

Kiss Me 1371

Chapter 1371: I want to sleep with you guys

Xiang Jinghan rubbed his drowsy eyes. After waking up, he didn't see his Mommy. It seemed that he wasn't used to sleeping.

He walked out of the room alone because his daddy had told him that his mommy and Daddy's room was next to his room, so he walked over.

"Daddy..."

Under the dim light, the little guy saw Xiang Yi sitting at the head of the bed and couldn't help but walk in.

He turned his head and glanced at the person who was still sleeping soundly. Then, he got off the bed softly and picked up his son who had just walked in. He made a gesture to him to keep quiet and closed the door behind him.

"What's Wrong?" He asked in a low voice.

The little guy looked at his mother who was still sleeping soundly and seemed to understand that his action was to not wake her up. So, he moved his face closer and whispered in his ear, "I want to sleep with you guys."

He smiled. "Okay."

He carried Xiang Jinghan onto the bed and placed him in the middle.

The little guy who got into bed quickly fell asleep again.

He had never thought that this little guy would appear in his life when he returned three years later.

He also had a son.

No one seemed to be able to predict the turn of fate. Once, he thought that he would only be by Shi Yuting's side for the rest of his life. Not to mention a son, he had never even thought about getting married.

In this life, he felt that he would die alone.

But now, not only was he successful, but his wife and children were also complete.

HMM... it seemed that he would only be complete if he lacked a daughter?

Thinking of this, the corners of Xiang Yi's mouth unconsciously curved up slightly.

..

The next day.

At six o'clock every day, it was time for Shi Nuannuan to get up.

The crisp and ear-piercing ringtone of her phone rang. Because she always woke up late two days ago, she set an alarm clock in her phone.

The alarm rang, and Shi Nuannuan, who was sleeping soundly, opened her eyes.

Following the ringtone of her phone, the man at the side also gradually woke up.

Shi Nuannuan hugged the blanket and sat up, her head still a little muddled.

It was only when she saw this completely unfamiliar room that her eyes suddenly widened. She was not sleepy at all!

Where! ? where is this! ?

Turning her head, she saw her son's sleeping face. Looking over, it was the man's deep and clear eyes.

"..."

Why... would they sleep on the same bed! ?

Shi Nuannuan was stunned for a moment. Then, she lowered her head and saw that she was wearing the same set of clothes that she had worn last night.

Hu..

Fortunately.

When he saw how relieved her clothes were, the man's deep eyes narrowed slightly.

"Why, why would I Sleep Here?"

He was silent for two seconds. "I don't know."

"..."you don't know? She furrowed her brows tightly. How could she not know!

She was still beside her son's bed last night. How could she have come here for no reason?

From the looks of this room, it should be the master bedroom, right?

Could it be that she had come to the master bedroom on her own?

She looked up and glanced at him. She seemed to have an idea.

She must have fallen asleep beside her son's bed and he had carried her here!

Although it was still early, she had to get up and go to the coffee shop.

She lifted the blanket and got out of bed. Suddenly, she did not know where to go.

She had a weird germaphobe. She would never leave the house without washing her face and brushing her teeth.

But..

She turned her head and looked at the position of the door and the bathroom.

Should she go out or enter the bathroom directly?

It was her first time coming here, so she definitely did not have her toiletries. But if she went out directly like this, with disheveled hair and dirty face, how ugly would it be?

Just as she was in a dilemma, a man's lazy voice sounded behind her.

It was as if he could see through her dilemma. "Your toiletries are in there."

Chapter 1372: moving in, is that okay

Her body stiffened and she turned to look at him. He was leisurely leaning against the headboard of the bed, looking at her.

Then, she walked into the bathroom. Everything inside was complete.

There were two ceramic cups, two toothbrushes, and even a set of female skincare products on the sink.

Was this house really prepared for her and Han Han?

Shi Nuannuan walked in front of the mirror and looked at herself in the mirror with her loose hair. She seemed to be thinking about something. After a while, she reached out for the brand-new toothbrush and toothpaste.

After squeezing the toothpaste, she picked up the Ceramic Cup, took some water, and was about to wash up.

However, she suddenly noticed that there seemed to be a pattern on the other side of the cup, and the corner of the pattern was a little familiar.

She frowned and then changed the angle of the cup, and the pattern on it was clear at a glance.

It was actually... a photo taken when they were wearing a couple's outfit back then.

Looking at the familiar photo, Shi Nuannuan bit her lower lip, and gradually, the corners of her mouth rose unconsciously.

However, when she raised her head and saw herself laughing secretly in the mirror, her face suddenly stiffened, and the smile disappeared.

Then, she began to brush her teeth and wash her face with a serious expression!

Just as she finished washing up, a tall and straight figure suddenly appeared behind her. He wrapped his arms around her from behind and pressed his chiseled chin against her neck. "Can you move over here?"

Shi Nuannuan was stunned, but she did not push him away quickly. Instead, she raised her eyes and looked at him in the mirror.

After a long while, she turned around and pretended to push him away.

But in the next moment, the man's face suddenly came closer. Caught off guard, he sealed her soft red lips..

“Wu –”

Without the previous rejection, she raised her hand to resist, but it seemed to be unable to exert any strength.

Was it that she could not exert any strength, or... she did not want to push him away at all?

The kiss became deeper and deeper. The tip of his nimble tongue skillfully pried open her pearly teeth and probed deeply.

Feeling that she did not reject his kiss, a wave of heat gradually spread in his body. The kiss also became more and more wild and violent.

Even though she had Xiang Jinghan, Shi Nuannuan was still a little awkward when it came to responding to his kiss after three years of separation.

However, her awkward response aroused the craziness in his body. It seemed that kissing her was not enough.

She gradually became limp. She needed to rely on his body to barely stand up.

A deep kiss lasted for a very long time. Finally, he was willing to let go of her.

Because if he did not let go, he did not know if he would not be able to restrain himself from having her here!

Shi Nuannuan, who had been let go, opened her mouth wide. Her hands grabbed onto his clothes, as if she would go limp the moment she let go.

Looking down at her rosy cheeks, that gentle and charming appearance was simply tempting him to commit a crime!

“Move over?” His low voice was hoarse, as if he was trying his best to control his life.

After a while, her breathing finally calmed down, but she was still panting.

Looking up at his handsome face, she turned her head away. “I’m living quite well there.”

As soon as she finished speaking, she suddenly pushed him away, and then looked at Xiang Jinghan, who was standing at the entrance of the washroom, staring at them with his head tilted!

Xiang Yi was also a little surprised by her sudden push. He turned around and saw his son's curious face staring at them.

Shi Nuannuan's heart was pounding, and she couldn't help but swallow her saliva.

When did he stand here? Just now, they... he saw it too?

Chapter 1373: how often do you do this?

At this moment, Xiang Jinghan said, "Daddy, Mommy, what were you doing just now?"

Shi Nuannuan's head hurt. She just wanted to find a hole to hide in and sleep forever!

However, Xiang Yi had a natural look on his face. He walked over and picked up his son on the ground. Then, he turned around and left the bathroom. He said, "Doing things that are not suitable for children."

The little guy was still very confused. "What is not suitable for children?"

"It means that when Daddy and mommy do such things in the future, you have to hide."

"Why?"

"Because... if you peek, all the toys will disappear into thin air."

Hearing this, Xiang Jinghan was shocked and suddenly struggled down from his body.

Just as his feet landed on the ground, he was seen running toward his room!

Phew..

Fortunately, the toys were all there.

Xiang Jinghan turned his head and looked at Xiang Yi who had followed him. "Daddy, all my toys are here."

"Yes, because it's the first time, this is a warning. If there's a second time, remember to hide."

Xiang Jinghan seemed to understand, but he still nodded obediently.

In the bathroom, Shi Nuannuan was kowtowing to the wall. "God, take me in..."

It was seven o'clock in the morning, so she had no choice but to go out.

However, when she went downstairs, she felt inexplicably shy when she thought of the scene she had just witnessed by her son.

However, Xiang Jinghan seemed to have forgotten about it long ago and was happily eating breakfast.

Because it was half an hour's walk from the city, she had no choice but to leave first.

At this time, the coffee shop must be very busy.

Looking at the father and son sitting at the dining table, Shi Nuannuan's heart was actually filled with sweetness at this moment.

"Han Han."

"Mommy, it's time for breakfast!"

"Mommy doesn't have time to eat. I have to hurry to the shop. You should eat more!"

In the past, when she didn't have time, she would often skip breakfast. She would rush to the shop to make a cup of coffee and drink.

Patting her son's little head, she smiled and turned to leave.

However, just as she turned around and took a few steps, her body was suddenly lifted into the air.

She was shocked and came back to her senses. The first thing she saw was a familiar handsome face.

"What are you doing! ?" She asked with her black eyes wide open.

"Eating!"

He carried her and walked towards the dining table.

"I'm Too Late!" Although she was the boss, it didn't seem right to always be late.

And today, for some reason, she didn't feel hungry.

"You're not the boss yourself?" He frowned. There was no such thing as being late when he was the boss himself.

"So what if I am?"

"Then it's okay to go later."

"No, it's Monday today. The coffee shop must be very busy." She struggled. Her butt, which had just sat on the chair, stood up again and was about to turn around and leave.

"Do you often do this?"

She was stunned and turned around to look at him. "What?"

"Often do this without eating?"

She lowered her eyes. It was not often, it was just occasionally.

Today, she could have gotten up at six o'clock in time, but it was because he was in the bathroom just now and suddenly... caused her to delay a lot of time.

It just so happened that this place was very far from the coffee shop. When she arrived, it must be around 7:40.

"Not often," she replied with a lowered face.

"Eat first, then go." He pulled her over again and sat down at the dining table.

"I'm Not Hungry!" She stood up again. Because she was not hungry, she did not want to eat. She was only anxious to go to the shop.

Chapter 1374: was inexplicably obedient

"I have to eat even if I'm not hungry." His tone was unyielding, as if he had no choice but to eat.

She glanced at him and realized that he was more overbearing than three years ago.

"If I keep them busy in the shop every time, they will definitely despise me."

Under his coercion, she reluctantly picked up her chopsticks.

"Then I won't open it."

"..."she was stunned. She raised her eyes and glanced at him, muttering in her heart, it wasn't easy for her to open a coffee shop with some success. Although her annual income wasn't much, it was still very objective. If she didn't open it, what would she do?

"I'll take care of you."

"..."

As if their hearts were connected, he suddenly said these words while she was silently criticizing him in her heart.

Shi Nuannuan ignored him. Instead, she hurriedly finished her breakfast and got up to leave.

"Wait, drink this too!"

He got up and handed the glass of milk to her.

She glanced at the milk in the glass and took it out of nowhere. She drank it all in one gulp.

When she turned around, she frowned.

Why did I have to be so obedient?

"Bye, Mommy!"

Her son's voice came from behind her. She turned around and smiled. "Are you staying here today?"

"Yes!" He liked it here!

"Then I'll come and pick you up tonight."

"Mommy, aren't we going to stay here?"

"..."she was stunned. After a while, she said, "Of course not."

"Why?" The little guy didn't understand. His uncle and aunt lived together!

"Because our home is in the city, not here."

Xiang Jinghan was stunned for a moment and didn't speak again. Instead, he frowned as if he was thinking about this question.

Where exactly was his home?

"Mommy is gone. You have to be good!"

Time was too tight. She did not have the spare time to send her son to the apartment and then return to the cafe.

“Okay!”The little guy replied. Only then did Shi Nuannuan walk out and come to the front of the villa.

Just as she opened the car door and sat in the driver’s seat, the passenger seat door was suddenly opened.

Looking at the man who sat in, Shi Nuannuan was slightly stunned.

“What are you doing?”

“Giving me a ride.”

”... Where’s your own car?”

”... it’s broken.”

”...”who would believe it?

She discovered again that three years later, he had become overbearing, shameless, and thick-skinned like a city wall!

“Get out of the car and drive your own car!”

”...”the man in the passenger seat was still indifferent.

Looking at his motionless appearance, Shi Nuannuan knew that he definitely did not plan to get out, and she did not have any extra time to waste.

In the end, she had no choice but to start the car and drive away from the villa.

The X · s corporation was located not far from the warm time coffee shop, but Shi Nuannuan only drove to the entrance of the coffee shop.

“I’m here, you can walk there yourself!”

After saying that, she got out of the car and turned around to walk into the coffee shop.

It was only eight in the morning, and there was still an hour before he had to go to work.

Shi Nuannuan had just entered the cafe when the doorbell behind her rang again. She stopped and frowned slightly.

The sound of the leather shoes stepping on the ground behind her was too familiar.

She turned around and indeed saw him follow her in!

“What are you doing?”She frowned and asked expressionlessly.

“A glass of Blue Mountain.”

After saying that, he walked straight to Shi Nuannuan’s usual seat by the window and sat down leisurely and lazily.

She paused for a moment and then walked over. “Didn’t you have breakfast at home?”

Chapter 1375: asked her out for a long time?

But he was indifferent. "What does eating breakfast have to do with me drinking coffee now?"

"..."why would i drink coffee after eating breakfast! ! ? If I wanted to drink it, I wouldn't drink it in my own office!

It was impossible for such a large corporation to not have coffee, right?

But it seemed... there really wasn't any connection.

While the two of them were talking, they didn't notice that Helian Manli was sitting at the side.

She had originally come here to look for Shi Nuannuan, but she didn't see her figure. Just as she ordered a cup of coffee and sat down, she saw the two of them enter the restaurant at the same time.

She was thinking, why did the two of them enter at the same time? Moreover, they had just gotten out of her car together.

They... made up?

Shi Nuannuan glanced at the man who was sitting there. In the end, she reluctantly walked away and said to Xiao Wen, "The gentleman over there wants a Blue Mountain."

After saying that, she walked to an independent lounge and office.

As she leaned back in her chair, the memory of the kiss in the bathroom in the morning suddenly flashed through her mind..

Shi Nuannuan was very clear that the current her would no longer reject this man. She even liked the feeling he had three years ago.

One kiss and one approach could make her heart beat faster and sink deeper.

She shook her head with all her might, trying to get rid of the scene in her mind!

No, why was she sitting here? She should have gone to help. The coffee shop was still very busy at this hour!

Thinking of this, Shi Nuannuan stood up. Perhaps it was because she wanted to be busier that she would not think about those things.

However, just as she walked out of the lounge and was about to go to the bar counter to help wipe the cups, the moment she walked out, her gaze couldn't help but drift towards the seat Xiang Yi was sitting at.

And with this glance, she couldn't help but stop in her tracks.

Not far away, Xiang Yi, who was originally sitting there alone, was actually sitting opposite to Helian Manli at this moment!

After all this time, he asked her to drink coffee here? No wonder he insisted on following her in!

Looking at the two figures in the distance, Shi Nuannuan's eyes turned warm, and even her nostrils were filled with anger!

After glaring at the two of them, she turned around and walked to the bar counter. She picked up a wet cloth at the side and began to help wipe the coffee cup.

However, her eyes, which seemed to be wiping the cup, were fixed on the seat by the window, and her face was extremely dark.

Xiao Wen walked back with the tray and saw that she was staring in one direction. She seemed to be in a very bad mood!

"Boss, What's Wrong?"

Shi Nuannuan did not seem to hear Xiao Wen's words at all. The movement of wiping the coffee cup in her hand became more and more forceful and rude. It was as if she was not wiping the coffee cup, but someone else!

Xiao Wen looked at her and then looked at the position that she was peering at. She seemed to have understood something in an instant. She could not help but Snicker and continue to deliver the coffee.

"Boss, this cup is missing. It can't be used anymore. You Don't have to wipe it." A waiter placed the cup that was missing by accident to the side and prepared to throw it away later.

She did not know whether the boss had heard her or not, but from the looks of it, her mind did not seem to be on wiping the cup at all?

"Boss?" She had never seen the boss wipe the cup in such a way.

"Boss?"

It was not until the third ring that Shi Nuannuan seemed to hear the waiter calling her. She turned her head abruptly. "HMM?"

"This cup is chipped. I want to say that there's no need to wipe it. I'll throw it away later."

"Oh, okay."

She replied casually.

Seeing her reply, the waiter smiled and left with a cup of coffee.

Chapter 1376: boss, your hand..

Only then did Shi Nuannuan place the cup that she had been wiping down onto the cup holder. She then picked up another Cup and continued wiping!

Her actions were still as crude as before. A pair of eyes that were filled with jealousy stared intently at a spot not too far away. She did not notice that the cup that she was wiping was the coffee cup that the waiter had placed to the side that was broken.

“You bought a new Villa?”

Sitting opposite him, Helian Manli looked at him and asked, a trace of gentleness still hanging on her face.

Towards such a woman, an ordinary man indeed could not hate her. Just like Shi Yuting back then, he also could not hate her like this.

She knew very well how to manipulate a man’s thoughts. Although she could not capture the other party’s heart, she would definitely not make a man hate her.

However, such a woman was very shrewd.

Xiang Yi was the same. Although he did not have any feelings for her before, as his partner, he really could not hate her.

After all, she had helped him a lot on his path to success.

Of course, not hating her did not mean that he liked her.

Xiang Yi took a sip of the coffee in his cup, looked up at the woman in front of him, and opened his thin lips, “Yes.”

“Why did you suddenly decide to buy a villa? I haven’t even heard you mention it.”She smiled, but there was a hint of bitterness in her smile.

The two of them sat quite far away from the bar counter. Shi Nuannuan could not hear what they were talking about, but from the looks on their faces, it seemed that they were chatting very happily.

The jealousy in her clear eyes deepened, and she could not help but mutter as she glanced at a spot not far away, “TSK, still saying that it has nothing to do with her. Men really don’t mean what they say! Saying one thing and doing another, bastard! Shameless! Bastard! A pig who doesn’t mean what he says —”

“Bang!”

“AH...”

Shi Nuannuan was cursing as she vigorously wiped the mouth of the cup at an extremely fast speed. She didn’t know why, but suddenly, a piercing pain came from the spot on her palm!

The sudden cracking sound caused the restaurant’s customers to be surprised. They all turned their heads to look at the bar counter. Xiang Yi and Helian Manli, who were not far away, were naturally no exception.

Shi Nuannuan was in so much pain that her brows were tightly knitted together. She was originally afraid of pain, but at this moment, her tears could not stop flowing down. She did not care about the coffee cup that had fallen to the ground. She only used her left hand to tightly hold the palm of her right hand!

Xiao Wen just happened to return to the front of the bar counter. When she heard that the cup had been broken, she was stunned for a moment. Then, she raised her head and saw the boss' pained expression. When she looked down, she noticed her fair fingertips, suddenly, fresh blood dripped down.

She turned pale with fright. "Boss!"

Not far away, Xiang Yi's brows were also tightly knitted together. Then, he got up and rushed to the bar counter.

Helian Manli, who did not understand the situation, did not know what had happened. However, she saw the anxious expression on the man's face.

When she rushed to the bar counter, the first thing she saw was the bright red blood continuously flowing out and falling on the ice-cold floor.

Shi Nuannuan had been afraid of pain since she was young. Her tears kept falling like thunder.

"Boss, your hand..."

Shi Nuannuan tried hard to hold back her pale face.

"What's going on!?"

He rushed over and picked up her hand to check, only to see that a very deep cut had been blurred by fresh blood.

Shi Nuannuan was in so much pain that she could not speak, and she did not intend to say that it was because she saw him chatting with Helian Manli that she absent-mindedly picked up the wrong cup.

It must have been during the process of using force just now that the palm of her hand had directly cut into the cut of the cup. The cut was too sharp, and the cut was very deep!

Chapter 1377: was it still painful?

"Bear with it." His voice softened. Although it was not his foot that was injured, he was still anxious. He picked her up and rushed in the direction of the cafe's entrance.

The wound was too deep. He was afraid that he would need to close it to stop the bleeding, so he had to go to the hospital.

He clearly remembered that she was very afraid of pain.

"Where are the car keys?"

"They're, they're in my bag..." she was in so much pain that she wanted to cry.

But there were so many people, but she still held it in.

Not long after, Xiao Wen handed over the car keys!

Putting her in the passenger seat, he turned around and entered the driver's seat. He sped all the way to the hospital!

When he arrived at the hospital to treat the wound, Shi Nuannuan was in unbearable pain, but she couldn't get an anesthetic injection.

"How did it end up like this?" Looking at the shocking wound, Zhong Shenghao's brows were tightly knitted together.

Shi Nuannuan was in so much pain that she couldn't speak. She just kept sobbing.

"It seems to be cut by the cup. Does this need to be sewn up?"

"It's okay. Although the wound is a little deep, it's not enough to sew it up to stop the bleeding," Zhong Shenghao said and began to blow up the wound for her, but he was still a little puzzled. "How did it end up so deep?"

Even if a cup was broken and accidentally scratched when he reached out to pick it up, it would at most be a small wound. How could it be so deep? Zhong Shenghao was a little puzzled.

Looking at the position of her wound and the depth of the wound, it seemed like he was holding the fragment and slashing at his own hand. But who would be so stupid?

After the bandage, Shi Nuannuan also felt the pain ease up.

However, she didn't say anything in the face of Zhong Shenghao's words.

However, Zhong Shenghao seemed to be very curious about this question and was still waiting for her answer.

"Huh?"

Shi Nuannuan's face suddenly turned red. "It's just that the cup is missing a hole. I didn't see it when I wiped it. It hit the top."

Zhong Shenghao raised his head and looked at her evasive eyes.

"Oh... then the strength you used to wipe the cup is really strong."

Shi Nuannuan glanced at him, then stood up. "Can I leave now?"

"Yes, but you still have to take some anti-inflammatory drugs to prevent the wound from getting inflamed. Also, remember not to touch the water. If it's a cup, don't wipe it before the wound recovers, and don't use too much strength to prevent the wound from splitting again."

"Okay."

After taking the medicine, the two of them left the hospital.

In the car, he could not help but ask, "Is it still very painful?"

His voice was very soft, and the moment he opened his mouth, it melted her heart.

Shi Nuannuan shook her head. "It's much better."

It was indeed much better than before.

“Don’t go to the shop anymore. I’ll send you back.”

“How can that be! ?”She suddenly raised her head and turned to look at the side of his face.

He also turned his head and glanced at her. “In your current state, even if you go to the shop, how can you help?”

”...”uh, it seemed... to be the case.

Unfortunately, the injury was on her right hand. She couldn’t wipe the cup, she definitely couldn’t hold a pen, and she couldn’t do the accounting. So, when she returned to the shop, it seemed that she could only sit there?

Thinking of this, it seemed that she could only go home.

“Then I have to go back to the shop to give an explanation first.”

Xiang Yi didn’t say anything about this and drove in the direction of the coffee shop.

After informing the waiter in the shop, the two of them left the coffee shop.

Shi Nuannuan did not notice that the so-called ‘home’was not to go back to her apartment, but to his Jinghai Villa!

It was not until the car gradually drove out of the city that Shi Nuannuan seemed to come back to her senses. She turned to look at the man in the driver’s seat. “You... What are you doing?”

Chapter 1378: it was more convenient to go to my place

He turned his head slightly and glanced at her. “Home.”

“This is not the way for me to go home!”

“New home.”

“I don’t need a ‘new home’. My old home is pretty good!”She turned around and lowered her head slightly.

“You’re injured. I don’t feel at ease when you’re alone at home. It’s more convenient to go to my place.”

“Who said I’m alone at home? Sister Chen is also here.”

Xiang Yi didn’t say anything else. He galloped all the way to the Jinghai Villa.

“Can’t you hear me? I said I want to go back to my own home!”

“I can’t hear you.”

”...”

Shi nuannuan bit her lower lip. She couldn’t help but glare at her. She turned her face in a huff and muttered, “Shameless!”

The corners of his lips curled up slightly. He turned the steering wheel and drove toward the villa with ease.

Xiang Jinghan, who was playing in the living room, saw the sound of footsteps coming from the door. He couldn't help but raise his head and saw the two of them walking in at the same time.

"Mommy!" He ran over and looked at the two of them. "Daddy, Why Are You Back?"

"Mommy is injured. From now on, I'll stay at home with you, Okay?" Looking at his son, Xiang Yi picked him up and walked towards the sofa. Shi Nuannuan paced and walked over slowly.

"What's wrong with Mommy?"

"Her hand is hurt, but it's okay."

The little guy listened and turned to look at Shi Nuannuan. "Mommy, can you stay with me every day from now on?"

Shi Nuannuan raised her eyes and looked at her son. "Not every day, but these two days."

"OH." There was a hint of disappointment in Xiang Jinghan's voice, but at the same time, he was very happy. "Then these two days, mommy will stay at home with me!"

Shi Nuannuan didn't say anything else. She just sat on the sofa and was planning something.

After sending her back, he had to go to the company because he had an important meeting at 10:30.

"I'm leaving. You stay at home and have a good rest."

Shi Nuannuan looked up at him but didn't say anything. She just nodded casually.

"Bye, daddy!"

The little guy waved at him and he smiled. "Bye-bye."

Then, he turned around and left the villa.

Hearing the sound of the car in the courtyard getting further and further away, Shi Nuannuan stood up and walked towards the window.

After making sure that he really left, she quickly turned back to the sofa and pulled her son up. "Baby, Let's go home!"

Xiang Jinghan was still a little confused by her sudden action.

"Mommy, you..."

Didn't she promise Daddy to have a good rest at home just now?

"Mommy, didn't You Promise Daddy to have a good rest at home just now? Why did you leave?"

"I did promise him to have a good rest at home, but this isn't our home!"

She answered her son's question as she led him to the main entrance.

However, when the mother and son arrived at the main entrance and looked up, Shi Nuannuan discovered a rather serious problem!

It was her car!

Looking at the empty courtyard, her car had actually been driven away by him!

This place was half an hour away from the city. How could she leave without a car?

Moreover, it seemed that she couldn't get a taxi here.

"Ah!" She stomped her feet angrily!

Xiang Jinghan raised his head and looked at her in a daze. "Mommy, Are You Alright?"

"I'm Fine!" She turned around abruptly and returned to the living room with her son!

Sitting on the sofa, she glanced at her bag and suddenly remembered that she could call her sister-in-law.

Chapter 1379: It was only noon Why was he back?

Thinking of this, she couldn't wait to take out her cell phone and dialed Zuo Weiyi's number.

The phone rang twice before it was picked up quickly. "Hello? Sister-in-law."

"Nuannuan?"

"Sister-in-law, do you have time now?"

On the phone, Zuo Weiyi paused for a moment. "What's Wrong?"

"I can't leave this place right now because of some factors. Can You Come Pick me up?"

Zuo Weiyi was stunned again. "Where?"

"Nanshan Road, near Jinghai."

"... Why did you go there?"

"Uh, because of some reasons."

"Xiang Yi picked you up?"

"..." Shi Nuannuan nodded reluctantly after two seconds of silence. "Yes."

"Um... I'm sorry, Nuannuan. I have something to do today, so I might not be able to pick you up."

"..." Shi Nuannuan was a little surprised. Her sister-in-law was always at home, so what could be wrong?

"What do you have —"

"Ah, I'm not going to talk to you anymore. It's too late! I'm Hanging Up!"

Before Shi Nuannuan could finish her sentence, Zuo Weiyi had already hung up the phone!

“Hello? Sister-in-law! ? Hello! ?”

Looking at the phone that was suddenly hung up on, Shi Nuannuan was dumbfounded!

What was going on? It was as if she had suddenly become busy..

Looking at the phone that was hung up on, Shi Nuannuan lowered her hand somewhat dejectedly. She didn't have many friends, and the only one she had sincerely was her sister-in-law.

She couldn't ask her mother to come and pick her up, right?

Thinking of this, she could only stay here for the time being.

Xiang Jinghan was actually very happy. He had a lot of fun in the living room the whole morning.

Shi Nuannuan leaned against the sofa. She was actually a little tired, so she lay on it.

It was not until lunchtime that the maid came over and called for her to have lunch that she woke up in a daze.

“Madam, it's time for lunch.”

Shi Nuannuan stood up and glanced at the maid. “You don't have to call me that.”

“Hehe, this is what sir ordered.”The maid was also a little puzzled. They were clearly a family, so why did he always tell them not to call her madam?

As they were talking, Xiang Yi's figure walked in from the door. Shi Nuannuan was a little surprised by his sudden appearance.

It was only noon, why was he back again?

“Sir, you're back.”Looking at Xiang Yi who was walking over, the maid bowed respectfully.

“Let's eat.”

He looked at her and said softly, then walked towards the dining room.

Shi Nuannuan was a little confused. Could it be that he specially came back from the company to eat? It was so far away..

As her gaze left his back, Shi Nuannuan suddenly stopped in her tracks and forgot about a figure.

Looking around, she did not see Xiang Jinghan. She could not help but turn her head and ask a maid beside her, “Where's My Son?”

“The young master seemed to be tired from playing and fell asleep just now. I sent him to the second floor.”

“OH.”She answered the maid and immediately walked towards the dining room.

Xiang Yi had already sat down at the dining table.

The maid set up the utensils for both of them and served each of them a bowl of rice.

Shi Nuannuan instinctively raised her hand to pick up the chopsticks, but she suddenly frowned.

“Hiss...”

She almost forgot about her injured hand.

It was obvious that she could not pick up the chopsticks. She did not know if the spoon could do it.

Thinking of this, she raised her head and said to the maid who was standing quietly at the side, “I’m sorry, can you help me get a spoon?”

“Okay.”

The maid walked into the kitchen and quickly handed her a spoon.

After taking the spoon and not using it with much effort, Shi Nuannuan smiled in satisfaction.

But..

PS: Honey Babies, Merry Christmas! Be Happy

Chapter 1380: was just to come back for a meal?

Just as she dug a spoonful of rice into her mouth and was about to pick up the food, she realized... how was the spoon supposed to pick up the food?

She tried to use the spoon to get some shredded potatoes to eat, but she found that she couldn’t get it to work no matter how hard she tried.

So awkward..

Her hand paused, and she looked up at the man who had been staring at her. Then, she silently withdrew her hand.

He stared at her. No expression could be seen on his chiseled face. He stood up slightly and pulled the chair to the seat beside her.

Shi Nuannuan was a little stunned. She looked at him. “What are you doing?”

He pulled the chair over and sat down. Then, he picked up the chopsticks and bowl and took the spoon in her hand.

After a series of actions, Shi Nuannuan gradually realized that he wasn’t planning to feed her, right?

Just as she was thinking about it, he picked up some shredded potatoes with his chopsticks and brought them to her mouth.

She was stunned for a moment and looked at him with her big clear eyes.

“Eat.” His voice was incomparably gentle. Although there was no expression on his face, his pair of clear eyes were as gentle as jade.

His tone was even more irresistible.

And Shi Nuannuan actually liked this kind of him, domineering and gentle.

Did every woman have this kind of nature? Did she like being spoiled by a man?

(Zuo Weiyi: I'm Not!)

She opened her mouth and ate the shredded potatoes without a trace of disgust. She chewed gently and looked up at his calm and gentle face from time to time.

After eating some vegetables, he made another spoonful of rice and finished his lunch just like that.

However, he didn't seem to have eaten much. In the end, the food was already cold.

He simply ate some and got up to leave the dining room.

Looking at the woman on the sofa, he said softly, "I'm leaving. You should rest well."

After saying that, he walked straight towards the main entrance.

Looking at his tall back, Shi Nuannuan was slightly stunned.

He came back just for a meal?

Lowering her eyes, a strange thought appeared in her mind.

Could it be that he saw that his hand was injured and couldn't eat, so he came back specially to feed her?

Thinking of this possibility, Shi Nuannuan felt an indescribable warmth in her heart.

...

Since she couldn't leave this place in the afternoon, she would enjoy it.

Speaking of which, it had been a few years since she had enjoyed it. Every day, she would eat and sleep, and then she would be busy with the business of the coffee shop.

How long had it been since she had been in the mood to relax and look at the scenery in the distance?

She came to the balcony on the second floor. There was a wide field of view here, overlooking City Z not far away. The entire city was clear at a glance.

Then, she came to the backyard on the first floor. There was a huge swimming pool. As far as the eye could see, it was blue sea and blue sky. It had to be said that the scenery here was really beautiful.

At 2:15, Xiang Jinghan woke up slowly. He seemed to be a little hungry.

The maid informed Shi Nuannuan, who was sitting by the pool drinking tea. When she heard that her son had woken up, she quickly went into the house and made her some food.

"Has Daddy Left?"

"Yes."

She could not feed him herself, so she could only let the servant feed her son.

“Mommy, can we live here from now on? I love it here.”

Hearing her son’s words, Shi Nuannuan was slightly stunned, but she did not reject him as she had previously.

Live Here? What identity did she want to live here with? His wife? Or girlfriend? Or... lover?
