

Kiss Me 1271

Chapter 1271's familiar face was still warm

"Okay."

Shi Nuannuan took one last look at him and was about to stand up.

At this moment, Cheng Huan suddenly spoke.

"You're still looking for him?"

Hearing this, she stopped her movements and looked at Cheng Huan who was still sitting there calmly.

He knew that she was looking for Xiang Yi?

However, she had been looking for him for months and had given up.

She believed that one day in the future, they would meet again.

Because he had told her to wait for him to come back.

This was his promise to himself, so he would definitely come back.

Looking at Cheng Huan, Shi Nuannuan did not speak.

"The last time I went to country A for business, I saw him."

Hearing this, Shi Nuannuan was stunned.

He saw him?

"Where is he?"

"A city."

A City? Wasn't that the place she went to look for the last time? But she searched for a long time, but she couldn't find any trace of him.

"You, you really saw him?" She was a little excited.

Seeing her so emotional for another man, Cheng Huan's malicious eyes suddenly darkened, but it only lasted for a moment, and then disappeared in the blink of an eye.

"Yes, at a cocktail party."

She was a little stunned. "Cocktail Party?"

Then, Cheng Huan took out his phone. This was taken at the cocktail party a few days ago.

Because at that time, he found out that Xiang Yi was actually competing with him for a project. And that cocktail party was also invited to the venue by the organizers.

Looking at the phone that he pushed over, Shi Nuannuan glanced at him and picked up the phone.

Looking down, it was indeed the man that she had been thinking about day and night..

Tears instantly filled her eyes. She raised her hand and touched that familiar face. Even though it was separated by the cold screen, the familiar warmth of his body was still lingering on her fingertips.

Looking at her sad and sad appearance, Cheng Huan, who was opposite her, also felt a faint pain in his heart. However, the hand that was hanging on his thigh secretly tightened, and a hint of uncertainty appeared in his eyes.

“There’s more.” That was what he wanted to show her.

Hearing Cheng Huan’s words, Shi Nuannuan’s fingers gently slid across the screen, and soon, the next photo appeared. No, to be precise, it should be a video.

She clicked on the play button and saw that Helian Manli was actually standing beside Xiang Yi?

“Miss Manli, this is?” Someone asked.

Helian Manli smiled and turned her head to look at Xiang Yi. He was holding a glass of wine. There was no smile on his face, but it was not cold.

“He is a very outstanding man. I believe President Fang will like the technology software developed this time.”

“Really? So it is Miss Manli’s...” President Fang did not explain and threw the suspense to the others. This made the relationship between Xiang Yi and Helian Manli even more ambiguous and unpredictable.

“President Fang, I’m only in charge of introducing such an excellent research and development to your company. Of course, the decision is still up to you. There’s no need to give good reviews because of my relationship. This will not only insult my friend’s work, but also damage president Fang’s reputation.”

“I understand what Miss Manli said. Don’t worry, I’ll definitely take a good look at your friend’s design.”

“Then, I will thank Chief Fang first.” Helian Manli smiled, then raised the wine glass in her hand and toasted chief fang together with Xiang Yi.

After a toast, Helian Manli pulled Xiang Yi to another place.

However, when she touched his arm, he gently pulled it away.

Chapter 1272 doesn’t mean anything

Helian Manli was a smart person. The moment she felt him pull away, she stood still and turned her head to face him, as if she had something to say.

However, the video only lasted for a short five minutes. When she saw this, it had already stopped playing.

Holding her phone, Shi Nuannuan’s heart throbbed a little.

He really went to look for Helian Manli? Why..

Suddenly, the words that Helian Manli had said to her last time rang in her ears: [as a girlfriend, how could I possibly tell another woman my man's address?]

Could it be that what Helian Manli said was true?

No, this was absolutely impossible. He wouldn't. He had once said that he would only marry Shi Nuannuan in this lifetime!

Yes, it was just attending a cocktail party together. This didn't mean anything.

Thinking of this, Shi Nuannuan calmed her emotions. She put away the tears that were about to fall out of her eyes and returned the phone to Cheng Huan.

"Thank you."

She looked at the tears that she was forcefully holding back in her eyes. And this had already achieved the result that he wanted.

"I heard that he and Helian Manli are very close. Moreover, her father also admires him very much."

Shi Nuannuan was startled. She raised her eyes and looked at Cheng Huan. Although her heart was faintly aching, her expression was very indifferent. "Is that so? Such an outstanding man will indeed be appreciated by many people."

After saying that, she stood up and took the bag from the chair at the side. "I still have something to do, so I'll take my leave first."

After saying that, she didn't need Cheng Huan to say anything. She had already turned around and left, walking towards the direction of the restaurant's entrance.

Cheng Huan, who was still sitting in his seat, suddenly had a sinister look in his eyes as he watched her leave.

...

After leaving the restaurant, Shi Nuannuan sat in the driver's seat. However, she did not start the car for a long time. Her mind was filled with the scene from the video.

She told herself that that did not mean anything.

She took out her phone and gave Shi Yuting a call.

After two rings, the call was quickly picked up.

"Brother." Before Shi Yuting could speak, Shi Nuannuan could not wait to speak first. "Can you help me check if Xiang Yi attended an event in country a?"

Hearing this, Shi Yuting frowned slightly on the phone. "Why are you suddenly investigating this?"

"I saw him. He attended the event together with Helian Manli. It seems that he developed some kind of technological software. In addition, there's also someone called boss Fang." She hoped to reveal more information to her brother, the chances of finding Xiang Yi would be greater.

“Where did you see him?” Shi Yuting was somewhat puzzled.

“Anyway, I saw him. Brother, can you help me check?”

On the phone, Shi Yuting was silent for two seconds before finally saying, “Yes.”

Only then did Shi Nuannuan feel relieved. Next, she only needed to wait for the results.

After hanging up the phone, Shi Nuannuan finally had the mood to start the car. However, she did not return to the apartment. Instead, she went to a bookstore and bought a few books.

When she returned to the apartment, the maid had already prepared lunch.

“Miss, you’re back,” the maid, sister Chen, said with a smile.

“Okay.”

“Wait a little longer. After the soup is done, we can have lunch.”

“Okay.”

Shi Nuannuan walked to the sofa and sat down. Then, she flipped open a book that she had just bought, wanting to learn some knowledge from it.

After lunch, she took a break for lunch. Only when her phone rang did she wake up.

She took the phone on the bedside table and realized that it was her brother calling.

“Hello?” She couldn’t wait to answer it. “Have you found out?”

Chapter 1273 time flies, at the entrance of the campus

On the other end of the phone, Shi Yuting was silent for a few seconds before replying, “No.”

She was stunned, somewhat puzzled.

No? How was that possible.

“How could there be no? I clearly saw –”

“I didn’t find Xiang Yi, and there’s no one called CEO Fang either,” Shi Yuting said solemnly.

“But, but I clearly saw it...”

“But I really didn’t find it.”

Shi Yuting’s words made her heart, which had finally been kindled with hope, shatter once again and fall to the bottom.

“I got it...”

After saying that, she hung up the phone.

On the other side, Shi Yuting, who was holding the phone, had a serious look on his face.

If it is to tell Nuannuan, she will be eager to run to country a again, rather than more sad, better hide it first.

But paper, after all, can not cover fire.

Over the next month, Shi Nuannuan often through the Internet to know Xiang Yi's news, but also more sure that he is in a country!

The only difference was that every time Xiang Weiyi appeared, Helian Manli was by his side..

— — * * * — —

Three years later.

Hot Summer, bustling metropolis, it is difficult to see pedestrians, estimated that one by one at this time are hiding at home blowing air-conditioning bar.

At the entrance of an international kindergarten, a dazzling white Maserati was parked there. In the driver's seat, Shi Nuannuan looked at the time on her wrist from time to time. There were only five minutes left before school ended.

Not long after, she saw petite figures coming out of the school gate one after another. She got out of the car.

Under the sunglasses, she could not see that beautiful face, but it was more mature and full of charm than three years ago.

The only difference was that her once soft and waist-length slightly curly hair had now become shoulder-length short hair. The ends of her hair were slightly curly, but she still did not lose the noble temperament that came with her body.

"Auntie!"

She had just walked to the door when she quickly saw a petite figure walking over.

Looking at the little fellow who was running towards her, Shi Nuannuan squatted down. "Shi Nuannuan!"

"Auntie!" Shi Lian rushed over and hugged her neck. She kissed and nibbled on her face, causing her to itch.

Following that, Shi Nuannuan's gaze noticed another little fellow who was walking over unhurriedly. "Don't You Miss Auntie?"

Shi Mo looked at her but did not say a word.

Shi Nuannuan pouted. "TSK, you really have the same personality as your daddy. In fact, you really miss your aunt, right? It's just that you don't want to say it out loud, HMM?"

She raised her hand and pinched his little face.

Little Mo Mo raised his hand and removed her hand.

Then, he acted like a little adult. "Why is your aunt here today? Where are my daddy and Mommy?"

"They have something to do today, so they can't come to pick you up. Why? Aren't you happy that Auntie is picking you up?"

"I'm happy!" Shi Lian raised her hand. She had not seen her auntie for more than a month.

Shi Nuannuan could not help but kiss her on the cheek. "Our Love is still the best. You're such a caring little cotton-padded jacket."

"Hey, you don't like me picking you up?"

"No, I'm just a little surprised."

Looking at his little adult appearance, Shi Nuannuan was a little speechless. He was only four years old, yet he sounded so much like her brother.

"Alright, let's go back!" She stood up and held the two little guys in each hand as they walked towards the car.

Ever since Zuo Weiyi saw the child being picked up by a stranger at the school gate, she had been afraid that something like this would happen to her child.

Chapter 1274: another small figure

Therefore, she personally picked up and sent the two babies every day. If anything happened, she would ask Nuannuan or Shen Lanzhi to come.

"Come, fasten your seatbelts!" After bringing the two babies into the back seat and fastening their seatbelts for them, Shi Nuannuan finally walked to the driver's seat with relief and started the car.

"Auntie, where did my daddy and Mommy Go?"

Along the way, Shi Nuannuan chatted happily with her two cute nephews.

"They are going to attend a banquet and will be back very late."

"So early?" It was only four o'clock.

"Because it's very far, we have to go there earlier!"

"Oh..."

In the blink of an eye, the white Maserati stopped at the busiest intersection in City Z.

When she looked up, she saw an advertisement playing on the screen not far away. She could not help but be stunned. She stared at the name at the bottom of the advertisement: Xiang Yi.

Beep! Beep! Beep!

"Auntie, the Light Is Green!"

Five seconds had passed since the light turned green, but it was Nuannuan who did not seem to notice. Her eyes were staring straight at the advertisement screen.

It was only when the sound of the horn and the call of her nephew came from behind that Shi Nuannuan snapped out of her daze and quickly started the car.

“Auntie, what happened to you just now?” It was Xiao Lian who spoke.

Shi Nuannuan smiled and looked at the two little guys through the rearview mirror. “Nothing much. I was just thinking about something and got a little distracted.”

“Auntie, you can’t be distracted while driving!”

“Got it, little adult!”

Not long after, the three of them arrived at Shi Mansion.

Before Shi Nuannuan could get out of the car, Mo Mo had already impatiently unfastened his seatbelt and rushed out of the car.

Only Lian Lian was still obediently waiting for her.

“Mommy!”

Hearing the sound of the engine, an even smaller figure rushed out of the house. The moment it saw Shi Nuannuan, it rushed over impatiently.

“Hanhan!”

She turned around and looked at the small figure rushing over. Shi Nuannuan was about to walk over with Lian Lian in her arms.

However, at this moment, the small figure that was rushing over fell when she reached the last step!

Shi Nuannuan turned pale with fright. She quickly put down Lian Lian in her hands and rushed over.

“Hanhan!”

Shen Lanzhi, who came out from the house after her, also turned pale with fright. “Aiya, Hanhan!”

“WAAA...”

Soon, a cry was heard. The two-and-a-half-year-old’s hand was scratched. Although she tried to hold back her cry, she could not hold it in and cried.

“Han Han, where did you fall? Quick, let Mommy See!” Shi Nuannuan looked anxious. Then, she saw blood stains on the scratched hand.

“Mommy... It Hurts, it hurts...”

“Hanhan, be good. Don’t cry. It Won’t hurt anymore.” Shi Nuannuan picked up her son who was on the ground and walked into the house.

“Quick, Go get the medical kit!” Shen Lanzhi said to the maid anxiously.

She carried her son and sat down on the sofa. Soon, the maid brought the medical kit.

“Mom, go to my bag. There are sweets that he likes.” Every time he gave her son an injection, as long as there were sweets in his mouth, he would not cry.

Shen Lanzhi heard this and quickly got up. She took a few sweets from her bag.

“Hanhan, it won’t hurt after you eat this!” Shi Nuannuan coaxed. She stuffed the sweets into her son’s mouth and started to treat the wound on his hand.

Hanhan, who had eaten the sweets, did not cry anymore.

However, when he was treating the wound, he still pursed his lips tightly, as if he was trying hard to bear something.

Chapter 1275, who did he inherit it from

A piece of candy was not a painkiller pill, so how could it not hurt?

“Auntie, brother clearly looks like he’s in a lot of pain. He’s just enduring it,” Shi Mo suddenly said from the side.

Wasn’t this the same as when he was injured and mommy used food to coax him?

How could he really not feel pain after eating candy.

Hearing her nephew’s words, Shi Nuannuan, who was carefully treating her son’s wound, could not help but raise her head and take a glance at her son. She saw that he was really frowning and enduring the pain.

Every time, she only cared about treating his wound. During the injection, because of her heartache, the moment the needle was inserted, she closed her eyes and did not dare to look, therefore, she never knew what kind of expression her son had when he was enduring all this.

At this moment, seeing her son enduring the pain, her heart felt as if it was pierced by a sharp sword, throbbing in pain.

“Hanhan...”

After the wound was treated and the medicine applied, Hanhan raised his head. “Mommy, I don’t feel pain anymore!”

Indeed, when he applied the medicine, it was especially painful, but now it wasn’t that painful anymore. At least he could endure it.

Looking at her strong-willed son, Shi Nuannuan’s heart hurt even more.

She reached out and hugged her son tightly in her arms. She pressed her cheek against his head and held back the tears in her eyes. “My Hanhan is the best.”

Shen Lanzhi’s heart was also choked up as she looked at the mother and son.

In the blink of an eye, three years had passed.

Too many things had happened in these three years.

At first, she did not know that her daughter was pregnant. It was only when she noticed that her belly was gradually expanding that she was extremely surprised.

“Oh right, mommy brought you a cake!” As she spoke, Shi Nuannuan released her son from her arms and turned around to go outside. She took out the cheese cake that was still in the car.

“Wow, Auntie, I want to eat it too!” Lian Lian was extremely happy when she saw the cake!

However, compared to her, the other two little fellows did not look happy.

“Mommy...” Little Hanhan looked at the box of cream cake in Mommy’s hand and could not help but say, “Hanhan doesn’t like to eat cream.”

Shi Nuannuan could not help but feel warm.

She seemed to have forgotten every time her son did not like to eat cream.

Speaking of which, she really liked to eat cream cakes, but her son was the opposite of her. Who did she inherit this from..

Suddenly, the familiar face that she had only seen on the screen for three years appeared in her mind.

That year, his marriage was approaching, and just when she could finally abandon everything and look for him after breaking off the engagement..

[Miss Manli, I heard that you are currently in a relationship with the CEO of the newly listed company X · S. Is this true?]

[Miss Manli, the reason why you are still single is actually because you have already been taken, right?]

[Miss Manli, may I ask if the CEO of X · S Group is really your lover?]

Helian Manli: “I’m very sorry, you guys really have too many questions. I really have no way to answer them one by one.”

Facing the group of reporters in front of her, Helian Manli smiled and answered.

However, such a simple and perfunctory sentence, the reporters did not intend to stop and continued to ask.

[Miss Manli, then you only need to tell us, are you and Mr. Xiang Yi Lovers Now?]

Being asked again, Helian Manli suddenly fell silent for a few seconds, but her face still had that elegant and generous smile.

“What do you think?” She asked with a smile.

Chapter 1276: The Wedding is approaching

“We feel that you and Mr. Xiang Yi have a close relationship, so you should be lovers, right?”

“That’s right, Miss Manli, just tell us the answer!”

“If you think so, then that’s it.”

“Oh my God, Miss Manli has finally revealed her relationship with the president of the X · S Group!”

“Miss Manli, may I ask, is your wedding approaching?”

“Yes... He has been busy with the company’s matters recently. He only wants to keep the company on track and Go International. At the moment, he hasn’t thought about marriage yet.”

[then when the company stabilizes, does it mean that your marriage is approaching?]

“Yes... I think so!”

[then, we would like to congratulate Miss Manli. She has finally found the Prince Charming that she loves all her life. We Wish You and Mr. Xiang Yi a long life together and look forward to your wedding!]

“Hehe, thank you for your blessings.”

The video report was still vivid in her ears. In the blink of an eye, three years had passed.

“Mommy?”

Seeing that she was in a daze, the little guy could not help but raise his beautiful eyes and look innocently at Shi Nuannuan in front of him.

Hearing her son’s voice, Shi Nuannuan finally came back to her senses.

“I’m sorry, Han Han. Mommy forgot that you don’t like cream again.”As she spoke, she opened the cake, cut it into small pieces, and placed it on the plate. She was the first to give it to Lian Lian.

“I don’t eat sweets.”When she gave it to Mo Mo, Shi Mo acted like an adult and gently raised his hand to reject her.

Looking at his cold and aloof appearance, Shi Nuannuan could not help but point her mouth at him. He really resembled his father!

Since he did not eat sweets, Shi Nuannuan did not force him. Instead, she turned around and picked up a fork to remove all the cream on the cake before handing it to her son. “There’s no more cream!”

Seeing that there was no more cream on the cake, Han Han took it and ate it happily.

The sky outside the window gradually darkened.

The living room was filled with joy.

“Mom, Han Han and I are going back.”On the sofa, Shi Nuannuan suddenly stood up.

“Now? Let’s eat before we leave.”Shen Lanzhi also stood up.

It had been three years. She really hoped that her daughter could move back, even if it was just for a night.

But every time, she refused to even eat dinner.

“No.” As she said this, Shi Nuannuan had already picked up her bag. She then turned to look at her son, who was still playing with Shi Mo and Shi Lian. “Hanhan, we’re leaving!”

Hearing her mother’s voice, Hanhan, who was not far away, turned around. He threw away the sports car toy in his hand and ran towards Shi Nuannuan.

“Nuannuan, stay here for one night –”

“Mom, I’m leaving.” Ignoring her mother’s words, Shi Nuannuan directly picked up her son. She smiled at Shen Lanzhi before turning around and walking towards the door.

Shen Lanzhi still wanted to ask her to stay, but after looking at the clock on the wall, she eventually gave up.

Nuannuan timed it right. It was time for the old man to return.

Just as she was thinking, her daughter had already carried her little grandson to the front door. She quickly walked up, intending to send the mother and son off.

Holding her son in her arms, Shi Nuannuan saw a black Lincoln drive into the courtyard just before the car door opened.

Her hand that was opening the door stopped and she turned to look.

Shi Le, who had just returned, saw his granddaughter and great-grandson as soon as he got out of the car. His expression also froze and he was a little surprised.

After a while, Shi Le seemed to have realized what was going on. He walked up to the mother and daughter and was about to say, “Han Han, come –”

Chapter 1277, the uncle in the photo

“Hanhan, we’re going home.”

Before he could finish his sentence, Shi Nuannuan had already opened the car door, placed her son on the child’s seat, and fastened his seatbelt.

Shi Le’s raised hand froze on the spot.

It had been three years. No matter what he did, this granddaughter of his refused to pay attention to him.

“Goodbye, great-grandfather.” In the car, the moment the door closed, Han Han waved at Shi Le.

In the next second, Shi Nuannuan had already started the car and disappeared at the entrance of the courtyard.

Looking at the shadow of the car that was gradually moving further and further away, Shi Le’s face was filled with sadness.

Back then, he had made a wrong decision and actually lost this granddaughter of his. Later on, even though he personally went to cancel this marriage, it was all too late.

However, it also proved one point. The love that she thought would last till death was, in the end, dispensable, wasn't it?

Sighing, Shi Le turned around and walked into the house.

When he returned to the apartment, the sky had already turned completely dark, and the lights outside the window were dim.

"Hanhan, you watch TV for a while. Mommy will go take a shower." After turning on the television for her son and taking some snacks, Shi Nuannuan finally left with a sense of relief. At the same time, she told sister Chen who was cooking in the kitchen, "Sister Chen, I'm going to take a shower. While You're at it, help me take a look at Han Han."

Cooking had always been her weakness. Even after three years, she still could not cook anything.

She had also thought of cooking something delicious for her son, but it was either too salty or she had mistaken vinegar for soy sauce. In the end, she had no choice but to give up.

When she heard Wen Sheng, sister Chen's figure quickly ran to the kitchen door. She smiled and said, "Okay, Miss, you can go."

After she left, Han Han obediently sat on the sofa. He was holding the remote control and turning the television station around. When it was switched to a variety show, he suddenly stopped changing the channel.

Instead, he quietly stared at the television screen.

"Mr. Xiang, I heard that you plan to shift the focus of X · s group to Z country. Is this true?"

Facing the host's question, the man sitting on the single-seater sofa remained calm. "Yes."

"Then, will you continue to develop in country A in the future?"

"I think so."

"Then, forgive me for being presumptuous. When you go back this time, will you go back alone or will you bring Miss Manli along?"

Hearing this, the man was slightly startled, but his expression remained calm. "Together."

Hearing his answer, the host could not help but laugh, as if he understood the meaning behind it.

Shi Nuannuan came out of the shower and was still wiping her hair. When she saw her son staring at the television without blinking, she was curious about what attracted him so she walked over.

"Hanhan, what are you looking at?"

She walked to the sofa. When her gaze fell on the television screen, her hand that was wiping her hair also stopped. Just like her son, she stared blankly at the familiar face on the screen.

“Then, can I ask you a personal question?”The host had a smile on his face as he looked at the outstanding man opposite him.

“Yes.”

“Currently, the X · S Group has already gone international, and you are the top myth of our a city. After everything is on track, doesn’t that also mean that your marriage is approaching?”

The host was naturally referring to his and Helian Manli’s marriage.

This matter had almost become the focus of attention in the entire country A. They had always wanted to know that the two of them had already spread good news three years ago, but now that three years had passed, shouldn’t the wedding be held?

On the single sofa, Xiang Yi, who was currently being interviewed, lowered his dark eyes slightly. Then, he suddenly turned his gaze to look at the camera lens of the television drama.

Chapter 1278, would she still be willing to marry him

Shi Nuannuan, who was standing in front of the television, was stunned the moment he turned his gaze away.

Although it was only on the screen, the direction he was looking at seemed to be staring at her. However, she knew very well that it was not.

Staring at the camera lens, the man on the sofa slowly said, “If nothing unexpected happens, she should be close. I just don’t know if she will still be willing to marry me.”

When he said this, not only the host, but all the viewers in front of the television were filled with envy and joy.

“Mr. Xiang, you really know how to joke. You’re now a famous person in our city A. Many women dream of marrying you. How could miss Manli not be willing!”

However, Xiang Yi did not pay attention to what the host said. He just stared at the camera lens quietly.

In front of the television, the moment she heard about the marriage, the towel Shi Nuannuan used to wipe her hair also fell to the ground with a ‘hua’sound.

Was he going to marry Helian Manli?

Her heart suddenly felt as if it had been ruthlessly slashed by something, and it stung.

“Mommy, What’s Wrong?”

Han Han, who was on the sofa, turned his head and glanced at Shi Nuannuan, who was standing there. He immediately slid down from the sofa and walked over to pick up the soft towel and handed it to her.

Hearing her son’s voice, Shi Nuannuan shifted her gaze away from the screen. She turned around and took the towel from him before squatting down. “Thank you, Han Han.”

“Mommy, What’s wrong with you?” Little Han Han asked in a coquettish voice. He was two and a half years old, and his speech was still a little unclear.

Only when she saw her son’s beautiful face would all the sorrow and hatred in Shi Nuannuan’s heart be appeased.

“Mommy is fine.”

Hearing her say that she was fine, the little guy could not help but laugh again. He turned around and pointed at the man on the television. “Mommy, do you know that uncle?”

Being asked by her son, Shi Nuannuan could not help but feel warm.

After a long while, she looked at her son. “You, why would you ask that?”

The little guy glanced at Shi Nuannuan, then turned around and opened the handbag that she usually carried. He took out her phone from it and pressed the turn-on button.

The dark screen suddenly lit up, and then a group photo entered his eyes.

“What...” he looked at the pair of big, cute eyes, and his chubby little fingers kept tapping on the wallpaper photo on the phone screen, his pink little mouth opening and closing, “What uncle and that uncle look alike! He and mommy are taking a few (from) photos!”

Looking at the photo that they had taken together, the sweet memories were still vivid in his mind. But in the blink of an eye, he was going to marry another woman.

The words that he had once said rang in his ears, “Nuannuan, no matter what others say, you only need to believe one thing, and that is that in this life, other than Shi Nuannuan, I will not marry anyone else.”

She took the phone from her son’s hand and changed the lock screen wallpaper.

After a pause, her gaze fell on her son’s face. “Baby, can mommy take a picture of You?”

“Yes, yes, yes!” The little guy was very happy and began to dance with joy.

Just as Shi Nuannuan aimed the camera at his little face, the little guy suddenly said, “Mommy, can I take a few pictures with you?”

She was stunned for a moment before saying, “Sure!”

As she said that, she lowered her body and turned her phone into a selfie and aimed it at her and her son’s faces.

Chapter 1279 coffee shop: warm times

However, when she looked at her son in the camera lens, she was stunned. She turned around and looked at the little guy in front of her in confusion. “What are you doing?”

“I want to learn from that uncle.” The Little Guy had a photographic memory. He quickly remembered the pose of the man in the wallpaper photo.

Looking at her quirky son, Shi Nuan Nuan could not help but feel that it was a little funny.

But in the next second, the smile on her face slowly turned bitter.

Memories were always so beautiful, but reality made you feel pain in your heart.

“Mommy, Can I Kiss You?”

“Yes, yes!” The little guy nodded his little head happily and soon forgot what his original purpose was.

The moment she kissed her son’s little cheek, Shi Nuannuan pressed the OK button and then set the photo with her son into wallpaper.

After dinner, Shi Nuannuan gave her son a bath and then told him a story. Only then did the little guy fall asleep.

Three years could really change a lot of things.

She was a Missy who didn’t know anything. She slowly adapted to how she could grow step by step in this cruel society without the protection of her family, she had also gradually learned many things that she had never learned or even touched before.

Of course, for the sake of her son’s health and safety, she decided to forget about cooking.

The next day.

After saying goodbye to the little guy, she drove away from her apartment.

Ten minutes later, the White Maserati stopped at the entrance of a coffee shop. It was called [warm time]

“Boss.” Someone greeted her as soon as she entered the shop.

After Shi Nuannuan felt a little warm, she walked into the lounge inside the bar counter in her high heels.

After putting down the bag in her hand, she took out some documents and pens and walked out. She found a seat by the window in the coffee shop and sat down.

She had filled out her university aspirations casually. Although she had graduated from a famous university, she did not have a major that she was good at. In the past three years, she had found some simple jobs, but she was not used to them.

She did not want to be at the Supreme Emperor because she would never be able to truly grow up there. Whenever she encountered any problems or mistakes, as her older brother, Shi Yuting would always be able to turn a big issue into a small one, otherwise, he would simply ignore the mistakes she had made.

In the end, she realized this and left the supreme emperor.

However, when she went to other companies, she realized that after leaving her family, she was really useless and did not know anything.

She didn't want to be a useless person forever, or perhaps, she wanted to take a gamble.

If she left home, would she really starve to death?

With such an obsession, she studied step by step. Finally, by chance, she used the money she had saved to open a coffee shop.

At first, it wasn't so smooth, but later, there was a slight improvement.

At least now, the monthly income of the coffee shop was enough to support the mother and son.

"Boss, we don't have any more Kang Na coffee. There are still two cups left." A shop assistant walked over and looked at Shi Nuannuan who was making a list.

Hearing this, Shi Nuannuan stopped the pen in her hand and raised her head to look at a shop assistant who walked over. "Didn't Kang Na have a lot yesterday?"

There were only two cups left. It was definitely too late to stock up today.

The shop assistant smiled. "Yes, there was a lot yesterday, but after you left, you sold a lot of them. By the time I realized it, it was already very late, so I didn't tell you."

Chapter 1280, why are you here?

Listening to the clerk's report, Shi Nuannuan lowered her eyes and then looked up. "Okay, I got it. You can go back to work."

The clerk nodded at her, then turned around and left.

Shi Nuannuan turned around and lowered her head to add the word 'kang Na' on the order form.

After organizing all the orders and making a clear plan, she heaved a sigh of relief and stood up.

"Xiao Qiao!" In order to make the coffee more mellow, Shi Nuannuan would have people fly overseas to get it every time she bought it. If she had the time, she would go by herself.

It was also because of this that the business in her shop was increasing day by day and was thriving.

"Boss, the store manager has something on today, so he asked me to take a leave of absence."

Seeing her calling the store manager's name, another waiter walked over.

Shi Nuannuan turned around. "What's wrong with her?"

"Her boyfriend came over. It seemed rather sudden. He said that he had something to do at home and had gone back to his hometown, so he didn't have the time to tell you."

Shi Nuannuan fell into deep thought when she heard that. "I see."

Then, she could only fly to Hawaii on her own.

Since it was the weekend tomorrow, why not leave Han Han at her sister-in-law's place? That way, she would be able to fly overseas without worry.

“Welcome.”

Just as she was thinking, the doorbell rang automatically.

“Mrs. Shi.” Zuo Weiyi walked in. After sending her son and daughter to kindergarten, she conveniently went to Nuannuan’s cafe.

Since she often came here, the employees in the shop also knew her identity. She was the boss’s sister-in-law.

Hearing the employees call her “Mrs. Shi,” Shi Nuannuan turned her head and saw her sister-in-law, Zuo Weiyi, pushing the door open and entering.

“Sister-in-law, why are you here?”

“I’m here to see you.” Zuo Weiyi smiled.

“Come and sit.” Shi Nuannuan pulled her to sit at the same seat as before. Then, she raised her head and said to the waiter who was standing at the side, “Two cups of Blue Mountain.”

“Okay.”

After the waiter left, Shi Nuannuan turned her head and looked at Zuo Weiyi who was opposite her.

“Sister-in-law, have you eaten breakfast?”

Zuo Weiyi retracted her gaze and smiled at her. “I have. It seems that your business is getting better and better.”

Shi Nuannuan smiled and lowered her head before raising it again. “It’s alright. Although I can’t compare to brother, at least I’m living comfortably now, and...” she raised her hand, she made a slight gesture.

“There’s still a sense of accomplishment.”

Zuo Weiyi could not help but laugh. “Are you making fun of me for not achieving anything?”

“Aiya, how would I dare? If I dared to make fun of you, wouldn’t brother Chop Me Up?” She pouted, everyone knew that her brother doted on his wife like his life depended on it. “Besides, even if you don’t know anything, my brother wouldn’t despise you. He still raised you to be so fair and fat.”

“Don’t make fun of me. I’m really going to become a fat woman.”

Ever since she gave birth, she really didn’t do anything. If it weren’t for the occasional trip with Shi Yuting or shopping, she really might have turned into a fat pig.

“You’re still fat like this?”

“Not fat?”

“TSK, if you keep losing weight, my brother might really despise you.” Shi Nuannuan was annoyed and took the opportunity to take a sip of coffee.

Zuo Weiyi was stunned. “Why?”

Shi Nuannuan looked at her with a wicked smile. “Because... There’s no tenderness!”

“You wretched girl!” Zuo Weiyi was angry and shy. She could not help but glare at her!
