

Kiss Me 211

Chapter 211: Shi Nuannuan's Thoughts

Miss Zuo would be safe as long as Hei Long could not enter this gate!

There was still no victory or defeat half an hour later.

“Black Butler, you better not waste your time. I’m afraid it is not that easy for you to take people away from me—Xiangyi.”

In the end, the fight lasted for forty minutes. Hei Long knew well that it was indeed difficult to tell who had the victory or defeat between him and Xiangyi.

He would have to inform the Speaker about this matter and let him issue an order to Xiangyi.

“You better watch out for yourself.”

Hei Long glanced at him. He then left Shi Mansion with his people.

Shi Nuannuan only turned and rushed to Xiangyi after the group of people had disappeared.

“Are you okay?”

Although Xiangyi had already wiped the corners of his mouth with his fingers, the bright red traces were still clearly visible.

Somehow, Shi Nuannuan felt distressed.

Xiangyi was slightly startled and surprised by her concern.

He glanced at Shi Nuannuan. He was indifferent. “I’m fine, thank you, Young Lady.”

At this time, Zuo Weiyi who was in the house had also come out.

“What happened? Who were those people just now?”

The two turned their head and looked at Zuo Weiyi.

Shi Nuannuan said, “They must have been sent by Grandfather to take you away.”

Shi Nuannuan did not forget about Grandfather’s threat to Weiyi last time.

If Zuo Weiyi was taken away this time, she would probably die.

Zuo Weiyi was shocked after listening to Nuannuan’s words.

So, Shi Yuting’s grandfather could not wait for her to die.

Of course, a person would be scared while facing death.

But, when she thought of Shi Yuting’s words. ‘Are you scared?’

She was inexplicably relieved.

Shi Yuting had even allowed Xiangyi who had always been following him closely to stay with her in Shi Mansion. It must be because he wanted so desperately to protect her. Zuo Weiyi felt warmed while thinking about this.

From now onward, unless Shi Yuting asked her to leave, she would never leave again.

Even if she was facing Shi Le's death threat!

In the office on the top floor of Di Zun, a mobile phone rang.

It was Xiangyi who had called. He reported everything that had happened in the morning to Shi Yuting.

Zuo Weiyi went upstairs and took a nap in the afternoon.

She saw Shi Nuannuan sitting on the sofa with a pensive expression when she went downstairs at three o'clock.

Zuo Weiyi then came over.

She called Shi Nuannuan but did not get any response.

So, she called out again, "Nuannuan?"

Shi Nuannuan finally recovered from her thoughts and stared at Zuo Weiyi blankly.

"Yes?"

"What are you thinking?"

Shi Nuannuan's eyes suddenly shifted away.

"It's nothing. Are you awake?"

Zuo Weiyi nodded.

Shi Nuannuan pursed her lips while looking at Zuo Weiyi who was in front of her. She asked, "Weiyi, have you ever felt that your heart is pounding wildly?"

Zuo Weiyi was taken aback by Nuannuan's question.

She did always feel that every time Shi Yuting approached her.

Zuo Weiyi could not help blushing while thinking of this, but soon, she calmed down again.

"Why are you asking about this?"

"Nothing, I'm just curious. Haha!"

She smirked as she was afraid of being found out. She then stood up. "Do you want to eat some fruits? I'll cut some for you!"

Shi Nuannuan quickly walked toward the kitchen after talking as if she was trying to escape something. Zuo Weiyi was even more puzzled then.

Chapter 212: The Man Who Suddenly Came Back

Shi Nuannuan usually asked the maids to prepare the fruits. When had she done it herself before?

Zuo Weiyi looked at Nuannuan's back suspiciously. She felt skeptical.

Shi Yuting did not come back during dinner.

Zuo Weiyi went to the second floor after having dinner.

She lay down on the soft and comfortable bed, and was in deep thought.

She looked at the ring on her finger and touched it gently.

She then glanced at the crystal clock on the wall. It was already nine o'clock, but Shi Yuting had not returned.

She got up and went to the bathroom.

Zuo Weiyi was thinking about the ring while walking into the bathtub. Hence, she did not notice that the towel that was originally placed on the shelf was gone.

After soaking in the bathtub for ten minutes, she got up and walked to the shower to rinse her body.

A fragrant scent instantly diffused throughout the bathroom.

She then turned around and raised her hand to get the towel on the shelf, but found out that it was empty...

She paused, her hand frozen in mid-air.

'Where is the towel?'

Zuo Weiyi frowned. She then remembered that Xiao Cui had brought all the towels down to wash them in the morning. Did she forget to put them back?

Zuo Weiyi was helpless thinking of this.

She turned her head and looked at the door.

Fortunately, Shi Yuting was not here. Otherwise, she would be embarrassed if she went out like this.

Zuo Weiyi walked cautiously to the door and opened it a little bit. She then poked half of her head out and looked into the bedroom.

She only walked out of the bathroom comfortably after making sure that Shi Yuting had not come back. She wanted to lay down on the bed after putting on her pajamas.

Squeak...

Just as Zuo Weiyi was walking to the closet naked, the door was suddenly opened.

She was shocked. She immediately turned her head and stared at the door with her eyes widened!

Shi Yuting walked into the bedroom. He saw Zuo Weiyi's naked body when he looked up.

He was stunned and surprised.

Shi Yuting suddenly felt that his throat was dry after looking at her fair and silky body, he could not help gulping.

Zuo Weiyi recovered from her astonishment. Her entire face was blushing red.

She frowned hard and was embarrassed!

Although she had slept with him many times, she still felt embarrassed when she stood in front of him naked. She wanted to find a hole to bury herself in!

Zuo Weiyi quickly rushed to the side of the bed and hid in the quilt, wrapping herself in it like a caterpillar!

Shi Yuting who was at the door recovered from his surprise as he saw the woman hiding in the bed hurriedly. He then grinned and revealed a meaningful smile on his face.

He then closed the door and stood there with folded arms. He stared at the woman in the bed quietly.

The air conditioner was not turned on in the room since it was the autumn season. As time passed, Zuo Weiyi who was hiding in the quilt started to feel hot.

She listened to the movement in the room quietly.

She then quietly pulled the quilt away and poked her head out of the quilt a little after she could not hear any sound.

Her eyes met a pair of deep eyes as soon as she came out. She was shocked and was about to get back into the quilt again, but was stopped by Shi Yuting!

He turned her over and easily went on top of her.

"Shi Yuting!"

She struggled because she really felt embarrassed.

Shi Yuting was happy looking at her face, which was as red as an apple!

He smiled and stared at the person under him. He then asked, "Did you purposely take a shower and wait for me to come back?"

Chapter 213: Explain it Clearly and I'll Let You Go

Zuo Weiyi paused. She immediately knew what he was implying.

"No!" She said shyly and was trying to break free from him!

However, Shi Yuting did not give her this opportunity at all. He was holding her delicate wrists tightly.

“Then what? I’ll let you go if you explain it clearly to me.” He smiled evilly. His sexy voice had become a little hoarse.

He had never been so fascinated by a woman before.

He heard that she had donated blood to him and stayed in the ice cellar for a night. Her health must have deteriorated because of that. Thus, he had not touched her in the past two days. Instead, he had gone to the study room to deal with some documents. He only went back to the bedroom after she fell asleep.

He found out that her complexion had become better after resting and recuperating for two days, so...

He could not wait anymore!

He was too close to her. Zuo Weiyi felt helpless and was blushing. “I... I just took a shower and forgot to take a towel. Shi Yuting, let go of me...

She struggled because she felt that something was not right with her body.

She could feel the man’s unique breath. She could hear his heartbeat.

She had not been in this situation for a long time.

“Why is your face so red?”

He deliberately changed the topic and teased her.

“I am not blushing!” She refused to admit it!

“Are you feeling better now?”

Zuo Weiyi was stunned by his sudden words.

“Huh?”

“Is it okay for us to make love?” He asked without blushing.

Zuo Weiyi’s eyes widened. This man was too straightforward!

She frowned and her face seemed to look like a red apple.

“Shi Yuting, let me go...”

She really could not stand his blatant words and teasing.

Shi Yuting smiled after seeing her shy face. “You did not directly say no this time. Is it possible that...”

He moved closer to her ear and continued with his husky voice, “You miss it too?”

He held her hand and brought it under his abdomen. Zuo Weiyi could feel him breathing in her ears, making her feel even more sensitive!

Her heart was thumping wildly, like a bumpy deer!

The next second, she felt that her hand was touching a ‘hard’ object!

Of course, Zuo Weiyi naturally knew what it was after so many times and her face grew even redder.

“Shi... umm...”

Her lips were immediately sealed before she could finish her words!

He cleverly used his tongue to plunder every place in her mouth presumptuously.

The kiss that had long been awaited ignited Shi Yuting’s long-hidden inner desire in an instant!

He could not wait to undress her and touch her smooth skin. He wanted to make up for those nights that they had missed out!

Zuo Weiyi could only relax when it was already late!

She lay exhausted in his arms and gradually fell asleep...

The next morning.

Zuo Weiyi opened her eyes after the sun was already up.

It was already ten o’clock in the morning!

She suddenly sat up and felt sore all over when she moved.

She had slept with him after so many times. But, why did she still feel like it was the first time and her bones were falling apart?!

She raised her hand and massaged her sore body. She then got out of bed.

She went to the empty living room downstairs after washing up. There was no one else except for the maids.

Zuo Weiyi frowned. Shi Yuting must have gone to Di Zun. But why was Nuannuan not here?

Chapter 214:

Are You Feeling Unwell?

She walked to the living room. Just as she wanted to ask Xiao Cui, she heard Nuannuan’s voice from the courtyard.

She turned and walked toward the door. She then saw Nuannuan holding a booklet and a pen and was asking Xiangyi about something as soon as she approached them.

“Well, are you twenty-five years old this year?”

Xiangyi was a little surprised looking at Nuannuan who had suddenly rushed up to him.

However, there was still no expression on that cold and unruly face.

“Yes.”

Shi Nuannuan jotted down some notes every time he answered.

“Capricorn?”

“Yes.”

“Do you have a girlfriend?”

Xiangyi was stunned. He raised his head and looked at Shi Nuannuan.

“No.”

Shi Nuannuan was happy to hear his words.

“Then, what kind of girl do you like?” She asked again.

This time, Xiangyi’s eyes turned dark.

He glanced at Shi Nuannuan. He then replied coldly, “Young Lady, I’m here to work for Mr. Shi, not talk about my private life.”

Shi Nuannuan pouted unsatisfactorily listening to his answer. “I know that we should separate our work with our private matters. Nonetheless, you will still have to fall in love, get married, and have children!”

Xiangyi glanced at her. “Young Lady, if you have nothing else to say, you should get back in.”

Xiangyi seemed to have deliberately avoided her questions.

Shi Nuannuan paused. Then, Zuo Weiyi’s voice came from behind just as she was about to speak.

“Nuannuan, what are you doing?”

She turned her head and ran toward Zuo Weiyi!

“Weiyi, you finally wake up. How are you now? Are you feeling better?”

Shi Nuannuan looked at Zuo Weiyi nervously. Shi Nuannuan then looked her over carefully.

Zuo Weiyi was a little dazed hearing her words of concern.

“My health?”

“Yes!” Shi Nuannuan nodded. “When my brother left in the morning, he said that you were unwell. He even asked me to not disturb you and let you rest more!”

Zuo Weiyi was instantly blushing as Shi Nuannuan was speaking seriously.

She slightly bowed her head. Her face was red and hot when she thought of Shi Yuting’s behavior last night!

Shi Nuannuan was nervous looking at Zuo Weiyi’s red face. “What’s wrong? Are you uncomfortable?”

It turned out that what her brother had said was true. It seemed that she had to call Zhong Shenghao and asked him to come over.

Zuo Weiyi raised her head. Just as she wanted to explain, Shi Nuannuan was already rushing toward the door.

“I’ll call Zhong Shenghao to come over!”

Zuo Weiyi could not help but be surprised and quickly stepped forward to grab Shi Nuannuan’s hand as she was about to enter the house.

“Nuannuan! I’m not sick. Don’t call Zhong Shenghao over!”

Shi Nuannuan turned and frowned. “Then, why is your face so red?”

She glanced at Zuo Weiyi seriously, but that was a tough question for Zuo Weiyi to answer.

She hesitated, not knowing how to explain her blushing.

At this moment, a car horn suddenly sounded outside the iron gate.

The two heard the sound and turned their gaze toward the gate. A black car drove in slowly as the iron gate opened.

Shi Nuannuan then realized that it was her grandfather’s Rolls-Royce!

Could it be her grandfather?

Why did he come to Country Z so suddenly?

The door of the black Rolls-Royce was opened before Shi Nuannuan could think more about it. Shi Le then walked over with a cane, as magnificent as ever.

Xiangyi was shocked seeing Shi Le suddenly appearing in Country Z.

He wanted to call Shi Yuting but was immediately noticed by Shi Le.

Chapter 215: Weiyi is Being Taken Away

“Bring me his cell phone!”

Shi Le did not stop when he said this. He just kept walking in the direction of where Shi Nuannuan and Zuo Weiyi were standing.

Shi Nuannuan had not recovered from the shock while looking at her cold-faced grandfather. She then said unexpectedly when he arrived in front of them. “Grandfather, why are you here?”

Shi Le ignored her granddaughter—Shi Nuannuan. He was just staring at Zuo Weiyi sharply.

“Take her away.”

Shi Nuannuan and Xiangyi were both shocked when Shi Le said this.

Xiangyi walked over and blocked their way coldly when the two men in black grabbed Zuo Weiyi’s arm.

Shi Le lifted his head and glanced at Xiangyi. His voice was as cold as ice.

“What now? You too want to compete with me?”

Xiangyi pursed his lips. "Speaker, I'm just following the order."

Shi Le grinned and said coldly, "Whose order?"

"Mr. Shi."

"Just go and tell him that I took her away!" He sneered.

Shi Le turned around after he was finished speaking.

"Grandfather, you can't take Weiyi away!"

"Nuannuan! Do you know that this woman will ruin your brother's life?!"

Shi Nuannuan wanted to chase after her but was being scolded by Shi Le.

Shi Nuannuan was stunned. She then frowned hard.

"No. Weiyi likes Brother so much. How would she ruin Brother..."

"Then, do you think I will harm your brother?! He is the only descendant of my family. I must not let this woman ruin him!"

Shi Nuannuan was startled again facing Grandfather's words.

Of course, her grandfather would not harm her brother. However, he did not know that all her brother wanted was Zuo Weiyi!

Was it because of her low status and identity?

Shi Le's face was dark after he finished speaking. He then turned and walked toward the black Rolls-Royce.

The reason why he left so urgently was because he was afraid that his grandson would come back and save this woman even if it meant disobeying him!

Xiangyi clenched his fists while watching Zuo Weiyi being taken away. He quickly stepped forward and wanted to stop them. Suddenly, a cold muzzle was being pointed at his temple when he was about to stop them.

Xiangyi's subordinates were not soft either. They all took out their guns and aimed them at the back of Hei Long's head when they saw a gun pointed at their boss.

However, the older, the wiser. The experience was very important.

Shi Le seemed to be prepared for all of this.

The two groups of people were in a tense situation. Suddenly, a few black cars stopped behind the Rolls-Royce. A dozen armed men came down and aimed their submachine guns at them. They were ready to shoot Xiangyi and the others!

Shi Le never thought that he had to use so much manpower just to take away a woman without any reputation.

He had underestimated the weight that this woman had in his grandson's heart!

Xiangyi could only surrender facing Shi Le's forces. It was also because he was being too careless while answering Young Lady's questions that he did not notice the Speaker who had suddenly arrived.

Xiangyi and Shi Nuannuan could only watch Zuo Weiyi being brought into one of the black Benzes!

Immediately afterward, Hei Long and others put away their guns and walked toward the black car.

Just as Hei Long turned around, Xiangyi flicked his finger and stuck a transparent tracker to the rear of the black Mercedes that Zuo Weiyi was riding in.

Xiangyi only picked up his phone after watching the black cars driving out of Shi Mansion. He then quickly dialed Shi Yuting's number!

Chapter 216: What Should I Do to Let You Leave?

Zuo Weiyi was as calm as ever as she watched the black cars move further away from City Z.

What kind of threats would Shi Yuting's grandfather make to her this time?

Would he kill her directly? Or would he force her to leave Shi Yuting again?

No, she had almost forgotten. This time, she had no choice.

"It seems that you did not take my words seriously."

Just as Zuo Weiyi was deep in thought, a deep voice suddenly spoke.

She raised her head when she heard the voice. She then saw a man in a black suit put a tablet in front of her. It displayed Shi Le's somber and serious face on the screen.

"Let's talk about it. What on earth should I do to make you leave Yu Ting?"

Zuo Weiyi remained calm facing Shi Le's words.

She then smiled and sneered. "Will you give me whatever I want?"

Shi Le slightly frowned hearing her words.

"This is your last chance if you don't want to live the rest of your life like hell."

Zuo Weiyi sneered.

People from a wealthy family like them always thought that they were the king and could always dominate everything.

And civilians like her were like ants in their eyes.

"I'm afraid you can't give me what I want. If that's the case, why should we waste time?"

Shi Le was slightly surprised by Zuo Weiyi's courage.

Did she not fear death?

“You have chosen it yourself, so don’t blame me.”

Shi Le wanted to end the video call after he finished speaking.

However, Zuo Weiyi was laughing sarcastically.

“I chose this? Old Mr. Shi, isn’t our life like ants in your eyes?”

“That’s what you have asked for. I have already said that I can give you anything you want—money, house, reputation as long as you are willing to leave Yu Ting.”

“It’s really a good deal...” Zuo Weiyi chuckled and looked at Shi Le on the screen. “But, Shi Yuting can give me all these too.”

Shi Le’s face turned dark after hearing this. His face became colder.

“So. you are refusing to leave?”

Zuo Weiyi remained silent.

She had nothing else to live for in this world.

However, she was full of hope for life since she had fallen in love with that man. But, death would not be so terrible an idea to her if she was to live her life without him.

Shi Le’s face was cold. He looked up and stared at Zuo Weiyi on the screen.

“Send her to Country F!”

Country F was a country that was well known for illegal ***. People who had gone there lived hell on earth!

The computer screen immediately turned black after Shi Le had finished his last sentence. Zuo Weiyi then saw the Rolls-Royce in front leaving.

At this moment, there was a sudden rush of engine noise from outside the car. The driver must have stepped on the accelerator hard!

Inside the blue Ferrari, Shi Yuting had finally arrived following the tracking indicator that was sent to him by Xiangyi!

Everyone in the black car had no time to react. They only saw a sports car passing them at a thunderous speed as if a phoenix was drifting past them.

Then, the blue Ferrari immediately stopped in front of the black car!

The driver was so scared that he slammed on the brakes and stopped the car, leaving only a few centimeters from hitting the blue Ferrari!

Not far away, Shi Le seemed to be aware of the commotion behind him. Hence, he could not help stopping and turning to see what had happened. He then saw the blue Ferrari blocking the black car.

Chapter 217: For This Illegitimate Daughter

Zuo Weiyi was still in shock after witnessing what had happened. She saw the Ferrari's window slowly rolling down as soon as she looked up.

Then, she saw Shi Yuting's extremely cold face. His gaze was intimidating and made people feel as if they were in a cold pond!

Zuo Weiyi smiled a little after seeing that handsome face.

She knew that he would come.

Hei Long tensed up when he saw Shi Yuting. He then opened the door and got off the car. He was about to block Shi Yuting's path.

In the Ferrari's driver's seat, Shi Yuting slowly turned his head. His gaze was sharp and we were staring at Hei Long who was approaching him.

A pair of exquisite handmade leather shoes landed slowly onto the ground as soon as the door was opened.

Shi Yuting walked directly toward the car that Zuo Weiyi was riding in after getting out of his car.

Hei Long had a look of preparedness and was ready to fight Shi Yuting who was coming over.

Shi Yuting's expression turned cold as he looked at Hei Long who was in front of him. There was a silver pistol in his hand. He raised it and aimed it at Hei Long's heart!

Hei Long was shocked seeing the cold muzzle pointed at him. He quickly dodged and avoided the bullet!

"Yuting! Are you crazy?!"

Behind him, Shi Le was very angry when he saw Shi Yuting pointing his gun at his men!

However, his roar did not have any effect on Shi Yuting at all. Shi Yuting's face remained cold. He just kept firing as he walked toward the black car.

Hei Long and others did not dare to point their guns at Shi Yuting due to his identity. Thus, they were at a disadvantage. They could only watch him walk toward the black car and bring Zuo Weiyi out of the car.

Shi Yuting was reassured after seeing her unscathed. He then held her hand and walked toward the blue Ferrari.

"Yuting!"

Shi Le's voice came from behind just as the two were about to get in the car.

His eyes were full of anger and pain looking at his dear grandson who was in front of him.

"You are willing to fight me to death for this illegitimate girl? Do you still see me as your grandfather?"

He never thought that his grandson whom he had always valued would openly contend with him for a woman.

Shi Yuting turned his head slowly and remained calm while facing Shi Le's anger.

“Grandfather seems to have forgotten how my father died.”

Shi Yuting’s heart suddenly ached upon hearing this!

The death of his son—Shi Xiaotian was the pain of his life!

Back then, if he had not opposed the relationship between Shi Xiaotian and Shen Lanzhi, that car accident would not have happened five years ago.

The scars hidden at the bottom of his heart were being exposed at this moment. Shi Le raised his hand and grabbed at his chest. He immediately felt a numbness in his chest. Then, the crutch in his hand slipped.

“Speaker!”

Hei Long quickly rushed over and held Shi Le up when he was about to fall down.

Shi Yuting who was about to get in the car suddenly turned after hearing Hei Long yell. He also saw Shi Le suddenly falling to the ground.

Of course, he did care about Shi Le. It was his grandfather after all. His grandfather had always loved him very much since he entered the Shi family. Even though his grandfather was very strict, it was just to make him who he was today!

Shi Yuting walked over and saw Shi Le being supported by Hei Long.

Hei Long could not help raising his head. “It must be another heart attack.”

Shi Yuting slightly frowned and looked at Hei Long. “Heart attack?”

Hei Long nodded. “Well, the Speaker was diagnosed with a heart disease last year. He has been taking medicine for the past two years. The words that you have said just now have hurt the Speaker.”

Chapter 218: Just Stay by My Side

Shi Yuting’s face turned dark after hearing Hei Long’s words.

Shi Le was brought to Shi Mansion more than half an hour later. Zhong Shenghao did a comprehensive examination on him.

Shi Yuting looked at Zhong Shenghao after he finished the examination.

“It’s common for people to get sick when they are old.”

“Is it very serious?” Shi Yuting’s face was gloomy.

“Fortunately, it’s not very serious for the time being. He just should not be provoked.”

Shi Le who was in bed woke up at this time.

“Grandfather, you are awake!”

Shi Nuannuan hurriedly walked over after seeing him waking up. She was very worried.

Although her grandfather had not liked their mother very much all these years, he still loved her and her brother. Shi Nuannuan knew this very well.

Grandfather had only changed his attitude toward their mother after their father had passed away five years ago.

“How do you feel?” Shi Nuannuan was worried.

Shi Nuannuan did not want to lose both Weiyi and her grandfather.

He glanced at his dear granddaughter in front of him. He said calmly, “I’m not dead yet.”

He was not good at expressing his feelings. He would only hide the love for these two siblings in his heart.

“Grandfather...”

Shi Nuannuan pouted unsatisfactorily.

Shi Yuting stood aside and said nothing.

“Everyone may leave. Nuannuan can stay here.”

Shi Yuting raised his eyes after hearing the words. He glanced at Shi Le and then turned around to leave. Zhong Shenghao and Hei Long also left the room.

Zuo Weiyi was in the living room, pacing back and forth constantly. She looked up in the direction of the second floor from time to time.

She saw Shi Yuting walking down when she turned her head again.

She stopped in front of him.

“How is your grandfather?”

Shi Yuting raised his hand and hugged her slender waist. They then walked toward the sofa not far away.

“He’s fine.”

Zuo Weiyi was in deep thought looking at his beautiful side profile while sitting on the sofa.

What did that previous sentence mean?

Was his father’s death related to his grandfather?

“Shi Yuting, we...”

“You don’t need to think about anything. Just stay by my side.”

“But...”

Shi Yuting turned and looked at her delicate face. He then smiled. “I will handle these things.”

Zuo Weiyi did not speak anymore as she looked into his deep eyes.

In the afternoon, Shi Le, who had had a good rest, went downstairs. He looked as if he was trying to leave Shi Mansion.

Zuo Weiyi was sitting on the sofa watching the television in the living room. She quickly put down the remote control in her hand and got up after seeing him coming downstairs.

Shi Le just glanced at her and then walked toward the gate.

Hei Long video called Shi Yuting after getting in the black Rolls-Royce.

Shi Yuting was calm and expressionless.

“Is Grandfather going back to Country C?”

Shi Yuting saw that he was sitting in the car through the video call.

“Whatever you want to do with that woman, it’s up to you, but...” Shi Le said calmly and looked at Shi Yuting. “As long as I’m still alive, she will never be able to enter the Shi family. Your marriage with Tengtang Xi will also be held as scheduled.”

Shi Yuting looked at Shi Le with disdain after hearing his words.

“Of course, if you are willing to abandon everything in the Shi family and also the position of the president for this woman, then you are free to do anything you want.”

Shi Le glanced at his grandson in the video after speaking. He then ended the video call.

In the office on the top floor of Di Zun, Shi Yuting remained calm as he looked at the black screen.

Chapter 219: The News of The Engagement

He raised his hand and closed the laptop.

He wanted the position of the president!

He wanted Zuo Weiyi even more!

Zuo Weiyi’s body condition had fully recovered after a period of rest.

She had nothing to do and so, she returned to work again in Di Zun.

Many people in the company were unclear about her relationship with Shi Yuting.

However, they knew that it was not just an ordinary relationship being able to stay in the CEO’s office. For this, there was just a silent tacit understanding.

Shi Yuting had an event to attend at noon. Thus, he would be eating out for lunch. Zuo Weiyi could only go to the staff cafeteria downstairs.

She found a place to sit down after ordering a few dishes.

She heard several female employees whispering as soon as she sat down. They seemed to be discussing some new gossip.

“Hey, have you heard about it? Our big boss is going to be engaged to be someone else!”

“You mean CEO Shi? Who is he going to get engaged to?”

“Tengtang Xi. So, the news was true...”

“Oh gosh, I thought the news was fake. Our boss is getting engaged...”

Many female employees began to put down their chopsticks and seemed to have lost their appetite upon hearing this.

Zuo Weiyi also paused after hearing the gossiping from the side. She then turned to look at the female employees at the dining table beside her.

Was Shi Yuting going to be engaged to Tengtang Xi?

Although she had known about the news for a long time, her heart still ached upon hearing it with her own ears.

Back at the office on the top floor, Zuo Weiyi was daydreaming.

She turned on the computer and searched for Shi Yuting and Tengtang Xi’s names in the browser. Indeed, there was a series of news about the two of them getting engaged.

Zuo Weiyi’s mood sank to the bottom of her heart looking at the words on the screen.

She lowered her head and looked at the ring on her finger.

Would he get engaged to Tengtang Xi?

Her cell phone suddenly rang while she was in deep thoughts.

It was Shi Yuting calling.

Looking at the caller ID, Zuo Weiyi hesitated for a few seconds before answering the call.

Shi Yuting’s attractive voice spoke as soon as it was connected.

“Have you eaten?”

Zuo Weiyi pursed her pink lips after listening to that soothing voice. “Yes.”

Shi Yuting frowned.

He raised his hand and looked at the golden watch on his left wrist.

It was just five minutes past lunchtime. Had she already eaten?

Zuo Weiyi just took a bite during her lunch just now. She had lost her appetite.

“Come to ‘Charming Night’.”

Zuo Weiyi slightly frowned. "Now?"

"Yes."

"For what?"

"I miss you."

His brief and straightforward words made Zuo Weiyi blush.

"But, I'm still at work..."

"You are my assistant. What do you have to do when I'm not there?"

Zuo Weiyi paused. He was right...

There was nothing for her to do when he was not in the office.

Zuo Weiyi nodded and agreed while thinking of this.

A black Bentley stopped in front of Di Zun as soon as she walked out of the building.

The car door was opened and Xiangyi walked out.

He walked to the back seat and opened the door for Zuo Weiyi.

Ten minutes later, the black Bentley stopped in front of 'Charming Night'.

She followed Xiangyi to the second floor of 'Charming Night'. She was then brought to a luxurious and high-end private room that was empty.

"Miss Zuo, please wait here for a while. Mr. Shi will come over in a minute."

Chapter 220: What Do You Want to Eat? I'll Accompany You

He gently closed the door of the private room after he finished speaking.

Shi Yuting came in after a while.

He stared at her pretty face while entering the room. He then frowned and asked, "Have you eaten?"

She looked up at his handsome face. Zuo Weiyi pursed her lips and nodded a little. "Yes."

"Let me see!"

He reached out his hand to stroke her stomach after speaking. It was flat and it did not seem that she had just eaten.

"What do you want to eat? I'll accompany you."

Zuo Weiyi was a little startled. She then raised her eyes and looked at him. "Didn't I say that I have just eaten?"

"But, your stomach tells me that it didn't." He rubbed her belly and threw her a sexy smile.

Zuo Weiyi could not help slandering him in her heart.

He could see through all her thoughts. So, at this moment, could he know what she was thinking?

Zuo Weiyi became a little angry seeing his dark eyes.

“I can eat anything I want?”

“Well, as long as you like...” He smiled and bent down. He then whispered in her ear, “That includes me.”

Zuo Weiyi pushed him away and her eyes widened.

“The thing that I want to eat the most... is you!”

Shi Yuting was slightly startled after hearing this.

She wanted to eat him?!

Knowing her for so long, she had never been so proactive and straightforward.

Zuo Weiyi suddenly grabbed his arm and brought it to her mouth before Shi Yuting could understand what was going on!

She then bit Shi Yuting’s arm!

Shi Yuting slightly frowned, feeling the pain from his arm. But, he just watched her bite his arm without giving any response.

Zuo Weiyi was biting his arm very hard. She knew that if she had bitten it harder, it might have drawn some blood. However, she was reluctant to...

She let go of him after a minute. She knew that she could not stop his marriage to Tengtang Xi no matter what.

“Unhappy?” He lowered his head and looked at her sad eyes.

She looked up and her eyes were slightly red.

“It’s alright now! Who told you to leave me alone in the office?!”

Shi Yuting chuckled and pulled her to his arms. “Then... how do you want me to make up to you?”

Zuo Weiyi looked up. She was just saying it randomly. There was nothing that he needed to make up for.

“I don’t know!”

“I know...”

He then smiled evilly.

Zuo Weiyi raised her head. The man had already pinned her down onto the sofa by surprise before she could even react!

She was startled and her eyes widened. “You... what are you doing?!”

“I’m making up to you.”

“I don’t...”

Her lips were immediately sealed before she could utter the ‘want’ word. Then, Zuo Weiyi could feel a hand slowly going up her clothes...

Her eyes widened in surprise. This was a private room and the door might be pushed open at any time because it could not be locked at all!

“Shi Yuting, don’t uh...”

Shi Yuting went straight to it.

Zuo Weiyi began to give up in resisting him upon feeling his dominance.

This man managed to get on her sensitive points every time and make her sink into the bottomless pleasure. She simply could not resist him.

Zuo Weiyi stared at the man in front of her after a night of madness.
