

Kiss Me 1331

Chapter 1331: Uncle Zhang why is it you! ?

Knowing that she would be back, sister Chen had already prepared dinner.

After dinner, sister Chen also got off work.

Shi Nuannuan first gave her son a bath and dried his hair. Then, she let him play alone in the living room and went into the bathroom to take a bath.

When she came out again, it was already seven o'clock in the evening.

She casually wrapped herself in a towel and walked out of the bathroom. Then, she picked up the hairdryer and wanted to dry her hair.

At this moment, the doorbell suddenly rang.

"Hanhan, can you open the door for Mommy?" Shi Nuannuan, who was drying her hair, didn't think too much about it and asked her son to open the door.

Maybe it was a delivery service because she had recently found a lot of things online.

But on second thought, it was already so late, could he be a delivery man?

Could it be that sister Chen had forgotten something?

It didn't seem right, sister Chen had her own key.

While she was still confused, the little guy had already hopped and opened the door.

Although it was still very small, it was just enough to reach the doorknob.

When he opened the door and saw the figure standing at the door, the little guy was stunned at first, then he was overjoyed. "Uncle, why is it you! ?"

Shi Nuannuan was still holding the hairdryer in a daze, and the hairdryer was still on, so she did not hear her son's words. She only looked in the direction of the door.

However, she was in a blind spot, so she could not see who the figure at the door was.

Suddenly, her heart thumped, and her expression changed.

Could it be that he came to abduct the child! ?

Thinking of this, Shi Nuannuan quickly threw away the hair dryer in her hand and rushed to the entrance!

"From today onwards, you have to call me 'Daddy'!" The moment he entered, Xiang Yi picked up his son on the ground and corrected him to address her as 'daddy' From now on.

The little guy was stunned and tilted his head. "Daddy?"

“Good boy.”

He carried him and walked straight in.

Shi Nuannuan, who had rushed to the entrance, widened her eyes when she saw his figure!

“You, how did you...”how did he appear here? And how did he find this place? ?

Xiang Yi’s gaze fell on her body, which was wrapped in a towel, and he was slightly surprised.

Shi Nuannuan came back to her senses and immediately snatched her son from his arms. “What are you doing here? !”

He had not been to the coffee shop for the past few days. She had thought that he would not come again, but she did not expect that he would appear at her house directly when they met again!

“Looking for my son,”he answered straightforwardly.

However, she was stunned. At the same time, she felt a little guilty. Her eyes flickered, and she did not dare to look at him directly.

“Wh-what son? Your son is not here!”

Xiang Yi was neither fast nor slow. He raised his hand and gave her a transparent document bag. It seemed to contain something similar to information.

Shi Nuannuan lowered her eyebrows and glanced at the thing in his hand, feeling even more guilty.

“... What is it? I’m not interested. Take it away!”

“Xiang Jinghan, two years and seven months old, born on April 16th, year XX, in the Central Hospital of City Z.”

Hearing what he blurted out, Shi Nuannuan’s face turned pale instantly. She looked at the man in front of her in shock.

“You... You’re investigating me?”

“No, I’m just investigating my son.”

“Who said he’s your son! His father isn’t you!”She vehemently denied!

Looking at the man in front of him, Xiang Yi suddenly took a step forward.

She was shocked and could not help but take a step back.

He continued to move forward. She swallowed her saliva and took a step back while holding her son.

“You... What are you doing?”

Chapter 1332: was only four months pregnant and he was already giving birth?

“He’s not my son. Then explain to me why his surname is Xiang as well.”He approached her step by step. Why did he want to run away the moment he got close to her?

Shi Nuannuan felt guilty and her mind was in a mess. She desperately tried to find an excuse to avoid him.

“That, that’s because... his father’s surname is also Xiang.” It was obvious that he did not have much confidence in his words.

“Is that so?” He approached her again.

Why was she unwilling to stop and let him get close to her.

“Of, of course!”

“Then, you were pregnant with another man after I left?”

“That’s, that’s right!”

“Then how did you do it?”

“What?” At this moment, Shi Nuannuan’s mind was in a mess. She would answer every question he asked. She was only thinking about how to deny his words, but she did not notice that she was already starting to speak incoherently.

Thump

Under his pressure, Shi Nuannuan held onto Han Han and retreated repeatedly. Her heels suddenly bumped into the sofa in the living room. She had nowhere to retreat and could only stand still.

Looking at the person who had finally stopped, Xiang Yi approached her. A strong sense of oppression overcame her and enveloped her.

“He’s two years and seven months old, and I’ve been away for three years and two months. How did you manage to give birth to him after only being pregnant for more than four months?”

Shi Nuannuan could not help but pause, and her heart became even more flustered.

“I...”

He actually investigated everything clearly? Why, wasn’t he going to marry Helian Manli soon? Why did he still want to investigate Han Han’s background?

“You, what exactly do you want to do! ?”

In the end, she had nothing to say, and could only glare at the man in front of her and ask.

The Man’s eyes, which were as black as the starry night, suddenly calmed down. He fixed his gaze on the mother and son in front of him.

After a long while, he looked at her and said, “Let my son have a complete family.”

Shi Nuannuan was stunned.

What did he mean by that?

A person who was about to marry someone else said that she wanted to give her son a complete family? What did she mean by that? Did she despise her for not being able to give Han Han the best living conditions by herself? So he wanted to snatch her son away and live with Helian Manli? ?

Shi Nuannuan was completely in a mess. She had no way to calm down and think carefully about the problem!

If that was really the case, then what would she do! ?

“Get Out, get out!”

Shi Nuannuan suddenly grabbed her son and turned around to push the man in front of her to the door.

“Let me tell you, this son has nothing to do with you... Don’t even think about taking him away! !”

If the current her was really unable to contend with him, even if she were to find her brother and grandfather, she would definitely not let him take her son away!

Being pushed all the way to the door, Xiang Yi’s handsome brows furrowed slightly. He did not know why she had such an intense reaction.

What did she mean by wanting to take her son away? This son was the one they had in common!

“Nuannuan!” He raised his hand and grabbed her little hand that was being pushed around, trying to calm her down.

Just then, his phone rang.

He glanced at the position in his arms, but he did not want to pick up the call. All he wanted was for the person in front of him to calm down.

However, in the next moment, he was pushed out by her. Then, with a bang, the door was closed again!

Only when the door was finally closed did Shi Nuannuan, who was leaning against the door, finally feel at ease.

She absolutely could not let him take Han Han away. What should she do? What could she do to make Han Han stay by her side?

Chapter 1333: he’s not your daddy!

“Shi Nuannuan!” His furious voice sounded from outside the door. He did not even bother to ring the doorbell and directly raised his fist to hit the door panel.

Shi Nuannuan was shocked by this sudden voice. She turned around abruptly and looked at the position of the door panel. Her face showed nervousness and fear. She could not help but swallow her saliva.

Of course, it was not because she was afraid of the man outside the door, but because she was afraid that he would snatch her son away.

Outside the door, there was no answer from inside. Xiang Yi was very clear that it was impossible for her to open the door again.

Meanwhile, the phone in his arms was still ringing non-stop.

In his frustration, the space between his brows was knitted into a 'chuan'. He picked up the phone and his tone was filled with impatience.

"What's the matter?"

Hearing a hint of impatience in his cold tone, Helian Manli on the phone was slightly stunned.

After a few seconds, she said, "What's Wrong?"

"Nothing." After a while, his tone softened, "What's the matter?"

Seeing that his tone softened, Helian Manli did not ask further. Instead, she smiled, "My father is here. He wants to see you."

Hearing this, Xiang Yi was stunned. He frowned, "Now?"

"Yes, he has been asking me to bring him to your place. I know that you don't like others to come to your place, so I settled him in the hotel first." On the phone, Helian Manli's voice was always so gentle, generous, and virtuous.

Xiang Yi raised his hand and looked at the watch on his wrist. It was already seventy to thirty-five minutes.

Seeing that he did not say anything, Helian Manli pursed her sexy red lips and said, "If you are free now, why don't you come over? Otherwise, he will insist on going to your place just to see you."

Listening to her voice on the phone, Xiang Yi only spoke after a long while.

"I understand."

After hanging up the phone, he raised his eyes and glanced at the white wooden door in front of him.

If he wanted to go back three years, he had to resolve all the misunderstandings.

And the first one to be resolved was Cheng Huan.

Only when he personally spoke would Nuannuan believe that three years ago, he and she had been deceived and that misunderstanding had happened.

Inside the door, Shi Nuannuan heard the sound of knocking on the door from outside quieten down. Only then did she slowly approach the door. She looked outside through the door bell and realized that Xiang Yi was no longer there.

At this moment, she finally felt at ease. She walked to the sofa with a heavy heart and sat down.

The little guy raised his head and looked at his mommy in front of him. His little mouth opened, "Mommy, has Daddy Left?"

Hearing this, Shi Nuannuan paused and turned to look at her son.

“Daddy?”

The little guy nodded happily. “That’s right! From now on, I have a Daddy Too!”

“He’s not your daddy!” Staring at her son, Shi Nuannuan reminded him again and again.

They had only met a few times, yet he had recognized his father so easily. Thinking about it, she felt that she had been wronged for the past few years.

“Then who is my daddy?”

“Isn’t it good to have a Mommy? Why must I have a Daddy?” Looking at her son, Shi Nuannuan asked softly.

However, Xiang Jinghan answered seriously, “Having a mommy is definitely good! But having a daddy is even better! This way, when I go to play in the future, I can be like other children, with Daddy and Mommy By My Side!”

Shi Nuannuan was stunned by her son’s casual words.

So, he had always wished that she had a Daddy?

“Hanhan.”

“Mm.” He fiddled with his toys on the sofa without raising his head.

Chapter 1334: if you have a Mommy, you don’t have a daddy!

“If you have a daddy, you don’t have a Mommy. What would you choose?”

Hearing this, the little guy raised his little head. “Why do you not have a mommy if you have a Daddy?”

“I mean if.”

The little guy looked sad. “But I want both of them. What is ‘if’? Why do I have to separate Daddy and Mommy? I don’t want to have no Mommy, and I don’t want to have no Daddy.”

After saying that, Xiang Jinghan couldn’t help but pout!

“If... If it is a devil, it will give you a new mommy after you have a daddy. Are You Willing?”

“I don’t want it!” Xiang Jinghan refused!

“Then let’s not have a daddy, Okay?”

Xiang Jinghan didn’t say anything because he didn’t want to lose his mommy and didn’t want to have no daddy. He was in a difficult position.

Looking at her son’s disappointed look, Shi Nuannuan’s heart was also choked up.

“Mommy.” After a long time, the little guy raised his head and stared at her pitifully. “I Like That ‘Daddy’, and I don’t want anyone else to be my daddy.”

Shi Nuannuan couldn't help but be startled when she heard that.

Was this blood thicker than water? Her son clearly didn't know anything and only met him a few times, yet he only wanted him to be her daddy.

"But if I have a daddy, I won't have a Mommy." She wanted to tell him this fact. After having a daddy, his mommy would have to be replaced!

The little guy pursed his lips. His aggrieved look was really pitiful.

He just didn't understand why he couldn't have a mommy if he had a daddy. Couldn't he have both at the same time?

Seeing her son's aggrieved look, Shi Nuannuan couldn't bear to continue this topic. Instead, she picked him up and sat on her lap.

"Let's sleep first and not discuss this issue, okay?"

In the end, Xiang Jinghan also nodded obediently.

The mother and son stood up together and walked to the bedroom.

On the other side.

In the hotel's luxurious suite.

In the living room, Helian Manli sat on the sofa and looked at her father in front of her.

He Liantian only had one daughter, so he naturally wouldn't let his daughter suffer the slightest bit of aggrievement.

"You always tell me, is it because of another woman that he returned here?" He Liantian's expression was somewhat cold, his pair of dark eyes were very sharp.

Helian Manli raised her head and glanced at her father. In the end, she lowered her eyes again and didn't say anything. This could be considered a tacit agreement.

Her attitude made He Liantian think that even at this moment, she still wanted to help Xiang Yi hide something. However, she had always wronged him.

As the only heir of the royal family, her daughter had a noble status.

He knew about Shi Yuting at that time. Three years ago, Xiang Yi had a history with Shi Yuting's sister.

"I already knew about it even if you didn't tell me." He Liantian sighed and continued after glancing at her, "You really are something. With your beauty and noble status, why didn't You Catch Your Man? You have to know that it's not just gentle and polite, gentle and virtuous that can grab hold of a man's heart. Sometimes, you still need to use certain methods, understand? Men are very fickle creatures."

"But if his heart isn't with me, what can I do?" Finally, Helian Manli opened her mouth and lowered her head.

"That's why we have to use methods."

“I don’t know what methods to use, and I don’t want to use them.”

He liantian sighed in his heart at his daughter’s frankness.

His daughter was too sincere, and she would eventually suffer.

Chapter 1335: was already enough

“Then you want to watch him return to that Shi Nuannuan’s side?”

Hearing this, Helian Manli suddenly raised her head and looked at him, “How did you know...”

“You are my daughter, I naturally have to care about your lifelong happiness. I am very satisfied with Xiang Yi. If I am together with you in the future, I can also pass on my family’s status to him without worry.” Saying this, he liantian glanced at his daughter again. “I also know that you’ve liked him for three years.”

“You’re not young anymore. It’s not easy for you to meet a suitable husband. Father naturally has to help you keep an eye on him.”

Helian Manli raised her head. As she listened to her father’s words, the corners of her lips couldn’t help but curl up into a faint smile.

“When he comes later, I’ll tell him personally.”

Helian Manli did not say anything. With her father’s help, no matter if she could keep Xiang Yi or not, at least the chances were higher.

Just as the father and daughter finished speaking, there was a knock on the door of the presidential suite.

Both of them knew that Xiang Yi had come.

A bodyguard walked over and opened the door. Soon, he saw Xiang Yi walk in.

Seeing him, Helian Manli, who was on the sofa, naturally stood up and smiled at him.

“You’re here.”

Xiang Yi glanced at her, then his gaze fell on he liantian’s face. He nodded slightly to show his respect.

“Come and sit.” He liantian raised his hand and pointed to the seat next to Helian Manli.

Xiang Yi’s attitude towards he liantian was always modest. He walked towards the european-style soft sofa.

Seeing him sit down, Helian Manli also sat down next to him and looked at he liantian with him.

“When did you come?” Out of courtesy, Xiang Yi spoke first.

“I just got off the plane not long ago. Mainly, I came here for the two of you,” he liantian replied.

Xiang Yi was slightly stunned for half a second.

There was a hidden meaning in his words. It wasn't that he couldn't hear it.

In these three years, although he had had a lot of contact and cooperation with the Helian family, he rarely chatted with Helian Tian.

However, he was also very clear that during these three years, he liantian was the same as the people in the outside world. They had always thought that he was the person that his daughter had entrusted her life to.

Only he and Helian Manli were clear that there was nothing between the two of them other than a cooperative relationship.

From the beginning, he only wanted the reputation of the Helian family to make his first step in the Kingdom of business. He also admitted that he was a little selfish in this matter.

But from the very beginning, he had already made his stance clear to Helian Manli. And she had the right to reject her completely, but she did not.

Yes, at that time, Helian Manli was very clear about his thoughts. She only wanted to use the Helian family's prestigious status to achieve his achievements today. She knew from the very beginning, but she did not reject him, she only wanted to help him.

Firstly, it was because she had indeed developed a strong interest in this man. Secondly, she thought that on this road, if she could obtain his heart, she would be able to overturn his previous decision.

Perhaps, she won?

At the beginning, she thought so.

"You two have known each other for three years, right? Oh, no, to be precise, it's more than three years, right?" Looking at the beautiful couple in front of him., he liantian's gaze finally landed on Xiang Yi's face as he asked softly with a rather gentle smile.

Xiang yi replied softly, "Yes."

"There's something I have to say."

Looking at he liantian, Xiang Yi seemed to be able to sense what he was going to say to him next.

Chapter 1336: you're just using Manli?

"Xiang Yi, in three years, you've already reached the peak of your life. Do you want to go up another level?" He liantian said meaningfully.

Xiang Yi was slightly stunned. After a few seconds, he said, "What I'm doing now is enough."

It was enough for him to give Nuan Nuan the capital to live a happy life.

He liantian was slightly surprised by his answer.

Which Man didn't want his future to be bright? But he only wanted to stay here?

“Then... how did you treat my Manli?” He liantian asked again.

Xiang Yi was stunned, but his calm face didn't show a trace of emotion. From the corner of his eyes, he glanced at Helian Manli who was sitting next to him.

He naturally understood the meaning behind Helian Tian's question.

“Father.”

Seeing that he was in a difficult position, Helian Manli suddenly opened her mouth, as if she didn't want her father to be so direct with his question.

However, he liantian raised his hand, intending to cut her off.

Today, he only wanted to have a good talk with Xiang Yi.

“I'm very sorry, I may not be able to do as you think.”

“Then for the past three years, you've only been using my he liantian?” The smile on Helian Tian's face was no longer there. Instead, it was replaced by dignity and power.

Xiang Yi's hand, which was hanging on his leg, suddenly tightened.

Helian Manli, who was at the side, was afraid to hear his answer.

Even if he did not like these rights and positions, if he really explained everything in front of his father, perhaps all his efforts over the past three years would be for naught.

“Indeed –”

“Xiang Yi!”

Just as he was about to open his mouth to express everything, Helian Manli suddenly stood up and interrupted him.

“Manli!”

“Father, I want to talk to him about this matter alone, can you... not interfere first?”

“But he...”

“Father!”

In the end, looking at his only daughter, he liantian was helpless and could only agree to her willful Weiyi.

“Alright!”

Hearing her father's agreement, Helian Manli smiled and said, “Then we'll be leaving first.”

After saying that, she pulled Xiang Yi and left he liantian's presidential suite.

...

The evening wind was blowing, and the autumn was slightly cold.

After leaving the hotel, Xiang Yi and Helian Manli did not go anywhere else, but strolled on the streets of this bustling metropolis.

The autumn wind blew past, and Helian Manli's arms were slightly cold.

Xiang Yi's deep eyes glanced over and noticed her actions. He casually passed the coat in his hand to her.

Although there was no love between a man and a woman towards her, she was indeed his partner on the road of success for the past three years. She could also be considered a heart-to-heart friend.

Looking at the coat that was handed over, Helian Manli's lips could not help but curl up into a faint smile.

This man, perhaps he doesn't completely not care about me?

She took the coat and put it on. The two of them strolled under the dim yellow street lamp.

"I have something to ask you."

Xiang Yi suddenly opened his mouth. He knew that Helian Manli's sudden request to talk to him was just an excuse in front of he liantian. There was no need to explain their relationship a second time.

"Wen Sheng, what's the matter?"The man's deep voice sounded beside her. She turned her head in surprise when she heard the voice. "What's the matter?"

"Didn't you give me an envelope earlier?"

Helian Manli couldn't help but be stunned for half a second when she was suddenly asked this question.

Because it had been more than two years, she was a little surprised when she suddenly asked again.

"You mean the envelope with the photo?"

"Yeah."

"Yeah, why?"

"Who sent you that envelope? You really don't know?"

Chapter 1337: Can leave?

What he found strange was that the things Cheng Huan sent him, why did they pass through Helian Manli's hands and not directly to him?

Upon hearing his question, an unknown light flashed across Helian Manli's face.

She stopped and turned around to look at him. "What do you mean by asking this?"

"Don't misunderstand, I'm just a little curious as to why the photos were sent to you."

"Regarding this, I'm also not very clear."

"It's fine." He glanced at her and didn't continue to ask.

He didn't know if it was deliberate, or if she was really a little absent-minded.

Just as Helian Manli was about to turn around and continue walking, the high heels under her feet suddenly slipped, and her entire body instantly fell off the sidewalk. Fortunately, her hand quickly grabbed Xiang Yi's arm, which didn't cause her to make a fool of herself, she directly fell down.

"Ah!"

But in the next moment, she furrowed her brows in pain.

"What's Wrong?" He turned his head and instinctively held her.

"My Foot..." she was in so much pain that she seemed to be unable to stand up. She could only follow his body and slowly slide down.

But because she was wearing a skirt, at this moment, even if she sat down, it would not be good to sit on the ground. For a moment, she did not know what to do.

"What's wrong with your foot?"

"Just now, I think... I think I missed my step."

He calmly glanced at her, then squatted down and lifted the hem of her skirt a little. He saw that the high heel on his right foot had already fallen off.

He must have sprained his ankle.

"Can You Walk?"

Under his questioning, Helian Manli tried to lift her foot and take a step forward.

Just as she moved her foot, she felt pain. "AH..."

She was in so much pain that her body lost its balance again. She threw herself at him, who was supporting her.

The sudden impact made him instinctively reach out to catch her. If he didn't reach out, both of them might fall to the ground at the same time, and she might directly fall on him.

But when he reached out to catch her, it was as if the two of them were hugging each other.

Sensing this ambiguous action, he hurriedly held her steady and pushed her away from him. "Can't You Walk?"

Helian Manli shook her head and frowned. "I don't think so. It hurts too much."

"Then I'll find a car and send you to the hospital."

She looked up and looked at him with some confusion. "Don't you have a car? Why do you want to find it?"

His car was parked at the entrance of the hotel, and they were not very far away on foot. When they turned around, they could still see the location of the hotel entrance, but the light was too dim, so they could not see his car.

He also knew that the two of them were not very far from the entrance of the hotel. They said that they were looking for a car, but they did not want to have too intimate physical contact with her.

“Moreover, you don’t have to send me to the hospital. Just send me back to the hotel. My father has a doctor by his side.” She looked at him, and her expression suddenly became a little sad.

Under the night sky, his calm face still did not show any emotion. When he met her sad eyes, Xiang Yi did not speak for a long time.

“I know. I’ll walk back on my own.” She glanced at him, her eyes suddenly welling up with tears.

After saying that, she turned around and was about to force herself to walk towards the hotel.

“Ah!”

However, just as she took a step, her body slid down.

The next moment, she was caught by a strong hand. Then, she felt her body being lifted into the air by someone.

When she looked up again, she saw that familiar handsome face. However, it looked a little cold and indifferent.

Chapter 1338: My Daughter has finally learned how to be smart

Xiang Yi, who was holding her in his arms, walked very quickly towards the direction of the hotel.

Helian Manli’s heart was filled with sweetness at this moment as she looked at his beautifully chiseled jaw. She subconsciously placed her face in his arms and listened to his steady heartbeat.

Xiang Yi’s footsteps were slightly startled when he noticed her approaching him. However, he only had half a second before he quickly walked towards the direction of the hotel.

This time, his pace was even faster.

When he arrived at the hotel, Xiang Yi directly sent her to He Liantian’s place.

When he saw his daughter being carried back, He Liantian was slightly startled.

“What are you guys...”

“Her leg is injured.” In the face of He Liantian’s astonishment, Xiang Yi only responded indifferently.

In the next moment, he had already carried her straight into the hotel.

Hearing this, He Liantian’s face immediately showed a touch of anxiety. “What’s wrong with you?”

“Nothing, I just sprained my ankle.”

He placed her on the sofa. "It's very late. Please find a doctor to take a look at her. I'll go back first."

After saying this, he didn't wait for He Liantian's reaction and directly turned around to leave.

Looking at his cold attitude, He Liantian couldn't help but speak harshly.

"Stop!" Although his voice wasn't loud, his tone was very heavy, revealing his natural aristocratic aura.

When Xiang Yi heard Wen Sheng, he stopped and turned his head to look at He Liantian's dissatisfied face.

"She's already like this, can't you wait for the Doctor to finish seeing her before you leave?" He Liantian furrowed his brows, feeling that the man in front of him was really too cold towards his daughter!

At this moment, Helian Manli suddenly raised her head and looked at him with a troubled expression. "Father! He sent me back. Moreover, he already has urgent matters to deal with. Can you not force him anymore?"

Seeing his daughter making excuses for him time and time again, even though He Liantian felt that it wasn't worth it for her, he was also very helpless.

"You always help him and make yourself suffer!"

Hearing her father's words, Helian Manli's face suddenly darkened.

Then, she raised her head and looked at Xiang Yi with a smile, "Isn't there an urgent matter? Go back and deal with it!"

Her words, to Xiang Yi, were indeed finding a reason for him to leave.

He looked at her calmly and finally nodded, "You have a good rest."

After saying that, he left without looking back.

Looking at his merciless back, it took a while before He Liantian turned around and looked at his daughter on the sofa. "Manli, why do you always —"

He Liantian, who had just turned around, suddenly stopped. He looked at his daughter, who was still sitting on the sofa, with some surprise, and suddenly stood up.

"You..." he looked at her feet. "You're not injured?"

Helian Manli's gaze also turned back from the door and looked at her father. "Didn't you say that sometimes, you need some means to capture a man's heart?"

Hearing this, He Liantian was stunned for a moment, and then the corners of his lips curled up into a smile. "It seems that my daughter has finally learned to be smart."

Helian Manli pursed her lips. She looked gentle and refined, but the meaning of the corners of her mouth was very clear. "Perhaps, your method is right."

When she pretended to have sprained her ankle, at least he did not abandon her.

This meant that he could not really abandon her, right?

Helian Manli's line of sight could not help but look in the direction he had just left.

...

At 10:48 am, Shi Nuannuan, who was lying on the bed, was indeed tossing and turning. She could not fall asleep no matter how hard she tried. Her mind was filled with the scene that Xiang Yi had just found.

Chapter 1339: an unfamiliar number

Would he directly snatch Han Han away? And from now on, Han Han would have to change his name to Helian Manli's Mommy?

No, absolutely not!

She suddenly sat up from the bed and thought of a decision.

It seemed that she had to move house!

Otherwise, what if he came looking for her again tomorrow?

However, she did not want to move to her brother's Shi Mansion. At that time, she was the one who had chosen to leave home. Naturally, she could not say this when she went back.

Moreover, although that place was filled with her family members, she was already an unmarried mother now. She was just like a daughter who had already married off. It seemed a little inappropriate to move back again, right?

Three years. She had really grown up a lot.

Then, should she ask her brother to help her find a house?

That was what she would do!

As she spoke, she turned her head and picked up her phone from the bedside table. She wanted to call her brother, Shi Yuting.

However, the moment she picked up her phone, she saw that it was almost 11 o'clock in the evening. She knew her brother's temper too well. If he was doing something with his sister-in-law now, wouldn't she be courting death if she called him now?

Thinking about it, Shi Nuannuan gave up.

She'd better call him tomorrow!

Thinking of this, she put her phone back on the bedside table.

Then, she lay down, pulled up the quilt, and prepared to sleep.

"Beep Beep..."

Suddenly, a notification sounded.

She sat up again halfway and looked at the screen that lit up. It seemed to be a message.

It was so late, who was sending her a message?

She picked up the phone and found that it was a string of unfamiliar numbers.

She frowned, but she still clicked on the message out of curiosity.

At this point, the expression on her face completely froze. Her fingers that were sliding on the screen also became very fast!

These pictures of cuddling, did they happen today?

Damn it, he was just here snatching his son, and in the next moment, he immediately went to have intimate sex with his unmarried son?

The pictures pierced her heart!

Three years, could it really change a person so thoroughly?

Looking at the last scene of Xiang Yi carrying Helian Manli into the hotel, Shi Nuannuan's heart felt as if it had been dug out by a knife, a piercing pain in her heart.

She put down her phone. Although she did not know who the unfamiliar number was, the protagonist in the photo was real. Other things were not important to her, nor did they matter.

She put down her phone and lay down again. She hadn't slept the whole night.

In the early morning, the red glow of the morning sun shone through the gaps in the curtains.

Shi Nuannuan turned her head and looked at the clock. It was seven o'clock sharp.

Today, she woke up an hour later than usual.

From seven to eight in the morning was the busiest time in the shop.

She was glad that she was the owner of the coffee shop. At least she wouldn't be scolded if she was late.

Just as she sat up, her son beside her woke up in a daze. He raised his hand and rubbed his drowsy eyes.

"Mommy."

This was the first sentence that Xiang Jinghan said every day after he woke up.

Shi Nuannuan turned her head away. Perhaps she didn't sleep well last night, so she looked a little listless.

"Baby, you're Awake?"

"Yes!" After rubbing his eyes, Xiang Jinghan was completely awake. He blinked his big eyes and conveniently hugged Shi Nuannuan's neck, kissing her face. "Good morning, Mommy."

"Good Morning." Shi Nuannuan also kissed his face. "Come on, let's Get Up!"

"Okay!"

After washing and dressing her son, Shi Nuannuan also busied herself for a while.

Chapter 1340: finding fault

After breakfast, it was already eight o'clock.

She planned to make a trip to the shop first to explain what she had told him. In the morning, her brother would definitely have helped her find a house and she could move out in the afternoon!

When she went out, she seemed to be worried about something and could not help but turn to tell sister Chen, "Sister Chen."

"Yes, miss. ."

"When I go out, if a strange man comes, remember not to open the door for him."

Sister Chen was stunned. Although she did not understand what she meant, she still nodded and said, "Okay."

After giving her instructions, Shi Nuannuan went out to the coffee shop.

Fortunately, she came. As soon as she entered the shop, she saw a customer causing trouble.

"I don't care. This bag of mine is a limited edition. Now that you've dirtied her, you have to compensate her!"

"I say, Miss, compensation is fine, but your compensation request is too unreasonable. Isn't it just a little coffee stain on it? Why don't we just take it to a professional shop and clean it? Why should we compensate you with a brand new one?"

Xiao Wen's personality, which had followed Shi Nuannuan and Nuan Nuan for a long time, was a little like hers. She hated people who bullied others with their power the most.

Of course, if she had dirtied this bag, she wouldn't dare to speak to the customer like that. Instead, she would speak up for her colleagues, and she would naturally become confident.

"Ha!" I say, little girl, have you guys never bought this kind of bag before? "Once I wash it, won't I become a second-hand bag?" "Moreover, there might be some scratches on it. Naturally, it won't work," the woman said arrogantly, she was completely unreasonable.

"But this bag of yours –"

"Yo, LV limited edition?"

Just as Xiao Wen was about to speak, a voice interrupted her. They were very familiar with this voice.

The next second, the woman saw the bag in her hand 'disappear'. When she came back to her senses, the bag had already fallen into Shi Nuannuan's hands.

Glancing at Shi Nuannuan, the woman immediately lifted her beautiful long hair arrogantly. "Finally, someone who knows what's good for her."

Shi Nuannuan ignored her and carefully looked at the limited-edition bag in her hand.

“Boss, she’s too much. Ah Min just accidentally spilled some coffee on it, and she wants Ah Min to compensate 80,000 yuan or the exact same bag,” Xiao Wen could not help but say when she saw the boss coming.

“You dirtied it?” Shi Nuannuan turned to Ah Min.

Ah Min nodded. “Yes...”

“You’re their boss?” The woman turned her head and looked at Shi Nuannuan flirtatiously.

“Yes.”

“Then tell me how to solve this matter.”

“Just solve it the way you want. It’s just a bag, I’ll pay for it!”

As she said that, Shi Nuannuan walked to the cashier and took out 500 yuan from it.

“Yes.”

Looking at the thin few bills, the woman seemed to be a little dumbfounded. “What do you mean?”

“What do you mean? The money I’ll pay for you!”

“Hehe!” The woman suddenly laughed and looked at Shi Nuannuan scornfully. “Are you kidding me? This bag of mine only has so little money?”

“A high-quality imitation bought from the market, it’s at most four to five hundred yuan. See, this is the real thing!” After saying that, Shi Nuannuan waved a bag in her hand at the woman.

The woman was immediately dumbfounded when she saw the real ‘real’ one in her hand.

She had planned to extort a sum of money, but she did not expect to meet someone who knew the real deal!
