

Kiss Me 1191

Chapter 1191 you don't need to apologize

Looking at her haggard face, he wanted to hug her into his arms, but the image of his mother lying in a pool of blood flashed through his mind, and that impulse was killed.

"Xiang Yi..."

Looking at the man in front of her that she had not seen for a long time, Shi Nuannuan's heart felt as if it had been cut by a knife, throbbing in pain.

There were so many things in her heart that she wanted to say to him, but at this moment, she did not know what to say.

He glanced at her. His deep black eyes made it impossible to guess what he was thinking, mysterious yet cold and ruthless.

"What are you doing here?"

His voice was very cold, causing her to be slightly startled.

"I, I'm here to look for you."

"What are you looking for me for?" He walked to the sofa and sat down, casually lighting a cigarette.

This was the first time she saw him smoking.

She looked at the ashtray on the coffee table. There were many cigarette butts that had been extinguished. They should have been extinguished in a short period of time.

"I..." The words were on the tip of her tongue, but she did not know what to say. "I have something to say to you."

He did not speak again. Instead, he looked ahead coldly.

The Man in front of her gave her a strange feeling that she had never felt before. She knew that the current him must hate their Shi family to the core.

"I'm sorry." In the end, she could only lower her head and say these three words.

He was stunned, but he still did not turn his head to look at her.

His voice was still very indifferent. "Why do you have to say sorry?"

She raised her eyes and stared at his face. "My, my grandfather, he..."

"This has nothing to do with you. You Don't need to apologize."

She was stunned.

Nothing to do with me?

These words were especially piercing to her heart.

“Nothing to do with me. Then why did you...”why did he ignore her.

Tears could not stop flowing down her face. She bit her lip and felt a stabbing pain in her heart.

“Then why did you ignore me? Why did you end things with me...”she asked while crying. If it really had nothing to do with her, why was he so cold and heartless these days.

Hearing her sobs, he did not dare to turn his head. He was afraid of how she would cry, afraid that he would not be able to help but pull her into his embrace and dote on her.

“Xiang Yi, you said that you wanted me to wait for you. You said that you would only marry Shi Nuannuan in this lifetime...”

On the sofa, his heart was being stabbed fiercely. His palms gradually tightened as if he was enduring something.

Finally, he turned his head and looked at her crying bitterly.

Every tear was like an ice-cold sharp sword, piercing into his heart.

“Then what do you want me to do?”His voice was very soft, but his eyes were filled with pain, helplessness, and even hatred.

Shi Nuannuan was stunned. She did not know what she wanted him to do.

However, she did not want to be separated from him. She did not want to lose him. She really... could no longer take back her heart, which had long fallen.

“Have you ever experienced it yourself, watching your mother fall in a pool of blood while you were powerless?”His eyes were burning as he stared at her and enunciated each word.

“But...”she was in so much pain that she couldn’t speak. “But I don’t want to lose you... I –”

“Then what do you want me to do! ?”He couldn’t help but Roar in pain, his heart felt like it was being gnawed by thousands of ants, and the pain penetrated into his bone marrow. He looked at her with heartache. “Do you want me to leave all this behind and still be with you? Or do you want me to marry you and let you call my mother ‘mother’ in front of my mother’s Grave?”

His words were like a bolt from the blue, striking Shi Nuannuan hard.

Chapter 1192: Why did it cost you to lose you..

She looked at him. Her chest was like thousands of arrows piercing through her heart. She was in so much pain that she could not breathe.

“I, I didn’t mean that...”she also knew that the hatred in his heart was irreconcilable, but... Her Heart was also in so much pain.

“Then what do you mean?”He looked at her with heartache and asked.

"I . . ."She was speechless.

She knew that what she wanted was not to be separated from him and not to lose him. However, all of this was difficult for him to choose.

After all, no one would marry the child of their enemy.

But what should she do..

She only wanted to be with him and did not want to be the granddaughter of his enemy. However, she could not abandon her family and did not want to lose him. What should she do? What should she do..

Tears poured down like a broken dam. They could not stop trembling and sobbing. His heart was also crushed.

After a long while, she looked at him and said, "I didn't do anything wrong, but why... why do I have to lose you to solve all of this? Why... why is the price of Losing You! ?"

She knew that she would never be able to return to him after killing her mother.

If she hadn't fallen in love with him in the beginning, if she had given up on him in the beginning, would she not be in so much pain today?

Her tears blurred her vision, and she turned around to leave his apartment.

He stood there, watching her back disappear in despair because of the heartache.

Nuannuan..

A voice was calling from the bottom of his heart, but it was like an ice-cold sharp sword piercing through his heart.

"Nuannuan!"

Her heartache and despair lingered in his mind again and again. After a while, he finally could not help but turn around and chase after her!

...

The night in Z city was still bustling, but to Shi Nuannuan and Nuannuan at this moment, it was a dead silence.

At one o'clock in the morning, she strolled along the quiet streets. A bolt of lightning streaked across the sky, followed by a rumbling sound.

The weather in June was somewhat hot. Shi Nuannuan, who was walking alone on the streets, felt that she was in a freezing pond, extremely cold.

On the other side, Xiang Yi, who had chased her out of the apartment, did not see her. When he thought of her pained and desperate look, his heart seemed to be on the verge of going crazy, extremely anxious!

Boom —

Another thunder flashed, and it also shocked Xiang Yi's heart at the same time.

Soon, bean-sized raindrops fell from the fierce wind and hit his black suit jacket.

Looking Up, there was no sad and lonely figure in the wind and rain. His heart began to become anxious, uneasy, and frantic.

"Nuannuan..."

He took out his phone and tried to call her number, but no one answered.

Did she go back?

He stood in the rain and let the raindrops hit him. His heart was anxious and uneasy.

He took out his phone and thought for a while. Then, he dialed Zuo Weiyi's number.

In the bedroom, Zuo Weiyi, who was worried about nuannuan, did not fall asleep.

He did not know if Xiang Yi had gone back or what happened to Nuannuan?

He turned to look at the clock. It was already 1:30 in the morning.

Even if Xiang Yi had not returned, Nuannuan should have stayed in his apartment, right?

Thinking of this, Zuo Weiyi felt relieved. She turned to look out of the window, which was filled with lightning and thunder. Only then did she lift the thin blanket on her body and lay down to sleep.

"Still not sleeping? Are You Waiting for something?"

Just as she lay down, she heard a low voice.

Chapter 1193 Did Nuannuan Return?

Zuo Weiyi could not help but be stunned.

Just as she was about to speak, her phone rang.

The quiet room was cut by the ear-piercing ring. Zuo Weiyi and Shi Yuting frowned. Why would someone call at This Hour?

Knowing that it was her phone, Zuo Weiyi sat up again. Shi Yuting also sat up and stared at the white phone.

Seeing that the caller ID was 'Xiang Yi', Zuo Weiyi was slightly stunned.

After hesitating for two seconds, she picked up the call.

"Hello?"

"Young Madam." His deep voice sounded on the phone. Zuo Weiyi could hear a hint of anxiety that she had been holding back. She suddenly felt uneasy.

“Xiang Yi?”

“Nuannuan, did you go back?” He tried his best to control his voice, but it was still a little shaky.

As soon as he said this, Zuo Weiyi could not help but feel shocked.

By asking this, did it mean that Nuannuan was not in the apartment and had come back?

Thinking of this, she suddenly got up from the bed and rushed out of the room with her phone in hand.

Seeing her action, Shi Yuting also frowned and lifted the quilt to get off the bed.

When she came to Nuannuan’s room, there was no one inside, and the anxiety on Zuo Weiyi’s face became even more obvious.

“When did she leave?”

“It’s been more than 40 minutes.”

“She didn’t come back...”

Hearing Zuo Weiyi’s answer on the phone, Xiang Yi’s heart tightened.

He looked up at the roaring thunderstorm and hung up the phone with a Bang!

“Nuan Nuan!” In the rain, he shouted her name with all his might. Other than the sound of rain and wind, there was no other response.

Hearing the busy tone coming from the receiver, Zuo Weiyi’s heart was also anxious. “Hello! ?”

She wanted to ask about the situation, but Xiang Yi had obviously cut off the call.

“What’s going on?” Shi Yuting’s voice came from behind.

Zuo Weiyi turned her head and looked at him with an anxious expression. “Nuannuan, something seems to have happened to her...”

Shi Yuting’s eyes darkened and his heart froze.

...

In the heavy rain, Shi Nuannuan dragged her exhausted body and walked step by step on the deserted street.

The cold raindrops hit her face. It was hard to tell whether it was rain or tears. Her face looked as if it had already died. There was not a trace of life on it, and it was as pale as a piece of paper.

She did not know how long she had walked for. When she came back to her senses, she only saw that there was no one on the street in the pitch-black night. Only the endless stream of cars were still galloping in the heavy rain.

What time was it?

She wanted to look at the time, but she realized that she did not have her phone with her at all.

When she looked down, she caught a glimpse of the somewhat dazzling emerald ring. It was baptized by the rain, but it could not wash away the pain in her heart.

She raised her head and looked at the Empty Street. The endless stream of night might have been because of the heavy rain, so she could not see anyone at all.

She walked step by step to the side of the road and watched the cars speeding past. She wanted to call a taxi back to Shi mansion.

However, in the heavy rain, every time she raised her hand, no car was willing to stop. It was as if even the heavens were bullying her.

Not only was it raining, but she could not get a taxi back.

Her heart was stinging. She squatted helplessly in the heavy rain and cried out loud..

That back view looked so desolate and heartbroken.

After an unknown amount of time, the storm finally stopped. Shi Nuannuan cried until she was in tears. When she looked up, she could clearly feel that she was very tired and that the world was spinning around her.

Chapter 1194 I told you to stop the car!

It could be caused by the sadness of the past few days.

She knew that if she didn't go back now, she might fall into the heavy rain.

So she got up and wanted to stop a car. When she raised her hand, there was indeed a car parked in front of her.

It seemed that God still had a trace of pity for her.

Walking forward, she opened the car door and sat inside without thinking too much.

Inside the car, she leaned weakly against the back seat and looked at the pouring rain outside the car window.

Suddenly, an unfamiliar road crashed into her line of sight. She came back to her senses and looked at the streets on both sides of the car window. This was not the way back to Shi Mansion.

Having grown up in a wealthy family, she quickly gained a sense of safety and raised her head to look at the driver.

"Master, where are you going?" Her entire body tensed up as she stared at the driver with a hint of vigilance.

Through the rearview mirror, a crafty look flashed across the driver's eyes before he smiled and said, "Hehe, you haven't said where you're going yet."

Shi Nuannuan could not help but feel warm.

When she got into the car just now, she had indeed not told the driver where she was going.

“White Dragon District, Bibo Road.”

Hearing that, the driver looked at Shi Nuannuan through the rearview mirror again and said, “Alright! I’ll turn around at the intersection ahead.”

When the driver said that, Shi Nuannuan did not think too much and turned her head to look out of the car window again.

But in the next second, her dark eyes narrowed slightly and her gaze fell on the driver in front again.

She did not say where she was going, so why did he drive the car here?

Shi Nuannuan turned around and saw that the car had gradually left the city!

“Who exactly are you! ?” Her eyes turned cold as she stared at the driver in front and asked sternly!

The driver was obviously shocked by her roar and could not help but feel a little timid.

But after a while, he still pretended to be calm. “Miss, what are you talking about? Of course I’m —”

“Stop the car!”

Without waiting for the driver to finish his words, Shi Nuannuan’s face immediately showed a hint of hostility as she glared at the driver and said!

However, the driver didn’t have the intention to stop the car. Instead, he accelerated and sped away from the city in the rainstorm!

“I told you to stop!”

At this moment, Shi Nuannuan had also realized the danger. She stood up abruptly and was about to grab the driver’s steering wheel!

When he saw Shi Nuannuan suddenly pounce on him, the driver was also a little shocked because the speed of the car was very fast. If he was not careful, he would flip over and die!

“What, what are you doing? Let Go, let go!”

“I told you to stop the car!”

The driver held the steering wheel tightly, but he still had no intention of stopping!

“Who exactly are you! ?” Shi Nuannuan roared angrily! She was also very clear that daughters of socialites who grew up in wealthy families like them would often be kidnapped by criminals or family enemies. When she thought of this, her heart started to panic.

With her current state, the consequences of falling into the hands of criminals would be unimaginable!

Under her roar, the driver still turned a deaf ear to her and tried his best to control the steering wheel!

The rapid braking sound rang out in the heavy rain. Due to inertia, Shi Nuannuan's entire body suddenly flew towards the central control position. Following that, she only felt a blow to her head. She was already a little weak to begin with., the next second, she felt her vision go black and she fell down..

On the other side, the Black Audi was driving slowly in the rain. From the apartment to Shi Mansion, there was no sign of Nuannuan at all.

Chapter 1195 what did she do wrong! ?

Helpless, he had no choice but to return to his apartment, hoping to find her on the nearby streets.

"Shi Nuannuan!" In the heavy rain, Xiang Yi kept shouting her name as if he had gone mad.

However, the only response he got was the howling of the wind and rain.

Heartache and regret swallowed him alive, causing him to sink into eternal damnation!

On the other side, an angry figure rushed toward him at high speed.

Shi Yuting had always been rational, but now that he could not see his sister, he was like a lion that had lost control. He quickly rushed over and grabbed Xiang Yi's collar. His angry eyes seemed to want to pierce through the man in front of him!

"What did she do wrong! ?"

Being grabbed by his collar, Xiang Yi was not afraid of Shi Yuting, who used to be his immediate superior, because he had both kindness and hatred toward the Shi family!

"Ting, don't be like this. Calm down first. It's more important to find Nuannuan!" In the heavy rain, Zuo Weiyi rushed over, trying to pull the two of them away.

"Do you know that she is the most pampered person in the Shi Family? She would do anything for you, but what did you give her? !"

They had pampered this little sister since she was young. She was afraid of melting in her mouth and afraid of the cold in her hands.

As long as she wanted everything, no one would refuse to give it to her. Yet, she had fallen in love with this man and did not hesitate to turn against her family to be together with him!

"I want to give her everything she wants! But what do you want me to do? ! If it were you, what would you do? !" In the rain., xiang Yi also roared in heartache. The love and hatred that had accumulated in his heart for the past few days had almost torn him apart, and he wanted to vent it out through this cry!

Shi yuting could not help but be stunned.

He was also aware that such a thing had happened. If it were him, it would be very difficult for him to make a decision. However, the one who had gone missing was his own younger sister, his only younger sister. Naturally, he would be anxious and crazy. He would want nothing more than to beat up the man in front of him!

“She is the only woman in my life that I want to love and cherish! But my mother, she died in front of me just like that. What do you want me to do! ?”He roared in pain in the rainstorm!

In the face of Love and hate, his heart felt like it was being hammered by a thousand hammers. It was so painful that he wished he could die!

“You don’t know what to do? Then find her and let her die the heart that fell in love with you!”Shi yuting loosened his grip, he pushed him to the ground fiercely and glared at the man sitting in the rain with anger in his eyes. “But once a person’s heart dies, you can never find it again!”

After saying that, Shi Yuting turned around and pulled Zuo Weiyi back to the car, continuing to search for Nuannuan’s voice.

In the rain, Xiang Yi did not stop for a moment as he watched the two of them leave. He got up and continued searching.

...

After an unknown amount of time, Shi Nuannuan’s vision blurred.

She shook her head and felt dizzy. Moreover, her forehead was faintly aching.

“You’re awake.”

A woman’s voice was heard. Hearing this familiar voice, Shi Nuannuan narrowed her eyes and turned her head.

In the next second, she felt her hands tied. When she looked up, she saw a familiar face.

“An Zhihan! ?”

Looking at Shi Nuannuan in front of her, an Zhihan smiled smugly.

“You didn’t expect me to appear here, did you?”

She really didn’t expect an Zhihan to come here?

Shi Nuannuan looked at her coldly. She didn’t speak, nor was she interested to know why she was here.

Chapter 1196 was she being stubborn?

However, her hands were tied. Thinking of what an Zhihan had done in the past, even hitting her with a car, and how she had tried so hard to kidnap her today, she definitely wouldn’t end up well!

She raised her head and looked around the unfamiliar house. No, it should be the basement, right? There wasn’t even a window. Her surroundings were empty.

“Speak, what do you want?”She raised her eyes and looked coldly at an Zhihan in front of her.

Looking at her calm and composed appearance, an Zhihan couldn’t help but want to laugh.

“Ha! Shi Nuannuan, are you still asleep?”

“I’m awake. If I’m not awake, how can I see your disgusting face?”

“You!” An Zhihan instantly flew into a rage, but she couldn’t say a word!

Nuannuan, on the other hand, continued to glare at her coldly. She immediately turned her head, trying to find a way out.

In such an empty space, even if she shouted, no one would hear her, right?

Thinking about how she might be bullied by an Zhihan later, she felt extremely frustrated.

Unfortunately, she did not have much strength at the moment. If she had known that she would meet an zhihan, she would have eaten properly and conserved her strength.

“Men!” An Zhihan suddenly spoke as she glared at Shi Nuannuan, who still did not show any signs of fear. She then turned her gaze to the wooden stick in one of the hands. “Give it to me!”

There was some anger and resentment. If she did not do it herself, she would not be able to resolve the resentment in her heart!

Hearing her order, the man quickly stepped forward and handed the wooden stick to her.

An Zhihan took it and walked towards Shi Nuannuan with a smile on her face. There was a sinister look in her eyes.

Looking at the way her wooden stick was walking towards her, Shi Nuannuan knew that she had no way out. However, lowering her head and begging was not her style, so she was not afraid at all. She just calmly looked at an Zhihan who was walking towards her.

“Are you stubborn?” Coming in front of her, the smile on an Zhihan’s face deepened.

She knew that Shi Nuannuan had some self-defense skills, so she had someone kidnap her before she woke up. Let’s see how she can maintain her arrogance!

Shi Nuannuan stared at her without making a sound.

At this moment, she had no way out. Her only chance of survival was to wait for her brother to come and find her.

But..

Would her brother know that she had gone missing?

She remembered that Xiang Yi had not chased after her when she ran out, and her sister-in-law would definitely think that she had stayed in Xiang Yi’s apartment the entire night, so until the next morning.., no one would know that she had been brought here by an Zhihan.

Damn it!

She cursed in her heart, how could it fall into the hands of this woman!

Before she could come back to her senses, she saw an Zhihan in front of her with a ferocious look in her eyes, and then she fiercely raised the wooden club in her hand. In the next second, Shi Nuannuan felt a sharp pain coming from the position of her left arm!

It had to be said that this an Zhihan was really ruthless. She directly fell to the ground after being hit by the stick.

No, her endurance should be more than this. Why couldn't she even withstand a single stick?

Was it because she hadn't treated herself properly these past few days?

Just as she was thinking about it, another stick smashed down fiercely from her back.

Unwilling!

Despite the sharp pain, Shi Nuannuan was indeed unwilling.

She had never been bullied since she was young, yet she was willing to stand here and let this woman beat her up?

She was unreconciled!

Bearing the pain, Shi Nuannuan kept trying to break free from the hands tied behind her back. However, the more she struggled, the more painful her wrist became.

Chapter 1197 an Zhihan, I have a word for you

"Does it hurt?" After giving her two heavy blows, an Zhihan finally felt the resentment in her heart dissipate a little. If it weren't for her, she wouldn't have fallen from being the eldest daughter of the An family to becoming Guo Zihao's mistress!

She originally thought that if she could get close to Guo Zihao, she would very likely become Mrs. Guo. Who knew that just last month, Guo Zihao actually got engaged to another woman for the benefit of the company, and she.., could only become his secret mistress!

Thinking of this, her hatred for Shi Nuannuan deepened. If it weren't for her, she wouldn't have fallen to such a state!

After two strokes, Shi Nuannuan was indeed a little dizzy. It wasn't because of these two strokes, but because her condition these few days was too bad.

She slowly raised her head, her clear eyes covered with a layer of scarlet red blood.

"An Zhihan, I have a word for you."

Seeing that there was still no trace of a prison on her face, an Zhihan was so angry that she tightened her grip on the wooden stick in her hand again!

"Today, you can either beat me to death, or wait for me to get out of here. I will make your life a living hell!" Shi Nuannuan said word by word, forcing it out from between her teeth, especially her pair of cold eyes that were so cold that they could force out cold air, they were exactly the same as Shi Yuting!

An Zhihan could not help but be startled when she came into contact with her eyes that were filled with cold light and killing intent. It was as if she had fallen into a glacier in an instant, and the cold air was threatening.

However, she quickly regained her calm and the corners of her mouth curled up into a smile.

“Alright, I’d like to see how you’re going to get out of here today and how you’re going to make my life a living hell!” As soon as she finished speaking, she raised the stick in her hand once again and mercilessly smashed it at the top of Shi Nuannuan’s head!

Shi Nuannuan knew very well that if she didn’t die from this strike, she would most likely be half dead!

At the critical moment, she gathered all the strength in her body and abruptly stood up, raising her leg and ruthlessly kicking it towards an Zhihan’s stomach!

Success or failure depended on this one move. She couldn’t show any mercy with this kick. She had to kick an Zhihan until she could no longer stand up!

Indeed, Shi Nuannuan’s kick was ruthless enough. It directly sent an Zhihan flying, slamming into the wall and causing her to fall onto the ground!

“Ah!” An Zhihan groaned in pain. Her expression was twisted and red, and blood gushed out from her abdomen.

The two men saw this and could not help but be shocked. They rushed over!

“Miss an!”

Although this miss an was not president Guo’s official wife, she was still very favored. If anything happened to her, they could not bear it!

On the ground, an Zhihan spat out a mouthful of blood. It was as if she could not even speak. She only felt waves of pain in her abdomen!

“I...”

“Miss an, you, how are you?” Seeing her pale and somewhat scary face, the two bodyguards could not help but be a little scared.

That kick just now was so powerful? Why was her face so pale?

An Zhihan felt like she was going to faint from the pain, because it was really, really painful..

“Ah, why, why is there blood between my legs? What’s going on...”

Seeing that she had been clutching her stomach, one of the bodyguards followed the direction of her lower abdomen and saw bright red blood flowing out from between her legs.

Hearing the bodyguard’s exclamation, an Zhihan also wanted to raise her head and look at her legs, but she had no strength and couldn’t see them at all.

However, she vaguely felt a warm current and a cramp coming from below. Suddenly, an explosion sounded in her mind!

Chapter 1198 escape

Could it be..

She remembered that she had not had her period for two months. Could it be that she was really pregnant?

Damn it, Shi Nuannuan had actually hurt her child?

No, no, she had nothing left. She could not lose this child. She wanted to use this child to become the mistress of the Guo family!

“Quick, send... send me... to the hospital...”she tried her best to make a sound and shouted, “Hurry!”

Hearing her words, the two panicking bodyguards acted like they were trying to help her up.

“Destroy that Shi Nuannuan... destroy her!”Enduring the intense pain, an Zhihan stood up and was about to let someone destroy Shi Nuannuan. However, when she looked up, she realized that Shi Nuannuan, who was originally there, had disappeared.

This was because she had secretly asked Guo Zihao’s two bodyguards to come out and help her with this operation. She had only brought these two people with her. Who knew that she would actually escape?

An Zhihan clenched her fists tightly. She was a little unwilling, but with her current appearance, it was impossible for her to chase after them!

“Shi Nuannuan, I’m going to tear you into pieces!”She gritted her teeth and forced out word by word. “Go and call for help. You must get that woman back! I want her to pay with her life for my child!”

Hearing this, the two bodyguards were shocked. They were still a little confused, but since she said so, they naturally could only listen to her orders.

“Take miss an to the hospital. I’ll bring some people to find the Woman!”

After saying this, the two bodyguards split up!

...

The night rain continued to wreak havoc in City Z.

In the heavy rain, Shi Nuannuan was exhausted.

She knew very well that with her current strength, she could not run far at all. Moreover, where exactly was this place?

It was pitch-black all around, and there were only street lights flashing not far away. However, that place was a very long distance from where she was standing at the moment. She was afraid that before she reached there, she would be captured by an Zhihan’s people.

If she were to return to her hands again, she would only die!

So now, she could not run blindly. She had to calm down and find a place to hide first!

She believed that as long as she could survive tonight, her brother and sister-in-law would definitely find out that she was missing, and they would definitely send people to look for her.

Yes, as long as she could survive tonight.

The torrential rain blurred her vision. It was pitch black all around her, and she could not see the direction at all.

Finally, she locked onto her target and seemed to see a bridge not far away.

On the other side.

Xiang Yi, who could not find Nuannuan's whereabouts after a long time, finally stopped his blind search. Together with Shi Yuting, they used three hours to check all the traffic cameras in the neighborhood, in the end, it was confirmed that Shi Nuannuan was heading towards the city.

After investigating the entire way, they finally saw Shi Nuannuan stop by the side of the road. She happened to be captured by the camera of a coffee shop.

"It's nuannuan!" Zuo Weiyi also saw the video.

Looking at her squatting in the heavy rain and crying sadly, Xiang Yi's heart was torn to shreds..

He clenched his fists tightly as he watched the video of the petite figure squatting by the side of the road trembling and crying. His heart throbbed in pain as if it had been sliced into pieces.

Very soon, the beautiful figure stood up, reached out to stop a taxi, and sat in it.

Following the taxi, Shi Yuting and the others also discovered that the car was not heading towards Shi mansion, but was gradually leaving the city.

In the video, the taxi suddenly accelerated when it reached an intersection, and then rammed left and right on the road as if it had lost control. It even overtook the reverse lane!

Chapter 1199, the eye-piercing bloodstain

Seeing this, Shi Yuting and Xiang Yi could not help but feel their hearts clench. They knew that something had happened!

They stared at the license plate number until they left the surveillance area and did not see the taxi again. The hard-earned clues were once again cut off.

However, at this moment, Xiang Yi could not wait for even a moment. He turned around and rushed out of the surveillance room!

...

The sky was slightly bright, and the night storm had finally come to an end. A Ray of white appeared on the horizon. As the morning sun rose, a ray of light shone on a bush not far away.

Shi Nuannuan did not know how long she had slept. She only felt that her entire body was weak. It was as if there was a huge rock weighing down on her body. She could not even move a muscle.

Her lips were dry and her eyelids were heavy. She wanted to open her eyes, but the morning glow was a little dazzling.

“Water...”

She wanted to drink water. She wanted to stand up, but she could not.

Her hands were still tied.

The image of her escaping from the basement the night before flashed in her mind.

She remembered that she had run far away. Not long after, she heard an Zhihan’s men chasing after her, wanting to bring her back.

Helpless, she came to this patch of grass and hid here.

At that time, the rain was still falling, but she, who was hiding in the grass, did not dare to move again. After an unknown amount of time, she felt that the rain had stopped, but her body was weak and powerless. Her eyelids were so heavy that she wanted to sleep, but the next second., her vision turned black.

When she woke up again, she would be like this.

“Water... I want to drink water...”

She wanted to move, but she could not move. She even felt powerless when she spoke.

Her hands were still tied, and she did not have any strength to break free. Moreover, she could clearly feel that her entire body was cold.

Looking at the dazzling morning glow, she should have escaped the tracking of an Zhihan and the others, right?

Now, she could only wait for her brother and the others to find her.

But, what exactly was this place?

On the other side, after searching, they finally found the taxi that was far away from the city last night. However, when they reached the destination, they found that the car was no longer there. In front of them was an abandoned residential house, and work had stopped halfway through, the surroundings had long been covered in weeds.

Entering the abandoned residential house, they searched the entire area, but they did not find Shi Nuannuan’s shadow.

“Mr. Shi, we found a pool of blood in the basement and traces of a fight.”

Someone came to report at the entrance of the abandoned building.

Shi yuting furrowed his brows slightly and a cold light shot out from his dark eyes.

Hearing about the blood, Xiang Yi, who was not far away, immediately turned his gaze away and was stunned.

Before Shi Yuting could say anything, he had already rushed into the abandoned basement.

There was indeed a large area of dried blood on the wall, along with a stick that had been thrown aside.

Xiang Yi's heart tightened at the thought of such a thick stick possibly hitting Nuannuan's body, especially that pool of glaring blood. The pain was unbearable.

"Nuannuan..."

He threw away the stick, turned around, and rushed out of the basement, shouting Nuannuan's name around the abandoned building!

"Nuannuan!"

Experience told him that since the other party had tried every means to bring her here, but they did not see her, there were only two possibilities.

Either Nuannuan had been moved, or Nuannuan had escaped.

The first possibility was obviously low, because the rain stopped in the middle of the night, and there was no sign of a car leaving, which meant that they had only left before the rain stopped.

Chapter 1200 Heartache

Since he had brought her here at that time, there was no need to move her immediately. Therefore, the second possibility was that Nuannuan had escaped on her own.

He was extremely anxious, especially that piece of blood. It appeared in his mind again and again, torturing his heart.

Could That Be Nuannuan's blood? What on Earth had happened to her? Where was she now?

"Nuannuan!"

He roared until his heart was torn apart. Not far away, Shi Yuting watched him in pain.

This place was very remote. Without a car, it would be difficult to return to the city. So, if Nuannuan had escaped, she must be hiding somewhere.

"Nuannuan!" Tell me, where are you, exactly where are you..

Shi Nuannuan, who was about to fall asleep again, vaguely heard someone calling her name.

She opened her eyes, but what she saw was still the dazzling morning glow.

Surrounded by the grass, she couldn't see where she was at all.

However, that voice was so familiar to her that she couldn't be any more familiar.

She was weak all over, and her body was shivering from the cold. Her lips were dry, and she wanted to drink water, but there was nothing around her except for mud and water.

She was hungry and thirsty, and her eyelids were so heavy that she could not open them.

Was she going to die? Or was that really Xiang Yi's voice?

"Nuannuan! Where are you! ? Answer Me!"

The anxious voice sounded again, and Shi Nuannuan was finally sure that it was not a dream, not an auditory hallucination, but Xiang Yi's real voice.

"Xiang Yi..."

"Shi Nuannuan!"

As far as the eye could see, it was an empty space where weeds had been reborn. There was no sign of her at all.

However, Xiang Yi seemed to have sensed her existence. She must be somewhere here.

However, why didn't she answer him? Was it because she couldn't open her mouth, or because she didn't want to pay attention to him, so she didn't want to answer him?

"Xiang Yi..."

Hearing his voice, Shi Nuannuan knew very well that he should be nearby.

She struggled to get up, but her heavy body couldn't move at all.

"Nuannuan, answer me... answer me quickly!"

"I'm here..." she tried hard to make a sound, but it was so small that only she could hear it.

"I'm here, Xiang Yi... I'm here... I'm here..."

In the next moment, Shi Nuannuan felt her body collapse. Her eyelids became heavier and heavier, and her throat was extremely dry.

Was she going to die soon..

Half an hour passed.

"Mr. Special Assistant, we've searched the surrounding few miles, but there's no sign of the young miss." Seeing that they had searched all the areas, but there was no sign of Shi Nuannuan at all., the few subordinates who were with Xiang Yi had almost given up. They planned to change their destination and search somewhere else.

Looking at the empty space filled with weeds, Xiang Yi froze.

Was It really his imagination? Was Nuannuan not here at all?

Shi Nuannuan heard their conversation clearly.

With only a little bit of consciousness left, she really could not find any other way. She could only take a gamble and gather all her strength to turn her body around in the weeds.

“Mr. Shi has already gone to the north. Shall we go to the east to search?” A subordinate was also very anxious. They had already searched this empty space for more than half an hour, so there was definitely no sign of the eldest miss., it was better to seize the time to search somewhere else.

Hearing the subordinate’s words, Xiang Yi was silent for a long while before he decided to turn around and leave.
