Chapter 921: Can You Let Me Follow

“You—!” This time, Shen Qingchuo’s face was completely red.

Gu Liufeng also gave a low cough, lowered his head in embarrassment and changed the subject, “Xi Yue, time is running out, let’s hurry up!”

Hexi smiled and nodded without teasing the 2 people. She got up to pay the bill and left.

But just after 2 steps, she found that Mo Xiaotu had followed up again.

Hexi stopped her and said, “Miss Mo, what happened just now has been explained clearly, you should go home early. Don’t follow us anymore.”

The little girl looked very young and inexperienced. It wasn’t really safe for her to wander outside alone.

Mo Xiaotu immediately blushed with tears: “Sister Xi Yue, Little Rabbit was kicked out by master, and he said that if I can’t find the person he wanted me to find, he won’t let me return. Little Rabbit is so pity and homeless. Sister Xi Yue can you let me follow you??”

Before Hexi had time to say anything, Nangong Yu had already said ghastly with a cold face, “No!”

Mo Xiaotu glared back at Nangong Yu without showing any weakness, “I’m asking Sister Xi Yue, not you! Bad guy!”

Nangong Yu sneered. With a tap of his finger, a lightning was cast with a crackling sound, making Mo Xiaotu backing off in horror.

This lightning seemed simple, but it seemed to have built a high lightning wall that blocked Mo Xiaotu from crossing the line.

Nangong Yu sneered, “You want to follow Xi’er? Okay, try and follow if you are capable.”

Mo Xiaotu was dumbfounded immediately. She hurriedly walked around on the other side of the lightning wall.

Seeing that Mo Xiaotu was blocked, Nangong Yu was in a good mood. He hugged Hexi and said, “Let’s go.”

Hexi glared at him, “Nangong Yu, why are you being serious with a kid!? What’s more, doesn’t she already know that I’m a woman?”

Nangong Yu smirked. Before he could speak, he suddenly heard Mo Xiaotu’s shout from behind.

Immediately afterward, a burst of crackling noise, a figure rushed out desperately from the lightning wall.

The white and tender little girl who was originally wearing a pink gauze skirt, after the baptism of the lightning, her whole body was burnt, even her hair stood up. She looked really embarrassed and funny.

Bai Hu couldn’t help but laugh out loud.

Mo Xiaotu flattened her mouth. Tears were trembling in her eyes as she stared at Nangong Yu angrily, "I... I followed through...I won't be defeated by you bad guy! I'm going to follow Sister Xi Yue! "

However, a moment ago, she was clenching her fist with indignation; the next moment, seeing Xiao Chi looking at her embarrassed look with his clear eyes, she covered her face and cried out loud.

"Wuuu, why am I so ugly, you are not allowed to look at me... you're not allowed to look at me! Rittle Rabbit is obviously very cute, wuuu~"

At this time, even Nangong Yu was a little dumbfounded.

Xiao Chi tilted his head in doubt, leaned close to her, and circled her around, then he looked at Hexi, pointed at her and said, "Sister... cry..."

Hexi sighed, then she released water spiritual power to clean up the burned little girl instantly.

Shen Qingchuo took out her new clothes and asked Mo Xiaotu to put on them.

Would Little Rabbit be disappointed after knowing Xiao Chi's intelligence is like a kid?

Chapter 922: Kill 2 Birds With 1 Stone

Xiao Chi tilted his head, smiled at her stupidly, turned his head and continued to play with Xiao Li.

Mo Xiaotu was instantly discouraged, and Little Egg approached her and said, "Brother Xiao Chi is sick, so he can't speak. Sometimes, even we can't understand what he is talking about. Mom came to Yongan City this time to cure Xiao Chi's brother."

When Mo Xiaotu heard it, her eyes widened. She clenched her fist and said, "Cure the disease? Then I have to help. Little Egg, you are so kind; you are willing to tell me everything!"

Little Egg likes to be praised the most, and he wasn't praised for his cuteness, so he immediately wailed with excitement.

Mo Xiaotu was also introduced to Little Golden Dragon, Little Dumb Cow and Xiao Li.

Mo Xiaotu had a bright personality, and she especially liked cute things. It didn't take long for her to get along with a few little guys. Even Ziming Youluo allowed her to grab her vine and swung her high in the sky.

In the end, she ran up to Hexi and said pitifully, "Sister Xi Yue, I'm very powerful and I don't eat much, so let me follow you, okay?"

Hexi glanced at Xiao Chi thoughtfully, and she saw that he was also looking over. His clear eyes were full of happy smiles.

She couldn't help being moved in her mind. She nodded, "Okay, then you just follow. However, don't cause trouble; don't try to probe identity; don't expose my identity as a woman outside. Can you do it?"

"Yes! Yes! Of course I can do it!" Mo Xiaotu jumped 3 feet high in excitement, then she happily returned to Little Egg and the others. "Brother Xiao Chi, Little Egg, have you heard that? Sister Xi Yue allowed me to stay. It's so great! I can always play with you in the future~"

Hexi looked at her childish back, shook her head and laughed. She turned her head and met Nangong Yu's thoughtful gaze, and she couldn't help but smile, "Finally, you are done being serious with the little girl?"

Nangong Yu scratched the tip of her nose and snorted coldly, "Isn't it Xi'er's fault? How can I not watch you closely!"

As for this Mo Xiaotu... If she can pester Xiao Chi and let Xiao Chi not bother me and Hexi, it will hit 2 birds with 1 stone. Alright, I will just reluctantly let the little girl stay!

Thinking of this, Nangong Yu showed a satisfied smile on his face. He put his arm around Hexi's waist and said, "Walk through the corner in front, then we have reached the West Market."

Sure enough, turning around the corner, Hexi quickly saw the place where the notices were posted by the city lord.

It was just that at this time some people wearing Yongan City guard costumes were tearing off the notices from the bulletin on the city wall.

At the registration office, it seemed that they weren't looking for doctors anymore.

Seeing this, Bai Hu quickly took a step forward and took out the notice brought by Shen Qingchuo and said, "We are here to sign up."

At the registration office were a few men in their thirties, wearing the costume of the city guard.

Hearing Bai Hu's words, 1 of them immediately shook his head and said, "The registration is over. Just leave."

"It's over?" Bai Hu frowned. "The notice clearly states that it will end tomorrow, isn't it?"

Has the disease been cured?

Chapter 923: No Longer Accept Registration

When the man saw Bai Hu asking more, he couldn't help but impatiently said, "The city lord posted a notice to find someone who can save our young city lord. Now that the person has been found, what is the need for the notice?"

Seeing Bai Hu still looked unwilling to give up and seeing him at high cultivation, he didn't dare to offend easily.

Another guard on the side walked forward and said, "Have you heard of Fairy Zhixi? She is a well-spoken sixth grade doctor from the Doctors Association and even a pill refiner maser. She has come to Yongan City today, and she has already had a preliminary diagnosis of our young city lord. She said that she is sure to cure the disease."

"Since Fairy Zhixi said so, why do we still need the notice? Of course, we won't accept any more registration. Do you understand now?"

Why is it Fairy Zhixi again? Did she really cure the disease?

Bai Hu looked behind him and looked at Hexi and Nangong Yu, then frowned, "Are you so sure that Fairy Zhixi can cure your young city lord's disease? It is said that your young city lord's disease has been around for more than ten years, so long. Haven't your city lord ever hired a sixth rank doctor before? Have those people cured your young city lord's illness?"

These guards really hesitated when they heard the words.

This man is right. City lord even had even invited a seventh rank doctor and an elder from the Doctors Association, but they were still helpless with the disease.

What if this Fairy Zhixi really can't cure it?

No! Impossible, that's Fairy Zhixi! And Fairy Zhixi herself said that she can cure young city lord's disease. If I rashly bring people over; if I annoy Fairy Zhixi, how can I deal with it!

Thinking of this, the guard immediately showed a contemptuous expression. He looked up and down Bai Hu and said, "Are you going to treat our young city lord's disease? Even if Fairy Zhixi can't cure it, is it that you are better than Fairy Zhixi?"

Bai Hu was also a little annoyed for a while. He coldly slapped the notice on the table and crossed his arms, "It is not me who is going to treat the disease, it is my young master. My young master's medical skills are unparalleled in this world. We are giving you face to cure your young city lord. You said Fairy Zhixi is great, but what if she can't cure your young city lord and your master got to know that you reject the one who can truly treat his son, can you shoulder the responsibilities?"

The guard was anxious hearing that, then he took a look at them.

They were really handsome men and pretty women, but none of them looked like an experienced doctor.

He suddenly sneered, "I have seen a lot of big talkers in the past few days, and each of them had boasted about their godly medical skills. But when they saw our young city lord, they were helpless and sneaked away like a turtle. You said that your young master is even greater than Fairy Zhixi's medical skills, then tell me what rank is your young master? What level is he as a pill refiner?"

The atmosphere was tense for a while.

Bai Hu was about to get angry when he suddenly heard an old voice on the side saying solemnly, "What's the matter? Didn't I ask you to quietly put away the notice?"

In the cabin behind the registration point, a middle man with a white face, long white hair and no beard walked out slowly.

When everyone saw this person, they immediately showed a respectful look.

Chapter 924: No Rank

The guards even bowed to him nervously, "Master Yuehua, why are you here? Don't worry, it's just a small matter. We will take care of it."

This Master Yuehua was a fourth rank doctor and a good friend of Yongan City's lord. This time, he came to screen the doctors who applied for the recruitment notice.

After all, many of the doctors who came to apply for the recruitment were just trying their luck. If they were asked to prescribe any medicine for the city lord's son, then the city lord's son might not be able to survive until today.

His rank in doctor and pill refiner of this person was not high in rank, but his prestige in the Cang Ming Kingdom, especially in Yongan City, was extremely high.

Shen Qingchuo secretly said to Hexi, "Sister Xi Yue, I heard from my grandfather that this Master Yuehua is a very good person although his cultivation and doctor rank are not high. 10 years ago, a plague happened in Yongan City and many people died. Later, the plague even spread to other cities and towns. Later, thanks to Master Yuehua wandering around the cities to cure the infected one. In the end, he found an elixir that can cure the plague, but he was sick for a long time due to overworking himself!

After Hexi listened, she thoughtfully looked up and down the face and aura of Master Yuehua, and she seemed to understand something.

Master Yuehua listened to the guard's words, took a look at Bai Hu and the notice handwriting, and then said, "You want to sign up to treat the young city lord?"

Bai Hu hurriedly said, "Yes. This notice says that the recruitment will end tomorrow. Anyone with superior medical skills can try it, but today I found that it was just a lie."

Master Yuehua shook his head and smiled, "That isn't true, mister. The notice also stated that once a doctor who can treat the young city lord is found, the notice will be ineffective immediately. Now that Fairy Zhixi is willing to treat the young city lord, we cancel the notice. How can this be a lie?"

Bai Hu put his hands around his chest with a half smile, "Master Yuehua, can you guarantee that Fairy Zhixi will be able to cure the disease of the young city lord?"

"This..." Like the 2 guards just now, Master Yuehua also hesitated.

Thinking of the strange disease of his nephew, the suffering he suffered, and the helplessness of so many doctors, Master Yuehua suddenly felt that it would be good if there was more helper.

As a result, his complexion softened a bit. He looked behind Bai Hu and said, "I don't know who among you wants to sign up?"

The spiritual power circulating in Bai Hu was biased toward fierce combat, so he clearly had nothing to do with the doctor.

Hexi slowly took a step forward after hearing this, "It's me!"

As soon as Hexi said this, Master Yuehua suddenly showed a disappointed look.

The boy in front of him was only 16 years old. He looked very handsome like a pampered young man of a noble family instead of a doctor.

With this age and this kind of appearance, even if he has some medical skills, how good can it be?

Master Yuehua thought so, but he didn't show it on his face. Instead, he asked in a gentle voice, "This little boy, what is your doctor rank? What is your level of the pill refiner? Do you belong to any faction?"

Hexi shook her head calmly, "I don't have any rank and I don't belong to any faction."

Can Hexi convince Master Yuehua with her medical skills?

Chapter 925: Utterly Shocked

"The person next to him just now dared to say that he is on par with Fairy Zhixi. This is simply overreaching himself."

The guard on the side who had been arguing with Bai Hu couldn't help but sneered and said, "Haha, I thought he was a big shot. Even dares to compare himself with Fairy Zhixi. It turns out that he doesn't even have a doctor rank. Even if you want to earn money in our Yongan City, you don't have to be so shameless right?"

Bai Hu and the others raised their eyebrows when they heard the anger, and they wanted to immediately take a shot and give the guard a severe lesson. But he was stopped by Hexi.

Master Yuehua also said coldly with a solemn face, "Young man, this is a matter of life and death, how can you take it so lightly? Since you have no rank, why do you show up here and say that you can cure the young city lord?"

Hexi raised her eyebrows and said with a spurious smile, "A person who has no rank can't treat people? Then there are so many doctors in the Doctors Association, has anyone treated the strange disease on Master Yuehua?"

"What?!" With just this sentence, Master Yuehua's expression suddenly changed, "Master, what do you mean by this?"

Hexi looked up and down at him, then she smiled and said with a voice transmission, "Master hasn't been refining pill for a long time right? Since then, your doctor rank has not improved as well right?"

Master Yuehua was really surprised this time and almost jumped up, "You... how did you know? Who did you hear from? Who are you?"

Hexi's eyes flickered, and she continued to speak with voice transmission, "The upper burner vein is blocked, the middle burner is insufficient of yang, the lower burner has yin fire, the spiritual power collapses and cannot condense. You can't maintain the spiritual fire for a long time, so you naturally can't refine pill. I can tell these just by seeing master's face. Do I still need someone else to tell me that?"

Master Yuehua's mouth widened, and he couldn't say a word for a long time.

He didn't understand what upper burner, middle burner, and lower burner that Hexi said in the first half of the sentence, but her second half of the sentence described his current illness without any mistake.

His spiritual power was broken, and he was unable to maintain spiritual fire to refine pill.

However, my symptoms, even the eighth rank doctor of the Doctors Association, can barely determine after careful examination with spiritual power. This young man actually knew only by looking at my face, this... how is this possible?

Seeing Master Yuehua's uncertain face, Hexi knew he was obviously taken aback.

She couldn't help but smiled, took out a medicinal pill from the void and handed it to Master Yuehua, "You can try to take this medicinal pill, then try and go to refine pill. Although it can't eradicate your illness for the time being, it should help you a bit."

Master Yuehua took the medicinal pill with hesitation. After observing carefully, he found that the pure aura emitted by this medicinal pill was unprecedented in his life.

There was a flash of light in his eyes. He put the medicinal pill away before saying humbly, "Thank you mister for giving me the medicine! May I know mister's name?"

Hexi still used the method of voice transmission to say 2 words slowly, "Xi Yue!"

"Ahh—!" Master Yuehua exclaimed. He was looking at Xi Yue with shock instead of the previous doubt. "You... you are the... Miracle Healer Xi Yue who found the Shengde Hall, sells the best quality pill, and can even connect broken limbs?!"

Hexi nodded and intercepted Master Yuehua's words, then she smiled and said, "I don't know if I'm still eligible to sign up?"

Chapter 926: Moved into the City Lord's Mansion

"This... Yes! Of course you are eligible!" Master Yuehua nodded without hesitation. "If mister is not eligible, no one will be eligible nowadays. What's more, I have just learned mister's magical medical skills just now."

"However, the specific matters need to be determined by the city lord. Please follow me to stay in the city lord's mansion. I will tell you the result after I report to the city lord."

Master Yuehua's remarks caused a greater uproar among the audience.

In order not to disclose her identity, Hexi used voice transmission to diagnose Master Yuehua and tell her name..

So in the eyes of the audience, Master Yuehua was shocked when he saw the young man, then he said that he would take him to the city lord's Mansion.

The young city lord's illness will obviously be treated by Fairy Zhixi, why Master Yuehua still approved this young man's registration?

Could it be that there are some secrets between this young man and Master Yuehua?

Master Yuehua didn't care about everyone's reactions, and he led, with a look of awe, Hexi and her party to the backyard of the city lord's mansion.

For this doctor recruitment event, the city lord deliberately vacated a courtyard for the doctors who came to sign up.

This yard was luxuriously decorated, the view was pleasant, and the space was even greater.

It was just that it was empty now. Except for the servants who were cleaning up and down, there was no one inside.

Master Yuehua explained warmly, "Originally, there were many doctors in this courtyard. They would discuss and summarize the young city lord's condition in this courtyard every day. It's just that since Fairy Zhixi came, these doctors thought they were inferior and left. That's why this courtyard is so empty now."

In fact, Master Yuehua didn't say that all the doctors in this courtyard didn't intend to leave initially.

Although Fairy Zhixi was well-known, she was only a little girl in her early twenties. Many doctors had more experience than her. Originally, they wanted to discuss with Fairy Zhixi.

Who knows, this Fairy Zhixi's junior sister apprentice Ren Xueling was extremely arrogant and domineering. She laughed at all the doctors and said that they were overreaching themselves for staying here. They just wanted to wait until Fairy Zhixi treated the young city lord, then they would get some benefits.

Those old doctors who could be recruited by the city lord, which one of them was not prestigious and proud?

After being humiliated by Ren Xueling, who will live? Who is embarrassed to live? But this Ren Xueling is the daughter of the former city lord of Yongan City. He is so powerful in Yongan City that even the current city lord dare not discipline her. what.

Since those doctors suffered so much humiliation, they of course all left in indignation in the end.

Now this Mr. Xi is staying in, if he meets Ren Xueling, what will the result be?

Thinking of this, Master Yuehua couldn't help but frown.

Master Yuehua found a manservant to lead Hexi and the others to settle in a room while he himself went to the study room where the city lord's office was located to explain it to him.

It was just that Master Yuehua would never think that the thing he worried about happened right when the manservant brought Hexi and her party to their room. They met Ren Xueling in the courtyard.

Ren Xueling's swollen nose and swollen face were already much better under Fairy Zhixi's treatment than in the morning, but there was still a bulge on her forehead. Her left and right faces looked a little asymmetrical.

It will be Ren Xueling's time to run away this time...

Chapter 927: The World Is so Small

Originally, she suffered a grievance that she couldn't express. She hated the Mo Xiaotu who made her miserable and Hexi and others who rescued Mo Xiaotu halfway through.

Who knew that as soon as she returned to the yard, she saw this group of people and screamed immediately, "Why are you here?!"

The manservant who led Hexi and the others immediately bowed and said, "Reporting to Miss Ren, they were invited by Master Yuehua to treat the young city lord."

"What are you talking about?!" Ren Xueling was furious when she heard the words. "Isn't my senior sister already promised to help you in treating the young city lord? Why do you want to invite others? Are you looking down on my senior sister? You even invite a group of lowly citizens? Do you believe I will demolish your courtyard now?"

Mo Xiaotu said angrily, "You're really rude. Always yelling like a shrew. You even scold us as lowly citizens? You are the lowliest person. Go and demolish the courtyard if you dare! Do you believe I will beat you up?"

As she spoke, she waved the pair of chubby fists.

Ren Xueling still remembered the taste of Mo Xiaotu's fist, so she backed off a few steps hearing that. She said in a trembling tone, "This is in the city lord's mansion, you... how dare you!"

Mo Xiaotu clenched her fist and took a step forward, "Do you think I don't dare!?"

Ren Xueling remembered being beaten by this girl in the morning, and she suddenly screamed in fright. She slapped her maid beside her face and shouted hysterically, "Have you not seen how these people treat me? Why don't you tell the city lord hurriedly? If the city lord looks down on us, then senior sister and I will leave! If you still want my senior sister to treat your young city lord, then get them out of here now!"

The maid was originally assigned to serve her in the city lord's mansion, so she was always bullied by Ren Xueling.

At this time, she was slapped until she couldn't stand still; half of her face was swollen. However, thinking of the city lord's instructions, she did not dare to retort, She covered her face and said in a sobbing tone, "I will report to the city lord now."

As soon as the maid left, Ren Xueling's face turned pale as she saw Mo Xiaotu trying hard to hold back her smile.

She quickly held a magic weapon in her hand. As she was about to say a few ruthless words, she suddenly heard a man's voice behind her, "Xue Ling, so you are here, you are really hard to find."

When Ren Xueling heard the man's voice, she was overjoyed and quickly turned around and said, "Cousin, it's great that you are here!"

She said with a sobbing tone as if she had suffered endless grievances.

At the gate of the courtyard, a young man in his twenties appeared. He was handsome, but his figure was a little thin. He was dressed in a snow-white robe with a fan in his hand.

"What's the matter?" The man in a white robe shook his fan as if he was making a joke. "Could it be that in this Yongan City, there are still people who dare to make cousin suffer a grievance?"

Xueling rushed over and took his hand, pointing at Mo Xiaotu, Hexi and the others angrily, "Cousin, if you don't come here soon, Xueling will be bullied to death by these people. Look at my face. It was them who beat me up in the morning."

The man in a white robe looked at the wound on Xue Ling's face, and a hint of surprise appeared in his eyes.

The injury is real. My unruly cousin really didn't lie.

Even if more cousins come, they can't save you Ren Xueling...

Chapter 928: I Just Don't Believe I

He looked in the direction of Hexi and others. He saw that the men were handsome and the women were charming. Their cultivation wasn't not low either. Among them, the unparalleled handsome man in black made him a kind of horror. a feeling of. Obviously, they were not easy to mess with.

The man in a white robe put away the fan, slightly cupped his fist and smiled, "I'm Li Zhenyu, the sword-holding elder of the Yunlan Sect. My cousin Xueling has always been arrogant and self-willed, so please forgive her. "

"Yunlan Sect?" Shen Qingchuo repeated it in a slightly surprised voice. Seeing Hexi's inquiring gaze, she quickly stepped forward and explained, "Sister Xi Yue, Yunlan Sect is the sect of the Tian Gang Kingdom second only to Qingxia Sect. Although the strength and number of the Yunlan Sect can't be compared with Qingxia Sect, the relationship between the Yunlan Sect and the Doctors Association is very good. So, sometimes in the big competition in the Tian Gang Kingdom, they will get medicinal pills with strong effect from the Doctors Association to temporarily increase their combat power and win against our Qingxia Sect occasionally!"

When Shen Qingchuo said this, she couldn't help frowning angrily. Then she continued, "The sword-holding elder of the Yunlan Sect must at least be at the Gold Core Stage later stage, and the person must have extremely high attainments in swordsmanship. I'm... I'm not quite clear about Yunlan Sect, but it seems that they did have a new sword-holding elder a few years ago."

Hexi nodded, indicating that she understood.

But Li Zhenyu, who was dressed in white, couldn't get a reply after speaking. He couldn't help but straighten up and smiled, "May I know the reason for you guys to be at the Yongan City?"

"Cousin, why are you so polite to these bastards? They came to fight against my Senior Sister Zhixi!"

Ren Xueling's yelling made Li Zhenyu's expression slightly startled, then his eyes darkened a bit.

He raised his eyebrow and gently tapped his palm with the fan handle, "You guys are here to trouble Zhixi?"

The manservant who brought in Hexi and others hurriedly stepped forward and said, "Mr. Li, these doctors brought by Master Yuehua to treat the young city lord."

Before Li Zhenyu finished speaking, Ren Xueling said angrily, "With my senior sister, why do you need these insignificant doctors for? Is Master Yuehua looking down on my senior sister?"

The manservant suddenly sweated profusely on his forehead. He said quickly, "No... really not... Master Yuehua just hopes to increase the possibility of healing the young city lord."

This time, even Li Zhenyu's face was darkened. He squinted, "Zhixi's medical skills are well known by the entire Miluo Continent. Originally, as the lord of Yongan City, even with Divine Soul Jade as the reward, he might not be able to invite her. But now she is willing to treat Xiaotian. That is the blessing of Yongan City and also the blessing of Xiaotian. You recruited other doctors to come in, is it because you don't believe in Zhixi's medical skills?"

"No! Absolutely not! Fairy Zhixi's medical skills are superb and kindhearted, how can we doubt it. I... Master Yuehua is just..."

The sweat dripped from the manservant's forehead as he stuttered in his words.

Mo Xiaotu would just let people bully her, so she immediately stepped forward and said straightforwardly, "We just don't believe in that Fairy Zhixi! Because she hasn't cured people now! My master said that anything that hasn't happened yet, you can't be 100% sure of the result. Do you dare to say that the fairy sister can definitely cure the young city lord's illness?"

Nice one Little Rabbit. Now, will they shut up or this will end up in a fight?

Chapter 929: I'm Afraid Of Snakes

Li Zhenyu was taken aback for a moment. No one could guarantee things like this. If he said it would be cured, it would give people a subject for ridicule. His face looked unsightly right away.

The little girl in front really doesn't know how to speak properly.

Mo Xiaotu saw that he was speechless, thinking that she was good at eloquence. She showed a triumphant smile, "Our Brother Xi Yue's medical skills are also very good. Since we are all saving people and you said that sister fairy is kindhearted, why don't you let Brother Xi Yue treat the disease with her? Is it because she is afraid that she will lose face if Brother Xi Yue cures the patient, but she can't?"

Mo Xiaotu's words made Li Zhenyu's face immediately sullen, "Little girl, you can't talk nonsense. If you continue to speak so unscrupulously and slander Zhixi, I can only ask you all to leave here by force!"

"I... How am I talking nonsense?" Mo Xiaotu's eyes widened and her face was full of resentment. "Which sentence I said is not the truth? Why do you want to chase us out? What's more, we are invited by Master Yuehua. Who are you to chase us out!?"

"Hmph, seeing that you look like a decent human, I thought you were a good person. It turns out that you, like that ugly woman, are also a bad person who bullies others!"

Ren Xueling heard her calling herself an ugly monster again, then she remembered the beating and humiliation she had received in the morning. Suddenly, new hatred and old hatred surged in her mind. She screamed, "Cousin, why are you still talking with them? I will definitely teach them a lesson today!"

As she said, she flew up with a flying sword with ice crystals in her hand.

How could Mo Xiaotu be afraid of the loser Ren Xueling. Seeing the flying sword stabbed at her, she stretched out her hand and firmly grasped the sharp blade without any fancy move.

“It seems that I haven’t taught you enough lesson in the morning. Okay, then I will teach you how to not be a bad guy again!”

Mo Xiaotu held the blade and was about to lift Ren Xueling up and throw her out.

Suddenly, when her wrist was tightened. There was something strange wrapped around her wrist.

It was cool, slippery, covered with scales, and it was even creeping.

Mo Xiaotu pulled her wrist curiously and looked forward. When she saw clearly what was wrapped around her hand, she suddenly screamed, “Snake... it’s a snake!! Waaa... I’m afraid of snakes! Little Rabbit fears snake the most! Wuwuwu, Brother Xi Yue save me, Xiao Chi save me——!!!”

It turned out that the head of a snake was wrapped around Mo Xiaotu’s hand. At this moment, the triangular head of the snake was raised high, breathing out snake breathe at Mo Xiaotu. The pair of small eyes emitted a dark light.

The body of the snake was extremely long, but the other end was held in Li Zhenyu’s hand. The silver snake tail was still coiled several times on his arm.

Li Zhenyu was gently stroking the body of the snake at this time, saying coldly, “Girl, I see that you are young, so I won’t trouble you. If you apologize to Zhixi and Xueling right now, I will spare you. Otherwise, if you are bitten by the golden ring silver-tailed snake, even if you have high cultivation, you will only die of poison!”

Ren Xueling saw that Mo Xiaotu’s jumping and crying, and she suddenly felt very relieved.

She clapped her hands and laughed and said, “Cousin is still amazing. Are you very arrogant?. Cousin, let this snake bite her, hurry up! This bitch said in the morning that senior sister did not look good. She even slandered senior sister as a bad guy for indulging my arrogance. Cousin, you must not let her go!”

I hope they have already chosen their coffin and the place to bury themselves...

Chapter 930: Try It Yourself

The snake head that was originally wrapped around Mo Xiaotu’s arm immediately sprang up and rushed toward Mo Xiaotu’s neck fiercely.

“Ahhhh—! Help me—!!”

Mo Xiaotu let out a scream and closed her eyes while crying.

However, after waiting for a long time, the horrible, cold and slippery pain expected did not come.

Mo Xiaotu opened her eyes cautiously. She saw that the snake that had just pounced on her had already been rolling on the ground in pain.

Moreover, as the snake was rolling, half of its body seemed to have been corroded by something and broke apart.

Li Zhenyu grabbed the remaining half of the snake’s tail in his hand and looked down at the broken golden ring silver-tailed snake with shock.

He glanced around finally set his gaze on Hexi. He sounded afraid, "Who are you exactly?"

Although my golden ring silver-tailed snake is not strong in attack, it is a rank four magical beast. This golden ring silver-tailed snake is even refined with special medicines. Even high-level magic weapons may not be able to cut it off. Now, this young man can simply cut it off with a wave of his hand?

Hexi smiled slightly and threw a glance at Xiao Chi.

Xiao Chi rushed out excitedly, grabbed the broken snake head, and ran toward Hexi while dragging it.

Mo Xiaotu, who had just been frightened, finally recovered from the shock at this time. As she saw Xiao Chi, she pounced on him and cried out immediately, "Wuuu, I'm most afraid of snake; I hate it! I hate it!"

Xiao Chi was stunned by being hugged by Mo Xiaotu.

It took a long time before he pushed her away, then he eagerly dragged the snake to Hexi's side and handed it to her.

The pair of purple eyes were shining as if they were eager for praise and affirmation. Together with his handsome face, he looked particularly cute.

Hexi reached out and touched his head, took the snake, and whispered, "Xiao Chi, good boy!"

After speaking, Hexi looked at Li Zhenyu ahead, and her voice suddenly turned cold, "Elder Li is really so bold and capable; you actually use a vicious golden ring silver-tailed snake to deal with a little girl."

Li Zhenyu frowned and said, "You killed silver tail just now? How did you do it?"

The smile on the corner of Hexi's mouth became colder. She suddenly pinched the head of the golden ring silver tail snake and squeezed it hard. Suddenly, the venom of the venomous cyst was slowly squeezed out by her.

At this moment, Li Zhenyu finally showed a look of astonishment in his eyes.

He watched Hexi caught the drop of venom with her hand. That... that is the venom of the golden ring silver-tailed snake. If it touches the skin, it will burn and corrode; even magic weapon will be corroded. This young man actually catches it with his hand.

After Hexi caught the drop of venom, she smiled slightly and said, "Since you like to use poison so much, why not try the poison you use?"

After speaking, the venom in her hand suddenly scattered, flying toward Ren Xueling and Li Zhenyu.
