

Kiss Me 1621

Chapter 1621: did the cry for help arrive?

Yin bei turned pale with fright, her eyes filled with terror!

“Shi Mo, save me!” She shouted at the phone in shock!

Being alone, how could she be a match for two grown men? The hand that was clutching the phone was quickly pried open, and in the next instant, the man’s finger had already reached for the red hang-up button..

“Charm of night... I’m in charm of Night!”

Beep!

In the next second, the call was cut off.

Yin bei was completely stunned. She quietly watched as the man snatched away the hung-up phone, and then fiercely threw it into a corner of the private room. In an instant, that pink phone was torn into pieces!

She did not know if her final voice had reached the other end of the call. As for Shi Mo, did he hear her cry for help?

Would he come to save her?

The faint hope caused Yin bei to sink into endless despair.

Just as she relaxed, her body was lifted into the air in the next moment, before she was thrown heavily into the sofa!

“AH.” The back of her head just happened to hit a corner of the coffee table beside the sofa, causing her to let out a low cry of pain!

Before she could reach out to touch it, her half-closed eyes saw the man who was walking towards her from above.

She was on her guard and instinctively wanted to sit up, but the man was one step faster and suppressed her!

Bastard! She didn’t want to be tainted by this group of disgusting trash! Whooo! Someone save her!

Yin bei raised her foot and wanted to kick the man who was kneeling beside her away, but her foot couldn’t reach the man’s position at all. She kept stomping in the air.

“Go away, bald donkey!”

“Call me bald donkey? In a moment, I’ll let you know the pleasure and excitement that a bald donkey brings to you!”

After the man finished speaking, he had already stretched out his hand!

RIP —

Yin bei heard the sound of her clothes being torn and her heart was filled with even more fear. Her entire body froze in an instant as her entire body trembled in fear!

No... Don't..

Tears could no longer be restrained as they flowed down from the corners of her eyes like a spring.

In order to meet Shi Mo, she had even deliberately dressed up tonight. She wore a winter dress, and this outfit was a fatal temptation to a man who was like a wolf or a tiger!

Damn it, why did she have to dress so nicely!

Yin bei was blaming herself in her heart, but at the same time, she was so terrified that she didn't know what to do. Tears kept flowing down her face.

"Look at this little buttocks, how alluring!"

As the man spoke, he couldn't help but slap her.

This was the first time Yin bei had experienced something like this. It was as if her entire body had sunk into endless darkness. Fear and terror tore her apart!

"Ah! ! !"

She screamed helplessly as if she had gone mad!

"You bunch of SCUM! Let Go, let go of me!" She wanted to pull her hand out, but she was clamped tightly by a man!

At this moment, the man who had been kicked by her seemed to have recovered. He stood up in a sorry state and looked at Yin bei who was completely restrained on the sofa!

"What a sissy, you actually dare to kick me!"

The man spat at the side and then walked towards the sofa!

"Catch her for me, see how Grandpa will deal with her today!"

As the man gave the order, the man who was kneeling beside her got down from her body as if he was giving way to the man who got up!

RIP —

There was the sound of clothes being torn again. Soon, Yin bei felt that her winter dress had been torn off, leaving only a black winter sock.

No... No..

"Let... Let Me Go!"

Chapter 1622: Let's see how you can hide!

Even though she had been swallowed by fear, she was still unwilling to beg for mercy from these scumbags!

“Let Go of You? We can only do that after we’ve had enough fun!”The man threw a vicious sentence at her, and the next moment, he reached out to tear off the black undershirt she was wearing.

“I will kill you all... I will definitely kill you all! !”

She screamed in terror, but she was powerless. Tears of despair kept rolling down her face!

“Kill us? With just you?”The man smiled, laughing at her overestimation of herself. “You still don’t know who we are, do you?”

“Bah!”

Unable to move his limbs, Yin bei simply spat on the man’s face! Anyway, that face was extremely disgusting to look at!

“B * Tch!”The man cursed. The next moment, he wanted to let her have a taste of his own power. With his face facing down, he wanted to kiss her pink lips!

Such a disgusting man still wanted to kiss her?

Yin bei instinctively turned her face away to avoid the man’s Kiss!

If she was kissed by such a man, she would definitely be so disgusted that she would vomit her last night’s meal!

Fortunately, her head could still move left and right, so she would not be kissed by this man.

However, as a single person, she was ultimately unable to outnumber them!

“Hold her down! Today, I must kiss this pink little mouth!”

Yin bei’s typical cherry little mouth was pink and tender. It was indeed full of temptation, let alone this group of middle-aged bald donkeys!

As soon as the man gave the order, the two men beside her immediately stretched out their hands, wanting to control her head.

Yin bei knew that things were not going well. If her head was controlled, then she would really be at the mercy of others!

Absolutely Not!

“What a bunch of sissies, let’s see how you can hide!”

Looking at the ferocious men in front of her, Yin bei was truly in despair..

No, no... She didn’t want to do this..

She was very clear that once she was tarnished by these three scums today, what awaited her would only be destruction.

At the thought of this, she suddenly felt an unknown strength. She suddenly raised her head and fiercely bit down on the man's ear!

Although the smell was extremely disgusting, she did not want to let go. Instead, she used even more strength!

"Ah! ! !"

The man let out a miserable cry when his ear was bitten. It was like killing a pig!

The smell of blood quickly seeped into his mouth, but Yin bei still did not want to let go!

She knew very well that once she let go, there would really be no room for self-help.

But..

It was so disgusting, she wanted to vomit!

Her stomach churned, and she vomited a few times in a row. In the end, she could not help but let go of the man's ear. She really could not stand it!

"Ah, my ear!"

After being bitten by her, the man felt that his left ear was about to fall off, and blood dripped onto Yin bei's chest.

Looking at the bloody ear, Yin bei was also scared silly. She looked at the man in front of her in horror!

"B * Tch! You're actually so ruthless!"

"Pa!"

As the other man spoke, a fierce slap landed on Yin bei's left cheek, instantly making her dizzy.

"Do you think you can save yourself like this? Watch how I deal with You!"

It was as if he wanted to take revenge for his companion, but it was also as if he wanted to punish Yin bei and make her pay a painful price for it!

In the next second, the man stretched out his hands and Tore Yin bei's collar in half!

At this moment, the door of the private room was knocked open with a Bang!

With a loud bang, the few men on the sofa turned their heads and saw a group of people rushing into the private room!

Chapter 1623: who are you people? !

The moment he entered the private room, he saw the scene on the sofa. Shi Mo's heart suddenly tightened, and immediately after, his heart was filled with anger!

"Bastard! Get lost!"

Yin bei was pressed under the man's body, so she could not see the door of the private room, nor did she know who had entered.

However, she prayed in her heart, praying that the person who entered at this moment, no matter who it was, please save her!

"Who are you people!?"

Seeing the group of people who suddenly rushed in, one of the men pointed at Shi Mo's nose and asked!

Shi Mo's dark eyes darkened. In the next instant, he had already walked towards the sofa. With every step he took, his eyes that were filled with a cold light seemed to be filled with danger!

"I'm asking you what you are—"seeing the man who was walking over step by step, the man who was pinching Yin bei's hands could not help but let go of her. Instead, he turned to Shi Mo who was walking over and said arrogantly!

However, before he could finish his words, his body was suddenly thrown violently towards a corner of the private room!

"Wu!"

The man who was thrown out let out a muffled groan. His body slammed into the wall and rolled onto the ground. In an instant, he felt as if all the bones in his body had been broken by the handsomeness. He was in so much pain that he was powerless to get up, and he wailed in pain!

As for the man who was still on top of Yin bei, when he saw that his companions were suffering one by one, he naturally became angry!

"What the hell are you—"

"Bang!"

Before he could finish his sentence, he was violently lifted up by that force before he was thrown out and smashed the glass coffee table at the side! The coffee table shattered into pieces, and the broken glass mercilessly pierced into the man's body, causing him to be unable to move. The moment he moved, the glass pierced even deeper!

After placing all three men on the sofa, Shi Mo walked to the front of the sofa and looked at Yin bei, who was covered in blood by the side of her mouth and chest. It was as if his heart had been violently pulled together by something.

"Yin bei."

His voice was soft and gentle, and it was filled with caution. It was as if he was afraid that if he were to speak a little louder, he would scare the people on the sofa!

Yin bei's entire body was trembling. She opened her phoenix-like eyes, which had been frightened for a long time, and stared blankly at the familiar face in front of her.

She was truly frightened. The moment she saw Shi Mo, she could not help but stand up and wrap her arms around his neck.

“Wu –”

She buried her face into his chest and sobbed uncontrollably out of fear. However, she could not stop her trembling body.

She thought that her life would end tonight.

Looking at the person who had thrown herself into his arms in a moment of forgetfulness, Shi Mo slowly raised his hand and gently caressed her shoulder. His voice was incomparably gentle as he said, “It’s alright.”

Yin bei closed her eyes. Two streams of tears rolled down, wetting his white shirt.

Even though she had been saved, she still had lingering fear in her heart!

“It’s okay.”

She did not speak or raise her head. Her slender fingers only gripped his shirt tightly. It was as if she would fall into endless fear once she let go!

Because her body was covered in blood and her cheeks were a little red and swollen, she could not determine where she was injured.

In the next instant, he stood up and carried her horizontally!

She continued to bury her face in his embrace. She had never experienced fear and terror before, and she did not know how long it would take for her to calm down. It was as if only by quietly hiding in his embrace could she feel a sense of security.

Just as he was about to carry her and leave the private room, Shi Mo suddenly stopped in his footsteps. From the corner of his eyes, he coldly glanced at the three men who were lying on the ground and wailing.

“Find out everything about these three men. Everything.”

Chapter 1624: what’s going on with the mouth?

Seeing the young master suddenly carrying a girl, and now he wanted to investigate the background of those three customers, and it was all of them, the assistant was stunned at first, then he nodded his head and accepted the order, not daring to easily guess the master’s thoughts.

“Yes, your subordinate will do it right away!”

Coldly sweeping a glance at the man who was wailing in pain in the private room, Shi Mo carried Yin bei and walked out of charm of night.

The Black Lincoln stopped outside the clubhouse, and Shi Mo carried her and directly sat inside.

“Go to the hospital,” his deep and warm voice sounded out.

After the driver heard the voice, he immediately started the car and intended to drive towards the hospital.

At this moment, Yin bei who was in his arms suddenly spoke out.

“No need.”

He lowered his head, and his eyes were burning. “You’re injured.”

“No, this... isn’t from my body.”

She knew that he had seen the blood on her body and thought that she was injured.

But when she thought of this, she suddenly realized that Shi Mo was actually concerned about her?

Was it her imagination? Or was it another one of her self-indulgence?

She raised her head and looked at the man’s unfathomable eyes. She wanted to detect something, but in the end, she could not see through it.

The space between his brows furrowed slightly. His gaze shifted from the blood on her chest to her mouth that was still covered in blood.

“What’s wrong with her mouth?”

Yin bei paused for a moment, as though she had not noticed that there was still a trace of fresh blood on the side of her mouth.

She lowered her eyes and raised her hand to touch it. It really did give off a wet feeling. When she looked at her hand again, her fair and slender fingertips were immediately stained with a trace of fresh blood.

At this moment, Yin bei finally felt the stench of blood and could not help but frown.

Shi Mo stared at the change in her expression as his brows furrowed slightly.

Looking at the look of disdain on her face, could it be that this blood was not hers as well?

“It’s not yours either?”

Yin bei nodded. “Yes, it’s that bald donkey’s.”

Shi Mo was stunned.

Bald donkey?

If not for the fact that she was in such a sorry state that made his heart ache, he would probably have laughed out loud when he heard the nicknames she had given those men.

“Are you still afraid?” He glanced at the person in his arms. His voice was still as deep and pleasant as ever.

He then reached out to take out his handkerchief and gently wiped the blood stains on her lips.

Yin bei looked up and was suddenly stunned. Only then did she notice that she was still hugging his neck tightly.

She instinctively wanted to bounce up, but Shi Mo, who had noticed her movements, hugged her even tighter.

His domineering voice rang out, "I'll send you back to the hotel."

She was stunned. She raised her pair of bright black eyes and stared at his exquisite jaw.

A moment later, Yin bei lowered her eyes and fell into deep thought.

Shi Mo seemed to be concerned about her. When did it start?

The bustling night reflected outside the car window. The Black Lincoln slowly arrived at the Z hotel.

The car stopped. Shi Mo lowered his head and realized that Yin Bei had fallen asleep.

"Young master –"

The driver turned around and wanted to say something, but Shi Mo raised his hand and silenced him.

It was the first time he saw young master with a girl, and the driver could not help but feel surprised.

Young master seemed to care about that girl.

Shi Mo retracted his gaze and lowered his eyebrows to look at the person in his arms. In the next second, he had already carried her out of the car.

He walked into the hotel building, entered the elevator, and arrived at the 12th floor.

It was already eight o'clock in the evening.

When he arrived at the door of the room, Shi Mo was stunned because he did not have a room card.

He lowered his head to look at the person in his arms. With a slight glance, he saw the attendant beside him holding Yin bei's small black backpack.

Chapter 1625: Why Did You Go There?

"See if there's a room card in there."

When the attendant heard this, he immediately lowered his head to check Yin bei's bag. Sure enough, he found the room card inside.

The door opened, and he carried her and walked straight in.

When he placed her on the bed, even though his movements were gentle, he still woke Yin bei up from her deep sleep.

She opened her eyes slightly, and Shi Mo's perfect silhouette appeared in her line of sight.

She turned her head and regained her senses. The familiar room made her realize that she had arrived at the hotel room at some point.

“Uh... I fell asleep.”

He stared at her and did not speak.

In an instant, the room was so quiet that not a single sound could be heard. Yin bei suddenly felt nervous and awkward. When she lowered her head, she caught a glimpse of the blood on her chest, and she found an excuse.

“I... I’m going to change my clothes!”

She stood up and ran into the bathroom like a gust of wind!

After closing the door, Yin bei exhaled loudly.

She liked Shi Mo after all. It was such a rare opportunity to get close to him. What was there to be nervous about!

Right, if she rushed in like this and left him alone outside, would he just leave?

Thinking of this, Yin bei suddenly turned around and opened the bathroom door with a Whoosh!

She looked up and saw that the man who was still standing there quietly was also looking at her.

“What’s Wrong?”

Seeing that she was staring at him closely, Shi Mo couldn’t help but ask.

Yin bei paused, pursed her slightly dry pink lips, and said embarrassedly, “Um, are you leaving?”

He was silent for two seconds, “What’s Wrong?”

She was also silent for a few seconds, and her eyes suddenly dodged, “Um, can you... wait for me to come out before you leave?”

He did not speak again. He just stared at her quietly.

After a long while, he acknowledged.

Yin bei pursed her lips in surprise and smiled. She turned around and returned to the bathroom. With a whoosh, she closed the door again!

A few minutes later, Yin bei came out. As expected, Shi Mo was still standing there, but he had moved his position. When he came out, he was by the window, staring at the night scene of City Z.

When he heard the sound of the door opening, Shi Mo turned his head and saw that Yin bei had already changed into another set of clothes.

He seemed to have only just noticed that she seemed to have deliberately dressed up earlier.

When he thought of this, he could not help but frown slightly.

“Why did you go there?”

Charm of night was a place that only some people in society would set foot in. Female University students like her rarely went there.

Yin bei was still immersed in his handsome face. She really could not understand how such a handsome man could exist in this world. She only regained her senses when his voice rang out, but she also heard what he said clearly.

“UH, there was a fellowship party before, but I seem to have been deceived.”

Shi Mo frowned and was a little stunned when he heard that.

Fellowship Party? Deceived?

Seeing that he did not make a sound, Yin bei opened her mouth again and continued, “It’s the address of our fellowship party. It doesn’t seem to be that charm of night, so I should have been deceived by ye Xiaomeng and the others.

Shi Mo finally understood.

Because of the sorority, she had dressed up so meticulously. Then, she was deceived by the female students to go to ‘Charm of Night’, and she was almost bullied by the three bald donkeys?

Ye Xiaomeng?

This name sounded a little familiar.

“Do you like to participate in those sorority gatherings?”

The sorority gatherings held by the school were nothing more than a gathering of men and women. If there were people who saw eye to eye with each other, it was very likely that they would try to get together or have a deeper conversation in private.

She’s going to one of those boring sororities?

Chapter 1626: have you eaten?

Upon hearing his question, Yin bei subconsciously replied, “No, I’m not. I’m only joining because of you –”

Just as she was about to say it, she suddenly paused.

The reason why she was joining such a boring social gathering was because she heard that he would be there as well. But could she say such a reason?

Looking at the man in front of her, Yin bei bit her lower lip lightly and did not continue speaking.

Shi Mo frowned, not knowing what she was going to say.

But the last word, ‘you’, was clearly heard by him.

“Because of me what?” He asked directly.

Her face turned red from being asked.

But looking at his handsome face, she still spoke frankly, "I heard that you would also be attending, so I went!"

Shi Mo's dark eyes narrowed slightly, his deep gaze glancing at her.

So the reason why she dressed up so meticulously was because of him?

However, who had told her that he would also attend such a boring gathering?

"Who did you hear it from?"

"What?"

"I will also go to the Fellowship Party."

"It's our student union president."

Shi Mo was silent and did not continue speaking. Yin bei also could not see through what he was thinking at this moment.

"Have you eaten?" He suddenly asked again.

Yin bei was stunned. After a long while, she shook her head and said, "No."

"Are you done?"

"..."

"Let's go."

After saying that, he had already turned around and walked towards the door of the room.

Yin bei was still stunned on the spot. She looked at his departing figure in confusion.

When he noticed that the person behind him did not follow him, Shi Mo who had walked to the door suddenly stopped and turned his head to look at her who had not moved for a long time.

Yin bei's expression was slightly stunned. "Where are you going?"

"To eat. Aren't you hungry?"

"..."to eat?

Was he going to have dinner with her?

"You and Me?"

"Who else would it be?"

"..."what a surprise.

Yin bei suddenly swallowed a mouthful of saliva. Eating with her Prince Charming was a scene that she had been dreaming of for a long time, but it had actually come true just like that?

The small joy in her heart caused the fear that she had experienced earlier to instantly vanish into thin air!

“Alright!”

She smiled, turned around, took her small backpack, and walked to the seat beside him.

Her deep gaze glanced at her, and Shi Mo turned around and took the lead to step out.

The instant he stepped out of the room, the corners of his mouth curled up slightly, making it difficult to notice.

They took the elevator and arrived at the first floor. Shi Mo had always been one step ahead of her, leading the way.

“Look, they’re out!”

Just as the two of them stepped out of the elevator, two figures not far away were hiding there. They randomly took out their phones and crazily took pictures of the two of them!

“Very good, we’ve Got a face this time!”

“Wow, this man... is so handsome...”looking at the man who walked out with Yin bei, one of the girls was a little surprised as she froze in the action of taking pictures.

She originally thought that Yin bei was staying with an old man, but she didn’t expect him to be such an outstanding and young handsome man.

Shi Mo was always one step ahead, and Yin bei followed behind him, raising her eyes to look at his tall and straight back.

She hadn’t noticed before that Shi Mo was actually wearing a suit today. He looked so spirited and handsome! This figure was simply God’s favored child!

However, it was just a social gathering. was there a need for him to wear a suit?

“That –”

Just as Yin bei was about to speak, she saw Shi Mo, who was walking in front, suddenly stop in his tracks.

It was too sudden. Yin bei, who was still moving forward, had forcefully bumped into his sturdy arm.

Chapter 1627: this man looked very familiar

“AH –”

She cried out in surprise and lowered her head to touch her nose that was hurting from the collision.

She did not expect that she would bump into him. Shi Mo was clearly a little surprised as he furrowed his brows slightly.

“Are You Alright?”

Yin bei thought that he was just casually asking, but in the next moment, she noticed his gentle movements. He held her face and carefully examined her nose.

An intimate action stunned Yin bei, and she was dumbstruck.

What was he doing?

“Does it still hurt?” His handsome face seemed expressionless, but his long and narrow eyes were filled with tenderness. Yin bei was completely stunned in an instant.

It was just a bump. After all, his arm was his arm, and it wasn't going to hit her nose directly. It didn't have to be like this, right?

However, the feeling of being cared for by him was so warm and sweet.

“I'm, I'm Fine!”

She raised her eyes and revealed a bright smile at him.

He pursed his thin lips and met her black eyes. Then, he turned around and suddenly held her hand, continuing to walk towards the hotel's entrance!

Yin bei was completely dumbfounded this time. Just like that, she allowed him to hold her hand and walk towards the hotel's entrance.

“Shi Mo...”

Wasn't his action a little too sudden? She was completely unprepared..

“Hey, don't you think that this man... looks familiar?”

Looking at the two figures walking out of the hotel, they got closer and closer. One of the girls also gradually saw Shi Mo's handsome face clearly.

It was just that today, he was dressed in a suit and leather shoes. He was not quite the same as when he was in school. He looked more like two people.

The two girls who took the photos were only ye Xiaomeng's friends. They were not in z university, nor did they know Shi mo. it was only because of ye Xiaomeng that they occasionally paid attention to him twice, but they only took a glance at him from afar.

Now that he was wearing a suit, it was even harder for people to recognize him.

“Yeah, but I can't remember where I've seen him before...”

“Do you think this man is Yin Bei's boyfriend? Look at them, they both look like a couple.”

“That might be the case. What if they're being kept? which man doesn't touch his little lover?”

“Uh, but this man...”

“Whatever, we can just send the photos to Xiaomeng!”

“That's true. Whatever it is, it has nothing to do with us!”

As girl A said that, she picked up her phone again and took another series of photos of the two of them who had already walked out of the hotel hand in hand!

However, just as she was staring at the camera lens on her phone, her eyes suddenly widened!

“What the...”

“What’s Wrong?” Hearing her companion’s surprised voice, Girl B could not help but turn her head and look at her.

“He’s actually driving a Lincoln. He’s so rich...” the girl forgot to take a photo. Instead, she put down her phone and looked at the two figures walking towards the luxury car. With an envious expression, she wished that the girl standing next to Shi Mo was her!

“It’s really true...” the other girl was also extremely envious.

If there was such a rich and handsome man, they would be willing to keep him even if it was for a mistress!

“Where did this Yin bei get such a rich and handsome man from?”

“Who knows, I’m so envious!”

“Oh my God, look, that man is such a gentleman, he actually opened the car door for Yin bei personally...”

“He must be his boyfriend, otherwise, how could he be such a gentleman!”

Looking at Shi Mo who opened the car door for her, Yin bei herself was stunned.

Chapter 1628: was just an act

At this moment, was the person standing in front of her really the usual cold and noble man?

It felt so surreal.

Looking at the seat in the back, Yin bei was silent for a few seconds, then she slowly walked over and sat in it.

Closing the car door, Shi Mo went to the other side and sat in the back seat under the driver’s open door.

As they watched the Black Lincoln gradually disappear into the endless stream of cars, the two girls were still so envious that they could not bear to leave.

In the back seat of the car, Yin bei thought that he would do other intimate actions after getting into the car. However, she discovered that after getting into the car, he had returned to his usual calm.

Turning his head slightly, she saw that he was looking straight ahead. That handsome side profile of his was so calm that there was not the slightest ripple.

“...” what was going on?

He was so passionate just a moment ago, but now he was like an ice mountain. Wasn't the speed of change a little too fast?

Yin bei narrowed her eyes and looked at him.

He suddenly turned his head and gave her a fright.

"You're being targeted."

"..."Yin bei was stunned. She didn't understand.

The two of them stared at each other.

After a long time, Yin bei finally realized!

What! ? She was being targeted! ?

"What do you mean? I, I was being targeted?"

He looked at her and didn't say a word.

Her ability to realize things late was too strong.

"Didn't you notice anything at the hotel entrance just now?"

Uh, how could she have noticed anything? She was completely stunned by his abnormal behavior.

One had to know that he usually did not even bother to look at her. If he suddenly pulled her hand, it would be strange if she was not shocked. How would she have time to observe the people around her.

That was not right.

Did he say just now?

Then his behavior just now..

She raised her eyes and glanced at his dark eyes. She asked carefully, "Then you suddenly held my hand just now..."

"Acting."After saying that, he turned his gaze away and did not look at her again.

Yin bei was stunned as she looked at the side of his face.

What was he doing? Why did he suddenly become so cold!

However, when she remembered that it was just acting just now, Yin bei could not help but feel disappointed.

No, she was being stared at. Why did he have to act and hold her hand?

What did the person who was staring at her have to do with him?

But then again, who was watching her? And what was his purpose?

Raising her eyebrows, Yin bei thought for a long time before finally thinking of someone. Other than ye Xiaomeng, no one else would be watching her. It was at the entrance of the hotel again. Could it be..

Because he saw her entering the hotel with a man last night, so he came to follow her and film her today? Then didn't he get his face photographed just now?

"Then didn't you... get photographed just now?"

"Yes."

"..." "Yes?" he was actually so calm. Could it be that he wasn't afraid of those rumors?

But as a man, he didn't seem to have anything to be afraid of, right?

But compared to this, what she was more concerned about was why he had to cooperate with her in acting?

Just as she was about to speak, the car suddenly stopped. In the next second, he opened the car door and got out of the car.

Yin bei only opened the car door a few seconds later. Her gaze followed his figure and discovered that he had already walked towards a restaurant.

The difference between the cold and hot before and after was really like a completely different person.

As expected, acting was just acting. Reality was still out of reach.

Walking into the restaurant, Shi Mo, who had always kept a low profile, did not choose a private room. Instead, he was led by a waiter and sat down at a seat by the window.

During the meal, looking at the delicious steak in front of her, Yin bei really wanted to cut it into large pieces and then eat it in big mouthfuls. She felt that only by eating meat in big mouthfuls would it be considered cool and delicious!

Chapter 1629: full?

However, when she saw Shi Mo eating leisurely, she naturally had to act reserved and elegant. She cut the steak into small pieces and placed them into her mouth to chew slowly.

"Do you usually eat like this?" Across from her, Shi Mo suddenly asked.

Yin bei was eating. When she heard his words, she couldn't help but raise her head and be stunned for a moment.

Of course, she didn't usually eat like this. Instead, she ate in large mouthfuls!

However, in front of her Prince Charming, she had to pretend and leave a good impression!

"Of course."

Shi Mo glanced at her and didn't say anything else. Instead, he lowered his head and continued eating leisurely. Yin Bei didn't notice the faint smile on his lips when he lowered his head.

She didn't know if it was due to her guilty conscience, but Yin bei felt a little uncomfortable during the following dinner. From time to time, she would raise her head and peek at the man opposite her.

Seriously, why did he have to ask her if she usually ate like this? It was as if he knew that she usually didn't eat elegantly.

"I'm full."

Looking at the remaining one-third of the steak on the plate, Yin bei really wanted to eat until there was nothing left. However, when she thought about how she was pretending to be a lady, she resisted it and put down her knife and fork. She looked at Shi Mo and said, "I'm full." The corners of her lips curled up into a faint smile.

Shi Mo had just finished his meal. He raised his gaze slightly and saw that there was still some left on the plate in front of her. The corners of his lips curled up into a faint smile once again.

Was it her imagination?

She seemed to have seen him smiling? What was he smiling about?

Yin Bei's eyes darted around a few times. She wasn't sure if it was her imagination or if he had indeed smiled slightly just now.

"You're not eating anymore?" He asked softly as he looked at her.

Yin bei felt somewhat guilty for some reason.

What was she doing? She had already said that she was full, yet he still asked her if she wasn't eating anymore? Wasn't that nonsense!

"Yes."

"Full?"

"..."looking at him, Yin bei had an inexplicable and guilty look on her face.

What was she doing, asking if she was full?

Strange, could it be that all her thoughts were written on her face? Otherwise, how would he know that she was not full?

Thinking of this, Yin bei could not help but reach out and touch her face. It should not be full.

"Let's Go!"

After paying the bill, he stood up straight.

Yin bei came back to her senses and quickly followed his footsteps.

Just as she walked out of the restaurant, she saw the driver open the car door for him. Then, he came to the other side, opened the back seat door, and looked at her.

Yin bei was stunned. was he going to send her back?

“Not getting in the car?”

While she was still in a daze, Yin bei heard a low voice coming from the back seat.

Looking Up, she saw Shi Mo’s long and narrow eyes staring at her.

After being stunned for a moment, she reflexively rushed into the car!

“You’re going to send me back?”

“Or else?”

Uh, she seemed to have asked some nonsense!

As the Black Lincoln drove slowly through the night, looking at the city lights outside the car window that seemed to have been lit up by the passing of time, Yin bei suddenly turned her head and stared at his side profile that seemed to be carved out of jade.

“What do you want to say?”

He suddenly turned his head as if he knew that she had something to say.

Faced with his sudden turn of head, Yin bei was stunned and caught off guard.

How did he know that she had something to say?

“You’re so handsome.”

Shi Mo:” ...”

“And?”

Yin bei glanced at him. “Why are you wearing a suit today?”

He glanced at her and pursed his thin lips. It took him quite a while to open his mouth.

“Because I need it.”

”...”need?

“It’s just a social gathering. What do you need or not need...”

Chapter 1630: was actually his father?

“It’s just a sorority, what’s there to need or not need...”she muttered. She was still a little displeased when she thought about how he deliberately dressed so handsome in order to go to the sorority.

“Who said I went to the sorority?”He asked back as he glanced at her slightly pouted pink lips.

Yin bei was stunned and turned her head to look at him.

Could it be that he didn’t go to the social gathering? Then why was he there?

It couldn’t be that he received her request for help and specifically ran to charm of night, right?

According to the time, it couldn't have been that fast, unless he was at charm of Night!

"You didn't go?"

"No."

"Then why were you there?"

"Didn't you call me?"

Yin Bei: "..."

She had called him, but it couldn't have been that fast.

It had only been three minutes since she had called him, right?

Even if he had been nearby at the time, it couldn't have been that fast.

"Could it have been too fast?"

He glanced at her and slightly turned his face away. "I happened to be there to handle some matters."

"At charm of Night?"

"Yes."

Staring at the side of his face, Yin bei lowered her gaze and could not help but fall into deep thought.

That place was said to be a place where people from the society were involved. What was a university student like him handling there? And he was dressed so handsomely! Could it be that he was going to... Go Whoring?

Bah Bah Bah Bah! How was that possible!

"If you go there, what matters can you handle?"

Even though she felt that she was asking too many questions, she could not stop her curiosity towards him and could not help but ask him to the end.

Shi Mo turned his gaze and glanced at her, his gaze was rather cold.

That gaze seemed as if he was really talking about Yin bei. Aren't you asking too many questions.

Yin bei paused for a moment and looked ahead guiltily.

He also turned his face and looked straight ahead. However, he could not help but answer her question.

"Charm of Night is my father's."

"..."

Damn, that was the biggest and most luxurious entertainment club in Z city. The boss was actually his father?

Thinking of this, Yin bei could not help but swallow a mouthful of saliva!

However, she already knew about his family background, so there did not seem to be anything surprising about it!

Yin bei did not speak again. Instead, she lowered her eyes and looked as if she was deep in thought.

Shi Mo turned his head at this moment and glanced at the side of her fair and clean face.

“You know my number.”

Yin bei felt as if she had been electrocuted when she was suddenly asked this question. She froze.

She turned her head slowly like a machine and glanced at Shi Mo. then, she retracted her gaze, feeling somewhat guilty and flustered.

“No, I don’t know...”

“Is that so? Then how did you call me?”

“Uh... I dialed randomly...”she sat upright, feeling so guilty that she did not dare to look at him.

However, he looked at her. “Dialed randomly?”

“Yes...”

He turned his gaze to look out of the window, and the corners of his lips curled up into an uncontrollable smile.

The Black Lincoln slowly arrived at the Z hotel. Shi Mo got out of the car and once again sent her to the entrance of the hotel room.

“Good night.”

Without waiting for her to enter the room, he directly said two words, then turned around and left, walking towards the elevator.

Watching him from afar until his figure disappeared, Yin bei then turned around, took out her room card, opened the door and entered the room.

Just as she entered, she received a wechat message from Mu Dan, saying that she would be back in a while.

After taking a shower, Yin bei lay on the bed. It was close to 10 o’clock when Mu Dan returned to the hotel room to accompany her after her date.

Weekend.

Last night, Yin Bei and Mu Dan chose a few houses together. After breakfast, Yin bei and her good friend took the bus to see the houses.
