

A mistake

When Manik is sitting in balcony as Nandini is sleeping peaceful he want to cuddle her sleep but he is not sure of his hormones, he already took her

twice today he don't want to stress her body, so he sat in balcony looking at water and moon light.

It's very peaceful here, not only the nature but Nandini presence is making him more peaceful, it's been just three full moon days she became so close to his heart, her giggles smiles pout her so fragile skin same time her wild cat nature at bed he is totally into her

Manik when thinking about her, he heard a small sound in bushes he stood up what he saw made him frown, he waited more to confirm, when his doubt confirmed Manik went to Nandini li ed and took her to next room she woke up and about to ask he palmed her mouth made her stand "shhhhhh Wait" He signalled

He went back to her room and kept pillows in shape of Nandini covered it with bedsheet and came back to Nandini stood silent watching the widow. As he expected the lady who is at bushes came to balcony hold the tree branches she slowly walked to bed and with all force pierced knife as its only pillow she astonished and was about to turn Manik stood in front of her

The lady is beyond shock she started to Panick, Manik smirked he sat on the bed the lady kneel down head bent down

"So Latha sent you to kill the lady here?"

She is silent

"Good you want to kill her so..... what punishment should I give you?"

"Kill me yuvaraj"

"I will..... do you think you won't get that?????"

She is scared to hell now

"Before that tell me total truth"

"Yuvaraj!!!!!! Your badi wife provoked yuvarani latha, saying you will give her son as she is childless now, and the child carries lower class blood for whom yuvarani must be mother hating this fact she sent me back of you I came and waited till you sleep but my bad luck I am here"

Manik smirked "so I have all my wives cunning"

She didn't speak

"Do one thing go and kill Latha"

Nandini who was still standing at window too got tensed

The lady is numb scared to hell she is shivering crying

"Leave morning I should hear the news when I get up now go"

The lady is looking at Manik with fear and hope but Manik is much serious

That is why you will kill her with your hands for not making her learn good deeds" His voice is rock solid everyone in the mahal flinched and shivered

Nandini came running "Yuvaraj no this wrong you should not kill your wife it's wrong you are doing wrong"

Manik slapped her hard "how dare you appose my decision??? I will not even think for a moment before killing you if do again"

"Sorry Yuvaraj But....." she was about to say something he pressed his lips on her not even giving her chance to react his kiss is very hard furious angry held in it he bit her lips which started bleeding he drank the blood made her sleep on bed removed the cloth which is wrapped around her, he just entered "this for talking nonsense" he started to ride her like animal very harsh and very fast but he took best care of her stomach, when she is out of energy he gave her orgasm and he dropped seeds in him

Both are patting heavily, he kissed her again but so ly "Why did you come Nandini I was frustrated angry on myself your words made me loose sorry I hit you and sorry I was animal on you but you made my mind calm" he kissed her

"Yuvaraj it's all because of me?"

"No because of their cunning nature"

Nandini looked at him sharply with surprise
