

Kiss Me 1221

Chapter 1221 only addressed him as 'grandfather'

As Shi Le thought of this, he could not help but glance at his granddaughter in front of him.

"Then, can you treat it as temporarily fulfilling your grandfather Cheng's wish and helping him out by agreeing to the marriage with Cheng Huan when we're in the ward later?"

Hearing this, Shi Nuannuan looked up at her grandfather. This request was really too much for her.

There was still a grudge between her and Xiang Yi. If there was another marriage, even though it was a favor, but if Xiang Yi misunderstood, wouldn't that deepen the misunderstanding?

No, no, no.

"I, I can't agree." She turned her face away, unwilling to look at Shi Le.

Shi Le couldn't help but frown. "Why can't I?!"

"Grandfather, this is no small matter. Xiang Yi—"

"Xiang Yi, Xiang Yi, why do you keep thinking about Xiang Yi? Ah, what's so good about him? Besides, even if you're not with Cheng Huan, I have no intention of marrying you to Xiang Yi!"

"Grandpa!" Shi Nuannuan was a little angry!

"You have to know that you're the Apple of our Shi family's eye. How can you marry a mere assistant?!"

"How do you know that he has always been a mere assistant?" In her heart, Xiang Yi was very outstanding. He would definitely reach the peak of his life in the future?

However, Shi Le was not optimistic. "TSK, he has followed your brother for so many years. Isn't he still a mere assistant?"

"A mere assistant? He is the most popular person in front of my brother. An ordinary brother would not even take a fancy to him!" Shi Nuannuan became arrogant.

Shi Le couldn't be bothered to bring up the topic with her anymore.

"Let's not talk about him for now, okay? For the sake of your grandfather Cheng, he... He doesn't have much time left, can't you just walk into the ward and say a few words to him? Or if you really don't want to, just go and call him grandfather. Don't use the word 'Cheng'."

Hearing this, Shi Nuannuan paused and looked up at him.

"Is that really all?"

If it was just removing the word 'Cheng', it wouldn't be difficult for her. As long as she didn't agree to the marriage, even if it was to help, it would be fine.

"En." Shi Le nodded.

At this moment, wanting this granddaughter to nod was probably the only way.

Shi Nuannuan thought for a long time before finally nodding. "Alright!"

She knew very well that if she couldn't even fulfill this request, it would be too inhumane. After all, Grandpa Cheng had always doted on her.

And seeing that he didn't have much time left, calling him 'grandpa' was actually not an exaggeration.

Seeing that she finally nodded in agreement, Shi Le heaved a sigh of relief and the grandfather and grandson returned to the ward.

Father Cheng was also waiting at the door.

Entering the ward, Shi Le gave his granddaughter a look, and Shi Nuannuan walked towards the bed.

"Old Cheng, your wish can be fulfilled," looking at Old Cheng on the bed, Shi Le said with relief.

When Old Master Cheng heard this, his pale face was immediately filled with joy. He looked at him, then at Shi Nuannuan, and couldn't help but ask, "Really?"

"Yes, Nuannuan agreed!"

When Shi Le said this, not only old master Cheng, even Cheng Huan was surprised. He frowned slightly and looked at the side of Nuannuan's face.

She agreed? How was that possible.

"Nuannuan, you... you really agreed to this marriage?"

Facing Old Master Cheng's question, Shi Nuannuan was silent because she didn't know how to answer.

"I. . ."

"Nuannuan, why aren't You Calling Me Grandpa?" Shi Le said, knowing that it was impossible for her to agree to the marriage.

PS: it's five in the morning, there will be more in a while

Chapter 1222 spread like wildfire

Only when her grandfather's voice rang out did Shi Nuannuan snap out of her daze and look at him, then at Old Master Cheng who was lying on the hospital bed.

"UH, grandfather!"

This call of 'grandfather' delighted the Cheng family.

Because they didn't know the reason behind it.

Hearing this call of 'grandfather', Old Master Cheng was really happy, just short of Tears of joy.

“Good... Good! Good granddaughter-in-law.” He could not help but hold Shi Nuannuan’s hand. He felt that even if he were to die now, he would have no regrets.

However, this ‘granddaughter-in-law’ made Shi Nuannuan feel very guilty. She did not dare to agree to it and only smiled slightly.

The attending physician at the side also heard the conversation between the two families clearly. He could not help but feel happy for Old Master Cheng.

In this way, Old Master Cheng might be able to get better and live longer.

Looking at the two families in joy, the attending doctor left the ward with a smile.

“Director Zhang, What’s the matter? Why are you smiling so happily?” A nurse couldn’t help but ask when she saw that he was smiling and seemed to be in a good mood.

Doctor Zhang looked at the nurse and said with a smile, “It seems that soon, a wedding that will shake the entire city will be held in our City Z.”

Hearing this, the nurse could not help but be stunned. She asked curiously, “Wedding? What Wedding?”

The doctor smiled. After all, it had not been announced yet, so it was not appropriate for him to publicize it. However, since both families had agreed, it meant that this matter had already been stabilized.

Hence, doctor Zhang walked up to the nurse and said in a low voice, “The Crown Prince of the Cheng family is going to marry the eldest daughter of the Shi family.”

The moment the Doctor said that, the nurse was completely stunned. “The eldest daughter of the Shi Family? Is she the younger sister of the former president of C Nation?”

“Yes!”

“Wow, this is really a grand wedding!” The nurse had an envious look on her face.

“Isn’t it? Well, hurry up and go to work!”

“Yes!”

The young nurse left with a smile.

Sometimes, people’s mouths were much better than those of the media. In less than a day, the whole hospital was in an uproar!

Along with this matter, old master Cheng’s condition really improved. On the third day, his complexion was obviously much better.

Naturally, he also heard about the rumors in the hospital. Hearing about his grandson and Nuannuan’s marriage every day, he was naturally so happy that he could not close his mouth.

On the other side, Shi Yuting and Zuo Weiyi naturally knew about this matter.

On this day, while Shi Le was out, Zuo Weiyi could not help but drag Nuannuan into the room to ask about this matter.

“Nuannuan, what’s going on? Why are all the rumors saying that you’re going to marry Cheng Huan?” Zuo Weiyi’s face was full of surprise.

How could Nuannuan marry Cheng Huan? What about Xiang Yi?

Or was it all grandfather’s work again?

That was how she and Shi Yuting got together back then.

Shi Nuannuan was obviously a little surprised by her sister-in-law’s question. She looked at her with her phoenix-like eyes and asked, “Sister-in-law, how did you know?”

Zuo Weiyi was even more stunned by her answer.

Could it be true?

“You, you really want to marry Cheng Huan! ?”

“Of course it’s not true. How is that possible!” Shi Nuannuan chewed on the apple in her hand and did not pay any attention to this matter.

“Then what’s going on?” Zuo Weiyi looked at her relaxed expression. Could there be a secret behind this?

Shi Nuannuan took a bite of the apple, chewed it up and swallowed it before answering her question.

Chapter 1223 wasn’t right..

“This is just a lie, a white lie!”

Zuo Weiyi couldn’t help but frown.

White lie? What the hell was going on.

“What white lie?”

“It’s Grandpa Cheng. Didn’t his condition worsen a while ago? Then, when he was alive, his wish was for Cheng Huan to get married. Then, in order to fulfill his wish, Grandpa and Cheng Huan’s parents got rid of me and agreed to the marriage in front of Grandpa Cheng.”

“And you agreed?” Zuo Weiyi was still very surprised.

Although it was a white lie, was it really good to do so?

Not only did he deceive old Mr. Cheng, but he also made things difficult for Nuannuan.

Especially Xiang Yi. He was still in G City. What would he do if he found out?

Shi Nuannuan nodded as if she did not realize the seriousness of this matter.

Back in the ward, her grandfather had said that he would only call her 'grandfather' in the ward, which meant that this matter wouldn't come true.

"But I didn't really agree. I just called Grandpa Cheng 'grandfather' in the ward!"

Hearing her words, Zuo Weiyi finally understood the whole story, but she felt a little uneasy.

"Did you tell Xiang Yi?" Although he was not in city z now, he would definitely come back with the truth soon.

Hearing her sister-in-law's words, Shi Nuannuan was stunned.

She had called Xiang Yi for the past few days, but she could not get through. She had not contacted him for several days.

"Not yet. Uh, is it important?"

If she could not say it, it was better not to say it? Because she was afraid that Xiang Yi would misunderstand.

Uh, but now that she heard what her sister-in-law said, it seemed that if she did not say it, the matter would be even more serious?

Zuo Weiyi also pondered over this question.

"I don't know either. It's better to say it. After all, the nature of this matter is different when it comes from someone else's mouth. Take Me for example. When I heard about this matter, I was so shocked that I ran over to ask you."

Shi Nuannuan pursed her lips. It seemed that it was safer to confess.

"Then I'll give him a call later."

"En." Zuo Weiyi nodded. She hoped that this matter was really just a simple, white lie.

"Oh right, sister-in-law, how did you know about this matter?"

Shi Nuannuan suddenly realized that this grandfather wasn't lying to her, right?

Wait for her to agree first, then release the news?

If that was really the case, then she would definitely cause a huge commotion!

Zuo Weiyi sighed, "Today, I went to visit old Mister Cheng with mom, and I accidentally heard the people at the hospital say it. But since this is just a white lie, why would the whole hospital spread it?"

Zuo Weiyi couldn't help but feel strange about this.

"Damn, what's going on..." Shi Nuannuan was also puzzled.

"Forget it, don't think too much. I'm going to take care of the baby."

With that, Zuo Weiyi stood up.

Shi Nuannuan nodded and watched her leave.

After Zuo Weiyi left, not long after, Shi Nuannuan took out her phone and dialed Xiang Yi's number.

However, after she dialed the number, she still could not get through.

Looking at the phone, Shi Nuannuan was a little stunned.

What's going on? Why Can't I get through?

As she was thinking, she suddenly felt a wave of discomfort in her chest and could not help but frown.

What's going on? Why do I always have chest tightness these two days?

Chapter 1224 Congratulations, Miss Shi

These two days, Xiang Yi's phone was still disconnected. Shi Nuannuan and Nuannuan could not help but start to worry.

There was no such thing as a person who could not be reached.

Supreme Emperor's top-floor office.

After her physical condition recovered, Shi Nuannuan returned to Supreme Emperor and temporarily replaced Ferlin.

At ten in the morning, Shi Nuannuan looked at Xiang Yi's former office desk opposite her. It was now so empty. The more she thought about it, the more she could not feel at ease.

She looked up and glanced at the door of the CEO's office. After thinking for a few seconds, she finally could not help but stand up.

Knock, Knock.

There were two knocks on the door. Then, she heard Shi Yuting's deep voice. "Come in."

This was probably the most disciplined Shi Nuannuan had ever been.

She pushed the door open and entered. She saw her brother examining and approving all kinds of documents and contracts with a serious look on his face.

She also knew that he was very busy, but she was still a little worried.

"Brother."

Hearing her voice, Shi Yuting's gaze moved away from the documents to her face.

"What's Wrong?"

Shi Nuannuan pursed her lips. "Um, Xiang Yi's phone has been unreachable. Can you help me investigate how his conflict is going?"

Glancing at his sister, Shi Yuting's expression was very calm. "Xiang Yi? He lost his phone while investigating a case."

“...”huh?

“Lost it?”

“Yes, if things go well, he should be back tomorrow.”Shi yuting nodded.

Although she felt that the loss of the phone was too timely, Shi Nuannuan’s worried heart also heaved a sigh of relief.

However, since her brother knew about this matter, why didn’t he tell her? He had made her so worried these few days!

“Brother, if you knew about it, why didn’t you tell me! ?”Looking at her calm and composed brother, she couldn’t help but Grumble and pout.

“You didn’t ask.”Shi Yuting dropped his words and continued to lower his head to deal with the documents.

Shi Nuannuan wanted to refute, but it seemed to be the case?

She didn’t ask, and her brother didn’t seem to have any reason to deliberately go and tell her about it. He didn’t talk much to begin with.

Oh No, it was to everyone other than sister-in-law that he would be less talkative!

Seeing her brother continue to work with his head lowered, Shi Nuannuan no longer had the need to continue staying here. In any case, as long as Xiang Yi was fine, it was fine!

She turned around and walked out of the office.

She opened the door and conveniently closed it. When she raised her head, she saw Helian Manli’s figure suddenly walking over from the elevator.

Helian Manli?

When she saw the woman walking towards her, Shi Nuannuan’s expression froze.

Helian Manli walked in front of her with graceful steps.

However, Shi Nuannuan glanced at her in annoyance. She walked past her and was about to return to her seat.

“Congratulations, Miss Shi!”

Helian Manli suddenly turned around and looked at her as she spoke.

Shi Nuannuan stopped in her tracks. She furrowed her brows and suddenly turned around to look at her in confusion.

She asked unhappily, “Where does happiness come from?”

This time, it was Helian Manli’s turn to be stunned.

Following that, she could not help but smile elegantly. “Hehe, Miss Shi is really humorous.”

Shi Nuannuan narrowed her eyes.

Humorous my ass. This Helian Manli had returned to the country. Could it be that her brain had also gone dumb?

“What are you trying to say? What do you mean by ‘do you like it or not!’”

Oh, that’s not right. Could it be that even she had heard that ‘white lie’?

It didn’t exist. Just like sister-in-law, she only heard about it from the people in the hospital after she went to the hospital. Moreover, it was impossible for this Helian Manli to go to the hospital. How could she possibly know about this matter?

Seeing that she didn’t seem to know anything, Helian Manli seemed to have noticed something.

Chapter 1225 marriage, a lie comes true

Could it be that she still doesn’t know about my marriage?

Staring at Shi Nuannuan in front of her, it took quite a while before Helian Manli took out her phone and flipped to the marriage message she saw when she got off the plane.

Then, she handed it to Shi Nuannuan.

Seeing her hand her phone to Shi Nuannuan, Shi Nuannuan couldn’t help but look at her.

This Helian Manli, what does she want now?

Although she was full of suspicion towards Helian Manli, Shi Nuannuan still took her phone in the end.

Taking the phone, she lowered her eyes and looked at the bright screen.

In the next moment, her face turned pale, as if she was frozen there, staring at the phone screen without moving, dumbfounded!

[the wedding that shook the entire city Z’s wealthy and prosperous society. Cheng Huan, the Crown Prince of the Cheng family, will hold an engagement banquet with Shi Nuannuan, the eldest daughter of the Shi family, next month...]

Looking at the eye-catching title, below it was a single photo of her and Cheng Huan..

What was going on? What exactly was going on! ?

Helian Manli, who was opposite her, seemed to have guessed from her expression that she had just found out about this news.

“Could it be that Miss Shi still doesn’t know about this piece of news?” Staring at Shi Nuannuan in front of her, Helian Manli could not help but ask.

Instead, Nuannuan was completely immersed in that piece of news. who was going to tell her that this was Shi Nuannuan! ?

Why, why would her marriage with Cheng Huan be announced on the internet?

No, no, it shouldn't be just on the Internet!

Thinking of this, she rushed into the CEO's office in a fluster. Ignoring Shi Yuting, who was still processing documents at his desk, she walked straight to the sofa and picked up the TV remote control on the coffee table, then, she quickly pressed the power button.

She switched to the news channel, and sure enough..

The eye-catching title of 'Marriage News' was displayed at the bottom of the screen.

Shi Yuting, who was in front of his desk, also raised his head. When he saw the 'Marriage News' on it, he couldn't help but frown slightly. He stood up and walked over.

Liars, they're all liars!

It was clearly just a white lie, what was in front of her now! ?

After returning the phone to Helian Manli, Shi Nuannuan turned around once again and directly rushed out of the Overlord building, speeding all the way to Shi Mansion!

On the sofa in the living room, Zuo Weiyi and Shen Lanzhi had also just seen the news and couldn't help but be stunned for a moment.

At this moment, they heard a burst of anxious footsteps rushing in.

The mother-in-law and daughter-in-law both turned their heads when they heard the sound and saw Wen Sheng running back with an anxious expression.

"Nuannuan –"

Zuo Weiyi stood up and was about to ask her about the 'Marriage News' on TV.

However, when Shi Nuannuan entered the living room and didn't see her grandfather, she rushed to the second floor!

Zuo Weiyi and Shen Lanzhi, who were in front of the sofa, watched her run upstairs in a daze. After a while, she rushed down again.

"Where's grandfather? where is he?"

As soon as she went downstairs, Shi Nuannuan looked at her mother and sister-in-law who were in front of the sofa and asked.

Seeing her exasperated look, Zuo Weiyi seemed to realize that she had just seen the news of the marriage news.

So, was this really Grandpa's willful action again?

"Nuannuan, what exactly is going on with this marriage news of yours? Didn't you say that it was just a white lie?" Looking at her daughter, Shen Lanzhi was unable to get rid of her confusion.

“I want to look for Grandpa to clarify this matter now!” Shi Nuannuan felt a ball of fire rush up from her chest, causing her chest to feel uncomfortable again!

Chapter 1226: Absolute, unless I Die!

She raised her hand and covered her chest, feeling as if something was about to rush out!

“Grandpa left early in the morning!” Zuo Weiyi also said with a worried expression.

She was very clear that Nuannuan liked Xiang Yi. If she really married Cheng Huan, what would happen?

Hearing Zuo Weiyi’s words, Shi Nuannuan could not stay idle for a moment. She turned around and ran towards the main entrance!

If Grandpa was not at home, then he must have gone to the Cheng Family!

Damn it!

Just as she rushed out of the main entrance, she saw a black luxury car slowly approaching from the courtyard.

Shi Nuannuan stopped in her tracks. Soon, she saw her grandfather, Shi Le, getting out of the car after the driver opened the door.

She was filled with anger and her hands that hung by her sides tightened slightly.

“Grandpa, what’s with that wedding news! ? Didn’t you say that it was just a white lie! ? Why would you announce the stupid marriage between Cheng Huan and me on all the major media outlets! ?”

For the first time, Shi Nuannuan flew into a rage.

It was not easy for her and Xiang Yi to warm up a little. What would he do if he saw this marriage news? She would definitely not be able to defend herself!

Shi Le seemed to have expected his granddaughter’s anger, but he did not expect it to be so great.

He was stunned, but his face did not show the slightest bit of emotion.

“It was a white lie back then. Now, it’s just a continuation of the lie.”

What did Shi Nuannuan mean by frowning

“Although your grandfather Cheng’s condition has improved and he’s been discharged from the hospital, the attending doctor said that his illness has been good at times and good at other times. If he’s better today, he might not be alive tomorrow. So, after thinking about it again, he hopes that you two can get engaged during his lifetime,” Shi Le said.

“What? What is all this? You guys decided my matters on your own? Grandfather, why are you always like this? Why Don’t you consider my and brother’s feelings and do what you think is right on your own! ?”

At this moment, Shi Nuannuan did not know whether it was because she felt wronged or because she was angry. In an instant, tears filled her eyes.

“You mean that grandfather is very selfish?”

“Yes, you are that selfish. I have clearly told you that I don’t like Cheng Huan, but what about you?”

“First, you tricked me into falling into your trap. Grandfather... I am your granddaughter. I will agree to that request because I respect you and sympathize with grandfather Cheng! “But what about you?”

“What have you done to me? Do you think that I will obediently marry Cheng Huan Like This?”

“No, you want me to marry Cheng Huan? Only if I Die!” Shi Nuannuan looked into his black eyes and said each word with absolute determination!

Shi Le was clearly shocked by her words. He never knew that his granddaughter would have such a resolute side.

“You like Xiang Yi so much? You even gave up your family for him?” Shi Le was a little heartbroken.

However, Shi Nuannuan’s heart was as dead as ash, “No, it’s not that I want to give up my family, but from the beginning to the end, grandfather, in order for me and my brother to follow the path of life that you planned, you never really thought about our feelings. I hate lying. You were the one who lied to me, so why did you say that I gave up my family?”

“So you’re saying that everything Grandpa did was to harm you?”

“I’m not saying that you’re harming me. I’m just saying that I hate lying, just like you!”

Shi Le was stunned.

He did hate lying, and he even hated it. This was something that his siblings and their father had inherited from him.

Chapter 1227 continued with the lie

Looking at the determined expression of his granddaughter, Shi Le finally sighed.

He said, “Alright, this matter is grandfather’s fault. However, your grandfather Cheng knows that he doesn’t have much time left. He hopes to see your wedding before his life is completely over. If it were you, what would you do?”

Shi Nuannuan’s face was ashen. “I would tell him that this was just a white lie. There’s no way I would marry Cheng Huan.”

“I’m afraid that Your Grandpa Cheng would be dead by the time you say that!” Shi Le turned his head and sighed as he glanced at her!

Shi Nuannuan couldn’t help but realize a more serious problem.

If this lie was exposed, would grandpa Cheng’s illness really worsen? Would he really end his life suddenly?

If that was really the case, wouldn't this lie never be exposed?

She raised her eyes and looked at her grandfather, "Grandpa, you knew from the beginning, right? So you did this just to use this matter to force Cheng Huan and me to get married and then break up with Xiang Yi? Ha... Grandpa, when did you become so treacherous?"

"Nuannuan!" Shi Le could not help but get a little angry when his granddaughter said that about him. He suddenly roared.

Zuo Weiyi and Shen Lanzhi, who were standing not far away, could not help but tremble in fear at his roar.

"Is grandpa such a person in your heart?"

"Not in my heart, but everything you're doing now is originally like this!" Shi Nuannuan warmed up. She even felt that she was very stupid. She actually did not expect such an obvious thing., she had even fallen into grandfather's trap step by step like a fool.

This time, Shi Le seemed to have been wronged.

At first, he had indeed thought of using this matter to cut off her relationship with Xiang Yi. wasn't it because he was afraid that she would be sad and sad? Wasn't that why he gave up on this idea?

He had not expected this matter to suddenly turn out like this.

In that dangerous situation, he only wanted her to lie to satisfy Old Cheng. However, just as he was about to tell Cheng Huan and his parents about this matter yesterday, old Cheng suddenly said, he wanted to hold the wedding while he could still see it. He knew her character very well. If the wedding were to be held suddenly, wouldn't she cause chaos? However, since he had already told this lie, it naturally had to be continued. Therefore, after careful consideration, he suppressed the wedding. If it were to be held, he could only hold the engagement party first.

Therefore, the news of the engagement party was presented to all the major media outlets.

"What's done is done. You can only continue this lie!" Shi Le's face darkened.

He was a person who valued his reputation very much, especially when it came to his good friends. How could he go back on his promise?

At first, he thought that the lie would last until the day he passed away, but he didn't know that old master Cheng would suddenly say that he was going to get married!

It was really difficult for him to say 'No' in front of his good friend for many years and when he was seriously ill. It was even more impossible for him to expose the lie.

If he wanted to expose it, why did he have to persuade Nuannuan to help him in the first place.

"Impossible! I Won't get engaged. I'll go tell Grandpa Cheng Right now. This was just a white lie from the very beginning!"

As she spoke, Shi Nuannuan was about to rush down the stairs at the main entrance.

“Stop her!”

Seeing that his granddaughter was about to tell him everything, Shi Le couldn't help but give the order to the two bodyguards standing quietly in the courtyard.

Chapter 1228: Think Twice Before You Act

Upon receiving his order, the two bodyguards immediately stepped forward, one on each side blocking Shi Nuannuan's way.

She turned around and glared fiercely at her grandfather behind her. “Grandfather!”

“If I let you go now, it would be equivalent to personally ending your grandfather Cheng's life!” Shi Le said sternly. She couldn't let her act recklessly.

Even if she really wanted to expose this lie, she could not do it now. She could only wait until her grandfather Cheng left before she could speak.

However, since things had already come to this, it would be difficult to expose it again. After all, the entire Z country and city knew about it now.

Shi Le began to worry about this point.

Cheng Huan was so good. She did not want him, but she wanted Xiang Yi who had nothing. She was a pampered and pampered young lady. She had been pampered since she was young. When she was so poor that she could not even afford a branded dress and handbag.., perhaps she would know what it was like.

Shi Nuannuan was stunned by his words.

At this moment, Shen Lanzhi and Zuo Weiyi couldn't help but run out.

Zuo Weiyi was also lost in thought.

She heard that old Cheng's condition had improved because he heard the good news. If Nuannuan went to tell everything now, Grandpa Cheng might really not be able to take it. Ten thousand ants added to the snow, and he was in imminent danger.., wouldn't Nuannuan indirectly harm grandfather Cheng? At that time, even the Cheng family would probably hate Nuannuan. This was not possible!

Thinking of this, Zuo Weiyi could not help but run to nuannuan. Although she knew that she had been wronged, she really could not tell the truth at the moment.

“Nuannuan, this is not a trivial matter. You, you should think twice.”

Hearing her sister-in-law's words, Shi Nuannuan turned around in a daze.

Her sister-in-law had always doted on her. Now that she had said so, she could not help but fall into deep thought.

“Sister-in-law, don’t tell me that I have to get engaged to Cheng Huan? What about Xiang Yi? If he finds out, he will definitely ignore me for the rest of his life! I Can’t lose him, and I don’t want to lose him either!”

“I know, I know. I know how you feel.” Seeing her crying, Zuo Weiyi’s heart ached. She thought for a moment. “Perhaps, we can think of another way.”

Shi Nuannuan was stunned. What other way

Zuo Weiyi was stunned. For a moment, she could not think of any other way. However, she did not believe that she had to get engaged to solve this problem!

“I don’t know yet, but you have to calm down first. We can discuss it later, okay?”

Shi Nuannuan lowered her eyes and was silent for a long time. Finally, she nodded.

Seeing that his granddaughter had finally calmed down, Shi Le finally heaved a sigh of relief.

..

The next day.

From Shi Yuting, Nuannuan found out about Xiang Yi’s flight time and arrived at the International Airport at ten in the morning.

She had no way of contacting him, so she had to tell him this lie at the first possible moment. She did not want him to misunderstand her because of this, and even more so, she did not want him to be sad.

She knew that due to the difference in their identities, there had always been a gap in his heart. She didn’t want him to be further away from her heart because of other factors.

Due to the flight delay, Xiang Yi’s flight arrived at Z City International Airport at 11:05.

Along the way, Xiang Yi didn’t know that Shi Nuannuan was coming to pick him up, so he didn’t notice her. Instead, he dragged his suitcase to another exit.

However, just as he was about to drag his suitcase out of the airport, he suddenly stopped.

Then, he turned around and his gaze fell on the advertisement screen at the side.

The familiar photos and the particularly eye-catching title..

Chapter 1229 missed the airport

In an instant, his entire body seemed to be frozen in place as he stared unblinkingly at the ‘Marriage News’ that was broadcasted on the commercial screen.

‘Clack!’!

The suitcase suddenly slipped out of his hand. Xiang Yi only regained his senses when he heard the sound. He closed his eyes and felt a stabbing pain in his heart.

After a good while, he bent down and picked up the suitcase on the ground. He dragged his heavy footsteps and walked towards the airport exit step by step.

Time passed by minute by minute. Shi Nuannuan stood in the endless stream of people and kept changing directions. She wanted to find Xiang Yi's figure, but she did not see him for a long time.

Just as she turned around, Xiang Yi brushed past her just like that.

...

Without Xiang Yi, Shi Nuannuan returned to Shi Mansion in a daze.

Seeing her return, Zuo Weiyi hurriedly went up to her. "How is it? Have you seen Xiang Yi?"

Shi Nuannuan raised her head. Zuo Weiyi only realized that her black eyes were filled with tears and could not help but be startled.

"What's Wrong?"

"I haven't seen Xiang Yi, but... I just came back from the airport. On the advertisement screen there, the news of Cheng Huan and I getting engaged next month is everywhere. Sister-in-law, do you think... Xiang Yi has already seen the news?"

Thinking of this, Shi Nuannuan could no longer hold back her tears.

"Then, then did you go look for Xiang Yi?" Zuo Weiyi knew that the longer things like this dragged on, the deeper and more painful the misunderstanding between the two would become.

Shi Nuannuan was a little lost. "He lost his phone. Where can I find him?"

"His apartment!" Zuo Weiyi could not help but feel a little anxious. Usually, Shi Nuannuan was so smart. Why did she become flustered now?

Shi Nuannuan was stunned.

Yes, why didn't she think of that.

"He just got off the plane. Where else can he go if not to his apartment?"

Hearing her sister-in-law's words, Shi Nuannuan looked up anxiously. "Then I, I will go to his apartment to find him now!"

After saying that, she turned around and rushed out of the door again!

Seeing her leaving, Zuo Weiyi sighed and turned around to go upstairs.

However, when she looked up, she saw her grandfather, Shi Le, standing on the stairs.

She could not help but be stunned on the spot.

Did her grandfather hear what she said just now? Then he also knew that Nuannuan went to look for Xiang Yi?

He would not do anything because of this, right?

Thinking of this, Zuo Weiyi couldn't help but worry.

...

In the apartment.

Xiang Yi sat on the sofa and looked at the stack of treatments in front of him. However, his mind was filled with the engagement messages on the commercial screen over and over again.

Eight days. He used eight days to finally investigate the car accident 21 years ago.

With the truth in his hands and his heart filled with excitement, he returned here. However, what awaited him was the marriage news.

He reached out and picked up the stack of documents. He closed his eyes and endured the pain in his chest that was about to pierce through his heart.

At this moment, an urgent doorbell rang.

He, who was on the sofa, did not seem to care.

He only slowly opened his eyes. His originally deep black eyes had turned scarlet and painful at this moment.

Outside the door, the urgent doorbell rang. However, no one came to open the door. Shi Nuannuan became even more anxious.

She turned her head, glanced at the password lock, and opened it immediately!

As soon as she opened the door, she saw the man sitting on the sofa.

Hearing the door open, Xiang Yi, who was on the sofa, turned his head slightly and looked at the person he missed so much.

However, the thoughts he missed during this period of time seemed to vanish when he saw the marriage news.

Chapter 1230: Heartache and explanation

"Xiang Yi..."

He glanced at her but did not speak. Instead, he turned his head and endured the piercing pain.

"Xiang Yi, you... you saw the news?"

Shi Nuannuan walked over. His indifference had already explained everything.

He did not speak. He just sat there calmly.

"Xiang Yi, it's not like that. That News is fake. The truth is not like that!"

"Then tell me, what is the truth?" He asked calmly, but he still did not look at her.

Shi Nuannuan could hear the hint of hoarsely in his voice, as if he was trying his best to restrain something.

Her heart hurt even more.

“That was just a lie. Cheng Huan’s grandfather is sick. He had always hoped that I could be together with Cheng Huan. A few days ago, he suddenly fell ill because —”

“To fulfill his wish, you agreed to marry Cheng Huan,” he interrupted her. He felt that this explanation was crueler than the truth.

Shi Nuannuan was stunned. She looked at him with pain in her heart.

“No, I already said that it was just a lie to Cheng Huan’s grandfather...”

“The entire city is filled with the news of your engagement. Now, you’re telling me that it was just a lie?” He finally turned his head. The flash of pain in his eyes pierced deep into her heart.

“But, it’s just a lie...”

“A lie needs to be announced to the entire country?” He looked at her and endured the pain in his heart. His eyes were bloodshot.

Shi Nuannuan was stunned again.

She did not know how to explain the lie that had evolved, but that was the truth.

She had never thought of getting engaged to Cheng Huan. She did not know that this matter would develop to this point, but how could she explain it so that he would believe her.

“I, I don’t know how to explain it, but you should know that I like you. I said that I would only be your bride. You know all of this...”

However, her words were a little ironic to him at that moment.

He laughed self-deprecatingly. “Only being my bride, yet putting on a wedding dress for another man. Don’t you think it’s ironic that you’re telling me all of this now?”

“Xiang Yi, what can I say to make you believe me?”

“There’s no need to say anything. From the very beginning, between us...” he closed his eyes and endured the pain. The beautiful times that the two of them had spent together suddenly appeared in his mind.

“From the very beginning?” She was afraid of hearing the answer, but she could not help but want to know.

He was stunned for a long time, but he did not speak for a long time.

From the beginning, they were destined not to be together.

After thinking about those sweet times, he could not say these words.

However, Shi Nuannuan seemed to have heard the last part of what he wanted to say.

“From the beginning, we were not suitable? Or from the beginning, just like your uncle said, I was just playing with your feelings?” If that was really the case, then what was the meaning of her longing for him all this time?

Because she missed him, she went to G City on the first day of the Lunar New Year to look for him. Because she missed him, she flew to country A to look for him. Because she missed him, she could hide from her grandfather early in the morning and come to his apartment to look for him. Because she missed him., she racked her brains to get her brother to arrange for her to work at the Overlord because she wanted to see him at all times.

If all of this had become what he called inappropriate and toyed with, then what had she been doing all this time?

Even as she tried to restrain herself, the faint sound of sobbing still made his heart ache.
