

## **Kiss Me 1291**

Chapter 1291 wasn't there for the whole day?

"Xiang Yi, can you not be so impulsive? The cooperation with the Cheng Group –"

"If I say it's rejected, then it's rejected. In the future, as long as it's something belonging to the Cheng Group, don't bring it in front of me!"

"Xiang Yi!"

Helian Manli still wanted to say something, but the man opposite her had already stood up, and his tone also softened.

"I still have something to do, you can eat by yourself."

After saying this, he stood up and walked towards the stairs.

Looking at his back view that suddenly stood up and left, Helian Manli was still somewhat stunned.

Back here, this was already the second time he had left her alone.

Beside her ear, she could not help but recall what he had once said, "I am grateful that you have always helped me, but I want to make one thing clear. I also hope that you can understand that no matter how the outside world views it or how they discuss it, I will never have feelings for you as a man and a woman."

Yes, from the very beginning, he had said that it was impossible for him to like her.

For the past three years, she had been very clear about it.

No matter what the outside world said about their relationship, he had never seemed to care.

For the past three years, it had only been her wishful thinking.

However, the more aloof and distant he was, the deeper she would sink into it.

After leaving the restaurant, Xiang Yi did not return to the company. Instead, he went to the warm time cafe.

The location was the same as yesterday. The coffee was still at the Blue Mountain.

However, he did not seem to see her today.

He sat by the window until he finished his cup of coffee. Shi Nuannuan did not appear.

Looking at the time, it was already 1:30 pm. He had no choice but to get up and leave.

At 5:40 pm in the afternoon, he went to the coffee shop again. However, he still did not see her.

She was not here for the whole day?

Although he was a little confused, he still came here at noon the next day, but that figure still did not appear.

Where did she go?

Wasn't this coffee shop opened by her? She was not here for two days?

"Two cups of Connor."

"I'm sorry, Sir and Miss, we don't have Connor in our shop for the time being. The Boss has gone to buy the goods personally. I guess it will only be available tomorrow." Looking at the two customers who just came in, Xiao Wen said with a smile.

Xiang Yi's gaze followed her and then lowered.

So she had gone to stock up personally.

"The bill, Please." The cup of coffee was almost empty. He called for the waiter to pay the bill.

She had been here for two consecutive days. In addition, she had helped the boss settle those troublesome matters that day. Xiao Wen's influence on him was especially deep.

When she was about to pay the bill, she could not help but open her mouth, "Sir."

Xiang Yi was about to leave when he saw her calling out to him. He could not help but raise his eyes and look at her. However, he did not open his mouth and waited for her to continue.

"You, do you know my boss?"

He was silent for a few seconds before answering, "Yes."

"Oh..." Xiao Wen nodded. She thought of the day when her boss had lost the note.

She had been working here for so long, but she had never seen the boss's expression.

Could it be that this man in front of her was the boss's suitor? Uh, and an old friend?

Thinking of how he had been coming in the past two days, Xiao Wen could not help but add, "Well, our boss went to Hawaii to stock up. If nothing goes wrong, he should be back tomorrow evening!"

"Okay." Although his expression was a little cold, after nodding slightly, he gave off a very gentle feeling.

Xiao Wen, who was a little afraid of him at the beginning, could not help but smile at this moment.

"Then take care, I'm going to work!" After saying this, Xiao Wen turned around and left, returning to her working condition.

Chapter 1292! Fine!

After coming out of the coffee shop, Xiang Yi did not drive his car as he was not far from his company. At this moment, he was walking.

However, just as he walked out of the coffee shop, he turned around and bumped into a small figure.

“Ouch!” His forehead hurt from the collision. The little guy could not help but raise his hand to rub it. His small mouth immediately pouted. He raised his head to look at the tall and straight figure in front of him.

“Are you a sei? I’m so happy that you bumped into me!”

Looking at the little figure that was only above his knee, Xiang Yi was a little stunned.

This little guy obviously bumped into him without looking at the road, but for some reason, he actually squatted down and looked at the little guy, “I’m sorry, I didn’t see you.”

The little guy immediately raised his head and looked like a proud little adult, “Okay, I’ll be nice to you!” (forgive)

For the past three years, he had never smiled. But now, he was amused by the little guy in front of him.

“Thank you.”

The little guy glanced at him, then walked past him and ran into the coffee shop!

Looking at the petite figure, Xiang Yi was stunned for a moment before he turned around and left. The corner of his mouth was still smiling uncontrollably.

When he raised his head and saw a familiar face, he could not help but be stunned and stopped walking.

Perhaps he was old and could not keep up with his grandson’s footsteps.

Shen Lanzhi had just gotten out of the car when she saw her grandson running to the entrance of the cafe. She had just caught up with him when she saw that his grandson had already sneaked into the cafe.

He was fine at home, but the little guy seemed to miss his mother and insisted on coming to the cafe to look for her.

Unable to persuade him, Shen Lanzhi had no choice but to bring him here.

At this moment, when she saw Xiang Yi’s figure, she could not help but be startled and looked very surprised.

The person Han Han bumped into just now was Xiang Yi?

Looking at the man in front of her who she had not seen for three years, Shen Lanzhi came back to her senses. Her expression was a little indifferent, but she still greeted him, “You’re back.”

Xiang Yi nodded slightly as a respectful response to her.

Shen Lanzhi looked at him again, but in the end, she did not speak again. Instead, she sighed softly and walked past him into the cafe.

Xiang Yi did not take her indifferent attitude to heart. Instead, he turned around to look at her before walking out of the restaurant.

...

On the third day, Shi Nuannuan finally returned!

In the evening, she had just arrived at the restaurant. After taking out the goods, she did not have time to catch her breath.

Xiao Wen walked over.

“Boss.”

“HMM?” Shi Nuannuan looked up at her.

Xiao Wen hesitated for a few seconds before saying, “Well, during the days when you were away, the gentleman who saved you last time came.”

When Shi Nuannuan heard this, she naturally understood who Xiao Wen was referring to. She couldn't help but be stunned.

Then, she pretended to be casual. “Why is he here?”

“Well... firstly, he's here to drink coffee. Secondly...”

“What for?”

“That gentleman said that you haven't paid him the service fee that you owed him last time. He asked you to remember to deliver it to him personally tomorrow afternoon after you come back today.”

Hearing Xiao Wen's words, Shi Nuannuan suddenly felt a fire surge up in her chest!

Ignoring the fact that there were still customers in the coffee shop, she said angrily, “Who wants to pay him the service fee? I didn't ask him to help!”

Ever since she entered the cafe, this was the first time Xiao Wen had seen the boss lose his temper. She couldn't help but swallow her saliva!

Ugh, the way the boss lost his temper was so scary!

Chapter 1293, can I Sit Down?

“Um, I, I have to go back to work!” Xiao Wen bent her back and lowered her head, silently choosing to leave.

When she came back to her senses, Shi Nuannuan noticed that the few customers in the coffee shop were staring at her in surprise. She cleared her throat and pretended as if nothing had happened as she returned to the lounge.

After taking care of everything, she sat on the sofa and could not help but take out the piece of paper with the address in it from her bag.

Do I really have to go? Yes or No?

TSK, why should I Go!

She got up and stuffed the slip back into her bag. Then, she walked out with her stylish handbag.

Looking at the time, it was already seven o'clock.

By the time she arrived at Shi Mansion, their dinner should have been finished. Then, she would go to Shi mansion to have dinner with Han Han!

"Xiao Wen, I'll leave this place to you guys. I'm leaving first," she said as she walked out of the lounge and looked at Xiao Wen who was busy.

Xiao Wen Sheng turned her head. "Okay, Boss!"

After giving her instructions, she left the cafe and drove to a French restaurant.

She was too lazy to pay attention to her own dinner. After finding a seat in the lobby, she sat down and ordered a serving of spaghetti with tomato sauce.

"Please wait a moment."

After the waiter left, Shi Nuannuan waited for her meal and casually flipped open a magazine.

After flipping through it, she found that there was nothing interesting, so she closed it and placed it back in its original position.

She looked up somewhat bored and looked around the French restaurant.

When she raised her head, she met a pair of familiar eyes. She couldn't help but stop.

Not far away, Helian Manli walked into this restaurant. Just as she passed by the hall, she noticed Shi Nuannuan, who was also sitting there. She couldn't help but stop in her tracks.

After glancing at her, Shi Nuannuan retracted her gaze and turned elsewhere, as if she didn't want to pay attention to the figure that walked in.

Not long after, the waiter brought over a serving of spaghetti.

Shi Nuannuan picked up the cutlery and slowly began to eat.

The sound of footsteps approached from afar. Without raising her head, Shi Nuannuan seemed to know that it should be Helian Manli who had walked over.

She still did not raise her head and continued to eat the noodles.

In the next instant, Helian Manli's voice sounded across from her.

"Nuannuan, can I Sit Down?"

Shi Nuannuan took a bite of the noodles and immediately raised her eyes, her gaze landing on her face. "I'm only here to eat. You can sit wherever you want. It has nothing to do with me, and you don't need my permission."

Hearing her cold tone, Helian Manli didn't seem surprised, and sat down opposite her.

Just as she sat down, Shi Nuannuan spoke again. "Also, I don't seem to be that familiar with you, right? Please don't call me so cordially."

After saying that, she lowered her head and continued eating the noodles on her plate.

After eating, she still had to return to Shi mansion to fetch Han Han back home!

Looking at Shi Nuannuan who was so cold and distant from her, Helian Manli still only smiled. "That's true. Then I'll Call You Miss Shi."

Shi Nuannuan did not speak and continued to eat her noodles.

"How have you been these three years?"

"Very well! But..."she raised her eyes, her gaze somewhat cold. "Does this have anything to do with you?"

"Of course it doesn't. I'm asking on Xiang Yi's behalf."

Hearing this, Shi Nuannuan suddenly felt warm and her actions of eating also stopped. Her face turned pale for a moment.

But in the blink of an eye, she recovered her calmness and raised her eyes to look at Helian Manli opposite her. "You're asking on his behalf?"

Chapter 1294, what kind of good person are you doing for him?

Helian Manli smiled faintly. "Well, all these years, he always feels... a little indebted to you."

"Is that so? Then let him say it himself. What kind of good person are you doing for him! ?"Every sentence was laced with sarcasm. She just couldn't stand the woman in front of her.

But in her heart, she felt a little uncomfortable.

He felt indebted to her? Was that why she was here to console her? What a joke!

At this moment, Shi Nuannuan was not in the mood to eat anymore. Seriously, a nice dinner was ruined by this woman!

However, although she was angry, Shi Nuannuan looked like a queen on the surface!

"He has been too busy recently."

"Is that so?"

"Yes. After all, he just arrived here. There are many things that he still needs to learn from scratch."

Shi Nuannuan suddenly curved her lips into a smile, "Then why didn't you, this fiancée of yours, go and help him? Why did you come to my place to chat?"

Helian Manli paused, as if she was finally at a loss for words.

She didn't hate Shi Nuannuan, but she didn't want the man she had loved deeply for three years to be snatched away just like that.

She just wanted to defend this relationship, even if it was just her own wishful thinking.

As long as Shi Nuannuan didn't come back, everything would still have a chance.

"I made an appointment with him to eat here. He should be here soon."

"Is that so? Then you guys take your time to eat!" As she spoke, she put down the fork in her hand and was too lazy to eat anymore. She turned around and called for the waiter. "The Bill!"

After paying, she picked up her bag and stood up, walking towards the restaurant's entrance.

Just as she walked out, behind her, Helian Manli's voice sounded once again. "Miss Shi!"

She stopped, took a deep breath, and turned her head to look at Helian Manli, "What exactly are you trying to say? Are you here to declare your sovereignty to me? "Okay, I know that he is now yours, but I really don't understand. Aren't you guys going to get married soon? "Why? Are you still afraid that I, an old friend from the past, will snatch him away? "So you came here to tell me all this nonsense?"

Helian Manli couldn't help but feel a little worried when her thoughts were poked.

Although it wasn't all, she was indeed afraid that an old friend like her would snatch Xiang Yi away again.

"That's not it. These three years, he is indeed... worried about whether you're living well or not." She was always very calm, and there was always a smile on the corner of her mouth. It made people see that she didn't seem to have the slightest bit of hostility towards Shi Nuannuan.

"OK, if that's all, I can tell you now. You can tell him everything I said in a while. For the past three years, I, Shi Nuannuan, have been doing very well!"

After saying that, she turned around and did not want to bother with this Helian Manli anymore.

"I heard that you had a miscarriage?"

Just as Shi Nuannuan turned around, Helian Manli opened her mouth again.

Her words caused Shi Nuannuan to stop in her tracks once again.

Miscarriage?

Her heart felt as if it had been stabbed by something, and it was faintly aching.

"Because of the miscarriage, the marriage with Cheng Huan was also canceled, right? The Child You're pregnant with is Cheng Huan's Child?"

Shi Nuannuan was stunned once again as she recalled what had happened three years ago.

That year, after the marriage with Cheng Huan was canceled, her stomach became more and more obvious. No matter what, the Shi family was a prestigious family. Everyone knew that the eldest daughter of the Shi family had canceled the marriage with the Cheng family. At this time, in order to protect nuannuan..., Shi Yuting had people block the news that she was pregnant and had a baby at

home. Almost no one knew about it. After canceling the engagement with Cheng Huan, she did not step out of the house. She only focused on raising the baby at home.

One had to know that if Nuannuan was pregnant at the same time as the marriage was canceled, she would cancel the engagement with Cheng Huan., the Outsiders would definitely think that the sudden cancellation of the engagement was definitely because the baby in her belly was another man's.

Chapter 1295, you are no longer worthy of him!

At that time, nuannuan might be blamed by the public and bear the stigma of having an affair.

In order to protect her, Shi Yuting could only hide the news that she was pregnant.

But for some reason, after some time, the outside world actually said that she had aborted the engagement with Cheng Huan. From the beginning, it was also because she was pregnant with Cheng Huan's child that the two of them suddenly got engaged.

Of course, not long after this rumor came out, it was completely blocked by Shi Yuting, but it still spread to country A.

Shi Nuannuan did not seem to be surprised that Helian Manli also knew about this matter.

The people in the outside world did not know about Han Han's existence to begin with, so she naturally could not be bothered to explain it. There was no need to explain it to people who had nothing to do with it.

She loved Han Han, and that was enough.

She suddenly turned around and looked at Helian Manli with a cold smile, "Excuse me, does this have anything to do with you?"

"No, I just want to explain. Three years ago, you guys despised Xiang Yi for having nothing, so you chose to be with Cheng Huan. Now that he has succeeded and returned here, you shouldn't still have feelings for him, right?"

Hearing this, Shi Nuannuan couldn't help but find it funny.

"Ha, where did you hear this from?"

"It doesn't matter where I heard it from. What's important is..." Helian Manli suddenly paused and looked at Shi Nuannuan in front of her, "Three years ago, you felt that he wasn't worthy of you. Now, you've had those things with another man. I hope you can understand that three years ago, you despised him. Three years later, you're no longer worthy of him."

Her tone was very calm, but the words she said were like an incomparably sharp blade, ruthlessly stabbing into the heart of another!

Shi Nuannuan was startled at first, then she laughed coldly.

What did she mean by these words?

Was she saying that the current her was a ruined flower and was no longer worthy of Xiang Yi? was that what she meant?

Haha!

“Helian Manli, I also hope that you can understand that it’s not up to you to say what kind of person I, Shi Nuannuan, am! “As for you, you didn’t manage to chase after my brother back then, and now you’re pestering another one. I say, your natural hobby is to love snatching other people’s men, right? “Then I don’t think you’re any better than me. Your methods are even dirtier than mine!”

After saying this, Shi Nuannuan couldn’t help but fold her arms across her chest and arrogantly swept a glance over her body. “As for your body... it’s not necessarily that clean since you like to snatch other people’s men, right?”

Hearing her words, Helian Manli couldn’t help but be stunned.

For a moment, she seemed to have forgotten to open her mouth.

Shi Nuannuan smiled in satisfaction. She picked up her handbag and turned around to walk towards her Maserati.

But just as she turned around, she saw a flash of light and the luxury car stopped in front of her.

In the next moment, she saw a pair of exquisite handmade leather shoes fall to the ground. Then, that familiar face walked out of the car.

Xiang Yi had just gotten out of the car when he saw her. He could not help but pause and freeze by the car door.

The moment he saw him, Shi Nuannuan’s heart was pierced by a sharp pain.

Could three years really change a person so completely?

He knew that she had never despised him for having nothing. Why did he let this woman come in front of her and humiliate him?

She glanced at him and finally turned around coldly. She walked to the front of her car, opened the door, sat in the driver’s seat, and left the city.

Seeing that her car had disappeared without a trace, Xiang Yi only then turned his gaze and saw that Helian Manli was also standing there.

Chapter 1296 she asked me to pass on a message to you

Today, he had invited a client to eat here, but it wasn’t because he had an appointment with her.

“Why are you here?”

Looking at the man in front of her, Helian Manli was a little surprised.

Previously, she had said that to Shi Nuannuan because she wanted a sense of security and didn't want her to see through it. In the outside world, she and Xiang Yi were about to get married, but in reality, their relationship wasn't that close.

What surprised her was that he also came to this restaurant. Moreover, he came at the right time.

Walking towards the man in front of her, Helian Manli smiled. "I came to eat. Why are you here?"

"I have an appointment." His tone and tone had a hint of coldness.

"Then can I come with you?" She asked with a smile.

Xiang Yi glanced at the French restaurant behind her. "You eat pasta?"

Helian Manli nodded. "Yes."

"That might not be possible. The person I'm meeting is next door."

Hearing this, Helian Manli was somewhat stunned. She turned her head hesitantly and glanced at the restaurant next door. She discovered that it was an entertainment club.

"I'm leaving."

Saying this, Xiang Yi turned around and left.

Helian Manli wanted to say something, but he suddenly stopped in his tracks. She couldn't help but feel happy in her heart, thinking that he wanted to bring her along.

However, Xiang Yi, who turned around, only quietly looked at her. Two seconds later, he said, "Did you talk to her just now?"

Helian Manli was stunned for half a second before she realized that he was talking about Shi Nuannuan, so she nodded. "Yes."

"What did you say?" His tone was calm, but he was eager to know what she was talking about.

She was silent for a while before she said, "She... asked me to tell you the exact same thing."

He looked up and was stunned. He was eager to know what she had told him.

"What is it?"

He looked at the man in front of him. The light in his dark eyes was something she had never seen in the past three years.

"She said that she has been living very well these past three years and doesn't want to have anything... to do with you anymore," she said while paying attention to the expression on the man's face.

Hearing her words, Xiang Yi's other hand, which was stuck in the pocket of his suit pants, could not help but tighten slightly.

He glanced at her, then turned around and left, thinking about the main entrance of the entertainment club!

She doesn't want to have any connections with him, right?

Very good!

...

After returning to Shi Mansion and bringing Han Han home, Shi Nuannuan took out his favorite gift.

"Miss, I'll be going back now."

In the living room, sister Chen said to Shi Nuannuan with a smile after tidying everything up.

Shi Nuannuan had just showered and smiled at sister Chen. "Alright, thank you for your hard work."

"It's alright." Sister Chen smiled and was about to turn around and walk towards the door.

However, Shi Nuannuan stopped her at that moment. "Wait!"

After saying that, she walked to the bedroom and took out a gift from her luggage. "Sister Chen, this is a gift for you."

Sister Chen, who received the gift, rarely smiled happily. "Thank you, miss. ."

Shi nuannuan smiled and said, "Be careful on the way. Hurry up and say goodbye to Grandma Chen."

"Goodbye, Grandma Chen."

"Okay, see you tomorrow." Sister Chen patted Hanhan's head lovingly before turning around to leave.

After sister Chen left, Shi Nuannuan let her son watch TV on the sofa while she took a sheet to the round table at the side and started to do it.

It was the end of the month, and Xiao Wen and the others were about to receive their salaries again.

As she was working on the bill, she suddenly heard a familiar voice from the TV.

Chapter 1297 must be pretended not to know!

She couldn't help but look up at the television screen, her gaze falling on the familiar face.

Then, she couldn't help but look at her son on the sofa. Wasn't he a child? Why didn't he like watching cartoons, but he always watched things that adults watched?

She got up and walked over. "Han Han, why do you always watch this?"

It wasn't the first or second time. Every time he saw a report about Xiang Yi, his son wouldn't be able to take his eyes off him.

On the sofa, Han Han turned his head. Suddenly, something seemed to ring out. "Mommy, I saw an Uncle Yesterday!"

Shi Nuannuan thought that he was talking about the television, so she didn't pay much attention to it. "Is that so?"

“En!” Han Han nodded very seriously. He looked at Shi Nuannuan with a pair of beautiful big eyes. “He even bumped into me once, causing my forehead to hurt!”

Hearing this, Shi Nuannuan was stunned. She looked at her son and asked, “Bumped into him?”

“Yes! I went to Mommy’s shop to look for you, and then I bumped into a uncle!” Han Han pointed at the man on the television and said in a serious manner. His little face had that innocent expression on it, and he was extremely cute.

Shi Nuannuan was stunned for a second, as if she was deep in thought about something.

Then, she pinched her son’s shoulders and said seriously, “Son, Mommy has something to tell you!”

“Is he awake? (what is it?)”

“In the future, if you see this uncle again, you must pretend not to know him!”

Han Han was a little stunned. He looked at his big eyes and said, “Is he awake?”

“Because he is a bad person!” Shi Nuannuan imitated her son’s tone and said seriously!

“Bad Silver?”

“Yes! Bad Silver!”

“Oh!” Although he was a little confused, Han Han still nodded obediently. Then, he tilted his head and looked at the man in the television.

Was this uncle a bad silver? But that day when he bumped into her, he was still laughing and apologizing!

Seeing her son agree, Shi Nuannuan finally seemed to heave a sigh of relief. In her ears, she couldn’t help but recall what Helian Manli had said to her at that French restaurant.

She glanced at her son, got up, and returned to the Round Table to continue making the bill.

At nine o’clock, after making the bill, she returned to the sofa. Her son was already asleep.

She walked over and kissed his little face before carrying him into the bedroom.

After placing her son on the bed, she also lifted the blanket and turned off the lights in the room, leaving only a small bedside lamp.

However, looking at her son’s face, she was unable to fall asleep for a long time. Her mind was filled with the words that Helian Manli had said to her.

Was she showing off to her? Showing off that she had obtained him who had become a mythical figure?

With this kind of mood, Shi Nuannuan covered herself in a thin blanket. She couldn’t even see her head!

But in the next second, she crawled out again.

“Ah! Why is it so annoying!” She muttered softly, afraid that she would wake up her son who was already sleeping soundly.

It wasn't until midnight that she finally fell asleep.

When she woke up the next day, sister Chen had already prepared breakfast.

She got up and dressed her son. Then, she went to the bathroom to wash up.

Then, she supervised her son to finish his breakfast before leaving for the coffee shop.

"Sister Chen, I'll leave Hanhan to you."

"Okay."

Sister Chen's daily work was to do the housework and help take care of Hanhan when she was not around.

"Mommy!" Looking at Shi Nuannuan who had walked to the front door, the little guy suddenly spoke with some grievance. His eyes were filled with reluctance.

Chapter 1298: The gentleman from Chapter 1298 was here again

Shi Nuannuan turned around and looked at her son. "What's Wrong?"

"When are you bringing me out to play? You haven't brought your baby out to play for a long, long time."

Hearing this, Shi Nuannuan, who had changed into her shoes, could not help but be startled.

It had indeed been a long time since she had brought her son out to play.

She hoped to give him the same childhood as the other children. In total, she had not taken him out for three weekends.

She walked over and squatted in front of her son. "Baby, I'm sorry. Mommy has been too busy recently and did not take you out. How about tomorrow?"

"Really?"

"Yes!"

"Okay! Pinky swear!"

"Pinky swear!"

After Pinky swear with her son, Shi Nuannuan went out.

It was already 8:25 when they arrived at the coffee shop. At this moment, the shop was already full of high-class customers. They were all nine to five workers, so they should be working nearby.

"Boss, you're here?" Seeing her, Xiao Wen walked over.

"Yes."

The three hours of morning, evening, and two to three o'clock in the afternoon were the busiest time in the shop. Although she had hired a few waiters, she was still a little busy when business was good, so at these three o'clock every day.., she would definitely help out in the shop.

Originally, she wanted to hire two more waiters so that she could accompany her son at any time. However, thinking about this coffee shop, aside from the salary and some necessary expenses, the net income for a year was only around one million.

One Million was considered a good income for an ordinary person, but for her, who used to be a young lady, it was a little meager.

Of course, after leaving that illustrious family background, she gradually learned how to live. She was no longer like before, spending money so extravagantly.

However, she would not be thrifty when it came to necessary expenses.

Earning money meant that she wanted to live a comfortable life with her son. Naturally, she would live as happily as she could.

"Are you too busy?" Shi Nuannuan could not help but feel a little apologetic towards her being a little late today.

However, Xiao Wen indeed smiled. "It's Alright, I'm Done!"

"Thank you for your hard work. I'll give you guys a big red packet tonight!" She had always been clear about rewards and punishments. She was a good female boss, and Xiao Wen and the others liked her very much.

This was because she was not like other service industry bosses. Every time she encountered something, even if the waiters were right, but when faced with god-like customers, it would definitely be the waiters' fault in the end, and then they would apologize, sometimes, her salary might even be deducted!

However, Shi Nuannuan was different. Sometimes, if they encountered something and it was really their fault, then they would apologize. But if it was the customer's fault, she would help the employees vent their anger!

Sometimes, Xiao Wen felt that meeting such a boss was simply a blessing in disguise!

"Really?" Xiao Wen was pleasantly surprised.

Shi Nuannuan glanced at her. "When have I ever lied to you guys?"

"Hehe, that's true!"

As she said that, Shi Nuannuan turned around and entered the lounge.

"Oh right, Boss!" At this moment, Xiao Wen suddenly called out to her.

She turned her head. "Huh?"

“This morning, that gentleman came again. He drank a cup of coffee for more than 40 minutes!” Xiao Wen said. Although drinking a cup of coffee for 40 minutes was not a rare thing, it was still morning.., who was not in a hurry to finish eating and go to work?

But that gentleman seemed to be waiting for someone. He drank a cup of coffee for 40 minutes.

Chapter 1299 requires your boss to personally deliver it

Usually, this kind of leisurely time would be spent in the afternoon, eating snacks and drinking coffee, then freeloading on the Internet, playing games, and so on. More than an hour had passed just like that.

Moreover, it was obvious that the gentleman was waiting for the boss.

Hearing Xiao Wen’s words, Shi Nuannuan could not help but be stunned for half a second, and then her face turned cold. “Sure! From now on, Don’t come and tell me about that man’s matters!”

After saying that, she turned around and walked to an independent lounge in the coffee shop. She took out all the cash that she had taken out when she came over and placed it in front of her desk.

Because the shop worked two shifts in the morning and night, there were only eight waiters including the cashier. Therefore, when it was time to pay them, she would directly withdraw the cash and send it to them.

Sitting in front of her desk, she took out an envelope from the drawer and wrote the names of the eight waiters on it. Then, she counted the cash and put it into the envelopes.

At this moment, there were only four waiters working. After she put it in the envelope, she took out the salaries of the four waiters who were working.

When she went out, the coffee shop was no longer as busy as before. It could be considered as a little free time after being busy.

Shi Nuannuan clapped her hands. “Come, your service –”

Before she could finish the word ‘service’, she suddenly paused and thought of the note with the address written on it.

“It’s time to get paid!” Xiao Wen, who had a good time with Shi Nuannuan, walked over happily.

Only then did Shi Nuannuan come back to her senses and pass the envelope with the name ‘Xiao Wen’ to her.

“Thank you, Boss!”

“Thank you, Boss!”

The other waiters also bowed to her after receiving their pay.

The busy morning passed, and there was a short period of leisure time. When it was noon, the entire cafe started to get busy again one after another. The phone on the bar would also ring from time to time, they were all takeout calls that required coffee reservations.

“Hello, Hello, warm time coffee shop.”

“A cup of Blue Mountain, delivered to X · s top-floor office.”

“Okay!” As soon as she finished speaking, Xiao Wen was about to hang up the phone.

“Wait a moment.” The voice on the phone rang again.

Xiao Wen’s action of hanging up the phone also paused, and she pressed the receiver to her ear again.

“Sir, is there anything else you need?”

“I want your boss to deliver it personally.”

Xiao Wen was stunned for half a second before she came back to her senses. She looked at Shi Nuannuan, who was not far away, and asked the man on the phone, “My... My Boss?”

“Yes.”

“But...” she had been in the shop for so long, but she had never seen her boss deliver food personally!

Xiao Wen wanted to say something, but the other end of the phone had already hung up.

Hearing the busy tone, Xiao Wen had no choice but to put down the phone and walk behind Shi Nuannuan.

“Boss.”

Shi Nuannuan turned around and looked at her. “What’s Wrong?”

“Well, a gentleman ordered a cup of coffee, but he wants you to deliver it personally...”

Speaking up to this point, Xiao Wen suddenly frowned.

Sir? Could it be the previous one?

Thinking of this, she could not help but raise her eyes to look at Shi Nuannuan in front of her. If the boss also reacted, he would definitely fly into a rage again, right?

Speaking of which, it was strange. It seemed that every time the boss flew into a rage, it was because of the previous gentleman who had saved her?

Seriously, in a situation like this, shouldn’t the boss be grateful to him? Besides, that gentleman is so handsome and has a good temperament. Why does the boss seem to dislike him?

Chapter 1300: The Magnificent X · s

Xiao Wen was a little confused about this.

As expected, when she heard that it was a ‘Sir’ and that he wanted her to deliver it personally, that address quickly flashed through Shi Nuannuan’s mind.

“Where?”

“The top floor of the X · s group.”

X · s, it was indeed him!

Xiao Wen carefully observed her expression. She thought that her boss was going to get angry again, but after a long time, she did not say anything.

After a long while, Shi Nuannuan turned around and walked towards the bar counter. Her slightly cold voice sounded, “What coffee does he want?”

Xiao Wen was stunned for a moment, then she eagerly followed her, “Same as you, he likes to drink Blue Mountain!”

Hearing this, Shi Nuannuan, who had already walked to the bar counter, could not help but pause in her hand that was holding the cup.

He also drinks Blue Mountain?

Coming back to her senses, she turned her head and glared at Xiao Wen. “You’re so talkative. Blue Mountain is Blue Mountain. What do you mean you’re the same as me!”

Seeing the boss’ darkened face, Xiao Wen pursed her lips. She did not dare to say anything more and quickly went to work obediently!

However..

She stopped in her tracks and turned her head to look at the boss’ action of personally making coffee.

So now the boss was willing to personally send it over?

Strange, too strange, too unusual, absolutely unusual!

As expected, that man was definitely the boss’s suitor!

Yes, it was very possible!

After packing up a cup of Blue Mountain, Shi Nuannuan carried it out of the coffee shop.

Looking at the address on it, it was actually not far from her coffee shop. It would only take five minutes to walk there, so there was no need to drive.

A few minutes later, she arrived in front of this majestic building. She raised her head to look at the building that towered above the clouds. It was on par with her brother’s ‘supreme’.

She retracted her gaze and looked at the revolving door before walking over.

“Miss, May I know who you’re looking for?”

In the middle, the receptionist asked with a smile as she looked at Shi Nuannuan who walked in.

Shi Nuannuan’s expression was very calm. “Your...”

She paused for a moment. Xiang Yi should be the CEO of this company right now, right?

“Your CEO.”

“Do you have an appointment?”

“No, I’m here to deliver coffee.” She lifted the hand that was holding the coffee and showed it to the beautiful receptionist.

Seeing the words ‘warm time’ written on the coffee bag, the beautiful receptionist smiled and nodded. Then, she reached out and said towards the elevator, “Please.”

Shi Nuannuan could not help but feel a little warm.

Were all the employees of this company so good? Why were they so respectful to her when she was delivering coffee?

Shi Nuannuan looked at the beauty at the front desk suspiciously and turned around to walk towards the elevator.

She did not know how many floors there were. After entering the elevator, she pressed the button for the highest floor.

Three minutes later, the elevator reached the top floor.

She walked out and looked around. Not far away, she saw the words ‘president’s Office’, so she walked over.

She was still clear about some of the rules in the company.

When she arrived at the door of the President’s office and saw the secretary at the door, Shi Nuannuan walked over with a smile.

“Hello.”

The beautiful secretary who was working looked up and saw her smiling as she said, “Hello.”

The moment the secretary lifted her head, Shi Nuannuan was stunned.

Following that, her clear eyes could not help but size up the beautiful secretary in front of her as she muttered in her heart, tsk, looking for a secretary and still looking so good-looking!

Although she was muttering in her heart, Shi Nuannuan’s face was filled with a sweet smile. “Hehe, Hello, I’m here to deliver coffee.”
