

King of Hell 931

Chapter 931: What Is His Name?

Zhuge Xiaotian's talent was much better than that of Zhuge Feng. He broke through the Meridians Stage when he was only in his early twenties. Now, in just a few years, he was already at the peak of the Meridians Stage before 30 years old.

If his son could reach the Gold Core Stage before the age of 40, his future prospects would far surpass him.

But suddenly one day, when his son came back from a secret realm, he suddenly fell ill with a strange disease. From then on, not to mention the improvement of his cultivation base, even living a normal life had become an extravagant hope.

During this period of time, Zhuge Feng tried his best to treat his son; he even invited one of the elders of the Doctors Association, but in the end, everyone was helpless.

But fortunately, now Fairy Zhixi was here. After seeing Zhuge Xiaotian's condition, Fairy Zhixi said that it could be cured, which made Zhuge Feng's anxiety mood improved a bit over the past few days.

At this moment, he heard the report from his subordinate that Master Yuehua was requesting to see him.

As soon as Master Yuehua saw Zhuge Feng, he explained his intentions, "Brother Zhuge, I hired a doctor who applied for the recruitment order in the west market today."

As soon as this statement came out, Zhuge Feng was taken aback. If Master Yuehua said this a few days ago, he would definitely ask him with joy. After all, more doctors meant more hopes to cure it.

But now...

Zhuge Feng frowned and said, "Brother Yuehua, you also know that Fairy Zhixi has a way to cure Xiaotian now. If we still hire a doctor and annoy Fairy Zhixi which makes her refuse to treat Xiaotian, what should we do then?"

Master Yuehua nodded when he heard the words, "I originally thought so. But when I met this person, he pointed out the fact that I have not been able to pill refining for many years."

"What?" Zhuge Feng asked in surprise, "Could it be that he has heard about you?"

Master Yuehua smiled bitterly, "Brother Zhuge, you know my situation. Ever since I have that strange disease, I have been staying at home. Everyone thought I was ill. Only your closest brothers know about my true situation. I never believe that you will reveal my illness, not to mention the doctor who treated me."

"Moreover, this doctor didn't even check my body with spiritual power. He just looked at my face and told the fact that I can't pill refining and condense my spiritual power into spiritual fire. "

Zhuge Feng was really surprised at this moment. He said in disbelief, "This person is really so good? Then what is his doctor grade? Who is he from? Is it better than Fairy Zhixi?"

Master Yuehua shook his head and said, "He doesn't have a doctor grade, and he didn't tell his history."

Zhugefeng's face suddenly showed disappointment. He shook his head and said, "He doesn't even have a doctor grade; he must be here to fool me. Brother Yuehua, if he can guess your condition, he must have used some kind of petty tricks. It's better to get rid of him quickly!"

Master Yuehua showed a sly smile and slowly said, "Although he does not have a doctor grade, if I say his name, I believe Brother Zhuge will know him."

"Oh? What's his name?"

Master Yuehua smiled and slowly uttered 2 words, "Xi Yue!"

If Zhixi cares about her reputation, she won't give up treating just because they hire another doctor. "If" though...

Chapter 932: Got into a Fight

Master Yuehua nodded without hesitation, "It's him."

Zhuge Feng was stunned for a while. For ordinary martial artists, the name Xi Yue might not be very famous.

But for martial artists engaged in pill refining and physicians, and for Zhuge Feng, who was eagerly looking for medical help, Xi Yue, who had just risen in the past 6 months, had long been known by him.

When his son was in the worst condition, Zhuge Feng even sent someone to Yanjing City to inquire about this Miracle Healer Xi, Xi Yue.

Because he heard people say that this Miracle Healer Xi connected the broken tendons of Ouyang Haoxuan; he even used unprecedented medical skills.

This gave him a glimmer of hope for his son's illness.

He asked people to inquire about Yanjing City for several days, but he could not find the so-called Miracle Healer Xi at all. Later he learned that this Miracle Healer Xi went to Breaking Spirit Mountain to participate in the Big Hunting Match.

But now, this Miracle Healer Xi actually came to visit by himself, how could this not make Zhuge Feng excited and nervous.

But thinking of Fairy Zhixi, who was already preparing to treat his son, Zhuge Feng felt a little worried.

If I let Xi Yue treat Xiaotian, will I annoy Fairy Zhixi?

But when he thought of his son's strange illness, even the elders of the Doctors Association couldn't help it. If so, what if Fairy Zhixi couldn't cure it? Xi Yue was his only hope.

Thinking of this, Zhuge Feng immediately made up his mind, grabbing Master Yuehua's wrist and saying in a solemn voice, "Brother Yuehua, please take me to see Miracle Healer Xi. I will ask him to treat my son's disease in person..."

Before Zhuge Feng's words were finished, a sudden rush of footsteps came from outside the door.

A manservant opened the door vigorously and said anxiously, "The maid of Lanxiang Courtyard came to report that Miss Ren Xueling had quarreled with the new doctor. Miss Ren even said that she wants to chase everyone out, otherwise she and Fairy Zhixi will leave."

"What did you say?" Zhuge Feng's expression changed drastically, "And you all didn't intervene?"

This is Fairy Zhixi and Xi Yue. If either of them is gone, my son will lose a hope of survival.

The manservant wiped the sweat from his face and whispered, "City lord, things are more than that. Later, even Elder Li was involved. Now... now the 2 sides have started fighting!"

"Damn-!" Zhuge Feng roared and greeted Master Yuehua quickly, "Go, let's go and see!"

===

In Lanxiang Courtyard, the venom of the golden ring silver-tailed snake flew out.

Li Zhenyu cast a defensive golden shield almost without even thinking, blocking the snake fluid that was launched at him.

It was just that as the snake venom touched the golden shield, the golden shield shook violently. The rich spiritual power on it was corroded completely in the blink of an eye.

It wasn't until a small hole was corroded on the golden shield that the venom completely disappeared.

Li Zhenyu breathed a sigh of relief, but he heard a scream from Ren Xueling beside him.

Li Zhenyu could use a golden shield to block the venom of the golden ring silver-tailed snake, but Ren Xueling did not have such a good defensive magic weapon.

She shook off a veil to resist the venom. Although she was safe for a moment, the venom still splashed on Ren Xueling's hand in the end.

Aww, not on her face?

Chapter 933: Who Did It

"Cousin!" Li Zhenyu exclaimed and rushed to Ren Xueling's side. He saw that a small hole was corroded on her.

A faint black gas was spreading from the bloody wound. If the poison spread throughout her body, she would be killed on the spot.

Li Zhenyu immediately glared at Hexi, "How can you be so insidious?! If anything happens to my cousin, I will never let you go!"

Hexi sneered and said, "This snake belongs to you, and the snake venom is also yours. I use your thing to deal with you, is it considered insidious? Then what are you?"

Ren Xueling felt a tingling pain on the back of her hand, and she screamed in fear, "Cousin, save me... Save me! Give me the cure, I don't want to die!"

Li Zhenyu's face became pale. When he left Yunlan Sect, he did have the antidote for the golden ring silver-tailed snake with him.

It was just that he met Lu Zhixi on the road 2 days ago, and Lu Zhixi wanted to study the venom of the golden ring silver-tailed snake. He naturally gave the snake and the antidote to Lu Zhixi without hesitation.

Lu Zhixi returned the golden ring silver-tailed snake after studying, but she didn't return the antidote to him. For the snake breeder, not having the antidote was extremely dangerous. However, as long as it was Lu Zhixi's request, Li Zhenyu agreed without thinking about it.

But now, how could the poison on Ren Xueling's body be cured?

Just as Li Zhenyu was anxious and Ren Xueling was panicking, a gentle but slightly cold voice of a woman came from outside the courtyard, "Xueling, what happened?"

"Senior Sister! Senior Sister, help me!" Ren Xueling looked up and saw Lu Zhixi outside the courtyard, and she immediately burst into tears. "These people poisoned me with the venom of the golden ring silver-tailed snake. Senior Sister, please save me!"

"What? Golden ring Silver-tailed snake?" Lu Zhixi's originally cold face showed a shocked expression.

She glanced at Hexi and Nangong Yu and the others, then hurriedly squatted down beside Ren Xueling.

When Ren Xueling saw her coming, she seemed to see her life-saving straw. She cried out, "Senior Sister, you are so powerful. You will definitely be able to detoxify the venom of the golden ring silver-tailed snake right? Wuwuwu, I don't want to die!"

Lu Zhixi said softly, "Don't worry, I'll check it for you."

As she said, the pure water spiritual power of her body mixed with the vital wind spiritual power sank into Ren Xueling's body and slowly wandered through her body.

Hexi saw the light green mixed in the dark blue in Lu Zhixi's spiritual power, and she couldn't help raising her eyebrow in surprise.

Nangong Yu whispered in her ear, "Wind spiritual power is a variant spiritual root of wood spiritual power. Pure wind element spiritual root will also have the same vitality as wood spiritual root, but it is far inferior to wood spiritual root. But even this kind of pure wind spiritual power attribute spiritual root is not common in Miluo Continent, Lu Zhixi is very rare to have this kind of spiritual root."

Hexi nodded, remembering the rumor that anyone who had a wood spiritual root would be forcibly taken away by the Doctors Association. She raised her brow with interest.

Lu Zhixi quickly checked the condition of Ren Xueling. When she retracted her spiritual power, her face had become extremely solemn like frost.

She took out a medicinal pill for Ren Xueling to swallow, then she turned around to look at Hexi and the others and said coldly, "Who did this to Xueling?"

Could it be that the cure is finished in Lu Zhixi's hand?

Chapter 934: Isn't this a Fool

As he said, he pointed at Hexi and said coldly, "He is the one who hurt Xueling! This young boy is so young but so vicious. He not only ruined my golden ring silver-tailed snake, but he also squeezed the venom from the snake's teeth to attack us, obviously wanting to kill us."

Lu Zhixi frowned and looked at Hexi, then she glanced at Nangong Yu next to her. She slowly said, "Mister, my junior sister apprentice had already apologized for what happened this morning. Time has changed; we should forget past grievance, why is mister so narrow-minded that you still refuse to let go of my junior sister apprentice. Even... you even used poison on my junior sister apprentice. Doesn't mister think that you are too vicious?"

"Nonsense!" Mo Xiaotu said without waiting for Hexi to speak. She said angrily with red eyes, "It's obviously this bad guy in white clothes who let the snake bit me. Brother Xi Yue fought back to save me! Why did you say that Brother Xi Yue is narrow-minded; you are the narrow-minded one who can't tell right from wrong! Even if you look pretty, I won't like you anymore! What's more, you don't look as good as Brother Xi Yue!"

"Brother Xi Yue?" Lu Zhixi frowned when she heard Mo Xiaotu's words, but then she suddenly widened his eyes, showing a shocked expression, "You're... Xi Yue from the Yanjing City?!"

Hexi looked at her with a half-smile, "So what if I am?"

This 16 years old boy, who has snow-white skin and an appearance that is prettier than me, is the well-known Young Miracle Healer Xi Yue in Yanjing City!

Maybe Xi Yue's reputation in Tian Gang Kingdom Yongan City was not particularly well known, so very few people knew about her.

However, Lu Zhixi was the daughter of the president of the Doctors Association. How could she not know how terrifying Xi Yue was?

It was this young boy who appeared out of nowhere and became famous with his ungraded doctor identity. He could actually refine the best quality pills and supply them to Qingxia Sect continuously, which caused a crisis in the monopoly of the medicinal pills by the Doctors Association.

Lu Zhixi took a deep breath and frowned at Hexi, "Miracle Healer Xi, I have heard of your big name for a long time."

But immediately, she changed the thread of discussion and revealed a questioning look, "Since you are Miracle Healer Xi Yue, then you have to be benevolence as a doctor. Medical skills are used to save people instead of harming people. Mister took advantage of your advance medical skills to use sinister mean on my junior sister, don't you feel that you have completely violated the way of the doctor?"

Hexi sneered and said, "According to Fairy Zhixi, being attacked by others with poison, not only I can't use medical skills to protect myself, but I still have to compliment the attacker? Fairy Zhixi is really a saint. I hope that next time someone slaps your left cheek, you will let him slap your right cheek as well."

As soon as Hexi said this, Mo Xiaotu suddenly laughed out loud, "Being slapped on the left cheek and still letting people slap the right cheek? Isn't this a fool?"

Lu Zhixi's face flushed suddenly. She glanced at Nangong Yu, and she noticed that he was looking at the young man with a gentle smile in his eyes.

She suddenly remembered that when she was traveling in Cang Ming Kingdom, she heard someone said that King of Hell, Nangong Yu, abandoned Feng Lianying; it was even because of a handsome young man. It was rumored that Nangong Yu liked man.

Chapter 935: Fight Poison with Poison

But now, seeing him looking at Xi Yue with such a gentle gaze, but he didn't even turn to glance at her for once, there was a burst of indescribable unwillingness in her mind.

As Lu Zhixi thought, a cold murderous intent exuded from her face. She looked coldly at Hexi, "Mr. Xi, I just hope that you will be kind and don't be ruthless, why do you misunderstand what I mean? Even my junior sister did wrong, she doesn't deserve death. Does Miracle Healer Xi still feel what you did is completely correct?"

Mo Xiaotu jumped up and said, "You ask Brother Xi Yue not to be ruthless to this ugly monster, but they wanted to kill me with a poisonous snake just now! Why don't you reprimand them!?"

Hexi stopped Mo Xiaotu and smiled, "Fairy Zhixi, since when I am ruthless to your junior sister apprentice?"

The murderous intent exuded by Lu Zhixi was even more intense, "You know how strong the venom of the golden ring silver tail snake is, but you still use this venom to attack my junior sister apprentice. Isn't this ruthless..."

Before Lu Zhixi had finished speaking, she suddenly heard Ren Xueling screaming and shouting, "It's so itchy! So Itchy! Sister, I'm very itchy!"

As soon as Lu Zhixi turned her head, she saw Ren Xueling scratching her arms until her skin was bloody.

She was shocked, then she quickly squatted down and used spiritual power to explore again. The more she explored, the more shocked she was, "This...what's going on?"

I have obviously let Ren Xueling take the antidote for the golden ring silver-tailed snake, but now she is not cured. On the contrary, it seems that some kind of toxin is continuously spreading in her body.

Just when Lu Zhixi was shocked, he heard Hexi's clear voice behind her, "What I used to attack them was not the venom of the golden ring silver-tailed snake at all. It was just ordinary sulphuric acid water that burned the skin, and some anesthetic was added to it. For martial artists, they can quickly recover by channeling spiritual power."

"But I did not expect that Fairy Zhixi would give your junior sister apprentice the antidote to the golden ring silver-tailed snake without checking it. The antidote to snake venom is usually to fight poison with poison. Since your junior sister apprentice isn't poisoned, then she is really poisoned now."

Lu Zhixi stood up abruptly, staring at Hexi in disbelief with her hands trembling slightly.

Ren Xueling cried out after hearing Hexi's words, "Senior Sister, save me! Save me! I don't want to be poisoned to death!"

Lu Zhixi frowned fiercely when she heard that. She squatted down, took a snow-white pill from her arm and let Ren Xueling swallow it.

As soon as Ren Xueling saw the pill, she shouted with her eyes brightened up, "It's Jiuqu Lingshen Pill, great! My poison can definitely be cured. Thank you, senior sister!"

As she said, she swallowed the medicinal pill in one gulp. Almost the moment the medicinal pills entered her abdomen, she felt a warm spring-like current flowing through the meridians throughout her body. The original itchiness and discomfort disappeared in an instant.

At the moment Ren Xueling swallowed the medicinal pill, Xiao Chi couldn't help but raised his head abruptly. His body was trembling slightly, and he got close to Hexi.

Hexi hurriedly hugged him, gently stroke his long soft black hair and said softly, "Xiao Chi, don't be afraid, sister will protect you and never let anyone hurt you again."

This Fairy Zhixi is really full of bullsh*t

Chapter 936: How Could She be Compared?

Nangong Yu frowned and looked at Xiao Chi, who was nestled in Hexi's arms, with annoyance. He wanted to kick this guy out, but he managed to endure it.

Lu Zhixi turned her head and saw that Nangong Yu was looking at Hexi with a frown. With a move of his mind, she took a deep breath and took a step forward, "Miracle Healer Xi's technique in poison is really amazing; I'm willing to admit defeat."

"It's just that what I'm good at is curing diseases and saving people, so I didn't study too much with poisons. Today, I almost killed my junior sister apprentice. However, since Miracle Healer Xi was watching from the side, why didn't you remind me and watched my junior sister apprentice taking the poison? If I don't have Jiuqu Lingshen Pill with me, wouldn't Miracle Healer Xi become a murderer?"

Hexi couldn't help laughing when she heard this. She pushed Xiao Chi away, raised her eyebrows and smiled, "Who told you that I cure the venom of the golden ring silver-tailed snake?"

Lu Zhixi was startled. Her face looked even more ugly. Such an arrogant and vicious young man, why will Nangong Yu only look at him?

She concluded that this Royal Highness King of Hell was just a normal person who judged people by appearance.

But even though she thought so, the depression in her heart still couldn't be relieved.

Li Zhenyu had been holding back for a long time on the side. At this moment, seeing Lu Zhixi being so humiliated by Hexi, he couldn't help but furious. He said with a gloomy face, "You guys get out of Yongan City right away; you are not welcome here!"

As soon as he spoke, hurried footsteps coming from outside the yard.

Soon, Lord Zhuge Feng and Master Yuehua rushed over.

As soon as Ren Xueling saw Zhuge Feng, she immediately screamed, "Uncle Zhuge, why did you invite this group of peasants to treat Brother Xiaotian? Don't you believe in my senior sister's medical skills?! Since you don't believe in my senior sister, then we will go immediately!"

Zhuge Feng's face flushed red immediately. He quickly dissuaded her, "This must be a misunderstanding. Fairy Zhixi, Miracle Healer Xi, both of you are famous miracle healers in the world. It is a great blessing for my child to be treated by both of you. "

Li Zhenyu sneered, "City Lord Zhuge, that Xi Yue is just an underage young man who doesn't even have a doctor rank. You actually compare him with Zhixi? Are you looking down on Zhixi and the Doctors Association?"

"Why would I do that? How dare I look down on the Doctors Association!?" Zhuge Feng said quickly, "Who does not know the name of Fairy Zhixi... It's just that my son's disease is really strange. If more doctors can treat him, there will be more hope to treat him naturally. I also hope that Young Master Li will appreciate my love for my son!"

Ren Xueling furiously said, "My senior sister has said that she can cure Xiaotian's illness. Now you have invited other people, and you dare to say that you don't look down on my senior sister!? Senior sister, we kindly come to treat people, but we are being treated like this. What are we still doing here? We will leave now!"

As Ren Xueling said, she wanted to pull Lu Zhixi away.

However, after a few steps, Lu Zhixi couldn't help turning around and looking at Hexi and Nangong Yu and said suddenly, "Mr. Xi, have you heard of Young Master Zhuge's illness; have you diagnosed him before? "

Hexi shook her head, "No."

Lu Zhixi raised her eyebrows slightly, "Mr. Xi has never seen the patient and you don't even understand the condition of Young Master Zhuge, then you think that you are capable of curing the patient?"

Don't let this become a competition Fairy Zhixi, you will only put shame on yourself...

Chapter 937: Who Will Win?

Lu Zhixi sighed softly. She shrugged off Ren Xueling and said, "Junior sister apprentice, I will stay."

"Why?!" Ren Xueling yelled in surprise, "Senior sister, they did this to you; they don't believe in your medical skills at all..."

Lu Zhixi shook her head with a shallow smile on his face. The smile seemed to have a holy aura, "I'm a doctor, and I'm naturally responsible for my patients. Mr. Xi hasn't even seen the patient, nor does he know if he can heal Young Master Zhuge's disease. What if he can't? If I leave and the doctors at Lanxiang Courtyard have all gone. If Mr. Xi can't cure the illness, he at most can't get the Divine Soul Jade, but the young master will continue to suffer from illness."

“As a doctor, how can I abandon my patients? So, regardless of whether City Lord Zhuge believes in me or not, how Mr. Xi humiliates me, I must stay.”

Lu Zhixi’s words moved City Lord Zhuge and Master Yuehua present; they showed admiration to her.

Li Zhenyu’s gaze looking at Lu Zhixi was full of enthusiasm and love, but when Lu Zhixi turned around, he immediately lowered his eyes to cover it.

Such a kind, holy, and noble Zhixi was not a man like him could covet.

Lu Zhixi smiled slightly and looked at Hexi and said, “Mr. Xi, you don’t mind if I stay and continue to treat Shao Zhuge right?”

Hexi said, “Of course not.”

Lu Zhixi glanced at Nangong Yu, but it happened to meet his eyes.

The pair of starry eyes were gleaming; that unparalleled handsome face seemed to be hidden behind a mist, making people ignore and forget about him. However, when facing his face directly, it could bring a monstrous impact. Lu Zhixi’s heart was throbbing.

On the street, although she knew that the man in front of her was King of Hell Nangong Yu, whether she saw it with her own eyes or she saw him in the recording talisman, he was always in such a magnificent appearance.

However, she never realized that Nangong Yu was so perfect, so... touching.

Lu Zhixi quickly lowered her eyes, concealed her heartbeat, and continued to speak to Hexi, “Is Mr. Xi going to see the situation of Young Master Zhuge now?”

Hexi looked at her slightly flushed face and her expression looking at Nangong Yu from time to time, and she sneered slightly, “No need. Since I come later, I will let Fairy Zhixi to treat the young city lord first. I will check the young city lord’s condition in 2 days.”

Lu Zhixi’s heart moved. There was a faint arrogant expression on her face. She said, “In that case, I will treat Young Master Zhuge again 2 days later. I need to prepare some elixirs. City Lord Zhuge, the morning 2 days later, can you transfer the young city lord to this Lanxiang Courtyard?”

“Yes, of course!” Zhuge Feng was spirited as he nodded again and again.

He believed that as long as Fairy Zhixi and Xi Yue were there, his son’s illness would definitely be cured.

Looking at this scene, Bai Hu couldn’t help but hit Gu Liufeng with his elbow and said with a smile, “Is this Fairy Zhixi trying to compete with our young master in medical skills? Brother Gu, should we make a bet? Who do you think will win in the end?”

Gu Liufeng smiled leisurely, “Certainly, I will bet Xi Yue to win.”

Is this Fairy Zhixi good in medical skills or she is just pretending?

Chapter 938: Let’s Be

Who else understood Xi Yue's medical skills better than them? Let alone Lu Zhixi, even if Lu Zhixi's father, the president, came, he might not be able to win against Xi Yue in the technique of healing and poisoning.

Bai Hu couldn't help but lower his face and whisper, "Then how can we bet? I also want to bet on the princess!"

Gu Liufeng's peach blossom eyes gleamed. Suddenly, a very gentle smile appeared on his mouth, "Since we can't bet, it's better to find someone else."

Bai Hu was taken aback, "You mean..."

Bai Hu's eyes lit up looking at Shanggu Liufeng's meaningful eyes. He excitedly patted his shoulder, "This is a good idea. You really deserve to be the one who manages Shengde Hall! Hehe, let's discuss how to spread the news and how to start the bet in such a short time..."

The 2 hit it off, and they immediately went to the side and whispered.

On the opposite side, Lu Zhixi slightly bowed toward Hexi and Nangong Yu, then she turned and walked toward her room.

This Lanxiang Courtyard was very large; the distance between the east and west wing rooms was at least 10 minutes, so they wouldn't disturb each other.

Ren Xueling and Li Zhenyu saw that Lu Zhixi had gone, they both gave Hexi a cold stare and left as well.

On the way back, Ren Xueling was still angry and unwilling. She grasped her fist and said hatefully, "These damn people are really too much. Senior Sister is just too kind that she is being bullied like this."

Li Zhenyu's eyes flickered with a cold light. He sneered, "You wait, as long as Xi Yue loses the day after tomorrow, I will let them know what it means to be ruined and fall into the abyss. They actually dare to humiliate Zhixi, I will make them pay a painful price!"

"Cousin, you have a way?" Ren Xueling's eyes lit up when she heard this. She jumped up excitedly, "Tell me! Tell me!"

Li Zhenyu hurriedly made a silent gesture and lowered his voice, "Zhixi is kind-hearted. If she knows what we are doing, she will definitely stop us, but I can see that she can't get over the humiliation, so you should keep your voice down. We will do it by ourselves. Even if Zhixi wants to blame later, I will shoulder the responsibility!"

Ren Xueling nodded repeatedly, "Cousin, don't worry, I will never let senior sister know!"

The 2 who were just talking in low voices did not notice that Lu Zhixi who was walking in front was suddenly moved slightly, then she continued to walk forward casually.

===

In the early morning of the next day, a hot news began to spread in Yongan City.

"Have you heard of it? Someone dared to provoke Fairy Zhixi's authority, saying that she definitely can't cure the young city lord's illness; they even humiliated Fairy Zhixi."

“What!? Someone dared to humiliate Fairy Zhixi? Who on earth is so bold?”

“I heard that it was a kid from the Jin Ling Kingdom. Relying on his little knowledge of some medical skills, he didn’t put Fairy Zhixi in his eyes. I heard that in the city lord’s mansion, he still wanted to kill Fairy Zhixi’s junior sister apprentice. Fairy Zhixi has a temperament, but she was also annoyed by this kid. That’s why she proposed to have a medical skills competition with this kid in the Lanxiang Courtyard to treat the young city lord’s disease tomorrow?”

“Jin Ling Kingdom? Isn’t it just a small country that doesn’t even have a big sect? They actually dare to be arrogant in our Tian Gang Kingdom? Is this kid tired of living?”

Lu Zhixi must have heard their conversation, but she didn’t stop them... Hmm, very sus☹

Chapter 939: The Odds Of 1:130

“Fairy Zhixi is so kind to even have a competition with him. I heard that the kid doesn’t even have a doctor grade. He provoked Fairy Zhixi in order to get famous using Fairy Zhixi’s reputation! We should just beat up this quack and chase him out of the city!

“What? He dares to compete with Fairy Zhixi without a doctor grade? Is this guy tired of living? If this kid loses to Fairy Zhixi, will he be punished?”

“Ugh, that’s why Fairy Zhixi is kind and tolerant. She doesn’t even mean to blame such a vicious and rude kid. The 2 are just having a competition. The kid doesn’t have to be punished whether he wins or loses. Even if he loses, this kid will also be famous by the name of Fairy Zhixi.”

“What!? Isn’t that kid taking all the advantage? No way! I’m going to find someone to find out their whereabouts and let people wait outside the city lord’s mansion. As long as this kid loses, I must let people teach him a lesson badly.”

“Yes, since he dared to be disrespectful to Fairy Zhixi, we must teach him a lesson!”

For a time, similar news became a hot topic in the streets of Yongan City.

All the people were talking about the competition between Fairy Zhixi and the kid from the Jin Ling Kingdom to see who could cure the strange disease of the young city lord.

As for the unfamiliar name Xi Yue, they cursed the name badly in the past few days. They had been thinking about how to teach him a lesson when he loses.

Even some medicine shop shopkeepers who had heard of Xi Yue’s name did not believe that Xi Yue could beat Fairy Zhixi at all.

Sitting in the teahouse and listening to the rumors of the people below, Gu Liufeng couldn’t help showing a cold and evil expression after hearing them scolding Xi Yue rudely. “They only heard about the rumors, but they actually describe Xi Yue with such vicious words. Damn it!”

Bai Hu sneered disapprovingly, “Isn’t it good? The less they believe that our young master can win, the more benefits we can get from it. When they lose even their pants, just watch how they cry.”

The two looked at each other and smiled, both showing a gloomy expression on their faces.

After the time of an incense, the 2 came to the gambling house and found a guy at the gambling house to chat casually.

When the guy from the gambling house ran into the house, there was already excitement on his face.

In the afternoon, the gambling house listed a bet for the competition in medical skills between Fairy Zhixi and Jin Ling Kingdom's Xi Yue.

When the people who were originally filled with outrage heard that the gambling house had opened a bet for them, they immediately rushed over to bet.

In order to show their support for Fairy Zhixi, many people even bet all their assets on her.

After Li Zhenyu and Xueling got the news that the gambling house had opened a bet, they also bet all their crystal stones and even a few expensive magic weapons.

In just a few hours, the original odds of 1:1 suddenly rose to 1:130.

Everyone had to pay a certain processing fee to bet. Although this fee was only a small amount of crystal stone, the people betting this time were just too many!

In just a few hours, before the evening, the gambling house made a huge profit; the owner of the gambling house happily praised the manservant.

too easy for Hexi

Chapter 940: The Light of Hope

As for Bai Hu and Gu Liufeng, they had secretly bet all their crystal stones, magic weapons and medicinal pills that they didn't use on Hexi.

When they went to bet, the gambling house owner looked at them like they were idiots who came to giveaway money.

After the bet started, although some people bet some crystal stones on Xi Yue's side with the idea of looking for opportunities, they mostly bet just a few hundred or a few thousand crystal stones to try their luck. Who would be so stupid like these 2 to bet tens of millions of crystal stone?

Wasn't this an idiot?

As for whether they were idiots or not, Gu Liufeng and Bai Hu both had sinister smiles on their faces. The gambling house owner will know the results by tomorrow morning.

===

In a wing room in Yongan City, Master Yuehua was sitting in front of the furnace with a hesitation on his face.

After the plague, he cured the people of Yongan City and saved thousands of martial artists in the Cang Ming Kingdom, but he suffered from this strange disease because of his experimental medicine.

No one knew how obsessed he was with medical skills and how much he wanted to be a pill refiner.

However, since the plague more than 10 years ago, he had lost the ability of pill refining; he would never be able to advance in the path of doctor.

During this period, Master Yuehua secretly searched for countless ways, hoping to cure his strange disease, but he never did so.

Originally, he was almost desperate.

Master Yuehua looked down at the pill in his hand and swallowed the pill with determination.

As soon as the pill entered his body, he felt a warm current sweeping over his body. When it gathered at his dantian, it jumped slightly as if to appease the injuries in his dantian.

The next moment, Master Yuehua opened his eyes abruptly, and the spiritual power ran out from his dantian, condensed to his right hand, and finally burst into flames.

“Ahh—!!” Master Yuehua looked at the spark in his hand with shock and disbelief.

I, I can actually condense spiritual fire again!

Does this mean I can refine pill again?

Master Yuehua trembled with excitement. He staggered over and took out various herbs from the jade shelf and poured them into the pill furnace.

Soon, spiritual fire was also injected into his dantian.

Master Yuehua only felt that his heart was beating violently. He was ecstatic while panicking, for fear that this wasn't real but just a dream for him.

An entire hour passed, a faint light radiated from the pill furnace.

Master Yuehua tremblingly lifted the top cover of the pill furnace. When he saw the round and shiny medicinal pills inside, he couldn't help it anymore; 2 lines of tears streamed down from his eyes.

How many years has it been! How many years!?! I have already given up all hope initially, but now, I can actually refine pill again!

With trembling fingers, he put the medicinal pill into his mouth. The excitement and sentiment on Master Yuehua's face suddenly turned into surprise.

Why I somehow feel that this second grade spiritual healing pill is much richer and purer than the spiritual power I refined 10 years ago?

No, it should be said that this second grade spirit healing pill is of higher quality and grade than the upper grade spirit healing pill sold on the market.

It's like... right! Just like those upper grade spirit healing pills sold by Qingxia Sect and Shengde Hall.

Master Yuehua held the remaining medicinal pills while his body was trembling; his eyes shone with hope.

He felt that after he finished refining this furnace of medicinal pills, his dantian had recovered that kind of disorganized state. He could no longer condense the spiritual fire.
