### **Chapter 1421: was kicked by an annoying woman!**

She held her son in her arms and walked to the bed, intending to take a nap.

Just as she reached the bed, her phone rang.

Looking at the familiar caller ID, Shi Nuannuan felt a surge of jealousy in her heart!

However, she did not hang up the phone like before. Instead, she hesitated for a while before picking up the call!

After all, she had to tell her uncle that he had come here.

“Is it Daddy? I want to answer it!”

Just as she swiped the answer button, before Shi Nuannuan could put the phone to her ear, Xiang Jinghan snatched it away.

“Hello? Daddy!”

Xiang Yi was still a little surprised when the phone was picked up. He thought that the heater had disappeared.

But the next second, it was his son’s voice.

“Hanhan?”

“Daddy, I miss you so much. When are you coming back? Xiang Jinghan is injured!”

Hearing this, Xiang Yi’s slightly raised lips froze. He asked in surprise, “Injured? What happened to you?”

“I was kicked by an annoying woman!” Xiang Jinghan’s small face collapsed. He pursed his lips!

When he thought of Feng Lulu’s appearance, he hated her to death!

However, Xiang Yi could not hear his words clearly.

“Give your phone to Mommy.”

At this moment, looking at her wayward son, Shi Nuannuan also took the phone over.

“Uncle’s family is here.”

Without beating around the bush, Shi Nuannuan went straight to the point.

Xiang Yi could not help but frown when he heard Wen Sheng. “Uncle?”

“Yes, they don’t seem to have a place to stay now.”

No Place to stay?

“What happened?” His eyebrows furrowed slightly, and his tone was calm.

"I heard from uncle that your aunt was addicted to gambling and mortgaged her house, but in the end... It's gone."

"..."

"I've temporarily settled them down. I'll make a decision when you come back!" She said again, her voice a little unhappy!

"Yes, you keep them here first. We'll talk about it when I return."

After saying that, he remembered. "What happened to my son?"

Shi Nuannuan glanced at her son. "He's fine now."

"I want to know the reason."

"It's Feng..."

Would it make things difficult for him if he said it like that?

After all, his uncle meant a lot to him, and Xiang Jinghan was already fine. He might as well forget about it.

"It's just that when he was playing with the car, he accidentally knocked over the car and then fell down."

"Mommy, you're lying..."

The little person at the side looked at her and could not help but speak.

Shi Nuannuan glared at him!

However, Xiang Yi did not seem to believe it because just now, his son said that he was kicked by an annoying woman!

"Then why did my son say that he was kicked by a woman?" He seemed to already have the answer in his heart.

If it was at this moment, then only Feng Lulu and Su Xiuying would be in the villa.

Su Xiuying could only be said to love money, but she was timid and afraid of trouble, so it was unlikely that it was her.

The only person who would make a move on his son was the arrogant Feng Lulu!

"..." as expected, it couldn't be hidden?

"It seems that Xiang Jinghan accidentally bumped into her while playing with his car, so she kicked his car. But it's nothing, you don't have to worry!"

Shi Nuannuan was still unhappy because she was still wondering why a woman would appear in his room!

Hearing that his son was fine, Xiang Yi was not so worried. Naturally, he could hear her unhappy tone.

“What’s wrong with you?”

“What do you mean, what’s wrong? I’m not angry!” She pretended not to understand, but she had already exposed herself.

He pursed his lips and chuckled. “If you’re not angry, then why didn’t you answer my call?”

### **Chapter 1422: are you proposing to me?**

She paused, glanced at him coldly, and said casually, “It’s not convenient.”

Hearing her sour tone, he smiled. He liked the way she looked when she was jealous.

“If I said that I accidentally bumped into a drunk person on my way back to the hotel in the morning and got myself covered in wine stains, then I went to take a shower after returning to my room, but the secretary arrived at that time, and you happened to call, would you believe me?”

His tone was light, and it was impossible to tell that he was deliberately explaining something.

But when Shi Nuannuan heard it, she was stunned.

So that was the case.

Every time he opened his mouth to explain, she would believe him, but on the surface, she liked to pretend that she did not forgive him.

“I don’t Believe You!”

She said these two words decisively, but the next second, the corners of her mouth unconsciously curved up.

“Then what should I do? How can I make my wife Happy?” His tone was as gentle as water.

Shi Nuannuan immediately let her thoughts slow down for a few seconds.

“Who is your wife...” although she said that, her heart was filled with sweetness.

On the phone, Xiang Yi suddenly became serious. “Nuannuan.”

“What?”

“Marry me.”

”...” Shi Nuannuan was completely stunned.

Even though she already had a child with him, they were indeed not married, and she could not be considered to have married him.

So now, he was proposing to her?

But how could he propose to her over the phone like that!

“You... are proposing to me?”

“Are You Willing?” He did not deny it.

Shi Nuannuan held the phone and suddenly became a little shy. “How can you propose like that? You’re not sincere at all...”

“Mommy, you’re really cute when you act like a spoiled child in front of Daddy.”

Xiang Jinghan, who was sitting in front of her, suddenly spoke.

Shi Nuannuan was a little forgetful and completely forgot that her son was still at the side.

Meeting her son’s beautiful eyes, Shi Nuannuan immediately sat up straight and stood up like a mighty mother!

“Cough, cough!” She cleared her throat.

Xiang Yi, who was opposite her, seemed to have heard her son’s voice and knew that she must be very embarrassed at this moment.

“I’ve agreed. I’ll go back and make up for the ceremony later.”

His deep and gentle voice sounded from the other end of the phone again. Shi Nuannuan felt sweet in her heart and could not help but agree. “Sure.”

On the other end of the phone, he smiled.

“Wait for me to go back.”

“Okay.”

“I’ll hang up.”

“Okay, you’re busy.”

Xiang Yi hung up the phone reluctantly. Only then did he reach out and press the elevator button.

“What else is on today’s schedule?”

Walking into the elevator, he asked his secretary at the side.

Secretary Qian Mo looked at the schedule and said, “There’s a dinner with President Huo of KM Group tonight. The content is about the signing of the contract.”

“No More?”

“No More.” After saying that, the secretary paused for a moment and then said, “In addition, Miss Manli’s father seems to want to see you. I hope you can find time to see him tomorrow morning.”

Xiang Yi turned his head when he heard that and glanced at Qian mo. “He liantian?”

Qian mo paused, because very few people in country would call Mr. he liantian by his name.

“Yes.”

“What’s the schedule for Tomorrow?”

Qian mo flipped through the schedule again. "The shareholders' meeting will be held at ten in the morning. After that, there will be a meal. In the afternoon, I have to make a trip to the head office. After that, there will be a cocktail party in the evening."

"In that case, the meeting time with He liantian will be at nine in the morning."

"Okay."

"Oh right, Xiang, do you still need to book a flight back the day after tomorrow?"

"Yes."

"Okay."

The elevator went straight to the top floor. Xiang Yi walked out while his secretary Qian Mo returned to the next floor.

### **Chapter 1423: can you pick me up?**

At 3:23 pm, Xiang Yi left the hotel and drove to a shopping mall. He wanted to buy a gift for Xiang Jinghan and Shi Nuannuan.

As a man, he walked in the shopping mall and picked out a gift. Before he knew it, it was already dusk.

After he picked out the two gifts, it was already 6 pm when he returned to the hotel.

There was still half an hour before the dinner.

He changed into a set of clothes and then set off to the designated location.

Just as he arrived at the parking lot, his phone rang.

He looked at the caller ID: Helian Manli.

He was stunned for a moment and then picked up.

"Hello?"

"Xiang Yi." Helian Manli's gentle voice sounded from the phone.

In front of him, she would always be this kind of woman, gentle and generous.

Xiang Yi still felt a little apologetic towards the last time when he almost pushed her off the rooftop and left her alone in shock.

"Mm," he replied softly.

"Are you going to seat a now?"

Seat A was a high-end club in city a, and the dinner with President Huo of KM group was arranged there.

As Helian Manli was the second shareholder of X · s group, she came with her to country a this time. However, this was her country.

Hearing her words, Xiang Yi paused for a few seconds. Instead of answering her directly, he asked, "What's Wrong?"

"Well, I'm at the intersection of Beisheng Road because my car broke down. Can you come here to pick me up?" She would also go to the dinner this time.

Hearing this, Xiang Yi hesitated for a few seconds as if he was in deep thought.

After a long while, he said, "Sorry, I've already arrived at Seat A, and president Huo from KM has already arrived."

As he was in a foreign country, he didn't want to have too much contact with Helian Manli to avoid any misunderstandings. If he could avoid it, he would do his best to avoid it.

On the phone, Helian Manli paused.

Did he really have an opinion about arriving at seat a? Or did he not want to have any contact with her?

Thinking of this, she could not help but feel a little disappointed, and even a little heartbroken.

Even if he was in a foreign country, he still had to keep a distance from her. In his eyes and heart, there was only Shi Nuannuan.

After a long while, the corner of Helian Manli's mouth forced out a smile. "Alright then, I'll take a taxi there myself."

"Okay."

He responded faintly and took the lead to hang up the phone. He started the car and drove out of the underground parking lot, heading for Seat A.

After arriving at the destination and sitting in the private room for a while, president Huo of KM Group arrived.

When he saw a man and a woman walk in from the door of the private room, Xiang Yi stood up and walked over. "President Huo."

"Hello, President Xiang."

Xiang Yi's gaze fell on the woman beside him.

Noticing his gaze, president Huo smiled slightly. "My wife. This is the President Xiang of X · s group that I mentioned to you."

"Mrs. Huo."

"Hello."

The woman smiled and did not say much. Instead, she quietly stayed by President Huo's side.

The group walked to the sofa and sat down.

"You don't mind if I bring my wife here, do you?" After sitting down, president Huo looked at Xiang Yi and asked softly.

“It’s rare for your wife to be in such a good mood. Naturally, I don’t mind.”

“Since it’s a private dinner, I brought her along. I don’t want her to be bored alone in the hotel.”

Looking at the beautiful couple in front of him, Xiang Yi chuckled. Naturally, Shi Nuannuan’s figure appeared in his mind.

If her grandfather had not suddenly fallen ill, he would have brought her along as well.

“President Huo is indeed as the rumors say. He loves his wife as much as he loves her.”

#### **Chapter 1424: what marriage?**

President Huo smiled and noticed that Helian Manli was not here. He could not help but ask, “Why? Didn’t you come here with Miss Manli?”

“She has something to do. She might be here later.”

President Huo nodded.

“I heard that the marriage between President Xiang and Miss Manli is approaching.”

Hearing this, Xiang Yi was stunned for a few seconds. Then, he chuckled and said calmly, “No, it’s just a rumor. Miss Manli and I are purely partners.”

Hearing his calm tone, the Huo couple could not help but look at each other, as if they did not understand one of these things.

Naturally, they had also heard about the rumors that he and Helian Manli had only seen.

So it was just a rumor?

“But according to what I know, on the screen, you also seemed to admit that the marriage is approaching.”

“Indeed, but my fiancée is someone else, not Miss Manli.”

President Huo was stunned for a few seconds. Although the same experience was not exactly the same, he seemed to understand why there was such a rumor.

It was said that President Xiang of the X · s group started from nothing. After three years of hard work, he finally established a foothold in the business world and had his own kingdom. On the road to success, he would have to bear a lot of things.

Compared to this ‘marriage’, it was one of them.

“I understand.” President Huo smiled knowingly. As a man, how could he not know.

Xiang Yi also smiled and did not continue this topic.

Not long after, the door of the private room was opened and Helian Manli walked in.

The moment she entered, she saw Xiang Yi and the Huo couple sitting on the sofa. A few other business owners had also arrived. Each of them had a woman sitting beside them, except for Xiang Yi.

The private room was filled with people chatting and laughing. When they saw her enter, someone had already stood up.

“Miss Manli is here.”

As she was a noble of the royal family, it was inevitable that some of them would want to curry favor with her and take the opportunity to curry favor with her.

When everyone was here, the group walked to the dining table in the private room. The waiter had already served all the dishes.

During the meal, Helian Manli’s gaze was always on Xiang Yi.

But he didn’t even look at her from the beginning to the end.

She knew that he wanted to keep a distance from her.

“By the way, since President Xiang has already made a name for himself, is the marriage between him and Miss Manli approaching? When will we be able to drink your wedding wine?”

After the meal, someone suddenly asked.

Xiang Yi’s expression froze. He raised his eyes and glanced at the man who spoke, his expression somewhat cold.

Helian Manli’s gaze followed that person’s question and turned towards Xiang Yi, wanting to know what his answer was.

“What marriage?” He clearly knew, but he was still a consultant.

Because from the beginning, he personally didn’t say anything about the marriage between him and Helian Manli. And from the beginning to the end, what he said to the outside world was purely a cooperative relationship between them.

However, his explanation, to the outside world, was like finding a shield in order not to expose their relationship.

Being questioned by him in such a way, the old president could not help but be stunned.

What marriage? Of course, it was the marriage between him and Miss Manli.

“Hehe, President Xiang really knows how to joke. Isn’t it the marriage between you and Miss Manli?”

“President Zhang must be joking. What marriage between me and Miss Manli? It’s always been a cooperative relationship.”

His sudden words stunned many people at the dining table. In the next second, they began to whisper to each other.

**Chapter 1425: You’re all wrong**

Only president Huo's expression did not change. His calm and composed lips had a faint smile on them.

And the ugliest thing was none other than Helian Manli's expression at this moment.

At that time, she was the one who said the words 'marriage is imminent' in front of the media. Now, she was exposed in public by his words. She was like a clown, treated as a joke.

And he did not care about her feelings at all.

"But Xiang, didn't you reply on the screen yourself? You said that as long as she is willing to marry, you will marry her."

The marriage between the two of them had almost become the focus of attention in the country for more than two years, but today, they said that the marriage did not exist? What exactly was going on? Could it be that the two of them quarreled, so they were making a scene and saying angry words?

Looking at the crowd, Xiang Yi was about to open his mouth, but Helian Manli beat him to it.

"You're all wrong."

"..."

Everyone looked at her again. What was wrong?

"The marriage I'm talking about is not with him, but... with young master Bourne of the Bourne family."

After saying this, everyone's faces were filled with shock!

Bourne family's Bourne family's young master?

"But at that time, the reporters were clearly asking about your and Xiang's --"

That person still wanted to ask, but Helian Manli raised her eyes. That inborn nobility could not be questioned.

Meeting her gaze, the man's words were stuck in his throat. In the end, he forced them back.

In order to stop this topic, Helian Manli's eyes suddenly looked at president Huo. The corners of her mouth were still smiling calmly.

"President Huo seems to be early today?"

The topic suddenly shifted to him. President Huo could not help but be stunned for a few seconds, but his expression was calm.

However, even if he changed the topic, it should not be to the extent of asking him such a question. He could not help but feel a little surprised.

"I heard that you and your wife arrived around 6:30?"

As soon as she said this, Xiang Yi instantly understood the purpose of her question.

She wanted to use president Huo's words to confirm whether he had really arrived here before.

“Miss Manli is really well-informed. My wife said that it was too boring in the hotel, so I brought her here in advance,” president Huo said, as if he could also see the purpose of Helian Manli’s question.

However, his wife, who was beside him, turned to look at him in surprise.

They had arrived at seven o’clock.

Xiang Yi was surprised by president Huo’s answer.

He looked up and saw president Huo smiling back at him.

He was helping him?

This Huo Qing really lived up to her reputation. She could see everything clearly just by observing her expression.

He nodded at him as a form of gratitude.

“I see.” Helian Manli smiled and followed president Huo’s words to look at his wife. She firmly believed his words.

She felt a little better. At least this meant that Xiang Yi did not lie to her.

The night gradually deepened.

After the contract was finally settled, the group of people had already left one after another.

“We’ll meet again.”

President Huo also brought his wife to the door of the private room and extended his hand to Xiang Yi.

“I heard that President Huo is also from Z nation. We’ll meet again when the time comes.”

“Okay.”

He released his hand and helped the two of them to leave.

After leaving the private room, Mrs. Huo was still a little surprised. She turned her head to look at her husband. “Huo Qing, why did you answer that Helian Manli and say that we came very early?”

Huo Qing put her arm around her shoulder and smiled. “Because that Helian Manli is trying to get information out of me.”

### **Chapter 1426: decided to give up**

“What do you mean?”

He looked at his wife with a smile, “Although Luo Hua is interested, flowing water is heartless. This Helian Manli looks gentle and generous, but in reality, she has some small ideas.”

Madam Huo glanced at him, half understanding and half not. However, she could tell that Luo Hua was talking about that Helian Manli, and flowing water was that Xiang, right?

(hint: president Huo and his wife are the male and female protagonists in Mi'er's last book. Honey babies can go and take a look if they have nothing to do!)

As they walked out of Seat A, the night was as dark as ink.

Helian Manli didn't drive over. At the door, she turned to look at the man next to her. "Do you really want to keep a distance from me that much?"

He looked at her calmly and didn't say anything.

Indeed, he wanted to keep a distance from her.

"Don't worry, I will explain it clearly in front of the media. Moreover... I also intend to follow my father's wishes and form a marriage alliance with the Bourne family."

Her words surprised him.

She had decided to reveal everything in front of the media? Moreover, she wanted to form a marriage alliance with the Bourne Family?

She looked up. She still had a deep attachment to this man.

After all, he was the first man she had fallen deeply in love with in more than twenty years.

"So now, can you send me back? Treat it as our last farewell."

He looked at her in a daze and did not speak for a long time.

"Your X · s group has already stabilized. After this cooperation, I may not go to Z country anymore."

This was the result he wanted. It was indeed the case.

"I'm very sorry."

"No need. After you, I know that love is really something that can not be forced. No matter how much I do, in your heart, there is only Shi Nuannuan."

He did not reply. Instead, he looked at her calmly.

"I will disappear from your world."

He still did not speak because he had nothing to say.

For the past three years, he had thanked her for her help.

"In the future, if you need anything, feel free to look for me." This was a favor he owed her.

"Anything you need?" She suddenly asked.

He was stunned for a moment, and he felt something from the deep meaning in her eyes.

"I hope that you and young master Bourne can be happy."

She smiled. "As expected, I still can't trick you."

“I’ll send you back.”

Since it was the last farewell, he didn’t seem to have any reason to refuse.

The head office had already moved to Country Z. after returning this time, he would probably rarely come here, and there wouldn’t be any ties between him and her.

Seeing that he finally agreed, she smiled and walked directly to his car.

After sending her home, Helian Manli wanted to invite him in to have a seat, but he refused.

Because it was already late at night, it was already 22:05 pm.

“Are you really not going in?” Standing in front of the car door, she asked.

“No need. Tomorrow morning, I should come.” That was the time she had agreed with her father.

Helian Manli was slightly startled.

“Tomorrow Morning?”

“Yes.”

Although she didn’t know what it was about, she didn’t have an appointment with him. So if he came, it should be her father’s invitation?

“I’m leaving.”

“Okay.”

He took a look at her and drove away.

Seeing that his car had completely disappeared, she turned around and walked in.

Under the night sky, her beautiful face seemed to be deep in thought.

...

After returning to the hotel and taking a shower, Xiang Yi lay on the bed.

Just as he closed his eyes, his mind was filled with images of his wife and children in z country.

He took out his cell phone and wanted to dial the number, but when he saw the time on it, he chose to give up in the end.

### **Chapter 1427: why is it you?**

At this time, Z Nation should be in the wee hours of the morning. She should already be asleep.

Thinking of this, he couldn’t help but place his phone on the bedside table again and shut his eyes to sleep.

..

The next day.

Early in the morning, after having breakfast, he drove out of the hotel.

On the way to Helian family's house, he gave Feng Shunqing a call.

"Hello, Uncle." Putting on his Bluetooth headset, he spoke to Feng Shunqing on the phone while driving the steering wheel.

Feng Shunqing was very surprised when she received his call. "Xiang Yi, aren't you... Busy Now?"

When she heard that he was on a business trip abroad, she was always afraid that he would be very busy, so she didn't dare to call and disturb him after arriving here.

"It's alright."

Feng Shunqing sighed slightly. "Xiang Yi, I... I'm very sorry. I couldn't help but come and disturb you in the end."

"You don't have to treat me as an outsider."

Feng Shunqing was gratified when she heard that.

It was just that three years ago, she hoped that he would not return to that so-called home again, so that she would not drag him down again.

However, she did not expect that in three years, things had changed and people had changed. In the end, they still came to seek refuge with him despite being in a difficult situation.

"I've heard everything from Nuannuan. You guys can settle down first. I'll go back tomorrow."

"Ah, okay!"

Feng Shunqing held the phone and could not help but think that if it were not for this nephew of his, the current them would have already been homeless on the streets.

After explaining everything to him, the car had already gradually arrived at the Helian family's ancient castle.

After parking the car, Xiang Yi came to the living room under the lead of the butler.

However, in the large living room, other than the servants, he did not see the figure of He Liantian.

"Mr. Xiang, please follow me."

The Old Butler respectfully bowed to him and made an inviting gesture.

Looking at the old Butler who walked straight up the stairs, Xiang Yi was slightly stunned. After pausing for a few seconds, he still took a step and followed him.

"Please come in."

When he reached the second floor, he saw a splendid living room. However, he still did not see the figure of He Liantian.

He walked in with large strides, but the old butler retreated at this moment.

He furrowed his brows, turned his head, and glanced at the old Butler who had disappeared.

He faintly felt that something wasn't right. In the next moment, he heard the sound of footsteps approaching his ears.

When he heard the sound, he turned his head and saw Helian Manli wearing a sexy strapless gown walking out.

"You're here."

Looking at the man standing at the door, Helian Manli walked over with a slight smile.

"Why are you here?"

The one who invited him should be her father.

Helian Manli smiled, "This is my home, have you forgotten?"

So it was not strange that she would appear here.

He naturally knew that this was her home, but he was a little surprised.

"My father is in the study dealing with some matters. He'll be fine in a while. Sit down for a while."

He glanced at her, then walked to the sofa and sat down.

"What would you like to drink?"

"No need."

"Why are you so cautious? Are you afraid that I'll do something to You?"

He was stunned and looked at her. "I didn't mean that."

"Then how about a glass of red wine? Or Whiskey?"

She looked at the two bottles of wine in her hands and finally said, "Anything."

She smiled, picked up the bottle of wine, and handed one of the glasses to him. "This is a rare taste that takes a long time. I believe that even the president of Your Z country might not have tasted it."

Looking at the glass of wine that she handed over, Xiang Yi took it.

But he was not interested in it. After taking it, he placed it on the coffee table in front of him.

**Chapter 1428: didn't have a smiling face like hers**

"What, you're not going to try it?"

He glanced at her, but didn't reply. His expression was very calm.

She smiled, somewhat bitter.

“Looks like you’re still somewhat guarded against me.”

He still didn’t say anything. Instead, he stood up.

“If Mr. Helian doesn’t have time, then I’ll come and visit another day.”

After saying that, he was about to leave.

“Another day? You’re going back tomorrow, right?”

His footsteps paused. Indeed, he did not want to be alone in the room with her.

“I’ve already said that I’ll give up on you. Why are you still so wary of me? Am I really... that annoying to you?” As she said that, her eyes were somewhat red.

Hearing her slightly choked voice, he turned around. After meeting her moist eyes, astonishment flashed through the depths of his eyes.

He pursed his thin lips and said indifferently, “I don’t hate you.”

“Then why are you in such a hurry to leave? Isn’t it because... you don’t want to look at me anymore?”

“I came here because of your father. If he isn’t here, then there is naturally no need for me to stay.”

“Is there no need, or do you want to find an excuse to leave?” She slowly walked towards him, a tear streaking across her face.

Looking at the woman in front of him, Xiang Yi felt somewhat helpless.

“Why do you have to be so persistent?”

“Am I persistent? I’ve already decided to give up on you, it’s just... It’s just that there’s still a little bit of reluctance. I want to be alone with you for a while before you leave, but why are you not even willing to give me this little bit of charity? I’ve clearly... already put down my status so humbly, why are you not even willing to look at me?”

She used to be such a high and mighty woman. Because she had fallen in love with him, she had made herself so humble and unbearable.

Tears blurred her vision, and her chest felt as if it was being pricked by Needles.

But her tears could not change his calm heart.

He looked at her with a calm gaze. “How many times do I have to say it before you understand?”

“I understand. You only have Shi Nuannuan in your heart, but... I really want to know why I haven’t been able to replace her in the past three years? “I’ve clearly given my all and loved you as much as her, but why... Can’t you see me?”

“I just can’t see you.”

“What...”

"I can't see anyone except her. No matter how much you do, even if you give me the whole world, you can't compare to her smiling face."

"..."

His voice was so cold and heartless that it once again pierced her heart.

"Is she really that good? Why Can't It Be Me..."

"Because you're not her. You Don't have her smiling face, her willfulness, or the way she gets angry when she gets jealous."

"If you like this, I can change too..."

"So what if I change? You're still you, not her. There's only one Shi Nuannuan in this world, and the one I want to marry is the only one."

"..."

She stood rooted to the ground. What he wanted to say was that no matter how much she changed, it was impossible for her to become Shi Nuannuan, right?

Her hands that were hanging on her chest were tightly clenched. She closed her eyes, allowing the tears to flow down her cheeks and hit her chest.

"I'm sorry."

Finally, he glanced at her, turned around, and walked towards the door.

The moment he turned around, he did not know if it was an illusion or if it was affected by his mood, but he felt a little warm.

"Wait a minute."

She raised her head and called out to him again.

### **Chapter 1429: What Did You Do?**

He stopped and his eyebrows gradually gathered together because of the inexplicable heat in his body.

What was going on?

He raised his hand and loosened his tie. He only felt that the heat was getting stronger and stronger, and... It was not quite the same as the usual heat.

What was going on? He clearly did not do anything.

Suddenly, his long and narrow dark eyes shivered. He felt a strange heat spreading rapidly in his body, hitting every cell in his body!

Although he had never experienced this before, he was very familiar with this feeling.

His brows were tightly knitted together, and his throat began to become dry and unbearable.

This feeling was just like the impatient feeling when he was about to warm up..

But how could this be?

As if he suddenly realized something, he suddenly turned his head and looked at Helian Manli.

But the moment he turned around, the scene in front of him shocked him.

He saw Helian Manli walking towards him. At this moment, the evening gown on her body had already been taken off, leaving only the last line of defense.

He frowned, not knowing what exactly she was going to do.

For the past three years, although they could not be considered to be getting along day and night, at least they were familiar with her character. How could she do such a low and lowly act.

“What did you do?” His voice was hoarse, and his eyes were bloodshot from trying to hold it in.

She didn’t say anything. She just walked towards him in her three-point outfit.

“Unbearable, isn’t it?”

Until now, he still couldn’t believe that she, who was so aloof and noble, would actually do such a thing in front of him.

“I’ll ask you one more time. What did you do to me? !” His eyes flashed with a crimson red. He was holding back his anger, but he was even more furious!

His gaze landed on the glass of wine behind her. He narrowed his dark eyes. He had never touched that glass of wine before.

“It’s just wine. You Don’t have to taste it. As long as you smell it, the Aphrodisiac in your body can only be cured by a woman.”

“Why did you do that?”

“Why? Don’t you know?”

“I thought I made myself clear, and I didn’t give you any hope from the beginning to the end. Why did you do it? !” His bloodthirsty eyes stared at her, forcing each word out from between his teeth!

“Yes, I knew you wouldn’t like me, but I was just jealous of her! “Xiang Yi, I have no regrets in my life, but you made me jealous of a woman for the first time. I’m jealous of Shi Nuannuan, jealous that she will have you from now on. “So, I want to destroy this jealousy!”

He frowned, still in disbelief.

Could jealousy really make people become so ugly?

He looked at her coldly. Perhaps she was a great temptation to him at this moment, but he turned a blind eye and walked toward the door.

However, just as he turned and took a step, his legs suddenly seemed to be drained of strength, making it difficult for him to move.

“This medicine is specially made. Without a woman, you will die.” She came to him and showed him her most beautiful and proud side.

But he closed his eyes.

Looking at his closed eyes, her smile became even more bitter.

“It’s already like this. You Can’t even be bothered to look at me?”

He closed his eyes and endured the beast that was awakened in his body. He did not respond to her words. Instead, he used his memory to move towards the door step by step.

“Xiang Yi!”

She chased after him and grabbed his arm because she knew the medicinal properties in his body.

Even if he didn’t look at her, as long as he touched her body, he couldn’t help it. This was the characteristic of the love drug in his body.

“Get lost! ! !”

#### **Chapter 1430: urgency, the edge of life and death (1)**

“Get lost! ! !”

As soon as she touched his arm, she was flung away by him, and his furious roar pierced through her eardrums!

In the next moment, Helian Manli’s body was thrown to the side, and she fell heavily to the ground!

She had never thought that there would be a day when she would actually become so lowly, even lowly, because of a man.

“Xiang Yi...”

Looking at the man who was suffering in front of her, she suddenly felt a little heartache and even regret.

She was just too jealous of Shi Nuannuan. She just wanted him to give her a little bit of charity, even just a little bit.

But he did not even want to touch her under such circumstances.

Was she really that annoying to him?

Xiang Yi clenched his fists tightly. The heat in his body seemed to want to swallow him whole. The veins on his forehead bulged, and his eyes were bloodthirsty. For a moment, he felt as if he was standing between yin and yang, he was about to fall into a bottomless hell!

“Xiang Yi...”

Seeing his pain, Helian Manli’s heart ached and she regretted it.

She thought that in this way, at least he would get close to her, but... he completely turned a blind eye to her.

She clearly knew the power of that medicine. If this continued, he might really die.

Helian Manli got up from the ground and rushed to his side again. "Xiang Yi, if you continue like this, you will die!"

"Get lost! ! !"

He waved his hand again with great force and pushed her away. His furious roar reverberated in the living room, as if it could shatter the air!

"Xiang Yi!"

Once again, she was thrown to the ground. Helian Manli did not care about her injured knee and continued to raise her head to look at the man.

Xiang Yi's slowly moving footsteps stopped at this moment, but he did not turn his head. He forced his words out through the gaps between his teeth, "Do you know how outrageous your current actions are? I have never hated a woman so much. You are the first!"

Helian Manli was stunned.

She also knew that after she did this, he would definitely hate her. However, she could not help it. Jealousy had made her once noble heart become so ugly and unbearable!

"Helian Manli, between you and me, from now on, we will never interact!"

Her tears fell like rain. She lay on the ground and cried out.

Under the torture that was like a burning fire, Xiang Yi moved step by step to the door. Beads of sweat continuously flowed from his forehead. His pair of dark eyes seemed to be dyed red by blood.

After much difficulty, he walked out of Helian Castle and sat in the driver's seat, but he was unable to start the car.

Could it be that he would really die here today?

Forcefully suppressing the medicinal properties in his body, his hands were trembling. He took out his cell phone from his bosom and dialed a number.

"At the entrance of Helian Castle, come over..."

These few short words were so pale and powerless.

After he finished speaking, he sat down on the driver's seat and put down the seat, trying to make himself feel better.

But after a few minutes, the heat in his body did not subside in the slightest. On the contrary, it became even more intense.

"Ah!"

He felt that he was going crazy. He raised his hand and clenched his fist, fiercely hitting the car door. He tried to let the pain replace the feeling that was about to pull him into hell, but it did not have any effect.

Ten minutes later, a sports car sped over and heard his car.

The car had just stopped when the door was quickly opened. A blond man walked out, got out of the car, and walked straight to Xiang Yi's car. He opened the car door.

When he opened the door, he saw the man in the driver's seat, as if he was burning with a ball of fire.
