

Kiss Me 1001

Chapter 1001 Xiang Yi's Daughter?

A little girl was the first to rush over. When Xiang Yi saw her, he immediately revealed a gentle smile and bent down to pick up the little girl.

"Renie."

"Daddy, Why Are You So late this year? Renie misses you so much!" As she hugged Xiang Yi's neck, the little girl named Renie could not help but smack his face.

Meanwhile, Shi Nuannuan, who was at the side, seemed to be frozen in place. Her eyes widened as she stared at the two people in front of her in shock!

Daddy? Did she hear wrongly? Xiang Yi... had a daughter! ?

"I'm too busy," Xiang Yi replied as he looked at the little girl.

"Then did Daddy Miss Renie?"

"Of course." He smiled. Looking at his doting gaze, Shi Nuannuan, who was at the side, was completely stunned!

She had known him for so long, but she had never heard of him having a daughter. What was going on? Could it be that Xiang Yi was married before?

"Xiang Yi."

At this moment, a neutral voice sounded. Everyone looked over when they heard the voice and saw a bespectacled woman walking over. She looked to be in her fifties.

"Director." Xiang Yi called out respectfully when he saw her.

"You're here."

"Mm."

The director looked at him and then at the face of the unfamiliar woman beside him. In the past, other than an Zhihan, he had never brought any other girl here. As the director, she couldn't help but be filled with curiosity.

Xiang Yi followed her line of sight and landed on Nuannuan's face. His thin lips curled into a smile. "My girlfriend, Shi Nuannuan."

When he heard that she was his girlfriend, the Dean laughed out loud. "She's so beautiful. It's about time you found a girlfriend!"

Facing the Dean's words, Xiang Yi chuckled without saying a word.

Shi Nuannuan and Nuannuan were still in a state of shock. who could explain to them what was going on with this little girl?

An Zhihan, who was at the side, heard Xiang Yi's introduction and naturally felt very upset.

"Come, let's go in and have a seat."

"Okay."

Xiang Yi responded and carried Renie towards the director's office.

Shi Nuannuan came back to her senses and could not help but follow.

"Renie, can you go outside and play?" When they reached the office and saw Renie clinging onto Xiang Yi, the director could not help but ask.

"I don't want it!" Renie turned her head and hugged Xiang Yi's neck even tighter!

"Renie, go out first. Daddy will look for you in a while," Xiang Yi said with a gentle tone.

Looking at the intimate look between the two of them, Shi Nuannuan was stunned!

Hearing his voice, Renie reluctantly pouted her pink little mouth, "Alright, then Daddy Can't leave secretly this time. Renie still has many things to share with you!"

As she spoke, Renie spread her arms and made many exaggerated gestures.

"Alright."

He smiled and put Renie down from his body.

Looking at the petite figure that ran away, the director's gaze was somewhat dim.

She retracted her gaze and turned to look at Xiang Yi, then at Shi Nuannuan and an Zhihan who were sitting at the side.

"Zhihan, take Miss Shi around. I have something to say to Xiang Yi alone."

An Zhihan and Shi Nuannuan could not help but be startled.

Shi Nuannuan's gaze naturally shifted from the director to Xiang Yi.

She had not even had the chance to ask Xiang Yi what was going on with that little girl, and now she was asking an Zhihan to take her for a walk?

Xiang Yi's expression was also slightly startled. After all, he knew that the two of them had just started a war yesterday.

Chapter 1002: What other symptoms were there

His gaze landed on Nuannuan's face, and he could naturally see the shock and confusion on her face.

"Alright!"

An Zhihan stood up and looked at Shi Nuannuan. "Miss Shi, shall we go?"

Shi Nuannuan glanced at Xiang Yi. She still had many questions, but she had no choice but to leave now. She could ask him these questions later anyway.

She stood up and glanced at Xiang Yi before turning around to leave with an Zhihan.

It was only after the two of them had left that the director spoke with a sincere tone.

“Some time ago, Renie suddenly fainted.”

The moment he spoke, Xiang Yi’s heart jolted.

“Renie?”

The director nodded with a worried expression on his face.

“What happened?”

“I’m not too sure about the specific reason. I’ve asked the doctor, but he said that I’m not sure about the specific situation, so I had to go to the hospital for a comprehensive check-up. Later, I also took her to the county hospital, but the doctor still couldn’t find out the reason, so I suggested that we bring her to the big city for a check-up.”

Hearing the director’s words, Xiang Yi was silent for a few seconds.

Then he looked up again. “How many times has this happened? How long has it been?”

“It happened two months ago. So far, it has happened four or five times.”. “And recently, I feel that her condition has become more frequent.”. “You know, not many people are willing to stay in this welfare institute anymore. I want to bring her to the big city for a check-up, but I can’t leave, so I can only tell you.”

“Other than fainting, what other symptoms are there?”

“Nosebleeds.”

Xiang Yi was stunned.

“The doctors at the county hospital also told me that Renie’s illness is very likely to be... blood cancer. However, the hospital’s medical equipment is not complete, so they don’t dare to make such a presumptuous judgment.”

The director’s words made his heart tremble, as if he had been hit hard by something!

“Xiang Yi, I also know that you’re very busy outside, but I’m just afraid that Renie...”

“I understand. I’ll bring Renie for a checkup.”

Hearing this, the director’s heart finally settled down. He smiled and nodded. “Okay.”

...

In order to prevent her period from dirtying her pants, Shi Nuannuan went to the bathroom and placed a tampon in her pocket as a precaution.

However, just as she came out, a burst of pain suddenly came from her lower abdomen, causing her to slow down. She supported herself against the wall and walked out step by step. The pain was so painful that her face turned pale.

It was strange. She clearly did not feel this much pain before. Why was it so painful this time?

Holding her stomach, she wanted to find a chair to rest. However, she realized that the facilities here were too simple and crude. She could only sit down on a tree pool under a big tree on the field.

“Oh, it hurts so much...”

The pain from her lower abdomen caused her to bury her entire body. It was really difficult for her to bear.

“Sister, What’s Wrong?”

Suddenly, a clear and sweet voice sounded. Shi Nuannuan’s face was pale. She raised her head and saw a little girl standing in front of her.

She realized that the little girl in front of her was Nini, who Xiang Yi was holding just now.

Her face was pale. “Sister’s stomach is hurting a little. Can You... help me call Xiang Yi over?”

She was in so much pain that it was very difficult for her to even stand up.

Renie stared at her for a while. No one knew what was on her handsome face.

“Are you really my Daddy’s girlfriend?”

Shi Nuannuan was stunned. She looked up at Renie in front of her.

Was this little girl really Xiang Yi’s daughter?

But why had she never heard Xiang Yi mention that he had a daughter?

Chapter 1003... Where’s Your Mommy?

“He’s your father?”

The little girl nodded. “Yes!”

Shi Nuannuan, who was already feeling uncomfortable, could not help but feel even more uncomfortable at this moment.

“Then... Where’s Your Mommy?”

Upon hearing this, Ni ni suddenly lowered her head. “She’s dead.”Wen Sheng said

Shi Nuannuan was stunned. Her chest seemed to have been hit by something.

Xiang Yi was really married before?

She held her stomach and suddenly felt that her lower abdomen was hurting even more. She kept taking deep breaths, but it did not ease the pain. Instead, it was getting more and more painful.

Her face was pale, and her originally rosy lips looked even paler now.

Helpless, she had no choice but to speak to Renie. Her breath was weak. "Renie, can you ask your daddy to come over and say... Sister's stomach hurts..."

"You Like My Daddy?" The little girl ignored her words and asked directly.

Shi Nuannuan seemed to sense a hint of hostility from her quick-witted eyes. She did not know if it was her misconception.

If it was not her misconception, then this little girl felt that she might become Xiang Yi's stepmother in the future after knowing that she was Xiang Yi's girlfriend. That was why she became hostile towards her?

"En." Even so, she still nodded her head truthfully.

She did like Xiang Yi. Not only did she like him, she did not like him too much.

Upon hearing this, Renie glanced at her and immediately ran away, ignoring her!

Looking at her petite back, Shi Nuannuan did not know if she had gone to help her call Xiang Yi over. However, from the hostility in her eyes, the possibility was not high.

Indeed, Ni Ni did not call Xiang Yi over. Instead, she sullenly ran to the amusement park and sat down. Her small feet kicked the snow that was still on the ground yesterday.

A voice sounded from behind her, "Ni Ni, what's wrong? Why are you sitting here alone?"

Ni Ni could not help but raise her small head when she heard the voice. She saw an Zhihan squatting down in front of her. Wen Sheng, who was sitting in front of her, looked at her.

"Sister an!" She called out in a muffled voice and continued to kick the snow under her feet. "Sister an!"

"What's wrong? Are you unhappy?"

Renie raised her head and blinked her big black eyes. She had to admit that she was a very beautiful little girl.

"Sister an, is your girlfriend the one who's going to marry Daddy in the future?"

An Zhihan was stunned for a few seconds when he heard Renie's words, as if he could hear the reason for her unhappiness from her tone.

"Renie doesn't want Daddy to have a girlfriend?"

Renie nodded. "Of course not. If he marries another woman, he doesn't want Renie Anymore!"

An Zhihan suddenly had a sly look on her face when she heard that.

"Then, why don't you just chase that Sister Away?"

"How do I chase her away?"

An Zhihan smiled and suddenly leaned over to her ear to say something.

After hearing this, a trace of hesitation appeared on Renie's small face.

“But that sister is someone daddy likes. If I say that, Will Daddy be angry with Renie?”

“Of course not. When have you ever seen Daddy Angry With You?” An Zhihan gently coaxed.

After taking a look at her, Renie didn't say anything else. Instead, her gaze involuntarily turned to the spot where Shi Nuannuan had left.

Under the Big Tree, Shi Nuannuan waited for quite a while, but there was no sign of Xiang Yi. She was really in too much pain. If Nini hadn't told him, he might not have known that she was here.

Thinking of this, she couldn't help but stand up, wanting to leave this place step by step.

CHAPTER 1004 “Nuannuan isn't with you?”?

However, she didn't expect that just as she stood up and took a step forward, she suddenly felt her legs go weak and she fell into the snow..

“Daddy!”

Looking at Xiang Yi who walked out of the house, Renie rushed over excitedly!

Seeing Renie who was rushing towards him, Xiang Yi squatted down and picked up her petite body.

After hearing the director's words, he felt even more heartache for Renie.

“Renie, if you feel uncomfortable, remember to tell Daddy.”

Renie nodded. “Okay!”

He smiled and raised his hand to touch the top of her head. Then, he looked into the courtyard.

After searching around, he did not find a warm figure. At that time, he saw an Zhihan playing games with the children not far away.

“Daddy,” Renie suddenly said.

Xiang Yi retracted his gaze and looked at her pretty face. “HMM?”

“You... are you going to marry that sister from now on?”

Seeing the unhappy expression on her face, he chuckled and asked, “Isn't that good?”

Renie shook her head and said with a bit of insincerity, “No.”

He smiled and did not say anything else. Instead, he carried her in the direction of an Zhihan.

“Brother Xiang!” When the group of kids saw him, they immediately stopped playing the game in excitement and ran towards him.

After finishing the game with the kids one by one, Xiang Yi's gaze fell on an Zhihan's face.

“Nuannuan isn't with you?”

The first thing he said was Shi Nuannuan's name. An Zhihan naturally disliked it in her heart, but she still smiled on the surface. After all, she did not seem to have lost her good impression of him because of Shi Nuannuan.

"No, she went for a walk on her own after she came out."

Xiang Yi believed an Zhihan's words without a doubt.

Because he knew Nuannuan's character, after what happened last night, it was impossible for her and an Zhihan to become friends. Instead, they would definitely become enemies. With her character that abhorred evil, it was impossible for her to really go for a walk with an Zhihan.

Xiang Yi searched around but did not see her. He could not help but take out his phone and dialed Nuannuan's number.

The phone rang for a long time but no one answered.

"Xiang Yi."

At this moment, the director's voice sounded from behind him. He was holding a purplish-red handbag in his hand. It was Nuannuan's.

"This is your girlfriend's, right? I left it in the office. There seems to be a phone inside. It rang just now."

Xiang Yi's gaze fell on the purplish-red bag in the dean's hand. The warm cell phone was in the bag. It should have been left in the dean's office just now. Where was she then?

It had been twenty minutes since she had arrived. It was her first time here. Where could she have gone?

He raised his head and glanced at the courtyard with a clear view. There was still no sign of her. Her somewhat haggard expression from before suddenly flashed through his mind.

She should be on her period. Could she be in the bathroom?

Thinking of this, his gaze naturally turned to the direction of the bathroom not far away.

When Renie, who was being carried by him, saw the direction of the bathroom not far away, her small face suddenly became a little guilty, and even a little guilty.

"Daddy..."

"Huh?" Xiang Yi looked sideways as he carried her. He looked at her unhappy face and asked, "What's wrong with Renie?"

Renie looked at her big black eyes and blinked at her daddy as if she wanted to say something, but she didn't say it out loud.

When her sister asked her to call him daddy, she looked like she was in pain, but she didn't go to him. Thinking about it now, she couldn't help but feel guilty.

Chapter 1005 a heart full of anxiety

"I..."She wanted to speak, but she was a little afraid.

What if something happened to that sister and Daddy knew that she didn't come in time to call him over? Would he be angry with her because of that?

But if she didn't say it and waited for Daddy to find her sister before she said it, Daddy would blame her even more for not calling him in time to save her sister, right?

Thinking of this, Renie became even more hesitant.

But in the end, she couldn't help but ask, "Are you looking for the sister who came with you?"

"Yes, Renie, have you seen her?"

"I saw her go to the washroom," said Renie as she raised her hand and pointed to the washroom not far away.

Xiang Yi smiled at her and carried her to the public washroom not far away.

Meanwhile, Nini, who was being carried by him, lowered her face silently.

Although she didn't want her father to marry another woman, she didn't want anything to happen to her sister either.

She carried her all the way to the restroom door, but before she arrived, her sight was drawn away by the figure lying under the big tree!

When he saw the familiar clothes, Xiang Yi's heart froze. He put down Nini and rushed over, only to see Shi Nuannuan lying in the snow with a pale face.

His heart felt as if it had been cut by a knife in an instant, throbbing in pain.

"Nuannuan! ?" He helped her up from the ground. Her face was frighteningly pale, without a trace of blood!

"Nuannuan?" He hugged her in his arms, but he could not wake her up no matter how hard he tried.

"What's wrong? !"

At this moment, the headmaster and an Zhihan also ran over. When they saw the unconscious Shi Nuannuan, the headmaster was also scared out of his wits.

"Quick, quickly carry her into the house!"

Hearing this, Xiang Yi lifted her up horizontally from the ground, but he did not directly enter the house. Instead, he rushed towards the entrance of the Welfare Institute!

Looking at the backs of the two people leaving, an Zhihan was stunned for half a second before she ran over as well.

The Black Audi sped along the suburban roads. Fortunately, there were very few cars, and Xiang Yi's heart was tightly clenched.

He should have ignored her objection and insisted on taking her to the hospital. This would not have happened.

There was still a certain distance from the county district. Half an hour later, he arrived at the hospital and sent Nuannuan to the emergency room.

The Doctor finished the examination for her and found that it was caused by menstrual cramps.

“It may be due to the influence of the weather and the fact that she had eaten cold food before, which caused the circulation of the blood in the palace to stop. That’s why she collapsed and fainted. It’s not a big deal. I’ll prescribe some medicine for her. Remember to give her some after you take it back. Also, if there’s no way to stop the pain, use a hot towel to apply it on her lower abdomen every once in a while. It will alleviate the menstrual cramps.”

In the ward, the Doctor analyzed.

He glanced at the unconscious person on the bed, but there was still no color on her haggard face.

“Her face is so pale. is she really okay?”

The doctor smiled lightly and also glanced at Shi Nuannuan on the bed, “Her pale face is because of the excessive amount of blood loss and the cold sweat from before. Later, if possible, remember to use hot water to wipe her body and then change the wet clothes inside her. The weather is too cold. If this continues, she will easily catch a cold. It will also be bad for her menstrual cramps.”

“I understand. Thank you.”

“You’re welcome.”

The doctor smiled and turned around to leave the ward.

Xiang Yi turned around and looked at the person on the bed. He felt a little guilty.

This was a single ward. Although it was not comparable to the VIP wards in the city, the good thing was that the things inside were very complete.

Chapter 1006: Do Me a favor

He walked to the bathroom and saw towels and hot water inside.

He found a washbasin under the sink, took some hot water, and returned to the bedside. He reached out to wipe the warm back of his vest, and the clothes inside were indeed wet.

He turned the heat up to the highest level and was about to take off her clothes, but on second thought, even if he wiped his body, there was no change of clothes at the moment.

What should he do?

Looking at the person on the bed, Xiang Yi could not help but fall into deep thought.

At this moment, the door to the ward was suddenly pushed open.

When he heard the sound, he raised his head and saw an Zhihan walking in.

After asking for a long time, he finally found out that Xiang Yi had brought her to a single ward.

Glancing at Shi Nuannuan on the bed, an Zhihan asked, "How is she?"

"Nothing serious."

"That's good," an Zhihan said, as if she was concerned about Shi Nuannuan. In fact, she was just trying to show her good side to Xiang Yi.

Looking at her, Xiang Yi was silent for a few seconds before he suddenly spoke.

"Can you do me a favor?"

His sudden words made an Zhihan look at him, a little stunned.

"What?"

"The clothes on her are all wet. She needs to change, but she doesn't have any clothes to change into. Can You... Go downstairs and buy me a set?"

Perhaps it was a little abrupt, but he didn't want to leave her side.

An Zhihan was stunned.

He had never asked her to help him with anything, and she was the one who initiated the investment. Now, the first thing he asked her to do was to buy clothes with Shi Nuannuan.

Was he so reluctant to leave?

Even though she felt a little upset, she could not reject his request because she liked the man in front of her.

After a moment of silence, she forced a smile and said, "Okay."

Xiang Yi was naturally grateful that she agreed immediately. He quickly took out a few hundred yuan bills from his wallet and gave them to her.

Looking at the money in his hand, an zhihan smiled and said, "No need, I have it."

"She doesn't like to owe anyone. Even if you refuse now, she will still insist on giving you the money when she wakes up," he said because he knew Nuannuan's personality too well.

An Zhihan was stunned again. In the end, she took the few bills.

"I'm leaving."

Xiang Yi nodded and an Zhihan left the ward.

Half of the bottle was dripped, and an Zhihan came back with a few paper bags.

As soon as she entered, the phone in her bag rang.

She handed the clothes in the paper bag to Xiang Yi, then walked to the side to pick up the phone.

“Hello?”

“...”

“Yes.”

“...”

“Okay, I’ll be there right away.”

After hurriedly hanging up the phone, an Zhihan turned around and glanced at Xiang Yi, then at Shi Nuannuan on the hospital bed. Finally, she said, “There’s something going on with Zhimei. I’ll be leaving first.”

“Okay, thank you.”

The second time he thanked her, it made an Zhihan very clear about one thing.

Even though she had known him for more than ten years, in his heart, she was just an extremely ordinary friend. She couldn’t even be called a ‘good friend’.

That was why he was so polite to her.

“If you really want to thank me, don’t be so polite with me next time. Because the more you act like this, the more I feel that in your heart, I’m not even an ordinary friend.”

Looking at her, Xiang Yi did not say anything because he did not know what to say when faced with this problem.

Indeed, they had only maintained a very ordinary friendship over the past ten years.

Chapter 1007 doing something embarrassing

“I’m leaving first. You take care of her.”

“Okay.”

After watching her leave, he turned around and looked at the person on the bed.

This was a single ward. Other than the doctors and nurses, no one else would barge in. However, in order to better change her wet clothes, he still locked the door and put on the insurance.

The hot water that he had received earlier had all gone cold, so he could only reconnect some.

Next, he took off her clothes. When he was only left with a vest, Xiang Yi’s hand stopped.

Although he had hugged her countless times and looked at her body, he still felt a little embarrassed at this moment.

However, looking at the vest that was completely wet, even the bra inside was reflected. Thinking of what the Doctor said, he still moved his hand and took off her vest. In an instant, only the light purple bra was left.

It had to be said that Shi Nuannuan's figure was excellent. When he saw the exquisite and elegant cleavage, Xiang Yi immediately felt his throat dry and could not help but slide slightly.

He tried his best to restrain the fire that was running around in his body. He reached out his hand and bypassed her sides to unbutton the bra on her back.

Perhaps it was his first time unbuttoning this thing, so he could only fumble around since he could not see it. However, after three minutes, he did not even unbutton a single button. Instead, his hand was covered in hot sweat.

In the end, he had no choice but to turn her body over and let her lie on her side so that he could see how the button on her back was unbuttoned.

After much difficulty, he unbuttoned the button. He laid her body flat and took off her bra.

His throat tightened and he hurriedly averted his gaze, but in the end, he still had to turn around and help her put on the new bra that he had bought.

His movements were very light. It took him half an hour to change her top, and then it was time to change her bottom..

When he took off the leggings under her, there was only one piece left, and this time, Xiang Yi was even more embarrassed.

This was the first time he had changed a woman's underwear..

And there was also..

He turned his gaze and glanced at the sanitary pad that he had just taken out from her bag. After changing her underwear, he still had to put this thing on, but... how should he put this thing on?

After removing the last layer of cover, he wrung out a warm towel and wiped it for her. Then, he pasted the tampon properly, but after repeated attempts, he failed. Instead, he wasted a few.

This was because he realized that after he tore off the sticker on the thing, it would accidentally stick together. When he wanted to tear it off, he couldn't tear it off no matter how hard he tried.

So he opened another piece and tried a second time, but failed!

When it was the third time, he was very careful and finally put the thing on!

He was about to put the tampon on her, but when he got closer, he found —

The snow-white bed had been printed with a bright red..

He was stunned and his whole body was petrified.

After a long time, he came back to his senses and put on clothes for her. He also put on a set of winter pajamas.

But how should he solve this dirty bedsheet?

He raised his head and looked around. He saw a box of tissues on the bedside table, and an idea flashed through his mind. He walked over, took out a few tissues, and placed them on the bright red area, this way, the clothes on her body would not be dirty.

Chapter 1008 who changed her clothes?

He had never thought that something so simple for a woman would be so difficult for him!

He cleaned up the towel and basin and put them back in the bathroom. When he came out, he saw that there was a sudden movement on the bed.

He walked to the bedside and looked at her slightly fluttering eyelashes.

Then, he saw that she slowly opened her eyes.

When she opened her eyes, what greeted her was a snow-white color.

“You’re awake. How Do You Feel? Do you still feel uncomfortable anywhere?”

Hearing that familiar and gentle voice, Shi Nuannuan turned her eyes and saw his exquisite outline.

She turned her eyes and thought for a while before she regained consciousness.

She seemed to have fainted earlier?

“Is this the hospital?”

“Yes, you fainted earlier.”

“Oh...”she let out an ‘Oh’. She guessed that Xiang Yi must have found her after she fainted due to menstrual cramps and sent her to the hospital.

Then, she was about to sit up. Seeing this, Xiang Yi quickly helped her up and placed a pillow on her back.

“How do you feel? Does your stomach still hurt?” Looking at her, his eyes were filled with tenderness and tenderness.

At this moment, although she was awake, her face was still very pale. Therefore, he was a little worried and knitted his brows into a frown.

Shi Nuannuan reached out and touched her head as if she wanted to feel dizzy. When she looked down, she suddenly realized that her clothes had been changed!

She was stunned. She looked up at the man in front of her and asked, “Why did I change my clothes?”

Xiang Yi was also stunned by her question. He hesitated for a while before he said, “You were drenched in cold sweat before you fainted, which caused your clothes to be wet. The Doctor said that you have to change your wet clothes.”

“Oh...” Shi Nuannuan nodded in confusion. She lifted her hand to open her collar and looked. She found that the bra inside had also been changed. She could not help but raise her clear black eyes again. “Then who changed my clothes?”

Xiang Yi was once again in a daze. The gaze he used to look at her for the first time was a little flickering as he glanced away. “Me.”

Shi Nuannuan paused, the expression on her face was stunned.

Xiang Yi changed it for her? The clothes inside too! ?

Uh..

She buried her head and lowered her face. The originally stunned expression suddenly changed into a sneering smile.

Xiang Yi changed her underwear. Did that mean that his body was naked again?

“Hee... Hee Hee...”

Noticing that she was burying her head, Xiang Yi could not help but look away. He saw that her head was lowered and her shoulders were trembling.

He could not help but speak. There was a hint of anxiety in his eyes. He thought that she was not feeling well.

“What’s wrong with you?”

Upon hearing that, Shi Nuannuan immediately raised her head and put away the sneaky smile on her face. She changed into a serious look and said, “No, no, it’s nothing!”

He looked at her suspiciously and felt that her expression was a little strange.

However, he saw that her face was slowly returning to its normal color. It seemed that her body was no longer affected.

“How do you feel? Does your stomach still hurt?”

She grinned and said, “It’s alright, just a little.”

It was her period. Every time, she would feel a little bloated and painful. She was already used to it.

As long as it did not hurt as much as before, she would be fine.

Thinking about it, she had never felt so much pain before. What was going on today? The pain almost killed her!

She did not take it to heart, but Xiang Yi frowned slightly when he heard it.

“It hurts every time?” He asked softly.

Shi Nuannuan nodded meaninglessly. “Yes, but this time it’s more intense. I’m not sure what’s going on either.”

Chapter 1009-have you ever been married before?

“The Doctor said that it might be due to the weather and the fruit you ate when you went out that caused the cold to worsen. In the future, don’t eat these things during your period.”

He reminded her softly and did not feel embarrassed.

Shi Nuannuan, on the other hand, was a little embarrassed. She raised her hand and scratched her head, giggling foolishly.

“Hehe... I got it.”

He stared at her with an unconcealable gentleness in his eyes. He raised his hand and stroked her hair.

Shi Nuannuan turned her head and looked out the window. “What time is it?”

Xiang Yi raised his hand and looked at the watch on his wrist. “12:10.”

So it was already noon. No wonder she was so hungry.

“I’m hungry,” she said as she looked at Xiang Yi like a pitiful kitten begging for food.

He smiled gently and said, “Wait here, I’ll go buy you some.”

“No need, let’s eat together!”

As she said that, Shi Nuannuan had already lifted the blanket and got out of bed because she really did not like the smell of disinfectant.

Moreover, she felt that it was stuffy inside and the air was not good, making her feel very uncomfortable. Compared to the hospital rooms in the city, there were some differences.

Seeing her get out of bed directly, Xiang Yi was still a little worried.

Although she looked like she had recovered a lot on the surface, her previous appearance really scared him. Was it really okay to get out of bed just like that?

Thinking about it, he was still a little worried, so he could not help but reach out his hand to stop her from getting out of bed.

“Can you do it?”

She nodded solemnly. “Yes! Besides, I don’t like this place. The smell of disinfectant is too pungent. I feel uncomfortable just by smelling it.”

Naturally, Xiang Yi had no choice after she said that. Of course, he did not want her to feel uncomfortable.

The Doctor did say that she could be discharged after she woke up.

After staring at her for a while, he finally gave in. “Alright, I’ll be discharged.”

She was overjoyed and could not help but stand up and hook her arms around his neck. "Xiang Yi is the best!"

He smiled and hugged her, touching the top of her head. Then, he bent down to help her put on her shoes and coat. Only then did he leave the ward to go through the discharge procedures.

...

Back at the hotel, he ordered lunch.

After lunch, he handed her a glass of hot milk.

His meticulous care made her feel that she had really become a happy little woman!

"Xiang Yi."

After lunch, in the free afternoon, she sat on the sofa and leaned against his chest. She held a fashion magazine in her hand and looked at it without looking at it. Suddenly, she called his name softly.

"MHM." He sat on the back of the sofa and played with the soft hair on her head with his big palm as he replied softly.

"What if I Can't Leave You in the future?"

"Then I won't leave."

Hearing his words, Shi Nuannuan seemed to have suddenly thought of something. She suddenly got up from his chest and looked at him.

Her expression made him feel a little surprised. "What's Wrong?"

Staring at his clear eyes, Shi Nuannuan hesitated for a moment before saying, "You were married before?"

He was stunned and still did not understand.

"Why do you ask?"

She was a little sad and could not help but bite her lower lip. "That Renie, is she your daughter?"

"Yes." He nodded and suddenly understood. He finally understood why she suddenly became unhappy.

"You have a daughter, but why haven't I heard about it from you? Then you..." she looked at him, her small face was very aggrieved. She looked away with some dissatisfaction and pouted her pink lips. "If you weren't married, how could you have a daughter..."

Chapter 1010 — did she really not mind?

Seeing her jealous look, he looked dotingly at her. "Who said that you have to get married to have a Daughter?"

He raised his eyebrows and looked at her as he asked, his tone tinged with teasing.

However, Shi Nuannuan did not notice it.

Instead, she suddenly raised her eyes and glared at him.

She had a daughter even though she was not married. Could it be that she was his illegitimate daughter!
?

Then, was she really going to become a stepmother?

Uh, but thinking about it carefully, it was not bad to have such a cute and beautiful daughter without having to give birth?

But..

If she had a child with Xiang Yi in the future, would xiang yi like Renie more, or would their child be more?

“If she’s not married, then is she your illegitimate daughter?”

“PFFT –“Xiang Yi was amused by her words.

She even had an illegitimate daughter.

“What are you laughing at?”She was depressed, yet he was laughing?

She glared at him with a dissatisfied expression!

“Can’t you think of something else?”He had never even touched a woman, so how could there be an illegitimate daughter?

She was dumbfounded.

Something Else?

Didn’t he say that he wasn’t married? If that wasn’t an illegitimate daughter, then what was it?

“Her name is Ni Ni, her surname is Ni,”he said bluntly.

Shi Nuannuan was stunned.

Her surname was Ni?

Xiang Yi’s surname was Xiang, then wasn’t Ni his daughter? But she clearly heard ni renie calling him daddy.

“Then she is...”she looked up at him with a blank expression, somewhat confused.

“She doesn’t have parents. I was the one who sent her to the Welfare Institute.”

Shi Nuannuan was even more stunned.

No parents?

“Then what about her parents?”

Looking at her confused eyes, Xiang Yi was silent for a few seconds before he spoke with a heavy tone.

“Her mother died from domestic violence. Her father was also imprisoned because of this. Because of his other criminal record, he was executed two years ago.”

So, Renie became an orphan?

“In other words, you adopted her?”

Xiang Yi Thought for a while before answering, “Not really.”

“Then she called You Daddy.”

He chuckled, recalling the time when he sent Renie to the welfare institute two years ago.

She had witnessed her father beating her mother to death. During that time, she had been living in the shadows, and she was no longer a loner. It was not until he brought her here that she gradually became cheerful.

After that, she asked him to be her father. As a single man, he did not even think about getting married and having children. After all, by Mr. Shi’s side, the things he had to do every day were things he had to do with his life, he might just die one day.

Thinking about it, having a cute daughter seemed to be not bad.

Hence, from two years ago, he had an additional daughter.

However, he could not bring her along. He could only meet her every year when he returned to this place during the spring festival. Of course, he would occasionally call her.

His relationship with Renie could not be considered adopted, but they were father and daughter.

“Do You Mind?”He suddenly looked at her and asked.

In the past, he was alone, so having a daughter did not affect him in the slightest.

But now, he also realized a problem.

He had nuannuan. If he could overcome everything and finally get together, it meant that one day, he would have a child that belonged to Nuannuan. At that time, what would renie think?

If he brought Renie to his side and raised her as his daughter, would nuannuan agree?

He had to think deeply about this problem because he didn’t want Nuannuan to be wronged in the slightest.

Shi Nuannuan didn’t care at first, but when he asked her this question, she actually hesitated.
