

Kiss Me 1161

Chapter 1161 the bed was too narrow

“W-what are you doing –”

Before she could finish her sentence, he suddenly held her hand and walked toward the door of the ward.

She could not help but hold him back and asked anxiously, “Where Are you going?”

Feng Shunqing, who was on the sofa, also stood up.

“Leave here and go back to the hotel!” His expression was a little cold, and his tone was filled with displeasure.

Leave this place? He was still in the hospital! Moreover, brother Hao Sheng had already said that if he really had a fever at night, what should he do? No, he could not leave this place.

“No, you’re still injured!” She disagreed and pulled him back!

“It’s fine.”

“Xiang Yi, Uncle Won’t harm you. There are so many women in the world. Why must you marry nuannuan! ?” Feng Shunqing said with some heartache.

Xiang Yi and Nuannuan could not help but look at his sudden words at the same time.

“Uncle –” thinking of his words just now, Shi Nuannuan changed her words. “Mr. Feng, Don’t you feel that your words are very hurtful?”

Looking at Shi Nuannuan, Feng Shunqing ignored her and looked away.

“I want to marry her, I must marry her!” Xiang Yi said firmly.

“You!” Feng Shunqing was angry, but her tone softened. “One day in the future, you might regret it.”

“No.”

“No? If you know your mother –” he wanted to yell, but he hesitated. Finally, he closed his eyes. “Okay, I’ll go. I’ll come to see you tomorrow.”

He didn’t want to run out of the hospital at this time because he was injured. If he had a fever at night like the Doctor said, it would be difficult to deal with.

He cared about his nephew and doted on him very much. He did not want him to be hurt in any way, but he had neglected one thing.

After he finished speaking, he took a look at the two of them and left the hospital.

Looking at the two of them who were competing with each other, Shi Nuannuan could not help but stiffen her gaze and look at his face.

“Xiang Yi, you treat your uncle like this...”

“It’s okay.” He turned his head and glanced at her. He pursed his lips slightly as if he was comforting her and telling her not to worry too much.

After Feng Shunqing left, the atmosphere in the ward finally warmed up a little.

The night gradually deepened.

Shi Nuannuan, who was sitting by the bed, felt that it was time to go to bed!

Looking at the man on the bed, she said, “Uh, it’s very late. Let’s go to bed!”

As she said that, she got up and planned to walk to the sofa at the side.

Because there was only one bed in the ward, she could only spend the night on the sofa!

However, just as she got up, a hand grabbed her.

She turned around, but before she could see clearly, her body followed a force and pounced onto the narrow bed.

“AH –” she cried out in a low voice because she was caught off guard.

In the next moment, it landed on his chest and met his pitch-black eyes.

“Sleep.” He glanced at her, the corners of his mouth curving up.

Shi Nuannuan turned around to look at the narrow bed in a daze.

How could this bed accommodate two people..

“Sleep... Sleep Here?”

“Isn’t it good?”

His balanced breath blew at her face, making Shi Nuannuan Blush. She could not help but swallow her saliva.

“But... but, the bed is so narrow.” She looked at her butt on the edge of the bed. She was afraid that she would fall off if she turned around.

“Then come closer.” He reached out and pulled her into his arms, getting closer to him.

Shi Nuannuan pursed her lips shyly, but she felt sweet in her heart.

“Let’s do this... Okay?”

chapter 1162 was drooling! ?

He looked up as if he was deep in thought. Then, he said, “It’s perfect.”

“Then... what if the nurses come to check on me later?” He remembered that when she was in the hospital last time, the nurses would come to check on her at night.

“That’s fine too. You’re my girlfriend. What does it have to do with me sleeping on the same bed in the hospital?” He looked at her and continued, “Besides, what time is it now? Didn’t they check on me long ago?”

Hearing his words, Shi Nuannuan remembered that the nurse had already checked the room when his uncle left.

“Then, I Won’t stand on ceremony?”

He smiled and didn’t say anything.

She crawled into his arms and quickly fell asleep. At one o’clock in the morning, she was already a little sleepy.

Looking at the person in his arms, Xiang Yi didn’t feel sleepy at all.

The next day.

At eight o’clock in the morning, Zhong Shenghao saw the scene on the bed as soon as he entered the ward. He could not help but be startled.

Xiang Yi looked up at him but did not say anything.

“Is there any discomfort or other symptoms?” Zhong Shenghao walked to the side of the bed and asked softly. He glanced at Shi Nuannuan who was still in a deep sleep.

“No.”

“That means there’s nothing serious. You should be able to leave the hospital tomorrow.”

“Okay.”

As they talked, Shi Nuannuan, who was sound asleep, came over in a daze.

When she opened her eyes and saw Zhong Shenghao’s face, she was so scared that she hurriedly jumped up from the hospital bed!

Although she usually thought about throwing herself at Xiang Yi, she was still a little shy when she was in the same bed with Xiang Yi!

“Brother, Brother Shenghao...”

“You’re Awake?” Zhong Shenghao looked at her with interest.

Sigh, he just didn’t know how Grandpa Shi would look when he found out that his granddaughter hadn’t gone home for an entire night..

“You, when did you come in?”

“Of course it was you...” he deliberately dragged out his last syllable and looked at her.

Shi Nuannuan looked at him with a pair of eyes.

"I came in when you were drooling."

"..."drooling?

Coming back to her senses, she hurriedly raised her hand and touched the sides of her mouth. It was clean..

"Where did you drool! ?"She pouted and glared at Zhong Shenghao.

Could you stop insulting me in front of Xiang Yi? What if he despises me? Seriously!

"Hang two more injections today and get discharged tomorrow!"

Zhong Shenghao left the ward after saying that, leaving space for the two of them.

"Did you sleep well?"He looked at her and asked.

Shi Nuannuan nodded. "Yes!"

He smiled. "Are You Hungry? I'll go buy breakfast."

As he said that, he frowned slightly and raised the hand that she had been lying on for the whole night.

"No, I'll go."No matter what, he was still a patient.

"Didn't doctor Zhong just say that I can be discharged from the hospital tomorrow?"

"That's still tomorrow, not today!"She looked at him.

"That means that I'm fine."

"Really?"

"Yes."

She thought for a moment. "Then why don't we go out and eat together?"

As he listened, he rolled his eyes and liked this suggestion very much. "Okay."

The two of them left the ward together and went to a breakfast street not far from the hospital for breakfast.

As she had not showered or changed her clothes for the entire night, Shi Nuannuan felt a little uncomfortable. She felt uncomfortable all over.

After eating breakfast, she decided to go home and take a shower. She would come over after changing her clothes.

Nine o'clock.

As soon as she returned to the living room, she saw her grandfather with a dark face on the sofa. There was also... Cheng Huan?

Seeing Cheng Huan appear at home, Shi Nuannuan was a little surprised.

Chapter 1163: Confession

“Nuannuan, you’re back!”

Shen Lanzhi had already heard from her son that her daughter had not returned for the entire night. She had been hospitalized because of Xiang Yi’s injury, and Nuannuan had been taking care of him at the hospital last night.

However, she had no way of telling the old man about this reason. She could only say that she did not know.

“Mommy.”

Shi Nuannuan was already prepared to be lenient when she confessed!

She wanted to be with Xiang Yi openly!

“Grandpa...”

“You’re just a girl. Where did you go last night? You even turned off your phone!” Shi Le’s expression was obviously not good.

Cheng Huan had come yesterday and waited for her the whole night. However, he realized that she did not come back. Even her phone was turned off.

Hearing her grandfather’s question, Shi Nuannuan frowned and immediately took out her phone. It turned out that her phone was turned off automatically because there was no battery.

“I...” Looking at her grandfather, Shi Nuannuan mustered up her courage and said, “Xiang Yi was injured. I took care of him at the hospital last night.”

Hearing this, Shi Le could not help but be stunned, followed by disbelief and shock.

As expected, the figure he saw that day was not wrong. It was Nuannuan and Xiang Yi.

“Why did he need you to take care of him when he was injured!?”

“Because I like him. We’re dating!”

Dating? Dating? ?

Shi Le’s eyes widened. His granddaughter was dating a mere special assistant? ?

“Nuannuan, you... You’re dating Xiang Yi? !”

Shi Nuannuan was already mentally prepared for her grandfather’s shocked reaction. “Yes!”

“You! Do you know who you are? ! And who he is!”

“Grandpa, can you not use these to measure a person! ?” Hearing such comparisons, Shi Nuannuan was a little unhappy, “Yes, Xiang Yi doesn’t have anything, but I like him!”

Her blunt words made Cheng Huan, who was at the side, feel a little sad.

Shi Le naturally realized that Cheng Huan was also at the side.

“You, you shut up! You are a girl, the daughter of the Shi family, but you actually like Xiang Yi, who has no status and is poor?”

“Who said that he is penniless? Being poor now doesn’t mean that he will continue to be poor in the future.”She had a lot of faith in Xiang Yi’s ability.

Perhaps one day in the future, she would be like her brother, standing at the peak of the world!

Shi Le was furious!

“You, you hurry up and share it with me!”

“Share? Why do I have to share it! ?”

“He’s not worthy of you!”Shi Le’s face turned livid!

“Grandpa, you said that sister-in-law is not worthy of brother, but now! ? Aren’t they very happy! ?”

“The only difference is that!”She was Shen Ruoxi’s granddaughter!

“Yes, it’s different, because sister-in-law is Grandpa Zuo’s granddaughter, and Xiang Yi is nothing! I don’t understand, Grandpa, you have everything, and you don’t lack anything. Why must the person I marry be the same as you?”

“I’m doing it for your own good!”

“How is it good?”

“You’re still young, and you haven’t experienced many things, so you don’t know!”

“I’m not young anymore, I’m already 23!”

“In short, you can’t be with Xiang Yi. He’s just an assistant by your brother’s side. To put it bluntly, he’s a Puss, and you’re the Lord, so how can he be worthy of you!”

Hearing his fierce words, Shi Nuannuan was also full of anger. “Grandpa! Can you —”

“Can you what! ?”Staring at his granddaughter in front of him, he didn’t believe that she could still curse at him.

“Can you not look down on me like that!”

“...”

“Nuannuan!”Her daughter’s rude words made Shen Lanzhi, who was standing at the side, break out in cold sweat for her.

Chapter 1164-forced entry into the car!

One had to know that in the entire Shi family, not even a son had ever said such words to the old man.

“You...”for the first time in his life, he was scolded as... a dog. Shi Le could not help but be a little stunned for a moment.

“You Lass, were you scolding your grandfather just now! ?”A few seconds later, Shi Le came back to his senses and stared at his granddaughter in front of him. He could not believe that this was the first time in his life that he was scolded by his granddaughter!

Shi Nuannuan also did not expect that she would really scold him just like that.

However, the person standing in front of her was drunken drunk’s grandfather who loved her dearly, even though his stubbornness was indeed quite annoying at times!

However, she still respected him as her grandfather. Now that she had scolded him just like that, she could not help but not know how to explain it. After all, she had already scolded him!

“I, I Won’t talk to You Anymore!”She said guiltily. After pursing her lips, she turned around and ran to the second floor. “I’m going to take a shower!”

Looking at the figure that had escaped in a flash, Shi Le was completely dumbfounded. Although he was angry, his face did not show any anger towards his granddaughter!

“Seriously, you’re becoming more and more unruly!”He sat down on the sofa helplessly.

Shen Lanzhi was afraid that he would be angry and hurt his body, so she quickly comforted him, “Dad, don’t be angry. It’s not good to be angry and hurt your body.”

Shi Le looked at his daughter-in-law and sighed helplessly, “It’s all because of me. He’s getting more and more impudent and rude!”

However, although he was angry, he still had to solve the things that needed to be solved.

Yesterday, old Cheng’s condition worsened again. He was afraid that he would only be able to lie on the bed and wheelchair from now on.

After a long while, Shi Le turned around and looked at Cheng Huan. “Child, you...”

“It’s okay. Actually, I already knew that she had someone in her heart.”Cheng Huan smiled. He knew that this woman did not belong to him.

“You young people only know how to focus on free love. In reality, you don’t know that real life is not just about love!”

Cheng Huan smiled, but his face was a little sad.

...

After taking a shower and changing into a set of clean clothes, Shi Nuannuan was about to go out, but she was stopped by Shi Le.

“Where are you going?”

Looking at the two bodyguards who stopped her, Shi Nuannuan turned her head and looked at her grandfather in confusion.

At this time, Cheng Huan had already left.

“Grandfather, what are you doing?”

“Grandpa Cheng wants to see you. Come with me to the Cheng family.”

Hearing this, Shi Nuannuan was stunned for a second, then she said, “Grandpa, it’s impossible between Cheng Huan and me. You and Grandpa Cheng, don’t keep trying to fix us up.”

Although she couldn’t bear to think about Grandpa Cheng’s illness and wishes, the truth was the truth. The person she liked was Xiang Yi, and the person she was going to marry was Xiang Yi. It was impossible for her to be together with Cheng Huan.

Hearing his granddaughter’s words, Shi Le immediately frowned. “Cheng Huan is so outstanding. How can he not be comparable to Xiang Yi? Why do you have to like a mere assistant?”

“I just like him!”

“I don’t agree with the two of you being together!”

“Grandpa!”

“Stop talking. Bring the eldest miss to the car!”

He gave the order and very quickly, the bodyguards walked up and carried Shi Nuannuan up. They walked towards the rolls-royce that was parked in the courtyard.

“Hey, you guys...” Shi Nuannuan wanted to struggle, but she could not break free. “Grandpa, what are you doing! ?”

Shi Le ignored her and followed her to the Black Rolls-royce.

Chapter 1165: bring the eldest miss inside!

“Grandpa, what are you doing! ?” In the car, Shi Nuannuan glared at her grandfather in front of her with some displeasure. She was furious!

“Drive, to the Cheng family.” Shi Le ignored her words and directly spoke to the driver.

“Grandpa!” Shi Nuannuan wanted to get out of the car, but she couldn’t open the door.

Soon, the luxurious Black Rolls-royce slowly drove out of Shi mansion.

Along the way, the grandfather and grandson in the car stared at each other, especially Shi Nuannuan. Both of her nostrils were filled with anger, but she could do nothing in front of her grandfather’s underworld!

The car soon arrived at the Cheng residence.

After getting out of the car, Shi Nuannuan was still unwilling, but she was unwilling to enter the Cheng Residence's main door!

"Do you want to go in by yourself, or do you want me to let them carry you in?" Looking at his granddaughter, Shi Le raised his eyebrows and asked.

He didn't believe that he couldn't do anything to his granddaughter!

Shi Nuannuan raised her phoenix-like eyes and glared at him.

"Grandpa, Why Are You So Childish!?"

"Childish? How Am I Childish?"

"With your behavior, it's completely something that only exists in romance novels. How Rude!"

"So you learned those vulgar words from romance novels as well?" He frowned and wondered where she learned those vulgar words!

Shi Nuannuan couldn't help but pause for half a second and said, "This, I was born with it!"

Born with it? With whom? Xiao Tian and Lanzhi weren't people who swore, so who was she with?

Forget it, he didn't want to care about such trivial matters!

"Bring the eldest miss in!"

With another order, the two bodyguards in black were about to step forward!

"Wait!" Shi Nuannuan opened her arms and puffed out her chest. "I'll go in myself!"

What a joke, she was the eldest miss of the Shi family, how could she be dragged in!

After saying that, she straightened her back and walked into the main door of the Cheng Residence!

"Young master, master Shi and eldest Miss Shi are here."

In the living room, a servant reported.

Cheng Huan, who was sitting on the sofa, heard this and immediately walked towards the main door of the living room.

When he saw Shi Nuannuan, he was a little surprised and immediately revealed a smile.

Then, he greeted Shi Le, "Grandpa Shi."

Looking at the young man in front of him, Shi Le's face darkened. "Where's your grandfather? Is he okay?"

"He's in the bedroom upstairs."

Shi Nuannuan, who didn't see Old Master Cheng, was also a little surprised.

In the past, when Old Master Cheng came to the Cheng family, he would definitely be eager to come out and greet her. Then, he would be all kind and amiable. Today, she looked around the entire living room, but she didn't see him. She even felt strange.

Shi Le sighed and walked in. "Let's go up."

On the second floor.

In the master bedroom, Old Master Cheng's face was obviously much more haggard than before. His originally energetic face was now a little dark yellow.

"Old Cheng, how are you?" Shi Le was a person who did not easily grieve. At this moment, when he saw his old comrade being tortured by the illness, he could not help but feel sad.

Beside the bed, Father Cheng and mother Cheng were also standing guard. It was not difficult to see that both of their faces were very hurt, especially Madam Cheng, whose eyes were clearly red.

Seeing this scene, Shi Nuannuan was a little stunned.

When he saw the two people who came in, Cheng wanted to get up from the bed, but he could not do it. He could only look at the two of them and smile. "You're here."

"Hey, don't get up. Lie down properly!" Shi Le quickened his steps to the side of the bed and comforted him.

"How is he?" Shi Le raised his head and asked the attending doctor beside him.

The doctor looked at him with a solemn expression.

Chapter 1166 why didn't he go to the hospital?

The Doctor didn't answer him directly, probably because Old Master Cheng was there. He just sighed and lowered his face.

"It's okay, it's okay. I'm fine. Don't worry." Old Master Cheng smiled, but it looked like he was forcing a smile.

He was already satisfied with his life at this age, but he still had one wish that he hadn't fulfilled.

That was to see his grandson get married and start a family.

Initially, he had planned to have a great-grandson. However, from the looks of it now, he was afraid that he would not be able to wait until that time.

"What's So Good About You! ?" Shi Le could not help but frown.

Back then, they had fought together side by side. After they retired, they were life and death friends. Although one of them was in country C and the other was in country Z, their friendship had always been very good. Now that he had seen his life being devoured by the illness, Shi Le could not help but feel sad.

But perhaps because he was a man, he would not show it on his face even if he had something in his heart.

"I say, Old Shi, can you not be so glum?" Looking at his appearance, Old Cheng could not help but complain.

Although Shi Nuannuan did not understand, from their expressions, it should be that grandfather Cheng's condition had worsened, right?

"Nuannuan, come, let grandfather Cheng look at you again."

After saying "look at you again", Shi Nuannuan obviously noticed that Mrs. Cheng was crying sadly, but she seemed to be deliberately holding it in.

What was going on?

Looking at the extremely depressing atmosphere, Shi Nuannuan frowned and walked to the bedside.

"Grandpa Cheng." Out of politeness, she smiled.

And Grandpa Cheng liked her innocent smile. It was clear, clean, and didn't have any ulterior motives.

The girl Cheng Huan brought back earlier was obviously close to his grandson for the position of young Madam Cheng, so he didn't like her at all!

Holding her hand, Old Master Cheng's eyes were filled with love for her.

"Nuannuan, how's your... impression of that kid Cheng Huan? Has it improved a bit?"

Before, Old Master Cheng was very clear that Nuannuan didn't have that kind of intention towards her grandson, but after this period of time together, he found that the relationship between the two seemed to be much more harmonious than before. Perhaps it really was love after a long time.

Hearing this, Shi Nuannuan could not help but pause. She turned her head and her gaze fell on Cheng Huan's face.

She did not want to deceive grandfather Cheng, but when she thought of what Cheng Huan said last time, she could not help but sigh in her heart. If this lie could be maintained for a very, very long time, perhaps it would be a good thing for grandfather Cheng.

Thinking of this, she smiled. "It's pretty good. My impression of him has always been good. There's no need to do anything to improve it!"

Hearing her words, Grandpa Cheng smiled.

It seemed that there was hope for these two children.

Then he had to persevere until the day they got married.

During lunch, in the living room downstairs.

Shi Le stood to the side and asked about Grandpa Cheng's condition.

“Since it’s like this, why don’t you go to the hospital?” Although the attending physician was very capable, the hospital’s facilities were more complete than at home, so the treatment would definitely be much better.

Hearing Shi Le’s words, the attending physician’s face darkened. “I also asked for it, but Old Cheng refused no matter what.”

“Why?” Shi Le frowned, somewhat puzzled.

The doctor glanced at him with a face full of melancholy. “Old Cheng seems to be very clear about his condition. His life is already... not much left, so he must stay at home and refuse to go to the hospital no matter what.”

Chapter 1167 even if she died, she had to die at home

When she said this, she paused and continued, “In other words... even if she died, she had to die at home.”

As soon as the Doctor said this, Madam Cheng could not help but start sobbing again.

Cheng Huan walked over and hugged his mother’s shoulders as if he was comforting her. “Mom, Don’t cry.”

Madam Cheng couldn’t stop sobbing. “I thought I could live for a year or so, but suddenly... sob...”

Looking at Madam Cheng who was sobbing uncontrollably, Shi Nuannuan was completely shocked.

No matter how dumb a person was, they could still understand the meaning in her words. Could it be that Grandpa Cheng was going to... Die?

Guessing this result, Shi Nuannuan’s face instantly darkened.

“Mom, stop talking.” Cheng Huan was also feeling a little uncomfortable at this moment. He felt that something was stuck in his throat, and it was very uncomfortable.

Listening to the Doctor’s words, Shi Le, who had the power to rule the world, was also feeling sorrowful and powerless at this moment. “How can this be?”

“Is there really, really no way to treat it anymore...” Shi Nuannuan still found it hard to believe. It felt like it happened in the blink of an eye. Previously, he was still so energetic., how could it happen in such a short time..

In the living room, everyone was silent.

At this moment, the Butler came down from upstairs.

“Miss Shi.”

Hearing the Butler’s voice, Shi Nuannuan turned her head and saw the old Butler walking downstairs with a sad face.

“Our master wants to see you.”

Shi Nuannuan could not help but be stunned. She looked at her grandfather.

“Go!”

“And young master, Old Master wants you and Miss Shi to go up together.”

Shi Nuannuan’s footsteps could not help but stop as she turned around to look at Cheng Huan who was also in a daze.

Following that, under the lead of the Old Butler, the two of them walked towards the master bedroom on the second floor.

It was past noon, 1:20 pm.

In the hospital ward, Xiang Yi kept looking at the time on his phone screen, his expression thoughtful.

He only said that he would go back to take a shower and change his clothes. It shouldn’t take so long.

Moreover, with her character, if she didn’t come at the agreed time, she would definitely call him.

Looking at his phone, he wanted to call her number, but at this moment, the door of the ward was pushed open.

Feng Shunqing walked in.

Looking at his uncle who came in, Xiang Yi looked calm and didn’t say anything.

“Are you feeling better?” Feng Shunqing could not help but ask when she walked to the bedside.

Xiang Yi nodded. His voice sounded a little indifferent, perhaps because he was very cold towards Nuannuan.

“Yes.”

Feng Shunqing felt a little better when she could not see Shi Nuannuan’s figure in the ward.

“Ah Yi, I know that you may hate me, but you only need to be clear that nothing uncle does will harm you again. You can marry any girl you want, but only Nuannuan –”

“Uncle!” Xiang Yi interrupted him helplessly. His deep gaze was fixed on the person in front of the hospital bed. His tone was calm, but powerful, “I don’t understand. What happened to you that afternoon? Why did you change the moment you came back? Didn’t you like Nuan Nuan in the past? What changed your attitude toward her? She is a girl. I don’t want you to say anything excessive to hurt her!”

Although his tone was very soft, Feng Shunqing could hear the blame in his voice.

He didn’t hate Nuannuan, but... She, she was the granddaughter of his enemy! ? If he married Nuannuan, how could his dead sister bear it?

Chapter 1168, the real reason

Was he going to let his granddaughter, who had killed his enemy, call him 'mother'?

"I don't hate you. I just hope that you won't hurt Nuannuan."

"There are so many girls. Do you really want Nuannuan?"

"Yes, I do."

"Okay, then I'll tell you why you can't be together!" Feng Shunqing's eyes were filled with pain as she recalled the last words Xiang Yi's mother said before she died: brother.., take care of my child... Please, take care of him..

Xiang Yi could not help but raise his eyes and meet his uncle's dark eyes. His brows furrowed slightly.

Was there really another reason?

What was it? What was the reason that caused his uncle to have such a huge change in nuannuan! ?

"Do you still remember the scene when your mother was lying in a pool of blood when you were six years old?"

The moment he said that, the painful memory that was buried deep in Xiang Yi's heart was instantly revealed. It made his heart ache, as if he had been stabbed by a steel knife.

That year, he saw his mother lying in a pool of blood because she was protecting him. As a six-year-old, he could only watch and cry bitterly. But in the end, his mother still left him, she left him alone in this world.

But why did his uncle mention this to him? At this time, he did not want to think about it, nor did he dare to think about it.

That year, because she could not stand her father's domestic abuse, she took her young self to escape from that family. Who knew that she would encounter a car accident halfway through her escape. He cried so much that he did not know what to do, and fainted at that time, he was sent to the same hospital.

However, when he woke up, the ward was empty and no one was there. He was in a hurry to find his mother, so he lost his way in the huge hospital. When he was found, his mother was already dead, and he.., because of that, he was sent to the orphanage. In the chaos, he made a mistake with his uncle.

"Why are you bringing this up to me?" Looking at his uncle, Xiang Yi's dark black eyes were dyed with a touch of scarlet, and he was in pain.

"Don't you want to know the reason? I'll tell you the reason right now. Nuannuan is..."

Feng Shunqing was about to say it when the door of the ward was suddenly pushed open and he was interrupted.

The two of them turned around and saw two bodyguards standing on both sides of the door. The one who walked in the middle was Shi Le.

The moment they saw him, not only Xiang Yi, but even Feng Shunqing had a look of surprise on their faces! Even their hands started to tremble!

Looking at the group of people who walked in, Xiang Yi's expression calmed down after the shock. He got up from the bed and stood in front of Shi Le, bowing.

"Master."

From the moment he saw Shi Le, Xiang Yi seemed to have guessed his purpose for coming here.

His heart was as still as water, without the slightest ripple.

After Shi Le came in, he only glanced at him briefly before walking straight to the sofa and sitting on it.

He raised his eyes and was about to look at Xiang Yi when he noticed Feng Shunqing beside him. He could not help but frown.

Firstly, the one-armed Feng Shunqing was already very eye-catching. Secondly, he felt that this simple and honest middle-aged man in front of him looked somewhat familiar.

Feng Shunqing was also staring at him. However, her dark eyes were instantly filled with hatred!

Shi Le also felt the hostility in his eyes at that moment, and his dark eyes darkened even more, and there was even a hint of confusion in them.

Chapter 1169. Shi Yan's attempt to stop him

However, he did not think too much about it, because he came here today to look for Xiang Yi.

Thinking of this, his gaze fell on Xiang Yi's face. His tone was indifferent, as well as his inherent dignity.

"Nuannuan has already told me about your matter."

Xiang Yi raised his eyes and met his face that was full of dignity. However, he was not afraid in the face of danger, and his face was still calm.

He had even guessed what the old man was going to say next.

"You should know your own identity. Nuannuan is a woman you can not reach!" One sentence directly trampled on all of his dignity.

However, Xiang Yi was not a person who would lose without a fight.

From the moment he decided to be together with Nuannuan, this day would come sooner or later.

What he had to do was not to retreat, but to go forward bravely and overcome all the obstacles in front of him and Nuannuan!

"Master," he suddenly opened his mouth. Sometimes, Shi Le actually quite admired the arrogance in his bones. He also knew why he could gain his grandson's trust all these years.

Everyone had his outstanding side. Otherwise, how could he catch his grandson's eye.

However, outstanding was outstanding, but his identity was there.

How could he be Shi Le's grandson-in-law if he did not belong to the right family?

"If Nuannuan says that I'm not good enough for her, I'll leave."

"You!" A flash of anger appeared in Shi Le's eyes, "She's still young and hasn't experienced many things. She's only infatuated with you for a moment. I hope that you can understand your identity. In our Shi family, you're just a servant who signed a life and death contract. Your life belongs to our Shi family. How can you be good enough for Nuannuan!?"!

"I've already lifted his life-and-death contract!"

At this moment, another voice rang out.

Everyone looked over when they heard the voice. They saw the door of the ward being pushed open once again. Shi Yuting's tall and straight figure walked in. Wen Sheng had just entered the ward.

Shi Le was also a little surprised when he saw his grandson, but what was even more surprising was the words he had just said.

"What did you say just now?"

Shi Yuting raised his eyes and met his grandfather's gaze. His tone was calm, but it was supreme. "I've already lifted Xiang Yi's life-and-death contract."

Shi Le could not help but frown. "You knew about this long ago?"

Shi Yuting was silent, tacitly agreeing.

"Both of you!" Shi Le's face was full of anger. He then looked away. "In any case, it's impossible for Nuannuan to be with him. She's about to get engaged to Cheng Huan!"

The moment the words came out of their mouths, Xiang Yi and Shi Yuting could not help but turn pale. They frowned and looked at Shi Le.

Xiang Yi, in particular, felt as if his heart had been struck by a heavy blow.

Engaged? What did that mean?

"Grandfather, what do you mean by engaged?" Shi Yuting was the first to ask.

Shi Le glanced at him and turned around. "Nuannuan and Cheng Huan are going to be engaged soon!"

Xiang Yi looked at Shi Le in a daze as his hands gradually tightened. He had never felt so lost before.

Nuannuan was going to get engaged to Cheng Huan? Was it true, or was it master's one-sided explanation?

Shi Yuting furrowed his brows. He suddenly realized something and his eyes darkened.

"Ah Yi, now you know that a young miss like Nuannuan is just toying with your feelings!" Feng Shunqing, who had remained silent the entire time, could not help but rush over at this moment and grab Xiang Yi's arm, "Ah Yi, I'm sorry."

Xiang Yi glanced at his uncle. "She won't."

"You, you're deceiving yourself!"

"He's right. Nuannuan is just curious about you." Shi Le agreed. Then, his gaze fell on Feng Shunqing's face. He felt like he had seen him somewhere before.

Chapter 1170 the car accident 21 years ago

After all, it had been more than 20 years since the accident. Both of them had experienced many vicissitudes of life, and the traces of their youth had been erased by time. Even so, their facial features did not change. Shi Le looked at Feng Shunqing with only a few more wrinkles on his face, the more he looked at her, the more familiar she became.

He could not help but ask, "Have we met somewhere before?"

A man like him, who stood at the top of the world, could not help but be wary.

Looking at the middle-aged man, Shi Le's dark eyes narrowed, trying to recall something through that familiar face.

Meeting his dark eyes, Feng Shunqing let go of Xiang Yi's arm and turned to face the powerful man in front of her.

Back then, it was precisely because of his extraordinary status that his only biological sister was wronged to death!

Now, after 21 years, Feng Shunqing had met her enemy again. Naturally, she was filled with resentment!

"Why, have you forgotten me so quickly?"

Hearing this, Shi Le could not help but frown.

The conversation between the two also surprised Shi Yuting and Xiang Yi.

One was an unknown country bumpkin, while the other was a famous figure in C nation. How did the two of them meet?

"Qin Siyi, do you still remember this name?" Looking at Shi Le, Feng Shunqing asked hatefully.

Shi Le furrowed his brows. This name seemed to have appeared in his mind before, but he couldn't remember who it was.

"I don't remember." Facing an unfamiliar man and still being so unreasonable, Shi Le naturally didn't give him a good look. Instead, he spoke with a dark expression.

Feng Shunqing did not expect him to say that he did not remember. The hatred in her heart could not help but deepen!

"You, twenty-one years ago, you used your power to bully others and killed my sister. However, you threw down a cheque and suppressed this entire matter. You can hide it from the entire nation, but you

can't hide it from me!" Back then, he had no way to complain, it was all because Shi Le's power was monstrous!

Hearing what he blurted out, Shi Le frowned slightly and his dark eyes narrowed.

Qin Siyi?

There seemed to be a vague memory in his mind. 21 years ago, there was indeed a car accident, but after so many years, he couldn't remember it clearly.

"Uncle, you... What did you say just now?" At this moment, Xiang Yi suddenly spoke, his eyes filled with shock and disbelief.

Qin Siyi was his mother's name!

What the hell was going on?

His brows were tightly knitted together. His dark eyes were gradually tainted with a touch of pain.

Feng Shunqing turned his head and repeated what he had said earlier. Pointing at Shi Le, she said to him, "He is the person who killed your mother back then!"

In an instant, the entire ward fell silent.

Xiang Yi looked at his uncle in disbelief.

"Your mother is innocent. Do you still want to take your enemy's granddaughter as your wife?!"

His words were like a thousand-pound stone that fell on Xiang Yi's heart. It pressed down on him so hard that he could not breathe for a moment. It was as if something had pierced through his heart.

Shi Yuting, who was at the side, was also very surprised by the sudden turn of events. He looked at Feng Shunqing in a daze.

Shi Le was slightly distracted. He seemed to have finally remembered the middle-aged man in front of him!

"You... You're the man who wanted to sue me in court back then?"

"That's right, it's me!"

Back then, he had nothing. A commoner could not fight against the dark officialdom at all. As such, after so many years, he could only shrug off this injustice.

When he thought of his sister's death, he wished he could kill the man in front of him with his own hands!

Looking at Feng Shunqing and his uncle in front of him, Shi Le's eyes suddenly flashed a touch of ruthlessness.
