

## Kiss Me 161

Chapter 161: Persistent High Fever, Life or Death (1)

Zuo Weiyi said it to defend her love while staring at Tengtang Xi.

He once said in person that she was his woman, even though it was not the status of Mrs. Shi. She would wait for him to wake up and wait for him to say to her personally, 'You can leave.'

Only then, she would be willing to leave!

"Zuo Weiyi, how do you dare to speak in this tone?" Tengtang Xi could not accept Zuo Weiyi's attitude toward her.

She was just a little maid. How could she speak to her in this tone?!

Zuo Weiyi was extremely calm facing the anger in her eyes.

"I have said it. So what?"

"You..." Tengtang Xi clenched her fists tightly. She was very angry. She then raised her hand wanting to slap Zuo Weiyi.

Just as she was ready to slap Zuo Weiyi, Zhong Shenghao who was nearby stopped her.

"Let go!" She rolled her eyes and glared at Zhong Shenghao.

"You are not needed here. Get out," Zhong Shenghao said calmly. However, he dragged Tengtang Xi toward the door in the very next second.

If even Zuo Weiyi could defend her dignity like this, he would not be worthy of being Yuting's buddy ff he did not do anything!

"What are you doing?! Let me go!" Tengtang Xi was struggling furiously all the way. Nonetheless, she was still pulled out of the room by Zhong Shenghao. The door was then closed. 'Bang'!

Tengtang Xi was so angry. When she was about to push the door open again, Shi Nuannuan quickly rushed over and locked the door from the inside!

"Are you all crazy?! How dare you treat me like this?!"

Tengtang Xi was furious while standing outside the door. Her beautiful face was so red at the moment!

No one had dared to do this to her since she was young!

But no matter how she shouted outside the door, it was as if the three people in the room had not heard anything. Besides, they had no time to deal with her!

"Zhong Shenghao, how is my brother?"

Zhong Shenghao took out the thermometer. Not only did the high fever not retreat, but it had gone up to forty-one degrees!

He frowned. He was worried that if the high fever continued, Shi Yuting's life would not be guaranteed!

Zuo Weiyi who was at the side looked at him anxiously.

She never thought that this arrogant man would be lying here quietly for a day. It was a matter of life and death.

“The most important thing now is to bring down the high fever. Otherwise, I am worried...”

He stopped talking as he dared not imagine what could happen afterward.

“My brother... Will he die?” Shi Nuannuan seemed to have realized the worst-case scenario. Her tears flowed out uncontrollably once again.

Zhong Shenghao turned his head and glanced at Shi Nuannuan with his gloomy eyes.

Even if Shi Yuting’s life was saved, he worried that he would become mentally challenged...

His silence made Zuo Weiyi who nearby also aware of the worst-case scenario. She felt that her heart was suddenly stabbed by something.

She shook her head. She could not believe Zhong Shenghao’s words!

“Impossible... He is Shi Yuting, the most authoritative man in Country C. How could he die? It’s impossible... I don’t believe it!”

She turned and looked at the man on the bed.

Even though she wanted to hold back the tears in her eyes, her eyes were instantly blurred.

“Shi Yuting, you can’t die. You said that you won’t let anyone bully me... But now I am being bullied. Wake up quickly. Okay?”

## **Chapter 162: Persistent High Fever, Life or Death (2)**

She spoke while placing the cold towel on his hot forehead. She replaced the towel over and over again.

Zhong Shenghao once said that there was hope as long as the high fever had gone down.

The towel was changed over and over again. Half an hour later, the fever still had not gone down but had gone up to forty-two degrees!

Zhong Shenghao frowned. This would not work at all!

The basin of ice water soon became warm. Zuo Weiyi was stopped by Zhong Shenghao when she was trying to go downstairs to get the ice cubes.

“This method won’t work anymore. You don’t have to go.”

“But...”

“Go and take one of your brother’s down jacket. I will take him to the ice cellar in the backyard!”

The situation was urgent and imminent. Zhong Shenghao had no choice. He just hoped that Shi Yuting’s high fever could go down a little after he entered the ice cellar that was below zero degrees!

Shi Nuannuan and Zuo Weiyi were stunned listening to him.

“Go to the ice cellar? But shouldn’t someone with a fever stays in low and moderate temperature?” Shi Nuannuan was worried.

Although Brother’s body was hot, usually the normal reaction was that the hotter the body, the colder the body would feel.

“We have no choice. We have to try it!”

Zhong Shenghao said and carried Shi Yuting on his back carefully. He then walked outside the door.

If there was imminent death, he had to take the risk. He had no choice!

Tengtang Xi was sitting in the living room with an angry face. She had nowhere to vent her anger. She then suddenly heard footsteps coming from the stairs.

She looked up and saw Zhong Shenghao carrying Shi Yuting downstairs.

She stood up and wanted to vent her anger. However, she saw them walking toward the back door.

She frowned and followed them angrily.

“The temperature inside is very low. You don’t have to go in.” Zhong Shenghao looked at Shi Nuannuan and Zuo Weiyi when they reached the ice cellar. He was worried that they would not be able to withstand that kind of low temperature.

“No. I’m going in.” Zuo Weiyi refused. She wanted to go in and watch him wake up safely.

“Me too! I’m not afraid of the cold!” Shi Nuannuan was also determined.

“What are you planning to do?!”

Tengtang Xi came over and looked at the three of them.

However, the three of them just ignored her. They looked at Zhong Shenghao anxiously.

Zhong Shenghao glanced at the two of them. He did not have much time to waste on this matter. So, he said, “Just do whatever you want.”

Perhaps they would know how cold it was after they entered the ice cellar.

Once they entered the ice cellar, Zhong Shenghao immediately felt a burst of cold air all over his body as he trembled while carrying Shi Yuting on his back.

“I forgot to bring my winter clothes.”

Shi Nuannuan walked into the ice cellar and was immediately shivering due to the cold. She involuntarily raised her hands and started rubbing them, hoping that it would relieve the cold.

Zuo Weiyi also felt the icy coldness. However, all of her thoughts were on Shi Yuting. She could not care too much about it.

This ice cellar was completely artificial, a bit similar to the ancient ones. There was a giant ice bed in the center of the ice cellar.

Zhong Shenghao placed him on the ice bed. He then took out his tools and began to check Shi Yuting's vital signs.

"I can't stand it. I'm going to get my winter clothes!"

Nuannuan was already shivering and her lips had turned darker in less than five minutes after they had gone into the ice cellar.

### **Chapter 163: Persistent High Fever, Life or Death (3)**

This place was really cold!

She turned around and rushed out of the ice cellar. She went to get two down jackets.

The shivering Tengtang Xi also could not stand the cold. She followed Nuannuan out of the ice cellar after seeing her going out.

Zuo Weiyi stood in front of the ice bed. Even if she was shivering, she had no intention to leave. She kept staring at the unconscious Shi Yuting with her pair of dark black eyes.

Zhong Shenghao was wearing a down jacket, so he could still withstand the cold.

He felt sorry seeing that her pink lips freezing and turning dark at the moment.

"Weiyi, I am here. It'll be fine. Maybe you should go out first. If Ting wakes up, I will immediately tell you."

How deep was her love for Shi Yuting?

She knew that the gap between her and Shi Yuting was too big. This relationship might not have a good ending after all.

He heard rumors saying that she was an illegitimate child.

Just based on this point, she simply could not be with Ting.

Zuo Weiyi looked up. She who was in short sleeves was having difficulty speaking since she was already so cold.

But this was just the beginning.

After another ten minutes, Zhong Shenghao who was wearing a down jacket too have some difficulty withstanding the cold.

This temperature of the ice cellar was about minus thirty or forty degrees. How could anyone bear it?!

Zuo Weiyi clasped her hands tightly against her chest. She was breathing hot air into her hands from time to time, hoping to relieve the cold.

"It's okay. Nuannuan has gone to get the clothes."

Zhong Shenghao just remained quiet since she insisted to stay.

However, a weak woman was standing in front of his eyes and suffering from the cold. It naturally evoked his gentleman's move.

He took off his coat and wanted to put it on Zuo Weiyi's shoulder. "Then, you should wear this first."

"There is no need!"

Zuo Weiyi was already stopping him before he could place it on her shoulder.

She looked up at Zhong Shenghao. Her pair of crystal-clear eyes were filled with sustenance.

"I just beg you to wake him up."

Zhong Shenghao was stunned facing her deep eyes.

He nodded after a while. "I will. Trust me."

He had rescued many people who were about to leave this world. He did not know how many times he had fought with King Yama. But this time, it was his buddy. If he could not save him, he would disappear from the medical profession forever!

Zuo Weiyi nodded. She knew that Zhong Shenghao would surely save Shi Yuting!

After a while, Nuannuan who had wrapped herself up with clothes like a dumpling came to the ice cellar with a thick down jacket in her hands.

Tengtang Xi also followed her.

She looked scornful when she saw Nuannuan being wrapped up like a dumpling.

She did not know how Nuannuan was from a prestigious family. She did not care about her image at all!

"Wei Yi, put this on quickly!"

Shi Nuannuan felt sorry for Zuo Weiyi when she saw her dark lips.

Zuo Weiyi felt warm after putting on the down jacket.

She turned her head and looked at Shi Yuting. "How is it? Has the fever gone down a little?"

Zhong Shenghao looked at the thermometer and frowned. "Nope. But, it has not gone up either."

Zuo Weiyi and Shi Nuannuan could not help but feel happy listening to his words.

"Then is this a good thing?" Shi Nuannuan asked eagerly.

"I am not sure yet. I have to observe his condition for a while," Zhong Shenghao said while hoping that this would be a good thing.

Tengtang Xi who was behind them came forward after listening to their conversation. She said arrogantly, "Zhong Shenghao, I'm warning you. If you can't save him, I will make sure you disappear from the medical profession in the future!"

## Chapter 164: The Fever Has Gone Down!

She could not help but rub her arms after she finished her words. This ice cellar was damn cold!

It was still so cold after they had put on the down jacket.

After staying in the ice cellar for more than half an hour, not only Tengtang Xi and Shi Nuannuan, even the man—Zhong Shenghao could not bear it anymore.

Tengtang Xi glanced at the three people who ignored her. She was too lazy to wait there further. Hence, she just went out and stayed in the comfortable living room since she could not be of help there anyway.

Shi Nuannuan was born in summer. The reason why she had wrapped herself up like that because she was very afraid of the cold. She also could not stand the cold at all then.

“It’s so cold...”

She hugged her body tightly, hoping that it would be a little warmer.

Zuo Weiyi turned her head and saw that Nuannuan was shivering. She said, “Nuannuan, you should go out first. It’s too cold here.”

“But Brother...” She turned her head and glanced at her brother who was still not awake. She was worried.

“He will wake up!” Zuo Weiyi was not only saying this sentence to Shi Nuannuan, but also to herself.

She believed that Shi Yuting would wake up because she had not told him that she had fallen in love with him.

Shi Nuannuan could not bear it. She had to leave. “Then, you must come out and tell me immediately if Brother wakes up!”

“Alright.” Zuo Weiyi nodded and smiled at her.

She glanced at her brother who was lying on the ice bed and left reluctantly.

Everyone who knew Shi Nuannuan knew that she was a person who was very afraid of the cold.

She would always wrap herself like a dumpling in winter or stay near anything warm for the whole day.

Only Zhong Shenghao and Zuo Weiyi were left in the ice cellar.

Shi Nuannuan and Xiangyi waited outside the ice cellar.

It was extremely cold inside and the outside was very hot!

Time passed slowly. Zuo Weiyi had been standing by the ice bed in the ice cellar persistently. After more than half an hour, she felt that she was starting to lose her consciousness as her eyelids were heavy.

Zhong Shenghao who had been busy with treating Shi Yuting looked up and realized that something was wrong with Zuo Weiyi.

“Wei Yi?”

Zuo Weiyi suddenly opened her eyes after hearing his soft call.

“Are you okay? Do you want to go out?”

“I’m fine. How is he?”

Zhong Shenghao was very worried looking at her pale face.

After all, she had just lost some amount of her blood. She should not stay in such a cold place.

He pursed his lips and lowered his head. He then took the thermometer.

Zhong Shenghao was happy when he saw the figures on it.

“The fever has gone down!”

He then turned his head and looked at the equipment. “The vital signs have gradually stabilized!”

Zuo Weiyi wept with joy as if she had heard the most beautiful words in this world after hearing Zhong Shenghao’s words. Tears flowed down her face.

She shed her tough front in the very next second. Her body went limp as she completely lost her consciousness.

“Weiyi!”

Zhong Shenghao was anxious. He immediately caught her in his arms.

Nuannuan who was waiting outside finally saw the door of the ice cellar being opened.

She then saw Zhong Shenghao holding Zuo Weiyi who was unconscious in his arms.

“Weiyi... What happened to her?”

“What do you think? Quickly carry her inside the house.” Zhong Shenghao left Zuo Weiyi to Xiangyi and Shi Nuannuan because he also needed to carry Shi Yuting from the ice cellar.

Now that the fever had gone down, he could not stay there anymore!

### **Chapter 165: He Might Become Mentally Disabled**

Inside the master bedroom, Tengtang Xi had been waiting by the bed wondering. ‘Grandfather and the others would be here soon.’

She had to stay here to prove that she was very concerned about Shi Yuting.

“Is he out of danger now?”

Tengtang Xi could not help but speak when she saw Zhong Shenghao.

Zhong Shenghao could only take a breath of relief now.

He glanced at Tengtang Xi. She had not done anything at all compared to Zuo Weiyi.

She was the daughter-in-law of the Shi family, but her love for Shi Yuting was not as deep as the illegitimate girl.

Zhong Shenghao suddenly wanted to mock Tengtang Xi.

He turned and stared at Shi Yuting who was lying on the bed. His face was dark.

“He’s fine now, but...” He purposely lengthened the word ‘but’ and frowned seriously.

Tengtang Xi became a little nervous looking at him like that. She stood up. “But what?!”

He turned his head and glanced at Tengtang Xi. “The fever had gone up to forty-two degrees. If Ting wakes up, maybe...”

“Maybe what?! You have to tell me quickly!”

The more he spoke like this, the more anxious she felt!

The man she—Tengtang Xi was married to must be flawless!

She felt that no man in this world was worthy of her apart from Shi Yuting!

Therefore, Shi Yuting must be safe and healthy!

Zhong Shenghao frowned a little facing her anxiousness.

Her anxiousness, was it because she truly cared about Ting’s life or... her own selfish desires?

Zhong Shenghao solemnly said after being silent for a while, “He might become mentally disabled.”

Tengtang Xi’s eyes widened as she looked at Zhong Shenghao in disbelief after hearing his words.

Mentally disabled?

Did he say that Shi Yuting would become mentally disabled?

How was that possible?

“You. Are you telling the truth?” She frowned and looked at him in disbelief.

If Shi Yuting became a fool, would she not be married to a fool?

Not only would he lose the position of the president, but her dream of being the first lady was also dashed! She could not let this happen!

“I’m not sure yet. I’m saying it based on my experience. As for what will happen, we’ll only know when Ting wakes up.”

Zhong Shenghao’s expression turned dark as he spoke.

Tengtang Xi was also worried looking at his gloomy face.

Shi Yuting must not wake up mentally disabled, absolutely not!

She clasped her hands tightly. Zhong Shenghao could see the worry in her eyes.

This Tengtang Xi was not worrying about Ting, but her future, right?

If Ting became mentally disabled, it meant that he will lose the presidency. And as a result, Tengtang Xi's planned future would be in ruins.

So, that was why she was so worried that Ting would become mentally disabled.

Tengtang Xi clenched her fists and stared straight at Shi Yuing who was still in a coma on the bed.

She took out her cell phone and searched for the relevant information regarding this condition online.

\*\*\*

At the same time in Shi Nuannuan's room.

Shi Nuannuan was also worried while looking at Zuo Weiyi who was unconscious.

Fortunately, she was just too weak and it would all be fine.

Zuo Weiyi only woke up after lunch.

She got up and went to the master bedroom when everyone was enjoying dinner downstairs.

Looking at Shi Yuting whose face was still pale on the bed, he seemed much better than before and his body was not hot anymore.

#### **Chapter 166: I Think I Have Fallen In Love With You**

She walked toward him and sat down at the edge of the bed.

"I knew it. You're the precious child of god, he won't take your life away that easily."

Staring at Shi Yuting, a smile gradually appeared on Zuo Weiyi's face.

This was the second time she had smiled after all these days. The first time was in the ice cellar when Zhong Chenghao said his fever was successfully brought down.

"Shi Yuting, there's something I've always want to say to you. I feel like if I didn't say it now, I won't have the chance to do so anymore." Her voice was light and airy, even fragile.

"I... think I've fallen in love with you. What should I do?"

Shi Yuting's eyes were still shut close, his face tranquil.

She knew that he could not hear anything she had said.

Maybe she only had the guts to confess her love in this situation.

Outside the window, the sounds of a few car engines approached the mansion. Zuo Weiyi lifted her gaze in confusion.

She stood up and walked toward the window. She looked down through the window and saw a few black sedans driving into Shi Residence.

What a powerful aura, who was it?

Zuo Weiyi frowned and stood in front of the window until the door of the second sedan was opened. She remembered something as soon as she saw an elderly man with grey hair stepped out.

She heard that Shi Yuting's grandfather was visiting.

Upon thinking about this, Zuo Weiyi's eyes widened, her whole heart was filled with unknown anxiety.

The living room downstairs.

Surrounded by bodyguards, Shi Le walked into the living room. He was accompanied by Tangteng Li, Shi Tiannan, and Shen Lanzhi along with a few people.

He had a strict appearance and a powerful aura. As he stepped foot into the living room, his sharp gaze greeted Xiang Yi who was walking toward him.

"Mister Speaker."

Xiang Yi bowed and addressed him respectfully at the sight of him.

"How is he?" Shi Le asked while walking toward the stairs, his footsteps were agile, a fearsome sternness appeared on his face.

"Stabilized." Following his footsteps, Xiang Yi answered and headed upstairs as well.

In the master bedroom, Zuo Weiyi was befuddled. She was still deciding what to do when the footsteps had arrived at the door.

She froze in her place, her mind was a mess.

After her conversation with Shen Lanzhi, she understood that no matter what, her relationship with Shi Yuting should not be exposed to his grandfather.

As she was fumbling around, the door was suddenly pushed open.

Xiang Yi did not know that Zuo Weiyi who was unconscious before would be in the master bedroom. He was shocked to see her upon opening the door.

However, it was too late. Shi Le had entered the room.

When he stepped foot into the room, he frowned at the presence of another woman in his precious grandson's room. His dark eyes were soul-piercing as if he was trying to figure Zuo Weiyi out.

"Who is this woman?"

His voice was low. Even if it sounded a bit dispirited, his tone was undefiable.

Shen Lanzhi frowned at the sight of her as well.

Why was she in Shi Yuting's room at this moment?

Did she turn a deaf ear to her words?

Or was she that desperate for Death to visit her?

Shi Nuannuan was stunned too.

When did Weiyi wake up? Why did she come to brother's room so suddenly?

"Grandpa, she's brother's personal..."

"Nuannuan!"

Shi Nuannuan had not finished her sentence when Tangteng Xi opened her mouth, her lips curling into a cunning smile, "Are you going to say that she's Ting's personal servant?"

Seeing that smile of hers, Shi Nuannuan clenched her fists. She felt like chopping her up!

Chapter 167: Shi Le's Cruelty!

Without waiting for Shi Nuannuan to open her mouth again, Tangteng Xi turned her head toward Shi Le and said, "Grandfather Shi, she's just a normal assistant that seduced Ting, and now she's disguised as a maid. But I figured it out, so I hope you'll do me justice and chase her out."

Her words stunned both Shi Nuannuan and Shen Lanzhi.

Especially Shen Lanzhi. She never thought that Tangteng Xi would say this in front of so many people. Aside from tarnishing the name of the Shi family, she also wanted Zuo Weiyi's death!

Upon hearing her words, Shi Le frowned harder as he looked sharply at Zuo Weiyi's face.

"Xi'er, stop being preposterous!" Tangteng Li scolded as he heard his granddaughter's disrespectful claims.

He knew about his granddaughter's bad temperament well enough. If anything did not go the way she liked, she could not tolerate it. Now that this situation was related to her happiness, she naturally wanted this woman to be gone.

However, the truth behind her words was yet to be revealed.

Shi Le threw a glance at Zuo Weiyi and his gaze landed upon Xiang Yi.

"Is that the truth?" His voice was low, no warmth could be detected in his expression.

Even if it was Xiang Yi, he feared for Shi Le too.

Confronting his questioning, Xiang Yi did not know what to answer.

Alas, to protect Zuo Weiyi, he chose to hide the truth. "I'm afraid I do not know about the Master's personal life that well."

He bowed his head. Before Shi Yuting woke up, he could not say anything in such a reckless manner.

Though his words sounded true, the punishment still came for him.

"You should know that your only responsibility is not protecting your master." Shi Le looked at Xiang Yi and said, his tone was cold.

Xiang Yi lifted his eyes and met Shi Le's sharp glare. He slowly nodded. "I am willing to receive my punishment."

“Drag him out! Twenty whips to his body!” Shi Le commanded mercilessly.

Zhong Chenghao could not help but speak up.

“Mister Speaker! Xiang Yi was badly injured, his body can’t withstand twenty whips!”

Hearing Zhong Chenghao’s pleading, Shi Le only smiled coldly. He huffed out a cruel chuckle. “Hah! If he can’t withstand twenty whips, then it’s his fault for being weak! He doesn’t deserve to stand beside Yuting.”

Zhong Chenghao clenched his fists and was about to defend him again, but was stopped by Xiang Yi.

Even though he was badly injured, twenty whips would not take away his life.

It was his carelessness that had caused Shi Yuting to be injured, his punishment could not be evaded anyway.

However, it was clear to Zhong Chenghao that this punishment was because he did not speak the truth to protect Zuo Weiyi.

He made the correct choice though. Before Ting woke up, it was the safest to say “unclear” about their relationship.

After glancing at Shi Le, Xiang Yi turned around and prepared for his punishment outside.

But before he headed outside, Shi Le suddenly called out.

“Wait.”

Xiang Yi turned his body, waiting for the rest of his sentence.

“Who did it? Did you find out?”

Xiang Yi’s gaze subconsciously drifted to Shi Tiannan who was standing behind Shi Le.

This ambush was definitely planned by Shi Tiannan, but he did not have evidence.

Xiang Yi lowered his head. “Not yet, but it’s probably terrorists.”

“Keep searching. Even if it risks your life you have to find out the culprit!”

“Roger.”

“Leave now.”

Xiang Yi bowed and turned around to leave the master bedroom.

Looking at him leaving, Zhong Chenghao grew concerned.

### **Chapter 168: Shi Nuannuan’s Panic**

Because of his duty, he had to stay here even if he was heavily injured. He did not have time to rest and recover, and now he had to receive his punishment. He would be more dead than alive after these twenty whips!

Shi Nuannuan, on the other hand, was filled with worry too, but for what reason, she did not know.

He was already heavily injured. To protect Shi Residence and her brother, he was determined to perform his duty and guard the post. Yet, Grandfather did not sympathize him. Instead, he wanted to punish him!

Upon thinking about this, Shi Nuannuan spoke up.

“Wait!” She stopped Xiang Yi who was about to leave and turned her head toward Shi Le. “Grandpa! Xiang Yi was injured because he was protecting Brother! Even if he was careless and Brother got injured, can’t you punish him after he has recovered?!”

“So what? When he stepped foot into our family, he had already used his life to sign a contract. Dead or alive, their only use is to block the bullets from reaching their master!”

“Granpa! If Xiang Yi died, who will protect Brother?!” Shi Nuannuan was extremely anxious, but she did not know where did her anxiety stem from.

However, Shi Le still looked cold and unbothered toward his granddaughter’s words. “I said what I said. If he died, that means he doesn’t deserve to stay at your brother’s side!”

“But...”

“Miss.”

She still wanted to defend Xiang Yi but was stopped by the man himself.

He looked at her and shook his head with a gentle smile, telling her not to say anything else.

Looking at his figure, Shi Nuannuan clenched her fists, her heart was never this uneasy before.

When his figure disappeared at the door, Shi Nuannuan turned her head in displeasure and glared at Shi Le. “Grandpa, if Xiang Yi dies, I won’t forgive you!”

Her sudden rage stunned Shi Le. He squinted. “What do you mean by that?”

Shi Nuannuan was also surprised by her own words.

What was happening to her?

How could she say these things?

“I...” She wanted to explain herself but she could not say anything.

Why did she turn against her grandfather for Xiang Yi?

“Anyway... I... I just don’t like the fact that you would punish someone who is injured!”

She said and turned her head away as if she was hiding the panic in her heart. She then walked passed Shi Le and Tangteng Li to pull away Zuo Weiyi, who was frozen in place.

No matter what, she should get rid of Weiyi first.

At this moment, her grandfather was worried about her brother, so he would not pay attention to Weiyi.

She was thinking of a plan to hide Weiyi in a secluded place.

Looking at the two figures that walked out, Shi Le's face darkened but he did not say anything. He only turned around and looked at the unconscious Shi Yuting.

Looking at her son on the bed, Shen Lanzhi could not control her tears anymore. The clear liquid dribbled down her cheeks.

He had never been injured this heavily before when he was growing up, so who was it who wanted him dead?!

"Yuting..." Shen Lanzhi stood by the bed and sobbed. Her chest felt hollowed out, the pain spreading through her whole body.

"Tiannan." Staring at his golden grandson, Shi Le was filled with distress.

However, he was bad at expressing his feelings. He kept everything in his heart and revealed nothing in his expression.

"Grandfather." Shi Tiannan stepped in front.

"I'll hand over this case to you. You have to find out who the culprit is!"

Upon hearing that, Shi Tiannan slightly lifted his gaze to Shi Le's heavy expression and nodded. "Yes."

### **Chapter 169: Did You Understand?!**

When he heard Shi Le's orders, Zhong Chenghao's gaze landed upon Shi Tiannan.

Even if he told this guy to find out who was it, the "culprit" would probably be his scapegoat.

The culprit behind this, was it not Shi Tiannan himself?

"When will he wake up?"

Zhong Chenghao stopped his train of thought as soon as he heard Shi Le's voice and looked up at him, "If everything is within expectations, he will wake up tonight."

"Any repercussions?"

He was most worried about this.

He would not allow any flaws to happen on his brilliant grandson.

Zhong Chenghao lowered his gaze, his expression heavy.

He was not teasing Shi Le, he just could not oversee his merciless attitude.

"Because of his high fever, he might become slow..."

Shi Le squinted his eyes.

“What do you mean slow?”

“That’s... His intelligence might decrease...” Zhong Chenghao purposely worded it this way. He was not wrong, this case does happen.

Well, but he already guessed that if Ting woke up he would still be fine.

“You’re sure?” Shi Le rose his voice, his rage was obvious in his tone.

How could the grandson of Shi Le become a dimwit!

“No, but we’ll know if he wakes up.”

Shi Le glanced at him but said nothing, only sighing heavily, “It’s none of your business anymore, you can leave.”

Zhong Chenghao obeyed, he could not wait to leave.

Ting’s condition was stabilized, so he did not want to stay here.

However, his words filled everyone’s heart with worry.

If Shi Yuting were to become mentally defective, how would things go?

“Everyone of you here, shut your mouth about anything regarding Ting’s injury. If any news were to be heard, prepare to be interrogated!”

Shi Le commanded, the grip on his staff tightened.

The Shi family always had one son. Even if he still had another brilliant grandson, Tiannan, he had no blood connection with the Shi family.

Because of this he only allowed Shen Lanzhi to be married into his family. After all, she did gave birth to a son and a daughter.

He was 80 something years old, which old person would not wish for descendants?

At the same time, in the living room.

Shi Nuannuan was pacing around anxiously.

That damned Tangteng Xi, her mouth was so evil!

Thinking back to Xiang Yi’s punishment, Shi Nuannuan had no doubts that her grandfather believed her words. After he checked up on brother, he would definitely come after Weiyi!

Zuo Weiyi sat in the sofa, confused at Shi Nuannuan’s repetitive action.

“Nuannuan, what happened?”

Shi Nuannuan stopped and looked at her with an upset expression.

She quickly walked towards her, her eyes filled with worry when she looked at Zuo Weiyi, “Weiyi, why don’t you run away?”

Zuo Weiyi was more confused after hearing her sudden suggestion, she frowned, "Run away? Why should I?"

She knew that Nuannuan was worried about something, but she did not know that "something" was her.

"Haih! My grandpa knows your existence now, and he definitely won't let you go that easily because Tangteng Xi twisted her vile words so badly!"

Upon hearing about that, Zuo Weiyi was stunned.

Was her grandfather really that cruel? He would kill her just because he knew about her relationship with Shi Yuting?

### **Chapter 170: She Just Wanted To Wait For Shi Yuting's Awakening**

But then again, Shi Yuting's mother did mention that before.

Because of Shi Yuting's identity, with his grandfather's power, he would definitely get rid of her like pulling out weeds when he knew that his grandson was with a woman with no status.

She thought back to his grandfather carrying out Xiang Yi's punishment despite his injuries, yet his cold expression was unmoving. It was indeed expectable of him to kill her.

"Weiyi! Please believe me. Just run, if you're gone, my grandfather will probably forget about you," To protect her, Shi Nuannuan was extremely distressed. She was even pulling her towards the gate entrance.

Yet Zuo Weiyi pulled her back.

"Nuannuan."

Shi Nuannuan turned her head, her expression riddled with anxiety.

"I don't want to leave like this, he hasn't wake up..."

"Weiyi!" Shi Nuannuan grew more anxious. She understood Shi Le's behaviour well. If he wanted one thing done, he would do it quick. If she did not leave at this moment, then it would be too late!

"Why do you want to wait for him to wake up?! You and him, it's impossible! Did you understand?!"

Zuo Weiyi was stunned. Shi Nuannuan's words indeed hit the bull's eye.

She and Shi Yuting were impossible, it was true.

But why was she so unwilling to leave?

All of her aims were achieved and she could leave, but...

She fell in love with this man.

As soon as Shi Nuannuan saw her stunned expression, she noticed that her words were too cruel.

However, if they waited any longer, her life would be gone! Was that really worth it for an unfruitful relationship?

Although she wished that the woman her brother would marry is Weiyi, she was clear that it is impossible.

After hearing about her mother's experience, she knew that her grandfather would never accept Weiyi, especially during this crucial period.

The marriage with Tangteng family was unavoidable, the only destiny Weiyi would face is to leave.

"I know," Zuo Weiyi lowered her head and forced a bitter smile.

"Weiyi... I, I don't mean it. You know that I want you to be with my brother more than anyone, but... If you continue to stay here, you'll lose your life!"

Tears rolled down Shi Nuannuan's cheeks out of distress, but most of the emotion in her tears were the unbearable pain from their separation.

"But I don't want to do this, I don't want to just leave... Even if I lose my life, I still want to wait for him to wake up."

She was thinking that if he woke up and she was nowhere to be found, would he search for her?

Would he?

Would he feel anxious if he did not see her?

"Weiyi..." Shi Nuannuan was baffled by her words.

Just to wait for her brother to wake up, she could throw away her life?

"Running away?"

At this instant, a sickeningly sweet voice butt in.

Both of them turned their head towards the voice and saw Tangteng Xi walking down the stairs with a high-and-mighty expression.

Looking at the two people, Tangteng Xi curled her lips into a mocking smile. She walked towards them with her hand crossed in front of her chest.

"Nuannuan, grandfather won't be happy if he knows that you're helping a stranger."

Looking at her smug grin, Shi Nuannuan could not help but returned a cold scoff, "Stranger? For me, you and grandpa are the strangers!"

"You!"

Upon hearing her retort, Tangteng Xi was so enraged that she could not reply anything else.

"Nuannuan! Stop being preposterous!"

A stern voice yelled from the top of the stairs.

She turned around and saw Shi Le walking down the stairs with other people, his expression was stone-cold and his gaze was filled with reprimand.
