to come and destroy your entire Zhenwei Army. My father and I made such a plan because we want to protect the Zhenwei Army. To be incorporated and disbanded, isn't it better than being destroyed by the Feng Family? Don't you think so? Even if General Ouyang knew about it, he wouldn't want his army to end up like this, right?"

The remarks of Prince Shangguan Qi had used the stick and the carrot, finally calming the emotion of Chen Guang and the soldiers.

But Chen Guang still showed a cold face, not giving a good face to the crown prince. He said coldly, "I'm sorry, I'm afraid we can't follow this decree of crown prince and the emperor?"

#### **Chapter 824: Simply Dreaming**

Chen Guang sneered and said with a calm expression, "When the Zhenwei Army was founded, His Majesty had promised that the Zhenwei Army belongs to the Ouyang Family, and only people of the Ouyang Family can make decisions about the Zhenwei Army. Did His Majesty think that he could erase the previous promise with just an imperial decree? Don't forget, the emperor needs to take his words seriously!"

When Shangguan Qi heard this, he didn't get angry this time. Instead, he laughed and said, "You said that the people of the Ouyang Family can make decisions about the Zhenwei Army? Then why don't you look at this person?"

With that, Shangguan Qi pulled out a man in black armor and helmet from behind.

After being pulled out, the man immediately took off his helmet in a frantic manner, revealing a slightly pale face that resembled the face of Ouyang Zhixiong.

Shangguan Qi pointed at the man proudly and smiled, "General Chen should know this person right? He is the younger brother of Ouyang Zhixiong, Ouyang Zhiping. This is the real descendant of the Ouyang Family. He shares the same father with Ouyang Zhixiong. With such a strong blood relationship, he can represent the Ouyang Family right?"

Ouyang Zhiping raised his head to meet Chen Guang's fierce and cold gaze, and his whole body shuddered.

But thinking of the horror of the man in black of the Feng Family and the promise he made with him, Ouyang Zhiping gritted his teeth, stepped forward and said: "Deputy General Chen, I have also received the news of the death of my brother. I'm also very sad about his death, but there must be a leader to lead the Zhenwei Army. His Majesty and crown prince are just hoping to find a way for the Zhenwei Army. I'm here to take over the military power of the Zhenwei Army on behalf of the Ouyang Family."

Chen Guang looked at Ouyang Zhixiong coldly; his eyes were like a sharp blade.

Ouyang Zhixiong trembled seeing this. He then immediately remembered their allegiance to the Ouyang Family, and he immediately became annoyed and said, "Deputy General Chen, what do you mean by looking at me this way? Do you have any questions about me taking over the Zhenwei Army? I have a decree, and I'm the closest person to the Ouyang Family and my elder brother, so I have the reason to take over Zhenwei Army."

"Or Deputy General Chen thinks that without my elder brother, you can take the opportunity to seize power?"

Chen Guang was not irritated by his provocative words, but he stretched out his hand, "You want the military power of the Zhenwei Army? You can. Show me the commander's seal for verification first."

"Wh... what commander's seal?" Ouyang Zhiping froze at first, then he immediately rebutted loudly, "I'm from the Ouyang Family, you are the army of the Ouyang Family, now my elder brother is dead, Haoxuan's whereabouts is unknown, so I have the rights to take over the Zhenwei Army. What commander's seal, how come I have never heard of the commander's seal when my elder brother was in charge."

Chen Guang showed a mocking smile hearing that, "You don't even know the commander's seal of the Zhenwei Army, then you come to take over the Zhenwei Army. You're basically dreaming!"

"I tell you that if you want to incorporate the Zhenwei Army, you must show the commander's seal and be recognized by the direct blood of the Ouyang Family. Without the commander's seal, we will never accept it! We will not recognize any imperial decree or general's brother!"

"Chen Guang, you're going back on your words! This is simply too much!!" Shangguan Qi said angrily. "You said that people from the Ouyang Family can mobilize the Zhenwei Army, so I found one for you. Now you are asking for the commander's seal. When General Ouyang died, there was nothing on him. The commander's seal on him was long gone. Is it that without the commander's seal, you all will never accept another general?"

### **Chapter 825: Kill Them All**

Chen Guang looked stubborn with arms around his chest. He said coldly, "I only have one answer. Without the commander's seal, without the direct descendant of the Ouyang Family, our Zhenwei Army will never recognize any master. His Majesty promised himself that the Zhenwei Army belongs to the Ouyang Family. Our purpose is to defend the people of Jin Ling Kingdom, not the royal family. Even if Your Highness kills me and all our Zhenwei Army soldiers, the answer is still the same!"

Shangguan Qi's whole body was trembling constantly by his words.

This Chen Guang, damn it! Damn it! When I successfully incorporate the Zhenwei Army, I must let this bastard die horribly!

Suddenly, another masked man among the guards behind him took a step forward and said coldly, "Shangguan Qi, since they are disobedient, just beat them up until they are obedient, why bother to talk nonsense with them?"

Shangguan Qi turned his head and met the pair of triangular eyes that were shining with cold light. He shuddered and immediately bowed and said, "Hall Master Sun, Chen Guang and his men are as stubborn as Ouyang Zhixiong; extremely stubborn. I'm afraid if I'll kill all of them, then wouldn't the 100,000 Zhenwei Army... no! I mean, without the Zhenwei Army, Hall Master Sun can't bait Ouyang Haoxuan out."

The masked man was named Sun Mingyuan who was specially sent by Hei Sha to follow Shangguan Qi to incorporate the Zhenwei Army.

In addition to the family master and elders, the Feng Family had many forces that had been cultivated for many years. They were all loyal to the Feng Family.

Among them, the strongest were the black and white law protectors and the four hall masters. Sun Mingyuan was one of the four hall masters. He had the cultivation of the peak of the Gold Core Stage. One could even say that he had just halfway into the Nascent Soul stage.

Therefore, for the entire Jin Ling Kingdom, what Shangguan Family, what General Ouyang, what Zhenwei Army, he wouldn't be bothered by them at all.

The only things Feng Family valued were Ouyang Haoxuan and the Fire Element Spirit Pearl in his body.

In order to secure the Fire Element Spirit Pearl, Feng Family not only dispatched Black Law Protector, but they also dispatched two hall masters to carry out a carpet search in the Jin Ling Kingdom.

However, after searching for a month, they still could not find Ouyang Haoxuan at all. He seemed to have vanished.

So in the end, they came up with such a way to draw Ouyang Haoxuan out by incorporating and even massacring the Zhenwei Army.

Hearing what Shangguan Qi said, Sun Mingyuan sneered and said with disdain, "They are just 100,000 mere mortals like rubbish. If they are really stubborn, just kill them all. Ouyang Haoxuan is destined to be in our hands. Is it that they can escape from our hands? Or is it that Your Highness feels pity for the 100,000 army and wants to stop me?"

"No! I don't dare!" Shangguan Qi broke into cold sweats being stared at by Sun Mingyuan's cold triangular eyes, and he kept shaking his head repeatedly.

Sun Mingyuan strode forward, tore the black cloth off his face, and looked at Chen Guang and the 100,000 Zhenwei Army underneath.

From the moment he appeared, Chen Guang felt like he was facing a formidable enemy, "Who are you?"

Sun Mingyuan laughed, and the powerful Gold Core Stage coercion spread from his body.

Chen Guang only felt that the blood in his whole body was compressed by a powerful force.

His legs trembled and his chest was suffocating. He couldn't hold it anymore, and he spat out a mouthful of blood.

### **Chapter 826: Avenge For General Ouyang**

Especially the soldiers standing in the front row facing the coercion, many of them vomited blood; some even fainted directly.

Sun Mingyuan leisurely withdrew the pressure and looked at Chen Guang contemptuously, "If you are sensible, immediately accept the incorporation of His Highness, otherwise, I, the hall master, don't mind killing you all one by one."

Chen Guang clutched his burning chest and asked fiercely, "Who are you?"

"Hahaha..." Sun Mingyuan laughed again, "Such a lowly person like you deserve to know my hall master identity? You should know that that 100,000 of you are now the fishes on the cutting board. If you can bait Ouyang Haoxuan out, it's fine. I can spare your life. If you can't bait Ouyang Haoxuan out, then you all should die!"

Bait Ouyang Haoxuan out?

Chen Guang's eyes widened suddenly, then his face changed drastically. He exclaimed, "You're the Feng Family's people?!"

"So what if I am?" Sun Mingyuan narrowed his eyes and sneered. "We Feng Family have never failed in doing what we want and getting what we want. If your General Ouyang was smart, he wouldn't end up as such. If you are sensible, be obedient and be the bait to lure Ouyang Haoxuan out..."

"You're dreaming—!!!" Chen Guang didn't wait for him to finish, and rushed toward him crazily, "You bunch of animals, murdering General Ouyang and his wife. Now, I want you all to pay with your life."

At the same time, the hundreds of soldiers below also charged together.

The other soldiers who could not rush up because the mountain was too small also raised their weapons and shouted, "Kill them and avenge General Ouyang!!"

Shangguan Qi was terrified by such movement.

He was not Sun Mingyuan who was at the Gold Core Stage. No matter how many ordinary people there were, they were no match for him.

He was just a mere Meridians Stage, and he didn't have particularly powerful martial arts. If he was surrounded by this group of people, even if all of them took a bite, he could be bitten to death.

Shangguan Qi hurriedly backed away with his guards. During the period, because of being crowded by too many people, he also staggered to the ground and was stepped on several times.

But soon, there was a loud noise from Sun Mingyuan who was drowned by the crowd.

Immediately afterward, a strong smell of blood permeated, and the soldiers' corpses flew out along with their broken limbs.

Sun Mingyuan flew high in the air, looking at the corner of Dragon Tiger Mountain where the corpses were spreading across the field like ants. He sneered and said, "Just a group of mere mortals also dares to seek revenge from me. Why don't you all look at yourselves whether you are capable of that!"

He stared at Chen Guang, who was also badly injured, and stretched out his finger.

Suddenly, Chen Guang jumped into the air involuntarily; his throat was firmly clutched, "Since you choose the hard way, don't blame me for not giving you all a chance. There are 100,000 people here, killing one by one should take some time right? I believe, in the end, Ouyang Haoxuan will be forced to come out. What do you think?"

Chen Guang was clutched by his throat; his face turned blue, and there was a huge wound in his abdomen that was bleeding.

But he didn't flinch at all. He stared at the man in front of him with hatred. He said ruthlessly, "You dream! Young master will definitely survive, and one day, he will seek revenge from your Feng Family and destroy your Feng Family!"

### **Chapter 827: You're Still Alive**

Sun Mingyuan laughed tauntingly, then a murderous intent burst out from his eyes, "Okay, then I will kill you first! See how many do I have to kill to make Ouyang Haoxuan come out!"

As Sun Mingyuan said, the force strangling Chen Guang suddenly increased.

However, suddenly, a fiery red sword light flew straight toward him from a distance.

Sun Mingyuan was caught off guard, and the red sword light hit his wrist. A heart-wrenching burning pain came.

With Sun Mingyuan's perseverance, he couldn't help but wail for taking such pain. His hand that was clutching Chen Guang released.

Chen Guang fell straight from mid-air. There was no spiritual power in his body at this time, so if he fell straight to the ground, he would definitely be dead.

Just when he was about to fall to death, he stepped on something solid all of sudden.

His originally weak body was also held on.

Chen Guang looked back in panic and saw a handsome cold face with sharp eyebrows.

Suddenly, Chen Guang only felt the tip of his nose sour, and tears burst from his eyes, "Young master!"

That's right, the young man in front of me has a look very similar to that of Ouyang Zhixiong when he was young. If he is not the only son of Ouyang Zhixiong, Ouyang Haoxuan, who would he be?!

Ouyang Haoxuan carried Chen Guang and landed softly to the ground. He saw that his spiritual power was weak and disordered. There was even a serious injury in his abdomen. So, he took out a bottle of medicinal pills and threw it to him, "You take the medicinal pills to heal yourself first."

Chen Guang took the medicinal pills and looked at Ouyang Haoxuan carefully.

He noticed that he had become thinner, and his temperament became much colder, but he was still alive.

He couldn't help crying, and said while sobbing, "Young master, you are still alive, it's great! The Ouyang Family still hasn't ended yet, it is so great!"

Thinking of his parents, Ouyang Haoxuan's eyes were stained with sadness. After wavering for a while, he said, "Now there is no Ouyang Mansion anymore, please don't call me young master again, Uncle Chen."

Ouyang Haoxuan's words made Chen Guang's tears surging out again.

At this time, many soldiers underneath also surrounded him. Seeing the intact Ouyang Haoxuan, many of them couldn't help having tears in their eyes.

Chen Guang swallowed a medicinal pill given by Ouyang Haoxuan, then he gave the remaining medicinal pills to the other soldiers who had just been injured.

As soon as the medicinal pills were in the stomach, before he channeled his spiritual power, he felt a warm current flowing throughout his body, making him so comfortable that he wanted to sigh.

In just a short moment, the originally dry spiritual power in his body actually filled up his dantian. The wounds that were still bleeding were slowly healed because of the nourishment of spiritual power.

Chen Guang said with a trembling voice, "Young master, this... this medicinal pill is..."

Ouyang Haoxuan said lightly, "Fourth grade spirit healing pill. If it is not enough, I still have more here."

Before leaving Sealed Dragon Domain, Xi Yue gave him a lot of medicinal pills. Just the fourth grade medicinal pills alone, she gave him a dozen bottles of them.

Xi Yue said that this superb fourth grade spirit healing pill could instantly replenish spiritual power. There was no need to adjust his breath.

It was an important piece of item to heal HP and MP in a battle- En, Xi Yue said so.

The fourth grade spirit healing pill can instantly restore spiritual power? Chen Guang was shocked.

But before he asked, Sun Mingyuan landed slowly from the sky.

### **Chapter 828: Aren't We a Family?**

But Sun Mingyuan didn't seem to feel the pain at all. When he confirmed that the person in front of him was Ouyang Haoxuan, he burst into laughter, "Ouyang Haoxuan, you really came! Our plans for this month aren't in vain finally!"

Ouyang Haoxuan didn't even look at him, but he just looked at Ouyang Zhiping who was aside.

“Second Uncle, it’s been a long time.”

Ouyang Haoxuan’s expression was calm, and his tone of voice was even with a slight smile.

But Ouyang Zhiping shuddered in horror when he met his dead and dark eyes.

“Haoxuan, Haoxuan, you are still alive... it’s really great! Second Uncle was very worried about you that day... I had been searching for you under the Breaking Spirit Mountain for a long time...”

Ouyang Haoxuan took a step forward and chuckled softly, “Second Uncle, what are you afraid of? Are you afraid that I will settle accounts with you now?”

Ouyang Zhiping didn’t know why he was so afraid of his nephew.

In his impression, Ouyang Haoxuan was obviously a modest and polite, and even a little stupid martial artist. The only advantage was that his cultivation talent was good, and he was born into a good family. He was the young master of the Ouyang Family.

As for him, he was also a member of the Ouyang Family; he had the same dad as Ouyang Zhixiong, but he couldn’t get anything. Ouyang Mansion was not his, Zhenwei Army was not his, and even walking outside, no one regarded him as a notable person.

But now, Ouyang Haoxuan in front of him seemed to have completely changed. He could make him fear by just looking at him.

Ouyang Zhiping staggered back and couldn’t help yelling, “You... don’t come over!”

Afterward, he shook his head vigorously and explained, “Haoxuan, Haoxuan, listen to me, at the Breaking Spirit Mountain that day, I didn’t mean to lie to you. I was threatened by the Feng Family. I must lead your mother and you to that place, otherwise they will kill me.”

As he said, he knelt on the ground with a plop. He kowtowed vigorously and said while crying, “Haoxuan, I was wrong; I was helpless. Just forgive me! After all, I’m your uncle; I’m your father’s brother!”

Ouyang Haoxuan looked at him condescendingly. He nodded when he heard the words, and he said with a smile, “You’re right, you are my father’s real brother. At the beginning, you colluded with the people of Ouyang Family to frame me and my father. Even when your son caused me to have all my meridians broken in the magical beast forest, my father didn’t take your life because you are related to him.”

“Yes, yes!” Ouyang Zhiping felt that he had seen hope, and he nodded repeatedly, “Your father and I are brothers, and I’m your second uncle. We are a family. Even if we have misunderstandings, we are still a family! Haoxuan, please spare me!”

“In that case, then go down and kowtow to my father to apologize!”

After speaking, a fist-sized fireball flew out of Ouyang Haoxuan’s hand, penetrating Ouyang Zhiping’s heart silently.

Ouyang Zhiping’s eyes kept widening; his eyes were filled with disbelief.

He always thought that Ouyang Haoxuan would spare him. Ouyang Haoxuan valued his relatives so much. Even though he found that his son caused his meridians to be severed, he just killed his son without touching his family.

He thought that Ouyang Haoxuan would spare him like before, but...

### **Chapter 829: Became a Dead Person**

Ouyang Haoxuan coldly watched Ouyang Zhiping's life being burned by flames, but his expression did not fluctuate.

There was neither the comfort after revenge nor the sadness and anger of losing all his relatives, the only thing left was the dead-like peace.

Immediately afterward, he looked at Sun Mingyuan with a faint cold sneer in his eyes.

After meeting Ouyang Haoxuan's eyes, Sun Mingyuan suddenly recovered.

He didn't want to admit that he actually had an inexplicable fear when looking at the young man murdering a person.

Sun Mingyuan lowered his head and looked at his wrist. It was obviously just a small wound, but no matter how he channeled spiritual power to it, it couldn't heal the wound.

This Ouyang Haoxuan... has he ever been so powerful? Didn't young master say that he exploded his gold core?

Why is his power even stronger now?

However, no matter how powerful he is, isn't he just at the intermediate level of the Gold Core Stage. He has just advanced for one month. Even if he is promoted to the advance level of the Gold Core Stage, he will not be my opponent.

What's more, I'm not alone. I still have a hall master helper waiting to ambush in the dark.

Thinking of this, Sun Mingyuan immediately calmed down. He even laughed secretly at his unfounded worry.

He stopped worrying about the wound on his wrist. He looked at Ouyang Haoxuan with a sneer, "Ouyang Haoxuan, since you walk into the trap yourself, you should know that you have no where to run!"

Ouyang Haoxuan raised his eyebrows and slowly revealed a gentle smile. His eyebrows seemed to be dyed with a brilliant red, "I'm afraid you won't be able to see if I can escape. Because you will soon become a dead person."

"Hahahaha... just you alone can kill me? Ouyang Haoxuan, do you think..."

Sun Mingyuan hadn't finished speaking, but Ouyang Haoxuan had already risen into the air.

He was holding a red sword in his hand which was named as "Red Lotus". It was a flying sword with a simple and unique shape.

This was given to Ouyang Haoxuan by Xi Yue from the Sealed Dragon Domain.

The Red Lotus Sword had a feminine appearance which was actually not suitable for Ouyang Haoxuan. But this was the only one that could completely withstand the fire spiritual power released by Ouyang Haoxuan without being damaged.

The slender body of the Red Lotus Sword suddenly lit up with a burst of red light as Ouyang Haoxuan flew.

Immediately afterward, a faint flame enveloped the body of the Red Lotus Sword. As the Red Lotus Sword slashed through the sky, the air at the feet of Dragon Tiger Mountain seemed to be boiling.

The moment Sun Mingyuan saw Ouyang Haoxuan taking out the Red Lotus Sword, he looked extremely solemn.

He quickly cast his most proud magic weapon which was a huge tortoise shell with one hundred and eight enchantments engraved on the shell.

As long as the shell of the tortoise covered the sky, he could obtain the strongest defense. Under the shell of the tortoise, he could cast all kinds of spells to put his opponent to death.

A dazzling golden light lit up on the tortoise shell, and Sun Mingyuan immediately felt relieved. This tortoise shell was an eighth-grade magic weapon. No matter how powerful Ouyang Haoxuan was, it was impossible...

There was a crack sound in his ears, followed by blazing temperatures.

Sun Mingyuan's eyes widened in horror. He watched the cracks appearing on the tortoise shell above his head in disbelief.

Those enchantments kept flickering, but they were soon consumed by a blazing flame, then they lost their effect.

### **Chapter 830: The Vengeful Demon**

Ouyang Haoxuan's sword, the sword with red flames, was already close to his face.

Before Sun Mingyuan had time to think about it, he raised another flying sword magic weapon in his hand and channeled spiritual power into it, slashing at Ouyang Haoxuan's left arm.

He used 90% of his strength with this sword, and he was also the peak master of the Gold Core Stage, so the power should naturally not be underestimated.

So Sun Mingyuan thought that Ouyang Haoxuan would definitely retreat so that he would be able to cast another magic weapon again to attack.

But soon, Sun Mingyuan felt a burning pain in his left shoulder.

Then he watched in amazement as his left shoulder and his arm flew out, and there was no trace of blood splashing out on the shoulder that flew out. Instead, it was making a sizzling sound.

"Ahh—!!" Sun Mingyuan let out a miserable scream.

His sword also struck on Ouyang Haoxuan's body too. Ouyang Haoxuan's entire left arm was chopped off, and his blood splashed on his face and body.

But Ouyang Haoxuan didn't seem to feel any pain. Instead, there was a cold smile on the corner of his mouth, quietly looking at Sun Mingyuan with a sneer of compassion and malice.

It was as if the person whose arm was cut off was not him, but someone else.

The dripping blood on his face made him look like a ghost crawling out of bloody hell, making people shudder.

Sun Mingyuan was really scared this time. He staggered back and murmured, "You're crazy! You're crazy! You're a demon, you are not a human; you are a de..."

Ouyang Haoxuan raised the corner of his mouth, letting the blood on the side of his face flow into his mouth. The rust-like fishy smell spread on the tip of his tongue, "Yes, I'm not a human being, I'm a demon who crawled back from hell to seek revenge from your Feng Family!"

When Sun Mingyuan saw this scene, his knees softened and he fell to the ground.

After that, he seemed to remember something. He immediately took out an inscribed jade slip from his arms and poured spiritual power into the inscribed jade slip without holding back.

The inscribed jade slip immediately emitted a ray of light, spreading light and shadow all around.

He stared at Ouyang Haoxuan with fear, then he smiled crazily, "Hahaha, Ouyang Haoxuan, even if you kill me, you can't escape... We Feng Family do all this to catch You, do you think I'm the only one waiting to ambush you in this Dragon Tiger Mountain? I tell you, around this Dragon Tiger Mountain, there are people of my Feng Family everywhere, and there are traps laid by our Feng Family everywhere. As long as you appear, you will be trapped by our Feng Family, and that thing will also belong to our Feng Family!"

Sun Mingyuan's words did not surprise Ouyang Haoxuan, but Chen Guang and the others were shocked.

Chen Guang said anxiously, "Young master, what they said must be true. The Feng Family has been looking for you. They wouldn't just send him alone. Young master, quick, we will escort you out! Even if all of our Zhenwei Army are going to die, we must send you out!"

As he said, his gaze fell on Ouyang Haoxuan's broken arm with extreme sadness and anger in his eyes, "Feng Family is really... too much! Young master, you must stay alive, we are still waiting for you to avenge general!"

Ouyang Haoxuan's eyes trembled slightly, and he stretched out his intact right hand to wipe the bloodstains off his face.
